GOLDEN LION'S

Eagerly Awaited January

Whitewear Sale

This is to be the largest and best WHITEWEAR SALE ever held in Peterborough, both in respect to the lavish quantities of Goods, the attractiveness of designs, richness of trimmings and generosity in sizes. Preparations dating back six months ago will find their culmination in this Sale. We were then fortunate in discovering a new source of supply of a higher class of ready-made Under-garments—not the skimpy sized kind, but a range that can lay claim to being the aristocracy of Whitewear, embracing

Muslin, Cambric and Nainsook Gowns, Drawers, Skirts and Corset Covers

A complete list of these special offerings is out of the question, but these that are cited are fair specimens of those omitted.

Corset Covers	Night Gowns
10c. Corset Covers **6c.**	65c. Gowns for **50c.**
15c. Corset Covers **10c.**	90c. Gowns for **75c.**
20c. Corset Covers **16c.**	$1.15 Gowns for **92c.**
25c. Corset Covers **20c.**	$1.20 Gowns for **98c.**
35c. Corset Covers **25c.**	$1.50 Gowns for **$1.25.**
45c. Corset Covers **35c.**	$1.85 Gowns for **$1.50.**
75c. Corset Covers **60c.**	$2.50 Gowns for **$2.00.**
$1.00 Corset Covers **75c.**	$3.00 Gowns for **$2.50**
$1.25 Corset Covers **$1.**	$5.00 Gowns for **$3.75.**

Equal Values in Lines Not Enumerated.

Perhaps you know some reason why you prefer to make up your own garment. If so you may select to splendid advantage Muslins, Nainsooks, Madapolams, Fine English and Canadian Cottons, Embroideries, Insertions, etc.

J. SUTCLIFFE & SONS

The Contractors' Contributions To Dr. A. Lynd

Dr. Adam Lynd $100 and $75 While He Was a Controller.

INVESTIGATION AT TORONTO

Dr. Lynd Admits Payments, But Says Sums Were Contributions Toward Election Expenses—Denies Having Received Money From Other Contractors—Did Not Receive $500 From Office Specialty Co.

Toronto, Jan. 6.—His Honor Judge Winchester yesterday morning resumed the investigation into the charges of wrongdoing by aldermen. The scope of the investigation having been widened by resolution of the City Council, matters in connection with the award of contracts for furniture, etc., at the new City Hall and for sewer pipes in the year 1899.

Dr. Lynd, who was a controller in that year and on the sub-committee which dealt with the tenders, testified in the box yesterday that he received a payment of $75 from Arthur Dinnis of R. Dinnis & Son, contractors, and another payment from W. B. Rogers of the firm of Charles Rogers & Co., furniture dealers, of $100. Both firms had secured contracts from the city that year, but the payments were made in each case a considerable time after the awards had been made by the board of control, to which Dr. Lynd then belonged. He testified that he received them on the understanding that they were contributions to his election expenses. Dr. Lynd absolutely denied having received $500 from the Office Specialty Co., and $100 from Anderson Bros., contractors for fire extinguishers. He also refuted having asked A. D. Harris, president of the Ontario Sewer Pipe Co., for money.

Arthur Dinnis corroborated having paid Dr. Lynd $75, saying he did so as a personal gift on the suggestion of Architect E. J. Lennox.

Mr. Harris asserted that Dr. Lynd had not asked him for money, though he had annoyed the latter by a remark taken by Mr. Harris as an insinuation of his having paid money to induce a competitor to withdraw.

The inquiry goes on at 10 o'clock this morning when W. B. Rogers will appear in the stand, as will also Ald. Graham.

ERNEST NOLD'S FATE.

Galt Workman Fatally Injured Under Overturned Machine.

Galt, Jan. 6.—Ernest Nold, an employe of the Galt Art Metal Co., was fatally crushed under a 1,600 pound machine in the factory. He is now in the hospital but cannot recover.

Nold and two other workmen were fixing a heavy die to the new drill press. The machine toppled over. He was caught and crushed to the ground, the whole 1,600 pounds resting on his head, shoulders and body.

His injuries consist of a fracture of the base of the skull, concussion of the brain, and hemmorhage of the brain. He is 25 years old and has lived in Galt two years.

New Jap Ministry.

Tokio, Jan. 6.—Appointments to the new Cabinet were yesterday authoritatively announced as follows:

Premier—Marquis Saionji.

Minister of Foreign Affairs—Count Tato.

Minister of the Interior—Yamagata Isaburo.

Minister of Finance—Sakatani Yoshiro.

Minister of Marine—Vice-Admiral Saito Minoru.

Minister of War—Lieut.-Gen. Terauchi.

Emerald Isle Now Rests In Angelic Calm

Situation Without Precedent In Ireland's History.

NO FUN AT ALL IN ERIN

In Seventy-Eight Out of Her One Hundred and Two Constituencies No Chamberlainite Nor Foe of Labor Dare Intrude His Political Nose —Churchill on the Irish Home Rule — Morley's Views.

London, Jan. 6.—Ireland's fate in the present election fight raises an interesting problem. While the Conservatives are doing their utmost to foment feeling in the country against the Liberals on the ground of their home rule tendencies, a tacit agreement, it would seem, has been arrived at between the Liberal and Irish leaders to defeat the tactics of the Conservatives. Ireland itself remains quiescent.

Michael Davitt, speaking at St. Helens last night, said.

"Ireland is in a state of angelic political calm. In no less than 78 out of her 102 constituencies, not a Chamberlainite nor any foeman of labor dare intrude his political nose."

While the Irishmen are thus avoiding any excitement of public feeling the Liberal leaders are speaking also in one voice to the effect that home rule is impossible in the next Parliament, in fact that it is impossible altogether until the country has had an opportunity of giving a special mandate on the question. Mr. Birrell, president of the Board of Education at Bristol, and Winston Spencer Churchill, at Manchester, both last night expressed this view, Mr. Churchill making this interesting pronouncement on the questions: "Time has largely vindicated the views held by Mr. Gladstone in 1886. While there never was a time like the present, when the great mass of opinion is arrayed against anything in the nature of a startling plunge in the Irish policy, there never was a time when a greater number of sensible, patriotic people were prepared to give fair and unprejudiced consideration to Irish affairs, to admit that a wrong system of Government prevails in Ireland, and to approach without passion one of the most difficult but the most attractive of the riddles of British statecraft."

Calls It Dishonest.

T. P. O'Connor, speaking at Liverpool, said that the attempt of the Conservatives to say that the issue before the country was home rule, and not the fiscal question, was contemptible and dishonest.

The persistent abstemption of John Redmond, the leador of the Irish Parliamentary party, from participation in the campaign, is the subject of much comment.

John Morley, Secretary for India, speaking at Arbroath, Scotland, last night, said that personally he believed the only effective method of reform for Ireland would be an elective representative body which would control the Irish affairs under the direction of the Imperial Parliament. However, he stood ready to co-operate in any scheme involving a less radical departure if it could be shown that such a scheme would assure the reforms needed.

David Lloyd-George, president of the Board of Trade, speaking at Croydon last night, quoted from the Board of Trade returns which have not yet been published. He said these returns would show that the exports of manufactured goods by the United Kingdom had increased enormously.

Since 1903, when Joseph Chamberlain said the country was going to the dogs, the increase in manufactured goods exported, had amounted to $175,000,000. Mr. Lloyd-George said the returns would show that the United Kingdom exported more manufactured goods than Germany and the United States together.

Britain In Morocco.

The Standard this morning says it learns that Sir Edward Grey, the Foreign Secretary, has formally announced through diplomatic channels his intention to carry out the policy of his predecessor, Lord Lansdowne, with regard to Morocco. Therefore, the paper adds, the apprehensions entertained abroad concerning the attitude to be assumed by Great Britain under the Liberal Government has been removed with satisfaction to the interests concerned.

DENNIS-EDWARDS CASE.

Libel Proceedings at Calgary Await Arrival of Mr. Whyte.

Calgary, Alta., Jan. 6.—For the third time the attorneys representing J. S. Dennis in the libel proceedings brought against Robert Edwards of The Eye-Opener, asked and secured an adjournment of a week.

The case has now been pending more than a month and the High Court has issued a subpoena for William Whyte, second vice-president of the C. P. R. The case cannot go on until that official comes to Calgary, when the defence has declared its purpose to enquire into the instructions issued by Dennis during the election.

Edwards has absolutely refused to retract.

Petition to Save Patrick.

Albany, N. Y., Jan. 6.—Governor Higgins received yesterday the expected petition for the exercise of executive clemency in the case of Albert T. Patrick, the New York lawyer, confined in Sing Sing Prison, under sentence to die in the week beginning Jan. 22, upon conviction of the murder of the aged millionaire, Wm. Marsh Rice. Governor Higgins said last night that he would consider the petition with the utmost care.

Officials Are Now Pulling Various Ways

Friction of a Serious Nature in Immigration Service.

MAY OVERHAUL THE STAFF

Commissioner Preston and Secretary Griffithe Are on Unfriendly Terms—Mr. W. T. R. Preston Submits Documents Showing Officials on Other Side Have Been Collecting Expenses Improperly.

Ottawa, Jan. 6.—Reports as to friction between Mr. W. T. R. Preston and the emigration agents in Great Britain are not wholly devoid of truth. Things have not been harmonious between them for some time and it is said that matters have reached an impasse. Unless the differences are speedily arranged, somebody will have to go.

The fault is believed not to rest entirely with Mr. Preston. His friends say that there is no more energetic man in the Government service, and it is conceded that he is entitled to considerable credit for the remarkable expansion in emigration from Great Britain and the continent during the last five years.

On the other hand, Mr. Preston is impetuous and quick-tempered and the emigration agents may find it hard to pull with him. Mr. Preston had the confidence of Mr. Sifton, who endorsed his policy of a bold emigration propaganda. Since Mr. Sifton left the Government complete harmony has not prevailed in the emigration branch, and emigration has slackened somewhat.

May Overhaul Staff.

A thorough overhauling of the staff to secure more cordial co-operation is probable. Nine months ago the emigration branch in Great Britain was placed in charge of Lord Strathcona. This may or may not have been a wise step. At any rate, Mr. Griffith, Secretary at the High Commissioner's office, and formerly emigration agent at Cardiff, and Mr. Preston do not seem to have agreed very well. Both men are quite jealous of their privileges.

Lord Strathcona is a diplomat and might have been able to reconcile the disputants had he perceived the trouble in time. However, it is believed the existing differences will be adjusted before his return to London.

Trouble For Officials.

Results of a serious character for some of the immigration officials in England are likely to follow the visit of Mr. W. T. R. Preston to Ottawa and his conference with the Ministers. It is said that he has submitted documents showing that certain officials on the other side have been collecting traveling expenses improperly, and that the practice has been going on for some time. If the charges are sustained the offenders cannot be allowed to remain in the Government service.

Mr. Preston's friends say that any discord and lack of co-operation with him which may exist is the result of the discovery and exposure of accounts for expenses which should never have been presented. There has never been any friction between Lord Strathcona and Mr. Preston. On the contrary, the latter maintains that their relations have been most cordial, and he has always given Lord Strathcona loyal and hearty support. Mr. Preston went to Montreal yesterday afternoon, and will be in Toronto to-day. Lord Strathcona and he will meet the Prime Minister again on Monday.

Early next year the Oprechte Haarlemsche Courant, the oldest newspaper in the Netherlands, will celebrate its 250th anniversary.

REBELLION IS OVER.

Morales Defeated and Caceres Apparently Successful—Jiminez a Candidate.

Washington, D. C., Jan. 6.—Advices received at the State Department from naval sources yesterday as to the collapse of the Morales rebellion in San Domingo and the resulting conditions are as follows:

"The rebel gunboat Independencia was seen Thursday night off Puerto Plata. Desultory firing all day. Caceres apparently successful. Thirty men killed and sixty wounded on Caceres' side. On the other side unknown. Medical assistance is being sent from the American warship to the wounded ashore under the red cross flag. The death of Rodrigues was a great blow to the party. Seven American citizens have been taken aboard the Scorpion. No casualties among the Americans. Hostilities have ceased."

Defeat Was Complete.

Cape Haytien, Hayti, Jan. 6.—Further advices received here yesterday from the scene of hostilities between the troops of the temporary president of Santo Domingo, Gen. Caceres, and the forces of the fugitive president, Gen. Morales, it is said that the defeat of the latter before Puerto Plata Jan. 3, during which Gen. Demetrio Rodrigues, the Haytian commander, lost his life, was complete.

About 150 men were killed or wounded. The remainder of Morales' followers embarked on board the gunboat Independencia.

Gen. Jiminez, the former president of Santo Domingo, has left Puerto Plata for Monte Criste and, it is understood, will, with the assistance of Morales, compete for the presidency of the republic against the other candidates for that office.

According to the reports brought here by messengers a large part of the population of Northern Santo Domingo is in favor of Gen. Jiminez.

Bad Fire at High River.

High River, Alta, Jan. 5.—Wednesday afternoon fire destroyed the Hyslop block, occupied by Hyslop, Young & Kelly, hardware and furniture merchants, and the adjoining general store of W. H. Thompson. Hyslop, Young & Kelly estimate their loss at $35,000, partially insured. Thompson's loss is $30,000, and is well insured.

Earthquake In Nicaragua.

New York, Jan. 6.—The following has been received from General Zelaya, president of Nicaragua:

Managua, Nicaragua, Thursday, Jan. 4.—(7.45 p.m.)—To the Associated Press: Earthquake at Masaya of slight importance. Nobody killed. A few buildings ruined. Jose Santos Zelaya, President.

Unknown Man Attempts Suicide.

Toronto, Jan. 6.—An unknown man attempted suicide in Munro Park by swallowing carbolic acid about 4 o'clock yesterday afternoon. At an early hour this morning he was still alive, though Dr. Bruce Rogers gives little hope of recovery.

Carbolic Acid Proved Fatal.

Toronto, Jan. 6.—The young man who took poison at Munro Park Thursday afternoon, died yesterday morning. He was identified as Henry Nash, 4 Portland place. He had been out of work for some time.

Wife Held Responsible.

Montreal, Jan. 6.—Mrs. Wm. Biggs was held responsible for the death of her husband yesterday by the coroner's jury. She charged neighbors with killing him.

Manila Garrison Ready.

Manila, Jan. 6.—Great activity prevails among the troops in the garrisons at Manila. Three regiments are under field orders in view of possible eventualities in China.

Majority is 434.

Sherbrooke, Que., Jan. 6.—Latest returns from Compton County all points heard from, give Hunt 434 majority.

CANADONIANS "AS WE SEE 'EM."

AT ALL GROCERS

The Farms Of Blood Indians

NOTES ON THE EVOLUTION OF THE NORTHWEST RED MAN.

Mounted Police Drive Out the Whiskey Pedlar and Give Them a Chance —The Blood Indian and Their Reservation in the Southern Part of Alberta—Horses and Wagons Are Plentiful Among Them.

Not so long ago the Province of Alberta was practically unknown to the white man, i.e., except to a few traders, and whiskey then was the chief article of barter in exchange for skins from the Indians. This whiskey was of the poorest variety, real old "forty rod," or what might be called "crazy" whiskey, for, having partaken of such, a man is as likely to try to stand on his head as his heels, writes E. N. Barker in Outdoor Canada. This brand was mostly brought in from Montana by pack trains. Canada was awakened to the state of affairs by the preaching of some travelers and sent in the Northwest Mounted Police to civilize the country and keep order.

This N. W. M. P. was only fully organized in 1874, though it was still some time before the nefarious trading of the whiskey pedlar was put down.

There are some interesting old buildings still extant that were half fort half trading post, rejoicing in such names as "Stand off on Belly River," "Kipp," "Whoop Up and Slide Out," names that often spring from some stirring occurring in old Indian days. Forts were necessary, because Indians loaded with whiskey are like dynamite, no one knows in which direction they will go off when loaded. The Blood Indians, a branch of the Blackfeet, originally a Minnesota tribe, inhabit the most southerly reservation in Alberta, while the Peigans, another branch of the Blackfoot family, have their quarters just to the west of Macleod.

For some time after the advent of the "plice," and after the greater part of the fur-bearing animals had disappeared, the Blood Indians lived mostly upon the rations supplied by the Government; and so well was this Government work done that our Indians have been by degrees coming—through their confidence in the white man—to a fair state of civilization. Some of us knew the Blood Indians pretty well 20 years ago, and then it may be said that just a few made attempts at farming, though mostly with roots, such at potatoes or turnips.

By degrees they have progressed, and whereas they were—in old days—more likely to break up for kindling wood the wagons or implements furnished by Government, to-day they recognize their utility. The Blood Indian of to-day is the hay maker of southern Alberta. The Blood Indians have a fine reservation, on which the white man's cattle are not allowed unless he pays toll, so the hay grows and prospers and is a neat source of revenue to these Indians, who take large contracts for supplying hay to livery stables and ranches, usually filling the contracts in short order. In their operations they use the most modern machinery. Horses they have galore; also wagons they have acquired and fixed up with the regulation basket hay rack of the West, so built because it only takes one man to load or unload it, and loading hay in this breezy country is easier with sides which stop the hay from constantly blowing off.

The hay is run into town, weighed by the Indian agent and the buyer, and as soon as the contract is filled each Indian receives his pay of $4.10 per ton. The Indians camp in their own tepees a little way out of Cardston, Alberta, for their reservation line just skirts the town, and cutting their hay they raked it with horse-rakes and filled the town barns in a few days.

One minor chief, named Wolf Child, is familiarly called Turnips by the white folks because when we first arrived in the country and had no gardens he used to bring roots, mostly turnips, to barter for other delicacies such as tea and sugar. From being the man that brought the turnips he acquired the name of Turnips for short, which name has clung to him amongst the white fry ever since. A picture of Wolf Child (alias Turnips) and his wife and child show them in full Indian regalia. The feather bonnet was acquired by bagging two Gros Ventres Indians that came over the line from Montana in 1887. These Gros Ventres, called by the Blood Assinak or Cut-throats, made a raid on the horses of the Bloods and got away with quite a bunch, but the Bloods were quick, and following up their horses they brought the Gros Ventres, to bay and fighting a battle near the line, six of the latter were killed, two of the scalps being claimed by our friend Turnips—who is a good shot—he also annexing the fine clothes and bonnet of one of the Gros Ventres which he wore when his picture was taken. The Blood horses were recovered and their herds augmented with some of the horses belonging to the Gros Ventres. So it was a case of the biter bit.

A good deal of this progress is due to good teaching by the agents and farming instructors, and not a little to the teaching of priests or clergymen, who vary of course in ability, but who have earned a national reputation. During the early part of the rebellion of 1885 the Bloods and Blackfeet were restless, itching to be at war with somebody and they would dearly have liked to have taken a fall out of someone, but quite a little fatherly influence was brought to bear upon them and had a great deal to do with keeping them on our side.

The N. W. M. P., as handlers of Indians, have never been surpassed. Plucky, cool and just, they appealed to the warrior side of the Indian nature, and by degrees the red coat prevailed and the Indian has come to see the better side of life from the white man's standpoint, so that he can better his condition by a little work or economy, and by selling produce that grows on his own domain.

The Indian is proud of his reservation and jealous of his rights, and in time, by following the example of the white and learning the power of money he will turn his land to good advantage.

Free Treatment for Sick Kidneys

WRITE FOR GIN PILLS

If you have suffered for years with kidney trouble—if you know your kidneys are sick, but have not been able to find anything that will help you—or if you suspect that you have kidney disease, write for a sample of GIN PILLS, the pills that cure. We don't ask you to spend a single penny, or promise to spend any. Simply take the box of pills which we send you free of charge. We leave it to you whether or not you will take any more after the sample box is gone.

RAT PORTAGE, October, 1905

I was troubled for about two years with kidney trouble, so common among railway men. I doctored in the regular way and took a great deal of medicine, but received no benefit. My fireman recommended Gin Pills, and I am pleased to state that after taking the first box I got relief, and while I am not taking them regularly, if I feel any indications of a return of the trouble, a few doses puts me all right again.

CHAS. SIMMONS, C.P.R. Engineer.

This letter is the experience of hundreds. They try doctors and drugs without relief, but they find the cure for their trouble in GIN PILLS. Take advantage of our generous offer. Mention in what paper you saw this, with your name and address, and we will send you, absolutely free of charge, a sample box of GIN PILLS. They are sold by all druggists at 50c a box, or 6 boxes for $2.50.

THE SOLE DRUG CO. • WINNIPEG, MAN.

MISERABLE NIGHTS.

Nothing so demoralizes an infant and enslaves the parents as to take a cross or wakeful baby from the bed and walk him up and down the floor during the night. The baby cries because it is not well — generally because its stomach is sour, its little bowels congested and its skin hot and feverish. Relieve this and the baby will sleep soundly all night, growing stronger and better every day. Just what mothers need to keep baby healthy and make him sleep soundly is Baby's Own Tablets, which cure all stomach, bowel and teething troubles, and thus promote natural and health-giving sleep. Mrs. William Holmes, Dacre, Ont., says: "My baby was troubled with sour stomach and was constipated most of the time, and was always cross and restless. I gave him Baby's Own Tablets and found them a complete success, and would not now be without them." You can get Baby's Own Tablets from any druggist, or by mail at 25c. a box by writing the Dr. Williams' Medicine Company, Brockville, Ont.

Latest Ticks From The Wires

The number of cigarettes manufactured in the United States during the last fiscal year was 10,811,000,000.

William Jenkins Emmet, descendant of Robert Emmet, the Irish patriot, died in New Rochelle, N.Y., Friday, aged 80 years.

In the British Museum are books written on oyster shells, bricks, tiles, bones, ivory, lead, iron, copper, sheepskin, wood and palm leaves.

Secretary Taft reported that the United States army numbers 59,814, and the militia 121,908. The secretary of the interior gave the pension roll as 998,411.

Farm labourers are able to obtain from $2.50 to $5 in Queensland; ploughmen, $3 to $5; bush carpenters, $5 to $6. In all cases board and lodging are provided.

Most of the world's supply of fur is obtained from Russia. The hunters of Russia and Siberia annually capture 3,000,000 ermines, 16,000,000 marmots, and 25,000,000 squirrels.

One of the machines exhibited at the British dairy show recently held in London was a neat contrivance by which butter could be made out of fresh milk in sixty seconds at the tea table.

Orders have been received by the military tribunals of Russia to apply exclusively hanging as the death sentence for political criminals in the army, shooting being a more honourable punishment.

In Rome on St. Andrew's Day the Scottish flag was waving over the Scots' College, where Mgr. Fraser, the rector, celebrated mass. A dinner in celebration of the day was afterwards given at the college.

Your stomach is like the mainspring of your watch. When it's all right, you are all right. When it's wrong, you are ALL wrong.

A morning glass of

Abbey's Effervescent Salt

will keep your stomach in "right to the second" condition.

"C.-B." BY T. P.

Clever Journalist Talks of the New British Premier.

Mr. T. P. O'Connor has been talking about the new Premier, Sir Henry Campbell-Bannerman, in "Mainly About People." Here are some of the things he says:

C.-B. will indeed be an easy taskmaster. In private life—indeed, in public life as well—C.-B. isn't in the least like the caricatures which have been published of him by those who do not know him. He is—I think I have written this before—more like a Scotsman of the eighteenth than of the twentieth century. Nothing would have delighted him more — nowhere would he have been more at home than among those wits, students, philosophers and judges who made the table of the capital of Scotland one of the wittiest in all Europe. He is also an eighteenth century Scotsman in his intense love of French literature. There is no more constant student of modern French books than the Liberal leader, though Mr. Balfour and Mr. Chamberlain run him hard. Mr. Chamberlain, I have heard, when he is utterly fagged out can read a French novel when he can't look at anything else. Mr. Balfour, if I be not mistaken, has a good supply of French literature in the House of Commons to console him during the long hours of waiting which are imposed upon him by the necessity of being always at call during every sitting of the House. But I doubt if either of these two distinguished gentlemen could pass an examination in modern French books with C.-B. I have never known him, certainly, at a loss, even when one talked about the obscure figures in the lesser-known books of Balzac's immense library.

C.-B. has also a very ready wit. His wit flows spontaneously, continuously, and without either effort or pause. That was a delightful answer he gave on the spur of the moment to one of his followers who asked why it was that when he went to Bath the streets were all ablaze with the advertisement of "C.-B. corsets." "I assure you, my dear fellow, that my figure is perfectly natural." To appreciate the joke one has to realise that C.-B. has the stout, strong figure which is characteristic of the hardy Scottish race to which he belongs. If you do not realise this side of him when he speaks in the House of Commons it is not that he does not say plenty of witty things in his speech. But he has not, as he himself puts it, the "gift of the gab," or, at least, he imagines he has not, and the result is that he prepares his speeches with great care, and almost with labor. Before him as he speaks there is always the manuscript, which, if it does not contain every word of the speech he is delivering, at least contains almost every word. An orator thus tied and shackled to his notes is rarely as effective as he might be, and a brilliant speech may be made to appear dull by the mere fact that it is read, not spoken. But if you read his speeches you will realize how clever, how adroit, how full of the humor Scotsmen call "pawky" they are. Finally, C.-B. is the least pretentious and one of the best-natured of men. You will see him in the lobbies of the House ready to listen with equal patience to even the obscurest members of his own party; he suffer fools gladly. Steady nerves and easy temper, tremendous self-control, these things enable him to endure an amount of boredom that would drive other men mad. He says himself he has no ambition; but no man is without ambition.

Wagner.

Wagner had a clearly molded, classical face, with thin, cynical lips, which seemed to wear a perpetual sneer. He was exceedingly vain and greatly disliked to hear words of praise given to any other composer.

White Pigeons.

In France it is believed that when a white pigeon settles upon a chimney the incident betokens speedy death for some inmate of the house.

Dr. Hugo's Health Tablets for

Women

Make Healthy Women.

If you feel tired, nervous and irritable.

If you have headache, cold feet, indigestion, constipation and dragging-down pains.

If you have any menstruation or other disorder peculiar to your sex.

If from any cause you are in a run-down condition.

If sleep doesn't refresh you and work is a bugbear, you need Dr. Hugo's Health Tablets for Women, and you need them now.

Remember, all these things are not discomforts, they are indications of a serious cause.

Don't wait until they result in some chronic disease. Nip them in the bud.

Dr. Hugo's Health Tablets taken now will ward off much pain and suffering—will add years to your life and put new life into the years. They make healthy women.

But you must have faith enough to buy one box. Improvement in your health will be noticed the first week.

HONOR WELL DESERVED.

Sir Thomas Sanderson's Elevation to the Peerage — Some Interesting Gossip About Family.

Sir Thomas Sanderson's elevation to the peerage is a well-deserved honor, coming to him as it does in the form of a recognition by the Crown of near half a century spent in the service of the Foreign Office. During a considerable portion of that time Sir Thomas has been one of the moving spirits of that great department in Downing street that administers and directs the international relations of England, says the Marquise de Fontenoy. For in the earlier stages of his career he was private secretary to several of the Ministers for Foreign Affairs, and later on he became the chief of the permanent staff as permanent Under Secretary of State.

The private secretary of the Minister at the Foreign Office is an important personage, indeed, being in fact the alter ego of his chief. And not only do all communications, even those of the most confidential character, pass through his hands before reaching his chief but the latter is likewise apt to discuss pending issues and difficulties with his secretary, from whom he has no secrets. The role in fact of private secretary in England is quite different to the manner in which the term is understood here, and about the only private secretaryship that I can think of which may be described as built on the same lines and as answering English ideas of the office is that of the private secretary to the President.

The permanent staff at the Foreign Office, which is recruited exclusively from men of excellent family—taken young—insures the continuity of England's policy in international affairs. Cabinets may come and go. They are after all but ephemeral, and there have been some Secretaries of State for Foreign Affairs whose tenure of office has not lasted longer than a few months. On being intrusted with the seals of office they are necessarily in the dark as to the affairs of the department and as to the condition of England's diplomatic interests and action in the various countries abroad. They are in consequence thereof entirely dependent in these matters upon the heads of the permanent staff, who have the threads of everything in their hands. In fact, the Secretary of State, who does not get on with the permanent officials of his department is apt to cut a sorry figure, whereas, when cordial relations prevail, the permanent Under Secretary of State, by reason of his extensive experience of the past and his profound knowledge of the members of the British and foreign diplomatic services, is frequently able to influence the action of his chief, the Minister of Foreign Affairs.

The two Foreign Ministers with whom Sir Thomas was most closely identified as private secretary were the late Earl of Derby and in particular the clever and courtly Lord Granville, whose memoirs have just been published by Lord Edmund Fitzmaurice, younger brother of Lord Lansdowne.

Son of Richard Sanderson, a territorial magnate of Essex, and member of Parliament for Colchester, and through his mother a grandson of the first Viscount Canterbury, and descended from the third Duke of Rutland, Sir Thomas Sanderson's career at the Foreign Office may be said to have been inaugurated with his appointment to one of the secretaryships of the special embassy despatched by Queen Victoria to the court of Copenhagen to ask for the hand of Princess Alexandra of Denmark for her son, the Prince of Wales, now Edward VII., and neither the latter nor Queen Alexandra has ever forgotten the fact that Sir Thomas was associated in the mission that brought about what has proved a singularly happy union. But it was the late Queen Victoria with whom Sir Thomas was brought into most frequent contact and who held him in particularly high favor.

It was Sir Thomas, too, who in those days was almost invariably deputed to present foreign envoys to the Sovereign on the occasion of their being received in special audience after their arrival for the purpose of tendering their letters of credence. With his stately courtesy of the old-fashioned school, Sir Thomas was precisely the type of public official who was certain to find grace in the eyes of Queen Victoria, and there is no doubt that the ruggedness of manner and brusquerie of Lord Salisbury caused her to find the discussion of foreign questions with Sir Thomas more agreeable than with the master of Hatfield.

Sir Thomas took an active part in the Alabama arbitration negotiations at Geneva, and has by reason of his familiarity with that question been thrown into contact with a long succession of American envoys in London, with several of whom he developed close and lasting friendships. He will probably take the title of Lord Sanderson, following in this respect the precedent of Lord Hammond, Lord Pauncefote, and Lord Currie, and, as he is unmarried, the peerage will become extinct with his death.

Sir Percy Sanderson, his younger brother, has been for the last twelve years Consul-General in New York, an office which is regarded as the blue ribbon of the British consular service. He started life in the army, and as an officer of the Royal Horse Artillery spent a number of years in India, during a portion of which time he figured as A. D. C. and military secretary to the Governor of Madras. Shortly after retiring from the army in the early '70s he was appointed Consul-General for Roumania and British member of the international commission for the control of the navigation of the Danube, offices which he held for more than two decades, occasionally acting as charge d'affaires at Bucharest, and acquiring an extraordinary knowledge of Balkan politics and of all the intricacies of that ever troublesome problem popularly known as the eastern question. He was in Roumania throughout the latter's war with Turkey, and developed a sincere admiration for King Charles, with whom he became a great favorite, and had an opportunity of watching the manner in which this much-misunderstood Hohenzollern prince by degrees built up Roumania into a prosperous and respected nation, which, formerly on the same low level as Servia, to-day occupies a leading place among the second-class powers.

According to a Chicago press despatch, the messengers of the United States Express Company, running to and from that city, are now required to practice in a school of pistol marksmanship four times a month.

"Familiar Quotations."

John Bartlett, author of a book which has proved a boon to millions of readers, died recently, and the obituary notices call attention to the fact that his compilation of "the finest lines in literature" has grown in half a century from 200 to 1,200 pages. Collections of quotations have been in existence in the language of all learned races as far back as the records go. Incidentally they have been invaluable in helping busy brain workers to a telling phase and correcting a treacherous recollection. And there is really no pastime in literature which has more honorable traditions than the search for jewels of phrase. Macaulay, Hallam, Tennyson and Fitzgerald were among its devotees. Kipling in a recent story quotes two passages which, in his opinion, transcend all other poetry, and that means that he has searched not a little among the gems of verse. One is from Samuel Taylor Coleridge's mystical fragment, "Kubla Khan":

A savage place, as holy and enchanted
As e'er beneath a waning moon was haunted
By woman wailing for her demon lover.

This passage does not appear in Bartlett's collection, but the other, from Keats' "Ode to a Nightingale," is found there:

Charm'd magic casements opening on the foam
Of perilous seas in faery lands forlorn.

A quotation book materializes, as it were, the wraiths of long forgotten and cherished phrases and makes accessible without original search passages which the user knows are there. Bartlett's work supplied this need and has grown to wide usefulness.

London's Craze For Palatial Flats.

London has the palatial flat craze. Rents are to be $15,000, exclusive of taxes and rates, in the new millionaire's flats, as the building on the site of Gloucester House is already called. In this structure there will be all eleven room suites, with an unheard of luxury, a servants' hall! The drawing-room and adjoining boudoirs can be thrown together, making a roomy ball-room, and each flat is to have three bathrooms, but unless the greatest precautions are taken to pad the walls and floors those possible ballrooms will be a nuisance. One might as well live in any old flat, where neighbors pound pianofortes and singing exercises go on all day and night, as to pay $15,000 rental for this ballroom, servant hall magnificence.

A Mutilated Adage.

The apparently selfish saying "Everyone for himself" is really only a part of the original proverb, which, when used in its entirety, bears a very different construction; it should be: "Everyone for himself is care for all."

An Odd Italian Custom.

A New Year's method employed by the Italian peasant girl to learn what Hymen has in store for her is to stand in the doorway of her home facing the road and kick off one of her slippers with sufficient force to send it backward over her head and back into the room. If the slipper falls on the sole, the toe pointing toward the door in which the girl stands, she takes it as an omen that before the new year dies she shall have walked out of her parental home and entered another house as its mistress and as a bride.

29th Annual Convention

OF THE

EASTERN ONTARIO

DAIRYMEN'S ASSOCIATION

WILL BE HELD IN THE OPERA HOUSE, PETERBOROUGH

WEDNESDAY, THURSDAY, FRIDAY

Jan. 10, 11, 12, '06

Addresses on subjects in connection with Dairying and Kindred Subjects will be delivered by the following persons, viz:—

Hon. Sydney Fisher, Minister of Agriculture, Ottawa.

Hon. Nelson Monteith, Minister of Agriculture, Toronto.

C. C. James, Deputy Minister of Agriculture, Toronto.

J. A. Ruddick, Dairy Commissioner, Ottawa.

G. C. Creelman, President Agricultural College, Guelph.

Prof. H. H. Dean, Professor of Dairy Husbandry, Guelph.

Dr. J. G. Rutherford, Ottawa.

F. H. Gisborne, Ottawa.

G. A. Putnam, Superintendent Farmers' Institute, Toronto.

Thomas McGillicuddy, Toronto.

Dr. Connell, Bacteriologist, Queen's University, Kingston.

J. W. Mitchell, B. A., Superintendent Dairy School, Kingston.

G. G. Publow, Chief Instructor, Dairy School, Kingston.

G. H. Barr, Instructor Dairy School, Strathroy.

C. F. Whitley, Ottawa.

Henry Glendinning, Director, Manilla, Ontario, and others.

The results of the work of the staff of twenty-six instructors during the past season will be given by Prof. G. G. Publow, Chief Instructor.

A Question Drawer will be conveniently arranged to receive questions submitted by any person attending any of the Sessions and the answers will be given by the various Professors and Instructors.

Sessions held in the forenoon, afternoon and Evening of Each Day.

RAILWAY TICKETS—Every person coming to the convention should purchase a first-class Ticket to Peterborough, and [illegible] the local Ticket Agent before starting a Certificate signed by him that such a Ticket has been purchased. All agents are compelled to give this Certificate with every ticket purchased. On arrival at the Convention, present these Certificates to the Secretary of the Association for his signature, after which the holder can procure from the Agents of the various Railways in Peterborough a Return Trip Ticket, Free of Charge.

Ladies are especially invited to attend all the sessions, but, more particularly those held in the evening.

D. DERBYSHIRE, President.

R. G. MURPHY, Secretary.

FOR YOUNG FOLKS

A CURIOUS PHENOMENON.

The Message in the Glass and How to Decipher It.

Boys and girls are often wont to write missives to each other, sometimes in cipher and sometimes with the letters formed backward. The simplest way of reading the latter is by holding it in front of the looking glass and reading the reflection.

A scientific journal of Paris tells of a more novel and amusing way to accomplish the same thing. It is as follows:

Fill a glass with water and hold it above the eyes. Place the paper in the water so that the tops of the letters

THE LETTER IN THE GLASS.

will be turned down and apply to the opposite side of the glass. Look now at the inferior horizontal surface of the water, and you will see just above the edge of the paper the inverted image of paper and words, with the letters right side up. This curious phenomenon is owing to what is called total reflection. The rays emitted by the inscription are reflected on the inferior horizontal surface of the water and impress the eye like rays reflected by a mirror. If you place the eye too low the image will disappear; for, the incidence of the rays of light having diminished, the eye will then see objects placed above the level of the water.

AN APE'S CURIOSITY.

The Trick Which Always Fooled a Mischievous Chimpanzee.

A few years ago in the London zoo Joe, a chimpanzee, was lodged and boarded in a separate compartment. Every morning when Joe was let out for an airing he grew very mischievous. He abused his liberty by leaping around the outside of the cage and pulling the tails of his mates. When it was time to shut him up again in his cage Joe would just as regularly rebel and refuse to come to his keeper. As he was too nimble to be caught and too crafty to be allured by dainties, his keeper had to use strategy. Near an end of the monkey house was a large dark hole out of which came a gas pipe. Having opened the door of Joe's compartment, the keeper would peep into the dark hole, and then appear as if he saw something intensely interesting. Joe would descend from his perch and, like him, earnestly gaze into the hole. Then, with a gesture of fear, the keeper would run into Joe's cage, followed by the chimpanzee, chattering with fright, and the door would be shut. Singular as it may seem, though this trick was repeated daily for months, Joe never learned it. Every morning he was captured by the same ruse, and yet experience never taught him wisdom.

The Deepest Lake.

In the Cascade mountains, about seventy-five miles northeast of Jacksonville, Ore., is Great Sunken lake, the deepest lake in the world. It is said to average 2,000 feet down to the water on all its sides. The depth of the water is unknown, and its surface is as smooth and unruffled as a mammoth sheet of glass, it being so far below the mountain rim as to be unaffected by the strongest winds. It is about fifteen miles in length and four and one-half miles wide.

Land Surveying.

The art of land surveying owes its origin to the fact that the Egyptians were unable to keep permanent monuments on land which was overflowed every year by the Nile. Under such circumstances it became necessary to have some means of re-identifying the various pieces of land. The instruments and mathematical methods of astronomy, with suitable modifications, were used by the Egyptians for land surveying.

Conundrums.

Who was Adam's mother? The earth.

How many calves' tails would it take to reach from the earth to the sky? One, if it were long enough.

What is it that never was and never will be? A mouse's nest in a cat's ear.

Which was the first, the hen or the egg? The hen, at the creation.

For the Sickroom.

In a recent case of illness in which a trained nurse was employed the pleasant air of the sickroom was noticeable. When commented on the nurse explained how it was managed. A few pieces of brown paper had been soaked in saltpeter water and allowed to dry, says the St. Louis Republic. When occasion required, a piece of this was laid in a tin pan kept for the purpose (the coal scuttle would do), a handful of dried lavender flowers laid upon it and a match applied. The aroma was particularly refreshing and agreeable. Another suggestion in the same line applies to the use of lavender in another form. A few drops of oil of lavender poured into a glass of very hot water will purify the air

SELECTIONS

THE RAG CARPET OF OLD.

Another Thing That Has Given Way Before Machinery.

Where is the old fashioned rag carpet that our boyhood knew—the striped particolored and speckled conglomerate of all the wornout clothing of the neighborhood, bound, beaten and twisted into floor cloth that covered the floors of parlors, chambers and dining rooms in those old days when we were young and poor and happy?

What man of middle age does not remember the "rag bees" of those old days, when the women of the neighborhood gathered as to a quilting and the talk was of warp and weavers, with a spice of gossip, not always unkind, relating to such neighbors as stayed away from inclination, necessity or lack of invitation?

There was caste in rag carpets. Some were common, mixed affairs, the canaille of carpetry. They hid in the bedrooms and did menial service on kitchen floors, in hallways and outside the doors to defend the parlor aristocracy of stripes and colored warps from the contamination of muddy shoes. It was in the dim religious light and musty air of the closed and shaded parlor that the rag carpet reared its highest glories. There it shone in border and stripings and sung the skill of the weaver to all who entered.

Of course, we do better nowadays. The heathen Turk and Persian have taught us the beauty and utility of the rug. Our old carpets are fashioned into floor coverings worthy of Daghestan and Kashmir. The younger generation of women have learned that sewing rags for carpets is a loss of energy without adequate return, and, then, most of them have never learned to sew. But what the spinning wheel is to the octogenarian the rag carpet is to those of middle age. We can sit down and visit with it. It is alive with reminiscences of youth. There are shreds of early hopes and ambitions woven in it and memories more constant than its colors set with butternut bark and cobalt. It is the background upon which the panoramic pictures of old days are thrown as you remember the figures flitted across the sheet at the magic lantern show in the schoolhouse.—Marshalltown (Ia.) Times-Republican.

A Varied Career.

Samuel Crowther, the oldest town crier, has died at Droitwich, his birthplace, at the age of ninety. His last public crying took place in May last. During his long life he had played many parts, including those of a scare boy of birds from wheat, gravel digger, bricklayer's laborer, policeman, surveyor's assistant, bailiff, auctioneer, porter, Liberal agent, volunteer and bell ringer. At the time of his diamond wedding he possessed ten sons and daughters, fifty grandchildren and twenty great-grandchildren. He lived in the reign of five monarchs and was born before Waterloo was fought. His wife, who survives him, is in her eighty-ninth year and lives at the Coventry almshouse.—London Telegraph.

The Wedding Waistcoat.

In the fall and winter weddings an old custom has been revived—that of making the bridegroom's waistcoat from the same material as his bride's wedding gown. It is impossible to follow this fashion in the summer, for then bride's gowns are of the sheerest materials; but in the fall and winter, when the gowns are made from heavy rich material and often of beautifully figured satin, the bridegroom has no difficulty in ordering his waistcoat cut from the same goods as the bridal gown. Of course the waistcoat is of no use afterward, for no man wants to wear a white figured satin affair to ordinary swell functions where there is no sentiment and much ridicule.—New York Press.

A Woman and a Dog.

One well known New York woman excited amusement by appearing at an afternoon session of the recent horse show gowned all in black velvet, with a picture hat of sauterne velvet, much beplumed. She was accompanied by a small dog on which she had lavished the jewels she might have worn herself in other years. The wretched animal wore a broad black velvet collar ablaze with diamonds. The dog was so evidently a deliberate part of the sartorial effect that not even a masculine eye could have mistaken it for an accident.—New York Post.

James Hazen Hyde's Wagons.

James Hazen Hyde, the young man who managed the Equitable Life as a family asset, had no occasion to go on foot because of a lack of vehicles at his estate at Bay Shore. The announcement of a public sale of his effects enumerated thirty-nine vehicles to be sold, including road coaches, a park drag, brakes, skeleton brakes, omnibuses, broughams, station cabs, hansoms, victorias, cabriolets, phaetons, road wagons, runabouts, utility wagons and one buckboard.

Sentinel For a Statue.

Near Chanceaux, France, in a grotto which marks the source of the river Seine. In the cave is the statue of a nymph holding in one hand an urn. Through this urn pour the waters of the spring where the Seine has its rise. In front is a stout iron fence. But even this protection did not prevent vandals from stealing bits of the statue for relics. So now a sentry is stationed perpetually beside the fountain. This statue is believed to be the only one in existence which has a special sentinel.

The world's greatest casting weighing 84 tons, has just been made by the Brightside Foundry and Engineering Company, of Sheffield, England, and was removed to be forged for a gun.

Cured of Drunkenness

How a Montreal lady cured her husband of drunkenness with a secret home remedy.

"I want to tell you that my husband is a sober man to-day, and it is all due to the use of a simple home remedy. How glad I am that I stumbled in your way and learned how you cured him secretly. Many a night I sat and cried, while he was out drinking, and before I had used the full treatment he was permanently cured. I will gladly give him the remedy if he does not voluntarily cease drinking. Just address Mrs. [illegible] so you can use this letter, but please send me some yet. I may say that my husband's health is better in every way than for years."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelopes. Correspondence sacredly confidential. Address THE SAMARIA REMEDY CO., 19 Jordan Chambers, Jordan St., Toronto, Canada. Also for sale by H. S. Macdonald.

SELECTING POULTRY.

How to Pick a Tender Fowl When Buying For the Table.

A well rounded form and neat, compact legs and no sharp, bony angles on the breast are the distinguishing marks in selecting poultry for the table, according to the United States agricultural department's bulletin on this topic.

"The skin," continues the bulletin, "should be a clear color (yellow being preferred in the American market) and free from blotches and pin feathers; if it looks tight and drawn the bird has probably been scalded before picking. The flesh should give neither flabby nor stiff, but should give evenly and gently when pressed by the finger.

"One of the commonest ways of testing the age of dressed poultry is to take the end of the breastbone farthest from the head between thumb and finger and attempt to bend it to one side. In a very young bird—say a broiler chicken or a green goose—it will be easily bent, like the cartilage in the human ear; in a bird a year or so old it will be brittle and in an old bird tough and hard to bend or break. Unfortunately, tricky dealers sometimes break the end of the breastbone before exhibiting the bird and thus render the test worthless."

It may be well to look solely to the feet, for the department says: "If the feet are left on the carcass they furnish a test of age. In a young bird they are soft and smooth, becoming hard and rough as the bird grows older. The claws are short and sharp in a young bird, becoming longer and blunter with age and use."

Turkeys up to a year old are said to have black feet, which grow pink up to three years old and then turn gradually gray and grow dull. In a fresh bird the feet feel moist, soft and limber. If dressed with the head on the eyes look bright and full. As it becomes stale the eyes shrink and the feet dry and harden when too stale—i. e., when decomposition is well under way the body turns dark and greenish.

VENTILATION.

This Scheme Lets In Fresh Air Without Creating a Draft.

Where the windows of the sleeping room are situated too near the bed delicate persons often deby themselves the much-needed fresh air in the natural fear of taking cold. A simple device I saw not long since consisted merely of a thin, smooth board the exact width and length of the window ledge (less the side strips), which was fastened to the sash edge of the ledge. The board was hinged perfectly flush

THE WINDOW DRAFT SCREEN.

with the sash and when not in use lay flat on the ledge, where it was out of the way and yet convenient when needed. When fresh air was wanted the window was raised the width of the board, which was then lifted and pushed forward to act as a support for the sash. Thus the window was opened in the middle, the current of air entering between the top of the lower sash and the bottom of the upper one, the bottom of the window, where drafts are to be most feared, being closed by the board. This simple draft screen may be put in place by even a feminine carpenter, and, if varnished or painted to match the rest of the woodwork, it will be scarcely noticeable when not in use. Of course the board may be as wide as desired, the greater width allowing a freer circulation of air, but when wider than the window ledge it will be a little more conspicuous when down.—Good Housekeeping.

Cocoa Before Breakfast.

The woman who is awakened by the first streak of dawn will do well to drink a hot cup of cocoa if many hours are to elapse before breakfast is served. Cocoa furnishes both food and drink and is easily digested by most people. It will relieve any faint feeling and give one the necessary strength to dress. The cocoa may be made the night before and can be heated in three minutes over an alcohol lamp. If the cocoa is made with fresh milk it will keep perfectly sweet.

HUMOR

A CHRISTMAS PRESENT.

Where He Would Probably Find One to Give His Girl.

"What," he asked the girl behind the counter, "would you recommend as a nice Christmas present for a young lady?"

"That would depend on the price you wished to pay and—and how friendly you were with her."

"Yes, of course. I suppose it would," he assented, noticing how soft and dainty her chin was and feeling a strong man's longing to give it just the least bit of a pinch. It had just occurred to him that she was one of the prettiest girls he had ever seen. And how becomingly she wore her rich masses of hair—"so unclerky," he said to himself. Her eyes—ah, what eyes they were! For a moment he forgot what he had been asking about; then, remembering, he said:

"Suppose that some man you had known for years, who was an old friend and who might possibly be something more some day, yet who had not given you any actual reason to believe he had any more than a deep friendly feeling for you—suppose such a man wished to give you something for Christmas, what would, in your own case, be most acceptable from him?"

She had shown considerable interest in the matter and, smiling sweetly, replied:

"Well, you still leave me rather in the dark, you know. There are plenty of things that I might consider acceptable from such a friend, but you haven't given me any idea of the price you wish to pay."

"Um—well, say about a dollar and a quarter or somewhere around there."

"Oh," she snapped, turning to a lady who wished to look at some lace, "I don't know anything about what such a girl would want. They have a bargain counter in the basement. You'll probably be able to find something down there that will give her to understand how much you think of her."—Chicago Record-Herald.

Force of Habit.

"Young man, do you guarantee this stuff to kill bedbugs?" inquired the old lady in the drug store.

"Positively, ma'am," replied the polite clerk.

"I don't see no directions on the bottle. How is it used?"

"Shake the bottle and take a spoonful three times a day, ma'am," replied the clerk absentmindedly.—Milwaukee Sentinel.

Aggravating Fellow!

"How is it possible for you to find fault with him?"

"Why not?"

"Why, he appears to be a man who is absolutely without faults of any sort."

"Huh! That's his greatest fault."—Philadelphia Press.

Always the Way.

Mr. Stubb—Confound it! I haven't time to move that chair so you can hunt for your hairpins.

Mrs. Stubb—And you are the same Henry who promised to move heaven and earth for me before we were married.—Chicago News.

Modern Life.

She—Is it true that your brother is going to remarry his divorced wife?

He—Yes. He became so well acquainted with her during the divorce trial that he fell in love with her.—Translated For Tales From Fliegende Blatter.

His Blunder.

Knicker—So Jones got mixed in his excuses?

Bocker—Yes. He told his wife that he had been up all night with the baby, and his employer that he was detained in the office on business.—Harper's Bazar.

On to Them.

"Yep. I remember when that dorg was a little purp he'd eat right outer yer hand"—

"An' now he'd eat outer yer leg or any old place!"—Chicago American.

One Payment.

The Promoter—Better do business with our bank. We'll give you 2 per cent on all you deposit with us.

The Wise One—Yes, and I'll bet that's all I'll ever get back.—Cleveland Plain Dealer.

Evil Enough.

There is evil enough in man, God knows. But it is not the mission of every young man and woman to detail and report it all. Keep the atmosphere as pure as possible and fragrant with gentleness and charity.

His Place in Natural History.

"Were you a bull or a bear?" asked an acquaintance of a speculator.

"Neither," he replied. "I was an ass."

91 King St. East, King Edward Hotel Block

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

CARE OF BEDROOMS.

The Weekly Cleaning and How It Should Be Performed.

For the weekly cleaning out of a bedroom one should collect all the required articles to work with, such as the long carpet whisk, the dust pan and brush, the dust sheets and the mattress brush. This is followed by the brushing of the mattress and the dusting of the bedstead.

Make the bed and shake and pin up any curtains. Remove short muslin blinds. Dust all the ornaments and place on a tray outside the room.

Shake and fold up all toilet covers, and cover the bed and large pieces of furniture after dusting with dust sheets. Roll up rugs and mats and carry out of the room to be shaken. Then sweep the ceiling, cornice and walls with a clean broom covered with a clean duster. Shut the windows and sprinkle the strip of carpet with clean, drained tea leaves. Sweep the carpet with a long handled carpet whisk toward one pile, sprinkling and sweeping in strips till the whole is clean, afterward sweeping the wooden surroundings with a hair broom. Then open the windows and leave the door closed for dust to settle.

While waiting prepare all the things that have been removed ready to replace. The dust sheets may now be removed carefully, shaken in the open air, folded and put away.

Dust first the highest things—windows, door frames etc.—and after rubbing the furniture the wooden surroundings should be gone over with a damp rubber, dry duster and floor polish. Now clean the windows, and the week's duty has been done to the bedroom.

BUTTONS AND STRINGS.

Save Time and Temper by Paying Attention to Your Clothes.

Buttons and strings are likely to prove a source of much unhappiness in the daily experiences unless the old adage is remembered, that a stitch in time saves nine. Careful scrutiny and supervision should mark the care of gloves, underclothing, mantles, gowns and, for that matter, everything that depends on a button or a button's relative, the hook and eye. These should be looked after when they are added to the wardrobe and before they have been initiated into the familiarity of common use, else, perchance, the wearer goes forth to the daily toil or the hour's social duties and is embarrassed to find a button gone or a string broken.

A half hour devoted to care of them in the first place will save one's time, one's temper and one's nerves in the days and months which are to follow before the new clothes become old.

Perfectly adjusted buttons and strings and hooks and eyes are absolutely necessary to the completeness and elegance of the toilet. A careless person may be known by the generally unfinished look of her own and her children's clothing, by her frequent resort to pins and the other evil trademarks which stamp an unthrifty person.

IDEALS MAKE A NATION.

Rev. Dr. Kilpatrick's Address Before The Toronto Canadian Club.

—Duties of Citizenship.

The members of the Toronto Canadian Club were fortunate recently in having for their guests two distinguished gentlemen, both of whom gave most interesting addresses upon the important topic "Things Which Go to Make a Nation." The speaker of the day, Rev. Dr. Kilpatrick of Knox College, a new arrival, proved himself by his scholarly treatment of an intensely interesting subject, his breadth of thought, the clearness of his diction and the excellence of his delivery to be a distinct acquisition to the educational forces of the city.

Would Add "Reason."

Mr. Alfred Mosely, C. M. G., a gentleman who has figured largely in social problems in the United Kingdom, who happened to be in the city, was also present, and supplemented Dr. Kilpatrick's utterances by the practical suggestion that education of the masses be not confined to the three "R's," but that a fourth "R" representing "reason" be added to the public school curriculum. He pleaded that owing to the changed conditions under which the old system of apprenticeship was crowded out of existence the place which it filled for fitting the youth for earning his livelihood be taken by the public school, to which he should have a thorough course in manual training.

The Task of Citizenship.

Rev. Dr. Kilpatrick, in opening, referred to the fact that his own department of work was somewhat remote from the actions and thought of the business world, yet he declared with emphasis, amid applause, that he would not hold the office he held if he believed that it were simply a sort of backwater in the great stream of national life, but that his belief, his hope and his energy was to make his own work, ecclesiastical though it be, to tell, humbly indeed, but not indirectly, upon the life of the nation as a whole. They all realized that the task of citizenship was laid upon every man, and that if they were to labor at it intelligently they must have some idea of what they wished our nation to be, and must be regulated by some general conception of how Canada was to fulfill the promise of its splendid youthdom.

Ideals Make a Nation.

In one word, in one sentence, he summed up his conviction that a nation is made by its ideals. His profound conviction, gain by observation and experience, was that a nation is made not by the abundance of its material resources, but by the ideals of its people. The speaker then ran over a few of those ideals which go to make a nation. First came the commercial ideal, of which he spoke with diffidence before practical men. A nation required wealth, which if it be the register of the actual resources of the people, acquired by diligent effort, and if it be distributed, not equally—that was an impossibility—but equitably, without any artificial restraint, and if it be used nobly in the service of humanity, in the providing of things that are fair and good, he thought therein was to be found the commercial ideal. The social ideals which make a nation great—they are not contradictory, though at first glance they seem identical—are individuality and organic unity, both of which are endangered by the prevalence of democracy. There must be room for the manifestation of individuality in character, in energy, in enterprise, in ambition, in independence. Along with that there must be organic unity, because of the possibility of individualism also destructive to the national life, the tendency of which must be checked.

The Task of Education.

The task of citizenship also required educated men, whose minds are in contact with the universe that is not limited by space and time, the universe that is constituted by the great realities that belong to the spiritual life of man, using the word in the broadest sense. Education was needed not only for the workman, but for captains of industry. In this connection he referred to the great problem of assimilating and educating to Canadian ideals the enormous mass of humanity pouring into the Northwest. Dr. Kilpatrick uttered a word of warning against the foes of education which are rampant in our midst just now, the one great foe to which he alluded first being that of denominationalism. He did not mean there were not to be educated Methodists, Anglicans or Presbyterians, but that men should not be educated to be Methodists or Anglicans or Presbyterians. (Applause.) "An educational system that is contrived in the interests of any denomination, however big or however strong its claims may be, is, in my judgment, a profound political and organic mistake," said Dr. Kilpatrick, amid applause. Over-specialisation was also characterised as another great foe of education.

Evils Canada Suffers From.

The danger of fortuitous materialism, under which there was no room for passion, no room for the possibility of self-denial in the individual, was also pointed out. Lastly, a nation is made, among other elements, by its religious ideals. There was room for religion in order to deepen the sense of responsibility in the exercise of political rights. It is wanted to strengthen the individual against tyranny. The public school must have the very best thought and service, as there, he believed, very many of the evils under which we are laboring just now have begun, or, at least, may be corrected. He had ventured the other day to say that the evils of Canada were not so much gross fleshly sins, not so much drunkenness or uncleanness as mental sins, sins of unreliability, sins of want of truth.

Take a Potion in Time.

If you have the appearance of a felon coming put some hardwood ashes in an old tin cup, pour over them warm water, immerse the end of the sore finger in the ashes, set the dish on some live coals or on top of the stove, keeping the finger in as long as you can, and soak it several times a day. If taken in time it generally cures a felon from coming if the finger is wet with it often.

After a Taste.

"Well," demanded Miss Starvem at the back door, "what do you want?"

"Why," replied the tramp, "I seen you advertise 'table board' in this mornin's paper"—

"Well?"

"Well, I t'ought mebbe yer wuz goin' out some samples."

CULINARY CONCEITS.

Dates stuffed with cream cheese make a delicious afternoon tea relish.

Roast a bird with the breast down the greater part of the time. The flesh will then remain more juicy.

If a tablespoonful of vinegar is put into the lard in which doughnuts are fried it will prevent them from absorbing too much fat.

Slices of whole wheat bread spread with cream cheese sprinkled with finely minced sweet green or red peppers make delicious sandwiches.

Pumpkin pies topped with whipped cream and sprinkled with minced nuts or dotted with whole pecan meats are an appetising variation of an old time dessert.

If your family indulges in much pie or biscuits it is convenient to have always on hand a quantity of flour already mixed with the shortening, and either dish can then be readily made in a very short time.

Reviving Wilted Roses.

Wilted roses, seemingly fit only for the rubbish heap, may be completely revived and freshened, says National Magazine. Put the stems of the roses in a tumbler of water and then place the tumbler and roses in a vessel of sufficient size to allow the entire bouquet to be covered. Cover the vessel tightly and leave undisturbed for twenty-four hours. By this time the roses will be found all fresh and invigorated as if just plucked from the bushes with every petal covered with artificial dew. Wilted lettuce may be freshened and kept in condition for weeks if treated in the same way.

A Cooking Hint.

A tiny lump of butter dropped into the stewpan will prevent almost any liquid from boiling over, and it is always a welcome aid to a flavoring process too. For all vegetables, for apple sauce, stewed prunes, for custards, and even for coffee, it helps the busy housewife, who has no extra time to watch her pot—even after it boils. Then it saves many an additional stove cleaning and the scouring of burned pans, and last, but not least, the entire house pervading odor, which is the awful herald and reprover of such calamities.—Dorothy Shepherd in Ladies' World.

Linoleum Polish.

Beeswax and turpentine polish for linoleum is hard to beat as far as its appearance is concerned, but it has one defect—it causes a slipperiness which may be very dangerous to children and old people. A polish which has no such objection is made of equal parts of linseed oil and vinegar. Apply a little to a flannel cloth, rub it well on the linoleum and polish with a clean, dry cloth.

A LUCKY WOMAN

How Good Health Came to Mrs Deschesne After Much Suffering.

Mrs. Abraham Deschesne, wife of a well known farmer at St. Leon le Grand, Que., considers herself a lucky woman. And she has good cause as the following interview will show: "I was badly run down and very nervous. Each day brought its share of household duties, but I was too weak to perform them. My nerves were in a terrible condition. I could not sleep and the least sound would startle me. I tried several medicines and tonic wines, but none of them helped me. In fact I was continually growing worse, and began to despair of ever being well again. One day a friend called to see me and strongly advised me to try Dr. Williams' Pink Pills. I decided to do so, and it was not long before they began to help me. I gained in strength from day to day; my nerves became strong and quiet, and after using about a half dozen boxes of the pills I was fully restored to my old time health and cheerfulness. I now think Dr. Williams' Pink Pills an ideal medicine for weak women."

Dr. Williams' Pink Pills feed the nerves with new, rich, red blood, thus strengthening and soothing them, and curing such nerve troubles as neuralgia, St. Vitus' dance, partial paralysis and locomotor ataxia. These pills cure also all troubles due to poor and watery blood, including the special ailments of women. Get the genuine with the full name, "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. Sold by medicine dealers or by mail at 50 cents a box, or six boxes for $2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

First Book Printed on Shorthand.

The first book printed on shorthand writing was by Dr. Timothy Bright of Cambridge in 1598, who dedicated it to Queen Elisabeth under the title of "An Act of Short, Swift and Secret Writing by Character."

Much in Little.

The man who invented the brass spring fingers one sees on lamps for holding the chimney in place got for a long period a royalty of $50,000 a year.

Battle of the Brandywine.

The battle of the Brandywine was one of the worst of Washington's numerous defeats. The name originated, it is said, from a Dutch brandy distillery on the banks of the stream Brentwine, variously spelled, being a Dutch name for Brandy or "burned wine."

Titles and Citizenship.

Our naturalization laws require that if the person applying for citizenship has previously borne any hereditary title or order of nobility he must renounce the same at the time of application.

Testing Pearls.

To test a pearl when in doubt the wise buyer places the pearl lightly between his teeth and grates them gently backward and forward upon it, for whereas a real pearl is coated with a gritty substance the false one will be so smooth and oily to the touch of the teeth that it is easily detected.

Shaved Heads.

When one of the great generals of ancient Greece died the soldiers of the whole army shaved their heads and the manes of their horses.

MORALS IN BUSINESS.

Some Timely Remarks About Some Recent Occurrences in the Financial Life of Toronto.

The reader must wonder how the master plumbers of Toronto can go about their usual pursuits, and meet their friends and acquaintances, after the exposures they have been subjected to. The reader must be especially curious as to the manner in which a master plumber will carry himself when he meets any one of those men who have been his customers during the past three years—men whom he has plucked like pigeons, men he has lured in to become the prey of his secret band.

Any man who has plain, old-fashioned ideas of right and wrong, of good and evil, will suppose that indelible disgrace has come upon the hundred and fifty business men of previous good character who are found to have been joined together in an oath-bound brotherhood to extract inordinate gains from those who came to them as customers. It would be reassuring if disgrace attended such exposures as these. But does it? asks The Toronto Star, which thus continues: The most discouraging feature of the whole thing is that disgrace does not follow exposure and conviction. There is a general public censure and a collective upbraiding of offenders, but for the individual there is apology and excuse. He says for himself and his friends repeat that he was but one of many, but he could not hold out alone, that he is as straight as the next man, and so on. Or he will go further, and say that in joining together they only aimed to secure a profit of twenty-five per cent.; that they desired to brace up incompetent competitors, who tendered below cost, demoralized trade for a time, and went bankrupt at last, to the injury of many. He will even grow warm and argue that they aimed to abolish conditions that produced cheap and ill-done plumbing, causing disease and death.

Yet the evidence was produced in court that caused the judge to designate the operations of these representative Toronto business men of to-day as downright robbery and plunder of their customers, prearranged, perfected by practice, and long persisted in.

Why, then, are these men not so far in disgrace as individuals—in their own sight and in that of others—that it would be useless to continue doing business in a community where their operations have been exposed? Simply because they have not gone alarmingly beyond the standard of "business honesty" as it is practiced down town every day in the week. It is true that some other combines and organizations that carefully avoid thinking of themselves as combines, although it might puzzle any outsider to perceive the difference, feel virtuous by comparison with the master plumbers as they now stand exposed. But it is all a question of distance. In many other lines of business men have been moving in the same direction, although not going the same distance as the master plumbers. Perhaps it will be found that some, being so circumstanced that they could, have gone just as far.

Business needs a new declaration of a moral code. Every man in business should face the fact that he himself must decide some things for himself—what he will do and what he will not do, irrespective of what his opponent in business does or what he suspects his opponent of doing. Nine-tenths of the dishonesties in trade are done under shelter of the excuse that rivals in business do these things or worse, and must not be allowed to prosper too greatly by their unfair practices. This is contemptible reasoning, for each supplies the other with a pretext for sharp practices against third parties. The man who fights the devil with fire spreads the war. There must be a standard from which a man cannot depart without incurring moral blame—there must be a line which, if he steps over, he deteriorates and becomes less than honest. Thereafter he is honest only in the comparative sense, and can only admire himself by bringing up contrasts with those less nice in their methods. When men got as far as that they begin calling in lawyers to interpret honesty for them, and the only boundary they respect is the limitation the law imposes. They no longer ask themselves "Is it right?" They ask their lawyer, "Is it legal?" If he doubts it they obtain him to contrive it somehow.

Why should not a business man test his practices by asking himself if what he proposes to do is right and just, and whether it is such treatment as he would like to receive were he in the other man's shoes? This is the golden rule—but is it wholly unpractical and non-practicable? If all business men adopt the principle, that they are not personally responsible for the methods pursued in their establishments so long as they are the usage of the trade, the whole conscience of business will become no better than that of the most unworthy person or most conscienceless firm in trade. Personal responsibility cannot be evaded. Men who sit around a board, call themselves business men, and do robbery, are not honest men when they walk separately to their homes. The employe who robs for his employer is no less a thief than if he robbed his employer. It may be safer work, but on close analysis it is no better.

How can society reclaim to honest ways the ignorant and the vicious when the very men on whom the conduct of society depends are themselves taking liberties with all the principles of honesty, and respecting no boundary to their conduct except that which the criminal law sets up and maintains against the assaults of the shrewdest lawyers? Business calls for a higher moral code, and if there is to be any improvement it must begin with the individual business man—it must begin with YOU.

Keep Your Liver

working. It's a lazy organ and needs to be stimulated occasionally, or it shirks its function. That coated tongue, sallow complexion, sick headache and pain under the shoulder blade are caused by an indolent liver. Liven it up by taking a short course of

STARLING IN AUSTRALIA

Bird Introduced to Keep Down Insect Pest a Disappointment—Injurious to Fruit Growers.

When fruit-farming began on an extensive scale in Australia some rash persons introduced the English starling in the hope that it would aid in keeping the trees free from insects. Many of the most mischievous caterpillars spend the day in the ground climbing the trees at night, and, as a great number of the pupae of insects also burrow in the soil, the idea that the industrious starling in its quick and assiduous search over the grass would be beneficial was natural enough.

Unfortunately, the authors of this experiment were obviously unfamiliar with the risks attending all attempts to acclimatize wild creatures, whether birds or beasts. One of the many forms of mischief possibly ensuing is due to the well-ascertained principle that when removed to another continent they completely change their habits, or adopt new ones to an extent which makes them a pest. This has happened in the case of starlings in Australia. According to a report of the American Consul at Melbourne, they have not only increased to myriads, but have become so injurious to the fruit-growers that whereas they were at first protected by law, these regulations have been repealed, and steps are advocated for their systematic destruction. "The fruit destroyed by them includes peaches, pears, cherries, apples, figs, apricots, plums, grapes and strawberries. Both vine and fruit growing are seriously threatened if the pest is not suppressed. As many as ten cases of apples have been destroyed by these birds in less than half an hour." The report also adds another fact, which any one who has followed the recent history of acclimatizing would expect—namely, that the useful native insect-killing birds, such as kingfishers (these are the wood-haunting kingfishers, common in hot countries, of which the laughing jackass is an example, and the common black-and-white kingfisher of India), diamond birds, tree-swallows and tree-creepers, are being turned out of their nesting places in tree hollows by swarms of starlings, and before long these birds, so useful to the farmer, will be driven out of the country. The starling is said to raise five broods in the year and to multiply with amazing rapidity. In one district three years ago not one was to be seen. Now there are thousands.

Before turning up the record of this bird in New Zealand, where it has long been a suspect, had the Australian legislators cared to inform themselves, it is interesting to enquire why the starling has been such an overwhelming success from its own point of view. This is mainly due to its intelligence, energy and brains. No one seems to have thought of the probable results of giving an absolutely free hand in a new country to such a progressive, adaptable, go-ahead bird. Yet there were abundant object-lessons in England, where the starling has increased enormously, and is accused of destroying our favorite songster, the skylark, by sucking the eggs during its mazy search over the meadows in spring. When Bewick was young the starling was a rare bird in Northumberland. Now it abounds there. It is so prolific, and so determined to have families, that in England there are often young starlings, especially in Devonshire, at Christmas time after a warm autumn. They are so adaptable that they will almost instantly occupy any artificial hole set up for them in boxes or walls. There, too, by dint of early nesting, they oust pigeons, wrynecks, tits, woodpeckers and sometimes even owls. They are bullies when it suits them, and in London may often be seen chasing a tame pigeon, and prodding it with their beaks. Here they are mainly insect-feeders, but are mischievous in cherry orchards when they have time, though fortunately they are usually occupied all day long in feeding their young, which require grubs and caterpillars, not cherries. But in the autumn they strip every berry from the elder bushes, and do great mischief in fig orchards. Still, the balance seems to be rather on the credit side of the starlings.

A Rural Tragedy.

A farmer lost a cow in a peculiar manner last week, says The Smith's Falls News. The animal, in rummaging through a summer kitchen, found and devoured an old umbrella and several cakes of yeast. The yeast, fermenting in the poor beast's stomach, raised the umbrella, and the cow died in great agony.

Nearest Approach to It.

He loved the woods above all else,
But couldn't leave, as he was placed
And so he drank wood alcohol
To gratify his rural taste.

Sofa Pillows.

Sofa pillows made up in the shape of a football are not much larger than a football and are covered with burlap, denim, calfskin or most anything and sometimes laced up with leather thongs in close imitation of the real thing. They are down filled and nice to tuck in hollows.

Here's a Warning For Wives.

An exchange prints a story about Dr. Miller, at one time a popular Congregationalist preacher in England.

He had been holding services at a village in Yorkshire, and a heavy rain having come on had accepted an invitation to pass the night at the house of one of the villagers. The good-hearted host, seeing the minister's clothing drenched, brought out a suit of his own and sent his guest upstairs to put it on.

The good man had made the change and was on his way back to the sitting-room, when the woman of the house came out of another room holding in her hands the big family Bible out of which the doctor was to be invited to read a chapter before the family retired.

At the same time she was not in a very amiable mood. Careful housewives are apt to be put out of sorts by the advent of unexpected company. Seeing Dr. Miller in his borrowed garments, she mistook him for her husband, and as he passed in front of her she lifted the book and brought it down pretty smartly on his head.

"There," said she, "take that for asking him to stay all night."

Cheese and Children.

Throughout a great portion of Ontario the settlements are so small that the schools are little better than huts. A few children gather together to be taught by some immature youth at a salary of about one dollar a day—less than an ordinary laborer receives, says The Marmora Herald. If the people thought as much of their children as they do of cheese they would adopt the system of having one good central school where there are now a dozen.

The Elephant.

In a wild state the elephant is a nocturnal animal. When domesticated, his size and dark color make him a great sufferer from the heat. To relieve himself he draws water from his stomach by means of his trunk and squirts it over his body.

Iron in Food.

Spinach contains more iron than yolk of eggs, which contains more than beef. Apples, lentils, strawberries, white beans, peas, potatoes, wheat, come next, and milk is at the bottom of the scale.

A Lunatic's Treasure.

Discovering a bag in the streets of Sydney, Australia, a man took it to the police station, where it was found to contain gold and bank notes to the value of £850, and subsequently a hatless old man, a lunatic, who was wandering aimlessly through the streets, was found to be the owner.

Tight Screws.

To ease a tight screw apply to it a little ordinary vinegar. Then use the screwdriver again and see how your task is lightened.

Shaving.

Shaving was first introduced among the Romans about 300 B. C. According to Pliny, Scipio Africanus was the first Roman who shaved every day. Subsequently the first day of shaving was regarded by the Romans as the entrance upon manhood and celebrated with great festivities.

The Bell Piano

A Source of Delight to Professor and Pupils

"For some time past I have used a Bell Piano in my studio, and both myself and my pupils are delighted with its many excellent qualities. The tone is not only full and rich, but also possesses that rare sympathetic quality which blends so well with the human voice."

Rhys Thomas

Vocal Teacher
Choirmaster Knox Church
Conductor Winnipeg Oratorio Chorus

Also two lots west of Elm Property in front of Mount St. Joseph.

These lots will be sold at a bargain, as estate is being wound up. Particulars may be obtained by applying to R. M. Clever, Examiner Office.

NEAR DANGER POINT.

Policy of Repression Is Becoming Offensive to the Russians—No Holiday Spirit Now.

St. Petersburg, Jan. 6.—The Russians love nothing so much as their holidays but depressed in spirit and purse in these revolutionary days the celebration of the Russian Christmas, on Sunday next, will be a sad one. The streets of the capital have put on a pitiful semblance of holiday attire, but none of the heavy buying characteristics of the prodigal Russians in former days is in evidence, while in the industrial sections, the workmen, exhausted by a long series of strikes are without money for Christmas trees. The green tree and gewgaws were brought into the city by the country people, but the trees remain unbought in the streets.

May Go Too Far.

There are signs that the policy of repression may be carried to a point which is sure to again arouse the resentment and discontent of the classes which shrank from the violent program of the "Reds" in St. Petersburg. For instance the wholesale perquisitions by the police have been succeeded by a particularly offensive measure of the prefect of police which practically gives the Dvorniks or house porters a free hand to search private lodgings for arms and suspicious persons for documents.

Thirty-five arrests were made last night. Among those taken in custody were four Moscow revolutionists, who came here to consult their comrades in this city. They were captured on their arrival at the railroad station after a desperate struggle with the police.

In Defence of Witte.

The Novoe Vremya is printing a series of articles in defence of Premier Witte, which are attracting much attention, and are assumed to be inspired by the Premier himself. The most important statement made is that Witte has taken a definite resolution to retire so soon as the national assembly meets. With the turning over of the reins of power to the people's representatives he will regard his task as finished. The whole course of events since the reform manifesto was issued is attributed by the paper to the refusal of the Conservatives to support the Government.

Yet the Government realizes that it is impossible to hold elections in the Caucasus and Baltic Provinces, and does not believe that the national assembly can be convened before April.

Moscow Casualties.

Washington, Jan. 6.—Advices have been received here from an official source bringing the news from Moscow that a thousand people have been killed there and 3,000 wounded.

580 Killed and Wounded.

Tukum, Courland, Russia, Jan. 6.—Five hundred and eighty persons were killed or wounded during the recent revolt here.

AN ALIBI FOR GREAT BRITAIN.

Fleet At Hong Kong When Sea of Japan Was Fought.

London, Jan. 6.—Referring to the statement of Admiral Rojestvensky that the British fleet in far eastern waters intended to crush the Russian fleet in case the Japanese failed to do so at the battle of the Sea of Japan, The Times this morning points out that the British fleet at the time of the battle was at Hong Kong, and that there were only one cruiser and a despatch boat at Wei-Hai-Wei.

DEATH OF SEYMOUR GOURLEY.

Picturesque Figure In a Recent Parliament Passes Away.

Halifax, Jan. 6.—Seymour E. Gourley, ex-M. P. for Colchester, died yesterday at Truro from cirhosis of the liver. He sat only in one Parliament, being defeated in 1904.

He was lawyer by profession, and made a name for himself by his fervid imperialism as expressed in the House and on one occasion he declared that Canadians and Britishers were continually giving way to the people of the United States for fear of giving them offence. He urged Canadians to stand by their guns, whether Yankees liked it or not, and he announced that he and his family were willing to die in the last trench in defence of Canada.

Victim of Cannibals.

Liverpool, Jan. 6.—The steamer Olanda, which arrived here yesterday, brought a horrible story of cannibalism in Nigeria, of which Dr. Stewart of the Southern Nigerian Government was the victim. The doctor accompanied an expedition to the interior, but was separated from the main body, and ran into the village of a hostile tribe. The body when found by the main body had been horribly mutilated, and there was undoubted evidence that it had been partially eaten.

When You Buy, Buy Right.

When you buy Ozone, buy "Solution of Ozone" (the coupon kind.) It is the strongest and purest Ozone on the market. It is sold as a commercial product at reasonable rates so that you get about twice as much as other brands, Also each bottle contains a coupon which entitles you to a package of "Celery King," the well known remedy which must always be taken with Ozone.

No other brand of Ozone gives you an opportunity to get the "Celery King" free. We own "Celery King" and that is why we can give it with our Ozone.

"Solution of Ozone" (the coupon kind) contains about twice as much for your money as any other kind. it also furnishes you with "Celery King" for nothing. Insist on getting it from your druggist or write the Public Drug Co., Bridgeburg, Ont., who will see that you are supplied. Sold by W. B. Warne.

Sheep and Lambs—Receipts, 6000; 5c to 10c higher; sheep, $4 to $6.25; yearlings $6 to $6.75; lambs, $7.50 to $8.

CATTLE EMBARGO.

Legion, Jan. 5.—Earl Carrington, the new president of the board of agriculture, received this afternoon a deputation of advocates of the removal of the restrictions on the importation of Canadian cattle and promised that so soon as the election is over he will immediately take up the question and urge his colleagues to treat it from an imperial as well as a national point of view.

HIS HEART STOPPED.

Sweater of W. D. Dingwall Caught In Whirling Shaft.

Cornwall, Jan. 6.—Wm. D. Dingwall aged 19, a former resident of Williamstown, Glengarry County, was the victim of an accident at Pinches Creek, Alta., while operating an engin at a coal mine.

After the steam was shut off it was his duty to oil the machinery. The shaft had not quite ceased revolving on this occasion and the unfortunate man's sweater was caught. In a moment it had twisted so tight that his heart stopped, and when the engineer, who had heard him shout for help, reached him, Dingwall was dead.

Whirled Around Shaft.

Rossland, B. C., Jan. 6.—William Woodine, an employe of the China Creek Lumber Co., while oiling the shafting, was caught by his clothing on a set screw, and was sent whirling around the shaft. He was killed.

Cuban Murderers Garrotted.

Havana, Jan. 6.—Bonings Bocourt, an old negro, and Victor Molina, a mulatto, were garrotted at the prison here yesterday morning. Both men were regarded as "witches" by their associates. Their crime was the hideous murder of a white baby, whose body was found, smoked and salted, weeks after the crime.

Gage Agrees With Schiff.

New York, Jan. 6.—Lyman J. Gage, former Secretary of the United States Treasury, said yesterday that he agrees with Jacob H. Schiff in the opinion that a great panic is inevitable unless steps are taken to remedy the inelasticity of the existing currency system.

AFTER ELECTIONS THE EMBARGO

New British Minister of Agriculture Will Then Consider It.

London, Jan. 6.—(C. A. P.)—"Encouraging, but not definite," was the answer Lord Carrington, the new Minister of Agriculture, gave yesterday afternoon to a large deputation urging the removal of the embargo on Canadian cattle. He viewed the subject in the imperial as well as national aspect, but said he could not decide in the hurly burly of the general election. After the election he would bring it before his colleagues, keeping in mind always the importance of protection against disease. In his remarks his lordship cited the resolution of the Dominion Parliament with a strength which much impressed them.

Disagrees With Earl Grey.

He referred also to the recent speech by Earl Grey at Guelph, who is reported as saying that the embargo was a protection for British graziers. With this view, that the restriction was to keep up the price of store cattle here, Carrington emphatically did not agree.

Body Found After Long Search.

Cornwall, Jan. 6.—The body of Duncan McGregor, a wealthy citizen of Green Bay, Wis., has been found under a jam of logs, and his friends believe that he was murdered. McGregor went out for a walk one night last summer, from his home in Green Bay, and never returned. He was known to have a large sum of money on his person, and it was feared that he met with foul play. A reward of $1,000, offered by Mrs. McGregor, and a similar amount by the City of Green Bay, for information of his whereabouts, or the recovery of his body, incited a long search, with the above result.

Four Firemen Injured.

Hamilton, Jan. 6.—Four firemen were painfully injured last evening while responding to an alarm sent in about 8 o'clock. The injured are: William Voelker, internal injuries; Second Assistant Chief Archie Cameron, bruised back and arm; Harry Guerin and Wm. Henderson, severe cuts about the head. All were severely shaken up. Their rig slewed on the ice, and swung into a tree.

Auditor Cross Makes Report.

Toronto, Jan. 6.—The report of W. H. Cross, appointed by Attorney-General Foy, to audit the books of the York Loan Co., was yesterday handed to the Minister. After perusing it, Mr. Foy informed the newspaper men that he wished to confer with Mr. Cross on certain matters contained in the report before making it public.

For Prefontaine's Funeral.

Ottawa, Jan. 6.—A thousand militia will be ordered out at Montreal to line the streets on the occasion of Mr. Prefontaine's funeral. It is not settled who will command.

Paints Are Not Pure.

Ottawa, Jan. 6.—Mr. Wilmott of the Geological Survey Staff, who has been examining samples of mineral paints on the Canadian market, finds that as a rule they are adulterated beyond measure, in a great many cases to the extent of 60 per cent.

Dropped Dead In Preston.

Hespeler, Jan. 6.—John Renwick, a wholesale butcher of Hespeler, dropped dead near the Hotel Del Monte, Preston, last night, about 6 o'clock. He was subject to heart trouble. He leaves a widow and family.

Ambitious Lethbridge.

Winnipeg, Jan. 6.—Lethbridge, Alberta, has applied for incorporation as a city.

23 MINERS DEAD.

Their Hands Covered Their Faces In Most Instances.

Roanoke, Va., Jan. 6.—The bodies of all of the twenty-three miners killed in the gas explosion in the Cooper coal mine at Coaldale, W. Va., Thursday, have been recovered.

Nearly all of the victims were found with their hands covering their faces. One body was in a sitting posture on a pile of coal, the hands covering his face.

NIAGARA FALLS EARTHQUAKE.

Two Distinct Shocks Said to Have Been Felt In Peninsula.

Niagara Falls, Ont., Jan. 6.—It is believed that the Niagara peninsula was shaken by two earthquake shocks on Wednesday, one at 11.30 a. m., and one at 6.55 p. m.

Both shocks were distinctly felt and remarked by hundreds of persons in this city, but as the country for a long distance round often trembles from heavy blasts at the power development works, little attention was paid to them. Many noticed that the shock was different from that usually made by a blast, and that there was a low rumbling noise like distant thunder at the same moment.

West of the city the shock was more perceptible. Doors and windows rattled, and a person leaning against a wall could feel it shake. At Welland, Port Robinson, Fonthill, and Ridgeville the tremor was very distinct, and caused some alarm.

Every report from the country west of the Niagara River and south of the Queenston Mountain goes to confirm the earthquake theory.

WILL BE TRIED FOR MURDER.

Green, the Indian, Dead From the Shot Wound—Gangrene Developed.

Brantford, Jan. 6.—Alexander Green, an Indian, who was shot in the shoulder on Christmas by John Hill, another Indian, at the dance at Fairfield Plains, near this city, is dead.

The weapon Hill used was a shot gun filled with bird shot. The wound was several inches long. Gangrene developed, causing death.

Bad blood existed between the two men. Coroner Fissette empanneled a jury and will hold an inquest Jan. 12.

The shoulder of the dead man will be cut out to show the jury at the inquest.

Hill now awaits trial on the charge of murder.

Dr. Gallery Will Appeal.

Ottawa, Jan. 6.—Dan Gallery of Montreal, who has been unseated and disqualified for the manner in which his election as M. P. was gained in St. Anne's division last winter, will appeal to the Supreme Court, "but not for the purpose of retaining my seat in Parliament," he says, "or to draw the sessional indemnity. I shall never take my seat until such time as my character shall have been vindicated."

IN BLAZING COTTON.

Employe In Knitting Factory Met With a Serious Accident.

Toronto, Jan. 6.—Samuel Gotashensky, a Russian Jew, employed by the Simpson Knitting Co., was badly burned while working in the factory yesterday morning. He was engaged in the cotton bin, feeding one of the large machines, when something ignited the contents of the bin. In a few moments all the cotton began to blaze. A fellow employe rushed to the aid of the unfortunate man, but before he could be helped out of the burning mass, his head, face, neck, chest and hands were badly burned. He was removed to the General Hospital. He will probably recover.

Russian Imperial Nursery.

Manufacturers:—JOSIAH R. NEAVE & CO., Fordingbridge, England.

Wholesale Agents:—THE LYMAN BROS. & CO., Ltd., Toronto and Montreal.

A POPGUN PLANT.

Witch Hazel Shoots Its Seeds Away Ten or Fifteen Feet.

Do you know that the witch hazel shoots its seeds ten or fifteen feet? If you want a brand new sensation, bring home some branches of witch hazel having both flowers and unopened seed pods on them and put them in vases of water. The pods burst at the most unexpected times, waking you in the night and peppering you with their hard, shiny, black seeds. Branches that are to be used for a party must be selected with care to be sure of having perfectly fresh flowers and seed pods that have not opened. If it is possible to do so, cut them the same day they are needed. If they must be cut the day before they are needed, put them in a cold place in water and wrap a damp cloth around the branches in order to prevent the flowers from withering and to keep the seeds from being expelled too soon.

There will be great excitement when the seed pods open with a snap and the seeds come pattering down. It is well to rehearse this performance, for natural objects often refuse to "show off" when you want them to.

The Fly.

The fly's capacity for crime is extended by its strength, which is relatively nearly seven times that of a horse, for it can lift twenty times its own weight. It can absorb enormous quantities of oxygen and is, in fact, a confirmed oxygen toper.

The reprehensible habit of walking upside down on the ceiling, to which the fly is addicted, is due to its habit of exuding gum from each of the 1,200 hollow hairs in its feet.

The fly, too, has an evil eye, which is divisible into several other eyes. It has also 1,700 or 1,800 parts all connected with the olfactory nerves and therefore possesses complete equipment for detecting unsound meat, such as is given to no other living creature.—Lecture of H. Hill in London.

Novel Desert Bath.

One of the wonders of the California desert is the hot sand bath, famous from the times of the first Spanish pioneers. The surface water is only a few inches deep. Beneath is black sand, constantly in gentle motion. The bather does not touch bottom. His body sinks to the shoulders and with the aid of a crossbar of timber is then sustained in a position of perpendicular flotation. The temperature is just as warm as can be comfortably borne, and the sensation, like that of soft massaging, is delightful.

John Brown's Cottonwood.

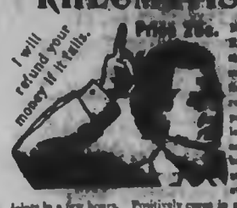
One day in 1857 John Brown rode up to the Benton place near Effingham, Atchison county, Kan., and dismounted. He carried in his hand a switch which he had cut from a cottonwood tree. This he tossed aside, and later Mrs. Benton stuck it in the ground at the back door of her little house. It took root and grew. It is now a huge tree and is known in the neighborhood as "the John Brown cottonwood."

Ought to Be Happy.

Towne—I hear Marryat and his bride are no longer living at that boarding house of yours. Browne—No; they've gone to housekeeping. Towne—Ah, their home life now will bring them much closer together, and— Browne—You bet it will! They've taken a flat.

RHEUMATISM

Price 75c.



I will refund your money if it fails.

Stuart's Rheumatism Cure quickly rids to relieve pains in legs, arms, hips, back, wrist or shoulder joints in a few hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system. —STUART.

A Prosperous Year Was 1905 For Canadians

Comment of Canada's Deputy Minister of Finance.

PUBLIC REVENUES INCREASE

Significant Figures From the Public Accounts—All Branches of Business Have Prospered — $23,359,999 of Dominion Loans Have Been Paid Off Since 1903—Change in the End of the Fiscal Year.

Ottawa, Jan. 4.—"The year 1904-05 has been characterized throughout the whole of the Dominion by a wonderful degree of prosperity." Such is the opinion which Mr. J. M. Courtney, Deputy Minister of Finance, puts on record in the public accounts issued yesterday. He goes on to say:

"It will be seen from the accounts now published how the public revenues have increased. In all other particulars, such as the railway traffic, receipts, immigration, the bank clearings, and in the deposits in the chartered banks, a wonderfully steady progress has taken place. The increase in the public deposits held in the chartered banks averages over $1,000,000 a week, and over $500,000,000 are now held on deposit."

Dominion Loans Maturing.

Mr. Courtney comments with satisfaction on the high position of Dominion loans in Great Britain, and the fact that since 1st July, 1903, maturing Dominion loans to the amount of $23,359,999 have been paid off. During the next seven years, however, loans to the amount of $143,168,665 will have to be refunded, no less than $134,895,331 during the first four years of this term. Against this large amount sinking funds in Canadian securities to the amount of $47,265,008 were held on Nov. 30 last. Provision will have to be made for the meeting of the large sums referred to, but after they have been refunded no further loans will mature until 1918. Of the loans in question all but $24,333,333 are 4 per cent., the balance is 3 1-2 per cent.

Mr. Courtney is pleased that the termination of the fiscal year is to be changed from June 30 to March 31, a change which he has favored ever since he entered the public service over 36 years ago. The system has been in vogue in Great Britain ever since 1854, but the 30th June is still maintained in the United States.

The National Debt.

During the year receipts in consolidated fund amounted to $71,182,772, and expenditure on the same account to $63,319,682, giving a surplus of receipts over expenditure amounting to $7,863,089. The capital expenditure totalled $15,484,456, and deducting from this the surplus, $2,361,618 of sinking funds and some smaller amounts, it leave $5,350,448 to be added to the national debt, which now amounts to $266,224,166. The average rate of interest on gross debt for the year was $2.81, as compared with $3.03 in the previous year, and the net rate of interest fell from $2.46 to $2.26.

29TH IS ELECTION DATE.

Conservative Candidate in Kingston Opens Campaign.

Toronto, Jan. 4.—The Kingston bye-election has been set for Monday, Jan. 29, with nominations a week earlier.

The announcement was made by the Government yesterday afternoon. Sheriff Dawson, who will act as returning officer, was notified by telephone at noon.

The candidates are Donald N. McIntyre, Conservative, and E. J. B. Pense, Liberal, the same as in the general election. Mr. Pense was elected, but was unseated as the result of the protest. The campaign looks like a hot one.

The first gun will be fired to-night at Kingston, when Hon. W. J. Hanna, Provincial Secretary, and J. P. Downey, M.P.P., for South Wellington will speak in the interests of Mr. McIntyre.

New registration will be necessary.

Lady Parker's Jewels Stolen.

London, Jan. 4.—(C. A. P.)—Lady Parker, while staying at the Carleton Hotel during the alterations to her town residence, Carlton House Terrace, was robbed of a quantity of jewelry. She was writing in her private room at the hotel when a man appeared, and, apologizing for entering the wrong room, withdrew. Lady Parker discovered the robbery on going to her bedroom a short time later.

Opposition Now Numbers Two.

Calgary, Jan. 4.—Conservatives have gained another seat in Alberta, giving them now two in the Legislature. A. G. Robertson (High River) was declared elected by Chief Justice Sifton yesterday morning on a recount of the ballots. His plurality is 23. R. A. Wallace (Liberal) had been declared elected by the returning officer, by 6.

Carries in Forty-Eight Places.

Toronto, Jan. 4.—The latest returns as to local option bylaws show 132 licenses cut off. In 64 contests, 48 carried it and nine defeated, and seven places are yet to be heard from. In the years previous to 1904 only 18 municipalities carried local option. During 1904 the number jumped to 28.

For Uniform Game Laws.

Albany, N. Y., Jan. 4.—Commissioner Whipple of the New York State forest, fish and game department suggests in his annual report, submitted to the Legislature yesterday, that uniform laws between the States and the Dominion of Canada for the protection of fish and game be enacted.

G. T. R. to Spend $1,200,000.

Montreal, Jan. 4.—The Grand Trunk will spend a million dollars for motive power. The orders are for eighty-one locomotives, twenty of which are passenger and sixty-one freight.

Big Smelter Strike.

Victoria, B. C., Jan. 4.—A big smelter strike is reported from the Deadwood and Phoenix camps. Five hundred men are involved.

A long handled, weighted brush brings out a fine polish on a waxed floor.

M'CALL RESIGNS.

Alexander E. Orr Appointed His Successor in New York Life Co. at $50,000 a Year Salary.

New York, Jan. 4.—John A. McCall yesterday resigned the presidency of the New York Life Insurance Co., and Alexander E. Orr was appointed in his place, at a salary of $50,000 a year.

The board of trustees also cut down the number of vice-presidents so that hereafter there will be two of these officers instead of three.

Mr. McCall, who for fourteen years has held the office which he resigned yesterday sent a letter to the trustees, in which he stated that his errors seemed greater to him than to his critics, but he was comforted to think of the company's unprecedented achievements and to know that no officer or trustee had profited improperly at the policyholders' expense.

Although there was no formal resolution of regrets passed, speeches eulogizing McCall's administration were made.

Governor Higgins on Insurance.

Albany, N. Y., Jan. 4.—The New York State Legislature convened at noon yesterday. James W. Wadsworth, Jr., of Livingston County was elected Speaker of the Assembly, after which the annual message of Gov. Higgins was read. The message is in part as follows:

"The magnitude and extent of the business of life insurance is startling, even after a years of discussion and agitation. At the end of December, 1904, 42 companies doing business in the State of New York had total gross assets of $2,454,669,436.63. For the year ending Dec. 31, 1904, these companies had received in premiums $489,542,922.04 and they had a total income from all sources of $580,743,959.14. The disbursements for commissions to agents on this business amounted to $67,086,827.97. The salaries, medical fees and payments to employes were $36,537,255.98. Other disbursements were $33,395,686.55. The total number of policies in force Dec. 1, 1904, of the 42 companies named was 9,949,722, insuring $16,028,090,981.00.

Insurance Regulation.

"The business may be roughly divided in halves between three great companies existing under the laws of New York on the one side and the remaining companies on the other. The problem of state regulation of insurance has become one of overshadowing importance. It calls for calm, courageous and intelligent treatment. We must aim to cure, not to kill; to preserve, not to tear down.

"It is improper for me at this time to anticipate the report of your committee, which has conducted its trying duties with ability, courage and success, nor shall I seek to outline a new insurance law. Legislative action prior to the presentation of the report would be injudicious and premature.

"You will be called upon to make a radical revision of the law for the benefit of investors in life insurance and for the regulation and restraint of the companies. We may well consider at this time the expediency of providing for more thorough regulation by the Department of Insurance.

"Future effective action of Congress or the Federal Government is not probable, and the possibility of such action should not retard for an instant the work of the state."

Insurance Amendments.

Many amendments to the state insurance laws are proposed in a bill introduced yesterday by Senator Brackett. Among its important provisions are those making elective instead of appointive the office of superintendent of insurance, making salaries of life insurance officers subject to the written approval of the superintendent of insurance, prohibiting insurance of children under 18, prohibiting tontine or "deferred dividend" insurance, making the list of policyholders of any life insurance company available for examination by any policyholder thereof, limiting investments of insurance companies in a way similar to that which limits investments by savings banks.

Demands Depew's Resignation.

Senator Brackett introduced a resolution demanding of Chauncey M. Depew his resignation as United States Senator from this state.

After a long debate Senator Brackett withdrew his resolution. He specified that he intended to introduce it again at a later date.

Senator Raynes, who wanted immediate action, in which he desired to defeat the resolution objected to its withdrawal, but upon a roll call, the withdrawal was allowed by a vote of 37 to 19.

Protection of the Falls

Protection to Niagara Falls is dealt with by the Governor as follows: "More than twenty years ago the State of New York sought to redeem the falls of Niagara from vandalism by restoring the surrounding scenery to its primeval beauty, and creating a state reservation as a free pleasure ground for the people. It has spent large sums of money in the establishment and maintenance of the reservation and many thousands of visitors enjoy its privileges yearly. This state and the Dominion of Canada have in the past been engaged in an unworthy rivalry in granting franchises of incalculable value to power development companies, permitting them to take water from the Niagara River above the falls for commercial purposes. The privileges granted to these companies now constitute a real menace to Niagara. The State of New York cannot carry on the work of preservation effectively without the aid of an international agreement to protect the cataract and the river from spoliation. It can, however, in some degree, repair the mischief already done (1) by limiting the amount of water which may be taken from the river by the New York companies now engaged in developing power, (2) by repealing all undeveloped charters, of which several remain on our statute books, dormant, if not defunct, and (3) by instituting legal proceedings for the forfeiture of the charters of any companies which may be guilty of misuse of their franchises, or abuse or usurpation of powers. I earnestly desire to impress upon the Legislature a due sense of the responsibility of this state for the protection and preservation of the grandeur and beauty of Niagara Falls."

Suffered for years with Stomach Trouble

"Fruit-a-tives" promptly cured her.

Stomach Trouble is usually bowel trouble. The bowels become constipated. Poisonous matter, which should leave the bowels every day, stays in the bowels, two and three days at a time. These poisons paralyze the stomach muscles, prevent the digestive juices from reaching the food, and stop the whole process of digestion.

MRS. F. H. WALLACE, St. Marys, Ont.: "I have used most of one box of Fruit-a-tives, and found them all right. I have had a good chance to recommend them as I have been in bed for a week with a Bilious attack and am getting around fine thanks to 'Fruit-a-tives'."

Doctors talk of dyspepsia and catarrh of the stomach when they should talk of Constipation.

Fruit-a-tives or Fruit Liver Tablets

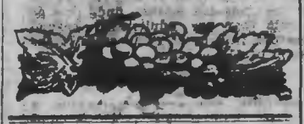
cure Stomach Troubles because they tone, sweeten and stimulate the stomach and they cure the Constipation which is the chief cause of dyspepsia. These concentrated and specially combined fruit juice tablets act directly on the liver—increase the flow of bile—and make the bowels move regularly and naturally every day.

More than that. "Fruit-a-tives" regulate the kidneys—strengthen them—make them excrete more urine—and rid the system of excessive urea and uric acid. They stimulate the glands of the skin to increased action—take away pimples and redness—and keep the skin clear, soft and lovely.

A month's treatment with "Fruit-a-tives" will make you think you had a new stomach.

50c. a box or 6 boxes for $2.50. Sent prepaid on receipt of price if your druggist should not have them.

FRUIT-A-TIVES LIMITED, OTTAWA.



Severe Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

Skater Drowned in Bay of Quinte.

Belleville, Jan. 3.—Ernest Coughlin, a 12-year-old boy of this city, was drowned in the Bay of Quinte Monday. He was out skating on the bay, and was using a sail which carried him along at great speed. When last seen he was making the Prince Edward shore, on the edges of which there was much open water. The body was recovered yesterday.

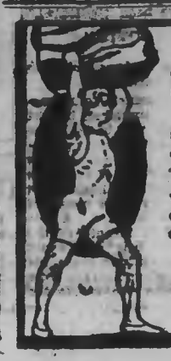
Winnipeg Bank Clerk Suicides.

Winnipeg, Jan. 3.—Robert George McCosh, a clerk at the Bank of Commerce, committed suicide by shooting himself yesterday morning. His accounts are straight at the bank, and despondency is said to be the cause. He was thirty-one years of age, and a son of Rev. Mr. McCosh of Chatham.

Killed on Track.

Komoka, Jan. 3.—While walking on the G. T. R track, one mile west of the depot here Monday evening, Henry Smith of Bryon, Ont., was struck and killed by a train.

Medical experts in Germany consider that the increase in the consumption of beer is responsible for the fact that the number of recruits suffering from heart trouble has increased fourfold since 1891.



The only true resistance you can offer to cold and pneumonia is a strong, thoroughly nourished body.

BOVRIL gives you the sinewy strength and the bodily healthfulness to ward off the disease attacks of winter.

Take a hot cup of BOVRIL at any time with the knowledge that the best body-building elements of much prime beef is contained in every cup.

BOVRIL

SACRED ANIMALS.

The Ways the Beasts Would Be Regarded in the Heavens of India.

Indian gods are not royal, but celestial. To birds of animals in the land which knows the Vedic prayers and forgets the empire of its emperors, one must leave solid ground and ascend to heaven, must speak in poetry, not prose, in hyperbole rather than in plain speech. The question of animals cannot, indeed, be soberly treated. Everywhere one sees acts toward them that can be explained only by their sacred and legendary importance. One can scarcely believe one's senses. This attitude is not the fantasy of a moment nor the hate blanche, so to speak, of a single author. It is the accumulated national delirium of thousands of years. To detach such animal worship from Indian life is to tear the rug to pieces, and we can weave nothing more beautiful.

The place held by these creatures in India is different from that accorded them in any other country. Every animal is looked upon as but the covering of a spirit. Is not its mind with God? Are not its auras and vibrations far purer than ours? May not even the soul of our grandmother look from its eyes? May not we ourselves return to lower than its state if we give it not reverence? Such conceptions are not called from obsolete thought, but from the vibrant lip and life of India today. Once is always in the orient. "It is your misfortune that you have to talk so much of progress," said a sage to me—"we have progressed."—Edmund Russell in Everybody's.

STAGECOACHES.

The First American Line Was Run in New Jersey in 1744.

As public conveyances or the stagecoach had been in vogue in England since 1610, the establishment of a similar convenience was demanded in America many years before the war for independence. As early as 1744, therefore, a stage line started to run between New Brunswick and Trenton, N. J., and by 1756 this route had been extended over from New York to Philadelphia. Moreover, as in England, so in America, the advent of the stagecoach necessitated marked improvements in the highways, while the building of better roads and turnpikes naturally created a greater demand for more coaches, and, what was more to the purpose, lighter vehicles. In 1771 there were but thirty-eight conveyances of every description in the city of Philadelphia, but by 1794 their number had increased to 827, more than two-thirds of which were comparatively light vehicles, a condition which led one of the local papers to publish a most deprecatory article concerning the use of conveyances, in which it was stated that the custom of riding was then being carried to such extravagance that "even farmers want carriages."

Take Care of Your Teeth.

All decay of the teeth begins from without. Consequently if the teeth's surfaces be kept scrupulously clean they cannot decay. Let the child early acquire the habit of using a small toothbrush dipped into chalk flavored with some aromatic drug, and let it understand that the places most needing the brush are those between the teeth. That is the plaed where decay almost invariably appears. Mucous secretions and secretions of food are always found between the teeth after a meal. They may be removed with a toothpick. It is almost an art to use a toothpick. One must beware of injuring the fleshy parts and leaving splinters, which in some cases may cause the loss of a tooth. Metal toothpicks should be altogether avoided. Those of dull and hard wood are best.—London Lancet.

Joke of the Deep Sea.

"The sea's pressure is almost incredible," said the clubman. "If you descended deep enough it would crush you, bones and all, to a mass of reddish mud. Off Sicily we ran out of ice, and some one suggested that to cool the champagne for dinner we lower it a half mile or so into the sea's depths.

"This was done, and at dinner time the three bottles came up delightfully cold. But when we opened them we found that they contained nothing but salt water. The sea's pressure had forced the water in through the pores in the corks, displacing the lighter liquid."

HAPPINESS.

The Ambition of the Seeker and Where It Led Him.

In the sunrise of life a youth said: "I will attain greatness. I will mount to the high places, above the groveling throng, and wealth, power and happiness shall be added unto me."

In the flush of the morning he strove for all those things. At high noon he had acquired wealth, and in the afternoon power and fame came to him. It was as he had said, save that he, with all the generations of men, found not happiness. There had been friendships and smiles and hand clasps and embraces, but none of these things secured for him the thing he sought.

In the evening he sat by an open grave and pondered. Wayfarers saw him there and wondered much. "He is one of the mighty of earth," they said. "He has lands and tenements and goods. He has friends and servitors and fawning sycophants about him. Though we seek in vain, he must have found happiness."

They could not know that his palaces sheltered blasted hopes, that tares grew in his gardens, that the accidim of the mob jangled harshly in his ears. They did not see his yearning, the dead dreams within him, the ashes in his heart.

His search had ended at an open grave. He drew his mantle about him and descended into it, while the pitying throng swirled by.

At last, and without his knowledge, he had found that happiness which he long had sought.

THE ANTELOPE.

His Two White Patches That Act as a Signal Code.

Visitors to the circus and menagerie have noticed the two white patches on antelopes. These spots are a signal which can be read by the animals which have noses to smell. Even animals whose sense of smell has been lost can read the message which the antelope gives to warn his friends of danger.

The hairs on these patches are long, white and ordinarily point downward. Among the roots of the hair is a gland which secretes a strong musk. Underneath the skin at this point is a broad sheet of muscles which have the power to raise these hairs so that they stand out at all angles like the petals of a huge white chrysanthemum. When an antelope sees danger this muscle acts and the patch flashes out like snow. In the middle of each is a dark brown spot, the musk gland, which frees a great quantity of the musk which can be detected down the wind for a long distance by another antelope. Even man can distinguish this danger signal for some yards.

The antelope has five different sets of glands, each giving forth a different kind of musk for use in its daily life as a means of getting or giving intelligence. The two in the middle of each rump patch has been explained, but the purposes of the others have not yet been fully accounted for.

Evolution of a Name.

An amusing account is given of the evolution of a name. A man named Halfpenny lived in Dublin at the end of the eighteenth century. Having been very successful in business, his children persuaded him to change his name to a more dignified one, which he did by dropping the last letter. In the course of time the orthography was also changed, and when the man died he was buried as Mr. Halpen. The fortunes of the family increased still further, and the son soon dropped the "H." The next transition was an equally easy one, and he who had run the streets as little Kenny Halfpenny came out as Kenneth MacAlpin, the descendant of a hundred kings.—London Queen.

A Story of Thackeray.

There is a story of Thackeray shortly after the publication of "Vanity Fair" dining with a friend and receiving an introduction to his next neighbor, "Captain Crawley of the Life guards." Thackeray looked greatly annoyed, scarcely opened his lips to this gentleman and afterward told his host in an aggrieved tone that "he liked a joke as well as any man, but there was a time and a place for all things." No joking allusion to a character of his novel had, however, been designed or perpetrated. The fellow guest actually was a Captain Crawley and held a commission in the Life guards.

Where Gannets Swarm.

One of the most remarkable sights in the world is Bird island, in South Africa, for the reason that during some months of the year it is literally covered with gannets. Not a foot of ground is to be seen anywhere. Day after day thousands of gannets strut asound, and they are so close to each other that the whole island seems actually alive. Those who have seen this sight say that it is one which can never be forgotten.

A Jolner.

"It seems to me," said Mrs. Oldcastle, "that in these days there is no hope for the man who lacks initiative."

"I know it," replied her hostess. "That must be one reason why Josiah has such wonderful success. He gets initiated in something new nearly every week."

Clashing Interests.

Agent—I'd like to sell you this bottle of mosquito exterminator. Mr. Jackson—No, sir-ee! I'm a manufacturer of mosquito netting.

British coal is being imported into Manila in 7,000 ton lots. Other shipments for the islands, lots of 5,000 tons and more do not touch Manila. Japan and Australia also ship coal to the Philippines.

More Terrible Than War!

More terrible than war, famine or pestilence is that awful destroyer, that hydra-headed monster, Consumption, that annually sweeps away more of earth's inhabitants than any other single disease known to the human race.

"It is only a cold, a trifling cough," say the careless, as the irritation upon the delicate mucous membrane causes them to hack away with an irritable tickling of the throat. When the irritation settles on the mucous surface of the throat, a cough is the result. To prevent Bronchitis or Consumption of the Lungs, do not neglect a cough however slight as the irritation spreading throughout the delicate lining of the sensitive air passages soon leads to fatal results. If on the first appearance of a cough or cold you would take a few doses of

Dr. Wood's Norway Pine Syrup

you would save yourself a great deal of unnecessary suffering. Dr. Wood's Norway Pine Syrup contains all the life-giving properties of the pine trees of Norway, and for Asthma, Croup, Whooping Cough and all Throat and Lung affections it is a specific. Be sure when you ask for Dr. Wood's Norway Pine Syrup to get it. Don't be humbugged into taking something else. Price 25 cts.

Miss Lena Johnston, Toledo, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup for throat troubles after taking numerous other remedies, and I must say that nothing can take the place of it. I would not be without a bottle of it in the house."

CUTICURA

Soap, Ointment and Pills the World's Greatest Skin Cures.

COMPLETE TREATMENT

For Every Humour, from Pimples to Scrofula, from Infancy to Age.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum, all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humor remedies of the civilised world.

YEARS OF TORTURE

Itching and Painful Sores Covering Head and Body Cured By Cuticura.

"For fifteen years my scalp and forehead was one mass of scabs, and my body was covered with sores. Words cannot express how I suffered from the itching and pain. I had given up hope when a friend told me to get Cuticura. After bathing with Cuticura Soap and applying Cuticura Ointment for three days, my head was as clear as ever, and to my surprise and joy, one cake of soap and one box of ointment made a complete cure in one week. (signed) H. B. Franklin, 717 Washington St., Allegheny, Pa."

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, U.S.A.

"How to Cure Every Humour," Mailed Free.

Notice to Creditors.

In the matter of the estate of Carlos Sidney Greene, late of the City of Peterborough in the County of Peterborough, Merchant, deceased.

Notice is hereby given pursuant to the Revised Statutes of Ontario, 1897, Ch. 129, and amending Acts, that all creditors and others having claims against the estate of the said Carlos Sidney Greene, who died on or about the twentieth day of November, 1905, are required on or before the tenth day of January, 1906, to send by post prepaid or deliver to Messrs. Rogers & Bennet, of the City of Peterborough, Solicitors for Gertrude Greene, the Administratrix of the said Estate, their Christian and surnames, addresses and descriptions, the full particulars of their claims, statement of their accounts, and the nature of the securities, if any, held by them.

And further take notice that after the said last mentioned date the said Administratrix will proceed to distribute the assets of the deceased amongst the parties entitled thereto, having regard only to the claims of which she shall then have notice, and that the said Administratrix will not be liable for the said assets, or any part thereof, to any person or persons of whose claims notice shall not have been received by her at the time of such distribution.

Dated the 7th day of December, 1905.

PETERBOROUGH SATURDAY JANUARY 6 1906

SHALL PETERBORO' CONTROL THE WATER POWERS TO ATTRACT MANUFACTURERS?

Mayor Best's Plan is That the City Should Secure No. 4 Dam and Offer Cheap or Free Power to Industries Instead of Free Sites—His Inaugural Address Will Probably Deal With This Question—Foreshadowing a New Era In Peterborough Industrial Life—A Determined Effort to be Made to Secure New Industries for the City—Means Which Will be Employed to Effect This.

Nineteen hundred and six will, according to the present prospects, be a year of progress for Peterborough. At least it is the intention of this year's council to work to that end.

It is probable that a more determined effort will be made this year by the council to secure new industries than has been the case in any year in the past.

The suggestion has been made that the Manufacturers' Committee this year should have a fund at its disposal, and that a systematic effort should be made to increase the number of the city's industries. The proposal is that when once negotiations are started with a view to them thinking of locating here, they should be continued until something definite has come of it, either the industry secured, or a decision arrived at turning down the proposition of the city.

It is felt that simply writing a letter or two to prospective manufacturers, calling attention to the city's advantages, is not enough. A regular follow-up system should be adopted, according to some of the aldermen, who have been prominent in their advocacy of this new policy of the city.

It is quite probable, in fact, almost certain, that the Mayor's inaugural address will deal with this question very largely. He has hinted on more than one occasion that he has been promised of some information which will mean a great deal to the city, from an industrial standpoint.

Just what this information is, he has not divulged yet, but there is a strong probability that it has to do with his proposal made some weeks ago to the Minister of Railways and Canals, that the city should be given the water power at No. 4 dam, which, at present, is not being utilized. It will be remembered that the Mayor broached the subject to Mr. Emmerson, and asked what the attitude of the Government would be in case the city made application for the right to use the power developed there. The proposal of the Mayor is that the city should secure this power, and install a plant for its development,

HIS WORSHIP MAYOR BEST,
Who Has Plans for Securing Control of Water Power.

into electricity, to be transmitted to the corporation, and sold to manufacturers. In an interview His Worship pointed out that at the present time there was only one company in Peterborough which had power to sell, and that so long term contracts for power could be made with it. In view of this fact therefore it was a most desirable move on the part of the council to secure control of what power it could and be in a position to offer it to intending manufacturers, for say 10 or 15 years.

The Mayor's idea is that this would be a better plan than to buy land for the purpose of giving it to industries, since when it was once given it passed entirely out of the city's hands, while in the case of the power, it would be producing a revenue to the ratepayers, and its value would increase as time progressed. He firmly believed that the price of power will increase considerably in the course of the next few years, and if the city can get control of the power at this dam it will prove to be a valuable asset in the future.

It is expected that in his inaugural address His Worship will outline his policy something along the lines indicated above, and that he will enunciate his policy for the year, which if the hints which he has given may be taken as indications of the line which he will follow, will have for its keynote the advance of the city from an industrial standpoint. The fact is recognized that it is in industries that Peterborough will make its mark, as one of the important cities of the province, and with the power problem solved, as the Mayor believes it will be with the acquirement of the power property, the rest will be plain sailing. There is every hope that the very near future will see the canal completed, and with this accomplished Peterborough's future will be made.

The Mayor's attention was called by the Examiner to the fact that in Toronto Mr. Wm. MacKenzie had donated $1,000 to a fund to adopt means to bring the claims of that city as a desirable place for location for industries to the notice of those manufacturers wishing to locate, and he remarked that it was a hint to Peterborough to do something to keep the claims of the Electric City to the front. Just what methods will be adopted to effect this, have as yet not been decided upon, but there is little doubt that something out of the ordinary will be done this year.

The Trent Canal question will also occupy the attention of the council this year. Ald. Mason has already set in motion the proposal to send a big deputation to Ottawa in all probability during this month to impress upon the Government the necessity for its early completion, and there are good grounds for the hope that this deputation will meet with a satisfactory response. With the completion of the canal and the power problem solved, as the Mayor hopes to solve it, there should be no question about the future of the city.

A PROMINENT CITIZEN

The out to-day is that of one of the most widely known men in Peterborough. He is alike beloved and feared, feared by those who do wrong. He has lived here for many years, and the picture was taken over twenty years ago.

High Praise Is Given Ice In The Brock Street Rink

Mr. F. C. Waghorne, who refereed the first championship game in Peterborough last night paid a high tribute to the quality of the ice in the Brock street rink. He stated that the ice was the best he had seen this season, and remarked that if it was in Toronto it would be worth a thousand dollars. He was at a loss to understand how it was that Peterborough could have such good ice, when in Toronto and other places in Ontario it was impossible to play the game for lack of ice.

He referred to the lighting, and said that it was the best lighted rink that he had seen in Ontario.

It is said that if you give a Yorkshireman a halter he will get a horse, and in the case of Jack Thirtheck, who claims Yorkshire as his birthplace, it seems that it is only necessary to give him a hose and he will get ice.

It is a matter for gratification that Peterborough in the matter of ice is so far ahead of other places not far distant, and even beats out Toronto.

Canon Davidson To Address Men

Rev. Canon Davidson, will give a "New Year's Message" to men at the Y.M.C.A. on Sunday at four o'clock.

Mr. Jas. Browne will sing, and the orchestra will lead the service of song.

Every man in the city is invited.

THE EASTERN ONTARIO DAIRYMEN WILL GATHER HERE IN LARGE NUMBERS

For the Annual Convention of the Eastern Ontario Association Which Will be Held in the Grand Opera Next Week--The List of Eminent Speakers Who Will be Present at the Meeting--The Most Important Gathering in Many Respects in History of Peterborough--The Officers of the Association--Dairy Industry One of Great and Growing Importance--An Interesting Programme Has Been Prepared.

The Dairymen's Convention, which will meet in this city on Wednesday, Thursday and Friday of next week, will be in some respects the most important gathering held in Peterborough in some time. It is estimated that fully 900 men, principally dairymen, will be in attendance, upon the meetings of this convention, and among the list of speakers are to be found some of the most prominent agriculturists and dairymen in the Dominion.

For the first time in its history Peterborough has been chosen as the meeting place for the Eastern Dairymen's Association on their annual convention, and that it has been selected is an evidence of the fact that this city is the centre of a prosperous dairy district. The record of the Cheese Board of this season also furnishes proof of this fact.

The officers of the Dairymen's Association for this year are:

President, D. Derbyshire, M.P., Brockville.

First Vice-President, John R. Dargavel, M.P.P., Elgin.

Second Vice-President, G. G. Publow, Kingston.

Third Vice-President, L. L. Gallagher, Wilton.

Fourth Vice-President, J. H. Singleton, Newboro.

Directors:

Division No. 1—Edward Kidd, North Gower.

Division No. 2—William Eager, Morrisburg.

Division No. 3—Levi Patton, Brockville.

Division No. 4—James Whitton, Wellman's Corners.

Division No. 5—T. B. Carlow, Warkworth.

Division No. 6—Henry Glendinning, Manilla.

Hon. Director—Jas. R. Anderson, Mountain View.

Secretary, R. G. Murphy, Brockville.

Treasurer, John R. Dargavel, M.P.P., Elgin P.O.

Auditors—Mordan Bird, Stirling; F. W. Brenton, Belleville.

Stenographer, Wm. C. Coo, London, Ont.

A list of the speakers who will address this convention, published below, is a guarantee that the meetings will be decidedly interesting to those who attend them. Those who will speak are:

Hon. Sydney Fisher, — Minister of Agriculture, Ottawa.

Hon. Nelson Monteith — Minister of Agriculture, Toronto.

C. C. James, M.A.— Deputy Minister of Agriculture, Toronto.

Prof. J. A. Ruddick — Dairy Commissioner, Ottawa.

G. C. Creelman — President Agricultural College, Guelph.

Prof. H. H. Dean — Professor of Dairying, Agricultural College.

Dr. J. G. Rutherford — Veterinary Director-General, Ottawa.

Dr. Connell, — Bacteriologist, of Queen's University, Kingston.

J. W. Mitchell, B.A. — Superintendetn Dairy School, Kingston.

G. A. Putnam — Superintendent Farmers' Institutes, Toronto.

G. G. Publow — Instructor, Dairy School, Kingston.

D. DERBYSHIRE, M. P.,
President Eastern Ontario Dairymen's Association.

G. H. Grisdale — Agriculturist, Experimental Farm, Ottawa.

Geo. A. Barr — Instructor, Dairy School, Strathroy.

C. F. Whitley — Experimental Farm, Ottawa.

A. W. Woodard — Official Referee, Montreal.

Henry Glendenning — Director, Manilla, Ont.

Thomas McGillicuddy — Agricultural Department, Toronto.

Henry Best, Esq.—Mayor.

William Bask—Warden.

T. E. Bradburn, M.P.P.

R. R. Hall, M.P.

The convention will open on Wednesday at ten a.m., with the president's annual address, which will be followed by an address on "Improvement of Dairy Herds," by C. F. Whitley of Ottawa.

On Wednesday night Hon. Nelson Monteith, Minister of Agriculture, for Ontario, will speak, and during the evening Hon. Sydney Fisher will also speak.

It is the duty of every cheese maker, butter maker, manufacturer, salesman, buyer, dealer and exporter, to attend the convention and consider the better methods there proposed to enable them to retain and further develop their business. There is no work upon the farm where people vary so much in results as in dairying, therefore every farmer should attend and go home with a better class of ideas, and thereby make larger profits. Remember, we lead all countries in this, the greatest of all Canadian industries. The exports of our dairy products this past year have been thirty million dollars. This enormous sum of money has been brought into this Dominion in 1905, in exchange for cheese and butter. Is every person connected with this business doing all they can to further its interests? We need to get closer together on these matters, and no better way can be devised than to attend the Dairymen's Convention at Peterborough, Jan. 10, 11 and 12, 1906.

Scotch Youths For Bank Of Commerce

Eighteen Young Men From the Old Land Have Arrived in This Country to Join Staff of That Institution—Will be Distributed Around in Various Branches—Reasons Why the Importation of These Men Was Necessary.

A fine importation of new Scotch bank [illegible] has been received in the city consigned to the Canadian Bank of Commerce, says the Toronto Star. Some eighteen young gentlemen who [illegible] applicants for positions in the Canadian bank in reply to advertisements inserted in Scotch newspapers, arrived in town yesterday. Altogether about forty have been engaged in Scotland, and that much care was taken in selecting them is shown in the fact that these forty were chosen from some fifteen hundred applicants.

Average Age is 18.

The men who arrived yesterday constitute the two first consignments, as the passage of the first was delayed, and both parties arrived in the city at the same time. They are all young, 18 being the average age, and they have been brought out here because there were not sufficient suitable Canadian applicants to fill the vacancies which the bank had. The qualifications of a bank junior are that he must have been bright at school, be of good family, and must have himself a reputation for honesty. Any Canadian of this sort the bank is only too glad to employ. Mr. Alexander Laird, assistant general manager of the Bank of Commerce, told The Star that the [illegible] But they have not been coming in fast enough. The number of branches, the number of customers, the amount of business have increased very rapidly of late years, necessitating big increases in the staff. The promotion in a bank is acknowledged to be slow and the salaries for beginners are not high, although in late years they have had to be increased. There were, therefore, not enough Canadian youths to satisfy the demand.

Scotch Lads Preferred.

Mr. Laird himself received his training in Scotland, and may therefore have been partial to that country, but explained this morning that the bank authorities had chosen that country because the general atmosphere led to the development of bright, intelligent, but honest and plodding youth, which makes the ideal bank clerk.

These boys will receive a slightly higher salary than the junior who lives at home, for they are supposed to be dependent upon their salaries while learning the business. A young man has to be with the bank for about two years before he is considered useful, and the authorities believe that in the case of a boy living at home his parents should provide for him during this apprenticeship.

Rooms Provided.

As soon as the young men, who have just arrived, have learned some of the first principles they will be assigned to the branch banks throughout the country. In these the bank has sought to simplify the problem of living on a bank clerk's salary by providing rooms for its men.

These are not the first Scotchmen employed by the bank, but are the first directly imported under the bank's auspices. A great many have come over in search of employment and got it.

The Great Prosperity Of A Local Manufacturing Concern Reported; A Double Shift Of Men Necessary

An evidence of the unexampled prosperity of this city, is furnished by the fact that the William Hamilton Manufacturing Company's works, have never been as busy as they are at the present time.

The shops are at present working fifteen hours a day, and the statement is made that if the company were able to secure the men necessary to operate the works, they would run night and day.

The boiler shop is experiencing a particularly busy season, and the beauty of it is that there is no sign of a let-up to the rush.

One of the officials stated to-day that the company was shipping saw mill machinery to all parts of the Dominion, from the Maritime Provinces to British Columbia, but the greater part of it was being sent to Ontario and British Columbia, where the lumber industry seems to be in a most flourishing condition.

Recently a shipment of roasters was sent to Copper Cliff for the Canadian Copper Company, and a coal mining equipment has been manufactured and shipped to a mine west of Calgary, on the foothills of the Rockies.

This condition of prosperity is most gratifying, not only to the company, but to the citizens as well. It was not long since that it was feared that the lumber industry in Canada, and particularly in British Columbia, was not in a very satisfactory condition, but the state of affairs which exists now, when the firms manufacturing saw mill machinery, are unable to keep up with their orders, is evidence of the fact that the present conditions and future prospects are satisfactory.

Delightful At Home Was Held

Pupils of Mark Street Sunday School Enjoy Themselves.

Instead of the usual Christmas tree and entertainment the Mark street Sunday school held an at-home last night in the church basement.

The pastor, Rev. J. G. Lewis, B.A., who was to have occupied the chair, was unavoidably absent, owing to the death of the youngest child of his brother, Rev. H. T. Lewis, B.A., of Cobourg.

The superintendent, Mr. M. W. Matchett, welcomed those present on behalf of the school, and the following programme was rendered, after which gifts were distributed by some of the teachers to their scholars. From the school, Douglas Coon received a handsome Bible for being present 53 Sundays in 1905. At the close of the programme refreshments were served to all, and each child received a bag of candies and nuts. There was no admission fee, the event being for the Mark street school and congregation only, with their invited friends.

The programme follows:

Hymn, "All Hail the Power of Jesus Name."

Prayer.

Chairman's Address, M. W. Matchett.

Recitation, Dewart Lewis.

Selection, Mark street church choir.

Violin Solo, Miss Girvin.

Vocal Selection, Messrs. Nash and Ford.

Cornet Solo, Mr. J. C. Miller.

Song, Iola and Vyra Matchett.

Vocal Selection, Messrs. Nash and Ford.

Recitation, Hunter Lewis.

Vocal Solo, Mr. J. C. Miller.

Piano Solo, Miss Card.

Vocal Selection, Messrs. Ford and Nash.

Decrease In Births, Deaths and Marriages

City Clerk Armstrong has completed the vital statistics of the city for the year 1905, and gave the figures to the press this morning. There has been a decrease in births, marriages and deaths as compared with 1904, the figures being as follows:—

	1905.			1904.
	1st 1-2	2nd 1-2.	Total.	
Births	172	177	349	353
Marriages	64	116	180	199
Deaths	112	112	224	247

Last year there were 487 police court cases, as compared with 481 in 1904. In 1903, before the union of Peterborough and Ashburnham the number of cases was 378.

The figures seem to show that while the number of cases in police court is growing slightly, the growth is not in proportion to the increase in population. For instance in 1893 the number was 374, just four less than in 1903, and in the ten years the population had increased considerably.

Reorganization Of Show Card Class

The Y.M.C.A. show card class will re-organize on Monday evening, under the instruction of Mr. A. W. Bunt, show card writer for Mr. Richard Hall & Son. Any men interested in the study are asked to attend.

Assault Cost Ten Dollars

At the police court this morning Jas. Sutherland, chargged with assaulting Ed. Gross pleaded not guilty. It transpired that two young men had been quarreling, and later the defendant struck the complainant without provocation. He was fined ten dollars and was forced to pay forthwith.

Lakefield Loses An Important Industry

The Saw Mill of Messrs. White & Co., Destroyed by Fire--Loss Will be $3000, Partialy Covered by Insurance--Origin of the Fire a Mystery--The Mill Will Probably be Re-erected in the Near Future.

Special to The Examiner

Lakefield, Jan. 6.—This morning about 4.30 a disastrous fire occurred in this village, and as a result Lakefield loses one of its most promising industries. Messrs. White & Company's sawmill was discovered to be on fire about 4.30, and in a short time the whole structure was enveloped in flames, and before it could be checked it was completely destroyed. The origin of the fire is a mystery, but it is supposed to have started from the boiler room, where there was fire yesterday. This mill, which employs about eight hands, runs almost the year round, except for a short time in the summer and in mid-winter. At the present time there was about a week's cut of logs on hand. The company does not own limits, but buys its timber.

The loss is estimated at $3,000 with some insurance, but not enough to nearly cover the loss.

This mill has been running about seven years, and was for some years operated by the late Zack White, and, since his death, by the executors of his estate and Captain White. It was one of the most prosperous of the town's industries, turning out many million feet of lumber every year.

Although nothing definite is known yet, is is probable that the mill will be rebuilt in the near future.

WANT AND REAL ESTATE ADS.

Mission Band Scores Success

Murray Street Organization Held Tea and Concert.

The annual tea and entertainment in connection with the Mission Band of Murray street Baptist church, held last night, was a gratifying success. There was a large attendance of the members of the band and their friends. A delightful evening was spent.

Tea was served in the basement of the church at 6 o'clock to the members of the band, and between that hour and 8 o'clock, when the programme commenced, the young people enjoyed themselves in a free and easy manner. Rev. F. J. Scott ably filled the duties of chairman, and in his opening address welcomed the friends of the band to the entertainment. He explained the objects of the organization, which was to deepen the general interest in mission work and to extend practical assistance to the cause. The members were given in the meetings instruction in missions, and the interest awakened as a result of this instruction was proving beneficial to the cause.

The programme was of a pleasing nature and was as follows:

Piano Solo, Miss S. Routley.
Chorus by the band, "Christmas Bells."
Recitation, "Kitty's Lesson," Morgan Cottingham.
Rockabye Song, by twelve little ones.
Recitation, Bertha Debart.
Rainbow Drill.
Recitation, "The Wind," Miss Stella Dugan.
Dialogue and Song, "Santa Claus," members of the band.
Recitation, "The Duel," Miss Maud Evans.
Lullaby Drill, by a number of girls.
Recitation, Ethel Hardwicke.
Chorus, "Jack Frost."
Recitation, Miss Maud Titterson.

After the programme a vote of thanks was moved by Col. Edwards and seconded by Mr. C. B. Routley, to Mrs. G. K. Martin, her daughter, and others who had assisted in training the members of the band.

The receipts, which were very satisfactory, will be devoted to the support of a Bible woman in India.

Special Meetings At Park Street

On Monday a two weeks' series of special meetings will commence at the Park street Baptist church. The pastor will be assisted by Rev. J. S. Leckie, of Brighton, who is a man of rich experience in frontier evangelistic work, and his two weeks' visit here will mean a good deal for Peterborough. Christian workers of all denominations are asked to attend in large numbers. A quartette has been provided for the series and a full choir will be in attendance each night.—Com.

STORY COMPETITION

Miss Carrie Barrett, one of the winners in the story competition, writes to The Examiner in acknowledgment of her prize, as follows.

Peterborough, Jan. 5, 1906.

The Examiner Printing Co.,

Dear Sirs,—In reply to your letter of the 22nd, I wish to express my sincere thanks for the prize.

I also wish to thank the judges who deemed my story worthy of a prize. Wishing your paper every success, I remain,

Yours respectfully,
CARRIE BARRETT.

To-morrow At Mark St. Church

In the absence of the pastor Rev. Mr. Elliott, a graduate of Victoria University, who is preparing for foreign mission work, will occupy the pulpit at both services at Mark Street Church to-morrow.

Mrs. (Rev.) Campbell will conduct the pastor's class at 10.00 in the primary class room.

Mr. W. Crowe, will lead the other morning class in the basement as usual. The Sabbath School will meet at 2.45. Everyone is invited.

The prayer service in the basement at 6.15 every Sunday evening is for both young and old. These meetings are proving very helpful.

The special evangelistic services will be resumed on Monday evening, and continue all next week, beginning promptly at 8, preceded by a brief song service. Come along and bring a friend.—Com.

Eczema for Twenty Years.

"I was troubled with eczema for twenty years and was treated by three doctors to no avail. Dr. Chase's Ointment has cured me completely and I have not had the slightest return of this disease." — John Pratt, Blyth, Huron Co., Ont.

A balance of ten millions sterling, due to depositors, was announced at the annual meeting of the Glasgow Savings Bank. The lord provost, who presided, said that this was a record in the bank's history. A hundred thousand depositors have $50 to their credit. Glasgow depositors have saved more than Liverpool and Manchester combined.

The Farmers of Otonabee Hear Good Addresses

Meetings of Farmers' Institutes Held at Stewart's Hall on Friday Were Well Attended—A Most Successful Series—Messrs. Fraser and Shearer Give Addresses—Some Practical Questions for the Agriculturists.

ONTARIO FARMERS ARE TO THE FRONT

The meeting of the West Peterborough Farmers' Institute held in Stewart's Hall, Otonabee on Friday afternoon and evening, were among the most successful of the whole series. The attendance at both the afternoon and evening meetings was large, and the addresses were most interesting.

President Hunter presided at both meetings, and in the afternoon the first speaker was Mr. W. S. Fraser, whose subject was "Feeds and Feeding." He said the subject of feeding was a very wide one as all plants as well as animals could not live and thrive without food. Some kinds of plants and grains are too valuable to use extensively for animal foods, consequently we must find what kinds of foods to use in order to get best results from the feeds used. In order to get those conditions we want to use the best mixtures we can to produce a ballanced ration. Charts were used to show the nutritive value of the various ordinary feed stuffs or plants, giving amount of protein and carbohydrates contained in each. He gave as his opinion that Alfalfa clover was one of the very best and most profitable crops. He had, himself, grown it, and cut it three times in the season, getting five tons per acre as an average crop. Red clover was also good for feeding purposes; neither of those taking much fertility from the soil. Timothy hay was a food that takes a very large amount of nitrogen from the soil.

This address was well discussed by the audience and the speakers.

Mr. Shearer was then called on to speak on "Selecting a Dairy Herd." There was also on this a number of questions asked by the farmers, which were answered by the speaker, making it a very interesting and instructive meeting. After this address Mr. Fraser described the noxious weeds which infest a great many of our farms, using the charts supplied by the Department of Agriculture.

The Evening Meeting.

There was a larger attendance at the evening meeting, when the programme was of a more varied nature. President Hunter again occupied the chair.

After the chairman's address, Mr. Bert Deyell delighted the audience with a well rendered vocal solo. Mr. Fraser gave his address on "Something needful for farmers."

He commenced by congratulating the people on the interest taken by them in the Farmers' Institute, and compared Ontario with other provinces which have no such institutions to educate the agriculturists. He considered the people of New Brunswick at least forty years behind the times as farmers. He then went on to point out the advantages of sowing the best selected seed grains. It was just as important, however, to have the best tillage along with the best seed. The best way to get rid of the noxious weeds that infested farms was then discussed. Weeds were divided into three classes — annuals, biennials and perennials, and the best mode of eradicating each class was given. The speaker urged the importance of guarding against the introduction of those weeds in buying seeds, especially clovers and grasses. The advantages to be gained by becoming a member of the Institute were pointed out, as well as the best way to meet and discuss those matters which were of vital importance to the agriculturist. They could with advantage meet together occasionally in their own hall, without any delegates. The value of the reports received by the members was pointed out. He showed how the farmers should put forward unitedly their best efforts in order to produce cheaply the very best of every product they produce on the farm.

A recitation was then given by Miss Clara Deyell and much appreciated.

Mr. Shearer followed with an address on "Purebred Poultry for Boys and Girls." He commenced by giving an account of a girl who had made a large sum of money out of a flock of common hens, and described some of the ways of getting started with a flock of pure-bred poultry. Next he gave the best way to manage hens and chickens, feeding, housing and breeding. He emphasized the importance of keeping them free from vermin, and gave full details of the best rations to be used, which included, grains, mashes, mangolds, ground green bone, oats barley and flax, which made a splendid balanced ration.

After the usual vote of thanks had been passed, the meeting closed with the National Anthem.

The Elections In Ennismore

The election in Ennismore on January 1 resulted as follows:

Samuel Killen, Reeve, acclamation.

The councillors were:

Daniel Kennedy, 123.
Timothy Crough, 119.
Michhael Perdue, 110.
William Harrington, 106.

SALVATION ARMY BARRACKS.—Simcoe street.—Staff-Captain and Mrs. McAmmond in charge. Services—11.00 a. m., 3.00 p. m., and 7.00 p. m. The Band will play special selections in all the meetings. All are invited. Strangers are welcome.

BETHANY TABERNACLE. — George street, Rev. A. E. Steurnagel, pastor Services.—11.00 a. m. and 7.00 p. m. 3.00 p. m., Sunday School and Bible Classes.

FIRST CHURCH OF CHRIST SCIENTIST, 372 Aylmer Street.—Services. — Sunday 11.00 a. m., and 7.00 p. m; Sunday school after Morning Service; Wednesday 8.00 p. m., Testimony Meeting. Pastor, "The Bible and Science are Health, with key to the Scriptures, by Rev. Mary B. G. Eddy". The public are welcome at these services. Seats free. Reader's Residence 456 Aylmer street. The subject for to-morrow will be "Truth."

THE CITY MISSION BAND, 360 1-2 Water street. Services—Sunday 11 a.m. and 7 p.m. H. B. Luck in charge. Open air services at corner George and Simcoe streets at 6.30 p. m. Tuesdays and Fridays in the Hall at 8 o'clock. Everybody welcome. Any one who is not in the habit of attending any place of worship, will be gladly welcomed.

New System Is Working Well

St. Paul's Adopts New Method of Raising Connexional Funds.

The membership of St. Paul's church was very fully represented last night at the Preparatory service. Rev. Dr. Torrance conducted the preliminary service and the Rev. A. H. Brace preached the sermon from Matthew 26; 20: "Now when the even was come He sat down with the twelve." A large number presented themselves for fellowship and were very tenderly addressed by the pastor, especially the young men.

St. Paul's is to be congratulated on their new departure in presenting offerings for missions and the various enterprises of the Denomination. Instead of periodical appeals, offerings will be presented in envelopes each Sunday, distinct from the envelope which provides for the ordinary revenue of the church. This is a distinct advance and is certainly the ideal method.—Com.

The Coventry town council, Eng., has decided to spend a further sum of $25,000 for the purchase of electric motor cars to be let out on hire. The previous investment of $35,000 for a similar purpose is earning about 12 per cent. interest.

THE NEW BOOKSHOP'S

"HAPPY NEW YEAR" TO ALL ITS PATRONS

The fact that the New Bookshop was not completely fitted up and stocked until after the Christmas Trade was well begun, might have been a good reason for a poor start and a slim business. But the reverse has proved to be the case. Notwithstanding all our disadvantages, we were greeted with a volume of business entirely beyond our expectations.

For the want of enough salespeople many customers had to go away unserved—a circumstance which we especially regret. But our first Holiday Greeting can truly be one of gratitude to the public of Peterborough for the hearty opening welcome the New Bookshop has received

RETURN GIFTS AND NEW YEAR'S GIFTS are here for your selecting. The trail of the Christmas trade has left hundreds of articles which you can buy at very special prices. Come and see.

Large Market And Sales Brisk

Produce Was Offered in Large Quantities.

This week's downfall of the beautiful was the obvious cause of the large influx of people from the surrounding districts to the market this morning. The offering in every line of produce was large and selling was brisk, at good prices. Last Saturday's market was somewhat of a disappointment, it being the smallest since September. The deficiency in attendance was, however, more than compensated for by that of to-day.

The market hall was crowded during the morning hours, and was cleared by 12.30 o'clock, which is unusually early in view of the large amount of merchandise on sale.

Eggs ranged in price from 25 to 30c. per dozen. Butter was a plentiful commodity and sold at 22 to 23c per pound. There was a plentitude of poultry of various kinds. Turkeys were most in evidence, the usual price being 13c per lb. Chickens brought from 50 to 90c per pair. The offering of geese was large. They brought from $1 to $1.25.

On the outside market hay came in in large quantities and sold readily at $7 to $9 a ton. The supply of beef was abnormally large, though it was disposed of with considerable rapidity at 4 and 5c per lb. A slight advance was noticeable in the price of pork over that of last week. The "dressed" price was 7 1-2 and 8 1-2 cents. Hogs are now bringing $5.75 and $6 per cwt. Potatoes sold at 85c to $1 per bag. Apples were plentiful, prices being 75c to $1.50 per bag, according to the variety.

The indications are that the supply of wood will be larger this year than last. Hardwood sold rapidly to-day at $5.50 to $6 per cord; soft varieties bringing from $3 to $5.

Installation Of Officers

At Royal Lodge Oddfellows No. 286, Havelock.

At Havelock last night the installation of officers of Royal Lodge 286, I.O.O.F., took place. The following Peterborough Oddfellows attended: Bros. Albert Fowler, P.G., Jos. Fowler, B. Matchett, P.G., F. Wise, P.G., Robt. Milligan, P.G., W. H. Lytle, J. Kearns, Geo. Payne, P.G., Geo. Jobbitt, A. Bradshaw, J. Jordan, B. McKee, F. McFadden P.G., S. Wallace, P.G., and Dr. McKercher.

The installation was conducted by District Deputy Ward Patterson, assisted by the Past Grand Masters present and the members of the district committee. Degrees were conferred upon three candidates. After the election of officers had taken place a delightful oyster supper was served in the commodious dining-room. No toast list was run off as the business of the evening was particularly large. After the supper the Oriental degree was conferred upon twenty-three candidates.

The Peterborough party left last night on the 7.40 train, and returned this morning at 5.15. They were most hospitably entertained by the Havelock Oddfellows, and were, without exception, highly delighted with their visit.

The installation of officers will take place at Norwood, Peterborough, Otonabee, Pontypool and Lakefield in a short time will be eagerly looked forward to by all the Oddfellows of this district.

The following officers were installed at Havelock last night:

P. G., Bro. W. T. Fairman.
N. G., Bro. N. C. Deslke.
V. G., Bro. W. Backus.
Permanent Secretary, Bro. E. Fennel.
Recording Secretary, Bro. Jas. Barlow.
Treasurer, Bro. Geo. Child.
Warden, Bro. John Howe.
Conductor, Bro. J. V. A. Cass.
O. G., Bro. Wm. Cole.
I. G., Bro. Gordon McIntosh.
R. S. N. G., Bro. J. Campney.
L. S. N. G., Bro. Robt. Barlow.
R. S. V. G., Bro. John Armstrong.
L. S. V. G., Bro. Wm. Ranton.
R. S. S., Bro. Wm. J. Boyd.
L. S. S., Bro. N. P. Tibby.
Chaplain, Bro. A. Chumin.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Sir,—I was fortunate enough to witness "Leah the Forsaken," as presented by the Summers' Stock Company last night, and while I have seen a good many repertoire companies in Peterborough, I have no hesitancy in expressing my opinion that this company, with Belle Stevenson capably portraying the leading role, is the best stock company that has visited this city, and is worthy of good support in any town or city in Canada. It is easily strong enough to hold the attention of the audience without the introduction of vaudeville features between acts. One thing I noticed last night that was very objectionable to the majority of the audience, was the whispering and restless movement of disinterested persons, particularly boys, during the emotional parts. The management should take steps to have such conduct eliminated at once.

Yours,
"THIN SPACE".

CURLING

Four scheduled games were played last night at the Charlotte street rink, the scores being as follows:—

Archibald	R Carton
J Willey	R Thornton
R Sheehy	S H D Hall
Dr. Eastwood	T Brightman
C N Boswell, sk 8	W J Thompson sk 8
H F Ackerman	Ferguson
W Smith	S Sharp
R M Waddell	G B Stevenson
Bellingham, sk 8.	Medd, sk. 11.
P Laing	W Richards
D Cameron	R Kerr
E Clegg	E M Best
Neill, sk 16.	W D Campbell, sk 9.

The schedule for the first three days next week is as follows:—

Monday, January 8th.

Waddell vs. S D Hall.
D Hall vs Bellingham.
Medd vs Thos Rutherford.
Tooley vs Giroux.
Brown vs Scarrow.

Tuesday, January 9th.

Greer vs Connal.
Edwards vs Hay.
Morrow vs Knapman.
Ray vs Brightman.
Neill vs Dixon.
Fitzgerald vs Campbell.

Wednesday, January 10th.

Matthews vs S D Hall.
C Rutherford vs Eastwood.
Waddell vs Laing.
Stanger vs McIlroy.
Bellingham vs Ferguson.
Thos Rutherford vs D Hall.

SKATING IN BROCK STREET RINK TO-NIGHT GOOD ICE

The War Office, on the advice of the Royal Commission, headed by Mr. Justice Farwell, of the British High Court of Justice, now sitting in South Africa, has ordered the prosecution of the officers concerned in the South African war scores scandal.

Mr. Edward Terry, who was condemned to death for murdering a Chinaman as a protest against Asian immigration, at Wellington, New Zealand, has had his sentence commuted to life imprisonment.

Excessive smoking of inferior cigarettes, producing nicotine poisoning, was declared by a coroner's jury to have caused the death of John Percy Metcalfe, aged sixteen, at Wanthill, near Ludlow, England.

The executors of Francis Thomas de Grey, seventh and last Earl Cowper, paid into the Treasury a check for $472,000 death duties of the late earl's estate, the value of which has been sworn at $5,500,570.

The apparent deformity of a hunchback arrested in Paris was found to be a wicker-work contrivance, in which he had stowed several hundred pounds worth of stolen jewellery.

A record in the annals of Central African telegraphy has just been made in the sending of a telegram from Glasgow to Blantyre, in British Central Africa — a distance of about 10,000 miles — in one hour and twenty-seven minutes.

An informant who has returned from the famine-stricken northeast provinces of Japan states that the condition of the people there is deplorable. The advent of winter finds thousands on the verge of starvation, and speedy relief alone can save them.

Owing to a child having been poisoned by laudanum contained in a patent medicine, the Provincial Government of Victoria, B.C., has appointed a commission to introduce legislation protecting the public from poisons contained in patent medicines.

The Earl of Elgin, the colonial secretary, has granted the request of the British Cotton Growing Association that the conferences which have been held during the last eighteen months at the colonial office, between officials of the colonial office and representatives of the association, be continued.

Accounting for the great decrease in the number of tramps lately admitted to the Beaminster, England, workhouse, the master remarked they were all going to London to join the unemployed. One tramp said they just earned enough to get a pair of boots and trousers, and then tramped to London.

In the pretty garden of Pyrford vicarage, in Surrey, England, stands a fruitful apple tree which does good service in the missionary cause. In 1870 the Rev. T. A. Esdaile dedicated the tree to the service of the Church Missionary Society. Since that year it has yielded fruit to the total value of $75.50.

Safeguard the Children

AGAINST CROUP AND COLDS BY ALWAYS KEEPING AT HAND

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

There are some reasons why Dr. Chase's Syrup of Linseed and Turpentine is the most suitable treatment obtainable for children.

It is pleasant to the taste, and children like to take it.

It is composed of simple ingredients of proven value in the cure of throat and lung troubles.

It is positively free from anything of an injurious nature, and can be used with perfect safety with the smallest child, so long as directions are followed.

It is wonderfully successful in the prevention and cure of croup.

It promptly relieves even the most severe chest colds and brings about a thorough cure.

You are not experimenting when you use Dr. Chase's Syrup of Linseed and Turpentine, for it is the standby in thousands of homes, where time and again it has proven its exceptional worth.

When you make up your mind to safeguard your children by keeping Dr. Chase's Syrup of Linseed and Turpentine in the house, do not allow your dealer to persuade you into taking something on which he has a larger profit.

Mrs. (Wm. Ball, Bracebridge, Ont., writes:—"I can recommend Dr. Chase's Syrup of Linseed and Turpentine most heartily for all forms of colds, and I think if every family would use it for their little ones it would save lots of worry and expense as I find it prompt and lasting in its effects.

"My three youngest boys had whooping cough this winter and we could get nothing to help them until we sent for Dr. Chase's Syrup of Linseed and Turpentine. It arrested the coughs at once and they kept on improving until they were cured at the cost of one dollar. That was not a large bill for so dangerous and distressing an ailment."

In the hour of emergency, when croup or colds seize your child, the cheap substitutes will fail you, but Dr. Chase's Syrup of Linseed and Turpentine never disappoints. 25 cts. a bottle, at all dealers.

CENTS IN ARIZONA.

In Many Towns They Are Good Only at the Postoffice.

Phenix is fast becoming a penny town. That does not mean that it is getting to be a smaller place, but in the matter of manners and customs a larger and more important place.

It has not been many years since a penny was a curiosity in Arizona, and it is still rare in some of the mountain towns. In those days a quarter was small change and nickels were only good to give to the children.

But those days have changed. The change was brought about partly by the department stores, which thought to drive competition closer, but more by the winter tourist army that visits the southwest.

It is not that they are less liberal than other persons, but they use pennies at home all the time and have them in their pockets when they come to Phenix.

Though few things are advertised outside of the dry goods line in which the penny is a unit of valde, it is always good at the postoffice, and every tourist does business with the postoffice first and other places afterward.

It did not take long for many of the home people to "get the habit," and now most everybody can produce a penny if he tries, though it is still the habit of old settlers to tell the postmaster or clerk to keep the change.

In the winter the postoffice is flooded with pennies, for the tourists leave theirs. An old settler, who gets them on the outside in trade or any other place, offers them to the postmaster or gives them to somebody else to offer to the postmaster when he would not think of showing pennies anywhere else in town.

But in the summer the pennies flow out again with the flight of the tourists, and by midsummer the postoffice has to hunt for small change, sending to other towns for pennies.

Tucson does all it can to discourage the penny, and in this it has the moral support of the old timers.

It is related that near the depot at Tucson is a curiosity shop that travelers often visit while their trains are being made up in the yards and that not infrequently a woman will pick out a post card or two and offer pay for them in pennies, whereupon the dealer responds that that kind of money is not good in that city, but if she is anxious for a card he gives it to her.—New York Herald.

Where Two Worlds Meet.

The old world and the new draw so nearly together at Bering strait that steamers pass from Asia to America in a few hours, and Eskimos frequently cross between the two continents in their oomiaks. Regular communication between the two would have been established long ago but for the fact that for seven months in the year the Arctic ice renders the few miles from Cape Prince of Wales to the opposite Siberian coast impassable to old fashioned means of communication. Modern science, however, triumphs over the forces of nature, and at present the eyes of capital are turned toward Bering strait for rapid communication between America and Asia, both by telegraph and railroad.—Sunset Magazine.

Love and Diplomacy.

A curious story of love and diplomacy is current in Rio Janeiro. Relations between Peru and Brazil were strained on account of boundary disputes, and the Peruvian minister at Rio Janeiro was ordered to reach a better understanding. Whether as a means to the end or by accident, in the course of his negotiations the Peruvian minister fell in love with the daughter of Brazil's minister of foreign affairs. After this relations between Peru and Brazil became harmonious in the extreme until the Peruvian proposed and was rejected. Then he proceeded to pen a series of official notes of such acerbity that communication had to be broken off altogether, and a new Peruvian minister is necessary in Rio.

Peruna is recommended by fifty members of Congress, by Governors, Consuls, Generals, Majors, Captains, Admirals, Eminent Physicians, Clergymen, many Hospitals and public institutions, and thousands upon thousands of those in the humbler walks of life.

THE CINNAMON TREE.

How the Bark Is Gathered and Prepared For Use.

The cinnamon tree grows to a height of from twenty to thirty feet and is sometimes eighteen inches in thickness. The leaves are from four to six inches in length, oval pointed and marked with three principal nerves. They taste very much like cloves. Cinnamon flowers are of a beautiful silky gray on the outside and a light yellow on the inside. The fruit is a small acorn shaped drupe, and when ripe it is quite brown.

It is, however, the bark of the cinnamon tree that makes it valuable. The finest comes from the island of Ceylon, where they have two seasons of cinnamon harvest. The first season begins in April and the last in November. The branches of three to five years' growth are cut down, and the epidermis is carefully scraped away. Then the bark is ripped up lengthwise with a knife and gradually loosened until it may be easily removed.

The slices of bark are then placed in the sun to dry, and as they dry they curl up into quills. The next thing is to examine and arrange the cinnamon according to its quality. The persons whose work it is to examine the cinnamon are obliged for this purpose to taste and chew it, although in a short time it produces a very painful effect on their mouths and tongues.

As the cinnamon quills are examined the smaller ones are inserted into the larger, and the whole is then tied up in bundles weighing about eighty-eight pounds each.

In Ceylon the oil of cinnamon is usually prepared by grinding the coarsest pieces of bark, soaking this powder in sea water for two or three days and then distilling. Two oils pass over, one lighter the other heavier than water.

Crocodiles in Egypt.

In Egypt the natives believe that crocodiles cry and moan like men in distress in order to attract and make a prey of the unwary.

African Children.

The children of the blackest Africans are born whitish. In a month they become pale yellow; in a year, brown; at four, dirty black, and at six or seven, glossy black. The change is in the mucous membrane below the cuticle.

The Swiss Confederation.

The Swiss confederation had its origin in a league composed for purposes of defense by the men of the three cantons of Uri, Schwyz and Unterwalden as far back as 1291. As years went on other cantons joined the confederation, some of the latest being the cantons of Geneva, Valais and Neuchatel

Animal Habits.

The hedgehog, badger, squirrel and some kinds of mice lay up a regular store of provisions for the winter. It is said that they eat only during mild weather and in extreme cold remain torpid.

SAVE OLD RAGS.

They Come In Very Useful In Many Cases of Sickness.

All good housewives should save all their old linen, muslin underwear, towels and flannels. One never can tell when they will come in handy.

One family which was so healthy as to be a byword in the community had a careful and economical woman at its head, and she always saved old petticoats, chemises, handkerchiefs and the like, having them washed, ironed and put away, as well as sections of worn bath towels and old blankets—all put away perfectly clean.

Recently this family had a long case of typhoid fever and another case of erysipelas, when those old rags were worth their weight in gold. The old towels and pieces of blanket were used to protect the bed when washing the patient, the old handkerchiefs were used for washing out the mouth and eyes, as well as for their original purpose, and the old soft muslin and linen rags were ideal for bandaging the erysipelas patient when using a salve that would ruin anything it touched.

Nothing new can be bought that will take the place of soft old rags, and she is a wise woman who puts hers away clean in a safe place.

FOR A SMOOTH SKIN.

Some Ways For Preventing or Getting Rid of Wrinkles.

Plans to defeat wrinkles are legion, but one which has been used for many generations is better in many ways than those of later invention. This is intended to have a tonic effect on the skin while preserving its softness and suppleness. To make it, take juice of lily root, 60 grams; honey, 15 grams; white wax, 30 grams; rose water, 12 grams. Melt the wax, and mix the rest of the things as it begins to grow cold. This makes a pomade which is laid on the face thickly at night and wiped off with a soft cloth in the morning.

Another excellent paste for the same purpose is made by taking sixty-four grams of very fresh cold cream and beating in with it four grams of powdered camphor gum and the same of simple tincture of benzoin in an equal quantity of rectified spirits of wine. This is to be applied at night after washing the face. Another formula for wrinkles is fifteen grams of powdered alum and fifteen grams of sweet almond oil. A very recent plan is to use pomades of menthol, in proportion of 10 to 20 per cent, according to the susceptibility of the skin.

Crushed Beneath Heavy Load.

Toronto, Dec. 6.—Fred Howard, driver for McKay & Forsythe, lumber dealers, was so badly injured yesterday afternoon that he died an hour later. Howard was driving his team down the grade at Sunnyside, near Hicks' boathouse. He was walking alongside the horses and slipped, the wagon, with its heavy load of lumber passing over his chest, crushing him. He died before he could be taken to the hospital.

The Cent Is Not Small.

With the exception of the English penny, the cent is the largest minimum unit of money in the civilized world. Roughly speaking, our cent is worth 2 kopecks, 2 cents Mexican, Chinese and East Indian, 2 atts or milliemes. It is two and a half times larger than the cent of the Netherlands or the kreutzer. There are 4 pies, ore, or pfennige to the cent or 5 bani, centesimi, lepta, heller, pennia, centimes or stothiki. A cent is worth 10 paras Turkish or 10 Japanese rin, 11 cash Chinese or 50 paras Servian. What the trolley car conductors of Servia say when tendered a five cent fare in paras would probably not be fit to print.

Madison's Mint Julep Bet.

Among the trees at the edge of the lawn on the right hand side of the house as you face the mountains James Madison built an icehouse. This was in 1800, and it was the first icehouse in Orange county, Va. Ice in summer! His servants were incredulous. And he bet his overseer an iced mint julep on the Fourth of July, against which the latter wagered a wild turkey. Of course Madison won the turkey.—Country Life in America.

IF WOMEN ONLY KNEW

Thousands of women suffer untold miseries every day with aching backs that really have no business to ache. A woman's back wasn't made to ache. Under ordinary conditions it ought to be strong and ready to help her bear the burdens of life.

It is hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause in the world.

But they can't help it. If more work is put on them than they can stand it's not to be wondered that they get out of order. Backache is simply their cry for help.

DOAN'S KIDNEY PILLS

will help you. They're helping sick, overworked kidneys—all over the world—making them strong, healthy and vigorous. Mrs. F. Ryan, Dougherty, Ont., writes "For over five months I was troubled with lame back and was unable to move without help. I tried all kinds of plasters and liniments but they were no use. At last I heard tell of Doan's Kidney Pills and after I had used three-quarters of the box my back was as strong and well as ever."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

IMPROVIDENCE!

One reason why so many people fail to save is that no definite plan of economy is adopted.

The improvidence of a large number is not due so much to a desire to spend every cent. they earn, as to their failure to understand the value of small economies.

Open an account with our Bank to-day, no matter what may be the amount.

SATURDAY, JANUARY 6, 1906.

THE POWER OF NUMBERS.

The City Council is wise in its efforts to procure a large deputation from the towns and municipalities along the route of the Trent Canal, to visit Ottawa in the interests of canal completion. While the Minister, as a man, is supposed to yield only to appeals to reason and policy, it is safe to say that as a politician he will be forcibly impressed by numbers. It is also safe to say that the most influential single citizen of a town or district, constituting a deputation to wait upon a Minister or government, would not, no matter how cogent his arguments, or how well presented his case, have the moral, and, ultimately, material, effect that a deputation of a hundred comparative nobodies, from the same place, would exert. This is not to say that deputations are ever composed of nonentities; the term is only used for comparison, and to illustrate the point that numbers count in a deputation as an evidence of faith in the enterprise promoted, and of earnestness in the attainment of the object sought.

In illustration, the experience of Morrisburg, which was seeking a lease of power from the canal at that place, from the Dominion Government, to hand over to a large industry locating there, which had been given exemption from taxation, and other privileges, might be instanced. A deputation of six prominent property owners went to Ottawa to oppose the granting of the power application, as the terms of the transfer of the power to the industry were not considered to be in the town's interests. The next day or two after, a deputation of such large numbers as to overflow the office of the Minister of Railways and Canals, and necessitate the interview being given in the Legislative Chamber, proceeded to Ottawa. The big deputation won out, and Hon. Mr. Emmerson granted its request.

It is not to be inferred that the Minister was unduly influenced to act otherwise than in the public interest, but there is no doubt that with the same cause, the same arguments, the same reasons, the larger the deputation the greater the chances of success. If Morrisburg, with a population under 2,000, can send a deputation to swamp the Minister's office, what would be the proportionate size of a deputation drawn from all the large population of the district through which the Trent Canal passes, or will pass, when completed? It is hoped that Alderman Mason, and the City Council, will lay pipes to secure the nomination of a great deputation for the sake of the moral effect it will produce. There is not so great need for argument. The Government recognizes the policy of completing the canal, so that, as to its national and local importance, no elaborate argument is required. The necessity is to impress upon the Minister and the Government the earnestness and determination of the people of this district in their desire to have construction work put into motion, or—know the reason why. A big deputation will not only influence the Government, but will show those opposed to the enterprise, that there are forces and influences behind canal construction which must be yielded to.

Peterborough, as by all odds, the most important centre in the canal district, is the natural leader of a new crusade in favour of immediate undertaking of work providing for completion of the canal. A big deputation's the thing.

EDITORIAL NOTES.

The election courts refuse to play to the Gallery.

A recount in Alberta displaces a Liberal and gives the seat to a Conservative. The Opposition will now have two members of the Legislature. With a pair they should play the deuce with the Government.

Some journals are complaining that the Dominion Government are not taking enough interest in the Colonial preference question. It is to be remembered that there is a general election in Great Britain and that this question forms a subject of discussion. Canada is prepared to meet Britain generously if the latter gives a Colonial preference, but after the snubbing Canadians like Hon. Geo. E. Foster, who have interfered in British politics, have received, it seems that our business is to mind our own business and let the British people fight out their own elections. They have managed to look after themselves for a thousand years or so and seem to be capable of doing it yet—on sea or land or in election contests.

King's Accession To The Throne

Will be Fittingly Celebrated in St. Luke's.

Monday, January 22nd, 1906, the anniversary of the King's Accession to his ancestral throne, will take place. The rector of St. Luke's intends celebrating this anniversary by a patriotic service on Sunday evening, January 21st, when he will preach on "The Secret of Britain's Strength." Special music will also be provided.—Parish Magazine.

Vestments At St. Luke's Church

Matter Will Probably be Discussed at Vestry Meeting.

St. Luke's Parish Magazine in its last issue has the following in reference to a matter which is engaging the attention of a number of the churches in the city at the present time:

Many of our church members have expressed their keen disappointment at not seeing materialized, the proposed vesting of our choir in cassocks and surplices. Under the circumstances, seeing that some of the pioneer members of the church were opposed to the venture, the Rector did not feel justified to press the matter, unless an opportunity were given to all to express their views at a congregational meeting. Several have expressed their intention to discuss the choir vestments at the forthcoming Easter Vestry meeting, which is, of course, the right place to decide upon matters of such a nature. At any rate it is hoped that nothing will be done which would disturb the peace and harmony of the congregation. All cannot see eye to eye in all things, but all can manifest a kind spirit, "to give and to take," and to mutually agree to do all that is possible for the interest and progress of the church. The variety of headgear and ornaments of the lady members should be one good reason for adopting a uniform vestment, besides this, other reasons in favour of the change could be mentioned. In the meantime, we would urge upon our friends to think of the matter in a broad-minded spirit. As a badge of churchmanship, of course, choir vestments should not be considered. A friend of the Rector has promised to pay half of the costs arising from the change, should it be adopted.

No Funerals On Sundays

Blenheim, Ont., Jan. 5.—Blenheim ministers have decided to put a stop to Sunday funerals and have entered into an agreement with each other not to officiate at funerals on Sundays except in cases of extreme urgency. Last Sunday was the first since the rule was adopted. The relatives of a young man who insisted upon burial on Sunday were unable to obtain the services of a minister and called in a prominent layman, who officiated at the grave.

Peterborough Boy's Success In Stratford

Mr. W. H. Crowe, a Native of This City, is Now President of the Stratford Chair Company--Start of His Rise in the Business World is Interesting--Brother of Ex-Alderman Jos. Crowe.

The Examiner is always glad to recognize the success of former Peterborough boys and for this reason a reference to Mr. W. H. Crowe, a native of this city, and a brother of ex-Alderman Jos. Crowe, from the Stratford Beacon, in its Semi-Centennial Number, is gladly published.

The Beacon says:

Stratford is justly proud of the group of factories located in the eastern section of the city, which seems to point to the development of the district in distinctly the manufacturing portion. In the midst of this group and the newest of these industries, is the factory of the Stratford Chair Company, an institution which is at present, and promises to be still more, a feature in the city's industrial life.

The firm is headed by Mr. W. H. Crowe as president, and Mr. W. H. Nicholls as secretary-treasurer, both of whom have been for years intimately associated with the furniture business, and who are devoting the whole of their time to the development of the trade here.

The company confines its attention entirely to the manufacture of chairs —specializing in this line. And this fact alone should be assurance of the excellence of their goods. But other facts as well lead to the same conclusion. For instance the factory has been equipped with an altogether new plant of up-to-date machinery, the raw material is of the best, the designing is done by the firm's designer in the factory, the above mentioned members of the firm giving their personal attention to the minutest detail of the business. It is not to be wondered at therefore that the company's business since it began operations in February of the present year, has shown remarkable and steadily increasing growth.

The output is general lines of medium and high grade chairs, in oak and mahogany. The upholstering is looked after in a special department, insuring the thoroughness of the work.

The factory itself is a four-story building of concrete cement construction, the only concrete factory building in the city. Some idea of its size, may be gathered from its floor space, which totals 36,000 square feet. An interesting feature is the drying kiln which is fitted, as is also the factory proper, with the Mitchell system of vacuum steam heating.

The evolution of a chair is an interesting process, and here it may be seen throughout, from the sawing of the rough lumber to the assembling of the finished parts.

A visit to the company's factory will furnish an interesting and educative object lesson in the possibilities of modern manufacture.

The company's shipping facilities are of the best. A siding connects the factory with the line of the G.T.R. and they are thus enabled to ship directly to their markets, which extend from the Atlantic to the Pacific.

A brief sketch of the gentleman who directs the company's business may be of interest. Mr. W. H. Crowe, the president, and superintendent, is a native of Canada, having been born in Peterborough. In that town he learned the trade of cabinet making at a time when the trade was not specialized as at present and where he gained a thorough knowledge of the various branches of furniture manufacture.

After spending some six years in positions of responsibility in Rochester, N.Y., St. Paul, Minn. and Hamilton, ont., he came to Stratford and was employed for some time with Porteous & McLagan.

Mr. Crowe, however, is a thorough believer in progress and seeing possibilities in a distant land he went to Johannesburg, South Africa in 1895, where he was singularly successful manufacturing office fittings. The outbreak of the war, however, interfered so seriously with South African business that he returned to America and assumed superintendency of the Webster Chair Manufacturing Company, in Superior, Wisconsin, who are employing some five hundred hands. He held this position nearly six years, and while there met Mr. Nichols, the secretary-treasurer of the present firm, and the two formulated plans which led to the establishment of the business here. Mr. Crowe is a firm believer in the benefits of fraternal societies, standing high in the Masonic Order, having attained the 33rd degree. He is also a member of Ceman Temple of Mystic Shiners, St. Paul, Minn.

While in Superior he was a member of the Commercial Club and Board of Trade, and is at present a member of the City of Stratford Board of Trade.

OBITUARY.

THOMAS KENT.

The many friends in this city will learn with deep regret of the death in Toronto on January 5, of Mr. Thomas Kent, for many years a resident of this city. The late Mr. Kent was born in Portsmouth, Eng., 74 years ago, and came to Canada in 1871. After removing to Peterborough he was employed with the Wm. Hamilton Manufacturing Company for over 20 years, and held the position of foreman of the boiler shop. In 1902 he removed to Toronto, where he lived until his death. Mr. Kent leaves a widow and three children to mourn his loss, the children being Mrs. Geo. Morrison and Mrs. Briley, of Calgary, Alta., and Miss Alice Kent, of Buffalo, and three step-children, Miss Fannie Ford, Mr. R. H. Ford and Mr. W. H. Ford, the latter being superintendent of Mount Pleasant Cemetery, Toronto, and formerly superintendent of the Little Lake Cemetery here.

The funeral will take place on Monday from the C. P. R. station on the arrival of the 11.38 train, to the Little Lake Cemetery, service being held in the chapel. The late Mr. Kent, during his residence in Peterough, was a member of Trent Lodge, and the news of his death will be received with deep sorrow.

—The Nordheimer piano is the standard high grade piano of Canada. See one at H. H. Edmison's drug store, George street.

Many Lectures For This Month

The lecture, "A Tour on the Rhine," which Rev. E. A. Langfeldt gave last month at St. Luke's and in Orillia on Monday, will be repeated at All Saints', Peterborough, on January 25th, and at St. John's, Lakefield, on January 18th.

The lecture, "The Evolution of the Boy," Mr. Langfeldt will give at the Preparatory School in Lakefield, on January 19th.

Able Addresses On Wordsworth

The Baraca Literary Society held an interesting meeting last evening. In the absence of the president Mr. J. T. Hardwicke occupied the chair.

The current topics were ably reviewed by Mr. H. McIlmoyle. The feature of the evening was the address on "Wordsworth," delivered by Miss K. Martin, of the School of Pedagogy, Hamilton. Miss Martin handled her subject in an ideal manner and showed that she was thoroughly conversant with his works.

The next meeting of the society will be held on January 19, when Mr F. Elcome will deliver a lecture on "Birds of North America."

Officers Were Duly Installed

Lansdowne Lodge S.O.E. Spend Pleasant Evening.

The installation of officers of Lansdowne Lodge, No. 25, Sons of England, took place last night at the hall. The following were the officers installed:

H. L. Beal.....W.P.P.
F. C. Kitney.....W.P.
G. G. Pratley.....W.V.P.
Jos. Downing.....W. Chap.
Dr. Young.....W. Surg.
S. A. Oke.....W.F.S.
A. Kingscote.....W. R. S.
Chris. Wood.....W. Treas.
W. Taylor.....1st. Com.
Jas. Simmons.....2nd "
Jas. Downing.....3rd "
J. Allen.....4th "
F. Leech.....5th "
W. Maulch.....6th "
C. Simmons.....I.G.
S. Cooney.....O.G.

Jas. Boxall, Supreme Grand Vice-President, Lindsay, was present.

After the meeting the members present adjourned to Long's palm parlour, where a recherche supper was served, the menu being punctuated with an exchange of the amenities of the mahogany, and followed by several brief impromptu speeches.

Promotion For Mr. Hamilton

The Parish Magazine of St. Luke's for this moth says: "We congratulate very heartily our esteemed friend, Mr. Miles Hamilton, upon his promotion as manager of the Bank of Montreal in Fenelon Falls. We regret very much that it means his removal from the city."

Alex. Carr May Yet Turn Up

Mr. W. O'Rourke has received the following letter from Superintendent Mathison, of the Belleville Deaf and Dumb Institute, in reference to the disappearance of Alex. Carr:—

Dear Friend O'Rourke,—I noticed that Carr has gone away from your home in Peterborough. My impression is that he has taken a jaunt in the country and will be found later on. If I hear anything from him will let you know.

New Officers Were Installed

Last night the installation of officers of Court Peterborough No. 29, O. O. F. took place, the installing officers being Mr. A. Martin, D. D. H. C. R., assisted by W. Hooper as High Marshal. After the business of the evening was disposed of the members to the number of over 100 enjoyed an oyster supper, at which a number of short speeches were given. Six new members were received. At the next meeting a large number of candidates will be received, and the full initiatory team will give the degrees.

CHARMING NEW YEAR DANCE.

Socially, the New Year's season in Peterborough has been unprecedentedly gay, but among the many delightful functions which have marked the dawn of 1906, one of the most charming was the dance given last night by Miss Pearl Lundy at her home, corner Aylmer and Dalhousie streets.

The pleasing function, which was attended by about seventy-five guests, was given by the hostess in honour of her two visitors, Miss Somerville, of London, and Miss Fitzgerald, of Parry Sound. It had been looked forward to with expectancy and interest in local social circles for some time, and when this became merged last night into actual realization the justification was obvious. Mrs. D. J. Lundy, assisted by Miss Somerville and Miss Fitzgerald, received in a most charming manner. The music for the dance, which was exquisite, was supplied by Mr. Musgrave, of Toronto.

The billiard-room on the third floor made a charming supper room. It was decorated most artistically, the floral portion being of smilax and begonias. The refreshments were recherche and charming.

Among the invited guests were: Misses E Gilmour, Toronto, A McBain Edith Aylmer, E Fair, F Ball, G Bell Lillian Rush, Marion Rush, Mrs. Larmonth, Misses Annie Irwin, Helen Boucher, Mamie Hamilton, Agnes Hall, Hall, Florence Hamilton, Mrs Hewson, Mrs. R B Lundy, Misses M Barlee, E Barlee, M Bradburn, I Moore, A Hall, O Bradburn, J Hall B Dumble, M Kerr, E Bradd, C Clementi, H Stothem, F Burnham, A Roger, M McGill, Mrs. Morris, Misses M Rogers, H Wilmot, E Anderson, E Magraw, I Hay, A Collins F Collins, I Perks, E Munroe, Mrs Poe, Mrs. Mulholland, Mrs. Bradburn, Misses N Davies, M Dodge Mrs. Coulthardt, Misses Irene Fitzgerald, M Davidson, Ada Somerville; Messrs. Allison, Watson, McWilliams, Skee (Campbellford), J Lundy, Stratton, H Grubbe, F H Kerr, Courrier, McCulloch, H B McBain, Brown, H Hall, Groves, Hayward, Ross Cameron, H Rogers, Packham, G Ford, Hall, Larmonth, G M Hamilton, Dr. D C King, Messrs Reid Munroe, Basil Hall, C Brown Frank Burnham, J H Burnham Arthur Wood, E S Clarry, Geo. Rogers, Fred Collins, Neilson, L Hall Hollingshead, H Cluxton, Morris, Dr Hammond, Messrs. Claude Rogers Dickenson, Edwards, Main Ritchie Dobie, F Smallpeice, Graham Ferguson, Poe, T D Mulholland, Bradburn, Robbie Hall, Coulthardt, H M Field, W G Morrow, Shaw.

SCIENCE SETTLES IT

Dandruff is Caused by a Germ That Saps the Hair's Vitality.

It is now a settled fact that dandruff is caused by a germ. Falling hair and baldness are the result of dandruff. Dr. E. J. Beardsley, of Champaign, Ill., got hold of the new hair preparation, Newbro's Herpicide—the only one that kills the dandruff germ. He says: "I use Herpicide for my dandruff and falling hair, and I am well satisfied with the result." Dr. J. T. Fugate of Urbana, Ill., says: "I have used Herpicide for dandruff with excellent results. I shall prescribe it in my practice." Herpicide kills the dandruff germ. Physicians as well as the general public say so. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh special agents.

The First 1906 Gospel Meeting

The first Gospel meeting of the New Year at the Y.W.C.A. will be held on Sunday, Jan. 7th, at 4.15 p.m. The topic, "New Year's Messages," will be taken by Miss M. Hamilton, B.A.

The regular class in Physical Culture under the instruction of Miss Adams, began this week. New members will be made welcome to the classes. The fees of the spring term are as follows to members:

Wednesday, 10.30 a.m., $3.
Thursday, 8.30 p.m., $2.
Tuesday and Friday, 8 p.m., $1.25.
Junior, Wednesday, 4.15 p.m., $1.
Junior, Saturday, 10 a.m., $1.75.

Michael Burke Was Injured

Was Thrown Heavily From a Sleigh.

Michael Burke, a carter, while driving east on Charlotte street about three o'clock this afternoon, met with an accident occasioning a severe and painful injury.

While passing along the street near Parker's Laundry, his horse became frightened at the street railway sweeper, which was passing, and made a sudden dash, upsetting the sleigh. Mr. Burke was thrown with much force to the ground, and in addition to the injury sustained by reason of this was also struck upon the head by the end of the sleigh as it swung around. The ambulance was hastily summoned and the injured man conveyed to the hospital. The exact extent of the injury is unknown as yet, the wounds being principally to the chest and face.

The horse after making an infuriated dash down the street was captured, uninjured.

CITY NEWS OF TO-DAY

New Year's Message.

—Men!—Hear Rev. Canon Davidson at the Y.M.C.A. on Sunday at 4 o'clock.

A Hand Satchel Found

—A hand satchel found on Water street yesterday awaits an owner at the police station.

Pocketbook Found.

—The Chief of Police has a pocketbook, picked up on the street, for which he awaits an owner.

Archdeacon to Preach.

—The Venerable Archdeacon Warren will preach at St. Luke's and St. Mark's on Sunday, January 29th.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. Phone 190.

Picture Framing.

—And after all, that picture, framed nicely, will just be the thing to give for Xmas. Have it framed at "The Framery," two doors west of P. O.

Spiritual Gymnastics.

—Mr. Alex. Elliott, B.A., gave the boys at the Y.M.C.A. yesterday a very helpful talk on "Spiritual Gymnastics."

Feast of Epiphany.

—The Feast of the Epiphany is being celebrated to-day at St. Peter's Cathedral. Four masses were sung this morning.

Choice Vegetables.

—Dear friends,—why go around delicate, when you can get vegetables of all kinds fresh and good, to make soups, etc., to tone you up, at James R. Bell's, 161 Hunter street, Phone 455.

N.C.O. At Home.

—By kind permission of Lt.-Col. J. W. Miller, commanding 57th Regiment P. R., uniform will be worn at the N. C. O. at-home on Wednesday next. A. E. Brittain, W.O.; S.M. 57th Regiment, P. R.

Appointed Guardian.

—The Trusts and Guarantee Company, Limited, Toronto, has been appointed guardian of the estates of the three infant children of Dr. John W. Collver, St. Catharines, who are beneficiaries under the will of their late uncle, Orlando Collver.

No Coasting Allowed.

—Chief Rossel issues a reminder that coasting upon the hills in the city will under no circumstances be permitted this winter, creating as it does a menace to both participants and citizens generally. Offenders against the regulations will be promptly prosecuted.

200 Cloth Bound Books at 10c To-night

We will sell this evening 200 copies of clothbound books, all popular titles, for only 10c each, by such favourite authors as Dumas, Lytton, Carey, Cane and Bertha M. Clay, author of "Dora Thorne." Remember your Sunday reading to-night.

A. H. STRATTON & CO.

Murray Street Baptist Church.

—Rev. F. J. Scott, B.A., will occupy the pulpit of the Murray street Baptist church to-morrow morning. The ordinance of the Lord's Supper will be observed at the close of the morning service. In the evening Mr. E. Vien, a student at McMaster University, will speak in the interest of the Grande Ligne Mission.

Dora Thorne Here on Monday.

—"Dora Thorne," Rowland and Clifford's famous play, will be at the Grand Opera House on Monday next, Jan. 8th. Those in the cast are Miss Marie Dale, who plays "Dora," and supporting her are Miss Randall Sherman, Miss Edith Domby, Mr. Wm. Sheffield, Mr. Geo. Darton, Mr. Joseph Schafer and others of dramatic ability. Prices are remarkably low for the attraction. Popular prices 25c, 35c, and 50c.; gallery 15c.

Private Sale of Up-to-Date Furniture.

Owing to removal from town at an early date, Mr. Fred. H. Dixon will dispose of the whole of his household furniture and effects by private sale, at his residence, 535 Downie street. The furniture is modern, almost new and in good condition. Can be seen any day from 10 to 12 o'clock and from 2 to 4. Must be disposed of by Tuesday, 9th January. 3d5

Mrs. H. Meredith came down from Peterborough to spend New Year's with her mother, Mrs. G. Louske.....Mrs. Drennan and Mrs. McPherson left on Monday for Peterborough and Toronto.—Marmora Herald.

Mr. Howard H. Galloway, student at Toronto Medical College, and Master Victor McCartney, of Bethany have returned to their studies after spending a short vacation with their uncle, Mr. David Galloway, of Emily township.

Mr. G. W. Driver, of Newmarket, who has accepted a position in Gananoque, left this week. Before leaving he was presented with a handsome shaving set by the boys of the Office Specialty Manufacturing Co., as a token of regard. Mr. Driver spent the holidays here with his aunt, Mrs. Wm. Bullen.

The Inaugural Council Meeting Monday Evening

The inaugural meeting of the city council will be held on Monday morning at 11 o'clock, in the council chamber. At this meeting the Mayor will deliver his inaugural address, and the committee to strike the standing committees, will be appointed. It is probable that there will be some little trouble about this, some of the aldermen having stated that they were opposed to the standing committees being struck by a secret committee, and they will hold out for the committee being struck by the Committee of the whole.

If this latter method is employed there will likely be a heavy afternoon's work for the aldermen.

The Examiner refrains from making a forecast of the result of the vote to name the committees, leaving the aldermen themselves to decide which of their number shall occupy the position of preferment this year. The first regular meeting will probably be held on Monday night, when committees will be ratified by the council.

School Board To Meet on Monday

A regular meeting of the Board of Education will take place at the office of the secretary on Monday next at 7.45. The routine business will be transacted.

THE BANK OF MONTREAL

is prepared to receive Pass Books and give receipts for same on behalf of the National Trust Company, Liquidators of the York Loan and Savings Company.

Ladies' Aid Elects Officers

Regular Meeting at St. Andrew's Church.

The regular monthly meeting of the Ladies' Aid of St. Andrew's church, was held last night in the Guild Hall parlour. There was a fair attendance of the members of the society.

The only business which was taken up was the election of officers, the following being the result:

President—Mrs. T. C. Elliott.
Vice-Pres.—Mrs. R. J. McWilliams.
Secretary—Mrs. McMillan.
Treasurer—Mrs. John Anderson.

The various reports bearing upon the society's work, will be presented at the congregational meeting of the church to be held on Thursday, Jan. 18th.

A Conference For Next Week

On Tuesday and Wednesday the pastors and deacons of the Peterborough Association of Baptist Churches will meet in the Park street church. A number of the preachers will take part in the evangelistic service each night. It will be another McMaster Band, and the south end will not fail to appreciate these efforts.—Com.

A RARE MUSICAL EVENT

Two Distinguished Artists in George Street Methodist Church, Tuesday Evening, January 9th.

The Toronto "Saturday Night" says: Mr. Arthur Ingham is an artist of international reputation and a well known composer. He is a great artist and received an ovation." He will open the new George street pipe organ Tuesday evening, Jan. 9th. He will be assisted by Mr. Arthur Blight, of whom the Globe writes: "Mr. Blight's work compares favourably with noted artists from abroad. He was received with great enthusiasm." Don't fail to hear them. Popular prices, 35c. and 25c.

York Loan Shareholders

For the convenience of shareholders who are unable to call during regular business hours, the Bank of Ottawa will be open to-night from 7 to 8 o'clock.

Sisters Return Their Thanks

The Sisters of St. Joseph return their sincere and heartfelt gratitude to the many kind benefactors who contributed so generously towards making Christmas a truly happy one, for the old people and orphans under their care.

Gifts of oranges, candy, confectionery, flour, potatoes, fowl, roasts of beef and cash, were numerous and contributed greatly toward cheering our afflicted inmates.

May the Giver of all good, reward our kind benefactors abundantly, and may the blessings of the poor and orphans, invoked for them, be fully realized during the coming year.

THE ANNUAL MEETING
OF THE
Peterborough Industrial Exhibition
will be held in the
COUNCIL CHAMBER, City of Peterborough, on
Wednesday, January 17th, 1906

Mr. J. W. Brightman, of Peterborough, transacted business in town to-day.....Mr. W. O. Bradburn, of Peterborough, was in town to-day. A guest at the Simpson House.—Lindsay Post.

Mr. W. C. Switzer presented each of the members of his Bible Class in George street Sunday school, about 40 in number, with a beautifully bound book on Christmas Sunday. Mr. Switzer's generosity was deeply appreciated.

Mrs. H. Meredith came down from Peterborough to spend New Year's with her mother, Mrs. G. Loucks. .....Mrs. Drennan and Mrs. McPherson left on Monday for Peterborough and Toronto.—Marmora Herald.

Mr. Howard H. Galloway, student at Toronto Medical College, and Master Victor McCartney, of Bethany have returned to their studies after spending a short vacation with their uncle, Mr. David Galloway, of Emily township.

Mr. G. W. Driver, of Newmarket, who has accepted a position in Gananoque, left this week. Before leaving he was presented with a handsome shaving set by the boys of the Office Specialty Manufacturing Co., as a token of regard. Mr. Driver spent the holidays here with his aunt, Mrs. Wm. Bullen.

The Inaugural Council Meeting Monday Evening

The inaugural meeting of the city council will be held on Monday morning at 11 o'clock, at the council chamber. At this meeting the Mayor will deliver his inaugural address, and the committee to strike the standing committees, will be appointed. It is probable that there will be some little trouble about this, some of the aldermen having stated that they were opposed to the standing committees being struck by a secret committee, and they will hold out for the committee being struck by the Committee of the whole.

If this latter method is employed there will likely be a heavy afternoon's work for the aldermen.

The Examiner refrains from making a forecast of the result of the vote to name the committees, leaving the aldermen themselves to decide which of their number shall occupy the position of preferment this year.

The first regular meeting will probably be held on Monday night, when committee will be ratified by the council.

School Board To Meet on Monday

A regular meeting of the Board of Education will take place at the office of the secretary on Monday next at 7.45. The routine business will be transacted.

THE BANK OF MONTREAL

is prepared to receive Pass Books and give receipts for same on behalf of the National Trust Company, Liquidators of the York Loan and Savings Company.

Ladies' Aid Elects Officers

Regular Meeting at St. Andrew's Church.

The regular monthly meeting of the Ladies' Aid of St. Andrew's church, was held last night in the Guild Hall parlour. There was a fair attendance of the members of the society.

The only business which was taken up was the election of officers, the following being the result:

President—Mrs. T. C. Elliott.
Vice-Pres.—Mrs. R. J. McWilliams.
Secretary—Mrs. McMillan.
Treasurer—Mrs. John Anderson.

The various reports bearing upon the society's work, will be presented at the congregational meeting of the church to be held on Thursday, Jan. 18th.

A Conference For Next Week

On Tuesday and Wednesday the pastors and deacons of the Peterborough Association of Baptist Churches will meet in the Park street church. A number of the preachers will take part in the evangelistic service each night. It will be another McMaster Band, and the south end will not fail to appreciate these efforts.—Com.

A RARE MUSICAL EVENT

Two Distinguished Artists in George Street Methodist Church, Tuesday Evening, January 9th.

The Toronto "Saturday Night" says: Mr. Arthur Ingham is an artist of international reputation and a well known composer. He is a great artist and received an ovation." He will open the new George street pipe organ Tuesday evening, Jan. 9th. He will be assisted by Mr. Arthur Blight, of whom the Globe writes: "Mr. Blight's work compares favourably with noted artists from abroad. He was received with great enthusiasm." Don't fail to hear them. Popular prices, 35c. and 25c.

York Loan Shareholders

For the convenience of shareholders who are unable to call during regular business hours, the Bank of Ottawa will be open to-night from 7 to 9 o'clock.

Sisters Return Their Thanks

The Sisters of St. Joseph return their sincere and heartfelt gratitude to the many kind benefactors who contributed so generously towards making Christmas a truly happy one, for the old people and orphans under their care.

Gifts of oranges, candy, confectionery, flour, potatoes, fowl, roasts of beef and cash, were numerous and contributed greatly toward cheering our afflicted inmates.

May the Giver of all good, reward our kind benefactors abundantly, and may the blessings of the poor and orphans, invoked for them, be fully realized during the coming year.

Dramatization of Sheridan M. Clay's Famous Novel

The Sweetest Story Ever Told

Wholesome—Clean—Refreshing

An Excellent Production

PRICES—25, 35, 50. Gallery, 15

MUSIC AND DRAMA

When Manager E. H. Bradburn of the Grand Opera House, secured the Crossing as an attraction he conferred a great favour upon the patrons of the Grand, the people who attended the performance realizing that the production was really excellent. Many thought that it deserved a metropolitan run, and that its merits have been recognized is shown by the fact that it is now meeting with the greatest approval of critical audiences at Daly's Theatre, New York. The same capable cast with John Blair in the leading role that delighted the people of this city is receiving unstinted praise in the theatrical centre of America.

• • • •

To the lovers of the legitimate "Leah the Forsaken," as presented by the Summers Stock Company, appealed strongly last night. It was a story of the early persecution of the Jews in Austria and considering the outrages that the children of Israel are being forced to undergo at the present time in bloody Russia, was most timely. The acting was good and the scenery most appropriate.

Miss Belle Stevenson, as Leah, played the role in a most satisfactory and sympathetic manner and the character she portrayed last night probably suited her better than any in which she has yet appeared. Geo. H. Summers as Ludwig was par excellence, as was also Orrin T. Burke who assumed the character of Randolph.

To-night is the last time that the company will appear in this city and an interesting drama "For Her Child's Sake," will be presented.

• • • •

"For Her Child's Sake," the closing presentation to be given by the Summers Stock Company will be the attraction at the Grand to-night. This play is said to be most entertaining and many who have not seen the company yet will doubtless take the opportunity to witness its closing production.

KNOX CHURCH SKATING RINK.

Cobourg Was "Showed"

IN FINAL INTERMEDIATE GAME

By Fast Peterboro' Seven

The Visitors Were Completely Outclassed—The Ice Was in Good Condition—Both Teams Showed Lack of System—A Fair Sized Crowd Present—Encouraging Showing of Local.

SUMMARY OF THE GAME

Name.	Minutes.
1—Cavanah, Peterborough,	21-2
2—Whitecroft, Peterborough,	24
3—Morgan, Peterborough,	51-2
4—Currier, Peterborough,	51-2
5—Cavanah, Peterborough,	10 sec.
HALF TIME.	
6—Crowley, Peterborough,	9
7—Bentley, Cobourg,	21-2
8—Cavanah, Peterborough,	1
9—Cavanah, Peterborough,	2
10—Currier, Peterborough,	21-2
11—Cavanah, Peterborough,	1
12—Crowley, Peterborough,	1
13—Whitecroft, Peterborough,	3
14—Cavanah, Peterborough	1
15—Morgan, Peterborough,	21-4
16—Morgan, Peterborough,	1
17—Whitecroft, Peterborough,	21-2

It doesn't look like a district championship for Cobourg to judge by the comparative ease with which they were annihilated in last night's game with the locals at the Brock street rink. The score was 16-1. On the other hand, it is safe to say that, since the opening of the season, never have the chances of the Peterborough team looked brighter for a successful season. Little opportunity to gauge, with any degree of assurance, their probable form has been afforded up to last night, and that all kinds of speed will be developed as the season progresses is now a fact established beyond peradventure.

The line-up of last night was, with two exceptions, identical with that of the septette which last year represented Peterborough with such credit. The addition of several of the veterans of past years appeared to work wonders in the way of stimulating an increased confidence, as well as an effective playing sympathy between the members of the team, which goes far towards victory-winning.

The attendance was large, the gate being considerably more lucrative than that of the previous game with Queen's. The ice was in excellent condition, notwithstanding the mild weather, and the genial countenance of Mr. Jack Turnbull, who has acquired an enviable reputation as an artist in the ice-making line, was wreathed in smiles, as referee Waghorne expressed the opinion that it was much the best ice he had seen this season.

The game in the first half was characterized by very little fast work, but as the conclusion was neared, goals came in one and two minute intervals, until the magnificent total of 16 to 1 was piled up. "Queen's would have won to-night," remarked a spectator. The combination work of the locals was somewhat loose in the first half, but in the second it was, upon the whole, of a first-class variety, which until skates what may be expected as a consequence of the practice which coming games will accumulate. Time and again the line of blue sweaters travelled with lightning-like rapidity and in perfect order, the entire length of the ice, and when the nets were reached the expected usually happened. A decided improvement in shooting from that of the Queen's game was noticeable, though a still further proficiency in this essential department of the game would be desirable, as by no means all the available openings were made use of. A slight tendency towards individualism upon the part of one or two of the team might also be dispensed with to good advantage, and were the same amount of speed and effort directed towards combination work the result might be decidedly more effective in a game more strenuous than last night's.

Wasson, in goal, during the greater part of the game had a sinecure, but when occasion demanded he lived up to his past reputation. His work in combination with Glover, at point, in clearing was effected with judgment and alertness, and upon several occasions rushes bearing the "Dangerous" label were effectively disposed of. The re-appearance of Glover at point was a decided accession of strength, which generally felt and acknowledged. Crowley's work was superb, and he appeared to be practically ubiquitous, and his old-time speed has suffered no decline.

The forward division, particularly in the second half, worked well in combination. Morgan was tricky and fast as ever, and he and Whitecroft figured in some of the fastest kind of combinations. Currier contributed his share to the aggregate result. His game is steady and effective. Cavanah was a tower in the rushing, and his work was characterized by his usual speed and effective checking.

For the visitors, Bentley, at rover, was probably the star. His work has been seen in Peterborough upon many previous occasions in junior hockey. McCullough at point also handled many dangerous rushes in a manner which raised cheers, and Doheny, in the nets, connected with many difficult ones. A calf-ache in front of the nets would scarcely have availed for a time in the second half when shots literally rained in.

Mr. F. C. Waghorne gave universal satisfaction as referee, and his decisions were never questioned. The teams lined up as follows:

Peterborough—		Cobourg
Wasson	Goal.	C. Doheny
Glover	Point.	McCullough
Crowley	Cover Point	Bond
Whitecroft	Rover	Bentley
Morgan	Centre	Payne
Cavanah	Left Wing	Moffat
Currier	Right Wing.	A. Doheny

Goal Umpires—Hustubise, Thompson.

Timekeepers—Clarke, Sullivan.

Referee—F. C. Waghorne.

THE GAME.

The puck had hardly been faced before Whitecroft was put on the fence for one minute. Cobourg worked in a nice combination, but was offside. Finally, Clarke and Morgan figured in a neat two man combination, Cavanah doing the necessary in 3 1-2 minutes. Peterborough 1; Cobourg 0.

Crowley broke away and rushed splendidly. Whitecroft was again given a rest for two minutes. Morgan tried a long shot on goal but McCullough blocked nicely and the puck carromed into the corner. Bond tried to lift but missed the puck and Morgan was on top of it. Morgan lifted a shot one over the nets. Crowley decorated the fence for one minute. Cavanah rushed and was hooked into the boards by Bond. He was slightly injured but was into the game again in a minute or two. Glover forced a scrimmage in front. Currier shot one that looked like a goal but Doheny handled it well. On a pretty three man combination Whitecroft scored the second for Peterborough in fourteen minutes. Peterborough 2; Cobourg 0.

Doheny got in the way of a hot one. Bentley made one of his characteristic rushes. Morgan and Cavanah ruled down the ice in a pretty rush, Morgan letting the puck. Time 3 1-4 minutes. Peterborough 3; Cobourg 0.

Whitecroft was again sacrificed to the blueboys and this time did three minutes. He was quickly followed by Bond who was out of the game for the same length of time. Bentley nearly scored on a neat shot. Currier rushed and shot, the puck whizzing close to the post. He again figured in a nice dash and this time found the mark. Peterborough 4; Cobourg 0. Time 11-4 minutes.

Cavanah scored the next in ridiculously quick time—10 seconds. Peterborough 5; Cobourg 0.

Whitecroft rushed and shot wild. Cavanah banged in a hot one that Doheny blocked nicely. Glover executed a good rush, but got no further than cover. At this juncture the game rang for half time. Peterborough 5; Cobourg 0.

Second Half

Bentley rushed after the face-off. Moffat took the lance for a minute. Watson stopped a scorker and his cleverness elicited much applause. Glover was given two minutes rest. Crowley tore off a sensational rush and scored. Peterborough 6; Cobourg 0. Time 9 minutes.

Cavanah and Morgan figured in a nice play. Morgan shot wild. McCullough and Moffat made a nice combination rush. Morgan bodied Doheny rather heavily. Whitecroft sent a whizzer past the goal post. Bentley scored Cobourg's first and last on a pass from Payne. Time 21-2 minutes. Peterborough 6; Cobourg 1.

Cavanah got the next in 1 minute. 7—1.

Crowley put Bentley to the boards and was penalized for 2 minutes. Bentley was given the same time for slashing shortly afterwards. Cavanah scored two goals from Whitecroft in two minutes. 8—1.

It was now evident to the spectators that the Lake Ontario bunch had no chance, but they played desperately to the finish. Currier banged the rubber through in a mix-up. Score 9—1. Time half minute.

Glover made a great rush the entire length of the rink and shot but failed to connect. Cavanah did the trick on a lightning wrist lift in one minute. 10—1.

Crowley rang the bell on a long lift, 11—1. Time one minute.

Watson blocked cleverly and the man at the other end was called upon to do likewise. Whitecroft placed the disc in the nets. Time 1 minutes. Score 12—1.

Crowley, Currier and Morgan sailed down in a three man combination but the puck went over the nets. Whitecroft was removed for three minutes. McCullough trapped towards Peterborough quarters but didn't get past Crowley. Bentley was ashed with a crash for the leg and the game was delayed for a short time. Morgan again scored. Time 21-4 minutes. Score 13—1.

Cavanah scored a minute later. 14—1. Morgan placed the puck between the posts on a pass from Cavanah. 15—1. Time 1 minute.

Glover shot on goal and Doheny stopped. Bentley was again taken with a cramp, and was forced to retire, Morgan going off to even up. Whitecroft scored on a pass from Cavanah. Time 21-2 minutes. 10—1. The final score was Peterborough 16; Cobourg 1.

Little Jap Comes Second

At Orillia yesterday Little Jap got first in the second and fourth heats in the .35 class making the first heat in 34 1-2 the fastest of the race. Little Diamond, owned by A. Elmbirst, came under the wire in the lead in the 5th 6th and 7th heats and landed first money, make with the $50 refund in the schedule for the next best horse.

THE TURF.

Off For Port Perry.

Neither Expelled or Miss Paisley raced in Lindsay yesterday. They will be shipped to Port Perry to-day and will enter in the ice races in that town.

• • • •

Mr. Percy Pearson says that Jim X, formerly owned by Mr. Chas. Fitz, of Omemee, and now the property of Mr. Pearson, will be entered in the Peterborough ice races.

• • • •

Bangers are across the street at Mayor's and Jickson's and at the Palace, announcing the Peterborough Turf Club's ice races to be held here on the 23rd and 24th of January.

Two More Teams Are Entered

An Enthusiastic Meeting of the City League Last Night.

A meeting of the City League Executive was held at Fred. Clarke's last night at which were the committee — F. A. Clarke, President, J. Maher, vice-president, and G. L. Main, secretary-treasurer, and the following representatives of teams in the league:—Bantams, V. H. Edwards; Suckies, Messrs. Wilson and Weatherstone; High Lifes, H. Morgan; T. A. & L., J. Doris; Peterborough Colts, F. Whitecroft.

The T.A.S. and Colts are the two new teams entering the league, making the total list five.

The rink question was discussed at some length but no definite arrangements were arrived at.

The offer of the rink company B was decided would not at present be accepted and it was decided to meet the Guild League in the near future in the Ontario Bank Chambers, when the rink question will be thoroughly dealt with.

Now that the membership of the league has been swelled to five, some very interesting hockey will probably be witnessed. The teams entered are unusually strong and there is every reason to believe that the games played will attract large crowds and the prospects are that some fast matches will be witnessed.

HOCKEY

"It does seem a travesty on the game to class St. Georges, Argos, of Markboro in senior hockey, when there's not one of 'em can play fast enough to develop a good swipe. There's not a good intermediate team in the East that couldn't trim the whey out of either of Toronto's three "senior" teams."—Toronto Telegram.

That's pretty hard for the Queen City serene to stand, coming as it does from a Hogtown Journal, but it has, nevertheless, all the elements of genial truth. Considering the size of the city, Toronto is represented this winter by very inferior hockey teams.

• • • •

The Happy Thoughts are sending for a game, and issue a challenge to Macpherson's Fivers to a game to be played at Brock street rink as soon as the ice can be procurred.

• • • •

The Nationals wish to challenge any team in the city average age 14 years.

• • • •

The hockey team will practice to-night from 10 to 11 o'clock. A large number are asked to turn out, so that sides may be chosen and a good fast workout indulged in.

SKATING.

If a girl refuses to skate with a young man he will naturally let her slide.

MAYOR BEST ADVOCATES PURCHASE BY CITY. OF AUBURN POWER

In His Inaugural Address He Springs Surprise by Statement That Mr. Jas. Kendry Has Offered to Sell Power Property to the City--Reasons: The Auburn Woolen Company Will Enlarge Buildings and Increase the Output--Want to Use Capital in Woollen Business—First Meeting of City Council Held This Morning--Committees Reduced to Four--Chairmen are Ald. Hicks, Adams, McWilliams and Mason.

The Mayor has declared his policy for this year, and the main plank in his platform is the acquisition of water power to offer manufacturers. He stated in his inaugural address delivered at the meeting of the Council this morning, that he had received an intimation from Mr. Jas. Kendry that the power property on the west side of the river at Auburn, consisting of 500 developed horse power, had an additional available power of 700. This property could be secured on reasonable terms, and the Mayor was strongly of the opinion that it should be purchased and used as an inducement to manufacturers to locate here. He pointed out how it could be made a valuable revenue-producer for the city. He urged the importance of the proposal, and stated that the matter should be taken up at once.

A radical change was made in the appointment of the committees this year. Instead of seven, as last year, there are only four, the Legal, Property and Supervision Committees being merged into others.

Some discussion arose as to the manner in which the chairmen of the committees should be selected, the course finally adopted being by the Committee of the Whole Council. The chairmen this year are Ald. Hicks, Adams, McWilliams and Mason.

Those present at the meeting were Mayor Best, Ald. Johnston, Tovey, Hicks, Mason, Elliott, Graham, Hall, Duncan, McIntyre, Kelly, McWilliams and Adams.

The minutes of the last meeting were taken as read, and a number of communications read and dealt with. A grant of $25 was made by the Council to the Hospital for Sick Children, Toronto, on motion of Ald. Adams, seconded by Ald. Tovey.

Auditors Appointed.

Ald. Mason moved the first reading of a bylaw to appoint auditors for the city accounts for the year. The bylaw provides that Messrs. T. Q. Quarrermaine and G. K. Martin be appointed at a salary of $150 a year each.

The Mayor then delivered his inaugural address, in which he congratulated the members of the Council upon their election. He welcomed the new aldermen, and was glad to see that six of the old members of the Council had been re-elected. Of the six new men, one had been out of the Council one year only, and Ald. Kelly had been out of the Council for ten years. Ald. Elliott had been in the Smith Council, and was therefore experienced in municipal work. The other members were new to civic work, but he was sure they would prove valuable members of the Council.

The city had been prosperous during the past year, and the question now is to keep it in that condition. The Council had, in the past year, received a number of inquiries from firms who represented that they were intending to locate in Canada, in reference to terms, but of all those firms, only one, as far as he knew, viz., the glue factory, had located in Canada, and it had gone to Guelph.

The questions of power and transportation were the all important ones, and they should be considered seriously this year. In the past the Council had found that in making inquiries for intending industries, the two companies charged $20 per year per horse power, and they would only make short terms. The situation now was, in his opinion, that the city should secure water and electric power to lease to manufacturers. The proposal had already been made for the city to secure No. 4 dam. There had been three applications for this dam ahead of the city, but he believed that the Government would give the municipality the first opportunity to secure it.

He was at liberty to state to the council, that a proposition had been made for the acquiring of the water power at the Auburn dam on the west side of the river, now the property of Mr. James Kendry, who had signified to the speaker his willingness to sell the property to the city. He had spoken to Mr. Kendry this morning, and he had authorized him to state that the property was available for the city.

The reason he was willing to sell this power property was that he intended to develop his woollen business and to enlarge his mills to manufacture new lines. He did not want to have his capital tied up in the power plant which might be used in his woollen business, and for this reason he was prepared to sell it to the city at a reasonable figure.

This struck him as a good proposition, and that the city should take it up at once. To his mind the power question was the key to the whole situation, and he believed that with the two dams, the waterworks and the Auburn dams, could be coupled together and an increased power available for the city. He understood that at present the power developed at this dam was 500 horse power, and that 700 additional horse power could be developed.

If the city did not take up this offer there were two companies who were willing to take the property from Mr. Kendry, and this was an opportunity for the council to control the power situation, and no monopoly of power could be possible. If the city could secure the power it could be offered to manufacturers at long terms, and in his opinion this was better than to give them land, which after it was given was a loss to the city except indirectly. Whereas in the case of the power he believed that at the end of 30 years the rental from the power would probably pay the whole cost of the property, and it would then be a very valuable asset.

Speaking of the local work, His Worship stated that considerable work on the streets and sidewalks had been pushed along, during the last two years especially. The assessment had been increased nearly $1,000,000, last year and the suggestion had been made that the rate of taxes should be reduced by one or two mills, but he did not consider this desirable. His idea was that it was better to leave the rate at 18 mills and pay for some of the work on the bridges and street extensions out of the current revenue.

The question of paving George street from Charlotte street to Brock was also being discussed, and it had been troubling the council for some time, but the multiplicity of poles on the street made the matter difficult. He suggested that the companies who owned poles on the street might be induced to place their wires underground even if the city had to construct the conduits.

The question of the appointment of the committee to strike the Standing Committees of the year was introduced by Ald. McWilliams, who advocated the plan of appointing the chairmen of the committee by the committee of the whole council, instead of by a select committee. He was also in favour of a reduction in the number of committees, and moved that the council now go into committee of the whole to consider the question as to the reduction or re-arrangement of the committees, and to appoint the chairman of the standing committees.

In Committee of the Whole Ald. McWilliams moved, seconded by Ald. Elliott, that the committees be reduced to four as follows:—

1. Board of Works.
2. Manufacturers, Legislation, Railway and Franchise.
3. Finance, Reception, Licenses and Printing.
4. Fire, Water and Light, Property, Buildings Market and Health, which was carried.

The Chairmen.

The election of chairmen then proceeded with, and resulted as follows:

Board of Works—Ald. Hicks.
Fire, Water and Light and Property—Ald. Adams.
Manufacturers—Ald. McWilliams.
Finance—Ald. Mason.

The Committee of the Whole, after considerable discussion, decided to leave the selection of the committees to a sub-committee composed of the chairmen of the standing committees, who will report to the Committee of the Whole at 7.30 to-night. The Council will meet afterwards, when motions in connection with the opening of the year's business will be discussed.

To Increase Capital Stock

Shovel and Tool Co. Directors Met This Morning.

At a meeting of the directors of the Shovel and Tool Company this morning it was decided to increase the capital stock of the company from $50,000 to $100,000, and to authorize the issue of an additional $25,000 of stock at present, which, when disposed of, will make the paid-up capital stock of the company $75,000.

The reason is that the stock of manufactured goods and raw material is a very large item, and it requires a considerable amount to carry the business between seasons. The statement of the company till the 31st of December was received and is very satisfactory, showing that not only was the building erected, equipped and in running order, but also shows profit sufficient to pay a dividend, on three months' operations. Shareholders will be requested at the annual meeting to ratify a bylaw increasing the capital stock, while in the meantime the necessary legal steps are being taken.

Fifteen New Members Received

The communion service at Knox church last night was largely attended, seventy-seven participating in the Sacrament. Fifteen new members were admitted into the church. The sermon was preached by Rev. Dr. Torrance.

MONDAY, JANUARY 8, 1906.

LOOKING TO CANADA.

We have often to deplore the dense ignorance that has prevailed and to a certain extent, still prevails, in the Old Country in regard to Canada and its resources. This, however, is being gradually removed and the new era of enlightenment is contemporary in its beginning with the preference given Great Britain by Sir Wilfrid Laurier and the generous response of Canada to the defence of the Empire in connection with the South African war. Sir Wilfrid Laurier's critics speak of him as a phrase-maker. Though this is said with something of a sneer, yet it is possible and probable that a phrase-maker may be, in a large sense, a nation maker. Those who heard Sir Wilfrid Laurier pronounce the splendidly optimistic epigram, that the twentieth century belongs to Canada as the nineteenth belonged to the United States, recognized its significance. The "phrase" has, to imply the language of the street, "caught on." At a recent meeting of the Royal Colonial Institute in London, England, "The Future of Canada" formed a subject of discussion. The tremendous "spectacular development" of the Northwest wheat crop was very largely dealt with, as well as its superior advantages as a field of settlement and a home for the surplus population of the Old Land. Mr. Osborne referred particularly to the happy truthfulness and appositeness of the statement that "the twentieth century belonged to Canada," which was pronounced "almost prophetic" in its character, and was becoming daily more apparent. He also pointed out that the profit on Canada's wheat crop last year would greatly exceed the dividends paid by the Rand Mines. Mr. Osborne also emphasized the fact that the development of railways would in twelve or fifteen years enable Canada to supply all the wheat required of the Mother Country. It's coming. Canada's future from the present outlook, is big, with grand realizations. The twentieth century holds for us tremendous possibilities as well as actualities.

IN THE INTEREST OF BUSINESS

At St. John's church last night Rev. Canon Davidson preached a sermon upon the subject of the relations of the congregation to their duty at the beginning of the year. The subject involved the consideration of men's and women's duty to themselves, to their fellowmen and to their Maker. In connection with the second an earnest appeal was made for the discharge of the duty of payment of debts and the settlement of accounts so that the new year could be begun with a clean record. Apart from the moral obligations involved this advice had and has a sound business quality. The beginning of the year is devoted to the settlement of accounts between man and man. This is a most important matter in the interests of business facility. No matter how active business has been money is required to discharge obligations and as the capital or ready cash of business men or private individuals is limited, it stands to reason that payment of debts depends upon the payment of debts—by others. If one is remiss in this matter a wide circle of persons may be affected. It is also easily possible that the payment of even so small a sum as $10, may be the means of discharging a thousand obligations. The payment of this sum by one man to another man enables the latter to pay another and so on through a long line of individuals. It is to be hoped that the people at large will recognize not only the duty but the advisability of promptly paying what they owe. Such a practice generally carried out would lubricate the machinery of business to a wonderful degree. The wise business man is he who keeps his business craft sailing on an even beam, not listed over with a load of debt on one side. To enable all to do this square sailing it is absolutely essential for all with whom he has business relations to co-operate. Prompt settlement of accounts at the beginning of the year, generally practiced, will make generally smooth sailing the remainder of the year. There is the less necessity to urge such a course because its wisdom, its morality, are too palpable to escape the recognition of even the most thoughtless and unbusinesslike.

THE COLLEGIATE INSTITUTE.

It is probable that at the meeting of the School Board to-night the question of the construction of a new Collegiate Institute for Peterborough will come up. It would seem that this is a question which should be settled one way or the other without further delay. There is no doubt that we need a new Collegiate Institute building—that we must have something better than the present buildings, which are quite inadequate for high school purposes, and, besides, are needed for public school purposes. There is a possibility of the city losing the Government grant to the Collegiate Institute, if there is not some means taken to provide a building which, in structure and equipment, will meet Government requirements. Will the School Board solve the question which will come up for discussion at to-night's meeting? Is Peterborough to continue to be pointed to as a non-progressive city in the matter of a Collegiate Institute building? Toronto, in addition to all the school buildings she has, proposes to spend this year $385,000 in buildings—one a collegiate institute building, across the Don, to cost $100,000.

EDITORIAL NOTES.

The Chamberlain fiscal programme briefly stated includes duties on luxuries and on foreign manufactures, no duty on raw materials, but a discriminating duty on foreign wheat from which the Colonies would be exempt.

One worm has turned. After husbands have been dodging the proverbial flatiron since flatirons were invented, one husband in Lowell Mass., has turned the tables. He smote his wife with a flatiron so that she died—a case of the engineer hoist with his own petard.

Mr. Chamberlain is truthful as well as generous when he says that "The colonists are our best friends. When in the midst of a great war which made a great call, the colonies responded magnificently, but at that time Great Britain had not a friend in the world except the colonies. They are, self-governing nations and are our equals in everything except population and wealth, and very soon you will find that they equal and perhaps surpass us in these respects."

Rev. Dr. Torrey, the professional evangelist, now in Toronto, has made a wholesale condemnation of the theatre, making in connection the sweeping statement that it was "impossible for any woman to be on the stage and preserve her womanly modesty and purity." This is perhaps no more true than would be the assertion that every evangelist is narrow minded, illiberal, reckless in statement and uncharitable. Moderation in language as well as sentiment is a good thing.

It is to be sincerely hoped, says the Globe, that Mr. Whitney will have the resolution to press for a Parliamentary investigation of the methods prevailing in Kingston at the last Provincial general election. Mr. Pense's side of it was disclosed in the courts. The doings of Mr. McIntyre and his friends have not been unveiled, but unless all accounts are astray they form a unique chapter in the history of elections. By all means let there be an investigation of the election methods of both sides.

The recent Liberal victory in Compton, says the Montreal Herald mark's the definite transfer of that historic Conservative riding to the Liberal column, and also, probably, the final subsidence of Mr. Rufus Pope, who long represented the riding, as a considerable figure in the public life the Townships. Mr. Hunt's first victory, at the general election, was sufficiently remarkable, but this second victory settles the business. Local Conservative papers which have been poking fun at the interest shown in the election by Sir Wilfrid Laurier, Mr. Fielding and Mr. Fisher, will probably be able, after noting the size of the majority, to find that they were not drawn there together wholly by fear of Mr. Pope, as was delicately suggested during the campaign.

MUNICIPAL HEATING AT ST. THOMAS.

(Manitoba Free Press.)

St. Thomas, Ontario, is making a record in municipal economy, thanks to good engineering. The city operates its own streetrailway and electric lighting plant, using steam engines for the purpose. These engines until recently threw away their exhaust steam; to-day a capital plan utilizes most of this steam in heating the City Hall, the Public Library, the Gas building and a storage battery building. All told these premises formerly demanded a yearly outlay of about $1,200 for fuel; in addition to saving that amount there is now no expense for stoking and its allied drudgery. The cost of installing system was but $1,967.80.

In detail the plan is simplicity itself. The exhaust steam takes its way through a heater filled with small, corrugated copper piping filled with water. This water, duly brought to almost the same temperature as steam, is forced by a pump through a main pipe, four inches in diameter, to the buildings to be warmed, where it is connected with branches, pipes and radiators. A return pipe carries back comparatively cool water to the boilers at the central station. To guard against wasteful radiation the main pipes are laid underground within a stout covering of asbestos wool wrapped with hemp packing, surrounded by twelve-inch vitrified tiles joined in cement. The heater is 650 feet from the City Hall; the other three buildings are in line.

Notwithstanding the large duty assigned to the exhaust steam at headquarters, still more might be performed, so that a project is being discussed for extending the system to two schools and a hospital about a quarter of a mile distant. A point not yet clear is whether on very cold days it might not be necessary to supplement the exhaust steam by live steam which, coming from so great distance would be subject to decided loss in transmission.

A GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

One of the worst cases of asthma ever known was Mr. Sim, of Leamington. He suffered from asthma and bronchitis for 28 years, but has been completely cured by a new treatment, and will send particulars and receipt to anyone troubled with asthma or bronchitis. Write E. Sim, Box 144, Leamington, Ontario.

BARGAINS IN MEDICINE.

A woman once wrote us that she was not going to buy Scott's Emulsion any more because it cost too much. Said she could get some other emulsion for less money. Penny wise and pound foolish. Scott's Emulsion costs more because it is worth more—costs more to make. We could make Scott's Emulsion cost less by using less oil. Could take less care in making it, too. If we did, however, Scott's Emulsion wouldn't be the standard preparation of cod liver oil as it is to-day.

SCOTT & BOWNE, Toronto, Ont.

29th Annual Convention

OF THE

EASTERN ONTARIO DAIRYMEN'S ASSOCIATION

WILL BE HELD IN THE OPERA HOUSE, PETERBOROUGH

WEDNESDAY, THURSDAY, FRIDAY

Jan. 10, 11, 12, '06

Addresses on subjects in connection with Dairying and Kindred Subjects will be delivered by the following persons, viz:—

Hon. Sydney Fisher, Minister of Agriculture, Ottawa.

Hon. Nelson Monteith, Minister of Agriculture, Toronto.

C. C. James, Deputy Minister of Agriculture, Toronto.

J. A. Ruddick, Dairy Commissioner, Ottawa.

G. C. Creelman, President Agricultural College, Guelph.

Prof. H. H. Dean, Professor of Dairy Husbandry, Guelph.

Dr. J. G. Rutherford, Ottawa.

G. H. Grisdale, Ottawa.

G. A. Putnam, Superintendent Farmers' Institute, Toronto.

Thomas McGillicuddy, Toronto.

Dr. Connell, Bacteriologist, Queen's University, Kingston.

J. W. Mitchell, B. A., Superintendent Dairy School, Kingston.

G. G. Publow, Chief Instructor, Dairy School, Kingston.

G. H. Barr, Instructor Dairy School, Strathroy.

C. F. Whitley, Ottawa.

Henry Glendinning, Director, Manilla, Ontario, and others.

The results of the work of the staff of twenty-six instructors during the past season will be given by Prof. G. G. Publow, Chief Instructor.

A Question Drawer will be conveniently arranged to receive questions submitted by any person attending any of the Sessions and the answers will be given by the various Professors and Instructors.

Sessions held in the forenoon, afternoon and Evening of Each Day.

RAILWAY TICKETS—Every person coming to the convention should purchase a first-class Ticket to Peterborough, and secure from the local Ticket Agent before leaving a Certificate signed by him that such a Ticket has been purchased. All agents are compelled to give this Certificate with every ticket purchased. On arrival at the Convention, present these Certificates to the Secretary of the Association for his signature, after which the holder can procure from the Agents of the various Railways at Peterborough a Return Trip Ticket, Free of Cost.

Ladies are especially invited to attend all the sessions, but, more particularly those held in the evening.

D. DERBYSHIRE, President.
R. G. MURPHY, Secretary.

THE NEW BOOKSHOP'S

"HAPPY NEW YEAR"
TO ALL ITS PATRONS

The fact that the New Bookshop was not completely fitted up and stocked until after the Christmas Trade was well begun, might have been a good reason for a poor start and a slim business. But the reverse has proved to be the case. Notwithstanding all our disadvantages, we were greeted with a volume of business entirely beyond our expectations.

For the want of enough salespeople many customers had to go away unserved—a circumstance which we especially regret. But our first Holiday Greeting can truly be one of gratitude to the public of Peterborough for the hearty opening welcome the New Bookshop has received

RETURN GIFTS AND NEW YEAR'S GIFTS are here for your selecting. The trail of the Christmas trade has left hundreds of articles which you can buy at very special prices. Come and see.

REV. DR. SYMONDS WRITES ON CHURCH SOCIAL RELATIONS

The friends and admirers of Rev. Dr. Herbert Symonds, rector of Christ Church Cathedral, Montreal, and formerly rector of St. Luke's church, of this city, will be interested in reading an article from his pen in this week's issue of The Montreal Standard. The matters dealt with by Rev. Dr. Symonds in the article referred to are matters which are now claiming the attention of church men everywhere, and will be read with interest. The whole article is reproduced below:

The remarks of Dr. Caldwell in The Standard of December 23rd with regard to national religious in general, and the actual conditions of the State Religion and Non-conformity in England, are naturally of interest to an Englishman and a clergyman of the Church of England in Canada.

I was much interested in Dr. Caldwell's remark that "I am far from thinking National Religion to be the best Divine method, with Canon Henson and many people even in America, I think there never has been a time so propitious as the present for a great national movement in religion in all English-speaking countries."

Repeal of Present Act of Uniformity.

So far as England is concerned it seems clear to me that the continuance of the Establishment depends upon the repeal of the present Act of Uniformity, and the enlargement of the borders of the church in accordance with the ideas of that small but distinguished body of Anglicans of whom Arnold of Rugby and Dean Stanley are the best known representatives of a past generation, and whose mantle appears to have fallen upon the shoulders of that courageous and devoted Anglican, Canon Hensley Henson. The Church of England is only nominally national, for no church can be truly National that does not represent the nation as a whole. The Church of England, unfortunately, represents, roughly speaking, only the conservative element in the national life. Either, therefore, it must discover some way of becoming representative of the whole national life, or it must, in the course of time, be disestablished.

No Particular Denomination to be Established in Canada.

With respect to our own country no one supposes that any particular denomination is going to be established, nor that, if a National Church of Canada should, in the course of time, be evolved, its constitution would be the transcript of that of any former National Church. National Churches are not the result of conscious aims, but rather of what is called "the topic of events." The movement now in process for the union or federation of the Presbyterian, Methodist and Congregational churches is such an event. The resultant body would be a very powerful national force, especially in those provinces which are for the most part Protestant, and should the Anglican and Baptist churches, by and bye, ally themselves with this united body, we should have in Ontario, for example, something very like a National Church, whose Synodical decisions might become events of national importance.

Census of Church-Goers Justify The Pessimistic Remarks.

The recent report of the census of churchgoers in London and other sources of information, justify the somewhat pessimistic remarks of Dr. Caldwell with respect to the relations of the working classes to both Established Church and to Nonconformity in England. Things are probably no better in the United States. My own belief is that our divisions are the most potent causes of our weakness to-day, and probably Dr. Caldwell agrees with this, and therefore urges the present as a propitious moment for a great national movement in religion.

Christianity a Social Religion.

Christianity, whilst emphasizing the importance of the individual and his rights, in none the less a Social Religion. It is on the social side that the church is weak to-day. The social principles of Christianity are but faintly realized by the mass of Christian people, who think of Christianity as a scheme of personal salvation rather than one of social service. To elucidate these, and to apply them to the problems of to-day, viz., the problems of the employer and the employed, of the rich and the poor, of the divisions of Christendom, and of better social conditions in general, would seem to be the most important task of the church to-day.

Laymen Can Accomplish Much.

But it is a task in which the educated laymen can accomplish as much as, in some ways perhaps more, than the clergymen, and perhaps Dr. Caldwell will permit me to say that some of us in Montreal are looking hopefully to the results of the influence which he wields in the lecture rooms of McGill, where many of our future clergy are studying ethics under his direction. But we also welcome his contributions to the columns of such a widely read journal as The Standard, for the striking words of Harnack in the preface to his popular lectures on Christianity are applicable to other departments of learning than that of theology. "This I know: the theologians of every country only half discharge their duties if they think it enough to treat of the gospel in the recondite language of learning, and bury it in scholarly folios."

Yours, etc.

HERBERT SYMONDS.

Purity of The Blood

THE BEST PROTECTION AGAINST DISEASE—OBTAINED BY USING

DR. CHASE'S KIDNEY-LIVER PILLS

If you enquire into the cause of sickness, pain and suffering, you will find that fully nine-tenths of it result from derangements of the liver, kidneys and bowels.

This was the truth arrived at by Dr. Chase when he began experiments which led to the discovery of Dr. Chase's Kidney-Liver Pills.

The liver and kidneys are intimately related as filterers of the blood, and the regularity of the bowels depends on the healthful action of the liver.

Hence it happens that when the liver and kidneys are made healthy and vigorous by the influence of Dr. Chase's Kidney-Liver Pills, such diseases as biliousness, liver complaint, kidney disease, indigestion and constipation soon entirely disappear.

With the liver and kidneys in healthful working order, the purity of the blood is ensured and you are protected against colds, fevers and contagious and infectious diseases.

As a family medicine to promptly cure the most common ills of life, there is no preparation that can be compared with Dr. Chase's Kidney-Liver Pills. In every neighbourhood there are people who have proven merits of this great medicine. Ask them.

Mr. Jos. Lutton, Belleville, Ont., writes: "I was troubled very much with Kidney disease for a long time and was unable to obtain relief. A friend advised me to use Dr. Chase's Kidney-Liver Pills, and they have proven of very great benefit to me. I have used a number of boxes of this excellent medicine and feel it a duty to recommend it to other sufferers.

"My mother thinks that there is no better tonic than Dr. Chase's Nerve Food, and others of my friends have used this food cure with splendid results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box; at all dealers, or Edmanson, Bates and Co., Toronto. Pain cannot exist where Dr. Chase's Backache Plaster is applied. 19

THE GLOBE, Toronto

Winter Series Closed Saturday At Selwyn

Farmers' Institute Meetings Have Been Well Attended—Much Interest Manifested by Agriculturists of the District—Profitable Addresses at Afternoon and Evening Meetings at Selwyn on Saturday—Evening Attendance Was Large.

WEATHER WAS UNFAVOURABLE

Saturday afternoon saw the close of the series of winter meetings of the West Peterborough Farmers' Institute. In all, four meetings have been held with a large attendance representative of the best agricultural interests of the riding. The meetings Saturday at Selwyn were the first held at that place in fourteen years, and its addition to the circuit annually covered by the Institute delegates in West Peterborough is a matter of gratification to the progressive agriculturalists of the district surrounding the village to the north.

The evening attendance was considerably larger than that of the afternoon, but upon the whole, the interest manifested in the meetings was most satisfactory, notwithstanding the inclemency of the weather. A snow storm, accompanied by a piercing gale prevailing in a spasmodic manner during the day.

The addresses by Mr. Fraser and Shearer, the delegates, were of a most edifying character, and much information, that will be of no little practical value, was gleaned by the farmers in attendance. In instructive value, the addresses themselves, are perhaps of scarcely more importance than the invited discussion which follows, in which the listeners are afforded an opportunity for more minute inquiry with regard to matters of individual interest.

Mr. Thomas Hunter presided at the afternoon meeting and gave a brief opening address in which reference was made to various features of the work being carried on.

Noxious Weeds.

Mr. Fraser talked on noxious weeds, a subject which every farmer is interested in, more so than they would like to be. Mr. Fraser said he would only take up the subject as it concerned the locality. There are some conditions which applies to all localities such as cultivation, preventing seeding and changing crops, which must be followed in all districts in destroying weed growth. definition of a weed is a flower out of place. The most difficult class of weed to deal with is the perennial. There is the Canada thistle and the sow thistle. Then there is the couch grass and the ox-eye daisy.

Cultivation is useful if properly directed. One method will kill some weeds while it helps others. Couch grass and the Canada thistle should only be cultivated in dry weather. To cultivate the land in wet weather helps the weeds. The ragweed is easily overcome because it does not seed until after the harvest, so that cultivation right after the harvest will do more to check the growth than anything else.

Take mustard. The roots will not live a second year. They depend entirely on their seeds. Mustard will live for fifty years by seeding and re-seeding. The best way to overcome it is to cut the stalks before seeding time. The root will shoot up several other branches, but cut it down again before it seeds and it is easy to get rid of this pestilence.

The wild oat, wild mustard and May weed or dog weed is late in starting and occupies ground that has not been hitherto covered. The seed in the soil and when it gets an opportunity to grow it will grow.

The perennials are the most difficult to eradicate. The Canada thistle does not trouble us so much now as it used to. It takes a couple of years for it to get established. It is a deep rooted plant, and by continual cultivation it can easily be disposed of. The sow thistle is far more troublesome. It is a shallow rooted plant and is more quickly established. It is harder to keep rid of. The sow thistle seed will take hold in the fall and in the spring it will send up a stalk several inches in diameter, and every year it becomes worse. Hoe crops will keep it in check. Summer fallow and fall ploughing is about the only way to exterminate it and it will then be hard work.

Ox-eye daisy is another perennial, taking two years to establish itself. It is found in uncultivated land but never in cultivated land.

The orange hawkweed will reduce the value of land from $50 to $5 per acre. It is said salt will kill it. In the east it is very bad. Use 1500 lbs. of salt per acre, which is not sufficient to affect vegetation for more than one season, but it will kill the hawkweed.

Couch grass has good feeding values, but it had bad qualities which destroy all the good in them. Smothering and cultivation are the chief ways of destroying couch grass. It is deep rooted weed but it must come to the surface and get the air. It must have air. Plow in the spring and harrow. Then put in a heavy seeding of buckwheat. When the buckwheat is about two feet high plough it under and seed again with buckwheat. Thus you have two or three cultivations in a year, and by so doing you exclude the roots from the air which is death to all root weeds.

False flax has a small red seed and is a bad plant. You may have it two or three years before you know it. It is often found in timothy or clover seed. If once you get it you will remember it for many years. It is very much like shepherd's purse. The roots of all winter annual weeds die after the second year.

The blue thistle or blue devil is a bad weed. It takes possession of the whole land. But cultivation will kill it.

Nearly all weeds have been imported into Canada, even the Canadian thistle. Had there been a little discussion on weeds done a few years ago Canada would be a paradise for the farmer just now. But we have weeds and must fight them. Most of them are imported in clover seed and timothy seed. We are up against a battle that our forefathers never had. They had trees, and lack of railways to fight against, but we have weeds.

Mangolds, Potatoes and Turnips.

Mr. Shearer said a farmer can save largely by preparing the land ahead of time. He uses 15 loads of manure per acre, some use up to 25 loads. He saves enough manure from the spring to manure this land in the fall. Then he gangs harrows the land right after the harvest and then in the fall he ploughs and manures it and harrows it again.

Potatoes and mangolds are always put in together. In the spring as soon as the land is dry enough, harrow it to save the moisture. Then before seeding gang harrow it again. After seeding roll it with a big roller and in ten days the mangolds are up leave them until they get their third set of leaves. This brings them along to about the end of May or the first of June. Then go through the patch with the scuffler. About hay time hoe the mangolds a second time. Then all summer scuffle the mangolds as often as possible to retain the moisture.

Mr. Shearer says he does not grow more than half or three-quarters of an acre of potatoes. He works the land about the same time as for the mangolds, but instead of putting them in on May 24th he will put them in early next year to overcome the blight which is striking the potatoes this year. As soon as the potato stalk is about six inches high the spraying should be done. Immediately the potatoes are planted harrow the land to kill the weeds and if there are any lumps in the land, run the roller over them and then harrow again.

Mr. Shearer said that usually he puts turnips on the dirtiest piece of ground on the farm. For turnips the manure is put on in the winter if the snow is not too deep. He always mixes the manure from the horses, cattle and hogs. He works turnip land the same as for potatoes; puts the drills about thirty inches apart and sows about a pound to a pound and a half per acre. As a preventative of the turnip fly he uses coal oil on the seeds. Just get the seeds wet and let them dry before sowing.

EVENING MEETING.

There was a much larger attendance at the evening meeting. The hall was nearly full. Many ladies were also present and took a keen interest in the proceedings. Besides the addresses Mrs. Bert Manning rendered a vocal solo and Messrs. McKee and Norval a vocal duet.

President Hunter again occupied the chair and after a brief address called upon Mr. Fraser who was to speak on "Things a Farmer Needs."

Mr. Fraser.

Mr. Fraser said one of the things a farmer needs is a good wife. It is all right for a man to live on a farm with his mother and sisters but when he gets on a farm alone he is lost and has an uphill fight to success. He strongly advised the young men to get a good wife as soon as possible.

A farmer also needs to know how to farm. He must know how to cooperate with nature in order to get the best results from the land. The more knowledge we have of nature's laws, the better we shall get on.

In regard to cereals grown in Ontario he said there were 12,000,000 acres under cultivation. What are we doing to improve the condition of the land? Prof. Zavitz, of the Guelph College, has been experimenting on sowing the very best seed grains, and as a result he finds that the best grains produce 15 to 20 bushels more than the small shrunken grains. There is a seed association whose sole object is to improve our grain and to increase the quantity. They select the best known kind of grains and sow it thinly and select the best heads on that and so on for three years when it is eligible for registration.

Prof. Zavitz tried wheat on the same farm for ten years, and each year he found that its productiveness was increased.

Farmers also need a knowledge of stock. The young men should attend the stock judging contests being held by the institutes. He also recommended that the young men should take a holiday and spend ten days in Guelph, in the near future.

Poultry Talk.

Mr. Shearer talked on pure bred poultry for boys and girls. It is, he said, a good thing for them when they want a little pocket money. Boys and girls usually take such an interest in poultry that they can do that work just as capably as the older people. Besides they can do their own work as well. They should keep pure bred poultry because they are far more valuable. The work also gives them business ability. He would mention barred Rocks and Buff Orpingtons, as the best for the farmer. The best way to start is to buy a few settings of eggs or to buy a half dozen good birds. For egg production keep the hens busy; then keep the eggs in a dry cool place. Then keep the hens free from vermin by supplying a good dust bath. Especially dust the hens while setting, at least three times during the twenty-one days. Feeding young chicks at first, give them hard boiled egg and dry bread. In a week they will eat cracked wheat and soon they will want the whole wheat. As the chickens grow the time will come when they must be culled and then the boy or girl will have to find a market for these good birds.

Feed in the winter mixed oats and barley scattered in loose straw on the floor, to make them work. Give them yellow mangolds for the vegetable, and for the meat he did not know of anything better than calf meat partly cooked. Feed that twice a week. Then the hens need grit, oyster shell and granulated bone. Gravel is good. For soft feed give them oats, barley and flax seed, mixed.

The meeting closed by singing God Save the King.

OZONE SOLUTION

SPECIAL OFFER!

There is just one way by which you can get a package of "Celery King" free with a bottle of "Ozone." That is ask your druggist for "Solution of Ozone, the coupon kind." Each bottle of this contains a coupon for which we send you a full twenty-five cent package of "Celery King." Never take "Ozone" without "Celery King" if you want the best results. We are putting coupons in our "Ozone" good for "Celery King" because no other dealer or firm in the world has the right to manufacture "Celery King" but ourselves and no other remedy in the world will give such good results. "Ozone" kills the inside germs and "Celery King" is a tonic laxative.

Ask your druggist for "Solution of Ozone, the coupon kind," manufactured by the Public Drug Co., Bridgeburg, Ont., sold by W. B. Warne.

RICHARD HALL & SON 353 and 355 George Street

Clergymen Met This Morning

Regular Meeting of Ministerial Association.

The Ministerial Association met this morning at the Y.M.C.A., the following members being in attendance:—Rev. J. C. Davidson, Rev. F. J. Scott, Rev. J. G. Potter, Rev. Dr. Torrance, Rev. Dr. Crothers, Rev. J. G. Lewis, and Rev. A. H. Brace.

A motion was unanimously passed extending hearty congratulations to Rev. J. C. Davidson upon the honour and promotion that have come to him from his church in his recent elevation to the office of Canon of the Church of England.

The following were appointed to visit the Hospital and Home for the month of January, upon the respective dates mentioned:—

January 8th—Rev. F. J. Scott.
January 15th—Rev. J. G. Potter.
January 22nd—Rev. W. J. Jolliffe.
January 29th—Rev. J. G. Lewis.

Mr. F. H. Dobbin, proprietor of the Review, was present by invitation and gave a most interesting address on "The Relations of Employer and Employees", giving a fair and comprehensive view of conditions as they exist, which was, on the whole, optimistic.

A unanimous vote of thanks was extended to Mr. Dobbin for his lucid practical and edifying address.

TAKE IN HOCKEY CLUB EXCURSION

To Port Hope, to-night, special train leaves at 7 o'clock sharp, returning immediately after the game.

A Correction.

—In the Examiner on Saturday an item stated that Jas. Sutherland had been fined $10 and costs for assault. It should have read E. Gross; Mr. Sutherland was the one who laid the information against Gross.

OBITUARY.

DONALD BRUCE FOWLER.

This afternoon between 12 and 1 o'clock the death occurred of Donald Bruce Fowler, the only son of Mr. and Mrs. E. B. Fowler, at the age of three years and seven months. The little lad only took sick yesterday with inflammatory croup, and he rapidly sank until his death occurred. His parents are grief-stricken at his sudden death. The funeral will take place on Wednesday afternoon at 2.30 from the family residence, 277 Rubidge street, to the Little Lake Cemetery.

MRS. JOHN MILLIKEN.

The death occurred last night, at the residence of her son-in-law, Mr. Walter Peters, 681 Reid street, of Jane Garrett, relict of the late John Milliken, at the age of 68 years. The deceased, although she has been in failing health for some time, had been bedfast for only a few days. The funeral will take place tomorrow afternoon at 2.30 from 681 Reid street, to Little Lake Cemetery.

Robes Stolen From Sleighs

A buffalo robe belonging to Mr. Joseph Green, the well-known Gravel road farmer, and another robe as well, the property of another person, were stolen from the sheds of a local hotel on Saturday night. The robe belonging to Mr. Green is a valuable one. The matter has been reported to the police, but if the individual who took them will leave them at the hotel from which they were stolen, no questions will be asked and prosecution will not be proceeded with.

Fire Destroyed The Residence

Mr. Robert Steele Loses by Saturday Night Fire.

A disastrous fire occurred on Saturday evening about 8.30 on Concession street, when the residence of Mr. Robt. Steele was practically destroyed. At the time the fire started, Mr. and Mrs. Steele, who, by the way, have been married only a short time, were out of the house, so that its origin is somewhat of a mystery.

The alarm was quickly sent in, and the brigade reached the fire in time to save the lower portion of the house, though the upper storey and the furniture were destroyed.

WE SELL GOOD SKATES CHEAP THE BEST STOVE CO.

Week of Prayer Opens To-night

Topic at Charlotte Street Church Will be "Young People's Work."

The opening meeting of the Week of Prayer in various of the city churches, will be held to-night at the Charlotte Street Methodist Church, when the topic will be "Young People's Work." Meetings will be held in the George and Mark Street Churches on Wednesday evening, the topic being "The Church." On Friday evening at the Murray Street Church, the topic will be "The Home."

The meetings will take the form of union prayer services, which will be conducted by the pastors of the respective churches mentioned. They will also take the form of conferences which all are free to attend.

Rehearsals of St. John's Choir

The choirmaster of St. John's announces the following rehearsals for this week. Monday, 4.30 p.m., Wednesday, 7.30 p.m., (for choir boys only. Thursday, 8 p.m., (for full choir). A limited number of suitable boys will be accepted as probationers. The same should call for examination at hours of boys' rehearsals. Rehearsals are held in Guild room, parish house.

Eczema for Twenty Years.

"I was troubled with eczema for twenty years and was treated by three doctors to no avail. Dr. Chase's Ointment has cured me completely and I have not had the slightest return of this disease." — John Pratt, Blyth, Huron Co., Ont.

CITY NEWS OF TO-DAY

No Police Court.

—There was no session of the police court this morning.

Y.M.C.A. Rink.

—The ice on the Y.M.C.A. rink is now in first-class shape.

A Cold Snap.

—Last night the thermometer took another drop, and reached 7 below zero.

Board of Education.

—The Board of Education will meet to-night for the first regular meeting of the year.

Council Meeting.

—The first regular monthly meeting of the City Council will be held to-night in the Council Chamber.

Bricklayers' Banquet.

—The members of Bricklayers' Union will hold their annual banquet to-night at McCallum's restaurant.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. Phone 190.

Choir Practice.

—Choir practice will be held this evening after the prayer service at the Charlotte street Methodist church. A full attendance is requested.

Picture Framing.

—And after all, that picture, framed nicely, will just be the thing to give for Xmas. Have it framed at "The Framery," two doors west of P. O.

Christmas Tree Event.

—On Friday night the annual Christmas tree entertainment of St. Luke's Sunday School will be held, when the presentation of prizes will take place.

St. Luke's Guild.

—The regular monthly meeting of St. Luke's Men's Guild will be held to-night in the Guild Room, Hunter street (east). A full attendance is requested.

Call at 358 Aylmer Street

—Call at 358 Aylmer street and see my Tire Tightener, the best in the market. I am selling county or provincial rights. Small investment, large profits. C. C. Park. 6d1w

Mark Street Services.

—The special services at the Mark street church will be taken up again this week. Commencing to-night, they will be continued during the week.

Choice Vegetables.

—Dear friends,—why go around delicate, when you can get vegetables of all kinds fresh and good, to make soups, etc., to tone you up, at James R. Bell's, 161 Hunter street, Phone 455.

St. John's W A.

—The Woman's Auxiliary of St. John's church will hold their monthly meeting to-morrow at 3.30 in the guild room. All members are asked to remember the January offering for the Chinese in British Columbia.

Carpenters' Union.

—To-night the Carpenters' Union will meet and the annual election of officers will take place. Other matters of importance will be taken up, and the attendance of every member is asked.

Meeting of Orange Lodge.

—The annual meeting of the District Orange Lodge of the District of West Peterborough, will be held in the Orange Hall, Simcoe street, on Tuesday evening, January 9th, 1906, at the hour of eight o'clock.

Gym Men's Re-Union.

—All members of the Y.M.C.A. interested in the physical department are invited to the annual Gym. Men's Reunion in the parlours on Tuesday evening, January, 9. Dr. Fisher, of New York City, will be the guest of the evening.

Open Winter.

—Workmen breaking ground to plant an electric light pole at the head of Hunter street this morning state that the frost has only penetrated the ground to the depth of six inches. This is something remarkable for the middle of January.

An Owner Found.

—A buckskin money bag containing five dollars that was picked up by a lady on Saturday was given to Mr. E. B. Wilson this morning by the chief, he having identified the property as belonging to him. Mr. Wilson was very much pleased when he recovered his property.

A Correction.

—It appears that a paragraph given the Examiner stating that Mr. Loudon had purchased the residence of Mr. J. D. Tully, is incorrect. Mr. Tully has leased one of his residences to Mr. Loudon, but there was no sale as Mr. Tully has no residences to sell.

Young People's Social.

—To-night the regular fortnightly meeting of St. John's Anglican Young Peoples' Society will be held at eight o'clock in the Sunday School room. The meeting will take the form of a social with a short programme of music. All young people are cordially invited.

Popular-Priced Note Papers.

The Peterborough Bookstore is headquarters for popular-priced note paper. The "Holly" box of stationery, containing 25 sheets of fine white linen writing paper and 25 envelopes to match for only 18c, regular price 25c. If you try this paper you will like it.

A. H. STRATTON & CO.

Debating Club Meets.

—On Wednesday night next the regular fortnightly meeting of the Literary and Debating Society of the Y.M.C.A. will be held in the association parlour. An interesting programme has been arranged, including "Current Events", "My Favourite Poem", etc., by a number of the members of the society. Every member of the association will find it to his benefit to attend these meetings and strangers are also always welcome.

Are You Going?

—To-morrow evening, January 9, the fine new organ of the George Street Methodist Church will be opened by one of the most brilliant organists in America, Mr. Arthur Ingham. If you go you will be delighted. You will also be able to hear Canada's best baritone singer, Mr. Arthur Blight. Don't miss hearing them. Popular prices 35c and 25c. 1d

Business Changes Hands.

Mr. J. T. Donoghue wishes to announce that he has disposed of his grocery business to Mr. T. Walmsey, of this city, who will continue to carry on the business in the present premises, 229 Hunter street. In thanking his numerous customers for the liberal patronage with which he has been favoured in the past, and in asking for a continuance of the same for his successor in the future, Mr. Donoghue wishes to assure them of every consideration at the hands of Mr. Walmsey.

The "Radiant Home" Heater gives more heat with less coal than any other stove yet invented.

That is the testimony of thousands of delighted purchasers all over Canada.

Don't buy a Heater till you see the "Radiant Home."

The BEST STOVE CO.

PERSONAL MENTION

Mrs. Fred. H. Dixon will not receive again.

Miss Edith Barlee went to Toronto to-day.

Mr. J. J. Turner, jr., is in Stratford to-day.

Mr. R. A. Morrow went to Toronto this morning.

Mr. Jas .Kendry was in Montreal on Saturday.

Mr. J. Randall, Hamilton, is a guest at the Oriental.

Mr. Wm. Irwin, returned from Montreal yesterday morning.

Mr. A. E. Williams, Ithaca, N. Y., is registered at the Oriental.

Miss M. Coughlin and mother of Lindsay, are visiting friends in town.

Miss Lenore Rylie who has been visiting friends in Douro has returned home.

Mr. Marton H. Spencley has returned to the city after a long visit in New York.

Mr. and Mrs. M. Smith will leave to-day for several days' visit with friends in Toronto.

Miss Fitzgerald, of Parry Sound, was the guest at luncheon of Mrs. Geo. Rubidge at the Hotel National to-day.

Miss Leta Bennett, nurse-in-training at the Western General Hospital, Montreal, is home for holidays.

Master Ray Dixon, son of Mr. A. E. Dixon, has gone to New York on a visit to his aunt, Mrs. Griffin.

Mrs. Cecil Carl Forsyth will be at home, 212 McDonel street, on the first and second Tuesdays of each month.

Mr. Maurice Van der Water, of the Conservatory of Music staff, has been called to Toronto, owing to the illness of his father, and will not teach this week.

The Examiner regrets very much to note that Mr. T. E. Bradburn, M.P.P., is confined to his residence suffering from an attack of la grippe.

Mrs. F. S. Schneider, 170 London street, will receive on the third Tuesday and Wednesday of each month instead of the first and second Tuesdays, as formerly.

Rev. J. G. Lewis returned this morning from Cobourg, where he went on Friday. Rev. Mr. Lewis preached last night in the Cobourg Methodist Church.

The many Peterborough friends of Miss Mary Needler, of Millbrook, will be pleased to learn that she has sufficiently recovered from her recent illness to be able to leave her room.

Mr. W. H. Noyes, section forman of the C.P.R., North Parkdale, Toronto, who with his wife and two children has been on a holiday visit to his parents, Mr. and Mrs. C. Noyes, and friends in Peterborough has returned to Toronto.

Mr. and Mrs. Joseph Kelly left this morning for a visit to the former's home, Kingston, they were accompanied by Mr. Thomas Riley.

Mr. Jack O'Halloran and John H. Meehan spent the New Year's holidays visiting Campbellford and Hastings friends. On their way back stopped over in Peterborough, renewing old acquaintances. They report a good time and speak very highly, of the hospitality shown them by their numerous friends in Campbellford, Hastings and Peterborough. —Lindsay Post.

A Week-End Skating Party

Delightful Function on Saturday Night.

Charmingly novel in Peterborough social circles was the tobogganing and skating party given on Saturday evening by Mrs. J. H. Larmonth, at the street railway rink and toboggan slide.

About twenty guests were present at the pleasing function, and their enjoyment was of the keenest, being charmingly entertained by the hostess at the parlours of the rink.

Celebrating Anniversary Of St. Peter's T.A.S.

A Flourishing Six Years' Old Society—To-day the Anniversary is Being Fittingly Honoured—Founder of the Society Will Probably Speak To-night—Members Received Communion Yesterday—His Lordship Bishop O'Connor Congratulates the Society.

THE NEW OFFICERS WERE INSTALLED

To-day the Total Abstinence Society of St. Peter's is celebrating the sixth anniversary of its organization, and yesterday the members to the number of about 350 attended the 8 o'clock mass at the cathedral, and received communion at the hand of His Lordship Bishop O'Connor.

The members of the society assembled at the hall and marched to the cathedral, where they received communion, at the conclusion of which His Lordship addressed them briefly, congratulating them upon the splendid representation present, and upon the general success with which the

REV. FRANK SULLIVAN,
Founder of St. Peter's T. A. S.

society is meeting. He was pleased to see the large number present and to learn of the good work which the society was accomplishing. In the communion His Lordship was assisted by Rev. Father McColl and Rev. Dr. O'Brien.

After the service the members marched back to the hall, where, before they dispersed, Rev. Dr. O'Brien, spiritual adviser of the society, addressed them in a congratulatory manner, referring to the remarkable success which had attended the work of the society during the six years since it was organized, and spoke of the large increase in the number of new members during the last six months, the increase being 104 over the preceding six months. The members of the society then renewed their pledges.

To-night the society is holding a concert at which addresses will be delivered by Rev. Father McColl, rector of St. Peter's, and Rev. F. J. O'Sullivan, of Lindsay, the founder of the society. In addition to these addresses an interesting programme will be rendered.

The growth of this excellent organization during the last six years has been truly remarkable. It was organized by Rev. Father F. J. O'Sullivan, who was the first spiritual advisor, with about one hundred members, and five years ago it was taken up by Rev. Dr. O'Brien, who has made it a most gratifying success. The membership now numbers in the neighbourhood of 600 men, 400 boys and 800 ladies. When the society was first organized they rented the hall and afterwards took the rooms of the Catholic Literary Society, which have splendidly fitted up, and are now among the best fitted rooms in the city.

The work of the society is divided into four sections, literary, athletic, dramatic and the band, all of which are accomplishing good work.

The society is in a good financial condition, and the prospects for the future are of the brightest. Yesterday twelve new members were received into the society.

At the meeting in the afternoon the officers for the first six months of 1906 were installed. They are:

Spiritual Advisor, Rev. M. J. O'Brien, D.D.
President, D. J. Holland.
1st Vice-Present, J. E. Sullivan.
2nd Vice-President, D. Cushing.
Financial Secretary, A. H. Lehanne.
Recording Secretary, J. L. Bolin.
Marshall, H. Gainey.
Assistant Marshal, P. O'Donnell.
Sergeant-at-Arms, N. Trombley.
Trustees, C. Murty, J. Moher, N. Bibby, A. Sharpe, Jos. Begley.

The furniture is modern, almost new and in good condition. Can be seen any day from 10 to 12 o'clock and from 2 to 4. Must be disposed of by Tuesday, 9th January. 3d5

Presentation At St. John's Church

Mrs. K. Eardly-Wilmot Made Recipient of Beautiful Gold Cross.

A pleasing event took place last night in the vestry of St. John's church at the conclusion of the service, when Mrs. K. Eardley-Wilmot was presented with a beautiful gold cross set with pearls, by the members of the choir, whose music she has directed with such marked success during the past three months.

Mrs. Eardley-Wilmot, was was announced some time ago, found it necessary to resign from the, position of choir leader at the end of the year, and her associates last night took advantage of the occasion to express, in a tangible manner, their appreciation of her services during her occupancy of the position.

A short address was verbally delivered to Mrs. Eardley-Wilmot by Mr. H. W. Morphet, the presentation being made by Master Carl Halpany. The recipient replied briefly in appropriate terms, making reference to her appreciation of the kindness manifested towards her. Though obliged to resign the leadership of the choir, Mrs. Eardley-Wilmot will still remain an active member.

A Citizen Of Prominence

Mr. John Haggart, the popular auctioneer, was probably the most talked of man in the city on Saturday night. In its series of pictures of prominent citizens that day, The Examiner published a picture of Mr. D. W. Dumble, taken a number of years ago, and while the short note accompanying the picture said that the original was one of the best known men in the city, that description answered Mr. Haggart as well, and the picture, according to the opinion of a great many, bore a remarkable resemblance to that gentleman, and as a result, the majority of those who telephoned in identification to the picture were positive that Mr. Haggart was the man picture. A number, however, were correct in their guesses, and among those who telephoned in were Mr. Jos. Picard, who was the first; Miss Lillian Grady, Dr. Poole, Mr. J. A. W. Kerr, East City; Mrs. Belleghem Dr. Burnham, Ald. Johnston, P. C. Stewart, Mrs. (Dr.) Morrison, Mr. Barton Earle, Miss McKee, Mrs. McIntyre, Mr. F. R. J. Mitchell, Miss Daisy Conroy, Mr. H. Nesbitt, Mr. J. E. A. Fitzgerald, and Mr. D. J. Devine. A lady who has identified a number of the pictures, and who, when asked, states simply that she lives on London street, also recognized that in Saturday's paper.

By an oversight, the name of the gentleman in the paper of a week ago Saturday was omitted on Tuesday in the excitement over the elections. The picture was that of Mr. T. W. Robinson, who was recognized by a number of persons on Saturday night.

NEW BARBER SHOP

Mr. Joseph LeClaire, better known as "Eddie," has opened a new Barber Shop on Simcoe Street, in the Snowden Block, in the premises formerly occupied by the late F. Potvin.

Latest News Of Winter Sports

Peterborough And Port Hope

A Special Will be Run to Port Hope for To-night's Game.

Mr. C. G. Graham, secretary of the local hockey club, has received a telephone message from Mr. Fred Curtis, secretary of the Port Hope club, stating that the ice will be in good condition for to-night's game with the locals. Excursion tickets, which may be had at Mack, O'Brien's, the Oriental, F. A. Clarke's and Sanderson's are going fast and the prospects are that a large crowd will accompany the team. The fare is $1.10 return. The train leaves the G. T. R. station at 7 o'clock sharp, returning from Port Hope immediately after the game. The distance is not great, fare reasonable and the connections good, so that anybody wishing to see the team perform away from home will have a good opportunity to do so to-night. The train will return to the city comparatively early, and this fact should be a most favorable consideration to those who will have to work to-morrow. No one who takes an interest in the Peterborough seven should fail to encourage them by accompanying them to Port Hope to-night.

The Game Must Be Kept Clean

Clean play must rule in hockey this winter. There was a time when the crowd yelled "Kill him!" "Put the wood to him," and sundry other expressions encouraging their favourites to endeavour to disable the opposing seven, but now the people who patronize hockey matches are disgusted with the butchery that in former years was prevalent, and now demand good, clean, fast hockey—hockey pure and simple. And the referee is always master of the situation. If the game is to be clean he must enforce the rules and severely penalize all players guilty of rough play. It is true that many play the game and are more or less unintentionally strenuous, but they must learn that they come on the ice to play hockey and not to butcher their opponents. As said referees are masters of the situation and their work throughout the winter will be watched with interest. Referee Waghorne kept the game clean in the Cobourg-Peterborough game, and the patrons of the great winter sport, in this city anyway, look to all others who officiate in Peterborough in a like capacity this winter, to do the same.

HOCKEY

A Shocking Accident.

Referring to an unfortunate accident that happened in the Brockville-Smith's Falls game at Brockville, on Friday night, the Recorder says:

The game, although played with the friendliest feelings, was rough, and one man, at least, will have cause to remember the contest. This is Robt. Millett, the centre player of the Cornwall team, who now lies in St. Vincent de Paul Hospital with his face badly lacerated and an injury received to his nose, which will leave him scarred for life. Towards the end of the first half, on the west side of the rink, Larose and Millett sandwiched Marks, who was skating down in possession of the puck. Millett tripped, causing the other two players to fall with him. In going down Marks' skate cut his left cheek and the point going through the bone of the nose came out on the right side, just missing the right eye. Millett, of course, collapsed, as did also Larose, who fainted at the sickening sight. Blood flowed in volumes from the wounds, and quickly he was conveyed to the dressing room, where Drs. Jones and Bowie were called in. He was removed on a stretcher to the residence of the former, where restoratives were applied. Later in the evening he was taken to St. Vincent de Paul Hospital, where Dr. Jones operated on the injury. Between twenty-five and thirty stitches were found necessary, but the patient was brave, and this morning, although feeling very sore, was quite cheerful. Up to the time of the operation Millett never lost consciousness, and to the doctor at times appeared quite cheerful despite his terrible injury. It will be some days before he will be able to return to his home. The affair is regretted by all, as it was purely accidental, and not the result of any rough work.

• • • •

Hickey's Terriers and Best's Happy Thoughts will play a game at the Brock street rink on Wednesday, from 5.45 to 6.45 p.m.

• • • •

The Charlotte Street Guild team have twenty-three men who turn out to practice. There's great enthusiasm in this aggregation all right.

• • •

On Friday night Smith Fall's Federal League team defeated the Queen's seven by a score of 1—0. Judging by the performance of Queen's in this city the bunch from Smith's Falls must play the game all the time.

• • •

"Peterborough's free silver score against Cobourg shows the winners to be pretty strong in all departments. This is the team some people call to win the intermediate O. H. A. championship."—Toronto Star.

• • • •

The Lindsay Post says: Peterborough has a great bunch of hockey teams. Here are a few: "Nevers weats," "Nationals," "Suicides," Intermediates and Juniors, "Tame, Bantams, "High Lifes," "T. A. S." "Typos," and others.

• • • •

Peterborough expects to have a walkover in the intermediate O. H. A. series. The team is faster than ever, and more fitted for senior company than the intermediate ranks. Queen's defeated it in Peterborough by 7 to 4, and Invincibles hope to do the same.—Brockville Recorder.

• • • •

Games between different departments of the C. G. E. are played every Saturday afternoon on the All Saint's rink, and considerable interest is manifested in them, good sized crowds being present at every exhibition. There is no admission fee charged.

• • • •

Charlotte Street, All Saints and the Boys' Brigade are the three guild teams practising on the All Saint's rink at present. There are yet two nights which are open. The rink is 100 by 123 feet in area, and is largely patronized by skaters. The ice is now in superb condition.

• • • •

An exciting game of hockey took place at the Brock street rink Saturday evening, when the Junior Central School team met defeat at the hands of the Snow Flakes. The score at half time was 4—0 in favour of the Snow Flakes, the final score being 7—1. For the winners Crane and Burritt were the stars, and for the losers Robinson was the roughest, and in fact, the roughest man on the ice. The line up of the winners follows:

Goal, Roy Scott; point, H. Brown; cover point, H. Carey; centre, Ross Laing; rover, Hugh Burritt; right wing, K. Crane; left wing, W. Eastwood. S. Laing refereed the game, giving entire satisfaction to both teams.

• • • •

On Saturday afternoon between 5 and 6 o'clock the North and South Ends of the brass department of the C. G. E. played an interesting game of hockey. The score was 5—0 in favour of the North Ends, and at no time were their opponents dangerous. The game was not at all rought, and was fast throughout. Mr. Sidney Bush made a very satisfactory referee. Following was the line up:

North End—Goal, Grant; point, Lapp; cover, Pedlar; forwards, Gross, R. Hillier, G. Hillier, Sanderson.

South End—Goal, Elliott; point, Young; cover, Prest; forwards, Adamson, Hopkins, Dickson, E. Hillier; goal umpires, Gillis, Watson; timekeeper, O'Brien.

The following are requested to be at the G. T. R. station to-night at 6.45: Wasson, Glover, Crowley, Whitcroft, Morgan, Parnell, Currier, Graham.

The team will dress on the train. Cavanah hurt his shoulder in the game with Cobourg Friday night and will be unable to accompany the team.

Britt-Nelson Fight Pictures

The Manitoba Free Press, Winnipeg, says the following of the Britt-Nelson fight pictures, which will be seen here at the Grand in a short time:

"The wonderful moving pictures of the Britt-Nelson glove contest will again be seen at the Winnipeg theatre next Thursday and Friday evenings. Those who missed them before are arranging to attend this time, and many who saw them before have concluded to go again. They are most interesting, both from a scientific point of view and from a comedy point of view. Every blow is clearly shown, and every move of the various members of the vast audience present at the contest is perceptible.

THE TURF.

The following letter has been received by the secretary of the Peterborough Turf Club:

A. Rountree, Secretary Peterborough Turf Club and Athletic Association, Peterborough, Ontario, Canada.

Dear Sir,—I wish to acknowledge receipt of your letter of Jan. 4. I have also received letters from Mr. Johnston and Mr. Lipson in regard to the horses, "White Blaze" and "Miss Paisley." They have been forwarded to Mr. P. P. Johnston, President of the National Trotting Association, and I have notified both of the gentlemen that I will advise them as soon as I hear from him.

Yours truly,
W. H. GOCHER,
Secretary.

Debts Should Not Be Neglected

Rev. Canon Davidson Preaches Excellent Sermon Last Night.

Preaching at St. John's Church last night, the rector, Rev. Canon Davidson, remarked, with particular stress, upon the urgent necessity of the prompt payment of debts as a constituent of the path of duty. The duty was one of special import at the present time.

The attitude of men towards their accounts and financial obligations was one which might be of tremendous importance in the life of the community, all being directly concerned in each other's welfare. The far-reaching nature of the difficulty which might follow as a consequence of procrastination, was pointed out. Looking forward to the new year the preacher advised the making of arrangements to live within one's means to insure peace of mind, and satisfactory relations with the world.

During the past two weeks 7,000 pounds of rabbits have been shipped from East Machias and Harrington, Me., to the Boston market. The demand is brisk and the business is said to afford a good margin of profit.

A Suggestion To His Worshisp

"Onlooker" Points Out Opportunity for Tangible Action.

To the Editor of the Examiner:

Dear Sir,—I noticed in the Examiner on Saturday that His Worship the Mayor is going to do something in regard to the advertising of Peterborough similar to what Mr. Mackenzie is doing for Toronto, and that he proposed, with the consent of the Government, to secure No. 4 dam, to facilitate manufacturing establishments coming to Peterborough.

Permit me to suggest to His Worship that it would be a nice thing, not only to secure the dam, but for the Mayor himself to harness it up and get it ready, then present it to the town. This would be something tangible and would be worthy of the Mayor, who has ample means to do something generous for Peterborough, during his occupancy of the Mayor's chair. I do not know that his Honour has ever done much for manufactures in Peterborough. I do not know that he has any stock in any manufacturing concern in Peterborough notwithstanding that many have been developed with local funds. His Worship never had sufficient confidence to invest a dollar. I am glad his opportunity has come and hope he will do so now.

It is an honour to be elected Mayor of Peterborough. I do not know that our Mayors have done much to help us. We have given each and all of them sufficient to keep them going during the year in pin-money, but I do not know whether we ever got any value for it or not. However it would be a change to have something substantial and tangible done and I merely offer a suggestion to His Worship.

Yours truly,
ONLOOKER.

Peterborough, Jan. 8th, 1906.

WEDDING BELLS

JOHNSTON—THOMPSON.

A quiet wedding was solemnized this morning at eight o'clock at St. Peter's Cathedral, when Mary Ann Thompson was married to Mr. Peter Johnston, both of this city.

The ceremony was performed by Rev. Father McColl, the happy couple afterward receiving the felicitations of a large circle of friends. Mr. and Mrs. Johnston will reside on Aylmer street.

TO KILL THE DANDRUFF GERM

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair you may be sure either has dandruff to a limited amount or is anything. In nearly every case where women and men have thin, brittle hair they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling hair and baldness can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, you remove the effect." Sold by leading Druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Choral Society Practice To-Night

The members of the Choral Society are reminded of the practice to-night at 8 o'clock sharp. It is earnestly requested that there be a full attendance, the time of the concert being within measurable distance. The reason of the practice being held this week on Monday instead of Tuesday is that many members may wish to avail themselves of the opportunity of attending the recital in George street Methodist church to-morrow evening.

The last rehearsal was very successful. Mr. Davies wishes it to be understood that no newcomers will be admitted after this evening, and in any case only those willing to submit to a voice and sight reading test.

An Offender at The Opera House

Information was sworn this morning by Opera House Constable Tom Miller against a young man charged with spitting tobacco juice on the floor of the Grand Opera House. The case will come up for hearing at Wednesday morning's police court.

State of Ohio, City of Toledo, } ss.
Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D., 1886.

(Seal) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Cobalt Claims Investigation By Government

Actions Touching Validity Instituted By Government.

ALLEGATIONS OF FRAUD

Writ Issued Against the Temiskaming and Hudson Bay Mining Co.—Alleged That Affidavits as to Valuable Discoveries on the Location Were Falsely Made—One Thousand Two Hundred Acres Affected.

Toronto Jan. 8.—Acting on instructions from Hon Mr. Foy, the Attorney-General, Mr. William Pinkerton, of Pinkerton, Clute & Cook, will to-day issue a writ against the Temiskaming & Hudson's Bay Mining Co., and Mr. Henry Thompson, one of the directors of the concern, to cancel certain patents of mining lands in the Temiskaming district granted to the company. It is alleged that affidavits as to valuable discoveries on the locations were falsely made, and that the Government was thus fraudulently induced to grant the patents.

Another lawyer has been instructed to issue a writ against another company, and other writs may be issued if investigation warrants it. In addition to the two writs mentioned five writs were issued by consent of the Government some time ago, two against Mr. M. J. O'Brien, a former Temiskaming & Northern Ontario Railway Commissioner, and three against the Nipissing Mining Co. The aggregate of the property affected is about 1,200 acres.

The Temiskaming mining district, which includes the famous Cobalt mineral area, where the properties in all the cases mentioned are situate, is governed by specially framed regulations. These provide for the issuing of patents for locations on the filing of affidavits of valuable discovery, making a survey of and staking the location, the payment of certain sums, and the fulfillment of other specific acts.

Complaints Made to Government.

In cases where, after mining patents or leases are issued from the Lands and Mines Department, there are grounds for suspecting fraud or willful non-compliance with the regulations prior to the obtaining of such patents or leases, they are referred to the courts. That is why the Attorney-General is acting in the present instances. The patents affected were, with the exception of those in one case, issued by the late Government. In the one case the applications were approved of by the former administration and the patents were issued by the present Government. The usual affidavits of discovery were made, and the other regulations were complied with in all cases, and there was no reason for doubting their bona fides until complaints were made to the Government which, on thorough investigation and inquiry, warranted the decision to take them to the courts. In one case it is alleged affidavits were made by a single individual of a number of discoveries close together in one or two days, when, as subsequent inquiry showed, the ground was covered deeply with snow, and prospecting was out of the question. The other conditions were carried out and patents were granted. Some time ago this case was looked into, and it now goes to the court.

Lunatic Suicides at Hamilton.

Hamilton, Jan. 8.—Leander Woomer Proston, 30 years of age, an inmate of the asylum, committed suicide Friday night by tieing a handkerchief about his neck, placing a broomstick in it and twisting it until he succeeded in choking himself to death.

Pat Crowe Pleads Not Guilty.

Omaha, Neb., Jan 8.—"Pat" Crowe was arraigned Saturday in the district court on the charge of robbing E. A. Cudahy of $25,000 in the kidnapping case. He pleaded not guilty and his trial was set for Feb. 7. His bond is fixed at $7,000.

Convenes in March.

Winnipeg, Jan. 8.—The Hon. W. F. Cushing, Minister of Public Works for Alberta, who was in Winnipeg yesterday, said that the Legislature of the new province will be convened in March.

WEARY DAYS AND SLEEPLESS NIGHTS

Many men and women toss night after night upon sleepless beds until near dawn. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Worry or disease has so debilitated and irritated the nervous system that it cannot be quieted. Or, again, you have heart palpitation and sensation of sinking, a feeling you are going to die; or perhaps you wake up from your sleep feeling as though you were about to choke or smother, and rest leaves you for the night. Allow these conditions to continue and you will feel your health declining.

It is the nerves and heart that are not acting properly.

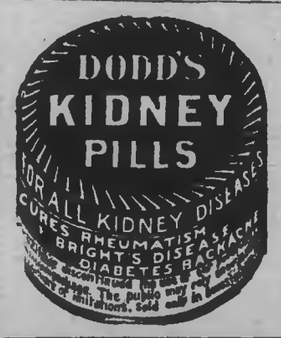
They can be set right by the use of

MILBURN'S HEART AND NERVE PILLS

They soon induce healthful, refreshing sleep, not by deadening the nerves, but by restoring them to healthy action and removing all symptoms of heart trouble, which is often the cause of nervousness and sleeplessness.

Mrs. Ennis Chambers, Massey Station, Ont., writes: "I was troubled with dizziness, weak spells and fluttering of the heart. I was so bad at times I could not lie down in bed at nights but would have to sit up. I doctored for a whole year and got no relief. I took three boxes of Milburn's Heart and Nerve Pills and was so completely cured I have not been troubled since. I cannot recommend them too highly."

Milburn's Heart and Nerve Pills are 50 cents per box or three boxes for $1.25 at all dealers or sent direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.



The Vital Issue Between France And Morocco

France Will Claim Privileged Status In Morocco.

THEREIN LIES THE DANGER

Germany Has Never Yet Yielded This Position — French Delegates Will Urge France's Geographical Propinquity to Morocco as a Reason —Germany Will Seek the Same Status For All the Nations.

Paris, Jan. 8.—Public uneasiness over the Moroccan conference has undergone a distinct improvement. This is due mainly to the confident attitude of the officials of the Foreign Office, who consider the selection by the Italian Government of the Marquis Visconti Venosti to head its delegation as strengthening the position of France.

Now that the French delegates are preparing to start for Algeciras there is evidence of the greatest firmness in upholding the French position, the essential feature of which is that France, through geographical proximity to Morocco is justly entitled to have a special and privileged position in Morocco.

Germany, while yielding much, has never clearly yielded the claim of France to a special position in Morocco. This is the vital issue.

What Germany Demands.

London, Jan. 8.—According to official information received in London from Berlin, Germany not only demands that all the powers shall participate in the execution of reforms in Morocco, but that the work of watching the frontier shall be divided among them, thus realizing fears expressed by an official of the Foreign Office in an interview with the Associated Press last Thursday, that there was some fear that the German delegates might insist on regulations clashing with what France considered her special privileges, for instance, the policing of the frontier.

If Germany persists in this attitude in the conference, it is believed a most serious situation will arise, as France is certain to resist, and Great Britain will support France. The British Government, while believing the conference finally will reach a satisfactory settlement, realizes that persistence by Germany in her demands will cause irritation.

In official and unofficial circles the possibility of war is considered the remotest, even if the conference fails, particularly as those who are inspiring the German policy do not belong to the war party, but are powerful commercial men.

DYNAMITE EXPLOSION.

Force Felt Twenty Miles — Five Men Killed and Four Fatally Hurt In a Quarry.

Chicago, Ill., Jan. 8.—Five men were instantly killed, four others fatally hurt and seven seriously injured by the explosion of a ton of dynamite at the quarries of the Dole & Sheppard Co. at Gary, Ills., Saturday. All of the victims were foreigners, who were laboring in the quarries.

Of about 40 men at work in the quarry hardly one escaped injury of some kind from the falling debris of the wrecked buildings, but only 11 of them were so severely hurt as to require assistance. The building to which the dynamite was warming up was demolished, and all of the other structures belonging to the plant were damaged. The total loss to property is $25,000

Three Women Burn to Death.

St. Louis, Mo., Jan. 8.—Three women were burned to death and one was injured Saturday in a fire that destroyed a boarding house in Missouri avenue. The building caught fire from the furnace.

Toronto Man Killed.

St. Louis, Jan. 8.—A cave-in at the mines at Webb City, Mo., Saturday, caused the death of two miners, one of them, George W. Kipp, recently from Toronto, Canada.

Separate School Law Valid.

Topeka, Kans., Jan. 8.—The State Supreme Court Saturday decided that the law passed by the last Legislature providing for separate high schools for the whites and negroes at Kansas City, Kans., is valid. The decision paves the way for the Legislature to pass an act separating the whites and negroes in all the schools of the state.

Died at 135 Years.

Philadelphia, Pa., Jan 8.—Mary MacDonald, a negress, who was born November 14, 1770, in a settlement known as Frogtown near Valley Forge, Pa., died at the home for aged and infirm colored persons here on Saturday.

Prison For Bank Wreckers.

Denver, Jan. 8.—Leonard B. Imboden and James A. Hill, convicted of conspiracy to wreck the Denver Savings Bank and divert its funds to their use, were sentenced Saturday to be confined in the State Prison from nine to ten years at hard labor.

University Commission Report.

Toronto, Jan. 8.—The report of the university commission will be ready early in February. The taking of information will be concluded by Jan. 20.

The Policy Is Mischief-Fraught Says Bannerman

So Bannerman Describes Unionist Fiscal Reform Policy.

IMMORAL AND OPPRESSIVE

Election Address Issued by the New Premier—Strong Denunciation of the Last Decade of Tory Rule in Britain — Legacy Bequeathed to Liberals One of Embarrassment, And of Public Confusion.

London, Jan. 8.—The election address of Sir Henry Campbell-Bannerman is wholly devoted to a severe indictment of the late Government's record and its policy on protection and to referring the electors to his public declaration on assuming office for an opposition of his Government's intended policy.

The Premier declares that the last decade represents a well-nigh unbroken expanse of mismanagement and legislation conducted for the benefit of privileged classes, of wars and adventures abroad hastily embarked upon and recklessly pursued, and that the legacy the Unionists bequeathed to their successors is in the main a legacy of embarrassment, an accumulation of public mischief and confusion absolutely appalling in its extent and ramifications.

He declines to regard Mr. Balfour's free trade tenets as having more than a nominal place in the estimation of the majority of the Unionists, whose fiscal reform policy he holds is fraught with incalculable mischief to the nation and the Empire.

He characterizes protection as immoral and oppressive, based, as he says it must be, on the exploitation of the community in the interest of favored trades and financial groups, and declares the policy of his Government will be to hold fast to the time-honored principles of Liberalism—peace, economy, self-government and civil and religious liberty, and to pursue a substantial continuity of foreign policy without departing from the friendly and unprovocative methods adhered to by previous Liberal administrations.

Appeals to Labor Men.

London, Jan. 8.—(C. A. P.)—Mr. Chamberlain in his speech on Saturday at East Birmingham made a direct appeal to the trades unions to support his fiscal scheme.

THREE BODIES STOLEN.

Quebec Village Is Excited Over Desecration in a Cemetery.

Montreal, Jan. 8.—A special from Rigaud, Que., says:

Posses of farmers are scouring the country to try and get a trace of three bodies that have been mysteriously stolen from the cemetery here. The bodies were those of Julien Gauthier, which was deposited in the mortuary Saturday week, and of Mesdames Lynch and Elizabeth Rosen, which were deposited there some weeks ago. The discovery of the theft was made when the body of the child of Ferdinand Leger was being deposited there. The three coffins were found empty, and the grave clothes that had enshrouded the bodies were found strewn about.

An attempt was also made to carry off the body of Albini Bertrant, who was killed in Montreal some time ago, but, although the coffin was wrenched open, the ghouls evidently found the body too decomposed to be of any use to them.

The late Julien Gauthier came of one of the best families in the district, and was father-in-law to Abbe Castongway of the Cedars.

The first statue of Queen Alexandra on English soil will be erected in the grounds of the London hospital to commemorate the completion of the re-building operations, which have cost $125,000.

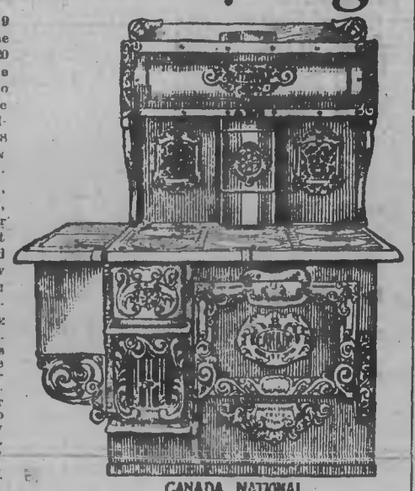
THE

Canada Steel Range



CANADA NATIONAL

Made with six No. 8 or 9 covers. The oven in the 8 or 9-20 is 20½ inches by 20 inches. The height of the range from the floor to covers is 29 inches. The size of the top, not including reservoir or shelf, 38 by 28 inches. THE OVEN DOOR, oven door medallion, handle and catch, ventilated fire door panel, ash guards under fire door and ash door, clean out door, top edge, are finished in the finest silver new process nickel. THE HIGH SHELF AND CLOSET is finished in full nickel. THE DUPLEX GRATES, brick-rest, grate frame, bricks and all parts which are subject to heat and wear and tear, are made especially simple and stronger than any other range. No bolts, nuts or pins of any kind are used. Each part can be taken out of the fire box by itself without interfering with water front or other parts.

Cast Iron Fire Back—Guaranteed for twenty years. Steel or sheet iron flue backs rust out in a few years on account of the creosote and condensation of smoke from the stove-pipe and chimney.

MUSIC AND DRAMA

"For Her Child's Sake," the production given by the Summers Stock Company Saturday night, marked the close of a most successful week. The Summers Stock Company has some splendid plays in its repertoire, the most appreciated of any presented, probably being "The Christian," "Leah, the Forsaken," and the "Black Flag." These three plays are really productions of merit and were most intelligently interpreted by this clever company. At Saturday night's performance Mr. Summers announced a return engagement of the troupe before next spring and he and his company will doubtless be cordially received at their future appearances in this city.

Mr. Matthews Was Re-eleted

The first meeting of the Water Commissioners for the year was held on Friday afternoon at the office of the City Clerk, when Mr. T. F. Matthews was re-elected to the chairmanship of the Board. This was the only business transacted at this meeting.

Mr. J. A. Tully Forms a Lodge

Mr. J. A. Tully, who, it will be remembered, entered the service of the Grand Lodge of Oddfellows a short time ago, has already been doing good work, as the following article from the Brockville Recorder will show:

Newboro Lodge, No. 360, is the name and number of a new Oddfellows Lodge, instituted at Newboro last evening by the Grand Master of Ontario, T. P. Blewett, assisted by D. D. G. M. Reynolds, of this district; A. H. Pinkerby, Kingston, and J. A. Tully, Peterborough. The new lodge starts off with a charter membership of thirty and with excellent prospects of a large increase. The degrees were conferred very satisfactorily by Westport and Delta Lodges, the former the initiatory and second, and the latter the first and third. Samuel Romwell, of this town, assisted Westport Lodge with its work. At midnight an adjournment was made to the New Ontario House, where a sumptuous repast was tendered all present by members of the new lodge.

Revival Meetings Commence To-night

To-night revival services will commence at the Park Street Baptist Church. The Rev J. S. Leckie, of Brighton will be the preacher for two weeks. He is a man of wide experience, having studied for the bar and is an L.L.B. He has been much honoured as a preacher and the south end is in great expectation. He will be assisted to-night by Miss Hill, of Lancashire, Eng., will sing a favourite number from the Torry-Alexander Selection.

Songs and solos will be used and the public are invited. Meetings commence each evening at 8 o'clock. —Com.

The Epiphany Appeal For Foreign Missions

Address From Board of Management Read at All Saint's Church Yesterday by the Rector, Rev. W. Major—Satisfactory Progress Shown in the Work in View of the Opportunity, But an Increased Support is Urged.

FEATURES OF THE ADDRESS

At the missionary service at All Saints' Church yesterday, the rector, Rev. W. Major, read the Epiphany appeal for Foreign Missions.

The address, which is from the Board of Management, contained much information as to the progress of Missionary effort in the various foreign fields. Reference was made to the necessity for assistance in the successful prosecution of the work in order that the scope might be widened.

To meet the improving tide of settlers in the provinces and territories of our Canadian West with the ministrations of the Church, was the larger work of the Missionary Society, and must so continue for many years to come—but at the Epiphany season the foreign work properly claims special attention. If the home field is large, the foreign field is larger. If one has a claim upon our patriotism, the other has a claim, no less strong, upon our obedience to the Divine command. "Go ye into all the world, and preach the Gospel to every creature."

Japan is the centre of the Church's work, and for this reason, as well as because this old but rejuvenated nation has been straight in line of the world's vision for the past year, it is well that Japan should have the largest place in the survey of the work. A most interesting synopsis of the progress of the work in the Eastern Country, from it's inauguration in 1868, was given in the appeal. Notwithstanding the fact that the first missionary of the Canadian Church inaugurated the work in Japan only seventeen years ago, there is to-day, in that country alone, a staff of twenty Missionaries at work, including fourteen clergymen. The attitude of the nation towards Christianity has, moreover, in this brief period, changed from one of antagonism and restriction, to that of friendliness and freedom. The whole of Japan is now an "open door" to the Christian missionary to-day.

The work of the Canadian Church there is being carried on in two groups of Mission Stations, both of which are under the Episcopal oversight of the Bishop of South Tokyo. The second districts together contain a population of five and a half million souls. The description given of the work in various portions of the country is graphically treated and gives evidence of most successful results in view of the facilities afforded, and concluded with a strong appeal pointing out the urgency of a larger support.

The address also treated in brief terms of other fields of work in China, India, South America, Africa, Egypt, Palestine, and Persia. The last field reviewed was that vast empire of 400,000,000 souls—China, two ordained missionaries, Rev. J. R. S. Boyd, and Rev. Wm. C. White, call loudly for more workers.

After concluding a rapid survey of the field, the address closed with a resume of the aggregate Foreign Work of the Canadian Church. It is carried on, in eight different heathen lands by a staff of thirty-six missionaries and three physicians. This number falls far short of the great and growing needs. To do everything possible to maintain the existing missions in fullest efficiency and also extend the boundaries of the work; was urged.

Mr. E. Viens At Murray St.

Large Attendance at Service in Murray Street Baptist Church.

Mr. E. Veins, of McMaster University, occupied the pulpit at the Murray street Baptist church last night. His sermon was from the text, II. Corinthians, xi; 33,—"And through a window, in a basket, was I let down by the wall and escaped his hands."

The preacher, in his opening remarks, stated that when he had read the New Testament for the first time, about ten years ago, the perusal had been to him much in the nature of historical study. St. Paul, at the period when the event referred to in the text transpired, was preaching the Gospel in Damascus. The Governor had ordered his confinement, but his escape was effected in the manner mentioned. There were three questions with regard to the incident, the preacher remarked, to which answers are not recorded:

1.—Who spun the rope?
2.—Who fastened the rope to the basket?
3.—Who assisted in lowering the basket?

Though the answers are not recorded in the Bible, there was no greater work done that day.

The text was chosen because he wished to speak of little things which in the end amount to great things. He believed that the rope that saved St. Paul's life intertwines all the churches of the Dominion and is one which all Christians have an opportunity to grasp to assist in their salvation.

Mr. Viens devoted the remainder of his sermon to a description of the incidents surrounding his conversion from the Roman Catholic faith in the Province of Quebec, the event transpiring during his attendance at the Grande Ligne School.

The attendance last night was large, the church being crowded to the doors. Mrs. Miller sang a solo in good voice and with beautiful effect.

The Pastors and Deacons Confer

At Park Street Church Two Days This Week.

The Pastors' and Deacons' Conference of the Peterborough Association of Baptist Churches will be held this week in the Park street Baptist church, commencing on Tuesday at 3 o'clock, with an open session, to which the public are invited. The subject for discussion at this meeting will be "Exposition of the Scriptures and Prayer."

The programme for the evening sessions is as follows:

Tuesday, 7.30—Praise and Prayer, led by Rev. L. S. Steadman, Indian River.

8 p.m.—Evangelistic addresses by Rev. C. H. Emmerson, B.A., Belleville, and Rev. T. Desson, of Norwood, followed by an after meeting.

On Wednesday there will be three sessions, all open to the public, as follows:

10 a.m.—Open session, "Divine Promises."

10.30 a.m.—"Evangelism," Rev. J. P. Trotter, Port Hope.

2.30—Prayer and Praise.

3 p.m.—Reminiscences of the Baptist Congress, London, Eng., by Deacon Mann, Gilmour Memorial church.

3.30 p.m.—Paper by Rev. J. P. McClellan, Campbellford.

7.30 p.m.—Prayer and Praise, led by Rev. F. J. Scott, B.A.

8 p.m.—Evangelistic service, when two addresses will be given by Rev. W. Quarrington, Lakefield, and Rev. J. S. Leckie, Brighton.

The public are invited to share in all the services.

The following pastors, with their deacons, are expected to take part in this conference: Rev. S. W. Barker, Rev. J. E. Trotter, Rev. L. McKinnon, Rev. Hugh Shaw, Rev. C. H. Emerson, Rev. F. J. Scott, Rev. T. Desson, Rev. W. Quarrington, Rev. J. Collins, Rev. J. P. McClennan, Rev. S. L. Steadman.

Time is allowed for the discussion of the various subjects taken up, and a very lovely time is looked for. Com.

Lindsay's First Poultry Show

A Three Days' Exhibition to be Held in Near Future..

On January 31st, February 1st and 2nd, the Lindsay Poultry and Pet Stock Association will hold its first annual winter exhibition in that town. The prize lists have been sent to a number of poultry breeders in this city and vicinity and the prospects are that the show will be a success. The officers of the society are Johnston Ellis, president, and C. A. Frost, secretary.

Prizes are offered for 73 classes, in addition to a number of specials. Entries close on January 22nd, and all exhibits must be in the building by 12 o'clock on Wednesday, January 31st. Judging will commence at 1 o'clock the same day. It is probable that a number of local breeders will show at this exhibition.

The Examiner In Demand

Two Requests Received From Former Residents.

The annexed letter has been received by Col. H. C. Rogers, Postmaster, with an enclosure of ten cents, for the purpose mentioned in the context. The "lucre" received has been transferred to the coffers of the Children's Aid Society and the papers requested forwarded to the writer:—

Lompoc, Santa Barbara, Ca., California, Dec. 19, 1905.

Mr. Postmaster,—Enclosed find one dime for which please send me one or two late Peterborough papers, as I want to learn what advance Peterborough has made since I was last there in 1849. I was christened there eighty years ago by Father Crowley. I suppose there are not very many living in Peterborough now who lived there 80 years ago. I have some relatives in Dysart, but have not heard from them for many years.

Very respectfully yours.
DANIEL MALONEY.

Post Office address Lompoc, Santa Barbara County, California.

As a curious co-incidence the following letter containing a similar request has also been received by Col. Rogers and the Examiner has been forwarded in response to the request. The second letter was,—

Glendive, Mont., Jan. 1st, 1906.

Postmaster, Peterborough, Ont.

Dear Sir,—Would you hand this to editor of county paper of Peterborough. As I have been in that county, I would like to subscribe for paper giving county news and I do not remember names now. Send sample copy and oblige,

W. J. EDDINGTON,
Glendive, Mont.,
Dawson Co.
In care of United States Geological Survey.

REGINA WEDDING.

RODGERS—HARPER.

Mr. and Mrs. Rogers, Regina, Sask., were married by the Rev. Mr. Hill, Episcopalian of that city, on November 16th, 1905.

Mr. Rogers is a Scion of an Alabama estate and like most Southerners, still retains his connection there.

He gave up journalistic work to retain a lucrative position in railroading, one of his uncles being General Superintendent of the Birmingham Southern Railway and Tennessee Coal and Iron Company.

Mrs. Rogers who has a good commercial business education, being an honour graduate of the Northern Business College, Owen Sound and also Winnipeg Business College, is the eldest daughter of Mr. P. H. Harper, Toronto, her parental home.

The young couple have the hearty congratulations of their many Ontario friends.

Mrs. Rogers is well known in this city and district, where she has many relatives, Miss P. H. Harper, being teacher at Lang.—Com.

The Power Proposition Will Be Dealt With

Mayor's Suggestion Will be Taken up by the Manufacturers' Committee--Property Which His Worship Proposes to Purchase Includes Pole Line to the City--An Expert to be Engaged to Report on Value of Property.

In the Committee of the Whole last night, held prior to the council meeting, the question of the acquisition of the Auburn Power by the City was discussed, and it was decided to refer the matter to the Mayor and the Manufacturers' Committee, the general expression of opinion being that the council should take the question up at once. It was explained by the Mayor, further, that the property which Mr. Kendry proposed to sell was the whole plant of the Auburn Power Company on the west side of the river, including the dam across the river, reserving only for the use of the Auburn Mills 200 horse power. The property included the land boardering on the river to a point below the Grand Trunk Railway tracks, and also the poles to the city, which was considered in itself to be a very valuable asset for the city.

It was considered that the first step should be to secure an option on the property and then to engage an expert to report on its value.

Ald. McWilliams, chairman of the Manufacturers' Committee, promised that as soon as the Mayor was prepared to open negotiations with Mr. Kendry, his committee would take the matter up, and deal with it.

The Mayor reminded the members of the council that the matter should be dealt with at once, because two companies have been negotiating with Mr. Kendry for the property, but the latter had stated to him that he would prefer to sell it to the City.

The Inquest On Death Of Edward Towns, of Douro

Resumption of Inquest Which Was Enlarged From Last Tuesday--Evidence of Physicians Heard--Testimony of Witness of a Very Similar Character--Towns Had Been Drinking and Was Apparently Despondent--Adjourned Until January 14th.

The inquest into the cause of the death of Edward Towns, of Douro, which was adjourned from last Tuesday, was resumed at the police court last night before Coroner Grey and the jury as empanelled at the opening of the inquest. Mr. R. E. Wood appeared for the Crown, while the interests of the Towns family were looked after by Mr. F. D. Kerr. There was a good-sized crowd of spectators present and a large number of witnesses examined during the evening.

Dr. Carmichael, who assisted Dr. McCollough in performing the autopsy, was the first witness called, and read the report of the examination to the jury. He said that the body of the deceased gave evidence of no serious injury other than might result from a scuffle or a brawl. The blows received by the deceased were not sufficient to cause death, in his opinion. He could not say whether wound over left eye was caused by a blow from a fist or not.

Dr. Malcom McCollough

was next witness. He swore that on the second day of January he performed the autopsy, assisted by Dr. Carmichael. He agreed with Dr. Carmichael in his report of the autopsy. If, as stated, the physician who attended Towns had used a stomach pump, all traces of laudanum would probably be eliminated. Washing out of stomach would remove contents.

Dr. McNulty

who followed, was the physician who attended to Towns at Hogan's hotel. He was at St. Joseph's Hospital when a telephone message was sent asking him to call. He called about fifteen minutes, he thought, after the time of the message. When he arrived Towns was sitting on the side of a bed on the second floor in a very drowsy condition. He mumbled a few incoherent words. The doctor had been informed when he was downstairs that Towns had taken some laudanum. Some one in the room said so also. He was shown the bottle in the room. The cork was on the bed. He supposed the bottle contained laudanum. The condition of Towns was that of a man having taken laudanum. It was about an hour from the time the man was said to have taken the laudanum that he arrived. He placed the man in his carriage and drove him to St. Joseph's Hospital, where he used a stomach pump. He did not observe odour of contents of Towns' stomach. The operation did not arouse the patient very noticeably, although it was a trying one and the patient naturally offered some resistance. The usual stimulants and antidotes were administered hypodermically. The stomach pump was brought into requisition three times. Every effort was made to arouse the patient. The doctor stated that he had all the assistance required. Towns lived five or six hours after being taken to the hospital. The doctor was not there at the time of the death. The patient was apparently in pretty fair condition when he left. Nothing more could have been done for him for some time. The doctor was away half an hour, and the patient collapsed before he came back. Laudanum poison, he said, was the cause of death. He agreed with the other doctors (Carmichael and McCollough) that death could not have resulted from injuries received Friday morning. On Friday morning deceased came to Dr. McNulty's office to inquire size of dose of laudanum suffisient to produce sleep. He said he had not been able to sleep for some time. He purchased laudanum, but no directions were given on bottle. The doctor strongly advised him against taking it, and he finally promised to throw the bottle away. He prescribed a light sleeping powder. He judged from the man's condition that he was despondent. The doctor stated that the bottle produced in court was a two-ounce bottle and that about half of it, or one ounce, had been used. Half an ounce, he said, was sufficient to cause death to one who was not an habitual user of the drug.

The druggist from whom Towns had purchased the laudanum Friday morning said that he (Towns) called into the store that morning about 9.30 and asked for a two-ounce bottle of laudanum. He said he had been troubled with cramps. The druggist told him that a dose consisted of from fifteen to twenty drops. He noticed nothing peculiar about Towns. He recognized the bottle produced in court as the one having been purchased by Towns.

Jas. A. Walsh

knew deceased well, the latter having worked for witness a few years ago. Saw him on Saturday, December 20, at Hogan's hotel. Hogan and Towns were in a shed in the yard. He noticed Towns had been drinking and asked him if he had been out on a "bust." At this Towns became indignant. He followed Walsh into the hotel. Towns wanted all hands except Walsh to have a drink. He proceeded to call Walsh abusive names. Hogan came into the sitting-room, where both men were, and, catching Towns by the arms, pulled him out

Kinnear & Company To Erect Warehouse

This Company Has Purchased Land on George and Dalhousie Streets and Will Construct a Large Warehouse --New Building Will be Commenced Early in Spring --An Evidence of Firm's Progressiveness.

Messrs. T. Kinnear & Co., the wholesale grocers, Simcoe street, have it is understood, purchased the property on the south-east corner of George and Dalhousie streets and will erect a large warehouse on it.

This action on the part of the company is made necessary by the rapid growth of their business, and is thought advisable in view of the prospects for the future, which are very bright.

The company informed the Examiner to-day that in the near future, as soon as spring opens, the erection of a new and commodious warehouse will be begun on the property. The size of the building has not been determined upon yet, but it is stated that it will be of brick, and will be a credit to the city, as far as appearance and stability are concerned.

With the completion of this new warehouse the present premises of the company will be vacated.

This is another striking evidence of the progress which the city is making towards being a business centre, and such substantial recognitions of the city's growing importance cannot help being gratifying to all who are interested in its progress.

The property was purchased from Mr. E. B. Edwards who acted for the owners.

A Promotion For F. H. Dixon Of the Sun Life

Will go to Hong Kong, China, to Act as Cashier for the Company in That City—A Well Deserved Recognition of His Services—Mr. and Mrs. Dixon Will Leave the City on Sunday or Monday.

A POPULAR MAN TO LEAVE THE CITY

Mr. Fred. H. Dixon returned this morning from Montreal, where he went to confer with the Sun Life Company officials in reference to the duties of his new position, that of cashier of the company at Hong Kong, China. Some days ago Mr. Dixon received an unofficial notice of his appointment to this responsible position, and has ever since been receiving the congratulations of his friends on his promotion.

He and Mrs. Dixon will leave on Sunday or Monday for Victoria, where they will sail on January 22 by the C. P. R. steamer Empress of Japan for Hong Kong, arriving there about February 15.

Mr. Dixon has been in the local office of the company for the past seventeen years, and for a number of years he has had charge of the office business for Mr. Hill, the district manager. His selection by the management of the company to take this most important position is a pleasing tribute to his ability.

Mr. Dixon has been identified with a number of local organizations, among them the curling and bowling clubs, of which he is a member of the Executive Committee, and in both of which games he excels. He has also been secretary of the Peterborough Hockey Club. Mr. Dixon's many friends will join in best wishes for his success in the larger responsibilities which this position will bring him.

Were Killed Coming From A Wedding

Special to The Examiner.

Montreal, Jan. 9.—Three members of a wedding party were struck by the Montreal-Portland Express and instantly killed at Upton, this Province, early last evening. The party, consisting of Aime Pitzenneault, the bride, who was Deonide Lavalee, and a dozen others occupying sleighs, were driving from Roxton Pond to Upton, where they were all to dine at the home of the bridegroom. Muffled closely they evidently did not hear the oncoming express. Five sleighs crossed the track safely, but the sixth carrying Calixte Lavalee, his wife and son, father, mother and brother of the bride, was struck and all the occupants were instantly killed.

Money Saved by Reduction on Furs

Men's coon coats, wallaby coats, calf, dog and woombat coats. Fur-lined coats all at reductions of from $7.50 to $15.00 cash. A very choice stock to pick from. Barrie's, The Furriers.

Good Skating Afternoons and Evenings.

An Accident to Mr. McCollum.

—Yesterday near the corner of George and Dublin streets, a spirited horse driven by Mr. Bart McCollum, of McCollum Bros. livery, became frightened at the street car sweeper and its driver lost control of it. The shafts and harness were broken and Mr. McCollum thrown out of the cutter. He was not injured and with the assistance of Mr. Bruce Lee was was taken to the barns on Water street.

New Collegiate Institute

QUESTION RE-OPENED AT

School Board Meeting

Property Committee Instructed at Last Night's Meeting to Arrange for Transfer of Lots—Immediate Building Will Also be Considered in Their Deliberations—Estimates for Current Year Presented and Adopted —The Receipts and Expenditures.

Moved by Mr. John Crane, seconded by Mr. B. F. Ackerman,

That the Property Committee be instructed to make arrangements, if possible, whereby this Board may acquire the lots north of Murray street, now deeded to the Government, in exchange for the lots south of McDonel street, for the purposes of a new Collegiate Institute, and report at a special meeting of the Board at an early date, and that the question of the immediate building of a Collegiate Institute be taken into consideration at the same time. —Carried.

In the above resolution was embodied the not result of the action of the new Board of Education with regard to the Collegiate Institute question, at it's meeting last night. The probable course which would be pursued by the new Board was a matter of no little speculation. There was very little discussion at the meeting with an immediate bearing upon the question, and the annexed resolution, which was carried unanimously, appeared to voice the general attitude of the members present. The question will, of course, as a consequence of the motion, be shelved until the report of the committee is received.

A considerable volume of other business was transacted, including the bringing down of the estimates for the current year, by Mr. R. Fair. The statement of receipts and expenditures was subjected to some comment by Mr. D. W. Dumble, who submitted an inquiry as to the disposition of the sum of $3,000. This it was explained, was appropriated to meet the indebtedness remaining from the previous year, upon the heating system. Mr. Dumble also favoured an increase of $600 in the appropriations for the current year, and moved in amendment to this effect, but was, however, defeated.

The following members were in attendance:—

Messrs. W. G. Ferguson, Chairman, John Crane, D. W. Dumble, R. Fair, B. F. Ackerman, Dr. Morrison, Wm. Bringle and Dr. Burnham.

For Collegiate Institute	$ 9480 00
For Public Schools	18420 00
	$27900 00

The report was ad

Mr. D. W. Dumble, ing with regard to the estimate, for the Peterborough Public School, expressed his opinion that it would be advisable to provide $600 additional in order that the sum would be sufficient. Last year a considerable sum had been received in insurance, which could not be expected this year.

Moved by Mr. R. Fair, seconded by Dr. Morrison, that the estimates be adopted.

Moved in amendment by Mr D. W. Dumble that the estimates be increased by $600.

The original motion was carried.

Communications.

The following communications were received:

From Mr. R. M. Dennistoun, calling attention to the fact that under the Truancy Act the Police Commissioners are authorized to appoint a truant officer. It would therefore be necessary to have a new appointment made by the Police Commissioners of the city.—Received.

From Marion R. Rannie, Toronto, accepting position as teacher.—Received.

Resolutions.

Moved by W. H. Hill, seconded by Mr. Crane, that Mr. R. M. Dennistoun's services be retained for the year at a salary of of $100 per annum, payable half-yearly.

Discussion.

Dr. Morrison, in opening the discussion with regard to the matter of the building of a new Collegiate Institute, or the associated one of increased public school accommodation, gave expression to the opinion that the matter should be left in the hands of one of the standing committees (to make investigation and report at a later date.

Mr. Crane thought that some steps might be taken to retain the old Separate School building. He concluded his remarks by moving the following resolution:

Moved by Mr. John Crane, seconded by Mr. Ackerman, that the Property Committee be instructed to make arrangements, if possible, whereby this Board may acquire the lots north of Murray street, now deeded to the Government, in exchange for the lots south of McDonel street, for the purposes of a new Collegiate Institute, and report at a special meeting of the Board at an early date, and that the question of the immediate building of a Collegiate Institute be taken into consideration at the same time.—Carried.

Mr. R. Fair stated that he understood that the question had been considered by a committee appointed for the purpose, who had found that the military authorities wanted to retain the lots north of Murray street.

Mr. Dumble—There are no military authorities.

Mr. Fair—Only the officers!

Mr. Dumble—The officers had no authority in the matter. The joint committee of the School Board and City Council had gone to Ottawa with a proposition. He did not know that the Government had any choice with regard to the lots, and if a representative committee went to Hon. Mr. Borden with plans and estimates of the land, he had no doubt that they would be met by the minister in a spirit of fairness, and that the Government would meet the Board in an effort to save the building.

Mr. Crane—Did you understand that there was an agreement providing that the building was to be retained?

Mr. Dumble—No. The Government had an absolute title, and could do as they wished. The speaker considered Mr. Crane's resolution a satisfactory one.

Dr. Morrison thought that even should the Board succeed in securing the Separate School building, its four rooms would not be sufficient to relieve the congestion. The pupils of the old Menzies School would have to be provided for. He considered the Collegiate Institute question as of fully as much importance.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Annual Meeting of Y. W. C. A.

The annual meeting of the Board of directors of the Y.W.C.A. will be held on Monday, January 15th, at 3 p.m.

The members of the Y.W.C.A. are invited to attend the first meeting of the Travel Club, Wednesday, January 10, at 8 p.m. Mrs. R. F. McWilliams will conduct it. The country to be studied will be decided upon by the members at this first meeting.

The Standing Committees For 1906 Appointed

First Regular Meeting of the City Council Was Held Last Night—Every Member of the Council on Two Committees—By-law to Raise $25,000 to Improve Fire Protection Given Third Reading Other Business Transacted.

THE ALDERMEN WILL ATTEND CHURCH

The first regular meeting of the City Council was held last night, when a number of bylaws were passed and the standing committees for the year were appointed. Prior to the regular meeting the Committees of the Whole met in the City Clerk's office to receive the report of the sub-committee, appointed to draft the members of the standing committees. The committee reported recommending that the standing committees for the year be constituted as follows:

Board of Works—Ald. Hicks, chairman; Adams, McIntyre, Tovey, Kelly, Graham and Johnston.

Fire, Water and Light—Ald. Adams, chairman; Mason, Johnston, Graham, Duncan, Ball and Elliott.

Manufacturers—Ald. McWilliams, chairman; Hicks, McIntyre, Tovey, Adams and Duncan.

Finance—Ald. Mason, chairman; McWilliams, Hicks, Kelly and Ball.

This was accepted by the committee, and it was decided to recommend its adoption by the Council. Those present at the meeting were Mayor Best, Ald. McIntyre, Hicks, Kelly, Tovey, Johnston, Elliott, Adams, Ball, Duncan, McWilliams, Graham and Mason.

Ald. Hicks moved, seconded by Ald. Adams, that the usual grant of $400 be paid the Mayor, which was carried. In seconding the motion, Ald. Adams suggested that instead of being paid in a lump sum, it be paid quarterly. This led to a discussion on the proposal to pay the Mayor a salary for his services instead of a grant. The majority of those who spoke were of the opinion that the time had come when the chief magistrate of the city should be paid a salary. The motion was carried.

The committee then rose and the session of the Council opened. The reading of the minutes was dispensed with, and the first business taken up was the reception of committees.

An invitation was received from the Ministerial Association, asking the Council to attend George street church on Sunday evening, January 25, when Rev. Dr. Torrance will preach a sermon on civic matters. It was decided, on motion, to accept the invitation.

Mr. W. J. Greer, tax collector, presented the following statement:

Total amount on roll for 1905, $114,611.66.

Deposited in Bank, $105,146.04.

Leaving a balance of $9,465.62 still to be collected.

There was collected and deposited during December, 1905, $1,007.02. The report was received.

The Committee of the Whole reported the result of the meeting held prior to the Council meeting, the report being adopted.

Before the report of the Committee of the Whole, in reference to the change in the number of committees, a bylaw providing for the reduction in the number of committees to four was introduced by Ald. McWilliams, and given its third reading.

Ald. Adams moved the first reading of a bylaw, the provision of which is that the shoe stores of the city may remain open for four nights preceding Christmas, a privilege which some of the other stores now enjoy. The bylaw was passed.

A bylaw to appoint members of the Board of Health of the city was introduced by Ald. McWilliams. The bylaw provides that Messrs. A. Parker and R. Neill be reappointed to the Board of Health, their terms having expired with the close of the year.

The $25,000 bylaw, voted on by the ratepayers at the last election for the purpose of providing improvements to the fire-fighting equipment of the city, was given its third reading, the first two readings having been given during last year. The meeting adjourned early.

Inquest on Death of Edward Towns

(Continued from 1st page.)

into the hall. The crowd, with the exception of the witness, followed him out. Witness did not wish to become mixed up in any row. He went out after a while and saw that Hogan had Eddie Towns down on the floor. He walked to Hogan, and, tapping him on the back, requested him to let Towns up. Hogan did so, and Towns made a swing at him. Hogan then shoved him into a corner. Witness noticed a cut over Towns right eye. He wouldn't be positive that Towns was bleeding when Hogan had him on the floor. Witness had never had any difficulty with Towns before. Didn't know how he had been as to drinking since he left witness's employ.

Patrick Hogan

In reply to Mr. Wood stated that he was the proprietor of an hotel on Hunter street, East City. Deceased had boarded at his hotel. He worked at the Cereal Works. At the time of his death he was on night work. He did not go to work on Friday night but went to bed. When Hogan retired at 11 o'clock deceased was in bed. He slept right across the hall from Hogan's room and Hogan opened the door and saw that he was in bed. Towns had never complained of sleeplessness to Hogan, although he did told Mrs. Hogan that he was unable to sleep. Hogan saw him Saturday forenoon in the sheds. Walsh had remarked that Towns had a jag on, or something like that. Towns told him to mind his own business and said that Walsh was a mean man. In the sitting room of hotel Towns called Walsh names. Witness pulled Towns from sitting room into hall where he found in necessary to put him down to quiet him. Towns followed witness into bar and told him not to run away with the ideadc could lick him. A man by the name of Christie tried to take him upstairs, but he refused to go until he had another drink. He did not get another drink. Christie finally got him up to his room and five or ten minutes later called witness' attention to what Towns had been drinking. A message was sent to Dr. McNulty's office and the doctor arrived in half an hour. Witness went up to deceased's room and was requested by the latter to settle whatever debts he had contracted.

Witness said "you have a good job in the Cereal Works and will be able to pay your own debts."

"I don't want the job any more," said Towns, who talked as if he recognized he could not live.

Towns quit drinking last fall. He broke out again and witness told him to sign the pledge which he had done before. Towns did so but again commenced drinking on Friday, the night before his death.

To Corner Grey witness said he could not say how Towns had received the blow over the eye.

In giving his evidence, witness said he only struck Towns once with his open hand.

Wm. Christie

Stated that he was present at Hogan's hotel at the time Hogan and Towns had the altercation. Towns was in sitting room with Walsh. Towns said Walsh was a mean man and called him some objectionable names. Witness didn't see row in hall. He went out and asked Towns to go to bed. Towns was determined to have another drink but did not get any liquor. He finally persuaded Towns to go to bed. He was taking off Towns' boots. He was sitting on the side of the bed when he heard a gurgling noise and looking up saw that Towns was drinking something out of a bottle. He reached up and snatched the bottle away from Towns. He knew it was laudanum. Witness took the bottle down stairs and showed it to Mr. Hogan, who 'phoned at once for Dr. McNulty. Witness told Towns he had poisoned himself. Towns told him to pray for him. It would be impossible for Towns to get laudanum from any place except from his pocket. The stand was too far away for him to reach and if it had been on the bed witness would have noticed it when he entered the room.

Amos O'Brien

Was in the sitting room of Hogan's hotel when Towns asked everybody except Walsh to come and have a drink. Towns threw off his coat and cap and started to abuse Walsh, calling him names and challenging him to come out. Walsh took off his overcoat but not to fight as he said he would pay no attention to Towns. Hogan pulled Towns out into the hall. Hogan had to throw him down to gain control over him. Walsh requested Hogan not to hurt Towns. Hogan only wanted him to be quiet. Hogan let him up and Towns struck at him again. Hogan slapped Towns on cheek with his open hand. Hogan threw him again and afterwards advised him to keep away. Towns' left eye was bleeding. That was the last he ever saw of Towns.

The evidence of most of the witnesses was of a very similar character and two other witnesses present stated they could add nothing to what had been said. The case was adjourned for one week, Jan. 14th, at 8 o'clock when Mrs. Hogan will give evidence.

Fever Cause of Torpid Livers

The Surest Way to Prevent Disease Is to Keep the Liver Active with

DR. CHASE'S KIDNEY-LIVER PILLS

Too frequently an external cause for fever is looked for, when the real source of trouble is from within the body itself.

To begin with the liver becomes torpid, sluggish and inactive, and poisonous bile in left in the blood to corrupt the whole system. The result is the overworking of the kidneys and the clogging up of the organs of excretion.

Food which should be digested is left to ferment and decay in the intestines, and inflammations and fevers are set up.

In such a condition the body is a regular hotbed of disease and is most susceptible to any ailment of an infectious or contagious nature.

The best insurance against disease is the use of Dr. Chase's Kidney-Liver Pills to keep the liver active. This great medicine has a direct and specific action on the liver, and is wonderfully prompt and effective in awakening and invigorating this important filtering organ.

A healthy liver means pure blood, good digestion and the proper working of the bowels. A healthy liver ensures the onward passage of the foo through the intestines and excretory organs, and so removes all chance of poisonous waste matter remaining in the body to produce pain, suffering and disease.

Mrs. R. C. Webster, Glenarm, Victoria, Co., Ont., writes:—"I gladly state my experience with Dr. Chase's Kidney-Liver Pills in order that others may profit by it. About a year ago I was almost entirely used up with severe pains in my back and side the result no doubt of deranged liver and kidneys. Having tried several remedies which did not seem to do much good and hearing Dr. Chase's Kidney-Liver Pills highly recommended I sent for several boxes and can freely state that they did me a world of good. As I feel no need of further treatment, the cure seems to be thorough."

Dr. Chase's Kidney Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Practical New Year's Address

Given on Sunday at Y. M. C. A. Men's Meeting by Rev. J. C. Davidson.

"Adopt; Choose; Follow." These three words summarize the very practical New Year's address given by Rev. Canon Davidson at the popular men's meeting at the Y. M. C. A. on Sunday.

The attendance was gratifyingly large, and every man present listened with keen interest to the earnest message of the speaker.

He urged men to choose the higher, instead of the lower, in all things, applying it to the practical side of life and to our relationship to God Himself.

The Y.M.C.A. orchestra was present, and added much to the brightness of the service.

Mr. Jas. Brown sang "Abide With Me" in his usual capable manner.

Rev. E. F. Torrance, D.D., will be the speaker next Sunday, his subject being "The Seventh Commandment."

Gained 25 Pounds.

"I was much run down in health, could not sleep, was very nervous, and so weak that I could hardly get around. Some months ago I began using Dr. Chase's Nerve Food, and to-day I am pleased to say that I am completely restored to health. I have gained over twenty-five pounds in weight, sleep well and feel strong and healthy."—Miss Annie Evans, 39 Gottingen street, Halifax, N.S.

Portugal has concluded treaties of commerce with Italy, Switzerland and Germany, whereby these countries, especially Germany, secure great advantages. A treaty of commerce with France is under negotiation in which Portugal is endeavouring to obtain a favourable tariff relative to wines.

Cotton is now produced artificially from pine wood. The fibres are broken up and chemically treated to dissolve out all except the cellulose.

Not Just as Good

When you go to your druggist to buy "Ozone" ask and demand "Solution of Ozone, the coupon kind". This will give you a twenty-five cent package of "Celery King". It will give you the best preparation in "Oxone" in the world and it gives you about twice as much for your money as other brands, sixteen ounces for fifty cents, over twice that much for a dollar and a package of the well known remedy "Celery King" free.

We put "Celery King" coupons in our "Ozone" because the people know "Celery King", because it gives better results with "Celery King" and because no other firm can give "Celery King" with "Ozone". It cures; that's the reason we give you a package free and that's the reason you should never buy any other kind.

Ask for "Solution of Ozone, the coupon kind". Fifty cents and one dollar at your drug store and don't take any other kind, because if you do you won't get a package of "Celery King".

Sold by W. B. WARNE. 2

APPLICATION TO PARLIAMENT

An application will be made to the Legislative Assembly of the Province of Ontario at its next session, by the Peterborough Radial Railway Company, for an Act extending the time for the completion of the Company's railways, and authorizing the Company to construct an extension of its railway from Clear Lake through the Township of Dummer or the Township of Smith, to a point on Stoney Lake in the County ob Peterborough.

IMPROVIDENCE!

One reason why so many people fail to save is that no definite plan of economy is adopted.

The improvidence of a large number is not due so much to a desire to spend every cent. they earn, as to their failure to understand the value of small economies.

Open an account with our Bank to-day, no matter what may be the amount.

POLES ON THE STREETS.

The Mayor, in his inaugural address, in connection with his reference to paving George street, spoke of the interference presented by the poles on the streets. Their presence is bad enough in regard to paving, but they possess infinitely worse features. We are to have a good and well-equipped fire service, with new ladders, etc. But what in the world would be the use of ladders, with the barricade of wires on both sides of the street, which would, if not absolutely preventing the use of ladders, greatly hamper the efforts of firemen, and might, in case of a fierce fire, cause the loss of lives of persons confined by flames in the upper stories of buildings. The wires would also interfere with streams of water thrown at certain angles. The presence of these wires might easily cause deaths from rendering upper windows inaccessible, also from live wires broken and trailing on the ground, as well as cause loss of property. It is admitted that telegraphs, telephones, electric lights, etc., are great, if not indispensable, public conveniences. A horse is also a great convenience, but that fact does not call for stabling him in a dining room. Why can't other systems put their wires underground out of the way altogether, as well as the Canadian Machine Telephone Company? As Mayor Best suggests, the wires should be put underground even if the city has to provide the pipes. If this is done the various companies should be compelled to pay a rental which would, if it did not bring a net revenue, pay the cost of installation. But before anything is done the law should be so amended as to bring telegraph, telephone and other companies under control and give municipalities control of their own streets, in a way they have not now. It is shameful to have these companies slashing and destroying street trees for the convenience of their wires. The law should be so amended as to make it a criminal offense for any conspirator to destroy or deform a street tree. Making this an offence punishable by even a heavy fine, would soon bring these companies to put their wires underground, even if no law were passed compelling them to do so. But the law should be amended so that municipalities would be in position to dictate the terms upon which franchises should be granted. The deputation to urge the completion of the Trent Canal is a wise thing, but it would also be wise to send at the same time, a deputation to wait upon the Post Master-General to urge legislation amending the law under which telegraph, telephone and other companies exist, in such a way as to compel these companies to place their wires underground and also to give municipalities over control of their streets. There should be no hardship in this. With the increasing cost of poles, it would, in the end, be cheaper. An underground conduit once placed would be a permanency; besides conduits could be made of such a size as to contain several sets of cables so the expense would be divided. Moreover, our streets would not be made hideous by long lines of gnarled and crooked poles.

A CASE OR TWO IN POINT.

We are frequently reminded that the Liberal Government of Ontario have done a few things creditable to themselves and of advantage to the province. In imposing succession dues the Liberal Government was not only opposed but roundly beberated by Conservatives for making the estates of the very wealthy pay into the coffers of the province a sum approximately equivalent to the municipal taxation their estates largely escaped during their life time. The present Provincial Treasurer, Hon. Mr. Matheson was hostile to this mode of increasing the provincial revenue and being forced by the majority of the legislature to accept the principle, he valiantly attempted to toady to the rich by a motion to reduce the rate of levying succession duties by one half—a proposal which, if it had been acted upon, would have meant a loss of hundreds of thousands to the provincial treasury. Now this same gentleman, Mr. Treasurer Matheson, is pointing with pride to the fact that the province is richer by $150,000 on account of dues paid by the Fulford estate—only a part of the revenue of about half a million dollars the estates of very rich men have contributed to the public funds, during the year.

Hon. Mr. Matheson is also parading with pardonable pride the fact that the Government railway—the Timiscamingue and Northern — has earned $100,000 for the province the past year. This pioneer development railway conceived by, and built by the Ross Government to develop a howling wilderness, against the howling protests of the Conservative Opposition, has proven to be a "howling" success, a monument to the foresight and enterprise of the Government whose policy in this regard has given the portion of New Ontario served an impulse of development and progress quite phenomenal even in this age of precipitous progress and enthusiastic enterprise.

The Liberal Government received no end of abuse and criticism in connection with its dealing with Niagara Falls power exploitation. The result, however, of the policy pursued is that an immense amount of power has been developed which will be of inestimable benefit to scores of towns and cities within the radius of practicable transmission. It is stated that the total amount expended upon Victoria Niagara Falls Park is $1,351 139.50, while the total receipts have totalled $1,328 679.50 which means that the expenditure over receipts in eighteen years was only $22,460.00. However the balance is now coming the other way and the Park commissioners state that "the annual revenues now assured to the Park from the various franchises, will, after this year (1904) be $84,-200 ,while the revenue will increase, from year to year with the growing demand for electrical power and in all probability will amount, within the next five years to over $200,000 per year." This is an income equivalent to a capital of five millions invested at four per cent., whereas the cost of the province has only amounted to a little more than a million and a quarter dollars. Yet Hon. Premier Whitney conceived the brilliant idea—to catch votes — of sacrificing this revenue and making Niagara Falls power "free as air." By way of contrast across the river, the State of New York has made large expenditures in the course of power development, and New York Niagara Falls franchises do not yield that State a dollar of revenue.

In connection with the Niagara Falls power development and with the matters cited above, disproof is afforded of the saying of Shakesper that the evil that men do lives after them but in these cases the good that the Ross Government have done lives ater them and will continue to live to the great and material benefit of the province they served.

Want Mail Clerk On 5:38 Train

The residents in the district between Blackwater and Omemee have petitioned the Grand Trunk Railway to have a mail clerk put on the Midland division train leaving Peterborough at 5.38 in the afternoon. It is expected that this will be granted. If so it will be an advantage for all places on the Midland Railway, as it will give excellent mail service.—Lindsay Post.

New Home of The Traders Bank In Lakefield

Substantial New Brick Building Elegantly Equipped--Superior Business Conveniences and Excellent Public Accommodation--New Premises Substantial and Elegant—Personnel of the Bank Staff—Important Event in Lakefield's History.

A CREDIT TO LAKEFIELD AND ALL CONCERNED

Perhaps the finest banking offices in one of the smartest villages of Ontario, or in the Dominion, are the newly completed premises now occupied by The Traders' Bank, of Canada, in Lakefield. As has been generally known the construction of the building for the accommodation of this bank has been going forward for the past six or eight months. Now that it is completed it will be interesting to furnish a brief description of the splendid premises as it now stands.

The building occupies one of the most convenient and central sites in Lakefield, next to the post office—a situation which the local manager wisely selected from Mr. W. H. Casement, proprietor of the property. The building is a two story substantial and brick structure with a frontage of 35 feet by 50 feet deep. The broad street windows built high up from the pavement are designed to afford the best light obtainable. The ceilings are 12 feet high and on the second story nine feet high.

The Interior Fittings.

The handsome fittings and finish of the banking offices desire special mention. The floor is laid with white oak which is to receive, an additional covering of heavy inlaid linoleum. The ceiling is formed of ornamental metallic enclosed panels in a light green tint. The line of screen work which divides the public space from the banking offices proper is of antique quartered oak, surmounted with panels of glazed plate glass and oxydized grill work of a decidedly pleasing and artistic pattern. The necessary openings for the different departments are also embellished with the same design of grill work, and bear their respective bank titles overhead emblazoned on gothic oxydized tablets, thus—Teller, Ledger, Accountant, Collections. Each of these four wickets have self-locking doors. In front of each opening is a projecting ledge, and underneath is the richly plain expanse of oak.

At suitable intervals against the outside walls are wall desks for the use of the public, and along the outer wall are to be placed several handsome chairs of antique oak.

The wicket and cage of the receiving teller are of the same substantial construction to be found now in the best city banking offices, and are made of iron and steel. Several solid oak desks for the use of the clerks are also installed inside next the south windows and every accessory for the proper handling of the moneys and books.

The vault, which is convenient and roomy, contains one of J. & T. Taylor's newest fire and burglar proof bank safes, patented March 11, 1904. It's weight is five tons The vault is to be fitted with a steel cabinet and suitable shelving. A convenient room off the bank is used for stationery supplies; hose room and cloak room.

Manager's Private Office.

The Manager's office is immediately to the left on entering the bank with a passage which gives access to the interior of the banking offices. It thus commands an uninterrupted view of the corridor devoted to the public use and also of the clerical departments. The general furnishings of the Manager's office when completed, will be such as will contrast harmoniously with the rest of the bank fittings.

The present bank staff consists of R. P. Davidson, Manager; J. W. Moffatt, teller and accountant; H. G. Simpson, ledger keeper; M. J. Quigley, collections and junior clerk.

The lighting arrangements are very effective. Daylight is admitted by the broad high windows of plate glass on the east and south, and electric lights are provided, shaded by opal globes. Desk lamps with green shades are also used in the offices, and cluster brackets and electroliers are conveniently installed.

Other Details.

The second storey is designed for a manager's residence, and is finished in dark oak grain to correspond with the shade of the bank. Drawing-room, hall, parlours, dining-room, kitchen, pantries, bath-room, etc., are laid out in convenient order for household use and are wired for electric light. Provision has been made for a complete bath-room, etc., with the water service supplied from a large tank in the cellar and a private pumping system.

The basement is a very commodious and valuable portion of the premises. It extends the whole length of the bank, with foundation walls built of solid cement and stone rubble. The floor is entirely Portland cement, in the centre of which is placed one of Smart & Co.'s hot air furnaces, which successfully heats the whole premises.

The architect who provided the plans was Mr. W. Blackwell, of Peterborough.

The contractors were the Messrs. Battle Bros., of Lakefield, who are highly commended for the satisfactory manner in which they did their work.

The Office Specialty Company, of Newmarket, supplied the interior fittings with credit to themselves and those interested.

Mr. H. G. Fitzgerald, stove and hardware merchant of Lakefield, installed the furnace and furnished the hardware, etc.

Mr. Casement estimates the total cost of building and land at nearly $4,000. Praise is due to Mr. Casement for the very thorough, painstaking and careful manner which has characterized the erection of this bank building. He had determined on having a solid and substantial structure, allowed nothing to be hurried through in ship-shod manner, and personally made himself satisfied with every detail.

The Local Management.

The local manager, Mr. R. P. Davidson, takes warrantable pride in the new bank premises, and will be pleased to have its growing clientele inspect its new business home. In respect of facilities for the transaction of business, in respect of accommodation, aimed to serve the public convenience, and in respect to the beauty of constructive detail, it is not too much to repeat that the newly-completed and equipped banking offices of the Traders Bank of Canada in the village of Lakefield are not surpassed in any town in the Province. The policy pursued by the present local management has certainly afforded ample evidence of personal popularity and obliging relations with the customers of the bank. When Mr. Davidson came to Lakefield a few years ago, the strained relations which had existed for some time with clients of the former bank was not calculated to make his position a very enviable one. But the wisdom of his appointment to the position has been justified, and the splendid new home of this bank attests the fact. It is not only a credit to the growing village of Lakefield, but a credit to the County of Peterborough and its financial institutions, and will doubtless do its share in stimulating the commercial, industrial and agricultural operations which gives Peterborough County so creditable a reputation.

St. John's Y.P.A. Met Last Night

Music, Business and Amenities of the Mahogany Were Interspersed.

A most enjoyable time was spent last evening at the regular fortnightly meeting of St. John's Anglican Young Peoples' Association, the regular business being interspersed with music.

The choir boys sang a Christmas carol, which was well received and Mr. R. Sheppard sang in good voice, and was forced to respond to the applause. Mr .Greenslade also sang a solo and in response to the hearty applause gave an encore number.

Mr. Thos. Jardine acted as accompanist for the singers and Mr. A. E. Walker played for the opening hymn.

After the programme and business had been concluded everybody repaired to the basement where the refreshment committee had three tables spread with coffee, cake, sandwiches, etc. A few informal, and, incidentally, amusing toasts were proposed and responded to, bringing the evening to a close. Mr. W. Harold Cluxton was chairman, performing the duties in his usual happy manner.

Elegant Cabinet Photos Of His Excellency

The Right Honorable Sir Albert Henry George, Earl Grey, GOVERNOR-GENERAL of CANADA

For all users of the Celebrated

"DIAMOND DYES."

We have received so many letters from ladies in Canada asking us to continue the supply of the beautiful Cabinet Photos which we have been sending out for the last two months that we have decided to continue the supply until the end of February, 1906. Please note the conditions for securing a photo.

One photo will be sent free of cost to each lady who sends her full post office address and four of the inner envelopes which contained DIAMOND DYE of any colour.

Envelopes of other makes of package dyes will not be accepted.

This offer will be valid until the end of February, 1906.

Send in your address at once with the four empty envelopes, so that you may get the photo without delay.

Accident At a Sawing "Bee"

Wm. Thurston, of Emily Township Loses Arm as Result of Thoughtlessness.

On Saturday afternoon, at a wood-sawing bee on the 14th con. line of Emily Township, Mr. Wm. Thurston, a young farmer, who was assisting was the victim of a regrettable and serious accident. While standing close to the sawing machine in a moment of forgetfulness, he allowed his right arm to fall on the swiftly revolving circular saw, the result being that the hand was severed at the wrist in the twinkling of an eye.

But for the assistance rendered by Mr. Elliott, school teacher, who got a handkerchief tourniquet in place on the arm as soon as possible, the poor fellow would have bled to death before medical aid could be summoned from town. Drs. Clarke and Blanshard made the trip out with all speed and made a second amputation a short distance further up the arm. The patient is at his home, and is doing nicely.—Lindsay Post.

The Bricklayers' Union Enjoyed Annual Banquet

A Delightful Social Gathering Held at McCallum's Restaurant Last Night—The Prospects for the Trade in Future are Excellent—A Pleasing Toast List—Bricklayers Not United in Opposition to Capital—The Baby City's Prosperity.

THE LOCAL UNION IN FLOURISHING CONDITION

The annual dinner of the Bricklayers' and Masons' International Union, No. 17, was held last evening at McCallum's restaurant, and was attended by about forty members. The spread was an excellent one, being served in the best style, while the delicacies provided were thoroughly appreciated. The speeches were of a high order of merit, while the songs sung by Mr. Martin H. Spenceley enlivened the proceedings. Mr. T. M. McFadden, past president of the union, made an ideal chairman. In opening the speech-making portion of the evening he spoke of the bright prospects and prosperity of Peterborough and the country in general. After a busy season of work the bricklayers and masons had gathered together to enjoy their annual dinner. He believed that the present good times would continue. The construction of the Grand Trunk Pacific Railway and the thousands of immigrants pouring into Canada were indications that Canada was forging ahead. The relations between the contractors and the members of the union had been most cordial. There was no combine on the part of the contractors. Every contractor in tendering on a job made his own price, the only agreement being that he had to pay the scheduled rate of wages. About eighteen years ago the union was first organized, and some four years since it was reorganized.

There were thirty local unions in Ontario alone, which was a pretty good record.

The toast to the newly-installed officers of No. 17 drew forth short, but appropriate, replies from President B. McFrederick and Vice-President H. H. Hillier.

The next toast was the International Union, and the respondent was Mr. J. J. Hartley, who stated that he had twice been a delegate to that body—at its meetings in Cleveland, O., and Trenton, N.J. The gatherings were composed of a fine, representative body of men. Abraham Lincoln, ex-President of the United States, was a stone mason, and so was Hon. Alexander MacKenzie, former Premier of Canada.

The bricklayers and masons were not organized in opposition to capitalists. They wished to live in harmony with capitalists and to do the square thing with everybody. The members earned good wages—from 35 to 50 cents an hour. It was largely due to the influence and the work of the international body that such a state of things existed. The union would compare favourably with any other trade in the country and he was proud to be a member of it.

"Sister Unions" was replied to by Mr. Chas. P. Murty, president of the Trades and Labour Association, who thanked the members for their invitation to be present, and referred to the good results brought about by unionism.

Ex-Ald. Adam Dawson's name was coupled with the "Baby City and Its Prosperity." Mr. Dawson made a neat speech, in which he said that he had resided in the city for forty years and that he was the father of the motion passed in the Town Council, many years ago, that labourers on the street should work only nine hours a day.

"The Press" was duly honoured and given words of praise. Messrs. Jas. Goodwin and William Stephens replied to the toast of "The Ladies" in happy speeches, and Messrs. R. Sheehy and James Bogue answered to "Our Guests," and wished the union every success and prosperity.

The gathering broke up at eleven o'clock by singing "Auld Lang Syne."

57TH REG. BAND AT BROCK STREET RINK TO-NIGHT BEST ICE OF THE SEASON

Library Board Met Last Night

No Business Was Transacted, However, and Meeting Adjourned.

The annual meeting of the members of the Public Library Board was to have been held last evening but, owing to the small attendance—due to counter attractions—it was decided to adjourn for two weeks. The annual meeting will therefore take place on Monday night, January 22.

Those present last evening were Dr. George Burnham, president; R. Lees, T. A. S. Hay, Robert Robertson, Frank Hamilton, Samuel English, Rev. Canon Davidson, Peter Gardiner, Jas. English, G. B. Vanblaricom and George Peters.

Rev. Canon Davidson thought that the meeting should adjourn until a date when more members would be able to attend. He moved a motion that the meeting adjourn until Monday, January 22nd. This was seconded by Mr. T. A. S. Hay.

Mr. James English, seconded by Mr. Robertson, moved that the business be proceeded with. The amendment was lost and the original motion for a two weeks' adjournment, prevailed.

It is learned that the public library report this year will show that the membership stands at 401 — the largest in its history and the number of volumes taken out during the past year, 13 945.

The financial statement is also said to be fairly satisfactory.

Popular Men Leave City For Fenelon Falls

Mr. R. M. Hamilton's Promotion to Managership of Fenelon Falls Branch of Bank of Montreal is Officially Announced—Mr. G. L. Main Will Accompany Him as Accountant-Teller—Mr. Hamilton's Prominent Association With Public Bodies in Peterboro'

THEIR SUCCESSORS HAVE BEEN NAMED

The official announcement is made to-day of the appointment to the management of the Bank of Montreal's new branch at Fenelon Falls of Mr. R. M. Hamilton, for a number of years accountant of the local branch of that institution. It has been known for some weeks that Mr. Hamilton was to leave the city to accept this position, but the official announcement was not made until to-day. It is also learned that Mr. G. L. Main, who for the last two years has been on the staff of the bank here, first as ledger-keeper, and more recently as teller, has also been notified of his transfer to Fenelon Falls with Mr. Hamilton, and he will fill the position of accountant-teller.

Mr. Hamilton's successor here will be Mr. C. M. Shadbolt, of the head office, Montreal, where Mr. G. C. Easton, of Brockville, will succeed Mr. Main in the teller's box.

Mr. Hamilton's removal from the city will be regretted by his very many friends. He is one of the most deservedly popular men in Peterborough, and his place in the many organizations with which he has been identified will be hard to fill.

During his many years of residence in Peterborough Mr. Hamilton has been popular in social and club circles. He was a member of the Peterborough Club, and was also identified with a number of sporting organizations, being an enthusiastic curler, golfer and cricketer, and in the past has been connected with the hockey club, of which game he is a great admirer. In the formation of the new Golf and Country Club, Mr. Hamilton has taken an active part.

He was for a number of years vice-president of the Peterborough Board of Trade, in which body his counsels were of material assistance. His hosts of friends here will join in the heartiest congratulations upon this recognition of his ability. Mr. Main, while he has been in Peterborough only about two years, has in that time made himself very popular in social and banking circles, and his departure, too, will be learned with regret. Mr. Main, too, is an enthusiast in sport and has rendered valuable service to the Quaker and Business College football teams. He also excels in cricket and rugby, and this winter was one of the leaders in the organization of the Bankers' Hockey Club, of which he is secretary. He also occupies that position in the City Hockey League. Messrs. Hamilton and Main will probably leave on Saturday for the "Falls."

Mr. G. C. Easton, who succeeds Mr. Main, was a member of the Brockville rugy club, and played centre half with the team here last fall in the O.R.F.U. semi-final games.

TO-NIGHT

Opening of New Organ at George Street Church.
Recital by Mr. Arthur Ingham.

OBITUARY.

MARGARET JEFFERY.

This morning at 11.30 the death occurred at the Nicholls Hospital of Margaret Jinks, the wife of William Jeffrey, Cavan. The deceased had been ill since Thursday only, and died after an operation for an internal trouble. The late Mrs. Jeffrey was 76 years of age, and for 22 years up to two years ago she resided in Peterborough. She leaves to mourn her loss, her husband and three children, two sons and one daughter. Messrs. Benjamin and John Jinks, the former living at 348 Charlotte and the other at 22 Gilmour street, and Mrs A. Fawcett, Bethune street. One brother, John Hutchinson, lives in Trenton.

The funeral will take place on Thursday at 2.30 from the residence of her son, 348 Charlotte street, to the Little Lake Cemetery.

Mr. W. D. Lee Returns.

Mr. W. D. Lee, of Lyleton, Man., a former resident of Peterborough, has disposed of his 320-acre farm for a handsome sum and returned to this city, which he left 23 years ago to take up farming in the Golden West. He has retired from the pursuit of agriculture, and will reside here in the future. He has lived in Winnipeg for the past three years. Four years ago Mr. Lee visited this city, and that is the only time during his residence in the West that he has returned to this city. Mr. Lee says that Western Canada is a magnificent agricultural district, and the proper place for enterprising young men.

Celebrated Six Successful Years Last Evening

St. Peter's T.A.S. Held Delightful Concert in Commemoration of Organization of the Society—Rev. Father McColl Spoke on "Success in Life"—A Programme of Much Merit Was Rendered—The Society's Good Record.

REV. DR. O'BRIEN GAVE AN ADDRESS

The sixth anniversary of St. Peter's T.A.S. was fittingly celebrated by a delightful concert held in the society's rooms last night. In spite of the numerous counter attractions the attendance was very large. The programme, as is usual with entertainments under the same auspices was a high-class one and the audience showed its appreciation by the hearty applause with which the various numbers were greeted. In addition to the musical portion of the programme there was a very practical and instructive lecture by

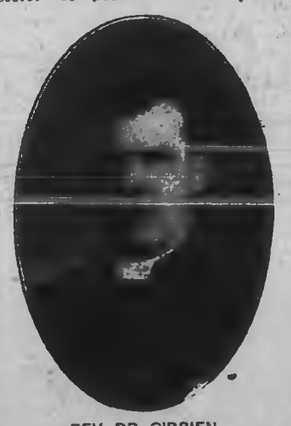
REV. FATHER McCALL,
Who Addressed the T. A. S. Entertainment Last Night

Rev. Father McColl. Mr. Dan Holland made a most capable chairman.

The programme opened with a piano solo by Prof. Milner, rendered in his usual masterly manner. The selection was very well received. Mr. J. Mackie followed with a vocal solo, in which his voice was displayed to great advantage. Miss Gertrude Kend rendered a vocal solo in excellent voice and with much expression. She had to respond to an enthusiastic recall and was equally successful in her encore number, "Where the Four Leaf Clover Grows". Mr. W. Williams rendered the solo "I am trying so hard to forget you," very effectively and as an encore gave "Where the Harvest Moon is Shining on the River".

Rev. Father McColl was then introduced. In his preliminary remarks he referred to the success the society had attained during the past six years and expressed his pleasure at seeing that the members desired to celebrate the occasion in a becoming manner.

He purposed speaking upon the conditions that go to make a success of life. In the first place the question must be asked "What is the secret of success?" Chauncey De-



REV. DR. O'BRIEN,
Spiritual Adviser of St. Peter's T. A. S.

pew in answer to that had said, "It has no secret. Success means dig, dig, dig." Nearly every person of whom the question was asked had a different answer.

It is true that great men, the leaders of the world have been a success and when we look upon Napoleon Bonaparte we are inclined to believe that the only success achieved was the success of the man himself. We should, however, see that in order for him to be successful it was necessary for every one under him to be a success and to perform their different tasks faithfully and well. Success means the bringing to a successful close, everything we undertake. Each one of us can attain success and there is no reason why we should be failures.

The speaker went on to refer to the different things necessary in order to be successful. In the first place no one could hope to be successful without work. Edison, the great inventor, when asked if genius was a gift replied that the successful man was 20 per cent. genius and 98 per cent. work. Again when asked if genius was inspiration, he said, "No. — Perspiration". Rev. Father McColl spoke earnestly of the necessity of earnest labour in order to achieve success and illustrated his statements by reference to Sir John A. McDonnald, Abraham Lincoln, Garfield, and others, who had risen to high places through exertion and close attention to the work. The failures in life mostly came from among those brought up in idleness. The boys in the colleges who stood at the head of their class were sons of poor men. They realized the necessity for work.

Another thing necessary for success in life was self sacrifice. The man who has no interest in his employer and only does what he is told will never arise in the world. On the other hand, a young man with pluck and energy who is on the lookout to see if there is anything outside of his duties that he can do will surely be promoted. The speaker did not wish to advocate the giving up entirely of social pleasures A certain amount of recreation was necessary. Still sacrifice should be made. The man who trusts us with his business has the right to expect that we are no going to injure it by dissipation at nights. To acquire success we must make personal sacrifice. We must also be prompt and remember "Never put off until tomorrow what you can do to-day". Honesty was also necessary. The most successful men were men of principle and honesty.

Rev. Father McColl concluded with the need of temperance in winning success and spoke very earnestly on the subject. No man who drank could be successful. Everyone that clogged his business with drink would find himself far outstripped. The speaker briefly, but forcibly referred to the evils of the drink habit in conclusion.

A hearty vote of thanks was tendered the speaker for his most able and interesting address.

Rev. Dr. O'Brien, in a short speech referred to the success of St. Peter's T.A.S. during the six years of its history. The society was never in better shape financially, being practically out of debt, which was a most creditable showing in view of the fact that the cost of operating the rooms for the last six months had been $1.500. He most heartily thanked all those who had assisted in the work of making the society a success and paid a tribute to Rev. Father McColl.

Miss Kate Hurley opened the second part of the musical programme with a piano solo rendered most effectively. Miss Nellie Lewis contributed a solo in excellent voice and was warmly received. Mr. Jas. Browne's fine tenor voice was heard to fine advantage in the solo "Face to Face" and he was forced to respond to an enthusiastic encore. A vocal solo rendered in fine voice by Miss Mae Clancy concluded the programme.

St. Peter's Total Abstinence Society is to be congratulated upon its growth and success during the past year and no doubt the present year will continue to show the affairs of the organization in a similar favourable condition.

Peterboro' Doubles Score On Port Hope Seven

Peterborough	Goal	Port Hope
Wasson	Point	Mercer
Glover	Cover point	Gamble
Crowley	Rover	Brown
Whitecroft	Centre	Croft
Morgan, Parnell	Left wing / Right wing	Boney / McMillan
Currier	Referee	Soden
	F. C. Waghorne, Toronto Umpires	
Huntsbige / Graham	Timekeepers	Lockington / Curtis
	Penalty timer	

Costello, Port Hope

Goals scored:

Whitecroft, Peterborough, 2 minutes.
Whitecroft, Peterborough, 3 minutes.
Morgan, Peterborough, 7 minutes.
Whitecroft, Peterborough, 8 minutes.
Boney, Port Hope, 1-2 minute.

Half Time

Currier, Peterborough, 2 minutes.
McMillan, Port Hope, 5 minutes.
Whitecroft, Peterborough, 4 minutes.
Brown, Port Hope, 1-2 minute.
McMillan, Port Hope, 3 minutes.
Parnell, Peterborough, 3 minutes.
Morgan, Peterborough, 8 minutes.

Peterborough made another stride towards the 'intermediate' championship last night, when the seven from this town took into camp the aggregation from the Lake Ontario town. The score at half time was 4—1, and at the conclusion of the game 8—4. Referee F. C. Waghorne kept the game clean and penalized the slightest infraction of the rules. While the locals won, and undoubtedly won on their merits, it must be remembered that Port Hope has had only one practice this year and were, therefore, in no condition for the game. The people from the Lake Ontario town think that if their team had had more practice Peterborough would not have won last night. Port Hope expects to be in good condition for the return game. The locals did not play combination nearly enough last night, and had they been up against a hard proposition their efforts would not have been very effective. Currier was inclined to hug the puck too much in the first half, although he passed more in the second period. Parnell and Morgan played good, steady games. Whitecroft, while probably the most brilliant individual player on the ice, had a tendency to keep the puck to himself a little too much, but still he was effective and figured largely in the scoring. The whole Peterborough defence played in splendid form, Crowley showing up to splendid advantage. Wasson blocked fiercely in goal and Glover at point used his body to good advantage.

Mercer and Brown were the stars for Port Hope. The former played a wonderfully good game at point and the latter was, as usually, most useful on the defence. Mercer is an old Port Hope goal tender, and formerly guarded the nets for Peterborough. Gamble, the point, is a new man from Newmarket. Brown, at cover, is a veteran who has more than once been an obstacle to many an ambitious Peterborough forward. McMillan, at left wing, and Boney, at centre, are old standbys. The rover of the Port Hope team, Croft, played point for Picton, when that team with Peterborough and Belleville played in this district of the intermediate O. H. A. Soden, the right wing, played in junior hockey in Port a couple of years ago.

Roy Armstrong Not Eligible

"A meeting of the O. H. A. sub-committee was held at the King Edward Hotel on Saturday, with Messrs. Woodworth, McPherson and Hewitt present. President Darnell was also in attendance.

"It was decided that Percy Thompson, of Midland, should not be allowed to compete in any further championship games until his absence from Midland during portions of the months of October and November is satisfactorily explained.

"The committee confirmed the previous decision in regard to Roy Armstrong. Neither is eligible to play hockey in the O.H.A. this year, owing to lack of residence qualifications. It was also decided that C. Ellis, of the Berlin intermediates, should not participate in future games. His residence qualifications were not considered sufficient.

"It was decided that Herbert Trimble of Bracebridge, is not eligible to play hockey in the O.H.A. this year. His case was referred to the full executive for final disposition.

"Charles S. Carbott will not be granted a certificate unless he clears up a suspicion of professionalism resting against him. W. L. Cowan does not qualify under the residence rule.

"The declarations of Frank Prebble, W. F. Peard, Edgar Patterson and Allan J. Mason, all of Barry Sound, were considered satisfactory.

"The residence declarations of F. T. Matheson and Richard Hoar, of Whitby, were satisfactory, and certificates were issued."—Mail and Empire.

HOCKEY

St. Andrew's Guild Executive.

A meeting of the Executive of St. Andrew's Guild hockey team will be held at their rooms to-night at 7.30 o'clock.

• • • •

Bankers Galore Out to Practice.

The Bankers indulged in a very strenuous practice at the Brock street rink last night. About twenty players were out and things were very lively during the hour's workout. The Bankers have an abundance of good men to pick from and should make a strong bid for the City League trophy.

57TH REG. BAND AT STREET RAILWAY RINK TO-NIGHT
GOOD SKATING AND TOBOGANNING

CURLING

The "roarin' old game" is having a cordial reception in Peterborough this winter, and many enthusiastic knights of the broom and stone are taking advantage of enjoying their favourite winter sport on the excellent ice provided by Mr. Angus McIntosh, who is an expert in the ice making sphere. It's a good old game and was always eagerly and earnestly participated in by many Peterborough gentlemen.

Some interesting games, which resulted as given below, were played at the Charlotte street rink last night. They were as follows:

J. McIntyre	W. Isaac
W. Henry	R. Carton
T. F. Matthews	S. Clegg
Mr. Gibson, sk...9	W. Smith, sk.....3
J. Davidson	W. S. McIntosh
Mr. O'Brien	W. Little
J. Stanger	T. Brightman

TURF.

The Peterborough Turf Club has been notified of the twenty-third congress of the National Trotting Association by W. H. Gocher, secretary of the association. The congress will be held in New York on February 14th, 1906. The Peterborough Turf Club has in former years been represented by proxy, but may send a representative to this meeting.

• • • •

The race promoters in Stratford evidently believe that "procrastination is the thief of time," and have issued the programme for their races to take place on 2, 3 and 4th of July, 1906. The entries close on March 15th.

Following is the programme:

2.30 Pace... ... ...$	500 00
2.22 Pace...	500 00
2.11 Pace...	1000 00
2.40 Trot...	500 00
2.20 Trot...	500 00
3-year-old and under, pace and trot, 1-2 mile heats, 3 in 5...	500 00

The way of the world is to praise dead saints and persecute living ones.—Howe.

HEALTH

Beecham's Pills are the "ounce of prevention" that saves many a dollar for cure. Keep disease from getting in, and it will never lay you out.

The safeguards against all life's common ills are: **A Sound Stomach, Healthy Kidneys, Regular Bowels and Pure Blood.**

Hundreds of thousands—both men and women—keep healthy by using

BEECHAM'S PILLS

a remedy that has stood the test for half a century and is now used over all the civilized globe. They purify the blood, strengthen the nerves, regulate the bowels, aid the kidneys and cure stomach troubles. Build up the nervous force and repair the ill effects of overeating. The best safeguard against indigestion, biliousness and dyspepsia.

Take Beecham's Pills regularly and you will maintain good health at small cost.

At Small Cost

Sold Everywhere. In boxes 25 cents.

The Elections In Britain Are Approaching

His Majesty King Edward Dissolves Parliament.

WRITS RETURNABLE FEB. 13

Within a Fortnight the Verdict of the Majority of British Electors Will Be Known—Fifteen Members of Present and Past Cabinets Speak on Monday Night—Home Rule or Tariff Reform.

London, Jan. 9.—King Edward, who had been absent at Chatsworth as the guest of the Duke of Devonshire, returned to London yesterday afternoon, and held a meeting of the Privy Council, at which the proclamation dissolving Parliament was signed. Immediately afterwards writs were sent to the returning officers for the election of the members of the new Parliament, which will assemble on Feb. 13.

Election Details.

It is expected that the bulk of the borough elections will be decided by Wednesday week; indeed, in many cases the elections in the urban constituencies will be held on Thursday or Friday of this week. In the county divisions the nominations may take place at the earliest on the 15th, and at the latest on the 19th, and the polling may occur not before the 18th, and not after Jan. 26. So that before the end of the month, all the members of the new Parliaments, with the exception, perhaps of the representative of Orkney and Shetland, will be returned.

The first polling will take place Jan 13, at Greenwich, where Lord Hugh Cecil, leader of the Conservative free traders, is engaged in a triangular fight for the Unionist seat against a Liberal and a Chamberlainite. The last poll must close Jan. 27. Therefore within a fortnight the verdict of the majority of the electors will be known and the probable life of the Liberal Government will be measurable.

Cabinet Members Busy.

The leaders of the opposing forces mounted the hustings last night, and the rallying cries of the main forces and factions engaged in the combat were heard everywhere. No less than fifteen members of the past and the present Cabinet spoke in different parts of the country, including former Premier Balfour, Herbert Henry Asquith, Joseph Chamberlain, John Morley, Lord Lansdowne, John Burns, David Lloyd-George and Austen Chamberlain.

The speakers continued to ring the changes against home rule or tariff reform. The Liberals all along the line attacked the Unionist record of the past ten years, while the Unionists in the main were on the defensive.

BOTH GAIN GROUND.

Strike of Union Printers For Shorter Day Now In Second Week.

New York, Jan. 8.—With the beginning yesterday of the second week in the national strike of union printers for a shorter work-day and the closed shop, both sides claim to have gained ground.

Officials of the Typothetae issued an official statement Sunday night to the effect that, while the strikers were not resorting to any violence, they were buying off the new men with free membership in the union and strike pay of $12 to $15 a week without work. In some cases, it is said, the union has given $50 to $100 to men to quit work.

Montreal Gazette Strike.

Montreal, Jan. 9.—The editor-in-chief of The Gazette and a dozen more were setting type last evening in The Gazette office. About 75 printers in the news and job office are now on strike and the paper will be crippled for a few days. The Gazette trouble occurred over the putting of apprentices on the monotype machine.

TO KILL THE CZAR.

Extraordinary Precautions Taken to Guard Him at Tsarskoe-Selo.

London, Jan. 9.—The St. Petersburg correspondent of The Times cables:—The authorities have the information that the Czar's life will be attempted whenever he leaves the palace, and extraordinary precautions have been taken at Tsarskoe-Selo.

Disorders At Moscow.

Moscow, Jan. 9.—The relaxation of the Curfew regulations has been marked by the renewal of isolated attacks on the police and the troops, but conditions in general are steadily improving.

First of the Elect.

Mitau, Russia, Jan. 9.—The first member of the National Assembly has been elected at Talsen, Courland, without following the method prescribed by the election law. The peasants assembled and unanimously chose a lawyer named Grusenberg.

Immigrant Arrivals In 1905.

Toronto, Jan. 9.—The number of immigrant arrivals in Ontario during 1905 was 28,326 men, women and children. The figures for 1904 showed 18,921 persons, so that 1905 exceeds the previous year by 9,405 immigrants.

The figures for last year are: January, 486; February, 730; March, 2,588; April, 5,211; May, 5,711; June, 3,382; July, 2,442; August, 2,354; September, 1,912; October 1,850; November, 1,095; December, 674; total, 28,326.

Railway Ordered Sold.

Detroit, Mich., Jan. 9.—The Michigan, Midland & Canada Railway Co., which extends from St Clair to Lenox, has defaulted on its bonds, principal and interest to the amount of $1,000,000, and has been ordered sold. The road has been operated for several years by the Michigan Central Railway as part of their St. Clair branch from St. Clair Junction, near St. Thomas, to Courtright, Ont.

General Manager of Bell.

Montreal, Jan. 9.—L. B. McFarlane has been named general manager of the Bell Telephone Co., a new position, and C. F. Sise, Jr., general superintendent.

Might Have Been Fatal.

Lindsay, Jan. 9.—William McCrae, brakeman on the G. T. R., met with an accident yesterday morning which nearly resulted fatally. McCrae was engaged between two cars, which were uncoupled. The yard shunter came along and gave the cars a gentle bunt, just enough the catch McCrae's face between the two draw bars and give it a squeeze, cracking the jaw-bone.

Prisoner on Liner Suicides.

New York, Jan. 9.—C. C. Meir of San Francisco, a prisoner on the steamer Carmania, shot and killed himself in his cabin yesterday just as the big liner was entering New York harbor. Meir was charged with embezzling $20,000 from a San Francisco wine merchant, and was returning from London to answer this charge.

Canadian Woman's Suicide.

Buffalo, Jan. 9.—A woman supposed to be Mrs. Ida Ray of Stoney Creek, Ont., committed suicide in an Eagle street hotel last night. She drank an ounce of carbolic acid. A marriage certificate found in her handbag recorded the marriage of Ida Shavalier of Stoney Creek, Ont., to Charles Ray of Niagara Falls, Ont.

Methylated Spirits Kills.

Yorkton, Sask., Jan. 9.—Dr. I. F. Irving of Yorkton, coroner, received a telegram last night from Dr. Somers of Sheho, Sask., reporting the death of three men at Invermay, on the C. N. Railway, from the effects of drinking methylated spirits, procured from a drug store at Grand View, Man.

Asphalt Negotiations Fail.

Washington, Jan. 9.—Secretary of State Root has been notified by cable of the complete failure of the negotiations, that have been in progress at Caracas, looking to a settlement of issues between the Bermudez Asphalt Co. and the Venezuelan Government.

KIDNEY DISEASE AND ITS DANGERS
CAN BE
QUICKLY CURED
BY
DOAN'S KIDNEY PILLS

Kidney disease comes on quietly, it may have been in the system for a long time before you suspected the real cause of your trouble. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick-dust deposit in urine, highly colored, scanty or cloudy urine, bladder pains, frequent urination, stone in bladder, etc.

Perhaps you did not know that these were symptoms of kidney disease, so the trouble kept growing worse, until Neuralgia, Sciatica, Rheumatism, Diabetes, Dropsy, and worst of all, Bright's Disease have taken hold of your system.

Doan's Kidney Pills should be taken at the first sign of anything wrong. There is no other safe way, (plasters and liniments are useless), as the trouble must be eradicated from the system.

Doan's Kidney Pills go to the seat of the trouble, strengthen the kidneys, and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Mayhew, Smith's Falls, Ont., writes: "For over four months I was troubled with my kidneys, and my back got so lame I felt miserable all over. After taking five boxes of Doan's Kidney Pills I was as well as ever."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

29th Annual Convention
OF THE
EASTERN ONTARIO DAIRYMEN'S ASSOCIATION
WILL BE HELD IN THE OPERA HOUSE, PETERBOROUGH
WEDNESDAY, THURSDAY, FRIDAY
Jan. 10, 11, 12, '06

Addresses on subjects in connection with Dairying and Kindred Subjects will be delivered by the following persons, viz:—

Hon. Sydney Fisher, Minister of Agriculture, Ottawa.
Hon. Nelson Monteith, Minister of Agriculture, Toronto.
C. C. James, Deputy Minister of Agriculture, Toronto.
J. A. Ruddick, Dairy Commissioner, Ottawa.
G. C. Creelman, President Agricultural College, Guelph.
Prof. H. H. Dean, Professor of Dairy Husbandry, Guelph.
Dr. J. G. Rutherford, Ottawa.
G. H. Grisdale, Ottawa.
G. A. Putnam, Superintendent Farmers' Institute, Toronto.
Thomas McGillicudy, Toronto.
Dr. Connell, Bacteriologist, Queen's University, Kingston.
J. W. Mitchell, B. A., Superintendent Dairy School, Kingston.
G. G. Publow, Chief Instructor, Dairy School, Kingston.
G. H. Barr, Instructor Dairy School, Strathroy.
C. F. Whitley, Ottawa.
Henry Glendinning, Director, Manilla, Ontario, and others.

The results of the work of the staff of twenty-six instructors during the past season will be given by Prof. G. G. Publow, Chief Instructor.

A Question Drawer will be conveniently arranged to receive questions submitted by any person attending any of the Sessions and the answers will be given by the various Professors and Instructors.

Sessions held in the forenoon, afternoon and Evening of Each Day.

RAILWAY TICKETS—Every person coming to the convention should purchase a first-class Ticket to Peterborough, and secure from the local Ticket Agent before starting a Certificate signed by him that such a Ticket has been purchased. All agents are compelled to give this Certificate with every ticket purchased. On arrival at the Convention, present these Certificates to the Secretary of the Association for his signature, after which the holder can procure from the Agents of the various Railways at Peterborough a Return Trip Ticket, Free of Cost.

Ladies are especially invited to attend all the sessions, but more particularly those held in the evening.

D. DERBYSHIRE, President.
R. G. MURPHY, Secretary.

Specialists in the Treatment of Nervous, Blood, Private and Sexual Diseases of Men and Women. 25 Years in Detroit.

No Names used without Written Consent. Cures Guaranteed.

Thousands of young and middle-aged men are annually swept to a premature grave through early abuse or later excesses. Chas. Anderson was one of the victims, but was rescued in time. He says: "I learned an evil habit. A change soon came over me. I could feel it; my friends noticed it. I became nervous, despondent, gloomy, had no ambition, easily tired, evil forebodings, poor circulation, pimples on face, back weak, dreams and drains at night, tired and weak mornings, burning sensation. To make matters worse, I became reckless and contracted a blood disease. I tried many doctors and medical firms—all failed till Drs. Kennedy & Kergan took my case. In one week I felt better, and a few weeks sufficed to cure me. They are the only reliable specialists in the country."

LEADER—We guarantee to cure you or no pay. You run no risk. We have a reputation and business at stake. Beware of frauds and imposters. We will pay $1,000 for any case we take that our NEW METHOD TREATMENT fails to cure.

We treat and cure Nervous Debility, Varicocele, Stricture, Weak Parts, Kidney and Bladder Diseases. Consultation free. Books free. Call or write for Question List for Home Treatment.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

Joseph Phillips Of York Loan Co. Is Under Arrest

York Loan Company Manager Charged With Conspiracy.

CROSS' STARTLING REPORT

Government Investigator Says Published Statements Issued by the Company Were Untrue, and That False Returns Were Made to the Government—Arrest Followed Receipt of the Report.

Toronto, Jan. 9—Joseph Phillips, erstwhile president and manager of the York County Loan & Savings Co., and some of the other companies, was jailed last night. The manager was in the cells for some hours while bail was being sought. Crown Attorney Curry consented to $5,000 in two sureties, but the two were not handy. W. H. Hunter, barrister, and son of the provincial inspector of loan companies, eventually agreed to become bondsman for the whole $5,000, and Mr. Curry consented to it. Mr. Phillips was arrested shortly before 5 o'clock and taken to the City Hall. He was released at 10.30 from Court street police station, Mr. Hunter having been successful in persuading Magistrate Kingsford to come down and sign the necessary papers to ensure a more comfortable bed for the accused.

The broad charge of falsifying statements to the Government for several years is what Mr. Phillips is up against for the present, and the arrest is the outcome of the evidence given by Phillips and others at the investigation held by W. H. Cross on behalf of the Ontario Government, through the Attorney-General, Hon. Mr. Foy. The report has been in Mr. Foy's hands since Friday. Yesterday he called in Crown Attorney Curry and after a conference it was decided that Mr. Phillips should be taken into custody.

MR. CROSS' STARTLING REPORT.

Basal Plan of Company Was Such as Foredoomed Failure.

The interim report of W. H. Cross, the examiner appointed by the Attorney-General to make a special examination of the York County Loan and Savings Co.'s books, accounts and securities, and to enquire into the conduct of the business of the said company, is as follows:

Organization and Operation.

1. The York County Loan and Savings Co. is a loan corporation organized under the Building Societies' Act, R. S. O., 1887, C. 169, by declaration filed with the clerk of the peace for the County of York, on the 21st day of December, 1891—its lending and borrowing powers being governed by the Loan Corporation Act, R. S. O., 1897, C. 205. It has been under its present management since the year 1893, and has carried on its operations throughout the Dominion of Canada. The number of shareholders is roughly approximated at over 100,000 and they are scattered over Canada, from the extreme east to the extreme west.

Assets and Liabilities.

2. An attempt was made by me to ascertain the amount of the present assets and liabilities of the company, and to give an estimate of what return might be expected by shareholders. I find, however, that the books of the company have not been written up since August last, which renders it impossible to prepare an intelligent statement of the company's position at this date. I am, however, able to report that there are substantial assets, exceeding the liabilities to creditors, and mortgages which will allow a partial return to shareholders.

Causes Leading to Insolvency.

3. (a) I find that the basal plan of the company was unsound; the industrial insurance methods as adopted being inapplicable to savings and loan business, hence as a savings and loan association the York County Loan & Savings Co. was foredoomed to failure.

3. (b) I find that the company invested its funds largely in unproductive real estate, thus abandoning its proper business as a loan company.

3. (c) I find that from the organization of the company and down to the year 1903 forfeitures by members for non-payment of instalments were a substantial source of revenue to the company.

In that year a statute was passed by the Ontario Legislature regulating and limiting the right of loan corporations to declare such forfeitures for non-payments of instalments. This legislation substantially reduced the receipts of the company from that source, and is stated by the officers to have been a principal cause of the company's failure.

Cause of Suspension.

3. (d) The immediate cause of suspension was heavy withdrawals of shareholders, which in 1904 amounted to $1,500,000 and in 1905 to an amount not greatly less.

3. (e) I have, with the aid of C. A. Masten as counsel and with the aid of G. T. Clarkson and the books and records of the company, investigated, so far as time and opportunity has permitted, the question of any supposed misappropriation of the funds of the company, and have inquired, so far as I have been able, into the question, of whether any officers or directors of the company have derived collateral personal advantages from its operations; particulars were given of the salaries paid the officers and servants, and these appear to have been reasonable. These inquiries are still proceeding, but, so far, I have not found anything of such a character operating as a contributing cause to the company's insolvency.

Subsidiary Companies.

4. I find that the York County Loan & Savings Co. promoted and assisted the following corporations:

1. The Toronto Life Insurance Co.
2. The Liszt Piano Co.
3. The Southern Light & Power Co.

The amounts in which the York County Loan & Savings Co. is now interested in these corporations is as follows:

Southern Light & Power Co., $212,500.00, covered by bonds, part of an issue of $300,000.00, the issue being secured by a mortgage on all the assets of the power company.

The Liszt Piano Co., debt about $65,300.00, covered by unsecured bonds of the company, payable in ten years. This company is an independent corporation, said to be conducting a successful business and without any liability except this debt. It is stated that the piano enterprise was primarily taken up by the company to enable its agents to add to their incomes, and such company now occupies a factory erected by the loan company at an entirely inadequate rental, and also has an option to purchase it for $60,000 at the end of two years.

The Life Company.

Toronto Life Insurance Co., $22,500.00, represented by 180 shares of its capital stock. The relations of the York County Loan & Savings Co. with the Toronto Life Insurance Co. were of an intimate description, the same directors and the same agents. In November last the loan company sold its office premises and some adjoining buildings and land, which cost it more than one hundred thousand dollars, for sixty thousand dollars, taking as part payment therefore maturing and matured shares of its own withdrawable stock, which had been acquired by the Toronto Life Co.

Accounts of Company.

I find that no accounts have been kept with the instalment shareholders, nor is there in possession of the company any means of determining the amount of its liability to them, except an undigested mass of reports from agents of the company. The instalment share account was grossly incorrect, the shortage appearing to be at least $1,000,000, and the published statements issued by the company were increasingly untrue each year, accompanied by similarly false returns to the Government.

From the evidence it would appear that none of the officers who prepared the published statements and the Government returns were aware of their gross misstatements. The auditors also testified that they believed them to be true, as also the members of the board of directors. This ignorance is possible, and even likely, in every case save that of the president, in whom centred the entire management of the company, and in whom the confidence of the servants and officers was singularly unlimited; even a vice-president, who, with his brother, was solicitor to the company, disclaimed any more than a casual acquaintance with the course of events.

The Last Returns.

I find that the last return made to the department of loan corporations, dated Dec. 31, 1904, shows the mortgage loans on real estate as $1,001,125.81, which should have appeared as $272,565.17, the difference consisting of the following three items:

(1) Mortgages representing the full purchase price of land transferred by the York County Loan Co. to the City Realty Co., which latter company had no independent existence being created solely for the purposes of the York County Loan Co.	$646,525.00
The misrepresentation of this large amount was deliberate, and the president did not disclaim knowledge of its obvious effect.	
(2) Advance without security to the Liszt Piano Co.	42,897.52
(3) Advance to the Southern Light & Power Co.	89,138.12
Both the latter amounts have since been increased as before mentioned	
Real Estate Claims.	
I find that in the said Government return as of Dec. 31, 1904, the item of real estate appeared as	910,909.78
To which should be added the item mentioned in the last paragraph	646,525.00
Making in all	$1,557,434.78

From the ledger account covering real estate, it appears that this item is made up as follows:

On hand Jan. 1, 1896	$ 4,536.55
Purchased since.	731,372.34
Buildings and improvement	565,687.82
Taxes and fire insurance	77,045 85
Real estate expenses	29,806.39
Transferred from general expenses	199,500 00
Profit assumed	15,600.00
	$1,623,548.95
Cash sales	66,114.17
	$1,557,434.78

Actual Value Undetermined.

The actual value of this asset has yet to be determined.

In the said return as of Dec. 31, 1904, the amount of the forfeitures for that year are made to appear as	$ 14,750.00
The amount shown by the books being	$134,750.00

The difference was disposed of as follows: $50,000 was transferred to interest account, and $70,000 to the instalment share account.

An Attempt to Save.

I find that the president of the company, Joseph Phillips, discovered some years ago the unsuitability of his industrial plan to the operations of the York County Loan & Savings Co., and thereupon formed a life insurance company to take over the large staff of trained agents, when the outstanding withdrawable shares of the York County Loan should have been converted into permanent shares. This life insurance company was not formed until the year 1903, and the weakness of the scheme of operations of the York County Loan must have made itself apparent to any thinking man long before.

I find that if the financial statements of the company during its earlier years had truly shown the result of its operations, and those results had been regarded, the undertaking must either then have been converted into an industrial insurance company, or it would have disappeared with slight loss to the few persons interested. Instead of this, some $8,000,000 have been collected, out of which more than $5,000,000 have been paid out preferentially to withdrawing shareholders.

Further investigation is still to be made into various expenditures of the company and the subsidiary companies.

ONLY A Common Cold

BUT IT BECOMES A SERIOUS MATTER IF NEGLECTED. PNEUMONIA, BRONCHITIS, ASTHMA, CATARRH or CONSUMPTION IS THE RESULT.

Get rid of it at once by taking

Dr. Wood's Norway Pine Syrup

Obstinate coughs yield to its grateful soothing action, and in the racking, persistent cough, often present in Consumptive cases, it gives prompt and sure relief. In Asthma and Bronchitis it is a successful remedy, rendering breathing easy and natural, enabling the sufferer to enjoy refreshing sleep, and often effecting a permanent cure.

We do not claim that it will cure Consumption in the advanced stages, but if taken in time it will prevent it reaching that stage, and will give the greatest relief to the poor sufferer from this terrible malady.

Be careful when purchasing to see that you get the genuine Dr. Wood's Norway Pine Syrup. Put up in a yellow wrapper, three pine trees the trade mark.

Mr. Wm. O. Jenkins, Spring Lake, Alta., writes: "I had a very bad cold settled on my lungs. I bought two bottles of Dr. Wood's Norway Pine Syrup but it only required one to cure me. I have never met with any other medicine as good."

Ottawa's Mayor Claims Damages.

Ottawa, Jan. 9.—Mayor Ellis has caused a writ to be issued against ex-Ald. Black, claiming $5,000 damages for slander, on account of the latter's statement that during the mayoralty campaign Ellis had altered, to the detriment of the city, the civic agreement for the purchase of the Consumers' electric plant. On the other hand, Mr. Black has written to the City Council, asking for an investigation by the county judge into the charge made by him against Ellis. He offers, if charge is not substantiated, to pay all expenses.

Three Banquets At McCallum's

Last night was a busy time in McCallum's restaurant, no less than three banquets being held there. The Bricklayers were the first to come and they had the place of honour in the large dining room. About 9.30 when the Council meeting closed, Ald. Mason invited the members of the council to the restaurant to celebrate the discovery of the surplus on the year's business. Then the Woodmen of the World, after their installation of officers, adjourned to this popular restaurant where they enjoyed a delightful supper. In spite of the fact that this was a record performance for the staff, the service rendered was quite satisfactory, and Mr. McCallum was complimented on the way in which he handled the crowd.

Mrs. R. H. Prust and Mr. Roscoe Prust, left this morning for Grand View, Manitoba, where they will reside in future.

Mr. Potter, brother of Rev. J. G. Potter, who has been here visiting his brother for a short time, returned to his home in Kingston to-day.

Misses Thompson and O'Neil, of Peterborough, returned home this morning after enjoying a pleasant visit with Lindsay friends.—Lindsay Post.

Mr. Albert Taylor, of Wycliffe College, Toronto, who has been visiting his parents, Mr. and Mrs. Anthony Taylor, Weston street, returned yesterday.

Mrs. W. Griffith Menzies will receive for the first time to-morrow afternoon and evening, Wednesday, January 10, at 291 Rubidge street, and after that on the first Wednesday of each month.

MISCALLED "HAIR TONICS"

Most Hair Preparations Are Merely Scalp Irritants, of No Value.

Most hair preparations are merely scalp irritants, miscalled hair tonics. When hair is brittle, lustreless, and begins to fall out, the dandruff germ is getting in its deadly work at the root, sapping the vitality. Since science discovered that dandruff is a germ disease there has been only one preparation put on the market that will actually destroy the dandruff germ, and that is Newbro's Herpicide. It quickly reduces scalp fever, destroys the germ; and the falling hair stops, and hair grows luxuriantly. Ask your druggists for Herpicide. It allays itching instantly, and permits the hair to grow. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Buy Today for Your Dinner Tomorrow. "Sailor Boy" Brand Tomatoes, Corn, Peas, Salmon they are the best. At all Grocers

The City Closed 1905 With $4,441 Surplus

Ald. Mason Presents a Gratifying Financial Statement to the Council--City in a Good Position as Far as Finances are Concerned--In Spite of Overdrawn Appropriations There is a Credit Balance at Close of Year.

Last year's council were apparently an economical body. The financial statement for 1905 presented last night by Ald. Mason, chairman of the Finance Committee, showed that there was a surplus on the year's operations of $4,441.62 and this in spite of the fact that last year some of the appropriations were overdrawn. The report, which is published below, was the source of considerable satisfaction to the members of the 1905 council, and especially to Ald. Mason who last year was the custodian of the city's strong box. The statement of assets and liabilities for 1905 presented by Ald. Mason, follows:—

Assets.

Taxes, balance	$ 4,340 23
Collegiate Institute, money advanced	10,409 69
Otonabee Power Co., pole rental	200 00
New Fire Hall	191 96
Arrears of taxes	200 00
Water Commissioners, rent	200 00
Water Commissioners, interest on Sinking Fund	14,143 18
Street extension	2,085 29
Bridges, reconstruction of	881 64
Sidewalks	28,771 40
Sewers	19,453 56
	$ 82,829 79

Liabilities.

Ontario Bank	$ 73,080 17
Trust Commissioners, balance 1905 debenture	1,583 36
Accounts rendered	724 64
Accounts outstanding say	3,000 00
Surplus	4,441 62
	$ 82,829 79

The statement of receipts and payments for the year was also given. It was as below:

Statement of Cash receipts and payments:

Cash Receipts.

Taxes	$111,362 00
Debentures	34,000 00
Water Commissioners, on account of interest and sinking fund	12,000 00
Dominion Government, for Armoury site	10,000 00
Licenses	5,941 17
Sewer connections	1,305 95
Market tolls	1,239 95
Police Court	1,201 19
Government for Public Schools	1,192 00
Companies, for pole rights on Bridges	1,008 75

The Carpenters' Union Has Good Book Balance

Gratifying Reports Presented at Regular Semi-Annual Meeting Held Last Night—Large Attendance and a Lively Interest Manifested—The Old Officers, With Few Exceptions, Were Re-elected — Excellent Work Accomplished by Brotherhood

PROSPECTS PRESAGE SUCCESSFUL YEAR

The regular semi-annual meeting of the United Brotherhood of Carpenters and Joiners was held last night. The attendance was large and representative, and a lively interest was manifested in the proceedings. President John Alexander presided. As is generally conceded, the Carpenters' and Joiners' Brotherhood is one of the most closely united of the societies of this character in all things pertaining to organized labour. In addition to the close bond of sympathy which obtains, mutually, between the individual members, the union has been in the past most generous in its relations with other bodies of a kindred character, having extended, whenever necessary, a financial assistance which has been productive of most beneficial results.

After the usual routine business, the Auditor's report was presented by Messrs. Daniel Coughlan and George Sloan. Financially the year has been a most gratifying one, as the annexed statement shows:—

RECEIPTS.

Cash in Bank	$525 37
Cash receipts from last audit	16 86
Cash receipts last six months	163 00
	$705 23

EXPENDITRUES.

Miscellaneous expenses	$165 35
Cash in Treasurer's hand	14 51
	$179 86

Balance in Bank, $525.37.

The election of officers was then proceeded with, the following being the result:—

President—John Alexander.
Vice-President—Robt. Ritchie.
Recording Secretary—Geo. Sloan.
Financial Secretary—Thos. Corkery.
Treasurer—Henry Carveth.
Conductor—Daniel Coughlan.
Warden—John Wiley.
Trustees—D. Coughlin, Walter Evans, Napoleon Tombley.
Auditors—Thos. Wilson, Wm. English and D. Coughlin.

The officers were duly installed by Past President Trombley.

Delegates to the Trades and Labour Council—John Alexander, Thos. Corkery, Napoleon Trombley.

57TH REG. BAND AT STREET RAILWAY RINK TO-NIGHT GOOD SKATING AND TOBOGGANING

T. H. Crowley's Rich Property

Mr. T. H. Crowley will leave this afternoon for Bancroft, where he has a staff of men working on his mining claims. This trip is for the purpose of obtaining some specimens of the ore, which he will bring back with him. He is greatly pleased at the showing made so far, and is confident that his claim will turn out exceedingly well.

A Quick Investment

In sealskin, Persian lamb, Russian lamb and Astrachin jackets will save you money now. We are clearing out stock on hand at liberal reductions for cash. First buyers get best selections. Barrie's, The Furriers.

The Low Record For The Season

It looks now as if the weather man had decided to give us a taste of winter at last. The official figures for the temperature last night were 11 below zero, which constitutes a record for this winter. The prospects are that the present cold snap will remain with us for a few days, at least.

57TH REG. BAND AT STREET RAILWAY RINK TO-NIGHT GOOD SKATING AND TOBOGGANING

Stammering and Whispering.

It is said that stammerers rarely if ever show any impediment of speech when speaking in whispers. A new method of treatment has therefore been advocated, which is as follows: For the first ten days speaking is prohibited. This will allow rest to the voice and constitutes the preliminary stage of treatment. During the next ten days speaking is permissible in a whispering voice, and in the course of the next fortnight the ordinary conversational tone may be gradually employed.

For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear.

It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too.

Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other.—L. Elsley, Niagara-on-the-Lake, Ont."

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell 523

AGAIN THE PLUMBERS.

Chancellor Boyd Explains the Conspiracy Charge to Jury.

Toronto, Jan. 9.—At the opening session of the Criminal Assizes here yesterday, Chancellor Boyd explained fully the plumbers conspiracy case. "There are three groups—the supply men, plumbers and employes," he said. "Justice Clute has made a careful investigation, and laid down the law in one case. If it was found that there had been a combine to stifle competition and raise prices, a true bill should be found. Where plumbing was necessary to keep you warm in winter or from being parched in summer, these men are charged with raising the prices and making you pay."

Lennox Knows No Graft.

At the civic investigation yesterday Architect Lennox swore he never told Dennis that Lynd wanted money and most positively that no amount had ever been fixed as far as he was concerned. 'No graft, to my knowledge, to any civic official or anyone else has been paid in this building," he declared.

Granted an Injunction.

Another stage in the dispute over the mining claims of Cobalt was reached yesterday when the Attorney-General issued a writ against Henry Thompson and the Temiskaming and Hudson Bay Mining Co. He is asking for the forfeiture of the lease on forty acres held by the company. The Attorney-General received much of his information through the affidavits of J. H. Gaiser and based his actions upon these. In the meantime the company have secured an injunction from Justice McMahon restraining Gaiser from trespassing on the company's claim in Coleman Township and from erecting any buildings thereon.

Industrial School Burned.

Deferred from escaping either by the cold night or the fear that they would be blamed for the fire, the two hundred boys confined at Victoria Industrial School at Mimico united their officers and saved thousands of dollars worth of property in a blaze which carried away their school house yesterday afternoon. It was only by their prodigious efforts that the gymnasium and several other buildings were saved. As it was the damage will amount to something like $18,000. Insurance is about $8,000.

THE TACK INQUIRY.

Shows There Was a Pool Between the Manufacturers.

Toronto, Jan. 9.—Samuel Frame, the Jenkins and Hardy clerk, was again Crown Attorney Curry's witness in the tack combine investigation yesterday, and the minute book the principal assistant. Mr. Curry showed there was a pool, that if a member exceeded the output limit by $1,000, he had to "ante" $250, and on the other hand if one was $1,000 behind, he drew $250 out of the "pot."

New Organ Auspiciously Inaugurated

Opening of the Rebuilt and Modernized Organ of the George Street Methodist Church—Delightful Organ and Vocal Recital—A Large and Highly Pleased Audience—An Organ Worthy of the Occasion—An Occasion Worthy of the Organ.

CREDIT TO CONGREGATION AND ALSO TO THE CITY

While the congregation of the George street Methodist Church can, with excellent reason, congratulate themselves upon the possession of a splendid new, or at least practically new, church organ, thoroughly rebuilt throughout, they can also congratulate themselves upon the delightful circumstances under which it was formally opened last night. The artist chosen to give the opening recital, Mr. Arthur Ingham, in a splendid series of selections, gave a most graphic and, withal, musicianly exposition of the quality and capabilities of the new organ, and Mr. Arthur Blight, a brilliant young baritone with a manifestly large future as a vocalist, gave a delightful balance to the recital of the evening. The new organ is an instrument of splendid capacity and combines all the most modern and approved mechanical appliances necessary to yield prompt and facile response to the demands of the performer. The tone is generally of excellent quality, robust and resonant, yet perhaps better in the upper register and the auxiliary stops.

There was a large audience who, no matter what pleasant anticipations they had, must have felt before the programme closed that these were more than realized. This was shown by the cordial applause which greeted both organist and vocalist, and no doubt but for the character of the place, a church, exercising a restraint, the applause would have been much more emphatic and insistent.

The programme consisted of ten numbers—four or five of which were double. To the organist, naturally fell the lion's share of the work, and excellently he performed his duty. Mr. Ingham, it is sufficient to say is a thoroughly capable, artistic and satisfying organist, in every way competent to not only display the multifarious musical capabilities of his instrument, but to interpret the music written for it, whether of the great masters or of his own compositions, or that of writers of lighter themes. He seems to excel—at least his selections and work last night and the manner of their presentation gave that impression—in delicate expression and deliciously dainty nuances. He plays with delightful feeling and unerring technicality. His recital brought out a wide range of subjects. His numbers comprised W. Faulkes' "Concert Overture in E flat," Calbaerts' "Cantilene in E flat"—a deliciously played work, in which the cantabile effect was splendidly brought out—in a way to reflect credit both upon organ and organist — Sebastian Bach's G. Minor Fugue, Lemare's beautiful madrigal in D flat, a new tiful madrigal in D flat, a new composition, and a splendid allegretto, Scherzando in B flat, composed by Mr. Ingham himself. The playfully beautiful melody, and its setting, were exquisitely brought out by the composer-performer. Bossi's "Caprice, in B flat," was, perhaps, the most tuneful and popularly pleasing of the evening, though, perhaps, the most artistic work was evident in the performance of Mr. Ingham's arrangement of the Chopin "Marche Funebre — op. 35." His concluding number was the bracketed Gavotte, in E flat, by Ingham and Grison's "Grand Choeur Triomphale." Mr. Ingham performed three of his own compositions, and they seemed to suffer nothing in contrast with the works of the great composers that were mingled with them on the programme.

The committee made a happy selection in the vocalist of the evening, Mr. Arthur Blight. He proved himself an artist, who, having reached so proficient a stage, at so early age, may very safely be promised a great future. Mr. Blight has a big voice, which may be best described as a robust baritone, of oratorio quality, of wide range, and subject to masterly control. His singing gives evidences of excellent training, his method is excellent, and with all his largeness of voice, his mastery of piano and pianissimo effects is notable. He has a pleasingly distinct enunciation and a discriminating interpretative instinct. His singing last night gave great delight, and at every appearance he was compelled to respond to encore calls, though in his responses he exhausted his repertoire of music, for which he had organ accompaniment with him. His first number was "The Penitent," a fine composition, involving the story of the Prodigal Son, by Mr. Maurice Van der Water, of the Peterborough Conservatory of Music, a good composition, grandly sung. His next number was Pugh-Evans' setting of "Lead, Kindly Light," to which was added as a recall piece, "The Ninety-and-Nine." Mr. Blight was exceedingly happy in his double number — Dudley Buck's "Crossing the Bar," and Allitsen's, "The Lord is My Light," which seemed particularly suited to his voice and method. He responded to an encore by singing with beautiful effect the familiar old Moore hymn "Come, Ye Disconsolate."

Altogether the occasion was a most enjoyable one, representing a fitting inauguration of a grand organ, which is destined, under the hands of a very capable organist at present in charge of it, Mr. Milner, to have a very important influence upon the musical services of the church, in which it occupies so conspicuous a place.

Though probably too technical to yield much popular enlightenment, the following general specifications of the new organ installed and rebuilt by the D. W. Karn Company, Woodstock, may be of interest:—

Great Organ.	Notes.	Feet.
1—Open Diapason and Bourdon	61	16
2—Open Diapason	61	8
3—Dulciana	61	8
4—Geigen Principal	61	8
5—Clarabella	61	8
6—Stopped Diapason	61	8
7—Harmonic flute	61	4
8—Principal	61	4
9—Fifteenth	61	2
10—Mixture	183	
11—Clarinet	49	8
12—Trumpet	61	8
Swell Organ.		
13—Bourdon	61	16
14—Open Diapason	61	8
15—Viola	61	8
16—Aeolienne	61	8
17—Leiblich Gedact	61	8
18—Dolce Flute	61	4
19—Principal	61	4
20—Flautine	61	2
21—Cornopean	61	8
22—Oboe	61	8
Pedal Organ.		
23—Open Diapason	30	16
24—Bourdon	30	16
7 Couplers.		
4 Pedals.		
Compass of Manuals C to C	61	
Compass of Pedals, CCC to F		

As remarked, the Karn Company have, to a large degree, rebuilt the organ; a new console or key board has been provided, the stops have been revoiced and numerous accessories have been provided, making the organ of the George Street Methodist Church one of the best in the city and the best in regard to modern mechanical devices and effects; the action is quick and the response speedy.

It may be further pointed out that there are certain points of unusual excellence. On the great organ, the dulciana, stopped diapason, clarabella and clarinet stops are particularly even in tone. In the swell organ the cornopean, dolce flute, bourdon and gedact are also exquisitely voiced. Altogether the Karn Company have done a very satisfactory work in remodelling, modernizing and generally improving the organ.

Pretty Badges Of Dairymen

The city is in the possession of the buttermakers, and the enamelled buttons which the visitors wear were much in evidence on the streets today. These badges of membership are of a very pretty design, of red, white and blue enamel, with the suggestive figure of a churn in the centre, and the inscription, "Peterborough, January 10, 11, 12," and the initials "E. D. A." in gold on a background of a maple leaf. Attached to the bronze is a blue ribbon with the word "member" in red ink. These badges were presented by the Canadian Salt Co., of Windsor.

Quarter Million Fire Loss In Minneapolis

Special to the Examiner

Minneapolis, Minn., Jan. 10. — Fire cause by crossed electric wires, broke out in the West Hotel, the biggest hostelery between Chicago and the Pacific Coast this morning at 7.30, and the damage done is estimated at not less than $250,000, and at least nine lives are lost. The known dead are: C. H. Wright, New York, W. G. Nicholls, Minneapolis; Captain J. Berwin, Minneapolis; Miss Mabel Larson, Omaha; W. E. Magner, Duluth; unidentified body of baby; its mother and grandmother; unidentified man.

Eighteen persons were so badly injured it is believed that they cannot recover. There are twenty different persons at various hospitals, whose identity is not yet ascertained. Most of the dead and injured were victims of suffocation.

The Officers Were Elected

At Annual Meeting of Charlotte Street Ladies' Aid.

The annual business meeting of the Ladies' Aid Society of the Charlotte street church was held yesterday afternoon and was well attended.

Gratifying reports of the work were given, reviewing a year of progress and prosperity.

A large measure of the success of the society was due to the president, Mrs. Morris, who so ably filled the chief office during the past year.

The election of officers for 1906 resulted as follows:

Hon. President, Mrs. Wright.
President, Mrs. H. A. Yenney.
Vice-President, Mrs. G. Hall.
Secretary, Mrs. Cunningham.
Treasurer, Mrs. Lyle.

All Round Sale A Great Success

Messrs. Richard Hall & Son Inaugurate New Sale.

The "All Round" Sale inaugurated by the progressive firm of Messrs. Richard Hall and Son has been a great success, the sale being received even better by the public than was anticipated. The store has been thronged with buyers ever since the sale opened, and there is no sign of a let-up to the enthusiasm.

The sale, as the name indicates, is a general reduction all through the store, and that the public appreciates the values which are being given is being amply demonstrated. The advertising campaign which this store is carrying out, coupled with the splendid inducements being offered, have had a marked effect on the volume of sales recently, a member of the firm stating that the business is steadily increasing.

Cressman's

Rifle Ranges Were Discussed

Col. Young Here on a Tour of Inspection.

Col. Young, the officer commanding this military district, was in the city yesterday for the purpose of inspecting the rifles of the 57th Regiment. In company with Lt.-Col. Miller he made an inspection of the rifles which were found to be in splendid condition. He also visited the proposed rifle ranges, as well as a proposed site for new ranges in Smith township, in company with Col. Miller.

Nothing definite was decided in reference to the ranges, but it is probable that an engineer will be sent to make a report. If it is decided to use the present ranges they will be improved, but nothing will be done until after the visit of the engineer.

To-day Col. Young went to Warsaw to inspect the civilian corps.

Dr. Hugo's Health Tablets for Women

They are the prescription of a specialist.

This is an age of specialists,—men who give all their time, study, and practice to some particular branch of medicine. There are specialists of the eye, specialists in diseases of the lungs, specialists in diseases of women. It costs something to get a prescription from a specialist, but it is worth all it costs, when you get it.

Dr. Hugo's Health Tablets for Women are the prescription of Dr. Hugo, of Paris, a specialist of forty years' experience in diseases of women.

It embraces the latest medical discoveries of the other skilled physicians in the world. It might be called a compound prescription of the world's best specialists.

No ordinary physician can prescribe such a remedy. The better the physician, the nearer will be his prescription to that of Dr. Hugo.

Thousands of women in Europe have paid $50 for a consultation with Dr. Hugo and got the same remedy. Considering the benefit they received from it, it was worth $50, but it costs women now only 50c. for six dozen tablets—enough for an extended treatment.

It is a compound remedy containing all the tonics and alteratives that any woman can need, no matter what her condition. For women suffering from a run-down condition, or any weakness peculiar to her sex, it is now acknowledged to be beyond doubt or question the best remedy available to-day. It makes healthy women.

50c. at dealers or by mail postpaid. B. N. Robinson & Co., Coaticook, Q.

WEDNESDAY, JANUARY 10, 1906.

WELCOME THE DAIRYMEN.

The Examiner wishes to join its journalistic, to the civic welcome, so heartily extended to the Eastern Dairymen's Association, who are, as the farmers are the backbone of the country, the cream of the dairying industry. Peterborough, as the centre of one of the best dairying districts, is sensible of the honour of the practical recognition of this fact, by being selected as the meeting place of the twenty-ninth annual convention of the Eastern Dairymen's Association, and will seek to express its appreciation, by giving the visitors as hearty a welcome, both in word and way, that it is possible to give. A glance over the dairymen and dairy experts, assembled in the opera house, reveals an ensemble of intellect, and alertness, that one would often fail to find in a legislative assembly. All are alert, intelligent, and specifically educated in the special lines on which they concentrate their attention. We may count very confidently upon the outcome of the deliberations of the convention representing the diffusion of a great deal of practical knowledge, and an inspiration that will mean a great forward impulse of progress to the dairying interests in Eastern Ontario as well as thoughout the province. Again, welcome to the visiting dairymen.

WISE GENEROSITY.

Another evidence of the far-sight and public spirit of the Ross Government, and the short-sight and pessimism, of the Conservative Opposition, in the late Ontario Legislature, is afforded by the guarantee of the two million loan to resuscitate the Soo industries, then in a state of collapse. The Ross Government felt that it was their duty, as well as the part of patriotic wisdom, to come to the help of those industries, with the object of re-establishing them, and preventing an immense and valuable plant, with a great future of usefulness, from passing for a song into the hands of some gigantic monopoly, such as the United States Steel Trust. The Conservative Opposition, when the proposal was made, constituted themselves a board of calamity howlers, and denounced the Governmetn as betrayers of the interests of the province, Mr. Whitney, the then leader of the Opposition, going so far as to declare that the money might as well be thrown into the lake, thus showing his faith in the resources of our northern country, and his deep knowledge of industrial conditions. How have these prophets of evil been fooled! From the very moment the guarantee act was passed, its justification began. The re-organized company proceeded to revive the dormant industries, with results, generally stated, of resurrecting the town of Sault Ste. Marie, which was threatened with practical extinction, repaying the loan advanced by the Government, to pay wages, payment of interest regularly made.

The solicitor of the company, who is in Toronto from Sault Ste. Marie, gives the pleasing assurane that it is the intention of the Soo Company to pay the two million dollar loan when it falls due, on May 1st next. The town has resumed its former prosperity, the monthly pay roll for wages, etc., amounting at present to about $150,000, or at the rate of $1,800,000 per year, nearly equal to the amount of the loan advanced by the Ross Government only two short years ago.

EDITORIAL NOTES.

License reduction would have carried in Toronto if the women who had votes had polled them in favour of it. Only one fifth of the women entitled to vote took advantage of the privilege on New Years day. Doubtless they began in the morning to dress for some pink tea and hadn't finished before the polls close. If women generally were given the franchises they would have about as much use for it as an iceman for a dress fair.

British Liberals have their work cut out for them if they win a safe following in the new parliament, which will assemble at Westminster on February 13th. The Balfour government at the end of the session had 75 of a majority over all parties combined. To be independent of the Irish Nationalists who held 82 seats in the last parliament, the Liberals must makee tremendous gains—158 seats—to have a bare majority. But British public opinion veers rapoidly and the Liberals may make the port safely.

In one of his efforts to make sympathy for the British reactionaries who seek to revert to the system of protection, "Flaneur of the Mail, says: "The unpleasant fact that England, after sixty years of so-called free trade, is steadily losing her export business," etc. The Hamilton Times says that "Flaneur" should change his name to "Menteur," to make it harmonize with efforts of the kind quoted. England (he means the United Kingdom) is not steadily losing her export business," but, on the contrary, is steadily gaining in that respect, the last year's being by far the greatest in her history; and the last month's the greatest month's record. There is nothing to be gained by such false statements as he makes regarding the trade and condition of the mother land.

HEALTH AND BEAUTY

Come from the Rich, Red Blood made by Dr. Williams' Pink Pills.

Beauty is more than skin deep—it is blood deep. There is no real beauty, no good health without rich, red blood. Every graceful curve, every sparkle of the eye, every rosy blush comes from rich, red blood. Dr. Williams' Pink Pills are the greatest blood builder and beauty maker in the world. Every dose actually makes new, pure rich blood. By making new blood Dr. Williams' Pink Pills sharpen the appetite, soothe the worried nerves, regulate the health. They banish paleness, clear the complexion, bring rosy cheeks and sparkling eyes. They give plenty of strong blood for all the delicate functions of womanhood. Miss Mary Jackson, Normandale, Ont., says: — "For upwards of three years I suffered from anaemia. I grew so weak I could scarcely walk about the house. I had no colour in my face, my lips and gums were bloodless, I suffered from headaches and dizziness, and fell away in weight until I weighed only 94 pounds. No treatment gave me the least benefit, until I began the use of Dr. Williams' Pink Pills. Inside of a few weeks after beginning the pills I began to grow better, and they soon restored my health, and while using them I gained fourteen pounds in weight. I can strongly recommend Dr. Williams' Pink Pills to all pale and feeble girls."

There are thousands of pale anaemic girls and women throughout Canada who should follow the example of Miss Jackson and give Dr. Williams' Pink Pills a fair trial. Bright eyes rosy cheeks and perfect health would soon follow. When you buy the pills see that the full name. "Dr. Williams Pink Pills for Pale People," is printed on the wrapper around each box. Sold by medicine dealerss or by mail at 50 cents a box or six boxes for $2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Transfer Of Gas Property

Mr. W. S. Davidson Disposes of Natural Gas Well at Durham.

Mr. W. S. Davidson, barrister, returned Monday night from Durham, Ont., where he has been attending a meeting of the Durham Natural Gas and Oil Co., of which he was secretary.

The company has disposed of its oil well at Durham, in which drilling operations were for some time carried on, but were necessarily discontinued about two years ago by reason of the high pressure of water which developed. The aqua pura gushes forth from the well at a rate of 1,500,000 gallons daily, from an 8-inch hole, the spout reaching an altitude of fifteen feet.

Though it is probable that with further drilling gas would have been reached, it was deemed advisable to discontinue operations owing to the difficulties presented by the flow of water. The property was disposed of to Mr. John Kelly, manager of the Standard Bank, Durham, who will utilize it as a source of supply for a waterworks system for the town. The pressure will be more than sufficient for the purpose for which it is intended. The well has been sunk to a depth of 385 feet.

All the towns in the district surrounding Durham have splendid natural gas facilities, and profitable wells abound in the territory in every direction. The town of Hepworth has, perhaps, the best supply, though there are also paying wells at Collingwood, Shallow Lake and Mount Forest.

The royal family of Britain is exempted from all tolls and tuties, from succession duty, and from taxes. The Westminster corporation were recently notified that they were not at liberty to collect the rates—amounting to over $3,500—on Marlborough house.

Always Remember the Full Name Laxative Bromo Quinine Cures a Cold in One Day, Grip in 2 Days *E. W. Grove* on every box. 25c

FIVE GOLDEN RULES.

First—Eat only 3 meals a day, 5 hours apart.

It requires 4 to 4½ hours to digest a meal. This leaves ½ to 1 hour for the stomach to rest.

Second—Eat nothing between meals.

If anything is taken into the stomach while digestion is going on, digestion stops and may not start again for an hour.

Third—Eat slowly and chew food thoroughly.

This insures food being well mixed with saliva and partially digested before it reaches the stomach.

Fourth—Drink little fluid with meals.

The stomach gives out about a pint of gastric juice to digest each meal. If you take another pint of tea, wine or water, then the digestive juices are too diluted to properly digest the food.

Fifth—Take one "*Fruit-a-tives*" tablet about twenty minutes before meals. "*Fruit-a-tives*" tone up and sweeten the stomach — insure an abundant flow of digestive juices—and cure Dyspepsia. Follow these directions for *a month* and see how much better you are in every way.

50c. a box. At all druggists.

Willing Workers Social Evening

An Enjoyable Evening Spent at Murray Street Church.

Last night the members of the Willing Workers, one of the most active organizations in connection with the Murray street Baptist church held a social evening, which was thoroughly enjoyed. There was a large attendance, about sixty members of the society being present. Tea was served at 7 o'clock, and afterwards a programme of much merit was presented. At Christmas time the workers sent a barrel of dolls to the Hospital for Sick Children, Toronto, and the letter acknowledging the appreciated gift and describing the scene on Christmas Day, when the dolls were distributed, was read by Miss Ivah B. Fisher, president of the society, who occupied the chair. The following programme was then rendered:

Reading, Miss Webber.
Reading, description of Chinese wedding, Miss Fisher.
Address, Miss Eva Rose.
Reading, Mrs. Stevens.
Piano Solo, Miss Edith Quinn.
Reading, Miss A. Hardwicke.
Reading, Miss Jennie Hardwicke.
Reading, Miss Edna Yelland.
Solo, Miss Clara Kidd.
Reading, Miss A. Hardell.
Piano Solo, Miss Walker.
Reading, Miss H. Kidd.
Reading, Miss Mary Roy.
Solo, Miss E. Miller.
Address, Miss Barnard.
Recitation, Miss Armstrong.
Solo, Mrs. (Rev.) Scott.

The evening was most delightfully spent, and the members are entering upon the work of the year with renewed enthusiasm.

New Books at Public Library

The following new books have been added to the Public Library:—

Barbers Enjoy Annual Banquet At McCallum's

Members of the Local Union Gather Around the Festive Board--Many Happy Speeches Enliven the Occasion — The Practical Benefits of Unionism as Applied to Barbers' Trade —Trades and Labour Council Matters—Prosperous Union.

THOSE WHO ENJOYED ANNUAL GATHERING

Last night the Barbers' Union celebrated. It was the occasion of their annual banquet and was held in McCallum's restaurant, which during the past few weeks has been the scene of many similar events. But it is a pretty safe assertion that none have been more thoroughly enjoyed than that of last night. The banquet took the form of a jubilation over the improved lot of the members of the Union, and barbers generally. In the addresses given reference was made to the fact that since the union was formed, the rates of wages had not only been increased, but the hours of work shortened, and the prices for work raised, the latter being to the benefit of the employers. A number of happy speeches were made, while Mr. Jack Lefave favoured the company with some solos, which were highly appreciated as was evidenced by the hearty applause.

In addition to the members of the Union, there were present. Messrs. C. P. Murty, President Trades and Labour Council, and the man who organized the Barbers' Union, four years ago; A. Scott, President Leatherworkers' Union, and C. H. Reid President Typographical Union, all of whom gave addresses, dealing largely with the general question of unionism.

Those who gathered around the festive board were Messrs. S. H. Baker, President Barbers' Union; C. Gainey, Geo. Williamson, J. Lefave, C. Sullivan, H. Kingdon Geo. Brosseau, Ed. Wright, R. Howden, G. Campbell, G. Irwin, A. Donaldson, W. G. Rundle, W. Mcgregor, C. H. Reid, A. Campbell, A. Breaut, A. Scott, C. P. Murty, H. Gainey, B. Patterson, K. Throop.

Mr. S. H. Baker acted as toastmaster, and welcomed those present in a few words. He referred to the practical benefit of unionism, as applied to the Barbers' trade, and said that the members made more money and had shorter hours.

The first toast was that to the King, which was honoured in the usual patriotic manner.

The toast to "Sister Unions," brought to their feet Messrs. C. P. Murty, A. Scott and C. H. Reid, all of whom spoke of the benefit to be derived from affiliation with the Trades and Labour Council, and with the Dominion Trades Congress.

A song by Mr. J. Lefave was well received.

Mr. H. Gainey responded to the toast to "The International Union," and in his address he referred to the last convention to which he was a delegate. There were at the present time about 30,000 members in the International Union, which was in a most flourishing condition. Mr. Geo. Brosseau also gave a short speech on general topics. Messrs. Rundle, Irwin and McGregor responded to the toast to "Our Guests," which was enthusiastically honoured.

"The Ladies," who were toasted in the usual manner, were spoken for by Messrs. Lefave and Bruce Patterson, who did the subject full credit. After the "Press" had been recognized and responded to, "Our Host" was proposed by the chairman, and Mr. McCallum's health drunk. In a few words "Mac." expressed his pleasure at welcoming the members of this progressive union, and expressed the hope that they had enjoyed their annual banquet. The gathering dispersed, after singing heartily, "Auld Lang Syne."

GEO. COCHRANE, Agent

Mr. W. H. Hill Participated In Presentation In Montreal

To Mr. Robinson McCauley, President of the Sun Life Assurance Company, in Montreal Yesterday—Popular Insurance Man Honoured by Company Officers.

Mr. W. H. Hill, Manager for Central Ontario, of the Sun Life Assurance Company, left on Monday for Montreal, where he was joined by a number of other District Managers, who were associated with him in a pleasing mission.

For a number of months arrangements have been in progress of which, the happy culmination was reached yesterday evening in the presentation to Mr. R. Macaulay, Managing Director, of a life-sized portrait in oils, of himself by the Field Staff of the Company.

The portrait was executed by Mr. J. W. L. Forster, of Toronto, one of the most noted of Canada's figure painters, and is said to be an example par excellence, in draughtsmanship, colour-scheme and composition, of the clever artist's best work.

The presentation took place last evening in the Eastern Metropolis. The portrait, which was presented by Mr. W. H. Hill, was accompanied by the following address, read by Mr. W. T. McIntyre, Toronto.

R. Macaulay, Esq., Managing Director of the Sun Life Assurance Company, of Canada:—

Dear Mr. Macaulay,—Some time ago we took the liberty of addressing you, asking your consent to have a portait of yourself painted in oil, at your earliest convenience, and we take this opportunity of thanking you for the kind and courteous manner in which you responded to our request.

Your absence from our last annual outing seemed to emphasize the fact that we could not expect you to be with us always; and there was a desire, on the part of all, to shew by some tangible evidence our respect for the Managing Director, and our love for our friend.

We now come to you, asking, on behalf of ourselves and our associates, your acceptance of this completed portrait, knowing full well that you will value it, chiefly, for the sake of the warm friends who present it.

If you derive from the possession of the picture only a part of the satisfaction which its presentation gives us, we shall be more than satisfied.

That your present good health may continue, and that you may long be spared to guide the destines of the great institution which you have been mainly instrumental in building up, is our constant prayer.

Signed on behalf of the Field Staff,

Edwin S. Baker, manager, Winnipeg, Man.
C. S. V. Branch, manager, Vancouver, B. C.
E. R. Brow, manager, Charlottetown, P.E.I.
W. H. Hill, manager, Peterborough, Ont.
Gilbert C. Jordan, manager, St. John, N. B.
C. C. Knight, manager, Sherbrooke, Que.
A. S. MacGregor, manager, London, Ont.
W. J. Marquand, manager, Halifax, N. S.
W. T. McIntyre, manager, Toronto, Ont.
John R. and W. L. Reid, manager, Ottawa, Ont.
J. C. Stanton, Jr., manager, Montreal, Que.
R. J. Stuart, manager, Calgary, Alta.
Trudelle & Dion, manager, Quebec, Que.
Holland A. White, manager, Hamilton, Ont.
W. Scott Boyerton, manager, Columbia, S. C.
John S. Cameron, manager, Atlanta, Ga.
Geo. M. Hayes, manager, Pittsburg, Pa.
W. A. Higinbotham, manager, Philadelphia, Pa.
E. D. Lugwig, manager, Erie, Pa.
E. C. Peed, manager, Baltimore, Md.
N. D. Sills, manager, Raleigh, N.C.
John A. Tory, manager, Richmond, Va.
Ignacio Borda, general manager, Mexico, City.
Alex Bryden, manager, St. Johns, Nfld.
Paul Jamotte, manager, Brussels, Belgium.
Dr. H. R. Macaulay, general manager, Shanghai, China.
Jas. A. D. McBain, manager, Bombay, India.
P. Parry-Jones, manager, Valparaiso, Chili.
Geo. E. Reid, manager, London, Eng.
Pharoze C. Sethna, resident secretary, Bombay, India.
Jas. C. Tory, general manager Western Foreign Department, Montreal, Que.

Mr. Macaulay replied briefly in appropriate terms.

Mr. Hill and Mr. W. T. McIntyre, Toronto agent, were largely instrumental in the management of the arrangements for the pleasing event.

With New Blood In the Arteries

YOU WILL FEEL NEW VIGOR AND CONFIDENCE THROUHOUT THE WHOLE BODY.

DR. CHASE'S NERVE FOOD

Do you know what it is to feel well — to feel young and hearty and vigorous—to feel full of energy and ambition—to enjoy work and to look forward hopeful and confident of the future.

This is the natural way to feel when your blood is pure and rich and your nerves are a-thrill with life and vitality.

This is the way you will feel if you revitalize your wasted and depleted nervous system by the use of Dr. Chase's Nerve Food.

Not in any miraculous way—not after the first dose or the first box, it may be, but when your system has been gradually built up — your blood enriched and new vim and vigour instilled into the nerves.

Dr. Chase's Nerve Food is a wonderful medicine, but its wonders are accomplished in nature's way, by thoroughly restoring the elements lacking in a run-down body.

No other treatment for the nerves acts in exactly this way. Some relieve by deadening the nerves — some by excessive stimulation.

Dr. Chase's Nerve Food brings about lastingly beneficial results by forming new, rich, red blood, and creating new nerve force.

Mr. George W. Lawson, a farmer living near Consecon and well and favourably nkown throughout Prince Edward County, Ont., writes:—

"About one year ago I was taken sick and felt myself failing every day. I consulted and doctored with several eminent physicians, but received no permanent benefit. In fact they told me they could do nothing for me except afford temporary relief, as it was a general breaking up of old age. My nerves were exhausted and my whole system completely broken up.

"I was just at death's door, and, thinking my time to die had come I gave up hope and resigned myself to fate. At this time my wife read in the papers about some of the wonderful cures being brought about by Dr. Chase's Nerve Food, and I began using it.

"This treatment helped me from the first, and I continued to keep it up for about six months, when I was fully restored to health. To-day I am a well man and made so by Dr. Chase's Nerve Food at a trifling cost. All this in spite of the fact that I spent a large sum of money with physicians only to be pronounced incurable. Though in my 75th year I feel as well as I did at twenty, and can walk as smartly as any of the boys."

There is lots of evidence of what this great food cure has done for others. Ask your neighbours about it. Fifty cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Happy at Last

Her Husband no longer gets Intoxicated—Samaria Tasteless Remedy Cured Him.

This lady says: "For the first time since I have been married I can be happy and contented—my husband is cured of his bad habit of drinking. Several months ago you sent me a free sample of your remedy at my request, and without my husband's knowledge I gave it to him in his tea and food. I then got a full treatment and gave it regularly. It is powerful, and I cannot sufficiently thank you for the blessed change it has brought to my home."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence strictly confidential. Address: THE SAMARIA REMEDY CO., 19 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by H. S. Macdonald.

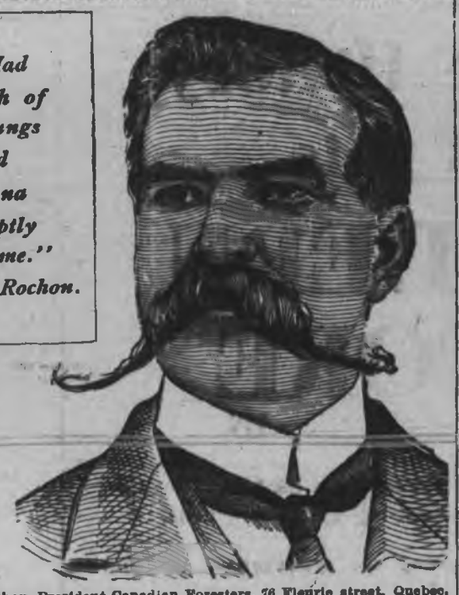
"I Had Catarrh of the Lungs and Peruna Promptly Cured me."
--Alfred Rochon.



Hon. Alfred Rochon, President Canadian Foresters, 76 Fleurie street, Quebec, Canada, writes:

"I am pleased to add my testimonial to the many I see to the efficacy of Peruna. I suffered for some time with chronic catarrh of the lungs and really thought that I was not to get any relief, as I had used so many remedies and my condition remained about the same.

"Finally I decided on Peruna and that was a lucky day for me, for it proved to be the remedy which cured me. My lungs are perfectly sound now and I have not had the slightest trouble with them since, and at the slightest indication of a cold now I take a few doses and it will always ward off any bad effects."
---Alfred Rochon.

Catarrh of the lungs is, ordinarily, known as consumption. In these cases the catarrh has usually found its way into the lungs by the gradual extension of the disease from the throat through the bronchial tubes. Consumption is the natural termination of all cases of neglected chronic catarrh. Every one who is afflicted with chronic catarrh is liable to be attacked with consumption at any time. In the first stages of the disease Peruna is a sure cure.

A slight cough, which, without a vestige of doubt, would soon disappear with the use of Peruna, becomes chronic bronchitis, which requires a persistent use of Peruna for some time. There are a great many cases of consumption every year due directly to a cold.

Peruna is for sale by all first class drug stores at $1 per bottle.

Send to The Peruna Medicine Company, Columbus, O., for Dr. Hartman's free book, entitled, "Chronic Catarrh."

RICHARD HALL & SON 353 and 355 George Street

District Lodge Elects Officers

Annual Meeting of Peterborough District Orange Lodge Last Night.

Last night the annual meeting of the Peterborough District Orange Lodge, was held in the Orange Hall, Simcoe street, when the election of officers took place. The chair was occupied by Mr. T. A. Young, District Master, who, in his opening address, referred to the incidents of the past year in Orange circles. He congratulated the various lodges on the success which they had met with during the year, and urged them to greater efforts in the future.

The election of officers took place, resulting as follows:

District Master, T. A. Young, No. 178.
Deputy District Master, W. H. G. Armstrong, No. 80.
District Chaplain, J. A. Armstrong, No. 457.
District Recording Secretary, W. G. Bartley, No. 80.
District Financial Secretary, J. W. Aldie, No. 321.
District Treasurer, C. Kitney, No. 321.
District Director of Ceremonies, J. Meharry, No. 457.
First Lecturer, A. Parker, No. 457.
Second Lecturer, David Hamilton, No. 457.

The officers were duly installed by Past County Master, Jos. Batten.

A resolution of condolence was passed to Mr. T. A. Young, County Master, on the death of his brother. It was moved by Mr. W. H. G. Armstrong and seconded by Mr. J. A. McWilliams, and was as follows:

"Resolved, — That this District Lodge, hereby tenders to Bro. T. A. Young, D. M., our sincere and heartfelt sympathy in his sad bereavement, caused by the death of his brother, while yet in the prime of life. We commend the sorrowing and bereaved family to the Dispenser of all blessings, with the hope that He will comfort and sustain them in their tribulation, and finally bring them to His everlasting Kingdom, where meeting and partings are unknown, and where the troubled will find rest."

This was the first meeting for years that Mr. Robert Weir's face was not seen, and his absence was the occasion for many expressions of sorrow at his absence.

Murray Street Annual Meeting

The annual business meeting of the Murray street Baptist church will be held to-morrow evening at eight o'clock, when reports for the year will be presented from the different organizations of the church. It is expected that there will be a large attendance of the members, as several important matters will be considered.

Five Dollars Was The Fine

For Expectorating Tobacco Juice on the Floor of the Grand Opera House.

At this morning's session of the police court before His Worship Police Magistrate Dumble, a young man was fined $5 for committing a common nusiance, that of expectorating tobacco juice upon the floor of the Grand Opera House. He pleaded guilty to the charge.

His Worship was very strong in his disapproval of such obnoxious conduct and asserted that it was his desire to blot it out.

"The opera house," he said, "is a handsome new building; a place where ladies and gentlemen gather for entertainment and it is not right that tobacco juice should be expectorated on its floors and carpets and cause annoyance to its patrons."

He said that in this case he would impose a light penalty although an offender of this nature was liable to a severe punishment. He was then assessed $5. His fine is intended to be a warning to others and in the future offenders of this character will not be so leniently dealt with. The maximum penalty is said to be a fine of $100 or do a proportunate term of imprisonment.

The lad said a few words in his defence, stating that he committed depredation unknowingly. He tried to smooth matters over with Manager Bradburn and Opera House Constable Miller, at the time he was accused of the offence, but they insisted that prosecution should follow.

"Why a man might as well spit tobacco juice on the floors of a church," said the Magistrate.

NEW BARBER SHOP

Mr. Joseph LeClaire, better known as "Eddie," has opened a new Barber Shop on Simcoe Street, in the Snowden Block, in the premises formerly occupied by the late F. Potvin.

THE WEATHER.

Although the weather is comparatively mild to-day, last night was quite sharp, the thermometer registering 8 deg. below zero. This morning it stood at 10 deg. above.

EASTERN ONTARIO DAIRYMEN AUSPICIOUSLY OPEN TWENTY-NINTH ANNUAL CONVETION IN GRAND OPERA HOUSE THIS MORNING

The Dairymen of Eastern Ontario Gather in Large Numbers in Annual Convention--The Total Attendance Will be 500 to 700 of Ontario's Most Prominent Dairymen—Many Interesting Subjects to be Discussed.

His Worship Mayor Best Opened First Meeting of the Association This Morning--Introduced President—Address on "Improvements of the Dairy Herd" Business Transacted at This Morning's Session—The Committees Appointed.

President Derbyshire Delivered His Annual Address—Reviews Year 1905 in the Dairy Industry—Was a Banner Year—Cheese Exports From Montreal Were 2,121,1000 Boxes—The Butter Exports 573,449 Packages.

MEETINGS HELD IN GRAND OPERA HOUSE

"What do you think of the prospects, generally, for the convention?" was asked of President D. Derbyshire, M.P., of the Eastern Ontario Dairymen's Association, by the Examiner this morning. With the possible exception of Secretary R. G. Murphy, a fellow-townsman of Brockville, Mr. Derbyshire was the busiest man in the city this morning. Replying to questions and greetings which were hurled at him from every side, the genial president took time to allow a self-evident expression of satisfaction to illumine his countenance, as he cordially extended the tireless "glad hand" once more with the reply, "It's the greatest in the history of the association from every point of view." The local arrangements have been excellent, and I anticipate the most interesting convention we have ever held. Everybody has worked hard and faithfully, and the most satisfactory results are assured.

The convention is the twenty-ninth annual gathering of the members of the association. It opened at 10 o'clock at the Grand Opera House, with Mayor Best in the chair. The attendance, which numbered about 150, included many of the most prominent dairymen within the pale of the district covered by the association. The members, last night and this morning, arrived from every point, singly and in groups, and the audience at the initial meeting may be regarded as truly representative of the best dairying interests of the eastern section of the Province. As was anticipated, the opening attendance, in a numerical sense, did not reach the proportions which may later be expected, and there is little reason to doubt, in view of the rapidity with which the number in attendance is being augmented with the arrival of each train, that to-night or to-morrow morning an aggregate of between 500 and 700 people will have been reached. The visitors appear to be unanimously pleased with the local arrangements for the

MR. D. DERBYSHIRE,
President Eastern Ontario Dairymen's Association.

convention. Every preparation possible has been made for their entertainment while here. The greatest interest is being manifested, and the net result of the proceedings of the convention, which will comprehend addresses by some of the most competent dairying authorities in the Province, cannot fail to be far reaching in its beneficial results.

President's Address.

At the opening meeting this morning the first address delivered was that of President Derbyshire, who was introduced by Mayor Best. He said in part:

It is a great pleasure to meet the enterprising citizens of Peterborough, and especially the dairymen of this important section, and I desire, on behalf of our directors, to thank you for the very cordial reception extended us, and further I want to thank your local committee for the assistance our secretary received in making final arrangements for this 29th annual convention. Your city council and county council, as well as your banks and leading business firms have given generous aid, which assisted us in preparing our programme and advertising this meeting.

We all regret that our Governor-General, Lord Grey, who had promised to open this convention in your fair city, will be unable to do so on account of the Forestry convention now meeting at Ottawa, but I can assure all that we have his hearty sympathy in the great work we have in hand of bettering the condition of our dairymen in Eastern Ontario.

With reference to the dairy industry, I might point out that both in the aggregate production and returns realized, 1905 has has been the banner year. It is certainly very gratifying that we made about the same quantity of cheese as formerly, and our butter production has beaten all previous records.

Our cheese exports from Montreal for the season just closed were 2,121,101 boxes. I estimate the cheese on hand in Canada at the close of navigation at 450,000 boxes, which would make 2,600 000 boxes, valued at $22,000 000.

Our butter exports from Montreal were 573,449 packages, and the estimated stock in Canada is 125,000 packages, so we made in the season 700,000 packages valued at $9,000,000.

The bacon trade, so closely allied with the dairy industry, amounted to about $15,000 000.

In the above estimates no account has been taken of our home market, and this must be looked into, especially for butter, for our Canadian people are consuming larger quantities of fine creamery butter each year. Our home consumption in 1905 was about 3,500 000 packages.

You will be gald to know that we received about $10,000 000 more in 1905 than in 1904 for cheese, butter and bacon. It will be noticed that our dairymen produced (excluding condensed milk, milk for our cities, towns, etc.) cheese valued at $22,000,000; butter, $9 000,000; bacon, $15,000 000, and the home consumption was $50,000 000, or a grand total of $96,000 000. We are sending our goods not only to the Mother Country, but to the Orient and Japan as well, and in increasing quantities each year.

We are also making advancement. Our factories are being improved, and some really first class ones are being erected, and our makers are becoming better educated. A larger number and better qualified instructors have been employed, and doing very satisfactory work. This has been made possible by the liberality of our Provincial Department of Agriculture. We had twenty-six instructors, besides our chief instructor and they have done good work—visiting, giving instructions and attending meetings—so we have given better service to our factories than in any previous year.

Our goods have been finer and more uniform than ever before. Our Dominion Department of Agriculture has rendered splendid assistance by giving us regular refrigerator service, not only on cars to Montreal, but on the steamships from Montreal to the British market, and employed inspectors at Montreal and the different English ports to examine our goods, and report weekly to our dairy commissioner at Ottawa the temperature of our goods on arrival at destination. This has been of great importance to dairymen, for the goods were never before delivered to their ultimate market in as fine condition. We want this refrigerator service enlarged and improved, as well as our transportation facilities, so our goods the coming season may be landed in perfect condition.

The watching of our goods arriving at Montreal, as well as the different ports on the other side, is working well, for they do not now lay around on the docks, but are quickly taken care of. The erection of two large warehouses at the Surrey Commercial dock, fitted up with cold storage at London, is of great importance. Our goods are taken from the ships and immediately placed in these warehouses. Bristol is coming to the front with new docks, and other ports will have to do the same or lose the trade. So you see the result is we have made finer goods and had them delivered in better condition, thus receiving better prices and increased demand. With the improvement of trade in every line, and high prices assured, we should do very much better in 1906, and I ask for your hearty co-operation in building up the dairy industry.

While we have had such a splendid season, I think this would be a good time to urge all makers to attend our dairy school at Kingston, which has been greatly enlarged and improved, with a competent staff in charge, where the latest and best instruction is given. I would like to urge all factories to join our syndicate system and assist us to make a uniform high quality of goods everywhere in Eastern Ontario. While a large number of factories are good and well equipped, we still have a large number not fit to make cheese in, and where finest goods cannot be made. We must improve our factories, for no business in Canada rests on a more solid foundation, and why our factories should not be first-class buildings, well painted, clean and tidy, with proper drainage, no one can explain. Why should shade trees not be planted and the grounds around the factory made beautiful? Possibly I can explain why; because the makers of our cheese are the only ones that are not properly paid. A large number of our best men are quitting the business. While the milk-producers are prosperous this last year, our manufacturers are poorer, having more to pay for labour, fuel and furnishings. Why not give them one and a quarter cents for making, and demand better boxes and a better service? We appointed a committee to report on licensing factories, and I hope their report will be favourable, so we can demand a good factory or close it up.

The Canadian Dairyman has been

MR. R. G. MURPHY,
Secretary Eastern Ontario Dairymen's Association.

doing good work showing us some of our poor factories, and I trust they will continue. This is the official organ and every dairyman should take it. With our past experience, with the full knowledge that the production of cheese, butter and the bacon pig is the one industry exactly suited to Eastern Ontario, all our energies should be directed to improve the quality and increase the quantity of our goods.

And now, gentlemen, with our present opportunities for education and instruction, there will be no excuse for having an ordinary maker, for they are dear at any price; or having an old open factory resting in the mud, with no drainage, or not having modern machinery, or not delivering your cheese to the station in clean wagons, with proper covers to keep the cheese or butter clean, or not doing everything in your power to make the watchword for 1906 cleanliness, and improvement all along the line.

I have looked forward to this 29th annual convention to be held in your enterprising city with great pleasure. Your schools, your churches and public buildings are very handsome, your press, bankers, merchants and manufacturers are up to date, and I predict a great future for you. Our business here is to bring prominently before your minds our great national industry, and I trust we will have a profitable time.

Once more let me urge hearty co-operation in Eastern Ontario among all our dairymen, and make one supreme effort the coming season and take hold earnestly and make the needed improvements, so we can step right out of the way of any of our competitors, by making and placing on the market regularly, the finest goods in the world. We can do this by all working together.

We have a fine programme and excellent staff of speakers, and I trust this will be the most important dairy meeting ever held in the Province.

The President appointed the following committees:—

Business—Mayor Best, Warden Buck R. R. Hall, M.P., T. E. Bradburn, M.P.P., and R. G. Murphy.

Nominations—J. R. Dargavel, M.P.P., Wm. Eager and James Whitton.

Legislation—Edward Kidd, R. G. Murphy, R. R. Hall, M.P., T. E. Bradburn, M.P.P., J. R. Dargavel, M.P.P., and Wm. Eager.

Mr. Derbyshire closed with a glowing tribute to Peterborough's facilities for the convention.

Mr. C. F. Whitely.

The next speaker, Mr. C. F. Whitely, of the Experimental Farm, Ottawa, was introduced by Mr. Derbyshire. He gave a most interesting and profitable address upon "The Improvement of the Dairy Herd," in which many vital points in the speaker's opinion, an increased profit might be secured from the dairy cow, was outlined.

Mr. Whitely expressed in his opening remarks his pleasure at being present. It appeared to him that there was decided room for improvement with regard to the betterment of dairy herds.

In 1904 a thirty-day test had been taken at Mountain View, Quebec. The result as tabulated by the Department of Agriculture was presented to the audience by means of a large table, the leading features of which were explained, and the deductions to be drawn pointed out. The tests were instituted by the Government with a view to demonstrating that in many instances the best results possible were not being obtained. The tests made were of a number of herds chosen throughout the District.

The whole measure of success in the dairy business lies in the reply to the question "Is every individual cow in the herd producing a profit?" Until this is the case the herd cannot prove profitable. Careful tests should, in consequence be made. It has been demonstrated that in too many cases the dairy cow is kept at too small a profit, and in many cases at an actual loss. It was the speaker's decided opinion that the yield of the average dairy cow in Canada might be doubled. A plea for the necessity of better care of the dairy herd was made by the speaker.

The splendid progress made in Denmark is the result of co-operation and this policy will become an imperative necessity in Canada.

What have they done in Denmark? In four years the average production per cow has been raised by from 30 to 50 lbs. per cow. Careful co-operation in breeding is observed.

The far-reaching influence, commercially, attaching to the subject under discussion, was pointed out by the speaker in conclusion.

Among the prominent dairymen of the district who are in attendance are:—D. Derbyshire, M.P., President; R. G. Murphy, Secretary; Levi Patton, Director; John H. Singleton, 2nd Vice-President, Brockville; J. R. Dargavel, M.P., Elgin; Jas. Whitton, Stirling; Morden Bird, Auditor, Stirling; J. H. Grisdale, Ottawa; W. G. Somerville, Brockville; Hy. Glendenning, Manilla; Wm. Eager, Morrisburg; R. Gardiner, Kingston; L. L. Gallagher, Wilton.

To Consider The Purchase Of Rink

A meeting of the local curling club will be held on Friday night at the rink, when some important business will be transacted. The skips to go to Orillia on January 16th will be chosen, and the formation of a company to purchase the rink from the present members. This meeting will be a most important one and all the members of the club are asked to be present.

HOCKEY

Monday night the Victor Hockey team defeated the well known Northern Lights by the score of 11 to 1. Half time score was 4 to 0. The game was played on the Y.M.C.A. rink and the ice was in the pink of condition. For the Victors Fox was the star, but all the team played well. The line up was for the Victors as follows:—

Victors.—Goal, Rielly; point, Faux; cover point, Wade; rover, Pratt; centre, Giroux; right wing, Porter; left wing, Harrison.

• • • •

The following players are requested to attend practice to-night as the team for Friday night's game will be picked after practice:—Morgan, Wasson, Greer, Rose, Stroud, Crowley, Parnell, Hall, Fitzpatrick, Graham, Currier, Crough, Watson and Whitcroft.

By the look of things the players will have to pick their own team for their games—the team committee have not been seen at the practices this season.

Mr. Ernie Ford has consented to handle the gong in the practice game to-night. The following members of the team committee are requested to attend the practice to-night to choose the team after practice:—Messrs. Wightman, McCabe, Lynch, Whitcroft and Clark.

A meeting of the City League at 8 o'clock will be held to-night at the Oriental.

Peterborough Cereal Co. Takes Forward Step

Progressive Company Installs New Gas Producer Plant—Will Affect a Great Saving in Expense—Home-Made Gas Will be Used Now in Toasting New Cereal "Canada Flakes"—Interesting Description of the Plant

It was, it must be confessed, with some little trepidation that The Examiner man yesterday, in response to an invitation by Mr. Herbert Collier, placed one of his optics at the aperture through which a view is obtained of the interior of the huge oven of the Peterborough Cereal Company's plant. But even Peeping Tom could not have been more richly rewarded for his pains. Weird, picturesque, attractive was the scene within, and never was a kaleidoscope more fascinating in its infinite variety of colour and contrasting symmetrical forms than the effect of the hundred purplish yellow coloured flames which danced and quivered in darkness. But the effect, charming as it is from a spectacular point of view, is lost sight of completely when it is regarded in the light of practical commercial utility.

The work of installing the new gas generator at the Cereal Company's mill has been in progress for some time, and the outcome has been the object of no little interest, in view of the fact that the new plant is the first of its kind to be utilized for the purpose. The company has hitherto used city gas in combination with steam heat for the purpose of toasting the wholesome "Canada Flakes" as they pass through the oven in process of manufacture. Instead of these, has now been substituted what is known as "producer gas," which is manufactured in a generator upon the premises. The initial tests of the efficiency of the new method have been in progress this week, and an Examiner representative was yesterday shown the entire system, with its interesting details. It is now in full operation and is giving more than satisfactory results.

The ordinary method of procuring power from coal is by the grate or direct firing under a boiler, thereby transferring the energy in the coal through the energy of steam generated. This method, as is well known, entails serious losses. A further loss is made in the application of the steam to the machinery, so that eventually, at the best, not more than ten per cent. of the actual power in the coal is available for use. Also, it is necessary to keep fires alight during such time as power is not required, unless a complete shut-down is contemplated, which means a loss of the cost of the coal used to do so.

With Producer Gas this is all changed—Producer Gas is made in a generator which allows no escape whatever of the products of the coal from which the gas is generated. Steam, which is made from the waste heat from the generator, is automatically injected through the heated coal, which is decomposed into the form of hydrogen gas and the smoke and gases which are lost with direct firing are combined in the Producer Gas and form a part thereof. With gas firing more complete combustion of the carbon is also secured, and a greater efficiency in the transfer of the heat. The loss of the heat through the waste products of combustion is considerably lessened. Producer Gas is the cheapest artificial fuel gas per unit of heat.

The mechanism of the generator is most interesting. Directly above the "producer," or fire box, is a hopper, into which the coal is dumped, one scuttleful being sufficient at a time. Connected with the "producer" is the "super-heater," sections of which are surrounded by an outer casing. Into one of these a stream of cold water pours continuously, while into another, beneath, is forced cold air; both, while passing through, become heated by contact with the inner pipe, and the respective products, steam and hot air, are thence forced by pipes into the generator, entering at the bottom beneath the coal. They are thus forced upwards through the fire and pass thence as gas through the main pipe to the oven. In the oven are about 100 burners, 1 1-2 inches in diameter, which give out a flame about one foot in height.

The advantages of the new system are manifold. Not only does the Producer Gas give much more heat than the city gas, but the supplementary steam is rendered unnecessary. There is no waste of heat by the process, the gas being utilized as soon as generated.

The economy of cost may best be shown by a comparison with that of city gas, of which the expense formerly was $7 to $100 per day. The generator consumption of coal does not average over 500 counds of coal per day at a cost of $5 per ton. The maximum of cost per day is therefore considerably less than $3.

It is interesting to compare the generation of energy by the Producer Plant direct from coal and that of a steam engine. The steam engine is a most extravagant affair, for out of 100 pounds of coal burned to make steam to run the engine, only from six to fifteen pounds actually produce power that can be used. Eight pounds is a good average result; the balance of the 100 pounds is a dead loss. But where does it all go?

To start with, 22 pounds go up the chimney in gas and smoke; five pounds escape in heat which the boiler throws off; one pound or more drops through the grates with the ashes; 10 pounds are used up in pumping water into the boiler; 57 pounds get away in steam after getting through the engine; and leaks from pipes and engines use up the rest.

It is somewhat startling to note that only eight pounds out of 100 pounds of coal burned to produce steam, appears in the power actually produced. A coal bill of $1,500 means that less than $150 goes to the engine, while over $1,350 is thrown away. These are facts deduced from thousands of records of the operation of the highest types of steam engines in use to-day.

Practically the only loss of heat in connection with the generator process is the very small percentage which escapes in radiation. It is claimed for the generator that over 80 per cent. of the coal value is utilized, this amount representing as much as the loss under steam generation.

The Producer Gas plants are used to a large extent in England and upon the continent. The generator of the Cereal Company was installed for the Gas Supplies and Construction Co., of Toronto, by Mr. Seymour.

The Cereal Company is now running at its full capacity. A new variety of package of "Canada Flakes" is being placed upon the market. This is known as the "Big Jumbo." It retails at twenty-five cents and contains two and a half pounds. A new system of premium-giving has also been inaugurated. Coupons are being placed in each package. A list of gifts is presented in a neat and attractive premium catalogue, the range of choice being wide and varied, and dependant, of course, upon the number of coupons presented.

The booklet, which was issued by The Examiner, is typographically neat, and is a credit to local workmanship.

Does Your FOOD Digest Well?

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or how carefully adapted to the wants of the body it may be. Thus the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, lost appetite, depression and langour. It takes no great knowledge to know when one has indigestion, some of the following symptoms generally exist, viz.: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

The great point is to cure it, to get back bounding health and vigor.

BURDOCK BLOOD BITTERS

is constantly effecting cures of dyspepsia because it acts in a natural yet effective way upon all the organs involved in the process of digestion, removing all clogging impurities and making easy the work of digestion and assimilation.

Mr. R. G. Harvey, Amelia burg, Ont., writes: "I have been troubled with dyspepsia for several years and after using three bottles of Burdock Blood Bitters I was completely cured. I cannot praise B.B.B. enough for what it has done for me. I have not had a sign of dyspepsia since."

Do not accept a substitute for B.B.B. There is nothing "just as good."

Gained 26 Pounds.

"I was much run down in health, could not sleep, was very nervous, and so weak that I could hardly get around. Some months ago I began using Dr. Chase's Nerve Food, and to-day I am pleased to say that I am completely restored to health. I have gained over twenty-five pounds in weight, sleep well and feel strong and healthy."—Miss Annie Evans, 39 Gottingen street, Halifax, N.S.

The Woodmen Install Officers

New Officers Installed Monday Night by B. Wallis.

The newly elected officers of Camp Sherwood, W. A. W. were installed on Monday night by Past Council Commander, B. Wallis. The new officers are:—

Past Council Commander. — George Dryland.

Council Commander. — Thomas Duncan.

Advisor Lieutenant. —Wm. Anderson.

Banker.—Jas. Kyle.

Clerk.—A. Haskill.

Escort.—J. Hardwick.

Watchman.—H. B. McKee.

Sentry.—Wm. Taylor.

Managers.—W. A. Head, R. Waram and Dr. McKercher.

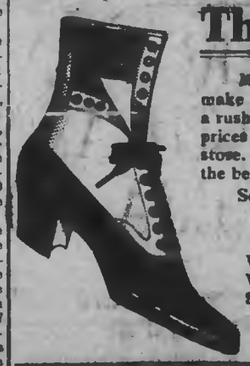
The members of the camp, after the business adjourned to McCallum's restaurant, where they enjoyed an oyster supper. A number of happy speeches were made by the new officers, and by the installing officers.

Owing to lack of space this report was crowded out of yesterday's issue.

A PERFECT FOOD.

That Scott's Emulsion should act so quickly and satisfactorily in all cases of lost flesh and continued wasting is not surprising when its food value is understood. With pure Norwegian cod liver oil, hypophosphites of lime and soda and glycerine, there is combined in Scott's Emulsion the best elements of nourishment and strength building known to medical science. Any physician will tell you this. The use of these ingredients in the proper proportions; the employment of only the purest grade of each, and to combine them perfectly is the secret of the success of Scott's Emulsion. You will not find a more certain way to stop waste, build flesh and strength and supply nourishment than through Scott's Emulsion.

SCOTT & BOWNE, Toronto, Ont.



The Sale Is On

My January Sale for the reduction of stock to make room for Spring Goods has opened up with a rush. Substantial cuts have been made in the prices of all Boots and Shoes and Rubbers in this store. Now is the time to buy. Nothing but the best makes of boots handled.

See the White Flag at 139 HUNTER STREET.

RUBBER STAMPS

We have been at it, same address, since 1867. Also Stencils, Steel Stamps, Co'pany Seals, Rubber Alphabet Sets for printing price cards, White Enamel Letters, &c. Write us, we'll do the rest. C. W. Mack, 9-11-13 King St. W., Toronto.

PERSONAL MENTION

Mr. W. S. Fraser, Bradford, is in the city to-day.

Mr. M. McComb, Havelock, is a guest at the National.

Mr. C. C. Blain, Oak River, Man., is a guest at the National.

Rev. Father Fitzpatrick, Enniskmore, is in the city to-day.

Mr. H. P. Lindsay, of Lindsay and Might's, is in Campbellford to-day.

Rev. E. A. Langfeldt returned this morning from Orillia, where he has spent the past week.

Mrs. W. A. Bell, Reid street, will not receive to-morrow nor until the 4th Thursday in January.

Mr. Paul Costello, jr., returned to-day to St. Michael's College, Toronto, to resume his studies.

Mr. Frank Day and sisters returned to-day to Detroit, after spending two days in the city.

Mr. and Mrs. Hutchison and daughter, Pearl, of Lindsay, are the guests of the Misses Hutchison, Holivar street.

Misses Ruby and Zilla, Eyres, of Cameron, are in the city, visiting Mr. and Mrs. William Henry, Charlotte street.

Mr. P. Young, jr., of Young's Point, has returned home after a few days' visit with friends in the city.

Mr. William Bunton, the genial and popular up-town ticket agent of the G.T.R., was in Hastings yesterday on business.

Mr. George P. McHugh, son of Hon. Senator McHugh, of Lindsay, was in the city yesterday, on his way to Ottawa, to resume his studies at Ottawa University.

Mr. A. B. Spellman, proprietor of the Clarendon House, Hastings, was in the city yesterday, completing arrangements for a large banquet to be held in his hotel.

Mr. P. M. Pattison, founder and grand organizer for the order of Canadian Home Circles, will meet with the local Circle in the Foresters' Hall, Thursday night, the 11th.

Miss Gilmour, daughter of Dr. Gilmour, warden of the Central Prison, returned to Toronto yesterday after a short visit with her friend, Miss Madge Davidson, Dalhousie street.

Mr. Robert Green, inspector for the Western Dairymen's Association, is in the city attending the convention which opened this morning in the opera house. While here Mr. Green is visiting his brother, Mr. G. Walter Green.

Mr. George A. Leach, of Dauphin, Man., formerly of Millbrook, was in the city yesterday renewing old acquaintances. Mr. Leach has prospered in the rising Manitoba town, where he has been a resident for the past six years.

Rev. Father Sullivan, founder of the T.A.S., was in Peterborough last evening attending the sixth anniversary of that society.....Mr. Rupert H. Bradburn, manager of the Peterborough opera house, was in town to-day.....Miss G. Davey left for Peterborough this morning to visit friends. .....Mr. Geo. Brown, of Peterborough, transacted business in town to-day. .....Mrs. R. McFadden and Miss Francis, of Trent Bridge, and Miss Estelle McFadden, of Peterborough, are visiting with Mrs. L. Archambault and Mrs. W. Deyell.—Lindsay Post.

SUBMARINE SIGNALS.

The new Atlantic steamships, Empresses of Britain and Ireland, will be fitted with the new appliances for receiving sound signals through the water. At certain important points in the St. Lawrence River, submarine bells have been placed, which in thick and foggy weather are sounded automatically by pneumatic pressure. In the bow of the new Empresses, and on the port and starboard sides, transmitters will be fitted and connected by wires with a telephone box in the chart room; thus the officer in charge of the ship will hear the warning bells when they are still miles away, and be able to fix the position of his ship whatever the state of the weather. Inasmuch as the submarine signals travel through the water without interference, are not subject to wind and waves, and give an exact location of the source of danger, it is apparent that they become an important factor of safety. The steamer James S. Whitney of Boston, when running at full speed, picked up these signals at eight miles distance, and the officer in charge said the bell sounded distinctly. Another captain reported that he heard these signals clearly in a gale, when all other signals failed. The question of expense has never been considered by the Canadian Pacific Railway when appliances can be introduced which will add to their passengers' safety. 4d7

A Deficit Of $35,000 In The Power Company

Southern Light and Power Co. to Be Wound Up.

REMAND FOR MR. PHILLIPS

President of the York Loan Co. Did Not Elect or Plead in the Toronto Police Court—What His Counsel Says—Mr. Curry After the Alleged Usurers Now—The Tack Combine—The Plumbers.

Yesterday at Osgoode Hall, Judge Mabee in chambers granted a winding-up order in connection with the Southern Light & Power Co., a subsidiary company to the York Loan, with John Mackay as interim liquidator, and Neil McLean as official referee. Petition was made on behalf of the Portland Cement Co. and Edward Gegg. C. D. Scott was present for the National Trust, liquidators of the York Loan, who were interested to the extent of $212,000. W. H Blake, K. C., acted for the Portland Cement Co., who have judgment for $.700 against the company.

The assets of the company are placed at or about $200,000. Liabilities are $232,000, leaving a deficit of $35,000.

Remand for Mr. Phillips.

Toronto, Jan 10.—Joseph Phillips, manager of the York County Loan Co., who was placed under arrest Monday night on a charge of fraud and conspiracy, appeared before Magistrate Denison yesterday morning, but did not elect or plead, and was remanded for a week.

"I would like an adjournment for that time," said Mr. B. H. Ardagh, who represented the defendant.

"That is satisfactory to me," answered Crown Attorney Curry, who intimated, however, that he was ready to proceed with the preliminary investigation.

Mr. W. H. Hunter, bondsman for Mr. Phillips, who was released from custody on $5,000, was also in court, and the bail was renewed.

Two Technical Points.

Mr. Ardagh said nothing could be disclosed to show wrongdoing on the part of Mr. Phillips. "The case," he said, "hinges on two technical points, first, as to the portion of the transfer of property to the Toronto Realty Co., with regard to the returns made to the Government; second, as to the meaning of the loan companies' act with regard to the application of loan funds to terminating shares. Mr. Ardagh stated that they wanted to show they had better security in hand than the land so transferred the Toronto Realty Co., accepting the mortgages on it, and these mortgages figured in the returns to the Government.

TACKLES "GET-RICH-QUICKS."

Toronto Police Raid Money Lenders Offices and Seize Books.

Toronto, Jan. 10.—Crown Attorney Curry is after another bunch of the "get rich quick" fellows. This time it is the alleged usurers, he is paying his attention to.

Armed with search warrants Detectives Kennedy and Anderson visited the offices of D. R. McNaught & Co., 6 King street west, and Detectives Tiplin and Guthrie did the same to S. A. Anderson & Co. in the Confederation Life Building. The officers seized the books and papers in both offices and carted them to police headquarters, where they were turned over to Mr. Curry.

Summonses have been served on Herman C. Klehr, manager of the McNaught Co., and Robert McHarrie, manager of the Anderson Co. They will be asked in the Police Court to plead to the same charges as Phillips of the York Loan Company, "that they did conspire, by deceit, fraud and other means to defraud the public contrary to section 394 of the criminal code."

A number of those who have been victims, or customers of these firms will be asked to give evidence.

True Bills Against Supply Men.

On the charges of conspiracy to limit the facilities for supplying and dealing in plumbers' supplies and by deceit and other fraudulent means to defraud Warwick Bros. & Rutter out of $1,200, true bills have been brought in by the grand jury against George F.

USED UP AND TIRED OUT

MEN AT THE OFFICE
WOMEN IN THE HOME
CHILDREN AT SCHOOL

Every day in the week and every week in the year men, women and children feel all used up and tired out.

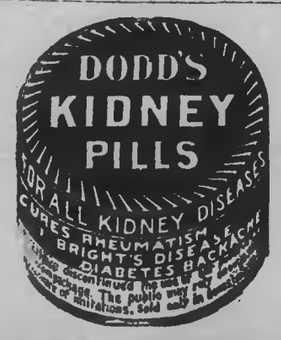
The strain of business, the cares of home and social life and the task of study cause terrible suffering from heart and nerve troubles. The efforts put forth to keep up to the modern "high pressure" mode of life in this age soon wears out the strongest system, shatters the nerves and weakens the heart.

Thousands find life a burden and others an early grave. The strain on the system causes nervousness, palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells, skip beats, weak and irregular pulse, smothering and sinking spells, etc. The blood becomes weak and watery and eventually causes decline.

Milburn's Heart and Nerve Pills

are indicated for all diseases arising from a weak and debilitated condition of the heart or of the nerve centres. Mrs. Thos. Hall, Keldon, Ont., writes: "For the past two or three years I have been troubled with nervousness and heart failure, and the doctors failed to give me any relief. I decided at last to give Milburn's Heart and Nerve Pills a trial, and I would not now be without them if they cost twice as much. I have recommended them to my neighbors and friends.

Milburn's Heart and Nerve Pills 50 cts. per box or 3 for $1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.



McGuire, W. J. McGuire, Alexander Purdy, J. B. Fitzsimmons, K. J. Allison, W. Mashinter, H. B. Hogarth, Charles Robertson, F. R. Maxwell, H. Johnson George Wallis, James Fiddes, George Clapperton and Joseph Wright.

On the charge of conspiracy and defrauding the Toronto Bedding Co. of $400, true bills were also returned against W. J. McGuire, George F. McGuire, George Clapperton, Joseph Wright, Henry Hogarth, Alex. Purdy, W. Mashinter, and David Menzies.

It is expected the trials will commence to-day.

Account Lennox Didn't Pay.

A decided conflict of testimony developed at the civic investigation yesterday morning. Mr. W. B. Rogers testified that not only was it at Mr. Lennox's solicitation he paid Dr. Lynd $100, but that Mr. Lennox approached him twice upon the subject at some six months' interval. Mr. Rogers' books also disclosed that in 1901 the firm had written off as a bad debt an account of $547.70 against Mr. E. J. Lennox for goods supplied to his residence in 1899. Mr. Rogers said the entry was misleading, as the account was written off because Mr. Lennox claimed that the goods had been destroyed, also his house on the Island as a result of defective work, for which the firm was responsible in connecting the mantle grate in one of the rooms. Mr. Rogers admitted that his enquiries had not convinced him that the contention was correct, but partly for that reason and partly because of old friendship and the amount of work Mr. Lennox had thrown his way, he wiped out the account.

TICK-TACK, TICK-TACK.

Some Light Thrown Upon Association's Methods in Various Ways.

Toronto, Jan. 10.—The reading of the minutes of the Tack Manufacturers' Association has occupied practically the whole of the time in connection with the tack combine investigation at the Police Court. Yesterday morning Crown Attorney Curry completed this task, and at once produced the association letter-book and commenced the reading of letters bearing on the case. This is a task which bids fair to occupy a great deal of time.

Mr. S. Frame, clerk in the employ of Jenkins & Hardy, was in the witness-box to verify the signatures, etc.

An attempt was being made in 1894 to induce W. T. Woodall, a tack manufacturer of Montreal, to join the combine. Woodall desired to know the nature of the combine into which he was asked to enter.

R. and T. Jenkins, in reply, sketched an outline, and embodied it in a letter dated July 9, 1894. It began: "As promised by the writer, we herewith give you shortly the rules of this association," which were along the lines employed in the other "combine" agreements, and concluded: "We think the above is (shortly) all the information it is necessary for you to have in connection with the above association."

Woodall refused to join the association.

One letter read by Mr. Curry referred to a cancellation of a quotation given by Peck and Benning after it was found out that the prices were ruled by the combine. The prices quoted were 30 per cent. reduction.

"It proves that goods could be sold for less when they were not covered by the association," remarked Mr. Curry.

The case will be continued to-day.

LELAND W. PRIOR SUICIDES.

Head of the Cleveland Stock Exchange Takes His Life.

Cleveland, O., Jan. 10.—Leland W. Prior, a well-known coal financier and junior member of the stock brokerage firm of Denison, Prior & Co., shot and killed himself at the Hollenden Hotel yesterday.

A letter to his son E. C. Prior was found in his pocket. Prior was about 45 years, married and had two children.

Prior was president of the Cleveland Stock Exchange. He was also a member of the New York Stock Exchange, the Chicago Stock Exchange and the Chicago Board of Trade.

In a statement given out last night Chas. E. Denison, jr., senior member of the firm to which Prior belonged, said: "I have ordered the business closed and requested a committee to assist me in making a thorough and complete investigation of the affairs of the firm. I believe that it will be found that large stock transactions were the cause of Mr. Prior's act."

It is said that the firm is involved in the stock market to the extent of at least half a million dollars.

LONDON, ONT., PRINTERS STRIKE.

Three Firms Affected by the 8-Hour Day Demand.

London Jan. 10.—The printers' battle in behalf of an 8-hour day, which is in progress all over the United States, affected London yesterday. The management of The Advertiser job printing office announced that they could not accept the demands of the union. All other job printing establishments where union men are employed gave a similar answer. Accordingly, the men walked out.

The strike involves in all some twenty-five men: eight are out of The Advertiser office and a similar number did not return to work this morning at Lawson & Jones'. A. Talbot & Co. are also affected.

An endeavor was made to reach a settlement by means of an advance in wages, amounting to 90 cents per week, but the men could not accept it, being bound by the order of the international body.

The printers in The Advertiser news room may also walk out.

MISS GUROFSKY AN ALIEN.

Courts of Pennsylvania Say No Damages Are Due.

Buffalo, N.Y., Jan. 10.—Justice White, supreme court, yesterday granted a non-suit in the case of David M. Gurofsky against the Lehigh Valley Railroad Co. for $20,000. In granting the motion the justice said: "The Pennsylvania statutes creating a cause of action in favor of the family of one killed by negligence have been construed by the courts of that state as not conferring such a cause of action on anyone to recover damages for the death of a non-resident alien."

Special Course in Judging.

Guelph, Jan. 10.—The short course in grain and live stock judging opened at the college yesterday. Upwards of 200 farmers and stockmen have registered. All available pedigreed stock within reach of the college will be brought in to illustrate the various points in connection with the lectures.

Glory For Them.

Quebec, Jan. 10.—Major George W. Stephens, M. P. P., has been asked to second the motion to adopt the reply to the speech from the throne in the Legislature on the 18th inst. Dr. Cote, M. P. P., for St. Sauveur will move the address.

Big Strike Ordered.

New York, Jan. 10.—A national strike against employers in the allied building trades will be ordered Thursday. It will affect 10,000 structural iron workers and indirectly throw more than 200,000 workers out of employment.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

May Be Saved From Gallows.

Ottawa, Jan. 10.—At a meeting of the Cabinet yesterday the case of Hjalmar Lahtinen, a Finlander under sentence of death at St. Johns, Quebec, was considered. It is said that the Governor-General will be recommended to commute the sentence to life imprisonment, as there is some doubt as to the reliability of some of the evidence. He is alleged to have murdered a fellow countryman while in bathing on Aug. 5 last.

Preparing For Funeral.

Halifax, Jan. 10.—The battleship Dominion, due Jan. 22, with the body of the late Hon. R. Prefontaine, is commanded by Hon. S. H. Boyle. Her captain is John L. Marx. Dining, sleeping and Pullman cars, with a mortuary car, that will convey the body, relatives and friends to Montreal, are being prepared at Richmond.

Wounds Supposed Burglar.

Belleville, Jan. 10.—Rev. Dr. Gardiner, 89 years old, drove a supposed burglar away from his house at 2 o'clock yesterday morning with a pitchfork, but it developed that the intruder was an intoxicated neighbor named John Pepper, who thought he was entering his own house. Pepper was wounded in the arms with the pitchfork.

State of Ohio, City of Toledo, } ss.
Lucas County. }

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D., 1886.

(Seal) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

Edna Wallace Hopper Loses.

Victoria, B. C., Jan. 10.—The full court of British Columbia yesterday afternoon handed down a unanimous decision sustaining the judgment of Hon. Justice Drake in the Hopper-Dunsmuir will case, and dismissing with costs the appeal therefrom of the original plaintiff, Edna Wallace Hopper, and the intervener, Mrs. Joan Dunsmuir, mother of the defendant.

A Stiff Fine.

Brampton, Jan. 10.—P. Farrell, hotelkeeper at Streetsville Junction, who was recently deprived of his license, was fined $50 and costs, for selling liquor last week.

IMPROVIDENCE!

One reason why so many people fail to save is that no definite plan of economy is adopted.

The improvidence of a large number is not due so much to a desire to spend every cent. they earn, as to their failure to understand the value of small economies.

CLOTHIERS AND FURNISHERS TO MEN WHO KNOW,

411 George St. Peterborough.

Brought Silver Tip Bear Skin

Mr. Jas. Spiers and daughter, Miss Irene, of Kaslo, Kootenay District, B.C., are visiting in the city.

Mr. Spiers has brought with him a silver-tip bear skin, a very uncommon article in this district, which was trapped in the Rockies. The bear when caught weighed about 600 pounds and the pelt measures six feet across at the fore-paws. The skin is on exhibition at the Munro House and not a few are being interested in their observations of it.

Mr. Spiers is an old resident of this city, being born here, and intends extending his visit for a couple of months.

SPLIT, BRITTLE DULL HAIR

All Come From Dandruff, Which is Caused by a Germ.

Split hair, hard hair, lustreless hair, brittle hair, falling hair, all owe their origin to dandruff, which is caused by a measly little microbe that burrows into the scalp, throwing up the cuticle into dandruff scales and sapping the vitality of the hair at the root, causing the several diseased conditions of the hair till it finally falls out. Modern science has discovered a remedy to destroy the dandruff microbe, which is combined in Newbro's Herpicide, the delightful hair dressing. Allays itching instantly and makes hair soft as silk. Take no substitute; nothing "just as good." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Auction Sale of Piano Furniture etc.

Mr. Fred H. Dixon has instructed me to offer for sale at his residence, 535 Downie street, the whole of his household furniture, piano, etc. The furniture consists of contents of parlour, dining room, hall, bedrooms and kitchen, is almost new, and up-to-date, and must be sold as Mr. Dickson is leaving town. Sale on Thursday, January 11th, at one o'clock, and without reserve. Terms cash.

JOHN HAGGART,
Auctioneer.

Pastors and Deacons Hold A Conference

An Interesting and Helpful Series of Meetings in the Park Street Baptist Church—Two Meetings Were Held Yesterday—Spiritual Significance of the Gathering—A Number of Addresses Delivered Yesterday—Religious Topics Discussed.

LARGE GATHERING OF BAPTIST MINISTERS

The Pastors' and Deacons' Conference of the Peterborough Association opened yesterday afternoon at 3 p.m., in the Park street Baptist church.

The president, Rev. L. McKinnon, began by outlining a hymn, after which several led in prayer.

The pastor of the church, Rev. A. H. Brace, was then called upon and read from Hosea, chapter 6, and and dwelt upon the 6th verse, making the application from verse 3 of the same chapter — the knowledge of God being the subject.

He said that people are destroyed through lack of knowing God. There is no fruitfulness in the lives of pastors and deacons, because of this lack. We live so far away from God we cannot know Him. We ought to live nearer — on His bosom. God's desire is that all might know Him. It is their privilege to know His power and to use every faculty of mind and heart. God desires to have mercy upon you.

To know God, means power, means fruit bearing. Here reference was made to Paul's personal experience in Phil. iii, 7th, etc. When God is honoured He comes into and permeates our life and actions. Reference was also made to Dan, xi, 32, last clause.

Ministers and deacons may go in and preach — as many do — and the Devil does not care, but when a man preaches in the power of the fact that he knows God then the Devil will storm, and try in every way to harrass and upset that man.

David knew his God. Not those who merely come to church once on a Sunday, not the minister who goes through a routine of worship, know God, but those who are in conscious, vital union, and who, like John, lean upon His breast.

Elijah knew God, and the result was that "the fire fell," and the people fell upon their faces crying out "The Lord He is God."

Martin Luther knew God, and accomplished the great Reformation in Germany, and was ready to go to Worms, even if there were as many demons as there were tiles on the houses."

"Then shall ye know," verse 3 — know His love, salvation, heights, depths, lengths and breadths, and revel in it; shall know His saving power, cleansing and keeping power every moment.

At the close of this address there was a deeply spiritual discussion on the subject. Rev. Mr. Bosworth, of the Grande Ligne Mission, P.Q., said "There is a great difference between knowing about God and knowing Him.

We may know Him. We may know about conversion, and blessing, and cleansing, and power, but to know Him means all this experienced. God reveals his purposes to those who know Him. Example, Abraham. "Shall I hide from Abraham?" Close, intimate communion is shown in this statement.

One reason of failure is that we do not know God intimately enough. Holiness is surrender to Him.

Rev. Mr. McKinnon reminded us that it was said to Abraham Lincoln once, "If we can only get God on our side we will win," and the reply was, "God is all right if we get on His side."

A very sweet solo, "I must have my Saviour with me," was then sung by Miss Hill. The meeting was then thrown open, and a number took part in prayer, sacred song and testimony.

The evening service opened under the leadership of Rev. L. S. Steadman, of Warsaw, at 7.30, who conducted a song, prayer service and Scripture reading. After hymn 140 the president took the chair and read Romans 10; 1-13, after which prayer was offered by Rev. F. J. Scott, of Murray street. The choir followed, and sang the "Glory Song."

Rev. Mr. Quarrington, of Lakefield, was then introduced, and filled the vacancy caused by the enforced absence of Rev. C. H. Emerson, of Bellevile. He gave a very interesting and helpful address, basing his remarks on the "Healing of Naaman," II. Kings, 5. The speaker made a strong appeal to those who were unsaved to yield themselves to God.

A duet was then sung by Mrs. Rome and Miss Pilling in a very effective way. Rev. Jas. Deason, of Norwood, gave an address based upon the healing of the withered hand, Mark 3; 5. Sin is the paralysis of the soul. Destroys all the moral and spiritual faculties, leaving the sinner helpless and hopeless apart from Christ the Saviour.

If the sinner would be saved he must be willing to be saved in God's way. Willing to be saved; to renounce sin; to accept Christ.

The stretching forth of the withered hand under the circumstances meant decision, faith, obedience. All these points were amplified by the speaker. Miss Hill sang a solo, accompanying herself on an autoharp, after which the pastor of the church made an appeal to the unsaved, when some rose upon their feet, thus signifying their intenion to receive Jesus Christ as their saviour.

The meetings will be continued tonight, when the programme will be as follows:

7 p.m.—Prayer Service, Rev. F. J. Scott, B.A., B.Th.

7.30 p.m.—Evangelistic—Two twenty-minute addresses, Rev. J. S. Leckie, Rev. L. S. Steadman, Warsaw.

Fred A. Clarke

Dr. Geo. Fisher Was Guest Of Local Y.M.C.A.

The Annual Mid-Winter Social of Gym. Members of the Association Held Last Night—A Distinguished Visitor Speaks on Work of the Association—Interesting Programme Was Presented—Benefits of Physical Culture Referred To.

AN INSTRUCTIVE ADDRESS GIVEN

There was a fair representation of gymnasium men and members of the Y.M.C.A. at the mid-winter social reunion, held in the Y.M.C.A. parlours last evening.

The interest kindled by the social should tend to largely increase the senior gymnasium class, which reopens on Friday evening, January 12, after the holiday season.

The guest of the evening was Dr. Geo. Fisher, of New York City, who has charge of the physical department of the International Committee of the Y.M.C.A. Those who attended the gathering were introduced to Dr. Fisher by Col. E. D. Edwards, president of the Association.

A bright fire blazed in the grate in the reception room, and the same added much to the cosy surroundings.

Col. Edwards, in opening the programme, spoke of the value of the physical department and its contribution to the general work. He welcomed Dr. Fisher in the name of the Association.

Dr. Fisher then gave a short address on physical culture, which was a masterful presentation of the subject. The Dr. told many bright anecdotes in illustrating the subject, and proved himself to be an entertainer as well as an educator.

He pointed out the changed conditions of life during the past hundred years in the physical part of man—our bodies were formed for the forest and field, not for the city. Forty-four per cent. of the population lived in the cities. He then traced the source of physical deterioration.

Physical training was not simply the making of large muscles. He had no use for a body such as Sandow's. Men do not live in their biceps, but in the truth of the body. Y.M.C.A. training develops the vital organs.

The gymnasium developed the mind and gave the men the power of control. It was a character-making institution.

It made men stand erect and took the world in the face.

Athletic competition awakened ambition in men.

Athletics was not an end in itself, but a means to an end. The Y.M.C.A. aimed to cleanse sports. Keep them clean.

England's great men, it was said, had been made on the cricket field.

It was the struggle that made men; the conflict that made the victors.

It was the men with flabby muscles that went to the bad.

The Y.M.C.A. aimed to save the whole man.

The men who led in sport lost nothing by being identified with the lowly Nazarene.

In closing Dr. Fisher said: "I see a mighty army in the future years; it is an army of young men who have been trained in the physical department of the Y.M.C.A. May their influence be felt in the life of the world.

A live discussion took place at the close of the address. Dr. Fisher also answered many questions.

Before the gathering dispersed refreshments were served and a pleasant half hour spent in social converse.

CITY NEWS OF TO-DAY

Debating Club.

—The Y.M.C.A. Debating Club will meet to-night at 8 o'clock.

J. SUTCLIFFE & SONS

Wm. Thompson Passed Away This Morning

District Superintendent of Agencies for the Sun Life Assurance Company, Died From Appendicitis—Was Ill Only a Few Days—Deceased Was One of the Most Highly Respected of Peterborough's Citizens—Lived Here 30 Years

A CHURCH WORKER AND FRATERNALIST

This morning the news of the death of Mr. William R. Thompson, district superintendent of agencies for the Sun Life Assurance Company, was received with profound regret by the friends of the deceased gentleman, who was one of the best known and most highly respected of Peterborough's citizens. The suddenness with which he was called away, too, added to the distressing features.

As was stated in The Examiner yesterday, Mr. Thompson was taken to the Nicholls Hospital, where he underwent an operation for appendicitis, from which he had been suffering for a few days, but it was only very recently that his condition was thought to be at all serious. The operation, which was a most difficult one by reason of the seriousness of the attack, was performed yesterday afternoon by Dr. Holliday, Dr. Carmichael and Dr. Bradd, and in spite of the most careful and skilful attention, Mr. Thompson gradually sank until the end, which came this morning about 4.20. The staff of the hospital was most attentive, three nurses being detailed to his case, and everything within human possibility was done for him, but without avail.

The deceased was born 63 years ago in Broughshane, County Antrim, Ireland, and 35 years ago came to Canada, and shortly afterwards came to Peterborough, where he had lived ever since, and became one of the city's most highly respected residents. On Sept. 6, 1881 he was married in Peterborough to Miss Mary Ellen Sherlock, daughter of the late Lucius Sherlock, who, with a family of two daughters and one son, survives him. The daughters are Miss Nellie and Miss Marieanna, and the son, Sherlock, all living at home.

The deceased had been for 18 years a member of the staff of the Sun Life Assurance Co. here, and for years was district superintendent of agencies, under Mr. W. H. Hill district manager, and was a most capable official, especially successful in settling amicably difficult problems arising in the course of business. He was a member of the Masonic Order, in which he had reached the past grand honours. He was also a member of the A.O.U.W.

In St. Andrew's church, of which he was a consistent member, he occupied a number of important positions. He was a member of the Board of Managers, and was also chairman of the Property and Pew Committees at different times, and was most highly respected in church circles, where his services were highly appreciated, as well as in social relations, where his geniality and genuineness of character won him a large circle of friends. The funeral, which will be under Masonic auspices, will take place from the family residence, 378 Stewart street, on Saturday, at 2.30 o'clock, preceded by a house service at 2 o'clock.

The Pastors And Deacons Conference

Continuation of Meetings at Park Street Baptist Conference—Many Helpful Addresses Delivered by Visiting Pastors Interesting Reminiscences of the Great Baptist World Conference by Deacon Mann—Musical Portion Appreciated.

REV. J. S. LECKIE THE NEXT SPEAKER

The Pastors' and Deacons' conference was continued yesterday at the Park street Baptist church.

The morning session opened with a consecration service by Rev. A. H. Brace, the subject being the "Divine Promises."

This was followed by a very helpful papers on "Problems of Home Evangelization," by the Rev. J. E. Trotter, of Port Hope. The reverend gentleman dealt with the following:

1. Attendance at church.
2. The influence of friendly societies on home and church life.
3. The increased facilities of travel on Sundays, a detriment to the church.
4. If the people do not go to the church, the church should come to the people.
5. The church exists for the salvation of men—the rank and file of membership should be on the warpath.
6. The church, he said, should be a "Hive of Bees" gathering fruit from from every direction.
6. Preaching should be adapted to the masses. He quoted from a quaint writer who said, "A preacher need not be dull with such a subject and with such an object unless he was lazy." May the Lord, he said deliver us from the careless and non-spiritual.
7. The pastor should be relieved and assisted by the membership. He said that visiting committees should be formed and that cottage prayer-meetings should be instituted which would be of great assistance to the church.
8. Lay preaching should be encouraged.

Leaving the local church he passed on to the larger work in the Dominion. In that extensive territory two things were greatly needed for aggressive work, namely, men and money.

The afternoon session was opened at 2.30 by Deacon Graham, of Gilmour Memorial, after which the "Old Coronation" was heartily sung.

Deacon Mann then followed with "Reminiscences of the Great Baptist World Congress," held at London, Eng. He gave a very interesting account of his trip dealing with his life aboard ship, the splendid service of the C.P.R. at table, the Sunday services in Saloon, intermediate and steerage. Among the most interesting scenes at the Congress were the representations from every nation on earth who in their own languages, through interpreters, addressed the meeting. After each concluded the representatives of that country arose. When the Canadian delegation rose they sang "The Maple Leaf Forever," which moved the Congress visibly.

The evening service was opened with Fellowship meeting at 7.30, by the Rev. Jas. Dosson, of Norwood. The Rev. F. J. Scott read the Scripture, and prayer was offered by Rev. A. H. Brace; after which a solo was rendered by Mrs. G. Goheen, "Saved by Grace."

The Rev. L. G. Steedman preached a convincing and moving sermon from John 3; 16, emphasizing that "Love must find expression. The quartette were in good voice and their number was much appreciated.

Rev. J. S. Leckie, LL.B., who will preach every night for the next two weeks, also spoke a few words and at the conclusion of a very interesting after meeting, the president, Rev. L. McKinnon, pronounced the benediction.—Com.

No Licenses For Creameries This Session

Matter May be Introduced, However, and Discussed.

Hon. Mr. Monteith, the Minister of Agriculture, who was here yesterday attending the Eastern Dairymen's Association, stated that a Government measure for the licensing of cheese factories and creameries would not be introduced at the coming session of the Legislature. There is a growing feeling in favour of such legislation, and if this is strongly manifested at the Western and Eastern Dairymen's Conventions a Government bill to that end would eventually be introduced. Mr. Monteith, who has given the question a good deal of consideration of late, thinks that a private bill may be introduced next session, which while not being pressed, will give an opening for a full and free discussion of the question in the House, and throughout the Province.

CANADONIANS "AS WE SEE 'EM."

CHARLES C. JAMES,
Deputy Minister of Agriculture.
Mr. James is One of the Speakers at the Dairymen's Convention Now Meeting in Peterborough.

By the Canada Newspaper Cartoonists' Association.

The Engineer's Report Has Been Presented

Mr. Holgate Has Reported to Minister of Railways and Canals in Reference to Investigation on Conditions of Construction of Peterborough Lift Lock.

A despatch from Ottawa to the Examiner states that the report of Engineer Holgate, the expert who was appointed by the Government to make an investigation into the conditions in connection with the construction of the Peterborough Lift Lock, has been presented to the Minister of Railways and Canals, but the contents of the report will not be given out for publication until the Minister has had an opportunity of perusing it. It will be ready for publication in the course of a few days.

The Non-Coms. Annual At-Home Enjoyable Event

A Delightful Evening Was Spent Under Their Auspices.

Among the most successful and most delightful social events of the season must be classed the annual "At Home" of the Non-Coms., of the 57th Regiment, which was held last evening, in the Foresters' Hall, Simcoe street. About two hundred people were present and the evening was one of unmitigated pleasure. Every arrangement had been made for the convenience and comfort of the guests and the result was that the affair was an unqualified success. The floor was in excellent condition, and the music provided by the Misses Hurley was given in their usual excellent manner, and left nothing to be desired. The hall was suitably and appropriately adorned with ensigns and bunting, and the scene presented was a brilliant one, the scarlet tunics of the military men with the handsome dresses of the ladies adding an additional touch of colour. The light fantastic was tripped until 11.30 o'clock, when delightful refreshments were served after which dancing was continued until one a.m.

The affair was one of the most successful of its kind held this season, and the Non-Coms. are to be congratulated upon the outcome of their efforts. Many were the expressions of pleasure and satisfaction heard among the guests and if a similar 'At Home' is given next year it will be even more largely attended than was the event of last evening.

The energetic committee who have had charge of the arrangements for the affair, and to whom much of the credit for its success is due, was composed of Col. Sergt. Sturgeon, No. 5, chairman; Col. Sergt. W. H. Moore, No. 1; Sergt. Jewett, No. 2; Col. Sergt. W. Roberts, No. 3; Col. Sergt. Waterman, No. 4; Col. Sergt. Kingscote, No. 6; Col. Sergt. V. LeBar, No. 7; Col. Sergt. W. H. Cavanah, No. 8.

A reception committee composed of Sergt.-Major Brittain, Quarter-Master Sergt. Edwards and Col. Sergt. Sturgeon succeeded admirably in making the guests feel truly "At Home." Col. Sergt. Waterman ably acted as director of ceremonies.

Extended a Hearty Welcome

Messrs. J. J. Turner & Sons, yesterday hung a streamer across the street at their warehouse with the words, "Welcome to Peterborough" in honour of the visit of the Dairymen to the city. They also extended an invitation to the Association to visit their factory.

Explosion Of Kerosene Lamp Proved Fatal

Mrs. Uriah Sills Fatally Burned Last Night.

Special to The Examiner.

Napanee, Ont., Jan. 11.—Mrs. Uriah Sills, who lived about three miles from this town, was fatally burned by an exploding lamp last night. While she was trimming a lamp over the stove some oil which spilled from it caught fire and then the flames spread to the lamp, causing the explosion. The woman was horribly burned, the flesh just hanging to her face and hands. Her suffering was ended by death early this morning.

Rev. Fr. McGuire Was The Guest At a Banquet

Tendered Him Last Night by Catholic Foresters.

Special to The Examiner.

Hastings, Jan. 11.—A delightful function took place last night at the Spellman House here, when the members of St. Mary's Court, C.O.F., tendered a complimentary banquet to Rev. Father McGuire, Deputy High Chief Ranger, of Downeyville, formerly of this town.

About 80 gentlemen were present among them being Rev. Father Fitzpatrick, Enniskmore; Rev. Father John O'Brien, and Rev. Father Brotherton, Hastings. Mr. Thos. Howard, Past Deputy High Chief Ranger, occupied the chair, and proposed the toasts.

The banquet was prepared and served in the excellent manner for which this house has become famous by its performance along this line in the past. Ample justice was done to the good things provided, and at the conclusion the programme of toasts was given, many bright speeches being heard.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

THE AUBURN DAM PURCHASE

The question of the purchase by the city of the Auburn dam, as brought before the council, is an important one, and the considerations involved point to the advisability of hastening gently. No matter how desirable the possession of the property would be to the city, business prudence suggests the necessity of careful investigation as to the cost of purchase, the cost of construction, capacity of power development and other features naturally presenting themselves to the business mind. If as is known Mr. Kendry is desirous of disposing of the property, the ratepayers are not asking too much in requiring that he furnish some details as to the cost and the quality of power, present and potential, now existent or available. While the possession of power by the city for disposal to manufacturing concerns is admittedly an excellent thing in theory, that does not remove the necessity of using every reasonable business precaution in negotiations having in view the obtaining of such power.

THE OTHER SIDE OF THE HOG QUESTION.

(Hamilton Herald.)

The interview with F. Chester Fearman, of the F. W. Fearman Company, which appeared in the Herald yesterday, contains evidence that the farmers' side of the hog importation question has been unduly exalted, and that the packers' side has been, to some extent, misrepresented. Hamilton people need not be told that any statement which Mr. Fearman makes for publication is worthy of confidence. And what is the information which he gives in the course of this interview? Why, that no combine exists among the Ontario packers for keeping down the price of hogs, so far as he is aware; that not even any working "understanding" among them exists; that the demand for hogs by the Ontario packers is far greater than the Ontario supply; that the packing companies have sometimes been compelled to carry on business at a loss because of the high prices which they are obliged to pay for hogs; and that the importation of animals from the States is necessary if the packing factories are to be kept going continuously.

It seems to the Herald that this problem is one that should be easy of solution. The Minister of Agriculture has given two reasons for cancelling the order permitting the importation, by packers, of hogs in bond. These two reasons are: 1, The danger of spreading disease among Canadian hogs; 2, the bad effect on the reputation of Canadian bacon in the British market of having American hogs used by Canadian packers in the manufacture of pork products.

Any remedies which would remove these dangers should be applied. To remove the danger of possible infection, there should be a regulation making it compulsory for all imported hogs to be slaughtered immediately after delivery. To remove the danger of damage to the reputation of Canadian bacon, there should be a regulation making it compulsory for all bacon made in Canada for export from imported hogs to be stamped as "American."

If these regulations were enforced, the importation of hogs might safely be permitted until such time as the Canadian farmer has so far learned his own interests as to raise enough swine to supply the packers' demand.

LARGE REVENUE.

In an article yesterday, the Examiner, taking the estimates as a guide, spoke of the probable receipts from Succession Duties as $500,000. This was erring on the safe side. Provincial Treasurer Matheson now reports that the total receipts from Succession Duties will total for the year 1905, $700,000, $200,000 more than was estimated from this source. If Hon. Mr. Matheson, who now boasts of this big item of receipts, had had his way, if his motion, made in the House, to cut the rate of duty in half, had carried, the province would have lost exactly $350,000 last year. It is, moreover, probable that the receipts will still be larger, as there are several estates from which considerable amounts are due, and will be paid, this year. Succession Duties, which only affect the estates of the very rich, and are not levied on sums bequeathed to direct heirs, promise to become one of our most fruitful sources of revenue. They will increase with the increase of wealth in the province, and will before very long, be sufficient to maintain our public institutions, to which purpose the revenue is devoted, that is assuming that the expense will not greatly increase beyond the round million which these institutions now cost to maintain.

THE BACON HOG.

We all recognize the importance of the dairy industry, and as the bacon hog is taken under the wing of the Dairymen's Association, that industry assumes a like importance. One of the speakers stated yesterday, employing a rather mixed metaphor, that the dairy cow and the bacon hog went "hand in hand." This being the case, if the Eastern Dairymen's Association will do as much for the bacon hog, as it has done for the dairy cow, the present state of friction between the producer of the latter, and the purchaser, may be removed, and the interests of the industry sensibly promoted. It is evident that the producer and the buyer must be brought into relations of harmony, if both are to realize the profit that exists for both under proper conditions, which should not be difficult to bring about. It is proposed to procure a conference of those representing the producer, and buyer, of the bacon hog. If the two can be brought together in a spirit of conciliation, much might be done to remedy existing unsatisfactory conditions. It is certainly to the advantage of the farmers to find sale for their hogs at fair prices, and it is of similar advantage to the manufacturer of bacon to procure his raw material at fair prices. It may be that there will need to be a little yielding on both sides. Meantime, it is palpably undesirable that two interests, which should work harmoniously, should be arrayed in something like hostile camps. One would think that it might not be amiss to have a little of the time—if the regular programme is not too inflexible—of the Dairymen's Convention, given to the bacon question, to have the matter brought up, and made the subject of a brief discussion during the course of the convention. This would present an admirable opportunity to secure the views of representative men, who would naturally be in a position to speak with considerable authority. A short time devoted to the discussion of the subject in, say, one minute speeches, would elicit crisp, concise opinion, which might be of value to the provincial authorities, which are said to be considering the adoption of measures to bring the producers of the bacon hog and the manufacturers, into more harmonious relations.

EDITORIAL NOTES.

The report of Mr. Holgate, of Montreal who conducted the investigation into the causes of the leakages in the Kirkfield and Peterborough hydraulic lift locks has been made, but it will not be available for publication till it has been submitted to the Minister of Railways and Canals.

Chancellor Boyd has decided that married women cannot be imprisoned for debt. To be logical his Lordship should decide that a married woman cannot incur debt. If his decision should not form a thoroughfare for a coach and four, it will all jesting apart, lead to a great deal of injustice and hardship. A married man who wishes to possess things without paying for them, and who considers ordinary stealing too risky, has only to take shelter behind his wife's petticoats, who can easily plunge into debt for the benefit of her husband—in her own name but practically in her husband's or their joint interest, without fear of the "extreme penalty" of the law. But why not include the husband in the exemption from imprisonment for debt—which seems a survival of a semi barbarous custom.

Faith

You cannot be expected to have faith in Shiloh's Consumption Cure, the Lung Tonic, as a cure for Colds, Coughs and all diseases of the air passages, if you have not tried it. We have faith in it, and we guarantee it. If it doesn't cure you it costs you nothing. If it does it costs you 25c. That's fair. Try it to-day.

Shiloh has cured many thousands of the most obstinate cases, and we do not hesitate to say that it will cure any Cold, Cough, Throat or Lung trouble. If we did not believe this we would not guarantee it. Shiloh has had an unbroken record of success for thirty years. It has stood every possible test without failure. Further

Proof

is found in the many testimonials of those who have tried Shiloh and been cured. Mrs. Archie Taylor, Asaph, Pa., writes:—"I bought a bottle of Shiloh's Consumption Cure and found it very beneficial. I have had children, and they had a terrible cough. I gave them everything I could think of, but they got no better, until one evening my husband brought a bottle of Shiloh. We gave it to the children when they went to bed, and they slept all night. It cured them completely. I shall always keep it in the house." 6w3

The Food That Builds

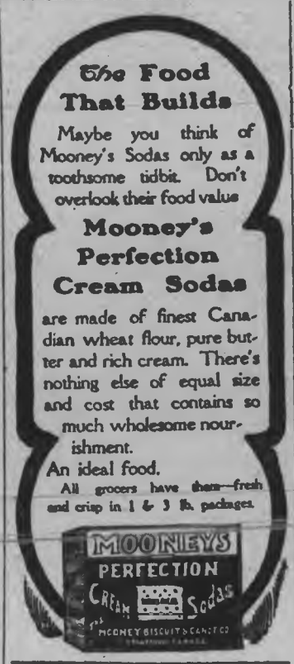
Maybe you think of Mooney's Sodas only as a toothsome tidbit. Don't overlook their food value

Mooney's Perfection Cream Sodas

are made of finest Canadian wheat flour, pure butter and rich cream. There's nothing else of equal size and cost that contains so much wholesome nourishment.

An ideal food.

All grocers have them—fresh and crisp in 1 & 2 lb. packages.



Lt.-Col. Cubitt Was Prominent In Bowmanville

Father of One of Peterborough's Business Men Subject of Sketch.

The following reference to the father of one of Peterborough's business men, from the Bowmanville Statesman, in a series of articles, written by the postmaster of that town, will be read with considerable interest locally:

"Mr. Frederic Cubbitt at only 18 years of age joined the militia force then being brought into active service, and was an ensign in one of the regiments that marched from Toronto to meet the supposed rebel force under Mackenzie. He had a great penchant for everything connected with the army, and retained his connection with the active portion of the militia, having risen to the full command as Lieut.-Colonel of the 45th Battalion, and only a year or two before his death was in charge of one of the camps at Kingston. He was born with a genius for that kind of life and made a fine handsome officer. In the evolution of our municipal system he was quite a factor, early becoming a member of the council, and for some twelve years was at the head of the corporation as mayor, presiding over the board with dignity and success. During a portion of the time he was acting magistrate of the municipality, and earned the reputation of being an upright judge. He was also for thirty years, a school trustee, and when the separation of the schools took place, was appointed to the High School, and held the honourable position of chairman for years—indeed, up to the end of his life. He was clerk of the Division Court for a long time, and also town treasurer. In politics he was a Conservative, 'dyed in the wool,' and was one of the leaders of his party during the greater portion of his life. He once contested West Durham, but was on the wrong side in the then largely Liberal constituency. He was a good platform speaker and a trenchant writer. He was a born fighter, and most persistent in the attainment of any object he undertook. I forgot to mention that he went to Thorold in command of his battalion at the time of the Fenian raid. He was married in England some time in the fifties. There were four children, and of all the household only Mrs. Cubitt remains in Bowmanville. He was a good conversationalist, delighted in reminiscences, and told many a good story of the olden time. Mr. Cubitt was a great all-round sport, and patronized most kinds of athletic games. He was a keen curler and a good cricketer. Of his two sons, Churchill, my son-in-law, is in business in Toronto, and Frederic in Peterborough. A full sized painting of Colonel Cubitt by one of our celebrated artists adorns the board room of the High School wall, placed there by his many friends and admirers. It is true to life."

TWO STORES { 327 George Street Cor. George & Brock

Hon. Nelson Monteith Gave Address

Continued from Fourth Page.

remarks, stated that from his early youth he had been connected with the dairying industry. He had distinct recollections of the processes of manufacture in vogeu in his boyhood days, which have since become antiquated. No influence had been so great in the building up of the Province as that of the dairy industry. The time is coming rapidly when our manufacturers in old Ontario will require the assistance of many more men in the manufacture of implements for our sister provinces in the West. This fact in itself is of great importance to the dairy industry.

It had been his good fortune or misfortune to follow in the footsteps of a man around whom the building up of a great work had gone on. He had been "pitch-forked" into a difficult position. The work of instruction had been carried steadily forward, and it was now a matter of gratification that we do not find it necessary to bring our instructors from the United States. Requests had been made for an increase in the number of instructors. Not only had this been granted, but their remuneration had been increased wherever it was deemed advisable; and he felt that the additional compensation was merited. The dairy and the bacon industry go hand in hand, and in both we should jealously guard the large interests which have been established in England.

The present has been a particularly favourable year for our farmers. Speaking with regard to the convention, Hon. Mr. Monteith emphasized the great importance and great possibilities attaching to gatherings of this kind. Vast as all of the Cobalt discoveries have been, it is small in comparison with the proper development of our dairy industry. A large sum of money is represented in our mineral and timber resources, but those, with our other allied interests, scarcely equal our great agricultural wealth. It was the desire of the Government to assist in every way possible all interests of the Province.

"We All Grow Old in Time" was then rendered by Mr. Gamsby, who, for a second time, scored a decided hit.

The Superintendent.

Mr. Geo. A. Putnam, Superintendent of Farmers' Institute, Toronto, commented briefly upon the necessity of taking botter care of the milk upon the farm, and also upon the demand for better cheese manufacturing buildings.

In the proper care of milk, he believed the farmer had a greater increase of profit, in view of the attention necessary, than in any other line of improvement which might be undertaken. Organization was necessary, but this availed little without individuality. Proper care of milk was necessary from a sanitary standpoint. When farmers individually become dissatisfied with the conditions prevailing in cheese factories then improvement will be imperatively necessary. He hoped that before the end of the convention some action might be arrived at which would force factories existing amid unsatisfactory conditions to either "build up" or "shut up." The work of the Women's Institute throughout the Province was discussed by the speaker, in conclusion.

Mr. Thomas McGillicuddy was requested by President Derbyshire to narrate one of his characteristic anecdotes. Mr. McGillicuddy responded in his happiest vein, with a Hibernian story whihc was most mirth-productive.

He prefaced his address with the remark, that the dairy industry in Canada contained remarkable possibilities for development.

He strongly impressed the importance of the individual testing of dairy herds. There were three ways of improving a dairy herd: First, by feeding; second, by breeding; and, third, by selection. The remark had been made by a previous speaker that feeding was useless without breeding. While this is true to a certain extent, the speaker believed that much could be accomplished by the proper feeding of the cattle farmers already had. He felt no hesitation in saying that there were many cows in the Province to-day that are not giving full returns for the feed which they consume. In many cases the amount of feed was insufficient, and the cows, in many cases, were neglected at the periods when the most attention was necessary. In the summer months, cattle should receive considerable green feed, when drought frequently causes poor pastures.

The succulent feed given in winter was also frequently insufficient. The tests made at the Ottawa Experimental Farm had proven that cows thrive much better on succulent food in winter than upon a dry ration. He recommended mangolds, sugar beets and ensilage for winter feeding. They should, of course, be fed in conjunction with a certain amount of dry feed. Twice a day feeding was advocated in preference to thrice a day. The benefits of this course had been demonstrated by experiments.

The individual tastes of each cow should be studied, and the animal fed according to its requirements. Water should be convenient at all times.

In the discussion which followed the address of Mr. Grisdale, the latter thought it largely a matter of habit, as to which would be preferable, hard or soft water. The individual acquired taste of the cow should be consulted. Salt should be kept convenient at all times. He preferred ordinary to rock salt.

A profitable cow in the speaker's opinion should return a revenue of $50 per year, or a profit of from $10 to $20 per cow.

A record of milk should be kept by herders. A twelve-months' record would be the most valuable. He had seen cows that would give 2000 lbs. of milk in one month, but were yet unprofitable animals.

The speaker felt that, at the lowest computation, fully 1000 lbs. of milk were saved per cow by means of the keeping of records. The labour would not consume more than two hours per cow per year. The value of the records is also noticeable in the economy of food.

Mr. Henry Glendenning.

Mr. Henry Glendenning, director, E.O.D.A., Manilla, Ont., was next introduced by Mr. Derbyshire.

He said that it is not always possible to tell whether a cow will be a satisfactory dairy animal or not, but if a choice of a dozen dairy and a dozen beef cows were made according to the general principles governing a good selection, the results would be, upon the whole, satisfactory.

The leading physical characteristics, which should govern in the selection of a good dairy cow were explained. She should possess a slender neck, gentle eyes, large nostrils, a strong back bone. Generally speaking, she should be wedge-like in shape, sloping from the hips forward. A large barrel was desirable. The udder should be large, the skin being covered with soft, silky hair. The veins should be apparent. The bones of the animal should not be heavy nor coarse. It was not necessary that the cow should be particularly large. The skin should be soft and pliable. When the skin is extremely thick it is usually found that the digestion is not so satisfactory. The hair should be quite soft and silky. The colour of the skin in his opinion did not, as was sometimes supposed, always give an indication of the value in butter-fat of the milk.

The speaker then turned his attention to the question of feed. Grass was in his opinion, as cheap a food and as desirable in every respect, as any which might be chosen. The ideal conditions of the summer should be as closely followed as possible during the winter. One of the first things to be considered is a proper stable. The cattle should be given an abundance of sunlight, and should be carefully looked after. Their food should be as nearly similar to that of the grass and clover as possible.

The speaker in reply to a question, expressed his conviction that the quality of a cow's milk was dependent upon her own characteristics and individuality. The quantity is controlled by the feeder.

The speaker dealt with the question of nutrients of grasses and clovers, illustrating his remarks by means of several charts, showing the relative proportions which they contain, of dry matter, ash, protein, carbo-hydrate and fat. The nutritive ratio was also given.

A considerable discussion arose as a consequence of a question from the audience. Both the speaker and Mr. Derbyshire expressed in most emphatic terms the conviction that the quality of the milk was not affected by the quality of the food.

Speaking of the watering of cows, Mr. Glendenning said that they should have water convenient at all times. He strongly condemned the practice of turning cows out to drink water at a trough, where the water is so cold that ice forms upon it. When cows have to be turned out to water they usually received the water but once a day. This was not sufficiently frequent.

Mr. Grisdale being asked to give his opinion on feeding white turnips stated that at the Experimental Farm, as high as 30 lbs. per day had been fed without injurious results. The milk had been used for the manufacture of butter.

In the last five months the exports of Canada have been $18,000,000 greater than in the corresponding five months last year. The big crop is already making itself felt in the trade returns.

BE READY FOR CROUP

AND INSIST ON HAVING THE TIME TESTED MEDICINES.

It is not a question of whether you will need a treatment for coughs, colds and croup in your homes, but the question is will you select the most effective medicine or simply be satisfied to take whatever your druggist happens to hand out to you?

Time and experience have proven that you can depend on Dr. Chase's Syrup of Linseed and Turpentine at all times.

It is only necessary to remember this when the critical time comes and to insist on getting what you ask for.

Should you have children that are subject to croup you had better keep a bottle of Dr. Chase's Syrup of Linseed and Turpentine in the house for when the choking spasm comes on there is little time to send for doctor or medicine.

It seems scarcely necessary to dwell on the merits of Dr. Chase's Syrup of Linseed and Turpentine as a cure for croup, bronchitis, whooping cough, etc. Most of us have known it from childhood up. It is almost as familiar as Dr. Chase's Receipt Book.

Mr. O. N. Morrison, 31 Fuller street, Toronto, Ont., writes:

"Gentlemen, — If it should be of satisfaction to you to know (as it certainly has been to me in the past) permit me to say that I have used Dr. Chase's Syrup of Linseed and Turpentine in my family for years, and have found it from experience to be the best cough medicine. I suppose that I have used eight bottles this past winter; my children will have nothing else, and the best of results invariably ensue. I have also recommended it strongly. If this unsolicited testimonial be of any service to you the pleasure is mine in transmitting it."

Being pleasant to the taste, it is readily taken by the children. Because it brings quick relief to the suffering from asthma, bronchitis, whooping cough, and all the more serious disease of the throat and lungs, it is invaluable as a household medicine. 25 cents a bottle at all dealers.

A Delightful Re-union Held

Mrs. Jos. Mann Meets Fifty-seven Descendants.

A pleasing family re-union took place on New Year's Day at the home of Mr. Geo. Mann, Smith when fifty-seven of the children grandchildren and great grandchildren of Mrs. Jas. Mann gathered to spend the day, and to offer congratulations to that estimable lady, to whom the event was one of the proudest in her life. There were present three sons, Messrs. G. W., J. H. and T. R. all of Smith, and three daughters, Mrs. W. B. Kelly, Mrs. W. Garbutt and Mrs. T. T. Milburn, with their children. There were also six great grandchildren of Mrs. Mann, who has passed her 87th birthday, and all of those years except one and a half years have been spent in the township of Smith, where she is one of the most highly respected residents.

Five other members of the family; two grandsons with their wives, and one great grandchild, were also present. After dinner the younger portion of the company enjoyed themselves in games and music, while their elders passed an equally pleasant afternoon in a quieter way. After tea there were some speeches of a congratulatory nature, and a programme of music was rendered. The gathering dispersed after scripture reading and prayer. One daughter lives in Oregon and of course she was not present. A letter received from her stated that on Christmas Day, they had a family re-union there, at which there were twenty-four children and grandchildren present.

Gained 25 Pounds.

"I was much run down in health, could not sleep, was very nervous, and so weak that I could hardly get around. Some months ago I began using Dr. Chase's Nerve Food, and to-day I am pleased to say that I am completely restored to health. I have gained over twenty-five pounds in weight, sleep well and feel strong and healthy."—Miss Annie Evans, 39 Gottingen street, Halifax, N.S.

Mark St. Weekly Prayer Meeting

A good attendance of persons from different denominations attended the prayer meeting at Mark street church last night. Rev. J. G. Potter was the speaker of the evening and delivered a very encouraging and helpful address on "Duty in connection with the church."

Mr. Potter's method in treating the subject was most instructive and the meeting which was one of the series of the week-of-prayer, was a success.

Late Ed. Towns Was Industrious

In the report of the inquest on the death of Edward Towns, on Monday night, the press reports of the evidence of Mr. P. Hogan were in one particular somewhat misleading. He stated that the deceased had signed the pledge two years ago, and that he had not broken it until about two months ago. He had, however, straigtened up again, until the Friday before New Year's.

The late Mr. Towns was industrious, as the men with whom he worked in the Cereal Mill state, and only on the one occasion referred to was there any breaking out from the paths of sobriety.

A Problem Solved

Ozone is ozone and in buying it the problem is to get the purest form. "Solution of Ozone (the coupon kind)" is the purest form in which Ozone is put up In addition each bottle contains a coupon entitling you to a package of "Celery King" free, and it is well known that you should take "Celery King" along with Ozone.

We put "Celery King" coupons in our Ozone bottles because no other firm can give "Celery King" with Ozone. By buying "Solution of Ozone (the coupon kind)" you get the purest and most concentrated form of Ozone, and in addition, you save the expense of buying "Celery King" to use with it.

No other kind of Ozone offers this advantage. Ask your druggist for it, and if he hasn't it, write to the Public Drug Company, Bridgeburg, Ont. Sold by W. B. WARNE.

MOST SUCCESSFUL OPENING DAY IN HISTORY OF DAIRYMEN'S ASSOCIATION CONVENTIONS WAS HELD YESTERDAY; GREAT GATHERING OF PROMINENT DAIRYMEN

HIS WORSHIP MAYOR BEST EXTENDS WELCOME TO VISITING DAIRYMEN

Tells Them the City is Theirs—Peterborough Feels Honoured by Visit of Members of This Association--Importance of Industry Which Places Into Farmers' Pockets $30,000,000 Per Year--Educational Influence of the Association Emphasized--Mr. R. R. Hall, M.P., and T. E. Bradburn, M.P.P., also Welcomed Visitors.

Last night's meeting in connection with the Dairymen's convention, held in the Grand Opera House, was attended by a very large number of persons, and an evidence of the general interest which the public takes in the dairy industry was furnished last night when many hundreds of Peterborough's citizens attended the meeting and listened with evident interest to the addresses given by the speakers.

The dairymen were welcomed by Mayor who extended to them the freedom of the city. Messrs. R. R. Hall, M.P. and T. E. Bradburn, M. P.P., also spoke words of welcome and the response to these messages was made by Mr. J. R. Dargavel, M. P.P., in a happy speech.

The Civic Welcome.

His Worship Mayor Best extended the welcome to the city in the following address:—

To the President and Members of the Dairymen's Association of Eastern Ontario:

Ladies and Gentlemen,—On behalf of the Council and citizens we very cordially extend you an unreserved-ly hearty welcome to the City of Peterborough, on the occasion of your twenty-ninth annual convention. We welcome you on more than one ground—because Peterborough delights in the duty of showing hospitality to its guests, especially when its guests are composed of the members of a body which represents great and important interests so intimately associated with the material prosperity of our farming community, and through it, to the country at large.

We feel that Peterborough has been honoured by being selected as the place in which to hold this convention, and by the presence of so many who are engaged in the great dairying industry. We recognize the importance of the industry, which places in the pockets of our farmers, and through them, in the channels of commerce a sum of thirty millions of dollars per year. At the close of the most successful year in the dairying industry in the history of Canada, it is an especial pleasure to welcome a body, which in the course of the past generation, has contributed in so splendidly substantial a degree to the results which have been achieved.

The educative and moral impulse to progress proceeding from the Eastern Dairymen's Association is worthy of receiving especial emphasis. It does not seem to admit of a doubt that the Association has been mainly instrumental, not only in effecting the well being and prosperity of the farmers of the country, but in placing the products of our dairies, especially cheese, in the foremost rank, and capturing to the point of practical monopoly the British market, and thus bringing the name of Canada into prominence and favour, with the result of knitting more closely the bonds which unite us to the Mother Land.

Again we give you cordial welcome to Peterborough, confer upon you the freedom of the city, and express the hope that your deliberations may be productive of the greatest good to the important interests your Association represents, and that your Convention in Peterborough will mark a new era in the prosperity and progress which have resulted from its influence during the past thirty years.

Other Addresses.

Mr. R. R. Hall, M.P., in opening, expressed his hearty endorsation of the welcome extended by Mayor Best. In looking up the records of the Association, he had found that it had been organized about twenty-nine years ago. In the exportation of all kinds of dairy produce the position of Canada had been improved materially and to-day the export has increased from about $5,000,000 to $30,000,000. Mr. Hall concluded by pointing to the splendid position occupied by Canada at the present time in regard to the dairy industry, our export of cheese being six times greater than that of the United States, and eight times that of Denmark.

Mr. T. E. Bradburn, M.P.P. spoke, briefly, concurring in the welcome extended.

The Response.

Mr. John R. Dargavel, M. P. P. was next introduced. He made a brief and appropriate reply to the welcome extended by the preceding speakers. The dairymen appreciated heartily the many favours which had been extended to them. The gratifying progress made in dairying in the Peterborough district was referred to by the speaker in complimentary terms. The Association had been formed some thirty years ago to promote the interests of dairying by men with the best interests of the agricultural community at heart. Going on from year to year the improvement has been steady. About eight years ago, the Association had but six instructors, whereas at present this number has increased to twenty-six; much work has been done and much yet remains to be done. The milk produced in Canada passes through many processes before reaching England in the form of cheese. Every link in this long chain of operations has been strengthened through the efforts of the Association. The Hon. Mr. Dryden, during his tenure of office as Minister of Agriculture, had lent every assistance to the work of the Association. (Applause.) The present Minister, Hon. Nelson Monteith, had also been solicitious as to the welfare of their interests.

HON. NELSON MONTEITH,
Ontario Minister of Agriculture, Who Addressed The Dairymen's Convention Last Night.

PETERBORO' SYNDICATE IS COMPLIMENTED BY THE CHIEF INSTRUCTOR

The Addresses and Reports at This Morning's Session of the Dairymen's Convention—Mr. Geo. A. Barr, Chief Instructor Western Ontario Dairymen's Association, Spoke—Dr. Connell, Bacteriologist, Gave an Address Most Satisfactory Report From Mr. G. G. Publow—Many Prominent Dairymen Arrive in the City.

Some excellent addresses were delivered at this morning's session of the Eastern Dairymen's Convention, at the opera house. The attendance was large and included many prominent dairymen from different sections of the province, who were not present at yesterday's proceedings. Interesting addresses were delivered by Mr. George A. Barr, Chief Instructor Western Dairymen's Association, and Dr. W. T. Connell, bacteriologist, Kingston.

The presentation by Mr. G. G. Publow, Chief Instructor, Kingston Dairy School, of his annual report, formed one of the leading topics of interest of the morning.

It is generally regarded as much the most satisfactory ever received by the Association.

Mr. D. Derbyshire, M. P., presided, and introduced the first speaker, Mr. George A. Barr.

Mr. George A. Barr.

Mr. George A. Barr, Chief Instructor Dairymen's Association, in his opening remarks extended a cordial invitation to those present to attend the convention at Ingersoll next week.

Speaking of cheesemaking, he said that perhaps the greatest question confronting the dairy industry to-day is getting milk and cream to the factories in good condition. There was too much foolish competition among makers. Bad tainted milk was frequently accepted because the makers were afraid of losing a patron. This condition should be remedied. The maker should discriminate at the weigh stand, and reject impure milk.

The speaker next commented upon the question of the proper use of a culture or starter. Without a proper kind, it was impossible to have a uniform quality of cheese. The proper cooking of curd was strongly impressed. The cooking of the curd, he continued, was three-quarters of the process of cheese-making.

Mr. G. G. Publow.

Mr. G. G. Publow, Chief Instructor of the Dairy School, Kingston, presented his report for the year. The number of factories receiving instruction was 632; the number of patrons was 28,241. During the year 94 factory meetings had been held and 2720 patrons had been met in this way; 10,486 fermentation tests were made.

The reports from the various syndicates were most satisfactory. That of the local board was as follows:

Report of Peterborough Syndicate, R. W. Ward, Instructor—

No. of factories in syndicate, 29.
No. of full days spent in factories, 117.
No. of call visits given to factories, 202.
No. of patrons sending milk, 1572.
No. of patrons visited regarding milk supply, 63.
No. of factory meetings held, 9.
No. of tests made for adulteration, 417.
No. of fermentation tests made, 269.
Per cent. of samples tainted, 50.
Factories that have made improvements, 20.
Estimated expenditure on factory improvements, including new building, $3,796.00.

Mr. Publow felt assured that there was a growing desire among the patrons to secure a higher standard of milk production than in previous years. Instructors were received with pleasure, and many steps towards improvement taken. The past year had been an extremely favourable one for cheese production. The speaker strongly urged cleanliness and proper sanitation. Twenty-four new factories had been built, which together with the many improvements to the interior and surroundings, would cost $100,240. Five hundred and twenty syndicate factories had been visited. Some of the makers had acidmeters placed in their factories and have proved most satisfactory, though their use in some factories had been impracticable owing to a lack of skill upon the part of operators.

Mr. Publow instituted a comparison between the rejections from the syndicated factories and those not under the supervision of instructors.

Continued on 8th page.

G. C. CREELMAN,
President Ontario Agricultural College, Who Spoke Last Night.

INTEREST IN THE DAIRYMEN'S CONVENTION

The Gathering at the Grand Opera House is One of Most Important in City's History—Dairymen in Attendance From All Parts of the Province—Meetings of Deep Interest to the General Public—Many Ladies Listen to Addresses.

LIST OF DELEGATES IN ATTENDANCE

Peterborough the Mecca for Eastern Ontario Dairymen—The Session of Yesterday Afternoon.

The meetings yesterday of the Eastern Dairymen's Convention, in session now at the Grand Opera House, were in every respect an unqualified success. The convention, which is the 29th annual event of the kind, eclipses those of all previous years. It opened at ten o'clock with a good attendance, comprising, principally, visiting delegates. The most lively interest was manifested in the proceedings throughout the day, and the results cannot fail to be far-reaching.

As the day progressed, the attendance increased, each train bringing a quota to swell the throng, until last night it was estimated that over five hundred from outside of the city were present at the convention. This may not, given as a bald statement of fact, impress one as being a particularly large number, but it must be remembered that these five hundred men are the leaders in the dairying industry in the province, or, at any rate, that section of it included in the jurisdiction of the Eastern Ontario Dairymen's Association. It is not surprising, therefore, that the meetings should have attracted the attention which they have, participated in, as they are, by the brains of the industry in the province.

Nothing could impress one more forcibly with the great and growing importance of the industry than the deep interest which the citizens, generally, take in the convention. It was attended not only by those directly interested in it, but at each of the meetings and, especially, at those in the afternoon and evening, there were many of the most prominent citizens, including a number of ladies.

The deepest interest was manifested in the addresses given by the speakers, and they were of a most satisfactory character, giving, as they did, news of the growth of the industry, and indicating the great lead which Canada has taken in the race for supremacy in the cheese and butter trade of the world.

The meeting last night was very largely attended, and was most interesting, the addresses being of a character which made them of interest to the general public.

The musical numbers rendered during the evening by the opera house orchestra, were much enjoyed, as was the vocal solo by Mr. O. A. Gamsby, of Orono.

Among those on the platform were Mayor Best, Mr. D. Derbyshire, M. P., Mr. G. C. Creelman, Mr. J. A. Ruddick, Mr. R. R. Hall, M.P., Hon. Nelson Monteith, Mr. T. E. Bradburn, M. P. P., Ald. Kelly, Ald. Elliott, Ald. Ball, Ald. McWilliams, Ald. Mason.

No complete list of the delegates to the convention is available, but as far as possible the list given below is a complete one. Those attending were:

Among those present at the convention are:—

James Ackers, Stirling.
R. G. Allon, Reaboro.
J.P. Andrews, Lorenz.
A. L. Andrews, Lorenz.
W. J. P. Bullock, Young's Point.

William Weir, Lang.
Geo. L. Ward, Fowler's Corners.
T. D. Young, Peterborough.
W. J. Young, Bridgenorth.
R. C. Reesor, Locust Hill.

(Continued on page 8.)

HON. NELSON MONTEITH, MINISTER OF AGRICULTURE, ADDRESSED CONVENTION

At the Citizens' Meeting Held Last Night--Mr. G. C. Creelman, Agricultural College Superintendent, Delivered One of Most Comprehensive Addresses of the Convention--Some Interesting Observations Upon the Growth of Dairy Industry--Addresses Were Interspersed With Music--Other Features of the Meeting.

The introductory features of last night's session of the Dairymen's Convention were the addresses of welcome to the visiting members by Mayor Best, Mr. R. R. Hall, M.P. and Mr. T. E. Bradburn, M.P.P. The welcome was hearty and the "freedom of the city" was extended by the Mayor.

Following this came the addresses by Mr. G. C. Creelman, Hon. Nelson Monteith and Mr. Geo. A. Putnam, which were charmingly interspersed with songs and selections by the orchestra.

A vocal song, "Three Jolly Britons," was contributed (with excellent effect by Mr. O. A. Gamsby, of Orono, who was forced to respond to a hearty recall.

The President.

Mr. G. C. Creelman, President of the Ontario Agricultural College, Guelph, opened his remarks in his characteristic happy manner and made a hit in the narration of a most apropos story. Three traits in Canadian character had won universal appreciation—intelligence, industry and morality. These were attributes of our young manhood, who, as well as our young ladies, hold so many positions of distinction in the land across the border. In Ontario—particularly in the eastern section—the farmers have doubled their output within the last decade. Speaking of the influences making toward this development, Mr. Creelman referred to the excellent course of training being imparted at the Experimental Farm in connection with the Agricultural College, where over 1,000 students were now located. By means of the interchange of reports between the college and its graduates, most beneficial results had been secured.

The Ontario Department of Agriculture has, through its institutions, worked the marvellous improvement at present apparent. We have now arrived at the point, continued the speaker, where we must continue the pursuit of new ideas.

Speaking with regard to cheese factories, Mr. Creelman expressed the opinion that the insanitary condition of many factories was due to negligence rather than to maliciousness. The public school system was also touched upon. The boy, who, it was expected, would remain upon the farm, should be given a practical education in the technical details of farm work. Among other things he advocated a curriculum in which the boy would be so instructed as to enable him to distinguish between different kinds of weeds, fruits, clay and loam, and also, that he should have a knowledge of the retentive properties of the various kinds of soil. Mr. Creelman concluded with a strong plea for more co-operation in business.

Minister of Agriculture.

Hon. Nelson Monteith, Minister of Agriculture, was then introduced.

Hon. Mr. Monteith, in his opening

Organ Recital At George St.

Last night at the prayer service at George street church two vocal solos were rendered by Mr. Cummings, choirmaster of the Sydenham street church, Kingston, while at the close of the meeting, Mrs. Cummings, who is organist of the above-named church, gave an organ recital which was much enjoyed.

Buy Today for Your Dinner Tomorrow. "Sailor Boy" Brand Tomatoes, Corn, Peas, Salmon they are the best. At all Grocers

The "Radiant Home" Heater gives more heat with less coal than any other stove yet invented.

That is the testimony of thousands of delighted purchasers all over Canada.

Don't buy a Heater till you see the "Radiant Home."

The BEST STOVE CO.

CITY NEWS OF TO-DAY

Arrived.

—The Dairymen's convention has —re-cured.

George Street Choir.

—The Choir of the George street church will practice to-night.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonel street. 'Phone 199.

Object Talk.

—An object talk on "Clay" will be given by one of the older fellows at the Y.M.C.A. on Friday afternoon at 4 o'clock.

Banquet Held.

—The employees of the Dye Works Department of the Peterborough Laundry, held their first annual dinner on Wednesday, Jan. 10, 1906 with much success.

Fellowship Club.

—The regular monthly meeting of the Strangers' Fellowship Club will be held in the Y.M.C.A. on Saturday evening at 6 o'clock sharp. All members are requested to be present.

Choice Vegetables.

—Dear friends,—why go around delicate, when you can get vegetables of all kinds fresh and good, to make soups, etc., to tone you up, at James R. Bell's, 161 Hunter street, Phone 455.

Don't go Stale.

—Be a "regular" and join the list of well-pleased patrons at Eddie LeClaire's new barber shop, Snowden's Block, Simcoe street. It's a handy place for busy business men to get a shave or hair cut, quick.

Liquor Case Withdrawn.

—At this morning's session of the police court a local hotelkeeper was charged with selling a larger quantity of liquor than the law permitted, but the case was voluntarily withdrawn by License Inspector Cochrane.

Dearest Love.

—This is the third letter I've written you this week. Can't you see I'm lonely? lonely as can be, and I want you only, there's no one else for me. Dearest, do meet me at The J. M. Greene Music Co. to-night and buy me a copy. 15c all this week. 6d7

Series of "Pops."

—The first of a series of weekly Saturday night "Pops" will be given at the Y.M.C.A. on Saturday evening, Jan. 27th, 1906. An attractive programme is being arranged, including a number of popular entertainers from other cities, besides some of the best local talent.

Class in Sight Singing.

—Mr. Cecil Carl Forsyth will commence a class in sight-singing and sight-reading at his studio, 212 McDonel street, on Monday evening next at 8 o'clock. The class will be especially beneficial to members of choirs and others who sing but cannot read music. For a term of 10 class lessons the fees are very low, viz., $2.50. 2eod

Clarke's Sale of High Class Furs

The January sale of high class furs and fur garments inaugurated by Fred A. Clarke is proving of special benefit to those who had not purchased furs before the holiday season. He is handling everything made up from fur at exceedingly reasonable prices.

THE WEATHER.

Much milder conditions now prevail, and are likely to continue for some days at least. The lowest temperature reached last night was 6 degrees. At noon the thermometer marked freezing point. Yesterday's lowest record was 11 degrees below zero, highest 30 above — a variation of 41 degrees in 24 hours, which is unusual.

THE BANK OF MONTREAL

Is prepared to receive Pass Books and give receipts for same on behalf of the National Trust Company, Liquidators of the York Loan and Savings Company.

Second Meeting of Series Of Week Of Prayer

Meeting Was Held Last Night in the George Street Methodist Church--Church Unity Was Discussed--Speakers Were Rev. Canon Davidson and Rev. Dr. Torrance.

Last night the second of the series of meetings in connection with the week of prayer, was held in the George street church, and was well attended. The opening devotional exercises were conducted by Rev. W. J. Jolliffe, of the Charlotte street church.

The Scripture reading was taken by Rev. Dr. Torrance. Mr. George E. Cummings of the Sydenham street church, Kingston, sang a solo, "My Saviour's Voice," by Varne. Mr. Cummings' solo was much enjoyed.

The address was given by Rev. Canon Davidson, whose subject was "The Church, its nature and office." He expressed his pleasure at being present to speak to members of different communions. The Church, he said, should be free of access to all, but it could only be of value so far as it was connected with our Lord and Saviour.

The origin of the Church was referred to by the speaker. It was the great mission which Christ came to earth to perform, He selected a few first to whom the truth was imparted, and these afterwards communicated it to others. The reverend gentleman said that he would not speak of the government of the Church, because it was these things that divided the Church. Although the different churches in Athens and Rome, and other centres, worshiped a little differently, still in the great essentials, the belief in Christ Himself, they were all the same; and although the differences may have been made greater in the temporalities, still we are not divided on the one essential point.

Mr. G. B. Cummings sang another solo, "Daughter of Jerusalem."

Rev. Dr. Torrance then addressed the gathering on "The Unity of the Church." The speaker referred to the Scriptures' view of the unity of the Church. The divine idea of the Church was all unity, and ever must he said, work out in this way. He referred to the present movement towards the unity of the Methodist, Congregational and Presbyterian Churches, and hoped before very long the Anglican communion would also come together, and make one great National Church, which will make this Canada of ours great.

After a hymn the meeting closed with the benediction.

Correspondence On Current Topics

COLLEGIATE INSTITUTE.

To the Editor of The Examiner.

Dear Sir,—Referring to the matter of the Collegiate Institute site, we notice that in your report of the last meeting of the Board of Education, Mr. Dumble affirms that the Militia Department have no rights in the matter whatever. This is simply in keeping with the numerous recent statements made by the same gentleman — general statements made to suit his own feelings and entirely lacking any other confirmation. Mr. Dumble evidently does not know that the deputation who were appointed to interview the Minister of Public Works consisted of representatives from the Council, the 57th Regiment and the Board of Education, all of whose interests were considered by the Minister as being involved, and hence his prompt and satisfactory reply. Had it been otherwise, what interest could the regiment have had in so continuously and persistently urging the purchase of the property? At that interview it was clearly and satisfactorily understood by all parties that the Board of Education and the Militia interests were to hold equal portions of land, and that the remainder was to be common territory for playground and parade purposes, and which could not be obstructed by other buildings of any kind, otherwise the object of Government enterprise would be immediately interfered with. Further, the Hon. C. S. Hyman stated that he did not think that any objection would be made to the appropriation of the material in the old Separate School building by the Board of Education for building purposes. But it was quite clear that it must be removed, in any event. I have the highest regard for Mr. Dumble, personally, but still he has no right to arrogate to himself the first disposal of so many matters of which he has shown himself to have such slight and superficial knowledge. The officers, N. C. O. and men of the 57th Regiment render their services to the community with very slight reward other than the satisfaction of knowing that, as citizens of the Empire, it has been found necessary to accept of their voluntary services in past time, and freely and gloriously have such services been rendered, even unto death, as the Spence memorial often proclaims on our streets. So that it does not become Mr. Dumble, by any means, to cast such ill-advised slurs on the interests of the Militia, as represented by the 57th Regiment.

Regarding the immediate building of a Collegiate Institute, the great majority of the people would be very much better served by more and better public school accommodation and that immediately. As a member of the Board, I have, for the past two years, especially urged this step and continuously declared that it was vastly of more importance,—and still feel confident that the Board of 1906 will, at a very early date, declare the soundness of the policy by moving in the matter. The present Collegiate accommodation is not taking any serious harm, and the old bluff about the Government withdrawing their grant ought to be given a rest. Personally, I shall never complain about being taxed for a first-class Collegiate Institute building, but let us first provide the more urgently-needed public school accommodation, and modernize and equip our present public school properties and make them something of an example of neatness, cleanliness and tidiness to the children, and a source of pride to the ratepayer and the Board. That done, it will have the fullest sympathies of the people.

Yours,
V. EASTWOOD.

PERSONAL MENTION

Mr. R. R. Hall, M.P., left for New York to-day.

Dr. Boucher went to Toroonto this morning on business.

Mr. W. M. Hutchison, Bloomfield, is in the city to-day.

Mr. H. C. Pollock, Chicago, is a guest at the Oriental.

Mr. R. E. Gunn, Beaverton, is registered at the National.

Mr. Fred. Richardson, St. Mary's, is a guest at the Oriental.

Mr. Wm. Johnston, Belleville, is registered at the Oriental.

Mr. A. T. N. Grogan, Calgary, is registered at the Oriental.

Mr. C. A. Herman, wife and child, Hamilton, are guests at the National.

Mr. and Mrs. J. A. Fraser, of Russel, Man., are visiting friends in the city.

Mr. Harry Gainey has returned after a pleasant visit with friends in Waterloo.

Miss Bessie Sullivan, Water street, is spending a few days with friends in Oshawa.

Rev. Father Crowley, of Sturgeon Falls, returned to-day after spending a few weeks' holiday here.

Miss Lottie Batten, of Port Carling, Muskoka, is visiting her uncle, Mr. Joseph Batten, McDonel street.

Miss Mabel Hooper's friends will be pleased to learn that she is recovering from her recent attack of appendicitis.

Rev. Dr. Crothers, Peterborough, will preach missionary sermons in the Bowmanville Methodist church January 8.

The Examiner thanks Mr. "Billy" Kelly, of Chicago, son of Mr. J. Kelly, Rubidge street, for copies of late interesting Chicago papers.

Mr. M. E. Tangney, and his daughter, Miss Helen, of Lindsay, are visiting the former's mother, who has been ill for some weeks, at 305 McDonel street.

Rev. C. E. Clark, B.D., and Mrs. Clark, of Manilla, who have been the guests of Mr. and Mrs. W. Might, George street, During the past two weeks, have returned home.

Mr. J. E. Herring, of Toronto, inspector of agencies for the North American Life Assurance Company, is in the city in his official capacity, a guest at the Hotel National.

Mr. Harry Grubbe of the local branch of the Bank of Toronto, received word yesterday of his transfer to Toronto, for which city he will leave in the course of a day or two.

Miss Katie Moore, who has been confined to the hospital in Peterborough for the past two weeks with an attack of appendicitis, returned home to-day much improved in health.—Port Hope Guide.

A Good Match In Prospect

The Locals and Port Hope Will Clash in Intermediate Game.

To-morrow night the second game in the intermediate series of the O.H.A. will be played when the locals and Port Hope will battle at the Brock street rink. The game in Port Hope in which the seven from that town were defeated by a score of 8-4, can hardly be accepted as showing the playing ability of the Lake Ontario aggregation. They had no ice up to the time of the game, but have had good practices since the game and to-morrow night here a totally different team, in the matter of condition, than that which the Peterborough puck chasers defeated Monday night, will represent them. Many people who have seen the wearers of the old gold and black play here in former years, will doubtless be on hand to see them again. "Bobby" Mercer, who played with Peterborough when the Armstrong brothers, Howell, Whitcroft and other good ones upheld Peterborough's honour on the ice, will guard the nets for the Port Hopers.

Call at 358 Aylmer Street and see my Tire Tightener, the best in the market. I am selling county or provincial rights. Small investment, large profits. C. C. PARK.

Brewing and Malting Company Annual Meeting

The Calcutt Brewing Company's Business in First-Class Condition.

The annual meeting of the stockholders of The Calcutt Brewing and Malting Company, of Ashburnham, was held at the office of the company, East City, on Monday, January 8th inst. The reports of the directors were most satisfactory in every respect. Many improvements and additions have been made to the buildings, plant and machinery during the past year, while the business has been a record breaker over all previous years, this being due to the sales in new territory where the goods have been introduced.

The following officers were installed for the ensuing year:

President — H. Calcutt.
Vice-President—Harry Neil.
Secretary—Jas. Drain.

An officer of the company stated to the Examiner to-day that the prospects for the future were very bright, the trade never having been in such a flourishing condition. With the improvements to the plant the company is enabled to conduct the manufacturing operations with greater satisfaction and success.

Return Of Dora Thorne

Gifted Company Will Play Here Again on January 16.

When "Dora Thorne" was presented at the Grand Opera House last Monday night that commodious structure was filled to overflowing. Many people were turned away, in fact, and to them it was a source of great disappointment, as they were particularly anxious to see this particular production, which is undoubtedly one of true worth. The play is a dramatization of Bertha M. Clay's famous novel of the same name, and before the play had even been thought of, the novel was one of the most deservedly popular books of its class ever written. It is estimated that over 500 people were unable to secure seating accommodation at the production last Monday night, and it is for the benefit of these that Manager Bradburn has arranged to get the company to play a return engagement next Tuesday night. To those who enjoy a story of intense heart interest, sympathetically told, "Dora Thorne," as presented by Messrs. Rowland and Clifford, cannot but strongly appeal.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Dear Sir,—I had an experience last night which suggests the necessity of street car motor men being more careful in sounding their gongs. I was passing Warne's grocery shop, corner of Park and Charlotte going west, and drawing my little girl on a hand sleigh. Without any warning a car—(I can give the number to the manager) came sharply round the corner into Charlotte from Park, without stopping as usual and I and my little girl narrowly escaped being run down. I took the time—3.40. Heard no gong sounded. This is something that should be remedied without delay.

Yours truly,
CLOSE CALL.

Latest News Of Winter Sports

The City League Held Very Important Meeting

T. A. S., Charlotte Street, High Lifes' and Suicides Represented--Bankers Did Not Have Representative Present--Constitution Adopted—Prospects for Splendid Season.

Constitution of City League.

1.—Each player must hold a certificate from the city league to entitle him to play in league games.

2.—O. H. A. rules to govern all games.

3.—No player eligible who has played one game in intermediate O.H.A. hockey during the present season.

4.—Any player guilty of violating the rules of the league forfeits his certificate and the team playing such player is subject to suspension.

5.—All games must commence sharp on time. Any team delaying game is subject to fine of two dollars.

6.—In the event of a drawn game it will be left to the executive to deal with.

The above was the constitution adopted at an enthusiastic meeting of the City League held last night at the Oriental, representatives of four teams being present. The Guild League did not materialize, so the Charlotte Street Guild decided to enter the City League, making a total of five teams who are reasonably sure to enter. These teams are the Bankers, who had no representative present at last night's meeting; the Suicides, represented by Messrs. W. Mecheral and C. Wilson; the High Life's represented by H. Morgan, I. Moore and N. McWilliams, and the T. A. S. by Mr. T. J. McCabe. The Charlotte Street aggregation was warmly welcomed and will make the race for the trophy more interesting than ever. With such a large number of really good teams in the league the games should prove great drawing cards.

City League hockey is deserving of the most liberal patronage. It is in such organizations as city leagues that the very best players are developed. At last night's meeting it was decided that if the intermediate team requires a city league player to assist in any game the league will cheerfully give that player permission to assist the intermediate team. Great enthusiasm was displayed by those in attendance at the meeting and considerable business of importance transacted.

The loss of Mr. C. L. Main, the efficient secretary, let us for Fenelon Falls on Saturday to accept the position of teller and accountant in that branch of the Bank of Montreal. Mr. Main, during the past two years has won a host of friends in local athletic circles and will be much missed by the league as well as other athletic associations with which he has been identified. In Mr. Fra Moore, however, the league has secured a man capable of looking most satisfactorily after its affairs as far as his office calls upon him to do so.

Besides the representatives of the different clubs mentioned above, President F. A. Clarke, who occupied the chair, and Vice-President Jos. Maher, were present.

After a short discussion as to prospects for the coming season and other matters pertaining to the league the meeting was called to order and the business of the evening transacted. It was decided to give each team fifty tickets for which they must agree to pay to the league fifteen dollars on or before January 15th, 1906.

The entrance fee for each team was fixed at two dollars. A representative from each team in league is privileged to examine the books of the secretary after each game or at any other time when the occasion calls for such examination.

The President, Mr. F. A. Clarke and Vice-President, Mr. Jos. Maher, will wait upon the rink company to make arrangements for the rink. Admission to the games will be 10c and ten men will be admitted with each team, the players of which must be bona fide residents of this city since first January, 1906.

The constitution, as outlined above, was drawn up and adopted during the evening.

Happy Thoughts Were the "Best"

Defeated Hickey's Terriers Last Night by a Score of 3-2.

Best's Happy Thoughts once more put it over Hickey's Terriers. They turned the trick last evening from 6 to 7 o'clock at the Brock street rink, the score being 3-2 in the Happy Thought's favour. At half time the winners led by 2-1. They claimed another goal in the second half, but this was not allowed them. "Mick" Hickey the King Terrier of the losers, expired at half time and was sorrowfully carried off the ice. H. Clancy made a satisfactory referee.

Following is the line-up of the teams:

Happy Thoughts.		Hickey's Terriers.
	Goal	
R Kingsbury		A Seymour
	Point	
E M Best		M Hickey
	Cover point	
A Weeks		C Wesley
	Rover	
L. McNern		C Snider
	Centre	
E. Reid		G Wesley
	Right wing	
R Best		C Ray
	Left wing	
C Foley		J Seymour

Hector Clancy, referee.

• • • •

The following poetry containing many "happy thoughts" has been handed in for publication:—

At Brock street rink, on Wednesday night,
Hickey's Terriers right in sight,
Lined up to play the Happy Thoughts,
Soon in the game quick action brought.
The puck was passed to Terriers' goal,
When in the net it quickly stole.
When Charlie Foley up the ice,
He met a man alas so nice,
Who gently bustled into him,
In checking Wesley with force and vim.
Young Reid at last took the notion
To play a friendly game with him.
He did it in a friendly way,
Hoping they'd meet another day.
In much the same position,
Poor Hickey in his fancy say,
Began to tell th boys to play.
They did it in the usual way,
Mr. Ray is a fancy skater.
He came on the ice, a moment later,
When Jim McNern with Happy Thought,
Quickly down the puck he brought,
And scored another goal.
The puck slid down the ice addressed,
Was checked again by Mr. Best.
He did his very best just then,
And oh, the shout from all the men.
Three cheers for Best's Happy Thought,
They're all such tiny little tots.
It takes them to show some excellent play.
To work and sing, be happy and gay.
Supposing they do get docked for a day,
They take it all good natured they say.
Cheer up, Terrier, you'll soon be dead,
Then you'll rest in an ice-bound bed.

TERRIBLE PAINS ACROSS BACK

SUFFERED EIGHT MONTHS WITH KIDNEY TROUBLE. WOULD HAVE TO STAY IN BED FOR THREE DAYS AT A TIME

Doan's Kidney Pills CURED HIM

Mr. Thomas Fitzgerald, Haseldean, Ont., writes us as follows: "I was a great sufferer from kidney trouble for eight months. I had terrible pains across the small of my back. I would have to stay in bed for three days at a time and could not do any work. I tried several remedies but of no avail, and also plasters but they were of no use.

One day a neighbor of mine advised me to try Doan's Kidney Pills. I was so much discouraged I told him I was tired of trying remedies, but he urged me to try one box so I purchased one, and before I was through using it, I found a change for the better so I got five boxes more, and I have had no trouble with my kidneys since. I would not be without Doan's Pills in my house."

It is really not difficult to cure kidney trouble in its first stages. All you have to do is to give Doan's Kidney Pills a trial. They are a never-failing cure for all forms of kidney trouble. They quickly relieve the congested, overworked kidneys, and gradually bring them back to health.

Doan's Kidney Pills 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

HOCKEY

North End on Top

At the Brock street rink last night the north end of the Brass Department defeated the south end by a score of 3-1. W. Rose was referee. To show that there are no hard feelings both teams will have a banquet to-night at McCallum's.

Cavanah Will Be An Absentie.

Cavanah will not be able to play to-morrow night as he is still suffering from a bad shoulder which was injured at the Cobourg game.

Six Seniors out last night.

• • • •

The team committed were in evidence last night.

• • • •

Port Hope has four of the team that defeated Peterborough here three years ago on its line-up for Friday night's game.

• • • •

The seniors put in a good hour's practice last night, some lightning combination work was put up for the railbirds. Melville Moore was out for the first time last night. He had a good work out. Besides being strong and fast he is heady and always gets the man or puck.

• • • •

The game Friday night ought to be one of the best games of the season. The ice will be in good shape, which makes the game fast. With four of Port Hope's old team, Gamble of Newmarket and Croft, of Picton, on the opposing team the game should be one worth witnessing. Port Hope has always given the locals a hard run at home, and the prospects for a good contest to-morrow night are excellent.

• • • •

Peterborough has the best scoring forward line that ever wore a Peterborough uniform, said a well known hockey crank last night as he watched the blue and white line speed up and down the ice.

• • • •

Harry Morgan is playing better hockey this year than ever before. His speed is good, besides handling the stick well. His shooting is also deadly.

• • • •

Capt. Whitcroft is getting in good shape, showing some of his old time form shooting and skating fast. His game in Port Hope was the best he has displayed so far this year.

• • • •

Glover, Crowley and Wasson make one of the hardest defences to pass in the O.H.A. The former two are skating faster and handling their sticks much better than ever before.

• • • •

The American Cereal Company staff accepts the challenge of the Railway Clerks to a game to be played on Monday night at the Brock street rink.

• • • •

The team for to-morrow night's game will be picked to-night.

A Large Field For Local Races

Prospects for a Most Successful Winter Meet.

The Picton races are arranged to take place on the same dates as those of the Peterborough Turf Club, the 23rd and 24th, but the Peterborough Turf Club claims will not seriously conflict with their dates. The horses that have raced in Belleville and Port Perry are all, it is claimed, coming here, and in all probability the field for the Peterborough ice races will be exceptionally large. About 25 or 30 horses, some of them the most famous ice horses in Canada, will be raced in the four events. The free for all promises to be particularly fast.

Great Races At Port Perry

Miss Paisley Gets Second Place in the 2:28 Class.

The ice races held in Port Perry yesterday were probably the most interesting of any yet seen in the Midland Ice Circuit, the free for all affording particularly fine sport. Miss Paisley, who shows much improvement in form obtained second money in the 2.28 class. In the fourth heat of this class Hal Galvin took a tumble, and, of course, finished last, although neither he nor his driver was injured. It was too dark to finish the free for all. Flora Hunter, Hal Patron and Looking Glass are left to fight it out.

Below is a summary of the two events:—

2.28 class.

Gladstone	1	1	3	3	1
Miss Paisley	3	3	4	1	2
Hal Galvin	4	3	1	4	4
Bertie Hays	3	4	3	3	3

Time,—.3" 1-4, .33 1-4, .32 1-4, .35 1-2, .33.

Free for all.

Flora Hunter	1	2	6	1	2	3
Hal Patron	6	1	1	2	6	2
Looking Glass	7	7	4	5	1	1

JOHN KYLIE

Steamer For Winter Navigation

A Plan to Run Steamers on Lake Ontario.

Detroit, Mich., Jan. 9.—A Manistee, Mich., despatch says: "R. O. and A. B. McKay, of Hamilton, Ont., have purchased the steamer Pere Marquette, No. 2, of the Pere Marquette line of steamers, which has been used so successfully summer and winter in carrying passengers and freight for the Pere Marquette Runway. This steamer will form the nucleus of a new passenger and freight line between Hamilton, Toronto and Montreal. As she is an ice-breaker of large power she will be able to keep navigation open all winter between the above-named ports.

SUBMARINE SIGNALS.

The new Atlantic steamships, Empresses of Britain and Ireland, will be fitted with the new appliances for receiving sound signals through the water. At certain important points in the St. Lawrence River, submarine bells have been placed, which in thick and foggy weather are sounded automatically by pneumatic pressure. In the bow of the new Empresses, and on the port and starboard sides, transmitters will be fitted and connected by wires with a telephone box in the chart room; thus the officer in charge of the ship will hear the warning bells when they are still miles away, and be able to fix the position of his ship whatever the state of the weather. Inasmuch as the submarine signals travel through the water without interference, are not subject to wind and waves, and give an exact location of the source of danger, it is apparent that they become an important factor of safety. The steamer James S. Whitney of Boston, when running at full speed, picked up these signals at eight miles distance, and the officer in charge said the bell sounded distinctly. Another captain reported that he heard these signals clearly in a gale, when all other signals failed.

The question of expense has never been considered by the Canadian Pacific Railway when appliances can be introduced which will add to their passengers' safety. 447

Interest In The Special Meetings

Park Street Services are Being Largely Attended.

The interest in the revival services in the Park street Baptist church is being maintained, and the attendance is large. The speaker last night was Rev. J. S. Leckie, of Brighton, whose subject was "A Young Man's Motto." To-night two prayer meetings will be held at 7.30, one in the schoolroom for ladies, and in the vestry for gentlemen. A number of choruses, solos and duets will be given to-night, while the "Glory Song" will be the feature.

OBITUARY.

GEORGE DALES HUTCHISON.

The many friends of George Dales Hutchinson in this county will learn with regret of his recent death at the ripe age of 69 years. The Omemee Mirror gives the following account of him:—

Deceased was born on the old homestead, South Monaghan, and there during the years of boyhood and early manhood he continued to reside, helping his parents in turning the forests into fruitful fields. Of a kind and obliging nature, he was ever ready to help a neighbour in sickness or distress and earned the good will and respect of a large circle of friends and acquaintances. He married Tamzenca Bestard, and to this union was born three sons and one daughter, viz.. William on homestead; Miles, on the farm near Fraserville; Robert, west of Millbrook, and Annie D., at home. He lived constantly on the homestead up to the time he retired from active work on the farm, when he moved to Centreville, where he resided to the time of his death. He was always ready to assist the brethren when music was required, being an excellent player on fife and flute. In politics he was Conservative and in religion Presbyterian. The remains were interred in Fraserville burying ground, and services at the house and grave were conducted by Rev. Messrs. McKenzie and Robertson.

MRS. ROSE WARREN.

The Sault Ste. Marie, Mich., News says:—

Mrs. Rose Warren died at the home of her daughter, Mrs. C. W. Nelson, early this morning. Mrs. Warren was nearly 80 years old and came to months ago from Fenelon Falls. Besides Mrs. Nelson, she leaves one other daughter, Mrs. John Thompson, of Peterborough. A short service will be held by the Rev. T. R. Easterday to-morrow morning at the home of Mrs. Nelson, and directly after which the body will be taken to Fenelon Falls for burial. Mrs. Nelson will accompany the body.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

Ladies' Hair Worker, 491 George Street, Peterboro.

Count Witte's Aim In Respect To The Russians

Recent Policy Was Designed Solely to Save Russia.

LIBERTIES WERE ABUSED

Forced to Harsh Measures by Attitude of the Moderates—Russian Premier Declares That Enough Dynamite Has Been Captured to Destroy St. Petersburg—How Soldiers Averted a Dynamite Disaster.

St. Petersburg Jan. 11.—Premier Witte yesterday made a statement to a delegation, headed by the mayor of this city, which requested a relaxation of the orders of the prefect of police against meetings in the interest of the electoral campaign. The Premier could not promise to do anything until after Jan. 22.

The Premier spoke bitterly of the failure of the moderates to give the Government support, saying: "I am determined to save Russia."

While the Emperor wanted the National Assembly to meet as early as possible, Premier Witte said that those charged with the election feared that it will be impossible for it to assemble before April 28.

Remarkable Dynamite Story.

Recounting a remarkable incident that heretofore had escaped notice, the Premier said: "At one time all the stations except the Nicholas Depot were in the hands of the revolutionists. The latter in desperation started a train hauling two cars loaded with dynamite at full speed for the station with the intention of blowing it up. A frightful disaster was averted by a timely warning of the plot, which enabled the authorities to have a military train with steam up ready on a parallel track. As the dynamite train arrived soldiers from the military train running alongside fired at the engine and managed to pierce the boiler of the locomotive, stopping the train before it reached its destination." In St. Petersburg, the Premier further remarked, enough dynamite had been captured to destroy the entire city.

Rebels In Control.

Mitau, Courland, Jan. 11.—Fugitives who have arrived here from the interior recount remarkable stories of the civil administration set up by the revolutionists in the towns and villages they control. They have elected committees, on which one woman always serves, to administer everything, including the courts. The whipping post for theft has been revived, and for certain classes robbery is punishable with death. The spirit shops are closed and preaching the doctrine of the damnation of souls is forbidden. Only civil marriages are legal.

Killed to the Last Man.

A squadron of dragoons which was ambushed recently near Hazenpot, losing two men killed and four wounded, received reinforcements later and surrounded the revolutionists. No quarter was given and the revolutionists, numbering 80 in all, were killed to the last man.

A band of 50 revolutionists made a daring raid on Livenhoff with the object of obtaining medicines and bandages for the revolutionists in the field. They carried off two Jewish merchants and held them for a heavy ransom, which was paid.

Officers In a Plot.

London, Jan. 11.—A despatch from St. Petersburg to a new London paper, The Tribune, reports the arrest of eight artillery officers of the St. Petersburg garrison on the charge of being engaged in a conspiracy to blow up the Troitsky bridge and to capture the fortress.

Eight Lives Lost In Hotel Fire.

Minneapolis, Minn., Jan. 11.—Eight persons dead of suffocation or of injuries sustained in leaping from a fire proof hotel building, a score of persons injured and a building damaged $25,000 by fire, smoke and water is an epitome of the ravages caused by a disaster which befell the West Hotel, Hennepin avenue and Fifth street yesterday, throwing 700 guests and employes into a panic. Fire Captain John Berwin fell from the fourth floor to the sidewalk while attempting to save a woman's life.

NO ONE

WHO HAS EVER SEEN OR HEARD THE HELPLESS CHOKING OF A CONSUMPTIVE

CAN THINK LIGHTLY OF A COUGH

A single dose of Dr. Wood's Norway Pine Syrup will convince you that it will stop the cough, sooth the throat, and start you on the road to recovery.

DR. WOOD'S NORWAY PINE SYRUP

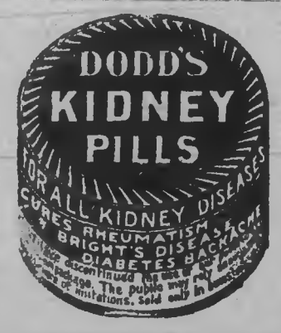
is rich in the lung healing virtues of the Norway pine tree, skilfully combined with Wild Cherry Bark and the soothing and expectorant properties of other pectoral herbs and barks. It is a pleasant, safe and effectual medicine for Coughs and Colds, Hoarseness, Sore Throat, Pain in the Chest, Asthma, Bronchitis, Croup, Whooping Cough, Quinsy and all troubles of the Throat and Lungs.

Be sure and do not accept a substitute for Dr. Wood's Norway Pine Syrup. The genuine is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cts.

HAS NO EQUAL

"I had a very bad cold which settled on my lungs. I tried many remedies but could get no relief. On the advice of a friend I procured a bottle of Dr. Wood's Norway Pine Syrup. Before the bottle was half finished I had not the slightest trace of a cough, and in my opinion Dr. Wood's Norway Pine Syrup has no equal as a cure for coughs, colds, or any affection of the throat and lungs.

J. J. McLEAN, Woodbine, N.S.



Protection Of The Forests Of Dominion

Sir Wilfrid Urges the Preservation of Forests.

PLAN OF DOMINION PREMIER

Would Punish Those Leaving Camp Fires Smoldering — Buy Back Timber Areas and Reforest — Only Great Care Can Avert a Disaster —Earl Grey Opens Canada's Great Forestry Convention.

Ottawa, Jan. 11.—The Canadian forestry convention, which had been called by Sir Wilfrid Laurier to consider the forests of Canada, their importance to the nation, and to discuss means by which the beneficial influences of the forest may best be preserved and perpetuated, opened yesterday in the Railway Committee room of the Parliament Buildings, which had been most tastily decorated for the occasion. Some three or four hundred delegates were in attendance from different parts of the Dominion. Among those at the opening session yesterday were: His Excellency Earl Grey, Sir Wilfrid Laurier, Mr. R. L. Borden, Hon. Messrs. Fisher and Oliver, E. Stewart, Dominion Superintendent of Forestry, and Gifford Pinchot, Chief of the Forest Service of the United States.

To Avoid Barrenness.

In opening the convention, Earl Grey observed that although his experience in Canada had been comparatively short, it had been sufficient to impress him with the urgent desirability of focussing the best brains of the Dominion on the immediate consideration of what shall be done with regard to our forests, to protect the soil on which the maintenance of our agricultural prosperity depends. He had himself seen extensive tracts of country in India, Asia-Minor, Greece, and Italy, once inhabited by a strenuous and numerous population, but now reduced to the misery of a barren desolation by the unregulated deforestration of their lands by a blind and selfish generation which had no regard for fostering, and no eyes for anything but their own immediate requirements. The object of this convention was to fix in the minds of the people of Canada the warning that these countries hold out to us.

In opening the convention he hoped it might be the means of averting the sad fate of the countries to which he had referred.

His Excellency referred with pleasure to the presence of distinguished American authorities on forest questions.

Sir Wilfrid's Remarks.

Sir Wilfrid Laurier, as president of the Canadian Forestry Association, then addressed the convention, pointing out some of the questions to which it could with profit devote a share of its attention. Great loss had already resulted from wasteful methods of lumbering, but even yet it was not too late to take remedial measures. One of the first steps should be the establishment and preservation of large forest reserves. On no consideration should the Government allow the watersheds of the country to be denuded. Where these have in any instances been already alienated, the Crown should effect their re-purchase without delay. The success of reforestration had already been fully demonstrated. Pine forests can be renewed by judicious tree-planting. If some such steps are not taken the day will certainly come when there will not be a tree left of economic value for Canadian lumbermen to cut. Aside, however, from the havoc that the human hands have wrought in our forests, care must be taken to safeguard them against the inroads of insect pests and fire. He was informed that the lumber cut by the mills of the Ottawa valley did not represent one per cent. of what was destroyed by fire. The patrol service maintained by the lumbermen to keep down forest fires should be made much more thorough and efficient. Every class of the community should be taught that it is a crime to ignite forest fires by careless handling of matches or camp fires. Indeed, he would go so far as to make it an offence punishable by law to throw about lighted matches in the woods, or to court loss by neglecting to extinguish camp fires.

Railways to Blame.

The railway locomotive, observed Sir Wilfrid, had been one of the greatest blessings of modern times, yet what more depressing spectacle could one imagine than to travel for hours through a region once covered by magnificent trees, but now marked only by the charred remains of magnificent forest giants. No doubt the railway companies have made attempts to minimize the danger of igniting fires from their locomotive sparks. It is a question, though, whether they should not be compelled to go further and patrol the portions of their lines that traverse forest areas.

The French-Canadian was a good man with his axe, but unfortunately he has not been careful enough to preserve the trees on his property. The Canadian Forestry Association was doing good work, but should not rest content till the people come to realize the necessity of covering with trees every rock hill and the banks of every running stream. Scatter the seed, and nature will do the rest.

Conservatives Will Help.

Mr. R. L. Borden promised that he and those who sat with him in Parliament would assist the Government to bring in any regulations for the accomplishment of the objects mentioned by the Premier. Canada was specially interested because of her great forest areas, and because of her inland waterways, the efficiency of which depended on regulation of the forests. After denouncing the indiscriminate destruction of trees Mr. Borden gave a European example of the value of forestry. Saxony has 420,000 acres of forests in rough, mountainous country. In 50 years she has received $200,000,000, and the forests are better than they were 50 years ago. Canada has 400,000,000 acres of forest. State aid could be rendered in two ways, by education and by direct control by state regulation. There should be continuity in any such policy. The timber should not be regarded as a crop to be destroyed, and one which would be renewed in 100 or 150 years, but as capital of the state, on which private enterprises should not be allowed unduly to trench.

Hon. Mr. Oliver outlined the results that the Interior Department has already attained toward the preservation of our tree wealth.

Planted Five Million Trees.

The next address was by Henri Joly Lotbiniere, president of the Canadian Forestry Association, who reviewed what that organization had accomplished in its five years of existence. He testified also to the practical work done by the Federal Government in the way of forest tree planting on the plains of the west, protection of forest lands from fire, and creation of forest reserves. Since 1891 the Government had distributed 5,102,750 young trees to settlers, of which 85 per cent. have thrived. After dwelling at considerable length on the forestry work in the several provinces, the speaker concluded by referring to the prospect that before long steps may be taken to organize a Canadian forestry school, where our young men may receive a forestry education suited to the needs of our country.

Roosevelt's Greeting.

Gifford Pinchot, chief of the forest service of the United States, brought to the convention a personal message of good-will from President Roosevelt, who added also an expression of his conviction of the good that will result to Canada from the work of this convention.

Hon. James Wilson, United States Secretary of Agriculture, desired also to express his high appreciation of the wisdom that prompted the calling of the Canadian Forestry Convention and his good wishes for the success of its work. Americans and Canadians have both seen enough to realize that the day will come when our extensive forest resources will be exhausted, unless steps are taken to preserve them from extinction. Agriculture is an absolute impossibility in the absence of forests. Moreover the same thing is true of mining and railway building. If the United States forestry was looked upon as a business proposition entirely aside from sentimental feelings, and it was pleasant to learn that by so doing a widespread interest has been developed therein.

Need of Reserves.

Mr. Pinchot outlined the policy that had been adopted in his country of teaching the theoretical value of forestry in schools and of impressing it upon farmers and lumbermen by practical demonstrations and by setting aside forest reserves aggregating 100,000,000 acres. Canada was wise in forming such reserves before the property has passed into the hands of private owners.

Dominion Timber Land.

At the afternoon session a paper was read by E. Stewart, superintendent of forestry, who said the total land area in control of the Dominion Government is 2,656,200 square miles, of which 1,406,200 square miles was of more or less wooded country.

Thomas Southworth, director of forestry for Ontario, was to have spoken on forest reserves, but on account of indisposition his paper was read by Prof. Clarke.

Aubrey White, Deputy Minister of Mines and Lands of Ontario, and Dr. Fernow of Cornell University discussed the papers.

At the night gathering in the Normal School Sir Wilfrid Laurier and Hon. Sydney Fisher delivered addresses, the latter on the necessity of preserving the forests for water power purposes.

C. B. Smith of the Temiskaming Railway read a paper on Water Powers.

THE ANNUAL MEETING

OF THE

Peterborough Industrial Exhibition

will be held in the **COUNCIL CHAMBER**, City of Peterborough, on

Wednesday, January 17th, 1906

at 7:30 p. m.

F. J. A. HALL, Secretary — D. HUGHES-CHARLES, President.

Debating And Literary Soiree

An Enjoyable Evening Spent at the Y.M.C.A. Hall.

At the regular fortnightly meeting of the Literary and Debating Society of the Y.M.C.A. held last night in the Association parlours, there was a small attendance but those present enjoyed an interesting and profitable programme.

The members present answered the roll call by quotations which were of a varied and interesting nature.

Mr. W. G. Shiner dealt with "Current Events" in a masterly manner, speaking particularly of the political situation in England. He also touched on local option in Peterborough and surrounding country. Mr. Shiner gave it as his opinion that canvassing for votes as conducted in these days was wrong. In conclusion the speaker invited discussion on "Current Events," and was followed by Mr. A. E. Walker, who took exception to Mr. Shiner's remarks concerning canvassing, expressing his belief that the people would not vote at all if they were not conveyed to the polls by the vehicles in the employ of the contesting candidates. Mr. R. E. Harding also spoke in the same strain, declaring that he never had been able to stretch his conscience sufficiently to allow him to ride to the polls in the vehicle of any candidate other than the one he wished to vote for.

Mr. A. E. Walker then gave us his favourite poem Shakspere's "Merchant of Venice," which proved to be very entertaining and showed that considerable attention had been given the subject.

Mr. Fred Ray then followed with his favourite poem, Burns' "Man Was Made to Mourn," and rendered it in a dramatic manner, and chiefly from memory.

The meeting adjourned to meet again on January 24th.

MUSIC AND DRAMA

The Belleville Ontario, writing on the play "Dora Thorne," which will be repeated here on Monday says:

The patrons of the opera house turned out in fairly large numbers to witness the beautiful play "Dora Thorne" as put on by the Rowland & Clifford Company last night. The dramatization of this popular novel is new and surely was a happy inspiration of the playwright and its presentation by a good company last evening won the hearty approval of the audience.

GREAT

Overcoat Sale!

The close of a very busy season finds us with many broken lines of Men's Overcoats in all grades. These Overcoats are the handsomest and most popular we have had this season.

That's the Reason They Sold

In order to clear out these broken lots we have taken all the short lines at $12 and $13 and now we offer the choice of them at $9 90, and also our $10 and $11 Overcoats and marked them $7.90. Now, men, here's a golden opportunity. Come, see these Overcoats, pick out one of your size.

We'll Wager You'll be Surprised

The sooner you come the better chance you'll have, for these bargains will be snapped up quickly.

See our North Window with Samples of above.

THE LATEST SPORTS

Guide Says-The Best Team Won

The Port Hope Guide referring to the game there on Monday night says:—

The hockey season opened here last evening with a game between the Peterborough seven and the locals and as was expected the visitors won, score 8—4. The home team were without any practice and it was the first time on skates this season for a number of them. Considering this they made a most favourable showing and when in condition they should give Peterborough or any other intermediate team quite a lively game.

For the first five or ten minutes they put up a fast article of hockey but after that the pace grew too lively and they fell away. Then the forwards were all over the ice and they lacked that system of play which generally results in goals. Their shooting too was very reckless and time after time they missed easy chances.

However, all this was due to lack of practice and with a week or two of solid practice they should be able to hold their own with the best of them.

The Brass Men Play The Game

The two teams representing the brass department of the C. G. E. met again again last evening in the Brock street rink between ten and eleven and the match resulted in a victory for the North Ends by a score of 3 to 1. The game was very fast though somewhat rough at times. But, at any rate, the South Ends are snowed under for the winter, this being the second victory for the North Ends this season. Besides the members of the teams about twenty-five other employee's of the department will banquet at McCallum's restaurant to-night.

The line-up was as follows:—

North Ends.		South Ends.
	Goal.	
J. O'Brien	Point.	C. Halpin
E. Lupper	Cover Point.	E. Poole
J. Doris	Rover.	F. Dixon
W. Grove	Centre.	R. Hillier
S. Pedlar	Left Wing.	T. Connor
J. Sanderson	Right Wing.	P. Adamson
C. Curtis	Goal Umpire.	C. Prest
E. Dormer	Time Keepers.	J. Holmes
J. Moher		F. Milliken
	R. Evans.	

Referee.—W. Rose.

PETERBOROUGH SYNDICATE IS COMPLIMENTED

Continued from fourth page.

While they had about three-quarters of the factories in Eastern Ontario, only about one-quarter of the rejections came from syndicated factories, most of which were small and ill-equipped.

The shipping of "green" products was referred to, and the injury to, and loss of, trade which would inevitably follow the practice, pointed out.

Mr. Derbyshire, commenting upon the report, expressed his satisfaction stating it was the most satisfactory one ever received by the Association.

Dr. W. T. Connell.

Dr. W. T. Connell, bacteriologist, Dairy School, Kingston, dealt with the question of cleanliness, from various points of view. Ordinarily, he said, cleanliness is of the things visible. In the case of milk, as in surgery, it is, however, purely a comparative term. A short analytical talk was given by the speaker upon diet, and its bacteriological relation to milk under different temperatures and conditions. Of all the dangerous forms of diet, so far as cheese manufacture is concerned, manure and manurial dust stand readily first. Naturally, if the bacteria it contains finds access to milk, they tend to develop and bring about putrefactive changes. Fortunately, the common sensory bacteria — the lactic acid bacilli—which are seldom absent, exert a marked controlling influence. It has been noted that when the evil forms of bacteria get in and develop, it is usually when the desirable forms—the souring or acid-producing species—are absent, or are prevented from developing by the ascendency of the evil forms. The moral simply is that these evil forms must be kept out as much as is possible by keeping out dirt.

The necessity of the proper cooling of milk was urged. Bacteria require heat to develop, just as other plants do. It has been found in practice that growth is slight at temperatures below 65 F., and milk should be cooled to this in warm weather. A tabulation of tests made by the speaker was then presented, showing the effects of cooling milk and keeping it cool, as contrasted with milk kept at high temperatures. The table was:

NUMBER OF BACTERIA IN TWENTY-FOUR HOURS.

Degrees, Fahrenheit.

	50	55	60	65
A	4,500	18,000	180,000	450,000
C	49,000	187,000	930,000	4,000,000
	68	98		
A	1,400,000,000	25,000,000,000		Curdled
C	14,000,000,000	25,000,000,000		Curdled

Sample A. was that at the time of milking, while C was more unclean and might be regarded as about the average product under ordinary stable conditions.

In conclusion, Dr. Connell remarked, in terms of satisfaction, upon the fact that, as shown in Mr. Publow's report, the factories in Eastern Ontario had been improved at a cost of over $100,000 during the year.

A RELIABLE FUR STORE

CLARKE'S ANNUAL JANUARY FUR SALE

GREY LAMB COLLARS, . **5.00**

Fred A. Clarke

Fewer Deaths Are Reported

In Dummer for 1905 Than in Former Years.

Special to The Examiner

Warsaw, January 10. — Miss Weir of Keene, was the guest of Miss L. Spencer last week.

Mrs. (Rev.) Nickle and children, who have been spending a couple of weeks at Trenton, returned home on Friday.

Miss Boyce of Markham, is the guest of Miss Victoria Payne.

Miss Harnden of Bowmanville, who has been engaged as teacher for S. S. No. 4, passed through here on Saturday.

Mr. J. S. Knapman, of the city, was here on business on Friday.

Mr. and Mrs. J. B. Douglas of Peterborough, are visiting in the village, as the guests of Dr. and Mrs. Douglas.

Miss White of Bobcaygeon, is visiting Mr. and Mrs. R. Deen.

Miss Allan of Smith, is the guest of Mrs. S. R. Payne.

Mr. and Mrs. William Aikins, of Peterborough, spent Sunday, the guests of Mr. and Mrs. S. Bell.

The death occurred on Wednesday morning of Mr. Charles Parcels, an old resident of this place.

The annual meeting of the Orangemen of this place was held in the Orange Hall on Tuesday. Representatives from the different lodges were present. The following members to elected to office for the ensuing term:

Thos. Wilson... ... ...D.M.
Hugh Adams... ... ...Deputy D.M.
Thos. Webster... ... ...Chap.
Roland Kidd..... ....R.S.
David Miller... ....F.S.
Wm. Telford, ...Treas.
David Anderson... ... ...D. of C.
Stephen Miller... ... ...1st Lec.
William Parker... ... .2nd Lec.

Although there was a great deal of sickness in this vicinity during the past year, it is a pleasure to state that the number of deaths was much lower than it has been for a number of years. Mrs. John Clements, the caretaker of St. Mark's cemetery, reports seven burials last year as against twenty the year before.

Monkey Brand Soap makes copper like gold, tin like silver, crockery like marble, and windows like crystal.

Afternoon Session.

Two addresses were given at the afternoon session yesterday, which was attended by an audience considerably larger than that of the morning. These were followed and interspersed with informal discussions upon topics relative to the subject of the address. The discussions were of a most interesting character and many facts of no little importance were elicited.

Mr. J. H. Grisdale.

Mr. J. H. Grisdale, agriculturalist, Central Experimental Farm, Ottawa, gave a most interesting address in which he dealt in a comprehensive manner with various features of the profitable management of a dairy herd.

Ex-Ald. Leary An Enthusiast On Irrigation

Will Shortly Take the General Agency for Eastern Ontario of the Canadian Pacific Irrigation Colonization Company—500,000 Acres of Good Land to be Irrigated in Alberta—Considerable Portion Now Ready for Settlement.

THE GREAT RESULTS PRODUCED BY IRRIGATION

Ex-Alderman R. H. Leary is about to undertake a new and important line of business. He is accepting the general agency for Eastern Ontario for the Canadian Pacific Colonization Company, Limited, and will represent that Company with his office here.

This Company is a subsidiary concern of the Canadian Pacific Railway Company, and has commenced an immense irrigation scheme in Alberta province. The plans of the Company pany include the irrigation of 500,000 acres of land and a considerable portion of this area is now ready for settlement. The land is that lying on both sides of the C.P.R. from Calgary to Medicine Hat, and at the present time the canal is completed from the first named city to Gleichen, 55 miles east of Calgary.

The company intends to conduct this project as they do everything they undertake, with thoroughness and in the course of a few years the prospects are that this area of country, which is now practically unsettled, will become almost as thickly populated as any part of Ontario.

The results obtained from irrigation in the Western States have convinced Mr. Leary, who has just returned from California, of the value of an artificial water supply for agricultural purposes, and he is now an enthusiast on the question of irrigation. Mr. J. M. Patterson, of Calgary, Alta., the general agent of the Company, has been in communication with Mr. Leary with a view of the latter taking the agency here, and the latter stated to-day that in all probability he would accept it.

Game To-night With Port Hope Will Be Fast

The team to represent the Peterborough club in the game with Port Hope, to-night, will be:

Goal—Wasson.
Point—Glover.
Cover-point—Crowley.
Rover—Whitcroft.
Centre—Morgan.
Right wing—Parnell.
Left wing—Currier.

This game will be the best of the season up to this date. Port Hope and the locals have always been keen rivals in hockey, and there is little doubt that in the game to-night the visitors will make a strong effort to win out. With no practice, they did remarkably well in Monday's game, and they expect to make a much better showing to-night.

A Tribute To The Worth Of Mr. Thompson

Mr. W. H. Hill Writes in Respect to the Qualities Possessed by Late Superintendent of Agencies of Sun Life Assurance Company—Deceased Was a Trusted Friend and Confidential Adviser—A Man Possessing Tact.

MAN WHOSE PLACE IS HARD TO FILL

Mr. W. H. Hill, District Manager of the Sun Life Assurance Company, has addressed the following letter to the Examiner in reference to the late W. R. Thompson:—

Peterborough, Jan. 12, 1906.
To the Editor of the Examiner:

Sir,—Permit me to add something to what has already appeared in your columns with reference to the late Mr. Wm. R. Thompson.

Of the estimation in which he was held by his fellow-citizens I need not speak, except to say that few men in the community were more widely known, and none more respected and beloved; but of his business and private life I may justly claim to know more than others who have not been so long or so intimately associated with him.

Mr. Thompson was in my employ, continuously, for the last eighteen years, and I very soon learned to look upon him, not simply, as a faithful employee, but as a very dear friend and confidential adviser. So much did I value his wise counsel and sterling honesty of purpose, that, for years, I have taken no important step in my business without first consulting him.

He was often employed in arranging differences between the company and its patrons, a work for which he was peculiarly fitted, and I cannot recall an instance in which he failed. Possessing much of the firmness and caution of his remote Scottish ancestors combined with the genial wit of his fellow-countrymen, he always managed to conciliate without sacrificing any important principle.

In the family circle, Mr. Thompson's character was unique. He was not simply the head of the household, but just one of themselves; and while his children never failed in respect to the father, they looked upon him much as a playfellow.

Only those who knew Mr. Thompson in his family relations can imagine the frantic grief of the bereaved widow and children.

For myself, I may say that my loss is irreparable. I had learned to love the man so much, and to depend on his advice and assistance, that, for the time, I seem stunned, and can scarcely realize that he is gone.

That the God of the fatherless and the widow will comfort and guide Mrs. Thompson and her children, is my earnest prayer.

Respectfully,
W. H. HILL.

Confederation Life Association

Close of Most Successful Year—Splendid Gains Made by This Reliable Canadian Company.

We are publishing in this issue the thirty-fourth financial statement of the Confederation Life Association for the year 1905, which will no doubt be of interest not only to the many policy holders of the company throughout the locality, but to the general public as well.

The promptness shown by the management in furnishing the policyholders and the public with such complete information so soon after the close of the year, is very highly to be commended.

Another thing to be most highly commended is the clear and definite form in which the statements are presented, all items being shown in detail, and the fullest information being furnished in connection therewith. The new insurance written amounted to over six million dollars, an increase of nine hundred and eighty-four thousand dollars over the previous year, and we may be sure that this business is of the very highest class. On looking at the assets we see that these have increased by nearly seven hundred and fifty thousand dollars. The premium income has increased by one hundred and seventeen thousand dollars odd, and the interest income by nearly forty-two thousand dollars, making a total gain in income of over one hundred and fifty-nine thousand dollars. Added to this we might state that the company has paid over one hundred and six thousand dollars during the year to its policy-holders.

These figures show that good honest progress has been made, and should be a source of great satisfaction to the policy holders of this reliable Canadian company.

The agent for this district is Mr. H. Rush, who is well informed on all matters pertaining to life insurance, and whose advice and assistance to those contemplating insurance should be of great value. The Association is publishing a very attractive line of pamphlets giving full particulars with regard to the various plans of insurance, and we have no doubt that Mr. Rush will be only too pleased to send these to anyone interested.

The Macabees Installed The New Officers

A Delightful Social Event Last Night—Members of Local Tent Enjoyed a Banquet—The New Officers Were Invested With Insigna of Their Office—Mr. C. A. Yule, of Colborne, the Installing Officer—Large Attendance of Members.

MANY BRIGHT SPEECHES WERE DELIVERED

At regular meeting of Peterborough Tent No. 46, K.O.T.M. last night the following officers were installed by District Deputy Commander C. A. Yule, of Colborne, assisted by District Deputy J. Titterson.

Commander—Sir Kt. J. Titterson.
Lieut. Com.—Sir Kt. F. Darling.
Record Keeper—Sir Kt. O. S. Matchett.
Fin. Keeper—Sir Kt. (Dr.) J. A. Morgan.
Chaplain—Sir Kt. Geo. Straine.
Physician—Sir Kt. (Dr.) J. A. Morgan.
Sargeant—Sir Kt. A. Fletcher.
M. at A.—Sir Kt. J. Symons.
1st M. of G.—Sir Kt. H. Dunslow.
2nd M. of G.—Sir Kt. R. Morrison.
Sentinel—Sir Kt. F. Drake.
Picket—Sir Kt. E. Wicker.

A large number of candidates were initiated last night by the Degree Team of Peterborough Tent, who were assisted by Sir Kts. C. A. Yule and Wm. Mitchell, of Colborne.

After the regular business had been disposed of, all adjourned to McCallum's restaurant, where an excellent oyster supper had been prepared.

The toast list was not long. Our King was heartily responded to. Our Guests, Sir Kts. C. A. Yule and Wm. Mitchell was proposed by Sir Kts. J. Titterson and O. S. Matchett. Sir Kt. Yule in replying gave a short address on the many advantages to be derived from membership in the K.O.T.M.

Short speeches were delivered by Sir Kts. R. McGregor, R. Morrison, H. Dunslow, F. Sisson, J. Symons, A. Fletcher, B. Cain, D. Minnicola, F. Darling, and Wm. Mitchell.

A hearty vote of thanks was voted to Mr. McCallum, by all singing "For He's a Jolly Good Fellow."

The prospects for a larger increase in membership was never brighter than at present in connection with the K.O.T.M.

The many members together with others will be pleased to learn that the Inspector of Insurance has given leave for the use of the term plan in connection with the insurance department of the K.O.T.M.

Entertained By The Reception Committee

During the visit of the members of the Eastern Ontario Dairymen's Association in Peterborough every courtesy has been shown them by the civic officials, and the recipients of these honours have not been slow to acknowledge their gratefulness.

This morning the reception committee of the city, consisting of Mayor Best and Aldermen Elliott and Mason drove a number of the members of the Convention to the premises of the Canadian General Electric Company and the American Cereal Company, and through the kindness of Messrs. Patterson and Denham, of the C.G.E. Company, and American Cereal Company, respectively, were shown through both plants.

They were very much interested in them and expressed much surprise, having no idea that the city had such mammoth industries. The members of the Convention, generally, are highly delighted with Peterborough as a city and with the splendid reception they have received at the hands of the civic authorities and citizens as well.

Those who were shown through the premises of the two industries referred to above by the reception committee, were Messrs. D. Derbyshire, President of the Association, Brockville; H. Glendenning, Manilla; L. L. Gallagher, Wilton; R. Gardiner, Kingston; J. H. Singleton, Brockville; W. Eager, Morrisburg; J. Anderson, Prince Edward County; John Hyatt, Prince Edward County, and A. W. Woodward, Montreal.

The Smart Shirt Store

The Early Bird Catches The Worm

The weather this year has been against the clothing business so that our stock is still fairly complete, but we can't afford to carry goods over even one season. Though the change for next winter will be hardly perceptible, still we have established the principle of not carrying goods from one season to another, so now all labels will be taken out of ODD SUITS and OVERCOATS and all sold irrespective of values or former prices at our LONELY PRICES

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

APPLICATION TO PARLIAMENT

An application will be made to the Legislative Assembly of the Province of Ontario at its next session, by the Peterborough Radial Railway Company, for an Act extending the time for the completion of the Company's railways, and authorizing the Company to construct an extension of its railway from Clear Lake through the Township of Dummer or the Township of Smith, to a point on Stoney Lake in the County ob Peterborough.

Murray Street Baptists Close Their Best Year

Annual Business Meeting of the Congregation Was Held Last Night — Reports Showed a Year of Progress and Prosperity—The Pastor Voted an Increase in Salary of $200 — Members Eulogize His Good Work for the Church.

CLOSED THE YEAR WITH CLEAR SHEET

Last night's annual business meeting of the Murray street Baptist church showed that the last year had been one of progress, and the church had enjoyed a season of unprecedented prosperity.

The meeting was well attended, the membership of the church being well represented. The pastor, Rev. F. J. Scott presided, and called upon the secretaries of the different organizations in connection with the church to read the reports of the year's work. These were all of a most encouraging nature, and indicated the prosperity which had attended the work of the church.

After the presentation of the reports a number of the members present spoke of the services rendered the church by the pastor, Rev. Mr. Scott. Under his pastorate the church had made good progress, the last year having been an exceedingly satisfactory one, the financial statement showing that the current expenses had all been met out of current revenue, and the year closed with a clear sheet.

After the opening exercises the reports of the various organizations were read and were as follows:

Report of Church Clerk.

The annual report of the Church Clerk was read by Mr. A. Martin and was as follows:—

Peterborough, Jan. 11.

The past year has been a very gratifying one, and has shown a steady increase in membership throughout the whole year.

Death, the Great Reaper, laid a heavy hand upon us, four of our members being called home during the year. They were,—Miss Annie Brimob, Mrs. Helena Fisher, Mrs. Henry Bletcher and Mrs. R. B. Martin.

The report of the membership roll is as follows:—

Increase.

By Baptism	15
By letter	24
On experiance	5
Total	44

Decrease.

By letter	11
By death	4
By withdrawal	1
Total	16
Members on roll Jan. 1, 1905	314
Net gain during year	28
Present membership	342

The report was, on motion, adopted.

Financial Statement.

Mr. T. F. Matthews, treasurer, presented the financial report for the year, as follows:—

Financial Statement for the year ending December 31, 1905.

	$153 63
Paid out during year	135 75
Leaving balance on hand	$ 17 88

The report was, on motion adopted.

Report of Sunday School.

Miss Mary Garbutt, secretary, presented the report of the Sunday School as follows:—

To the teachers and officers of the Murray street Sunday School:

The year 1905 is drawing to a close and as we, officers and teachers take a retrospective view of the year's work, feel that we have great reason to return thanks to our Heavenly Father for the way in which He has led us, for the manifold blessings received from His bountiful hand. Much of the success of the work during the year has been due to the faithfulness of our Superintendent, teachers and officers. Aside from the officers which number 7, the staff of teachers at present number 30, the average attendance of teachers and officers being 29. Number of scholars on the roll is 286, the average attendance 197.

On January 26th there were 243 present which was the largest attendance on any one Sunday, the smallest being 85, on June 18th which was a very rainy Sunday. During the months of July and August when Sunday School was held at 10 a.m., the smallest number present was 104, the largest number present 180, which was considered good attendance for the holiday season.

Among the teachers Mrs. Ellis and Miss Elcome have been present every Sunday; Mrs. Martin, Miss Nichols and Miss Garbutt have missed but one. Ten of our scholars have attended every Sunday. Special mention is due to two of our scholars, one, Charlie Hardwicke who has been present every Sunday for four years, and Bertram Cross, for three years.

During the year eleven of our scholars have joined the church by baptism, five of this number are members of the Baraca Bible Class, two from the Philathea Bible Class, the remainder from the main part of the school. We are pleased to note that there are seventy-three of our scholars whose names are on our church roll.

One class with their teacher, Miss B. Elcome, have been promoted from the primary department.

There has been several changes in the staff of teachers, and also changes made in different classes. Miss Cochrane's class was divided, Mrs. Lewis appointed teacher for the scholars taken from her class. Mrs. Gurney's and Mrs. Martin's classes were disorganized, the scholars being placed in other classes in the school. In May Mrs. Roberts, one of our teachers left the city and Mrs. Snook was then appointed teacher and since her removal from the city Mrs. Martin has taught the class. Mrs. Elcome and Mrs. Chalmers found it impossible to remain as teachers in our school; Mrs. Elcome's class is now taught by Mrs. (Rev.) Scott, and Mrs. Chalmers' by Miss Matthews. Rev. Mr. Scott, our pastor, has assumed the responsibility of the Baraca Bible Class, and under his leadership we are pleased to notice an increased membership and also the deepened spiritual life of the young men. Three classes formerly taught by Miss Distin, Miss Miller and Mr. Merrell, are now taught by Miss Perrin, Miss Louden and Mr. Shiner.

During the year our faithful librarian of seven years, Mr. Raddon, and also Miss Smith, our assistant librarian have resigned. Mr. Hooker has been appointed librarian and he is now assisted by Miss Cross and Miss Walsh.

On Jan. 27th, the annual Sunday School tea and concert were held. Tea was served in the basement of the church which was thoroughly enjoyed by teachers and scholars. After tea, the meeting was called to order by Superintendent Edwards. One interesting feature of the programme was the distribution of the stars which were given as prizes to the scholars for regular attendance.

The annual Sunday School excursion was a success. A beautiful day in July, the excursionists took train to Lakefield where we were met by steamer "City of Peterborough" for a trip up Stony Lake. Dinner was partaken of at Sandy Point, and a call was made at Burleigh Falls for tea. During the day races were run off which proved to be quite exciting. An enjoyable day was spent by all.

May the hour spent in the Sunday School always prove as it has been a source of blessings to every teacher and officer, and may the knowledge of God's word imparted, be seed sown that will bring forth fruit an hundred-fold.

May we enter upon the new year's work with greater zeal and earnestness.

The report was, on motion, adopted.

Total Expenditures	$423 13
Balance	$226 21

Of this amount about $50.00 will have to be expended for S. S. supplies.

Respectfully submitted,

M. J. BARNARD,
Treasurer.

Women's Mission Circle.

Miss M. A. Nicholls, secretary-treasurer, read the twenty-seventh annual report of the Women's Mission Circle, as follows:

Another year, with all its golden opportunities, has passed, and we are again called upon to review the work of the year. Three of our members heard the "Well done!" of the Master, and have entered into their rest. "Blessed are the dead who die in the Lord; they rest not from their labours, and their works do follow them."

We have a membership of 70; one life member has been added to the list. In March, Miss Roberts was presented with a life membership certificate for Home Missions. Forty-seven contribute to Home Missions,

Newsy Items From Stewart's

Young People's Meetings Well Attended.

Special to The Examiner

Stewart's, Jan. 11th. — We are pleased to see Mr. W. Hanbidge, and Mr. W. Stewart home from the West.

The Farmers' Institute held here on the fifth of January was well attended. The young people helped to make the evening session enjoyable by songs and recitations.

Our young men who left us at the beginning of the New Year to attend school, will be greatly missed in the neighbourhood. Mr. Livingstone Stewart and Mr. Beecher Matchett are taking a course at the Guelph Agricultural College.

Mr. Wasson Hanbidge is attending the Peterborough Business College, and Mr. Oswald Gibbs is at the British American Business College, Toronto.

The young peoples' meetings, held every Thursday night are progressing. The plan of electing the officers every month seems to be satisfactory to all. Mr. Clayton Hanbidge is the president for January. We have had the pleasure of having Rev. Mr. Lewis and Rev. Mr. MacKay, of Peterborough, with us occasionally.

J. C. Webster of Toronto University, spent part of his holidays with Mr. T. G. Gibbs, Elm Brook Farm.

News Notes From Young's Point

Special to The Examiner

Young's Point, Jan. 11.—Miss Bee McMahon is visiting friends in Peterborough.

"Capt." Scollard is scaling timber for Mr. A. McDonald, of Peterborough.

Mr. Arthur Smith resumed his duties as school teacher after the holidays, and reports a good attendance for January.

Mr. W. Brooks is putting in ice at South Beach for next summer. The ice this time last year was twice the thickness and some of the villagers had their supply in before New Years.

Mr. P. P. Young has a number of men employed cutting wood on his lot near the village, for steam boat purposes.

It is reported the Government is going to repair a pier on the north side of the iron bridge. It is badly dilapidated and may go to pieces any moment.

The sleighing is very good at present, and with the recent hard frost the lumbermen should be satisfied.

A GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

Condition Of City's Streets

An ex-alderman called upon the Examiner this morning to remark upon what he termed "the disgraceful condition of George street." In some places the street was fairly littered with papers, making them not only look slovenly, but constituting a menace to the safety of those driving spirited horses.

YOU NEED THE OTHER

Ozone is a germ killer and a valuable remedy, but to get the best results from it you must have a tonic laxative to take with it. "Solution of Ozone (the coupon kind)" is the purest and best form in which Ozone is sold. Every bottle of this remedy contains a coupon which entitles you to a package of "Celery King" the well known remedy, free.

In buying this solution, you get about twice as much Ozone for your money as by buying other brands, in addition to getting a package of "Celery King" for nothing. You thus save money in two ways besides getting Ozone in its purest and most concentrated form.

Ask your druggist for "Solution of Ozone (the coupon kind)" and if he does not keep it you can get it from the Public Drug Co., Bridgeburg, Ont., by writing for it. Sold by W.B. WARNE. 5

Annual Meeting Of Murray Street

Continued from page Two.

and forty to Foreign. The number of subscribers for the Link is 22; for the Visitor, 98.

The study of Lux Christi has been continued throughout the year, and has been very interesting, because here some of the noblest missionary heroes have hitherto, and some of the grandest missionary victories have been won.

Eleven meetings have been held, with an average attendance of 31. In March Mr. Stillwell gave an instructive address on India. He emphasized the three great evils of that country, namely, civil war, slavery and the degradation of women. In July we were brought in touch with the work of the Association. At this meeting reports were given by several members who attended the convention at Indian River. An unusually interesting meeting was held in October, when, in response to a special invitation, about 70 gathered to discuss methods of carrying on the work. One plan to raise money, outside of a membership fee, was adopted, raising money by mite subscriptions—that is, daily, weekly or monthly contributions; this special fund to be voted on at stated times by the subscribers.

Amount sent to Home Mission Treasurer	$ 86 75
Foreign Mission Treas.	109 00
Monthly collections	6 30
	$202 05

The report was, on motion, adopted.

Mission Band.

A very encouraging report was presented from the Mission Band, which showed a membership roll of 124. During the year $42.07 was contributed to home missions, and $42.57 to foreign missions.

B.Y.P.U. Report.

Miss Eva Rose, secretary-treasurer, presented the report of the Baptist Young People's Union as follows:

The year 1905 has drawn to a close, and we, members of the B. Y. P. U., in reviewing the work of the past year, cannot but feel grateful to our Heavenly Father for the many blessings He has seen fit to bestow upon us. Though we have had many failures and have come far short of our possible success, we desire to lay our imperfect efforts at the Master's feet and pray that He may work out His perfect results.

The year started with an active membership of 60. Since that time 27 new names have been added, and by removal from town nine names have been dropped, which still leaves our membership 78, an increase of 18 over last year.

The attendance and interest at the services has been excellent, for which we are very thankful, although for some time past the consecration meetings have not been as well attended by the members as they might have been, but we are confident that in the future this meeting will receive more prayerful attention.

The meetings of the society are mostly devotional and are led by different members of the Union. We are also indebted to Mrs. Roberts, Mr. Scott, Mr. Matthews, Mr. Elcome, Mr. Harding and Mr. Hodgson for their valuable assistance to our meetings. A profitable Bible reading was given by Mrs. H. P. Kennedy on the evening of August 28. Three times in the year the meeting of the Union was combined with the regular prayer service of the church. A morning prayer meeting was held on Easter Sunday, at which many members of the church were present. On the evening of December 11 this society met with Park street young people, when a delightful time was spent.

Three quarterly business meetings have been held, when reports from the various committees were received. On the evening of the 17th the Flower Committee took charge of the meeting, when a profitable time was spent. Two temperance meetings in charge of the Temperance Committee have been held. Our Missionary Committee have supplied the society with good missionary information at three meetings. Two delegates from the Union attended the Easter Convention at Toronto, and brought home interesting reports.

Three lectures have been delivered under the management of our Literary Committee, one delivered by J. E. Trotter, on in April by Dr. Perry, of Toronto, and one in May by our pastor, Rev. Mr. Scott. To this lecture the members of the Park street B. Y. P. U. were invited, and a pleasant social time was spent. Socials have been held in connection with the literary evenings.

With the increase of membership and interest we would feel yet lacking if we could not report personal work; also deep spiritual growth which has manifested itself in many of our members. Much of our success is due to the faithful work of our retiring president. The pastor's faithful attendance and kind words of encouragement have been much appreciated at our meetings.

We enter upon the new year full of hope and courage, praying that we may be more richly blessed in our work for the Master. Let us take for our motto, "Loyalty to Christ."

The report was, on motion, adopted.

The financial report of the B. Y. P. U. was also presented and showed the total receipts to be $77.12 and the disbursements amounted to $67.12, leaving a balance on hand of $10.

Ladies' Aid Society.

Mrs. W. A. Lewis, secretary-treasurer, presented the following report of what the Ladies' Aid Society has accomplished during the past year:

The Ladies' Aid Society was organized in January, 1905. The objects of the society are: To bring the ladies of the church closer together; to assist the poor; to encourage non-church goers to attend the means of grace; and to help the trustees to raise money to repair the church, and make it comfortable.

The first work of the Society was to have the different rooms of the church cleaned and decorated. Goods have been collected and garments made and distributed to those needing them. A number of quilts were also collected and distributed. The homes of the sick have been visited, and strangers welcomed.

A National Banquet was held in March which cleared $83.38.

In April the members of the church were canvassed to subscribe money for cathedral windows for the church and for this purpose $173.55 was collected.

At this time, Hon. J. R. Stratton kindly offered to bear the expense of the windows placed on the east side of the church.

In October, Mrs. Mowat gave an organ recital, which cleared $67.81.

The membership fees for the year amounted to $12.00.

A collection was taken at each meeting, amounting to $13.61 for the year.

Total receipts	$350 55
Expenditures	347 97
Bal., cash on hand	2 58

We have lost two valuable members during the year — Mrs. Snook, who has moved to Winnipeg; and Mrs. Fisher, who has been called home.

The society has also purchased a new piano for the use of the Sunday school, for which they have undertaken to provide the necessary funds.

The officers for the present year are:

President—Mrs. Jas. Montgomery.
1st Vice-Pres.—Mrs. C. B. Routley.
2nd Vice-Pres.—Mrs. K. P. Ellis.
Sec.-Treasurer — Mrs. W. A. Lewis.
Executive Committee — Mrs. G. I. Roszel, Mrs. V. Eastwood, Mrs. T. F. Matthews and Mrs. (Rev.) Scott.

The report was, on motion, adopted.

After the annual reports of the various organizations had been presented a resolution of appreciation for the very valuable services rendered to the church was unanimously passed and tendered to the choir, the Ladies' Aid Society and to the teachers and officers of the Sunday school.

Election of Officers.

The election of officers then took place and resulted as follows:

Deacons, Dr. Jagshaw, John Quinn and C. B. Routley.
Treasurer, T. F. Matthews.
Church Clerk, A. Martin.
Assistant Church Clerk, R. E. Harding.
Communion Clerk, Percy Blade.
Representative on Charity Board, W. Aldridge.

The appointment of E. B. Edwards as Sunday oSchool Superintendent was confirmed.

A committee was appointed to name the several standing committees for the year and to bring in a report at the adjourned meeting.

The members of the church, desiring to show their appreciation of the faithful services of their pastor in a substantial manner, unanimously decided to increase his stipend by $200 per year. Rev. Mr. Scott thanked the members for their kind words and sympathy. This action on the part of the congregation was entirely unlooked for and unexpected by him. He thanked the members most sincerely for the work they had performed during the past year, and expressed the hope that in the year just starting the progress would be equally successful.

The meeting then adjourned until next Wednesday evening, when the unfinished business will be transacted.

To Enliven The Liver

KIDNEYS AND BOWELS—TO PREVENT DISEASE BY CLEANSING THE SYSTEM—YOU MUST USE

DR. CHASE'S KIDNEY-LIVER PILLS

There's need in every home for a medicine that will promptly cure biliousness, kidney derangements and constipation.

A medicine that by cleansing the filtering and excretory organs will remove all poisonous waste matter, and by so doing prevent fevers, colds and such deadly diseases as dropsy, diabetes and Bright's disease.

No medicine satisfies this need so well as Dr. Chase's Kidney-Liver Pills.

This is no idle boast, but an absolute fact that is backed up by the testimony of a hundred thousand homes.

The reputation of Dr. A. W. Chase as author and physician is the guarantee which first made this great medicine popular.

Now it stands on its record of cures—a record which has seldom, if ever, been paralleled in the history of medicine.

As a treatment for backaches, headaches, indigestion, aching limbs, liver derangements, kidney disorders and constipation, Dr. Chase's Kidney-Liver Pills are prompt, thorough and effective.

Once their merit is tested they are kept in the house and relied on in cases of emergency. By keeping the liver active and the bowels regular they positively prevent serious disease.

Mrs. Geo. Lawson, Conseeon, Ont., writes:—

"Dr. Chase's Kidney-Liver Pills made a well woman of me, completely curing me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me and for the remarkable cure of my husband by the use of Dr. Chase's Nerve Food."

One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. Dr. Chase's Backache Plaster promptly eradicates pain and may be used on any part of the body.

Double Wedding In Otonabee

Mr. Hugh Lessor, of Peterboro', One of Grooms—Keene News.

Special to The Examiner

Keene, Jan. 10.—Mr. Walter Robbins, who has been visiting friends in this vicinity, returned to Toronto on Monday.

Miss Anniye Bohn is the guest of Miss M. Gilroy, Douro.

A very pretty double wedding was celebrated at the home of Mr. W. Harris, of Villiers, on Wednesday evening, January 3, when the nuptials were solemnized of Miss Phoebe Harris and Mr. Hugh Lessor, of Peterborough, and of Miss Belle Harris and Mr. Walter Hofe, of Otonabee. Rev. Mr. Wilson, of Keene, officiated. The brides wore gowns of green ladies' cloth. The guests numbered over fifty. The brides were the recipients of a number of handsome and useful presents.

Miss Susie Campbell, of Peterborough, was in the village Friday.

Mr. Sam. Cowan, of Peterborough, spent a few days last week visiting friends in this vicinity.

Mr. Robt. Richardson has leased Mr. W. J. Miller's farm.

The first carnival of the season will be held on Wednesday evening, January 17, in the Keene skating rink. Liberal prizes will be awarded for the best costumes in the various classes. Also good skating races are promised.

Mr. Wm. Evans, of Carberry, Man., is visiting friends in this vicinity.

BRUSHES

Many people are under the impression that any one make of brush is as good as any other. This is not correct. Beechh Brushes have been improved continuously for half a century. They are the best made. They are perfect tools. Be sure you get

FRIDAY, JANUARY 12, 1906.

MODERATION DEMANDED.

The action of the city council of Toronto, in sending out circular letters to all municipalities in Ontario, with a petition praying for legislation to lessen the responsibility of municipal corporations for accidents to citizens, revives interest in the proposal. It is set forth in the petition, that the law, and its interpretation, are too stringent in respect to damage for accidents caused by non-repair of highways. The gist of the petition seems to be that corporations are to be absolved, by legislative amendment, from responsibility for neglect, and only to be responsible for positive acts resulting in injury. This seems to be going too far. With all the present stringency of the law, there is a lamentable degree of neglect, on the part of municipalities, in regard to keeping highways in repair. What, then, would be the condition of things if the law were so amended that corporations should be responsible for only deliberately created conditions leading to accidents. If there were no penalty in the form of rejected cheese, and depreciation of price, from supplying inferior milk, or adulterating it with water, or from lack of cleanliness, the production of first-class cheese, or butter, under the co-operative system, would be an impossibility. Without a penalty for neglect to give reasonable care to the safety of highways, the state of our public roads would be infinitely worse than they are at present. Ratepayers, as a rule, willingly pay taxes for the sake of having good highways, regarding such payments as practically an insurance against accident, which cause injury to life, limb or property. Relieving municipalities from responsibility to too great a degree, would defeat the object of the good roads enterprise, for too great relaxation would, without doubt, result in a general deterioration of our highways, to the detriment of the dairying interest, in connection with easy delivery of milk, etc., as well as of the general interests of the community, both rural and urban. The wisest course to pursue would doubtless be the middle way — to have the penalties for neglect to keep highways in safe condition, reasonable and not vexatious, and thereby prevent the success of vexatious or frivolous claims for damages.

It would seem that the point to be kept to the front, is that the function of the law should be the protection of the individual citizen as against municipal corporations created by the public, and, theoretically, supposed to act for the public and for their interests. Any legislation that would relieve municipal corporations of the responsibility arising from their relations to the creating body of citizens, would not be in the public interest. If the ratepayers, by the payment of taxes, place a fund in the hands of their representatives for the construction of safe highways, a contract is implied, and if there is a practical breach of contract, the ratepayers are entitled to a refund. It is to be remembered that it is the money of the people, and not of corporations, that is used to pay damages.

TREE GROWTH.

A prosperous and wealthy Ennismore farmer informed the Examiner that he had no firewood on his farm and that he was drawing wood for fuel a distance of ten miles. At the same time he stated that he had some years ago planted a row of shade trees which were now something to be proud of and upon which he would not like a set a value. These trees were planted many years ago, and if the gentleman in question had at that time planted an acre or two with trees he would not now have to be drawing fuel ten miles and would besides be enjoying all the benefits which the existence of trees represents, in the way of wind breaking or modifying climatic conditions, not to speak of the beauty and charm to the landscape resulting from the existence of generally distributed tree clumps. The modifying effect of forest areas of large size or numerous clumps of smaller size, upon climate and rainfall is so great as to justify much effort in attaining such areas. There is need for a crusade in this direction and the Provincial Government has made the growth of farm plantations comparatively easy. In 1904 at the annual meeting of the Experimental Union at Guelph Hon. John Dryden, then Minister of Agriculture intimated that it was the intention of the Government to distribute the planting stock produced in the provincial nurseries at the cost of production to such farmers as will carry out the instructions of the practical forester having charge of the work of planting, in regard to preparation of soil, the planting of the trees and the after care of the plantation. This is a move in the right direction, but perhaps the interests at stake and the tremendously beneficial results which would follow on a general adoption of tree planting on our farms would justify a large generosity on the part of the Government, to consist in, at least, furnishing the trees free of charge.

EDITORIAL NOTES.

The Toronto News after the stress and strain of the municipal elections has rediscovered the oppression of Alberta, and is again tuning up the old string.

During the year 1904 the total number of instruments registered at the county registry office of Peterborough, was 2,461, on which fees to the amount of $3,035.75 were collected. The number of mortgages registered was 547 and the number discharged 508, a net gain of 21.

The agreement between the managers of the political parties in the Kingston bye-election to refrain from corrupt practices sounds very nice, but in the abstract, will there be any greater respect paid to a private agreement to be good, than to the law of the land, the highest expression of authority?

Sir Wilfrid Laurier put in the pith of the matter in relation to forestry when he said at the opening of the Canadian Forestry Association in Ottawa, that our forefathers had "to sacrifice the forest to create the home, but we, of this generation, would have to create the forest to preserve the home"—a most potent truth in the ultimate analysis.

The fact was often remarked that the majority of the visiting delegates to the Dairymen's Convention were men of stalwart frame. They were evidently not nourished on skim milk rations. And they are as mentally wide awake and alive to their special interests as any body of deliberative men one can find in any domain of associated activity.

The report of the Registrar-General for 1904, shows that the deaths in the province of Ontario, for the year 1903, resulting from tuberculosis — consumption — totalled 2,723, of whom 1,253 were males, and 1,470 females. The greatest mortality, by ages, was between the ages of 20 and 24. By classes, the greatest mortality occurred among farmers, the total being 508. This is not to be taken that farming is an unhealthy occupation — it is to be taken into consideration that the farming population is greatly in excess of all other classes. The next class showing the highest mortality, was unmarried females, the number being 299.

Brass Men Hold Annual Banquet At McCallum's

Celebration of Victory by Northends Over Southends—Many Interesting Speeches—Musical Portion of Programme Much Enjoyed--Similar Events in the Future Anticipated—Ald. G. J. Tovey Was the Toastmaster.

MOST DELIGHTFUL EVENING WAS SPENT

It was a jolly crowd of about 35 young men which assembled around the festive mahogany at McCallum's last night, when the members of the south end of the C. G. E. brass finishing department discharged an obligation resulting from a clash in the hockey arena a few nights before. Mirth and joviality abounded and the little physical soreneses contracted while in pursuit of the puck disappeared under the influence of the delightful menu, which was provided by Mine Host McCallum.

The following gentlemen were present: G. Tovey, foreman; A. Prest, assistant foreman; J. Dorris, W. Rose, E. Poole, W. Gross, F. Pope, C. Curtis, F. Milligan, R. Evans, F. Freund, L. Pedlar, E. Dormer, P. Adamson, J. Rowe, O. Gross, D. Peoples, B. Heard, J. O'Brien, R. Fell, J. Sanderson, J. Holmes, W. Dickson, F. O'Connor, C. Prest, W. Graham, T. O'Brien, B. Dorris, E. Lapp, P. O'Toole.

At the conclusion of the dainty repast came a feature less material in its character, but none the less delightful. Song, jest, and story, punctuated the post-prandial oratory, as an automatic blue haze ascended from the many devotees of "My Lady Nicotine."

Ald. G. J. Tovey, foreman of the department, acted as toast-master, and performed the duties in his usual happy manner.

In opening, he requested the members of the department who were present to be oblivious of the Electric Works for the evening and to enjoy themselves to the utmost. In most fitting words he congratulated the boys on their social gathering, and hoped the present occasion would be only one of many similar events to come. He also congratulated the brass department on their splendid hockey club.

"The King" was duly honoured in the usual manner, after which Mr. F. Freund rendered the song, "This Is the Wedding Morn," in a much appreciated manner.

Mr. E. Lapp then gave a humourous recitation on "The Game," which caused the relaxation of every countenance.

Assistant foreman Mr. A. Prest, in a happy speech, expressed his pleasure at the good feeling existing among the different members of the department in hockey circles.

"Canada" was next honoured by the hearty singing of "The Maple Leaf," after which the banqueters were favoured with a recitation by Mr. F. O'Connor.

Mr. W. Dixon then sang a song which was well received. Mr. G. J. Tovey proposed "Our Baby City." Mr. Jas. O'Brien responded suitably, saying he was pleased to see the young men of the department taking such an active part in sports and was glad to have so many sporty boys as that department could boast of.

A quartette, composed of Messrs. Frank Pope, Jas. Dorris, L. Pedlar and R. Fell, rendered in a charming manner "My Adelaine."

Mr. E. Dormer next proposed the toast "Champion Hockey Club of Brass Department," Mr. F. O'Connor replying.

A humourous song by Mr. R. Evans was the next number of the interesting programme, and was followed by a song by Mr. J. Moher. "The Press" was next proposed by Mr. J. O'Brien, and was responded to by the representatives present. Subsequent to this Mr. F. Pope sang a song, and was most heartily applauded.

The "Ladies" were then proposed by Mr. J. Dorris, and replied to by Messrs. J. Moher, E. Poole, H. Millard, F. Pope and W. Gross.

Mr. Blackstock favoured the company with a solo, and before the gathering dispersed "Auld Lang Syne" was heartily sung.

Annual Meeting Law Association

The annual meeting of the Peterborough Law Association, embracing the members of the profession in this city, was held on Monday evening, January 8th, in Roger & Bennet's law office, Water street, at which the following officers for the year 1906 were elected:

President—E. A. Peck.
Vice-President—L. M. Hayes.
Secretary—J. W. Bennet.
Treasurer—F. D. Kerr.
Trustees—E. B. Edwards, K. C., and W. H. Moore.

Waterman's Fountain Pens.

—Just received, a fresh lot of Waterman's Ideal Fountain Pens; 72 different kinds of points to select from. If you want hard, soft or medium, fine, coarse, stub or ball pointed, you are sure to be suited from our selection. We guarantee to suit every style of writer. Bear in mind that our Stratton Special Fountain Pen is the best pen in Canada for one dollar; 100 pens to select from, same guarantee as the Waterman. Try one and you will be pleased. A. H. Stratton & Co., 417 George street.

THE WEATHER.

As a contrast to the mild conditions now prevailing, and which are likely to continue for some days yet, the lowest temperatures of the present winter in Canada are being experiencing at the present time in the Yukon. Dawson City yesterday had it 52 degrees below zero, and the same figure was reached the previous day. Yukon weather, however, seldom comes this way, generally passing to the far north.

RICHARD HALL & SON

DAIRYMEN CLOSE MOST SUCCESSFUL CONVENTION IN THE HISTORY OF THE EASTERN ONTARIO ASSOCIATION

Closing Session of the Eastern Ontario Dairymen's Association Was Held This Morning—The Election of Officers Took Place—Majority of All the Officers Were Re-elected—Mr. Derbyshire Again President—Interest and Enthusiasm in the Meetings Continue to the Close--Resolution of Thanks Passed to City Council fo. Entertainment.

The Association Declares in Favour of a Strict Inspection of Cheese Factories--Time Not Yet Come to License Factories--Interesting Citizens' Meeting Held Last Night--Addresses by Prof. Dean, J. A. Ruddick and C. C. James, Deputy Minister of Agriculture --The Three Closing Sessions of the Convention.

The Dairymen's Convention reached a conclusion this afternoon at 1 o'clock, after what may, without exaggeration, be classed as the most important gathering in its history. From the viewpoints of the milk-producer, the manufacturer and the exporter alike, was the convention a decided success, and that it will prove pregnant with results is an assured fact. Every possible aspect of the dairy industry has been discussed intelligently and minutely. The speakers have included the foremost men in the dairying industry in the Dominion, and the views and principles enunciated in the course of the discussion abounded with suggestions which can scarcely fail to result in improved conditions in all departments of dairying.

This morning's session was continued beyond the usual hour in order that the finale might be reached without an afternoon meeting.

The election of officers took place at this morning's meeting, and the greater number of last year's officers were re-elected. Mr. D. Derbyshire holds the office of president, to which he was re-elected unanimously.

THURSDAY AFTERNOON.

Yesterday afternoon's session of the Dairymen's Convention was one of the most interesting of the gathering. The attendance was large, and the interest manifested, of the most lively character. It was cheesemakers' day, and in consequence, the discussions were from the viewpoint of that trade. Addresses were delivered by Prof. Dean, of Guelph; Prof. Ruddick, of Ottawa; A. W. Woodard and A. J. Hodgson, of Montreal.

Prof. Dean, of Guelph, opened his remarks in a happy vein, narrating an anecdote which aptly illustrated his subsequent remarks. The speaker had been assigned no particular topic for his address, and though his remarks covered a considerable latitude, he turned his attention largely to the question of cheese and butter making, which he discussed from several viewpoints.

Good cows, being the foundation of successful cheese or butter making, were, therefore, the prime essential to be considered. The position which the speaker took on this question was that the men who are selling pure-bred dairy stock must be compelled to produce an authentic record of the animals. What we need in this country in dairy cattle is not so much the fancy physical points as the cows with the "power to perform."

Prof. Dean next turned his attention to the question of the most desirable varieties of fodder. The results of several interesting experiments were cited by the speaker. Different groups of cows were used for the purpose, and it was found that while, with a ration of four pounds of meal, the result had proven more economical than with eight pounds, it was necessary in order to maintain a satisfactory milk flow, to feed the larger quantity. The meal was mixed in the following proportions: Bran, 4 lbs.; ground oats, 3 lbs.; oil cake, 1 lb. Good stabling accommodations were also essential.

"Are we going to continue paying every man the same amount for 100 pounds of milk, regardless of the quality?" asked the speaker, in discussing the question of proper milk tests. While, as a class, the cheesemakers were competent men, there was still considerable inefficiency. He was convinced that inside the next five years, a much higher standard of efficiency would be required. In his opinion, the maker who used the least acid was the most expert. He thought that some means would be devised whereby the percentage of curd moisture may be accurately determined.

That a mistake was being made in the present methods of butter manufacture was the speaker's conviction. It should be, in his opinion, manufactured as quickly after it was milked as possible.

The relative returns from milk in its manufacture into cheese and butter were next considered, and the conclusion reached was that the cheese was slightly more profitable, if the by-products were not considered. Taking these into the computation, a difference of one cent per hundred pounds in favour of butter was the result.

In a discussion which followed, a slight difference of opinion appeared to arise, the chairman expressing the opinion that the people of the district between Toronto and Ottawa would be solidly in favour of cheese-making.

Prof. Dean—I am convinced that within a very short time their opinion will be materially changed.

Mr. J. A. Ruddick, Dairy Commissioner, of Ottawa, was next introduced. He spoke upon "The Needs of the Dairy Industry."

Much had been said in recent years of the necessity for better dairy buildings. He regretfully admitted that the Canadian dairy buildings of our country were, on the average, the poorest in the world. The construction of curing-rooms was next discussed. The speaker was convinced that the cool-curing systems were most desirable.

Diagrams illustrating suggestions for curing-room construction were explained by the speaker. The air space has been abandoned in all modern cold storage buildings, and in its place has been substituted a filling of shavings. The space between the walls should be lined with damp-proof paper.

The erection of central storage warehouses was, in Prof. Ruddick's opinion, somewhat impracticable. The proposal was widely discussed, but the increased cost entailed in the handling of cheese would be too great for the successful working out of this system. A system which had engaged his attention was the erection of a receiving station at Montreal, where auction sales might be held daily. There was certainly much room for improvement in the present system of disposal of the cheese.

Mr. Thomas McGillicuddy.

"Co-operation" was the subject of a brief and interesting address by Mr. Thomas McGillicuddy, of Toronto. Co-operation, he said, has obtained in all ages, having been as necessary in the time of Adam as at the present. Cheese-making is of necessity, preeminently, a co-operative industry.

The principle must extend to every branch of the work. In conclusion, the speaker remarked upon the co-operation with the Government, which the latter, by its efforts, had arranged.

Mr. A. W. Woodward, official referee, Montreal, spoke briefly, outlining interestingly the duties of his position.

"Best in Canada."

Mr. A. J. Hodgson, one of the largest cheese exporters in the Dominion, addressed the convention for a few minutes. Speaking of the

MR. D. DERBYSHIRE,
Who To-day Was Re-elected President Eastern Ontario Dairymen's Association.

dairying districts of the Dominion, that between Brockville and Toronto was, in his opinion, the best — Brockville is coming up. (Laughter.) Continuing, he paid the highest possible compliment to the local district. "The Peterborough Cheese Board," he said, "is the best conducted Board in Canada." (Loud applause.)

THURSDAY EVENING.

Co-operation and organization were the keynotes of the addresses at the meeting of the Dairymen's Association Convention last night in the Opera House, and some good advice along these lines was given to the dairymen and others who listened to the addresses. The Opera House was well filled on the ground floor and gallery, and deep interest was manifested in the addresses which were given by Prof. Dean, J. J. Ruddick and C. C. James, that of Mr. Ruddick being an interesting description of his recent trip to Europe for the purpose of studying conditions in connection with the dairy industry.

Mr. D. Derbyshire, as usual, presided over the meeting, and his genial manner worked its usual charm upon the audience. The musical numbers on the programme, the vocal solos by Mr. A. A Gamsby, and the selections by the orchestra were fully enjoyed.

Those occupying seats on the platform were Mr. D. Derbyshire, Mayor Boat, C. C. James, Deputy Minister of Agriculture for Ontario; J. J. Ruddick, Dairy Commissioner, Ottawa; G. A. Putnam, Superintendent of Farmers' Institute, Ontario; Prof. Dean, Guelph, and Mr. Thos. McGillicuddy, Toronto.

Prof. Dean, who had just returned from Vermont, where he had attended a convention of dairymen, was the first speaker, and remarked that reciprocity sentiment in that state was quite strong, and he predicted that in the near future some offers of reciprocity would come from the neighbours to the south because there was an increasing spirit of friendliness towards Canada. It was a good thing for Canadian to rub up against the shrewd Yankees, who were, he remarked, deeply interested in the dairy industry in Canada. The success of the industry in the United States had been reached through co-operation, and he wanted to speak on that subject, because it was one of great importance in Canada. Instead of speaking of the business as "my" farm or "my" dairy, it should be "our" farms and "our" dairies. In the Old Land this spirit of co-operation had made great strides, and this was particularly true in Denmark.

The co-operation movement, like all other great movements in the world, started from very small beginning. In the United States it was said that they made use of every part of the pig except the squeal; but, he remarked jocularly, that in Denmark they were arranging to export the squeal to Scotland to use in making bag-pipes.

Unfortunately, for themselves, there were many farmers in this country who were willing to make their butter at home and sell it for trade at the county store, for a lower price than they could secure by sending the milk to the creamery or cheese factory.

Co-operation developed life and vitality. Could you, he asked, imagine a meeting like that held during the last two days without co-operation, even though it is developed to a limited extent in Canada? Every year it becomes more difficult to make butter and cheese which will hold its place in the markets of the world, and the way to secure Canada's share is by co-operation.

There was, in the cheese factories of this country, a great deal of waste which could be eliminated, and which must be, if the patrons are to receive absolutely satisfactory results.

Spasmodic efforts at co-operation were not sufficient, either. The dairymen must persist in the co-operation. The principle could be applied in the purchase of raw material and to the reduction in the cost of milking cows. The speaker referred to the process of milking by machinery, and predicted tha the use of milking machines would become general in this country. In selling the products a great saving could also be effected by co-operation and in the utilization of the by-products. Prof. Dean's address was eminently practical and was listened to with deep interest.

Mr. O. A. Gamsby favoured the audience with a solo, "Soldier Boy," which was well received, and to a demand for an encore gave "Come Along, Little Girl."

Trip to Europe.

Mr. J. A. Ruddick, Dominion Dairy Commissioner, was the next speaker, and his subject was "Incidents of a Trip to Europe." Mr. Ruddick referred to the three objects which he had in view in making the trip, the main one being to give the buyers of dairy products in England some information as to the ability which Canada possessed to supply the demand for a superior article. He had met with great consideration from the importers in England, and they were apparently glad to learn of Canada. Mr. Ruddick referred to the great improvement which had been made in the methods of handling the butter and cheese in England, which in London were, he thought, hard to be improved upon at the present time. He believed that this would add materially to the consumption of Canadian products. In Bristol $30,000,000 is being spent in docks, which will increase the facilities at that point.

Canadians had now reached pretty nearly the limit of the market in England in cheese, supplying 85 per cent. of that used, and the consumption was not increasing. This was not the case with butter, however, the consumption of which was largely increasing. The conditions of the dairy industry in Ireland were referred to by the speaker, who remarked that the manufacture of butter was very large, but the cheese production was very small.

Scotland was also visited by Mr. Ruddick, who spoke of the excellent quality of cheese manufactured in that country. The greater part of the cheese produced in Scotland was made in private dairies, which were conducted in good sanitary manner, which, in his opinion, was the secret of their success in making cheese of such good quality.

Mr. Ruddick referred to his trip to the Continent, and said that at the Belgium Exposition the Canadian exhibit was said to be far the best on the ground.

He had learned in Germany that the prospects were that that country would, in the near future, be a large importer, in which, however, Canada would not stand a particularly good chance because it did not come under the favoured nation clause.

There were not many things which Canadians could copy with profit from Denmark in the manufacture of butter, but one thing could be learned, and that was thoroughness, to which the Danish butter owes its success. This was the great characteristic of the Danish butter makers. The buildings, too, were of excellent quality, and, in this respect, they were superior to those in Canada.

Sweden was also visited by Mr. Ruddick, where a strict inspection of the quality of the butter manufactured, was made, and a national brand authorized to be used on the product which reached a certain standard.

The pioneer city dairy in the world in Copenhagen, was visited by Mr. Ruddick, and he described the great care which the proprietor of that dairy exercised in maintaining absolute purity in milk, and of improving its quality.

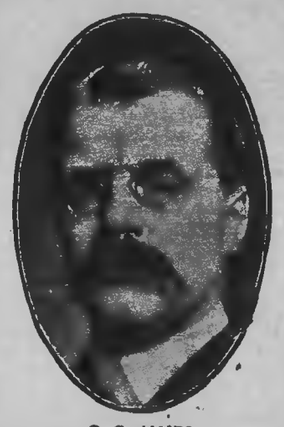
The dairy cow in Denmark was also the subject of some reference. By systematic work the Danes had developed the best dairy cow in the world, the average yield of which was double that of the average Canadian cow.

Mr. Gamsby again gave one of his popular songs, "The Man in the Overalls," which, he said, was dedicated to the farmers. The orchestra, too, rendered two pleasing numbers.

Benefits of Co-Operation.

Professor James, Deputy Minister of Agriculture, gave a most interesting address, on subjects of interest to the dairying and allied industries.

Mr. James referred to the rapid progress which Canada had made in



C. C. JAMES,
Deputy Minister of Agriculture for Ontario, Who Spoke at Last Night's Meeting.

agriculture in the last five years, one of the evidences of this progress being this splendid convention.

The dairy industry had just come through one of the most successful years in its history, and it is very doubtful if those in that industry had ever experienced as successful a year as 1905.

It behooved, however the men at the head to study conditions surrounding the industry, and see if some further advances may not be made. Ontario must not allow the agriculture of the Northwest to overshadow the importance of our own province. The great movement to the West has had a marked influence on the older provinces. It has taken away many of the young men, and the farmers were finding themselves face to face with a new problem to solve. The prosperity of Ontario manufactories, too, had had its effect on the farmers. Many of the men had been attracted to the factories to work, and the scarcity of farm help was constituting the most serious problem which they had to contend with.

The farmers of the province today are asking themselves, what is ahead of them. They find that while they have been expanding in production, they have not been receiving the net returns as large as the gross returns would warrant. This was a condition which should call for some consideration, and indicates that there is something in the basic principles of agriculture which needs study, and the question comes, is it not time that the whole question was considered, as it was about twenty years ago?

Doubtless, there were many farmers who were making more money than formerly, but it was also plain that there were others who were not; and this condition called for an earnest consideration. He suggested that this would be a profitable subject for discussion at Farmers' Institute meetings.

Speaking of the lines along which the farmers could work most profitably, Mr. James said that the time had come when they must specialize. This had been tried in some places, and the results had been satisfactory.

In the south-eastern part of the province dairying was the specialty which the farmers were practising and the great cheese-making industry had been built up. In other places fruit had become the specialty. Specializing in Ontario, must be the future of the farming industry, in Mr. James' opinion, and following upon this must come organization of the farmers.

Mr. James stated that in some respects the farmers were very much handicapped. The manufacturer in the towns and cities, had to a large extent, worked to order, and knew just about what he would get for his produce. On the other hand the farmer did not know what he would be paid; nor was he sure that he would be able to sell at all that he was producing.

This situation led the farmer into the necessity for co-operation, and we will never, said Mr. James, have the farming and dairying industries on the footing that they should be until this coperation is secured.

The development of the fruit shipments to the West, as a result of co-operation, was cited as one of the examples of what might be accomplished by this system.

Mr. James contrasted the conditions to-day with what they were sixteen years ago, when the doors of the United States were closed to the Canadian farmers, and said that the conditions to-day were more satisfactory than ever before, and to the men, who, in the face of adversity, worked hard, great credit should be given.

Mr. James pleaded for a broad spirit of patriotism, and urged the

Latest News Of Winter Sports

One More Team Joins Ranks Of The City League

At the commencement of the season the prospects for the City League were anything but encouraging and only two teams were represented at the first meeting of the league, but the membership has now swelled to six, the latest addition being the "Suburbs" of Lakefield, who secured admittance at last night's meeting held at the Oriental.

The suburbs were represented by Messrs. Quigley and Simpson.

This latest addition to the league should make matters decidedly interesting. A strong team from the Ontario Bank journeyed to Lakefield last winter and were defeated by a large margin by a team, the members of which will be found on the Suburbs' line-up this winter. The T.A.S. and High Life's were not represented at last night's meeting. The Bankers' interests were looked after by V. H. Edwards; the Suicides, by C. Wilson; and the Charlotte Street Guild by N. McWilliams, Vice-President Joe. Maher, and secretary Ira Moore were also present.

Playing certificates which are identical in form with those used by the O.H.A. have been issued and some were given to the representatives of each team present. They were also given 50 tickets to be disposed of at 50c each. These tickets are limited in number to fifty and those who intend to witness the games would do well to purchase these as every ticket entitles the holdert o see every game, thirty in number, so the admission price does not amount to two cents for each game.

Hort Hope Here To-night

The Old Rivals, Peterborough and Port Hope, Will Battle in Intermediate Game.

The locals will be in splendid condition for the game to-night and a large crowd should turn out to witness the exhibition. Port Hope will bring up a big bunch of rooters and a special may be run for their accommodation. Port Hope has a good sprinkle and were decidedly handicapped by lack of practice at the last match. The ice is in good shape now in the Lake Ontario town and the wearers of the gold and black have been practising faithfully. They will do everything in their power to turn the tables on the home seven to-night. A good game with doubtless result and the match will certainly merit a large attendance.

The following line-up will represent the locals:—

Goal—Wasson.
Point—Glover.
Cover Point—Crowley.
Rover—Whitcroft.
Centre—Morgan.
Right Wing—Parnell.
Left Wing—Currier.

HOCKEY

And Still They Come.

There is a possibility of Fenelon Falls and Peterborough Intermediates playing an exhibition game on Lindsay ice next week. These two teams would draw a large crowd and a good game is sure to result.—Lindsay Post.

Somebody in Lindsay "must ha' been a-dreamin'". There is nothing like enlarging on hockey "dope" as it keeps the game alive, but when it comes to a man talking in his sleep the line must be drawn. Peterborough has no more idea of playing Fenelon Falls in Lindsay than playing Kenora in Winnipeg.

TURF.

The horses are moving from Port Perry to Lindsay to-day and will race in that town on the 15 and 16th of this month. From Lindsay they come here on the 17th.

* * * *

The track at the Driving Park is in very good shape and with a few hours work will be in superb condition. Work on the track will commence on Monday.

CURLING

Some interesting curling games were played at the Charlotte Street Rink last night. The following were the scores:—

BLOOD HUMORS

PIMPLES, BLOTCHES, ERUPTIONS, FLESHWORMS, HUMORS

Many an otherwise beautiful and attractive face is sadly marred by unseemly Blotches, Pimples, Eruptions, Fleshworms and Humors, and various other blood diseases.

Their presence is a source of embarrassment to those afflicted, as well as pain and regret to their friends.

Many a cheek and brow—cast in the mould of grace and beauty—have been sadly defaced, their attractiveness lost, and their possessor rendered unhappy for years.

Why, then, consent to rest under this cloud of embarrassment?

There is an effectual remedy for all these defects, it is,

BURDOCK BLOOD BITTERS

This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear.

Miss Annie Tobin, Madoc, Ont., writes: "I take great pleasure in recommending your Burdock Blood Bitters to any one who may be troubled with pimples on the face. I paid out money to doctors, but could not get cured, and was almost discouraged, and despaired of ever getting rid of them. I thought I would give B.B.B. a trial, so got two bottles, and before I had taken them I was completely cured and have had no sign of pimples since."

Burdock Blood Bitters has been manufactured by The T. Milburn Co., Limited, for over 30 years, and has cured thousands in that time. Do not accept a substitute which unscrupulous dealers say is "just as good." "It can't be."

Presbyterians Presentation to Mr. T. D. Young

Popular Member of Lakevale Church Given a Mantle Clock.

After the annual meeting of the Lakevale Presbyterian congregation, held on the 10th inst, a large number of the members and children of the Sunday School assembled at the house of Mr. F. D. Young. The pastor, Rev. J. M. Whitelaw, B. D., called upon Miss Lena Tully to read the following address to Mr. Young, which is self explanatory:—

Fowler's Corners,
January 10th, 1906.

Mr. F. D. Young,
Lakevale.

Dear Mr. Young.—It is with much regret that we, the members of the Lakevale Sabbath School, have learned of your intended departure from among us; yet we are elated to say that we have one consolation in feeling, that what is loss to us is gain to others.

For many years you have been very faithful and sincere in rendering to us your most able services as a superintendent and Sabbath School worker, and now we feel that we cannot allow you to pass out from our midst without showing in some small way our great appreciation of your noble work done here. Therefore, as a slight token of respect and gratefulness, we ask you to accept this clock, and with it we extend our heartfelt prayers, that God's smile and blessing may ever rest upon you and yours, wherever your lot may be cast in the future; and that you may yet enjoy many years of happiness and prosperity is indeed, the sincere wish of one and all of the members.

Signed on behalf of the Lakevale Sabbath School, Mr. Valentine Tully, Miss Lena Tully, Miss John Darling, Miss Pearl Darling, Mrs. Frank Fowler.

Miss Pearl Darling made the presentation of a handsome marble clock. The recipient was taken completely by surprise and in a very feeling and interesting manner thanked the donors for their beautiful token of remembrance. The pastor then made a few suitable remarks, expressing the hope and expectation that Mr. Young and his family would still continue to worship and work with us, embracing the opportunity of expressing his own personal appreciation of Mr Young's labours and helpfulness. A beautiful repast was thoroughly enjoyed by all, as well as a few social hours. Most beautiful and impressive was the administration of the sacrament of baptism by the pastor to the youngest child of Mr. and Mrs. Young. Every one felt the better and happier for having in this way spent an evening together.

Mr. Young, who was honoured in this way was president this year of the Peterborough Cheese Board.

The three Presbyterian congregations, Dunmore, Mount Pleasant and Lakevale hold a free union social at Lakevale on Monday evening, 22nd January at 7.00 o'clock.

Dairymen Close Their Convention

(Continued from page 5.)

people of the cities to allow their sympathies to extend outside the bounds of their municipalities, and asked them not to begrudge the money granted to help the farmer, who was the man, above all others, to whom credit should be given for the work he had accomplished.

Mr. Thomas McGillicuddy entertained the audience with a couple of stories, and the meeting adjourned, with the National Anthem.

FRIDAY MORNING.

Sanitary Inspection.

Probably the most important feature of the meeting this morning was the presentation of the report of the committee appointed to secure information as to the advisability of licensing cheese and butter factories.

It was as follows:

"We, the committee, appointed by your association to gather information, and report upon the advisability of licensing cheese factories and creameries in the province of Ontario beg leave to report that in our opinion, while the dairymen of Ontario may not yet be prepared for such a measure, we believe that a thorough measure of sanitary inspection of cheese and butter factories and dairies, is in the interests of the dairymen of Ontario absolutely necessary, and this association would most respectfully petition the Government of Ontario, to provide such legislation as may be required to ensure our cheese factories, creameries, and dairies, being kept in a clean and sanitary condition, with a pure water supply.

"J. R. Dargavel,
"H. Glendenning,
"R. G. Murphy,
"Committee."

Mr. Dargarvel, commenting upon the provisions of the resolution, very strongly urged the necessity of placing sanitary inspection under governmental control. He felt that no local effort would be effective; what was required was a thorough and unbiased inspection.

The resolution was passed unanimously.

J. W. Mitchell, B.A.

Mr. J. W. Mitchell, B.A., superintendent of the Dairy School, Kingston, was the first speaker at this morning's session. He gave a most interesting talk upon "Creamery Butter Making."

While we fell off slightly in our exports of cheese last year, this was more than compensated for in the butter industry. He gave some statistics which, when analyzed, are of most gratifying character. Speaking with regard to the butter industry, he said that our total exports of butter last year had aggregated almost 8,000,000 lbs., the total production being 48,000,000 lbs. The exports of 1905 had exceeded by 80,000 packages, that of 1904, and by 225,000 packages that of 1903. The price conditions had been equally satisfactory, 3 1-2 cents per lb. being the average increase over 1904. The prices in the two respective years had been 21 1-2 cents and 18 cents per pound.

As an illustration of the progress made, the speaker instanced the case of 12 creameries in Eastern Ontario, of which the output had been in 1905, 1,280,000 pounds, which represented an increase of 300,000 pounds over that of the previous year.

Mr. Mitchell next turned his attention to a discussion of the best methods to employ in order to secure an improvement in the quality of the butter. He urged the necessity of cleanliness.

He advocated the use of the acidmeter test. Its simplicity and general excellence made its use desirable. The quality of the cream in recent years has shown a decided improvement over that which formerly prevailed.

The better results now being obtained in the butter industry the speaker attributed to the present prompt shipment from Montreal. He advised the pasteurization of cream in the winter months.

Mr. A. W. Woodard.

Mr. A. W. Woodard, official referee, Montreal, gave one of the most interesting talks of the morning. His principal theme was the best conditions for the cure of cheese. A source of considerable trouble was the fact that in many instances the boxes in which cheese is shipped are frequently too low the result being that the cheese, when packed on top of each other in the warehouse or on board ship, frequently became disfigured before their arrival in England. We can make, Mr. Woodard asserted, as good butter in Canada as in any other country in the world.

The speaker next dealt briefly with the loss entailed through defective or "under-grade" cheese. There were last year 154,000 boxes under first grade. The greatest loss in this respect was in the hot weather of July and August, when 45 per cent. of the defective cheese had been 'acidy" and sour, and of these, 20 per cent. had been third grade. The loss from this was entirely to the cheese-maker. If it could be arranged that a fair proportion of this loss would fall upon the patrons, the result, he felt, would be beneficial.

Mr. G. G. Publow.

Mr. G. G. Publow, chief instructor, Kingston, again delivered an excellent address, dealing largely with the conditions surrounding the care of milk. The men who produced the milk were the greatest factor in butter-making. If a cow is in good health and properly fed she will give proportionate results in milk.

It seems very foolish, continued Mr. Publow, to maintain good cows from which satisfactory results are obtained, and still suffer the losses entailed by improper care. Cheese and butter making are largely a matter of fermentation. Milk should be cared for as soon as possible after milking. He laid it down that it must be clean, pure and sweet. It is the duty of farmers to get milk to the factories in as good condition as possible.

Mr. Publow, in conclusion, addressed a few remarks to cheesemakers, urging the necessity for cooperative action toward securing the best possible results.

Election of Officers.

The report of the Nominating Committee was also received containing the nominations for the Board of Officers for 1906. The following were the appointments:—

President—D. Derbyshire, M. P. Brockville.
1st Vice-President—John R. Dargavel, M.P.P., Elgin.
2nd Vice-President—G. G. Publow, Kingston.
3rd Vice-President—I. B. Carlow, Warkworth.
4th Vice-President—J. H. Singleton, Newboro.
Secretary—R. G Murphy, Brockville.
Treasurer—John R. Dargavel, M. P.P., Elgin.
Auditors—Marden Bird, Stirling; F. W. Brenton, Belleville.
Stenographer—Wm. C. Coo, London, Ont.

Directors.

Division No. 1.—Edward Kidd, North Gower.
Division No. 2.—William Eager, Morrisburg.
Division No. 3.—Levi Patton, Brockville.
Division No. 4.—James Whitton, Wellman's Corners.
Division No. 5.—Alex. Hume, Menie.
Division No. 6.—Henry Glendenning, Manilla.
Hon. Director—W. J. Young, Central Smith.

Honourary Members.

Hon. J. P. Whitney, Prime Minister Ontario, Toronto.
Hon. Sydney Fisher, Minister of Agriculture, Ottawa.
Hon. Nelson Monteith, Minister of Agriculture, Toronto.
C. C. James, M. A. Deputy Minister of Agriculture, Toronto.
Dr. Connell, Bacteriologist, Queen's College, Kingston.
Prof. Robertson, Ottawa.
J. A. Ruddick, Dairy Commissioner, Ottawa.
G. E. Creelman, President Ontario Agricultural College, Guelph.
Prof. Dean, Director Dairy School, Ontario Agricultural College, Guelph.
J. W. Mitchell, Superintendent Dairy School, Kingston.
G. G. Publow, Chief Instructor Dairy School, Kingston.
Prof. Grisdale, Agricultural Experimental Farm, Ottawa.
Thos. McGillicuddy, Toronto.

E. KIDD,
W. EAGER,
JAS. WHITTON,
Nominating Committee.

Resolution of Thanks.

In a resolution, moved by Mr. R. G. Murphy, the thanks of the Association were extended to the Mayor, Council, President and members of the Board of Trade, Manufacturers, merchants and citizens generally, for the hospitality and kindness manifested during the Convention.

The press, and railway officials were similarly remembered.

The following resolution passed at a meeting of the East Peterborough Farmers' Institute at Keene, was read:—

Moved by Samuel Armstrong, seconded by Peter Drummond, that this Institute recommend that the E. D. A. meeting in Peterborough next Jan. discuss and take some action regarding the appointment of a Dairy Inspector by the Government, or the establishment of Grading Stations in each district.

C. O'REILLY,
Secretary, E. P. F. I.

TELLS BY THEIR SLEEP

"I can tell by my little ones' sleep when a cold is coming on" said a mother when speaking of the advance symptoms of colds in children. "They toss about, are restless, their breathing is heavy and there are symptoms of night sweats. The next morning I start with Scott's Emulsion. The chances are that in a day or two they are all over it. Their rest is again peaceful and the breathing normal."

Here's a suggestion for all mothers. Scott's Emulsion always has been almost magical in its action when used as the ounce of prevention. Nothing seems to overcome child weakness quite so effectively and quickly as Scott's Emulsion.

SCOTT & BOWNE, Toronto, Ont.

State of Ohio, City of Toledo, } ss.
Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. A Commission Is Urged By The Foresters

To Investigate the Forest Resources of Canada.

PREMIER AND UNITED STATES

Sir Wilfrid Laurier Utters Gracious Words With Grace at the Forestry Banquet—Suggestions Made in the Interest of Preserving Canada's Domain—Lumbermen Exonerated From Wilful Destruction.

Ottawa, Jan. 12.—The Canadian Forestry Convention was favored yesterday with the presence of His Excellency Earl Grey, together with the Countess Grey. Sir Wilfrid again presided. A telegram was read from Lieut.-Governor Sir Henri Joly de Lotbiniere, of British Columbia, expressing sympathy with the object of the meeting. A message was also read from Byron Walker, stating that the 133 managers of the Canadian Bank of Commerce had been made members of the Canadian Forestry Association.

Experimental Farm Forestry.

The first paper read was, "Forestry on the Experimental Farms," by Dr. Saunders, the Director of Experimental Farms. It was stated that the total number of trees distributed among the settlers in the Canadian Northwest since 1889 was about two millions and the quantity of tree seeds about ten and one-half tons. As each pound of this tree seed with reasonable care might be expected to produce five hundred to eight hundred seedlings it was not surprising that the results of this work were everywhere apparent. As to tree planting at the experimental farms the fact was noted that while the pine planted in 1889 was now 25 feet high and measured 9 1-2 inches in diameter of trunk 4 1-2 feet from the ground, a white spruce planted in 1896 was now 32 feet high and measured 5 3-4 inches in diameter of trunk 4 1-2 feet from the ground. The results of tree-planting in British Columbia were given, showing that some hardwood trees of the east could there be raised and with more rapid growth than was the case here.

Rev. A. E. Burke, Alberton, P. E. I., read a paper on "Farm Forestry for the Eastern Provinces."

Work in the West.

Mr. Norman M. Ross, Assistant Superintendent of Forestry, gave a minute description of the methods of forestation followed in the West. He explained the relations between the settlers and the Government nurseries. Trees and cuttings were sent out as follows: 1901, 58,000; 1902, 468,000; 1903, 920,000; 1904, 1,800,000; 1905, 2,000,000; ready for next spring, 2,100,000; totals, 7,347,700.

This would plant 2,700 acres, and is in plantations from one half to fifteen acres. Planting on the western forest reserves is contemplated

Prof. Zavitz, lecturer on Forestry in the Ontario Agricultural College, discussed "The Agricultural Forest Problem." He described the reasons for the practice of forestry in an agricultural country like Ontario as depending on (1) aesthetic effects; (2) protective influences; (3) financial investment. Upon the first he spoke briefly, remarking that a treeless waste would be a poor country in which to live. Upon the second he spoke at some length, noting the benefits to field crops by keeping the snow mantle on them longer in spring, the regulation of the flow of streams, the protection of orchards from winds, and the prevention of excessive dryness by arresting the sweep of winds.

The Financial Aspect.

Mr. Zavitz's financial argument was that a farmer's wood lot should yield nearly one cord per acre per annum. If this increment were two-thirds of a cord, and the price were $6 a cord, the return would be $4 a acre. The average rental of farm lands in Ontario is $2.48 a year. Some Saxon forests have produced from $10 to $15 an acre a year, and the prices of wood in Ontario are often higher than in Germany. Upon this point of view Mr. Zavitz based a close examination of Ontario conditions, advocating a rational adaptation of products to soil and conditions.

Same Problem in the States.

A discussion followed, in which Mr. A. C. LaRiviere, ex-M. P., representing the Manitoba Government; Mr. J. D. Allan, president of the Toronto Board of Trade; Hon. Mr. Tessier, Minister of Agriculture for Quebec; Mr. A. P. Stevenson, inspector of Tree Planting in Manitoba; Dr. Shenck of Baltimore, N. C., and Mr. Gifford Pinchot, head of the forestry service of the United States, took part. The last named gentleman said he had been struck with the admirable progress made in tree planting in the Canadian west, and for this Mr. Stewart and his assistants deserved great credit. The United States was dealing with a similar problem, and he hoped to see both countries planting or seeding a million acres every year.

The Afternoon Session.

At the afternoon session, Senator Edwards delivered an address in which he took strong ground in favor of preserving the forests. He said the lumbermen are the friends, not the enemies of the forest. The enemy is the bush farmer and the settler, who to produce a few dollars worth of potatoes destroys hundreds of thousands of dollars' worth of pine.

J. B. Miller, president of the Ontario Lumbermen's Association also laid the blame for destruction of the forest on others than the lumbermen.

F. C. Whitman read a paper on the forests of Nova Scotia, showing that the climatic conditions are conducive to rapid growth of trees.

Wm. Little, of Westmount, read a paper on the lumber industry and the forest. He urged the appointment of a commission to investigate the lumber resources.

A paper of interest was that read by H. M. Price, president of the Pulpwood Association of the Province of Quebec, on the pulpwood industry. He condemned a proposed tax on pulpwood.

The Banquet.

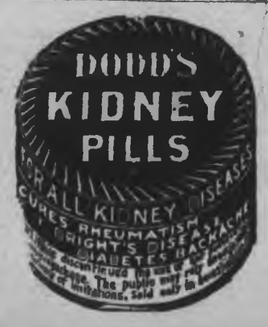
The banquet at the Russell House last evening, in connection with the forestry convention, was presided over by Sir Wilfrid Laurier, and at the head table were Earl Grey, R. L. Borden, United States Consul-General Foster, Japanese Consul Nossi, Hon. Sydney Fisher, Hon Mr. Oliver and others. Earl Grey congratulated Sir Wilfrid on the success of the convention, which he trusted would meet the anticipations he had in calling it.

In proposing the health of "Our Guests," Gifford Pinchot, Dr. Schenck and Dr. Ferrow, Sir Wilfrid Laurier, referred to the cordial relations between Canada and the United States, and said he did not despair of seing Canada, the States and Great Britain again united as a race, at the head of civilization.

Mr. Pinchot, chief of the United States forest service, in reply, endorsed the views of Sir Wilfrid, and said the time is inevitably coming when the three countries would set the standard for righteousness, civilization and peace for all the world.

Dr. Fellow said education was the best means to preserve the forest, and he favored such education as would make the French wood-chopper know why he cut timber differently.

R. L. Borden said the question of forestry was one on which there should be no political division. The opposition would be only too glad to support any reasonable measure brought in by the Government.



TACK COMBINE DISCOUNTS.

Hardly Anything Left of List Prices When They Were Deducted.

Toronto, Jan. 12.—Agreements among the different members of the tack combine were unearthed by Crown Attorney Curry in the Police Court yesterday. They were similar to the ones previously published.

One of the letters read by Mr. Curry was one found in the Jenkins & Hardy files, written by the Montreal Rolling Mills. It stated that it would be as well to make a wholesale reduction of 12 1-2 per cent. in the prices of upholsterers' tacks, because the United States' manufacturers were selling them 12 1-2 per cent. below the combine prices.

The G. T. R. contracts were the subject of considerable discussion. In one letter it was stated that discounts of 65 per cent., 12 1-2, 12 1-2 and 5 were to be allowed on the list.

On Jan. 14, 1904, a circular was sent out from Hardy's office asking the members to agree not to increase the facilities in order to create a larger output in their factories.

The case was adjourned until Monday afternoon owing to Crown Attorney Curry being busy in the Walton case.

BLOWN HIGH IN AIR.

Terrible Fate of August Olsen at Hawk Lake, Manitoba.

Winnipeg, Jan. 12.—A Swede named August Olsen met a horrible fate at Peterson's camp, Hawk Lake, last Sunday evening. He was employed as foreman, and had fixed a blasting shot of dynamite, but the fuse failed to work properly, and it hung fire. Olsen went to investigate, and the explosion occurred just as he approached it. The unfortunate man was blown 150 feet into the air, and his mangled body was picked up with the leg, skull and jaw fractured. It is unknown why blasting operations were in progress on Sunday evening.

The Printers' Strike.

New York, Jan. 12.—The Typothetae of the City of New York authorized the statement yesterday that the working force now in the Typothetae and independent composing rooms is nearly 50 per cent. of the total number employed.

President McCormick of the Typographical Union was equally confident that the Typothetae could not win. He said: "As we have now 282 firms running on an eight-hour day, against only thirty-four running on a nine-hour day, the Typothetae's winning is an impossibility."

THREE TRYING TIMES IN A WOMAN'S LIFE

There are three periods of a woman's life when she is in need of the heart strengthening, nerve toning, blood enriching action of

MILBURN'S HEART AND NERVE PILLS

The first of these is when the young girl is entering the portals of womanhood. At this time she is very often pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption or be a weak woman for life.

The second period is motherhood. The drain on the system is great and the exhausted nerve force and depleted blood require replenishing. Milburn's Heart and Nerve Pills supply the elements needed to do this.

The third period is "change of life" and this is the period when she is most liable to heart and nerve troubles.

A tremendous change is taking place in the system, and it is at this time many chronic diseases manifest themselves. Fortify the heart and nerve system by the use of Milburn's Heart and Nerve Pills and thus tide over this dangerous period. Mrs. James King, Cornwall, Ont., writes: "I have been troubled very much with heart trouble—the cause being to a great extent due to "change of life." I have been taking Milburn's Heart and Nerve Pills for some time, and mean to continue doing so, for I can truthfully say they are the best remedy I have ever used for building up the system. You are at liberty to use this statement for the benefit of other sufferers."

Price 50 cents per box, three boxes for $1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

Edwin Banwell Run To Earth In Jamaica

Man Who Robbed Crown Bank Arrested In Jamaica.

THE MONEY WAS RECOVERED

Miss Hector, the Erindale Young Lady Who Eloped With Him, Also Detained—Jamaica, Being a British Crown Colony, No Extradition Proceedings Are Required to Bring Banwell Back to Canada.

Toronto, Jan. 12.—A cable was received at police headquarters last night from Kingston, Jamaica, stating that Edwin St. G. Banwell, the absconding clerk of the Crown Bank, was arrested there during the day. Detective William Black of the city force sent the message.

Banwell left the city suddenly on Dec. 9 with some of the bank's funds. Miss Hector is also under arrest.

The cablegram from Detective Black notifying the department that he had captured the fugitives also said he had recovered the money. Just how much Banwell got away with is still a mystery. Bank gossip has placed the amount at $60,000 others have run it up to $100,000.

As Jamaica is a British possession, extradition proceedings will not be necessary, and the couple are merely charge under the fugitive offenders act, and it is probable they will come back via Halifax.

Caught After Long Chase.

Minneapolis, Jan. 12.—After a chase, which extended from Quebec, Canada, to the Dakotas, George Ernest Sisling of Nottingham, England, was arrested here last evening, charged with forgery and embezzlement. The complainant is Wm. Bagley, a lace manufacturer in Nottingham. Sisling's alleged defalcations are said to amount to a large sum, but the specific charge is that of forging a cheque for $525. Sisling is alleged to have fled from England in 1904, with his wife.

Conrad Lurie Gets Bail.

Toronto, Jan. 12.—Conrad Lurie, of Chatsworth, who was arrested on the charge of receiving stolen goods, appeared before Colonel Denison yesterday morning. The information accuses Lurie of receiving part of the furs taken from the premises of Monypenny Bros. and Co.'s warehouse during the month of December. The prisoner pleaded not guilty and asked for a remand. The case was allowed to stand and Mr. Curry let the prisoner out on $4,000 bail.

Verdict of Manslaughter.

Ottawa, Jan. 12.—After being out eight hours, the jury in the Larocque murder case returned a verdict of manslaughter for causing James Burke's death in a drunken row on New Year's night. Judge Teetzel sentenced Larocque to five years in the penitentiary.

Bears Honors For Japs.

London, Jan. 12.—Prince Arthur of Connaught, attended by Admiral Sir Edward Seymour and the other members of the Royal Commission appointed by King Edward to present the Order of the Garter to the Emperor of Japan, started yesterday for Tokio. Prince Arthur is also the bearer of three orders of merit for Admiral Togo, Field Marshal Oyama and Field Marshal Yamagata.

Pullman Jumps Track.

St. Louis, Jan. 12.—Plunging from the terminal elevated tracks at Carr street, the Pullman sleeping car Harcourt, attached to the Wabash train, dropped sideways 15 feet to the granite paving of the levee yesterday morning and seven passengers on board were injured. The remainder of the train continued to the Union Station.

Smelter For Cobalt.

Montreal, Jan. 12.—N. A. Timmons, head of the Larose mines, in the Cobalt district, announced yesterday that his company had decided to establish a smelter of their own, at the cost of $250,000. Until it was completed their ore would be shipped to England.

Knox Church Ladies' Aid

A New Society Formed With Good Prospects.

The ladies of Knox church met yesterday afternoon, in Knox church, and completed the organization of a Ladies' Aid Society. There was a good attendance of the ladies, and considerable interest was manifested in the new organization.

The officers elected were:

Hon. President—Mrs. MacPherson.
Hon. Secretary—Mrs. R. E. Wood.
President—Mrs. Scott.
1st Vice-President—Mrs. Mulligan.
2nd Vice-President—Mrs. Marvin.
Secretary—Mrs. J. F. Morrison.
Treasurer—Miss Amy K. Bennett.
Executive Committee — Mrs. Shea, Mrs. Miller, Mrs. Allan, Mrs. McCannon, Miss Menzies.

It was decided to hold the meetings on the second Thursday of the month in the church, at 3.30 o'clock.

The prospects for the success of this new society are bright, eighteen members having joined already.

Grand Organizer Home Circle Here

Election of Officers of Local Circle Held Last Night.

Mr. Patterson of Toronto, the Supreme Grand Organizer of the Home Circle, was in the city yesterday attending the regular meeting of the Peterborough Home Circle, No. 193, at which the installation of officers took place for the year 1906.

Mr. Patterson gave a short address on the progress of the Home Circle. He congratulated the local branch on its aggressiveness and great success.

Mr. Patterson is here making arrangements for the coming delegations to the Grand Lodge meeting, which will be held here in March.

The following officers were installed by Past Leader, Bro. Wm. Kemp:

Past Leader, Sister Anderson.
Leader, Bro. V. Reid.
Vice Leader, Bro. Dr. Morgan.
Rec. Secretary, Sister Minnie Kitney.
Treasurer, Bro. Sgt.-Major Brittain.
Financial Secretary, Sister Harriet Reid.
Chaplain, Bro. Snell.
Marshall, Bro. Wm. Nelson.
Warden, Sister Stella Wilson.
Guard, Bro. Dr. Poole.
Sentinel, Bro. J. W. Carey.

SUBMARINE SIGNALS.

The new Atlantic steamships, Empresses of Britain and Ireland, will be fitted with the new appliances for receiving sound signals through the water. At certain important points in the St. Lawrence River, submarine bells have been placed, which in thick and foggy weather are sounded automatically by pneumatic pressure. In the bow of the new Empresses, and on the port and starboard sides, transmitters will be fitted and connected by wires with a telephone box in the chart room; thus the officer in charge of the ship will hear the warning bells when they are still miles away, and be able to fix the position of his ship whatever the state of the weather. Inasmuch as the submarine signals travel through the water without interference, are not subject to wind and waves, and give an exact location of the source of danger, it is apparent that they become an important factor of safety. The steamer James S. Whitney of Boston, when running at full speed, picked up these signals at eight miles distance, and the officer in charge said the bell sounded distinctly. Another captain reported that he heard these signals clearly in a gale, when all other signals failed.

The question of expense has never been considered by the Canadian Pacific Railway when appliances can be introduced which will add to their passengers' safety. 4d7

CITY NEWS OF TO-DAY

Office Key Found.

—A Yale office key awaits an owner at the police station.

Finance Committee.

—The Finance Committee of the City Council will meet to-night.

J. J. TURNER, W. M.

Gusty Dundas Gets 3 Months For Vagrancy

Habitual Drinker Appeared Before Magistrate This Morning.

Augustus Dundas, alias "Gusty," a one armed individual, staggered into the prisoners' box this morning at the police court, to answer to a charge of vagrancy. Gusty has for years and years absorbed great quantities of old rye, and it is not at all surprising that he should reach the position he is now in. Gusty has ten acres out on the Gravel Road and from this he has always managed to make enough money to keep body and soul together and buy enough "booze" to get drunk on every time he comes to the city.

"What have you got out there, anyway?" said His Worship to Gusty.

"I got some stuff," said Gusty.

He then produced a small bill announcing the sale of some of his effects. Besides the ten acre lot, his horse and some grain and vegetables Gusty possesses practically nothing, and has, he asserts, been ejected by even the members of his own family. His wife and son left him a short time ago, but Gusty was "doctorin" for a chronic trouble and therefore unable to accompany them. His own daughter, too who lives in this city, he says went out to the farm and picked out some of the best of his fruit, agreeing to pay him proceeds of the sale of the same, but the returns he got were very small. He also told a lot of other things to the court concerning himself and his doings. He is in a very feeble condition and has been in the hospital for a couple of days, but did not care for that place, and for the last couple of nights resorted to the police station as a place of abode.

As he is very old and feeble and without friends, the Magistrate sentenced him to three months in gaol, advising him to try and get somebody to look after the sale.

"Good-bye Yer Honour," said Gusty as he was going down stairs.

Two young men charged with being disorderly were remanded till Monday.

Charles Gow Given His Liberty This Morning

Young Dummer Man Who Served Three Months for Manslaughter Left the County Gaol To-day a Free Man—Looks Well and Has Conducted Himself Well.

This morning, Charles Gow, who was sentenced to three months' imprisonment in the County Jail on a charge of manslaughter for the death of Thomas Hill, the eleven-year-old Dummer boy who was shot last August, walked out of the jail a free man, having completed his three months' incarceration for the offence which the jury found him guilty of committing.

Mr. Gow has been in good health, and this morning looked well and happy, as he doubtless was, with his term completed. During the three months that he has been confined he has been a most exemplary prisoner and has given the officials absolutely no trouble. He has been engaged in the ordinary work which those confined there are given, and has performed it faithfully and well.

He called at the office of his solicitor this morning after being liberated, and also waited on a number of his friends here, who congratulated him upon his liberty.

He left for his home in Dummer this morning. His father, who has been ill for some time, is considerably improved in health, and would of course be pleased to welcome his son home again.

TAKE NOTICE that the WATKIN MILLS Great English Concert Company of five grand artists, will give a concert on MONDAY, January 22nd, in the Grand Opera House, under the auspices of the City Lodges of Oddfellows. Tickets at Madill's and Nugent's Drug Stores, at T. H. Hooper's Confectionery, Sanderson's Jewellery Store, or of Col. Miller, 438 George Street.

PERSONAL MENTION

Mr. J. W. Anderson, Montreal, is in the city.

Mr. T. H. Crowley has gone to Toronto on business.

Mr. H. Johnston, Hastings, is a guest of the Oriental.

Mr. Geo. E. Pepne, of Hamilton, is in the city on business.

Mr. W. Johnston, of Hastings, is registered at the National.

Mr. L. D. Phelps, of Eastman, Q., is registered at the Oriental.

Mr. J. Somerville, Montreal is registered at the Snowdon House.

Mrs. F. J. Gourlay left last night for Lindsay where she will visit friends.

Mr. T. H. G. Dénné, of the American Cereal Co., is in Ottawa to-day on business.

Mrs. C. B. McAllister is receiving this afternoon and will not receive again this month.

Mrs. T. H. Crowley left last night for Sault Ste. Marie, where she will remain for some weeks.

Mr. C. P. Walker, of the P. B. J. McPherson establishment, has just completed a wiring contract in Lakefield.

Mr. William Douglas has returned to his home at Peterborough after visiting his aunts, the Misses Dundas, Charles street.—Port Hope Guide.

Mr. J. E. Annger has resigned his position as trustee and secretary-treasurer of the school at Blairton after acting in that capacity for twenty-eight years.

Mr. G. A. Gamsby, of Orono, whose solos have delighted those who have attended the meetings of the Dairymen's Convention, has an engagement in Hamilton for Monday night. He is a popular vocalist.

Mr. Geo. C. Easton, Jr., is registered at the Oriental. Mr. Easton will act as teller for the Bank of Montreal here, in the absence of Mr. G. L. Main who will leave the city tomorrow for Fenelon Falls.

Mrs. R. McFaddeo, and Miss Francis, of Trent Bridge, and Miss Estella McFadden, of Peterborough, who have been visiting Mrs. L. Arobambault and Mrs. W. Devell, town, have returned home.....Mr. C. P. Pearson, of Peterborough, was in town to-day.—Lindsay Post.

Mrs. A. C. Stevens entertained yesterday afternoon at her pretty home, Gilmour street in honour of her guest, Miss Thompson, of Gananoque. A delightful afternoon was spent with cards. Dainty refreshments were served. To-morrow afternoon Miss Helen Stevens will entertain a number of her young friends.

Neil Cameron, representing the Ontario Wind Engine and Pump Co., of Toronto, who manufacture windmills, pumps, gasoline engines, cattle basins and all water supplies, has been in close attendance at the Dairymen's Convention, distributing circulars, etc., which are of interest to the dairymen.

"Dora Thorne" Here Tuesday

"Dora Thorne," Bertha M. Clay's popular novel, has been dramatized. The production of this play has proved to be one of the best melodramas of the season. The book has already achieved a reputation for the author; now the play is establishing or rather adding to the splendid reputation of the producing managers, Messrs. Rowland and Clifford. It is a beautiful love story, simply told and in a manner that every one enjoys. Even the gallery gods sit throughout the performance with rapt attention and afterwards say that it is "a bully show." "Dora Thorne" will be the attraction at the Grand Opera House next Tuesday, Jan. 16th. Prices remain the same, 25c., 35c., 50c.; gallery, 15c.

Prof. Milner Resigns Office

Talented Organist of George Street Church Gives up Position.

Prof. Chas. E. Milner has resigned his position as organist of the George street Methodist church, after having occupied the position for over a year.

Mr. Milner commenced duties as an organist in London, Eng., when a small boy. During the interval between the years 1881 and 1886 he was organist of the Baptist, Presbyterian, and assistant organist at St. Michael's Bowes Park churches, respectively, all in North London.

He held the position of organist and choirmaster at Lostwithiel Parish church, Cornwall, from 1880 to 1904, in which capacity he scarcely missed a Sunday during the whole 24 years.

He passed his degree of Associate, Royal College of Organists, in London, Eng., in 1889. He came to Canada in October, 1904, and shortly afterwards was appointed to the position in George street Methodist church. He is still in the city, where he intends remaining for some time, at least.

DANDRUFF DON'T WASH OUT

The Germ That Causes It Has to Be Destroyed, to Cure Dandruff.

Many a woman spends an hour twice a week scouring her scalp, thinking that by scrubbing off the scurf she will cure the dandruff. Two hours a week, at the age of 40 years, she has spent 260 days of 12 hours each, or two-thirds of a year of her life in that vain hope; vain because you can't cure dandruff without killing the dandruff germ, and the only hair preparation on earth that will do that is Newbro's "Herpicide"—also a delightful hair dressing, and thorough antiseptic against all contagion from use of other's hair brushes. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Don't go Stale.

—Be a "regular," and join the list of well-pleased patrons at Eddie LeClaire's new barber shop, Snowden's Block, Simcoe street. It's a handy place for busy business men to get a shave or hair cut, quick.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

The "Radiant Home" Heater gives more heat with less coal than any other stove yet invented.

That is the testimony of thousands of delighted purchasers all over Canada.

Revival Meeting At Park Street

There was a large attendance at the revival meeting in the Park street Baptist church last night.

Rev. J. S. Leckie was the speaker, and his subject was "A Young Man's Mother." The idea of the mother as a guide, companion and guardian, was developed by illustrations, and striking incidents.

Miss Hill, of Lancashire, England, rendered with good effect a vocal solo. The meetings are being held each night except Saturday night, and are increasing in interest.

See Our Windows.

In order to add additional interest to our already successful ALL-ROUND SALE, we are placing an extra lot of specials on sale at TWO O'CLOCK P.M., on Saturday, to give those unable to attend earlier in the week, an opportunity to secure some of the wonderful bargains we are giving. Other goods on sale all day Saturday. Richard Hall & Son, 353-355 George street.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

To Editor Post Card Column:

Dear Sir,—In answer to "Close Call's" complaint in issue of January 11th, 1906. It seems to be the custom of a great many people of this city to make complaints or raise objection to other people's way of doing their work. It seems to be "Close Call's" opinion that a car is obliged to stop at Park and Charlotte, coming from the north, "Not at all times"; only when there is something to stop for. "Wake up" and look before you cross any track and see if there is a car approaching, and then if you have time to cross alright and if not wait a couple of seconds. It is a wonder to me as "Motorman" that more people in this city don't get their shins scraped on account of their own carelessness. Being well acquainted with all the street railway employees, I know that there is not a man who want's to run down anyone or have an accident of any kind if they can avoid it.

MOTORMAN.

January 13th, 1906.

J. SUTCLIFFE & SONS

Blew Open Safe With NITRO GLYCERINE AND Got Away With $60.00

Ald. Hicks' Office Burglarized Early Sunday Morning—Entrance Gained by Forcing Side Door--Audacious Burglars Seem to Have Had Easy Time--Affair Was Not Discovered Until Nine Hours After it Occurred--Police are Working on Case But There is no Clue to Parties.

The most audacious burglary that has taken place in the city for years, occurred early on Sunday morning, when some party or parties, at present unknown, broke into the office of Alderman R. Hicks, coal and wood merchant, on Murray street, blew open the safe with nitro-glycerine, and got away with between $50 and $60 in cash.

The burglars were most successful in their operations. Entrance was easily gained to the office, the safe seems to have been entered without much difficulty, and as the theft was not discovered until nearly ten o'clock yesterday morning the guilty parties had plenty of time to make good their escape.

Job Was an Easy One.

The office was entered by means of the west door of the building, the forcing of which was a very easy matter, as the lock was of a simple, and by no means substantial nature. Once inside, the opening of the safe was equally easy. The knob of the safe seems to have been knocked off with a hatchet, and a heavy charge of nitro-glycerine inserted in the resulting opening. The safe contained as far as known between $50 and $60 in cash, about $20 of which was in silver, all of which was taken. In addition to the cash there were in the safe about $100 in checks, and a number of notes, none of which were carried off.

The thieves seemed to have been working under a lucky star, as it is only very seldom that such a large sum is kept in the safe, the only money which Mr. Hicks has been accustomed to leave being $15 or $20 for petty cash. The various desks and drawers in the room were allowed to go untouched, and the men seem to have confined their attention entirely to the cash in the safe. A Canadian Machine telephone hanging on the wall, near the safe, was forced open, the burglars apparently thinking that it was some kind of an alarm, which might lead to their discovery.

The crime took place about one o'clock. The explosion was heard by Mr. Hicks, who lives on the corner of Murray and Aylmer streets, a short half block distance from the office. Others living in the vicinity were also disturbed by the explosion, but beyond wondering what it was, paid no attention to the noise.

Got a Long Start.

The affair was not discovered until about 10 o'clock yesterday morning when Mrs. Hicks noticed that the front windows of the office were broken. The police were at once notified, and Chief Russel and P. C. Adams hurried to the office. There was not much for them to work on there, however, for the men left no clue to their identity behind them with the exception of a small hand-axe and a cold chisel which may possibly aid in their arrest, although it is very doubtful. The police are on their mettle and will do their best to run the guilty parties to earth. The case is however, a most difficult one as they had so much time to to cover their tracks. Speculation is rife as to whether the crime was committed by local men or by professional cracksmen. The coolness and success of the act, however, seems to point to the correctness of the belief that they were no novices in the use of explosives or in other branches of the burglarising profession.

Explosion Was Terrific.

An Examiner representative in company with Ald. Hicks, visited the office yesterday afternoon, and found an amazing scene of devastation. The front of the office was almost completely wrecked by the explosion. Nearly every pane of glass in the large front window was shattered, the door was blown completely off the safe, the counter was badly damaged and the filling used in the construction of the safe, strewn over the floor. The charge of nitro-glycerine used must have been a large one and the force of the explosion was terrific as is shown by the condition of the safe door which is badly twisted and distorted. The safe which was an old one and worth between $50 and $100 is completely ruined and Mr. Hicks will be forced to purchase another.

Was Not Unexpected,

"I have been expecting this for two years," said Ald. Hicks to the Examiner yesterday. "For the last year I have left the lights burning at night in the hope of averting it."

"I was awakened by the explosion about one o'clock, he continued, "and said at once, 'there goes my safe.' I got up and went to the front window from which my office is visible. Everything seemed to be all right there as the lights were burning as I had left them. My wife thought the sound came from the east instead of the west of the house, and as I also had the same impression I retired again without investigating the matter. I did think at that time there was more than $15 or $20 in the safe."

The police are at work on the case and are doing their utmost to find the criminals, whom it is to be hoped will be caught before they have another opportunity of displaying their talent as burglars.

Capacity Of The Works Increased

Addition to Lock Works Gives One-Third to One-Half Greater Capacity.

The Peterborough Lock Company have a number of men engaged in fitting up the new rolling and plating rooms, removing the brass foundry to the new addition, altering some of the shafting, and erecting some new, and making changes to the moulding shop. It is expected that the shop will be again running to the limit of its increased capacity, with an increased number of employees, by February 1st. The enlarged facilities will give the company an opportunity to increase the output from one-third to one-half.

Robins Seen In Mid-January

That robins can be seen flitting about in Peterborough in the middle of January, is an undeniable fact. Yesterday forenoon one was observed perched in an apple tree, dining on a frozen apple, by Mr. Thos. McIntee, of Reid street, and the bird was pointed out to several passers-by, including a member of the Examiner staff. The bird was not a grosbeak, simply a common robin, with the orthodox merry chirp, and customary flight, and seemed to be in robust health and spirits.

Mr. Charles Brownlee of East City, is authority for the statement that a robin was to be seen at noon to-day merrily piping his little lute, at the rear of his residence, Rogers street.

Plans For New Wharf System In Preparation

It Will Extend for 1000 Feet South of Hunter Street—A Substantial Structure of Stone and Cement—Rapid Progress Being Made With Work of Dredging—Second Cut Now Being Made—A Travelling Derrick.

NEW CHANNEL WILL HELP THE LUMBERMEN

The dredge which has been engaged in deepening the channel in the Otonabee River from the Hunter street to the C.P.R. bridges, has commenced on the second cut.

The dredgings from this second cut will be deposited between the embankment raised by the first cut and the spur line of the C.P.R., and in order to facilitate this work a travelling derrick is being erected by Mr. Wm. Quinn, who is in charge of the dredging operations. This derrick will take the dredgings from the dipper depositing them in the desired place.

It is understood that the plans for the new system of wharves which the Government will construct, are in course of preparation. They will extend southward from Hunter street for 1,000 feet which will be about opposite Charlotte street. Stone cribwork will be used for the bottom, and a concrete top, and it will be a substantial structure.

One of the benefits which the deepening of this channel will give, will be that to the lumbermen who use the river for driving logs. In the past considerable trouble has been experienced in driving the logs over the old Rogers dam. They have been in the habit of blocking the river at the glance pier at the Hunter street bridge, and the services of several men for days have been required every time a drive comes down to dislodge the logs. Now if a glance boom is swung from the pier to the foot of the dam this trouble will all be averted, and with two or three men the logs can be prevented from piling up, and they can be sent into the swift water in the channel without any difficulty. In this one item alone the lumbermen who use this river will be saved from $500 to $600 per year.

Dredging will be continued all winter.

Appointment Of Sub Committees

On Wednesday night, after the prayer meeting in the Murray street Baptist church, the sub-committees will be appointed. The appointment of these committees was left over from the annual meeting on Thursday evening.

The Smart Shirt Store

It's Like Getting Money From Home

to get our lonely garments at our lonely prices,

$10, $12, and $15

Consider the facts. Our policy will not permit us to carry our garments over till next winter, though the change in style will be very small — too small for you to notice.

On account of weather conditions our stock is still large, and all up-to-date styles.

All lonely garments of which we have not a complete range going at $10.00, $12.00 and $15.00.

It will pay you to look them over.

Cressman's

Well Satisfied With Present State of Affairs

Mr. Geo. W. Lorimer, of Pigua, O., spent Sunday in the city a guest at the Oriental. Mr. Lorimer, who is a brother of Mr. Egbert S. Lorimer, of the Canadian Machine Telephone Co., of this city, and associated with him in the invention of that wonderful instrument, has just returned from a visit to Paris. He inspected the system here during his visit and was very much pleased with the condition in which the affairs of the company are. Mr. Lorimer was accompanied by Mr. D. T. Johnston, of Toronto, one of the shareholders of the Canadian Machine Telephone Co.

"Royal Way of The Holy Cross" Was the Subject

Rev. J. P. Wilson Preached Anniversary Sermons at George Street Church—Importance of Self-Sacritice Emphasized—Large Congregations Were Present—Lady Vocalists Wore Gowns and New Organ Was Used.

DISCOURSES WERE VERY ELOQUENT

Very large congregations attended the services at George street Methodist church yesterday, when anniversary sermons were preached by Rev. J. P. Wilson, B.A., of Belleville, a former pastor of George street. Rev. Mr. Wilson is an eloquent and forcible speaker, and his earnest discourses were listened to with close attention. In addition to being anniversary Sunday, the day was marked by the first appearance of the lady members of the choir in their new gowns of black and white. The new organ was also used for the first time in divine worship, and its pure tones made a most favourable impression. The skilful manipulation of Prof. Milner, who presided at the organ during the day brought out its fine qualities to full advantage, and also demonstrated his exceptional proficiency as an organist.

In the morning Rev. Mr. Wilson took as his text St. Matthew x., 38; "And he that taketh not his cross and followeth after Me, is not worthy of Me." In the beginning he commented upon the use of the cross in places of worship. Many people used it to adorn their church-

REV. J. P. WILSON, B.A.,
Of Belleville, Former Pastor of George Street Church, Who Preached There Yesterday.

es, church furniture and carpets, and wore it about their necks. No fault was to be found with that. The question was, what was the meaning of the cross? Jesus Christ had explained it Himself when He came into the world to lay down His life for humanity. The cross of Jesus Christ meant a life of self-sacrifice.

There was a difference, however, between self-sacrifice and self-denial. Self-denial might be for selfish ends. Jesus had exemplified self-sacrifice when He gave Himself up for every body. He did not seek gold or riches or power, but gave Himself to save mankind. Self-sacrifice was always a perfect, complete, whole offering, body, soul and spirit. The life of Jesus was one stupendous miracle.

The speaker passed on to discuss the next phase of the subject. The way of the cross was the way of love. There was no cross without love, and no love without a cross. Love always bore sorrows and carried griefs. The anxiety of the mother as she watched by the side of the sleeping babe was instanced. "Multiply that love by infinity, and there you get some conception of God's love for us," said Mr. Wilson.

He who loved most, suffered most. The speaker had seen women with woeful, white faces and breaking hearts, whose husbands were untrue, and recently stood by the bedside of a man who was dying because his sons had broken his heart. Wherever love was there was the cross. If people saw humanity as Christ did they would feel as Christ did. There were men who were spending and being spent to save humanity, because they saw as Christ did. Dr. Barnardo and Sir Geo. Williams were quoted as examples. The world was full of poor men who might be helped. It almost broke one's heart to bear the burden of one man, and he did not wonder that Jesus Christ had died, as some say, of a broken heart. The most beautiful nature was the one that loved most and suffered most.

The way of the cross led to a life of helpfulness. Here the speaker referred to the work of Lady Henry Somerset and other reformers, and asked what would be the result if all men and women were to give themselves up to the work of Christ. The royal way of the holy cross meant that people were to help one another. The mother poured out her life for her child, and the husband toiled for the sake of his family. To lay down one's life did not mean to die; it means a willingness to die if necessary. The question was not "How much can I get out of life, but how much can I put in it?" That was why the missionary was worth more than commerce.

The speaker commented on the fact that so few sons of rich families went into the ministry, and so few rich girls became missionaries. Life gave many opportunities to be of help to others. It should be our work to go out and help the broken-hearted men of the world.

The way of the cross was also the way of happiness. It was the great desire of the world to be happy. Stoics said the way to be happy was to cease to aspire, but Jesus said that self-sacrifice is the way. People were always the happiest when they sacrificed themselves for others. The way of the cross was the way of victory, and what was once the insignia of shame has become the insignia of honour and glory.

The Protestant Home Donations

Doyon, clothing; Grafton & Co., clothing.

City Engineer's Annual Report

The city engineer is busy preparing his annual report on the work done by his department during 1905. It will be a voluminous document, and will deal in detail with the work done on the streets and bridges during the past year.

The report will in all probability be ready for presentation to the council at the next regular meeting. At least Mr. Hay is trying to accomplish this, but his many duties make it impossible for him to make much progress with the preparation of the report.

AN INNOVATION ON GRAND TRUNK RAILWAY.

In order to facilitate the prompt delivery of baggage at Toronto, Montreal and Hamilton, and to avoid delay and annoyance often occasioned at those points, the General Baggage Department of the Grand Trunk Railway System, are arranging for the checking of baggage from all stations in Canada direct to residences, hotels, railway stations and steamboat wharves in the above cities.

Under this arrangement a passenger from any station on the Grand Trunk Railway System, upon payment of 25 cents for each piece, will be able to check his baggage direct to any residence, hotel, etc., thus avoiding the necessity of making arrangements for delivery on arrival and insuring the prompt receipt of baggage at destination.

Under this system, baggage when received from trains at destination, will be immediately delivered direct to the Transfer Company, for PROMPT DELIVERY, thus avoiding delays previously occasioned by placing same in baggage room, recording, re-assorting, etc., thus saving time and unnecessary handling.

Further announcement will be made of date this service will be put into effect. 3d11

Uncleanliness of Market Building

Attracting the Attention of the Sanitary Inspector.

Very serious complaints are being made regarding the sanitary condition of the market building. The Board of Health was this morning notified by the sanitary inspector to look after the matter, and if not promptly attended to at once prosecution will follow. It is said the market building is in a disgraceful condition.

Arch Built Like Solomon's Temple

Some Further Information About Prince of Wales' Visit.

Mr. Geo. Cochrane, High County Constable, has furnished some additional information to that published on Saturday in the Examiner in reference to the visit of the Prince of Wales to the town. The arch to which reference was made was, he stated, erected by Nathaniel Shaw, and, it was like Solomon's Temple, built without the sound of a hammer or saw. Mr. Cochrane stated that not a single board was cut nor a nail used in the whole arch, which was supplied by Mr. Wm. Snider. It was decorated with birch bark canoe and paddles, beaver and deer. On the top of the arch were 25 river drivers fitted out in black trousers, red flannel shirts and red sashes, by Messrs. Nicholls and Hall. They were in charge of Mr. Alex. Edmison, one of the finest looking men in the community, standing six foot two inches in his stockings. Mr. Cochrane relates that when the procession was passing the place where the Examiner office is situated now, a man from the crowded walks, who had known the Prince in England, stepped to the carriage and shook hands with him.

Charged With Using Bad Language

Two Young Men Accused of This Offence Appear in Court.

A single case, from which those who were not interested were excluded, occupied the attention of Police Magistrate Dumble for an hour this morning. This case was enlarged from last Friday. It was a charge of using insulting language to girls, against two young men.

Cephas Stephens was the first witness examined. He works at Auburn at night, and walks down every morning with the two defendants and their foreman, Mr. W. Davidson, past the house where the complainants board.

In the evidence of other witnesses it was shown that they board at the residence of Mr. Wm. Bell, 758 Water street. On last Saturday morning, the day that the accused are charged with using this insulting language, he walked about 18 yards ahead of them, but did not hear any such language used.

Miss Lizzie Westfall was next examined. She is employed at the Auburn Woollen Mills, and identified McCorry and Weatherstone as the ones guilty of the offence. She looked under the curtain of her bedroom, which was raised about four inches. She had done this several times. They had used, she said, names on several occasions.

Miss Mac McCracken, an employee of the silk works, had not seen the defendants, but said she recognized their voices, although, as did all the witnesses for the prosecution, she was not personally acquainted with them, and had been in now way associated with them.

Miss Bertha Chapman is employed in the Auburn Mills. She did not know the accused young men at all, and could give no definite evidence against them.

The evidence of the witnesses for the defence was very much different from that of the prosecution. The defendants claimed that they did not know any of the young ladies who accused them of using bad language and denied ever having done so. In the evidence of the complainants it was stated that Mr. Bell had gone out of the house one morning and told the accused that the matter had gone far enough, and that it was about time it was stopped. This they denied, saying that Mr. Bell had never spoken to them, and that he was an entire stranger to them. Mr. McCorry, in giving his evidence, said that he thought it was impossible for anybody to recognize another person who was distant 5 or 6 feet, at 6 o'clock in the morning, the time that he and his friends came from work. There were two electric lights not far from the house where the young ladies boarded, but their illumination does not extend as far as the house.

Mr. R. F. McWilliams appeared for the defence.

The case was again enlarged until to-morrow morning, when the evidence of Messrs. Bell and Davidson will be heard by the court.

ILLINOIS CENTRAL RAILROAD.

The Illinois Central announce special bargain day rates to New Orleans for Mardi Gras. Twenty-one day limit, liberal stop-over arrangements. $19.50 from Chicago, February 20; $15.10 from St. Louis, February 20.

Will Enlarge Present Library

Mark Street Methodist Sunday School Committee Will Discuss Matter.

A meeting of the Sunday School Committee of the Mark street Methodist church will be held this evening at the close of the Epworth League service. It is important that all members should be present, as the proposed enlargement of the library will be discussed. It is the intention of the committee to make a considerable addition to the library which will place it in first-class condition.

Opening Store In Hastings

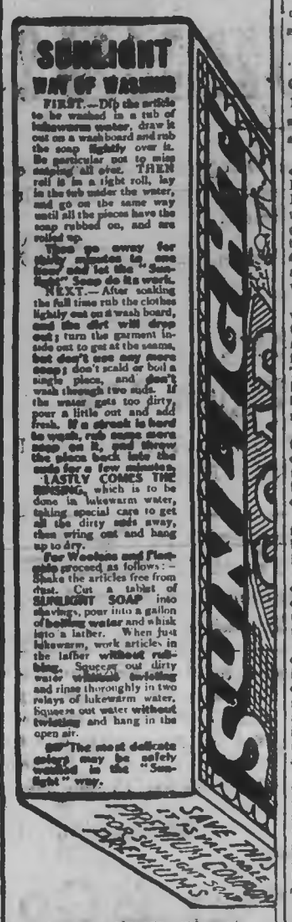
Mr. H. T. Lambert, formerly in the employ of Mr. A. E. Micks here, and Mr. J. E. Willcox have formed a partnership and have opened a tinshop and hardware store in Hastings.

Mr. Wilcox was formerly a resident of Hastings, and more recently was agent here for the Manufacturers' Life Insurance Co.

Alexander Carr, the deaf mute, whose disappearance was reported some days ago in these columns, has returned to the city. He was located in Toronto, and yesterday Mr. W. O'Rourke, with whom Carr lived while he was here, went to Toronto and brought the missing man back to Peterborough.

SUNLIGHT SOAP

is better than other Soaps but is best when used in the Sunlight way. Follow directions.



SUNLIGHT
WAY OF WASHING
FIRST.—Dip the article to be washed in a tub of lukewarm water, draw it out on a wash board and rub the soap lightly over it. Be particular not to miss scraping all over. THEN roll it in a tight roll, lay in the tub under the water, and go on the same way until all the pieces have the soap rubbed on, and are rolled up.
Then go away for fifteen minutes to one hour and let the "Sunlight" Soap do its work.
NEXT.—After soaking the full time rub the clothes lightly out on a wash board, and the dirt will drop out; turn the garment inside out to get at the seams, but don't use any more soap; don't scald or boil a single piece, and don't wash through two suds. If the water gets too dirty, pour a little out and add fresh. If a streak is hard to wash, rub some more soap on it, and throw the piece back into the suds for a few minutes.
LASTLY COMES THE RINSING, which is to be done in lukewarm water, taking special care to get all the dirty suds away, then wring out and hang up to dry.
For Woollens and Flannels proceed as follows:—Shake the articles free from dust. Cut a tablet of SUNLIGHT SOAP into shavings, pour into a gallon of boiling water and whisk into a lather. When just lukewarm, work articles in the lather without rubbing. Squeeze out dirty water without twisting and rinse thoroughly in two relays of lukewarm water. Squeeze out water without twisting and hang in the open air.
The most delicate colour may be safely washed in the "Sunlight" way.
SAVE THIS PICTURE
FREE—PUBLIC COUPON FOR SUNLIGHT SOAP PREMIUMS

$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

5c. Buy it and follow directions. 5c.

Sunday Service At Park Street

"How Traps Are Set" is the Subject To-night.

The revival services at the Park street Baptist church are in full swing, there being an unusually large congregation at yesterday morning's service.

Rev. J. S. Leckie, LL.B., spoke on "Mountain Gloom and Mountain Glory," taking for his text Isaiah 55; 12, "The mountains and the hills shall break forth before you into singing."

Mount Ararat, he said, represented sin, sorrow and salvation; Mount Moriah, Atonement; Mount Horeb, Moses' Call; Mount Sinai, Face to Face Communion; Mount Pisgah, Hope; Mount of Transfiguration, Divine Fellowship; and Mount Calvary, Redemption. These mountains of Scripture, he said, were worth the climbing.

At the evening service the subject was "The Parting of the Ways," the text being Ruth 1; 16, "Entreat me not to leave Thee or to return from following after Thee, for whither Thou goest I will go, and where Thou lodgest I will lodge; Thy people shall be my people, and Thy God shall be my God."

The parting, he said, took place on the banks of the Jordan. In reference to Naomi, he said that three things were in her favour, 1, loyal to God; 2, true to the dead; 3, honest to the living.

The three women whom he referred to in his sermon represented the backslider, the actor, and the careless.

The after-meeting was the most encouraging of the series, and one of deep solemnity, many signifying their intentions to commence a better life.

These revival meetings continue each night, the subject for this evening "How Traps are Set," illustrated by actual traps. This theme promises to fill the church, as many are looking forward to this interesting lecture, as Mr. Leckie has had nine years' experience in nature study in the northern forests.

On Thursday evening the subject will be "Life in a Lumber Camp," which is also attracting much attention. The singing each night is very enthusiastic, and the meetings are producing much good to those attending. The prayer meeting each night is at 7.30, and the evangelistic services at 8 o'clock.—Com.

Yesterday At Y. W. C. A. Hall

Dr. Crothers spoke at the Gospel meeting of the Y.W.C.A., on Sunday, on "Some Women whom Jesus Met." He said that we have a Saviour as real to-day as ages ago; when He was here He went about healing and raising the fallen. Christ as Teacher and Reformer appeals very strongly to us. "He came not to call the righteous but sinners to repentance," "and the common people heard Him gladly," yet He did not spare the sinful. He put the knife into the wound, but then He healed it. Among the women of the Gospels we have Peter's wife's mother, the daughter of Jairus, the Syro-Phoenician woman, the woman of Samaria, and the woman who anointed Him, all of whom were full of gratitude to Christ for His help and healing power. Then there were Mary Magdalene who ever loved and followed Him, Mary the Mother of Jesus, and Mary, the sister of Martha. Mary and Martha were two of the Master's most intimate friends — Mary chose the better part. There are many good things to-day, education, culture, business —but they are not the best—there does not come by accident or through any influence, but it must be chosen; so we occupy an imperial position — we can fashion our destiny. Religion is often mystified by talk of creeds and doctrines, and yet Christ's religion is simple — we have but to believe, and trust, and we are His—it is a matter of choosing.

Mr. J. Legg sang an appropriate solo.

Are Your Nerves In Health?

STUDY HERE THE INDICATION OF A FAILING NERVOUS SYSTEM

Dr. Chase's Nerve Food

It is surprising what hosts of people are suffering as the result of an exhausted nervous system and do not know the nature of their ailment.

They cannot sleep at nights — are restless and fidgety in the daytime—their tempers are easily irritated—little things worry them—they cannot concentrate their minds, and find their memories failing — there are spells of nervous headache—the digestion is impaired—palms and soles of a neuralgic nature afflict them—feelings of dissouragement and despondency come over them at times, and they get in the way of looking at the dark side of things.

If this describes your experience you will be interested in Dr. Chase's Nerve Food, for this great food cure gets at the very foundation of nervous troubles and cures in the only natural way, by enriching the blood, revitalizing the wasted nerve cells, and building up the system generally.

Diseases of the nerves take different forms in different people, but they slowly and surely lead to nervous prostration, locomotor ataxia or paralysis — to weakness and helplessness of mind and body.

Mrs. F. Turner, 636 Aylmer street, Peterborough, Ont., and whose husband is employed at the Hamilton Foundry, writes:—

"For some months past I found myself growing nervous, and gradually becoming a victim of sleeplessness and subject to frequent attacks of nervous headaches. About six weeks ago I began the use of Dr. Chase's Nerve Food and cannot speak too highly of this medicine. I can sleep well [illegible] nerve system, generally, has been improved greatly by the use of this treatment."

Dr. Chase's Nerve Food acts strictly in accordance with the laws of nature in creating nerve force in the body, and you can use it with positive assurance that every dose is at least of some benefit to you. Prove this by noting your increase in weight. 50 cts. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Burglars Have Not been Found

Suspicious Characters Seen in Neighbourhood of Hicks' Office Saturday.

Although the police have been working on the case for the last two days, the men who burglarized Hicks' office early on Sunday morning have not yet been discovered, nor is any clue to their identity apparent. Several suspicious characters are reported to have been seen in that neighbourhood on Saturday, but there has been nothing to connect them with the burglary. Mr. Daniel Sheehan saw a man, apparently a tramp, on Bethune street, about ten o'clock on Saturday night, and he seems to think that he was one of the burglars. A strange man is said to have applied for a job at Hick's office on Saturday, and it is thought by some that he may have been mixed up in the affair.

Toys And Books For Sick Children

The children of All Saints' Sunday school have this year followed the example set last year, and are sending a box of toys and books to Toronto to the Sick Children's Hospital. The children divided up the toys, etc., which Santa Claus gave them at the Christmas entertainment, and have decided to send them to Toronto, where they will no doubt gladden the hearts of the children in the Hospital.

This was done last year, and the pleasure which their generosity gave was so great that they have this year decided to duplicate it.

Trinity's Claims Were Presented

Rev. F. Roy preached last night in St. Luke's church in the interests of Trinity University. He presented the claims of that institution for the support of the church, and made a strong plea for assistance to place it on a par with the other denominational colleges in the Dominion.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Dear Sir,—I was at church last night, of course that's not an uncommon indulgence on my part, but I did not get much good of the service, when I go to hear a man preach I like to see who is talking, but, sir, this was impossible last night. For a solid hour I stared at the back of a large brim fell hat, a nice enough hat in its way no doubt, but hardly sufficiently attractive to me, to compensate me for my inability to see the preacher. I couldn't even see the choir, and I am told that they were wearing the new gowns which are becoming so popular. Maybe they were, but I couldn't swear to it.

The custom of ladies to remove their hats at courts might, I think, be adopted in church, or if they must wear hats why on the name of common sense do they not wear something which will not block the vision of half a dozen people who sit behind them?

Yours,

ECLIPSED.

Pilots to Honor Him.

Quebec, Jan. 15.—The Quebec Corporation of Pilots will assist at a solemn mass for the dead to be celebrated in the St. Roch's Church on the 16th inst., in memory of the late Hon. Raymond Prefontaine.

Russia's Envoy.

Washington, D. C., Jan. 15.—It is learned here that Count Cassini, Russian Ambassador at Madrid, will represent Russia at the Moroccan conference.

M. TAIGNY RECALLED.

Relations Are Formally Severed Between Prabut and Venezuela.

Castries, Jan. 11.—(Via Port of Spain, Trinidad, Jan. 15.)—The Venezuelan Government, having continued to abstain from renewing relations with France, through M. Taigny, the French charge d'affaires, Mr. Russell, the American Minister yesterday (Wednesday) afternoon, delivered a note to Venezuela on behalf of France severing relations between the two countries.

The archives and interests of France remain in the hands of Mr. Russell.

M. Taigny has been recalled.

Communication by way of the French Cable Co. is prohibited, and despatches must be sent by way of the Island of Trinidad.

Resumption Cable Communication.

New York, Jan. 15.—The Commercial Cable Co. announced yesterday that it had been advised by the Venezuelan Government that telegraphic communication with Venezuela is open by way of Trinidad and Amaseura. Despatches are forwarded between these points daily.

"GUILTY," SAY PLUMBERS.

One Hundred and Twenty-Two Defendants in Conspiracy and Fraud Charges Admit Their Guilt.

Toronto, Jan. 13.—One hundred and twenty-two members of the Plumbers' Union, under individual indictments for conspiracy to defraud and to restrain trade, pleaded guilty before Chancellor Boyd in the Assize yesterday, and they are to be sentenced on Monday next.

Nine of them, through Mr. W. Riddell, their counsel, pleaded guilty to conspiracy to defraud the Toronto Bedding Co. of $200.

Four others entered a similar plea to a charge of conspiracy to injure J. W. Reeves, and another quartette, represented by J. G. O'Donoghue, pleaded not guilty. An indictment against H. E. Jarman, who had given evidence, was withdrawn.

R. M. Yeoman, for whom Mr. Riddell pleaded guilty, with a group of others, stood up in court and changed his plea to not guilty. Mr. Riddell announced that restitution had been made in all his cases and this fact will be considered by Chief Justice Boyd in imposing sentence.

Mr. Lowes Wins.

Buffalo, N. Y., Jan. 15.—Ex-Senator McClelland, chairman of the board of appraisers, rendered his decision Saturday in the case of the four horses belonging to W. R. Lowes of Brampton, Ont., that were seized at Niagara Falls for undervaluation. After searching investigation and hearing both Appraiser Hill and Collector Brendel, who raised the question and had the horses seized, the chairman decided on all points in favor of Mr. Lowes and the horses were released.

To Regulate Insurance.

Washington, D. C., Jan. 15.—United States Senator Dryden has revised his bill contemplating government control of insurance, and will reintroduce it in the Senate to-day. He has followed very closely the investigation by the New York legislative committee, and now expresses the belief that his bill will correct practically all of the insurance evils exposed by the New York inquiry.

Yankees Entertain British.

Manila, Jan. 15.—The entertainments provided yesterday by the enlisted men of the American fleet for the men of the visiting British squadron, comprising a dinner and a vaudeville show, were attended by two thousand persons. Admirals Nedl and Train were present. The British squadron sailed yesterday for Saigon.

Saved a Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

Nogi at Tokio.

Tokio, Jan. 15.—Gen. Nogi, who arrived here yesterday from Manchuria, was given a popular reception similar in enthusiasm to that accorded to Admiral Togo.

Natural Gas At Edmonton.

Edmonton, Jan. 15.—Natural gas was struck within the city limits yesterday in a well of the Northwestern Gas and Oil Co., at a depth of 1,450 feet.

Morocco In the Balance.

Paris, Jan. 15.—The Congress which is to decide the fate of Morocco meets to-day, Jan. 15.

Strong Partnership

When in need of liquid oxygen for the speedy removal of any internal germs, ask your druggist for the "solution of Ozone (the coupon kind)". With each bottle is given free a package of "Celery King" a popular tonic laxative needed to cleanse the system after the stringent effect of the concentrated Ozone. We have the sole right to manufacture "Celery King" and thus are able to include with every bottle of "Solution of Ozone" a coupon good for a free package of the famous laxative which is essential to the best results in the use of Ozone. Both products manufactured by the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE. 7

SUNDAY FUNERALS.

The question of Sunday funerals is one that will not down except in places where clergymen and ministers form a sort of "combine" and in a sense go on "strike," and refuse to officiate at Sunday funerals. Of course there are two sides to the question, and the ministers have a good deal in their favour in such an attitude. It is to be remembered that Sunday is a minister's especially busy day, in which, in a sense, he is called upon to concentrate the activities of the week. He has as a rule to preach two sermons besides teaching a Bible Class in the Sunday School with possibly other Sunday duties demanding his attention. It therefore seems to be a good deal of hardship to pile Pelion on Ossa by asking him to conduct a funeral on Sunday in addition. One easily recognises the difficulty which a minister finds in refusing the request of a member of his congregation to officiate at a funeral on Sunday, but he has to do so or neglect the regular duties for whose efficient discharge he is held to be responsible. Of course Sunday is a convenient day for almost all persons except ministers, and there is often perhaps no little element of vanity represented by the satisfaction of the knowledge of the deceased having had a "big funeral." But as in everything else there are exceptions and ministers should not draw too hard and fast a line. There are cases where owing to death being due to some contagious diseases or weather or physical conditions there is necessity for immediate burial, and, if death occurs at the end of the week a Sunday funeral becomes an absolute necessity. There is a reasonableness in all things and into such things as funerals, the most critical and solemn events in connection with human interests, one would think that the principle of conciliation and mutual arrangement should enter with especial fitness. On the one hand the public might well refrain when at all possible from making demands upon the busiest day of a minister's work and on the other, ministers should be prepared to make the occasional sacrifice of attending Sunday funerals which necessity may demand. By a little yielding on both sides the frictions and cross purposes which embitter human relations might be avoided.

EDITORIAL NOTES.

Carnegie lost your grave away $14,000,000. Where, asks the Hamilton Times, did he get it? Who earned it? Were the laws that enabled one man to possess himself of millions of the earnings of others good laws?

THE BRITISH ELECTION OUTLOOK.

When the British Parliament was dissolved there were in the House 216 *Liberals*, 327 *Unionists* and 82 Irish Nationalists, or a majority of 74 Unionists over Liberals and Nationalists combined. In the election now on the Liberals must win from the Unionists 38 seats, to enable them to have a majority of one in a full House by combining with the Nationalists. To enable them to have a majority with the Nationalists and Unionists against them they must win at least 120 seats from the Unionists and Nationalists. To have a working majority against all combinations they ought to have a strength of 375 in the House, and 400 would be better. Only twice in recent years has such a strength been attained by any party. In 1895 the Unionists had 411, and in 1900 they had 402 after the elections. The results at recent elections were:—

	Liberals.	Unionists.	Nationalists.
1885.....	331	247	82
1886.....	194	395	81
1892.....	274	315	81
1895.....	177	411	82
1900.....	186	402	82

In 1885 Scotland sent 62 Liberals and 10 Conservatives to Westminster. She is expected to do almost as well this time. When the House was dissolved the Scottish representation was 38 Liberals to 31 Unionists, a Liberal majority of only 4. If that could be changed to a majority of 52 it would help "C.-B." out wonderfully.

Of the 483 members elected by England in the last House, 293 were Conservatives, 46 Liberal-Unionists, 125 Liberals and 1 Nationalist, and the Liberals won in by-elections 24 seats. In London the Conservatives hold 61 out of 70 seats, and great gains are looked for by the Liberals. Before another week ends we should have some results to indicate how the battle is likely to go If the effort being made by the Conservatives in Scotland and by many of the Unionist candidates in England to repudiate Chamberlain and declare for free trade does not succeed in averting the indignation aroused at the proposal to revert to protection "C.-B." may meet the House with well over four hundred members behind him.—Hamilton Times.

SOFTNESS OF SEALSKIN

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is just as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite, that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide.

Sold by leading druggists. Send cents in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond and Walsh, special agents.

Isaac Dormer Got Lost In The Woods

A Series of Exciting and Unpleasant Experiences Which Peterborough Man Met With in Rainy River District Had to Climb Tree to Escape Wolves—His Troubles to Reach Camp.

The Fort Frances Press of a recent date, had a recital of an exciting experience which a Peterborough man Mr. Isaac Dormer, passed through in his efforts to reach a lumber camp. The Press says:

A series of adventures, which were no doubt thrilling enough to the hero of them, overtook a lumberjack recently in his endeavour to locate himself in the wilds of this section of New Ontario.

He was en route from Winnipeg to Walton's camp, near Bear Pass, and his ticket read only to Fort Frances. Arriving in town on the 5 p. m train, he had his supper, and afterwards decided to strike out for the camp, some thirty miles distant. He left the Fort at 7.30, but took the wrong direction, and pulled up at Emo, twenty miles west, before he was aware that he was on his way back to Winnipeg. He turned up at Fort Frances again at noon the next day, having travelled all night, and after recuperating a little took the track east. He next pulled up at Farrington, having passed Bear's Pass in the night, and having no flashlight he could not distinguish the sign. The section men directed him to the Rainy River camp which is located half way between the track and Walton's camp. Here the foreman put him on the trail, which would have taken him to his destination if he had had any experience in the bush, but somehow or other he got off the blazed trail on to a rabbit track,, with the result that he had to spend the night in the bush, with no matches to make a fire,, and the temperature away down in the small figures. Before darkness set in he climbed a tree some 75 feet high, and yelled for an hour, hoping that the man at the camp would hear him. Then he got down and climbed into a brush heap, but the cold drove him out, and he began travelling up and down the trail to keep himself warm. A big guant wolf passed him, and would have made it unpleasant for him if he had not shinned up to the tree again.

When daylight came he was within a hundred yards of the camp. He says he heard all kinds of noises during the night but attributed them to banshees, having lately arrived from Peterborough or Douro.

Banquet To Sir Wilfrid Laurier

The Function Will be the Greatest of the Kind Ever Given Any Public Man In Canada--Hon. J. R. Stratton on the Committee of Arrangements.

Hon. J. R. Stratton, who is a member of the General Committee of Arrangements, states that the coming demonstration to Sir Wilfrid Laurier in Toronto at an early date will be one of the greatest ever given to a public man in Canada. The affair is to be a banquet at Massey Hall, and will take place on Wednesday, January 24. It was felt that this was the only building in Toronto which would begin to accommodate those who have expressed a desire to be present, as the function is of a provincial character. Massey Hall will have the whole flooring relaid, chairs removed, etc. The guests table will occupy the position of honour on the platfrom. Accommodation is being provided to seat 700, the galleries being used for ladies and escorts, who will be admitted by ticket.

Applications for seats at the dining tables should be made to the General Secretary, Mr. F. G. Inwood, before February 1, for after that date the committee will allot he seats, distributing them proportionately from a Provincial standpoint.

Every Liberal Association will probably send addresses, which will be presented to Sir Wilfrid Laurier, but which, of course, owing to the number, will not be read at the banquet: Mr. Inwood has received a great mass of correspondence from Liberals in all parts of the Province enthusiastically endorsing the demonstration to the leader of the Liberal party in the Dominion and offering every assistance to make the function a success.

George St. Choir In New Gowns

The members of the George street choir appeared yesterday in their new vestments, and the effect was generally conceded to be very pleasing. The costume consists of a black gown, similar to a Varsity gown, relieved by a white stock collar, and the uniform and unobtrusive appearance thus obtained is a decided improvement.

The music throughout the day was especially good. In the morning the choir sang the anthem, "Come, let us join our cheerful Song," in good style, Miss Chasty taking the soprano. In the evening the choir sang with splendid effect the anthem "At Even, Ere the Sun was Set," with soprano and tenor solos taken by Miss Chasty and Mr. Browne. Mrs. (Dr.) T. H. Prust was also heard in the solo, "The Holy City" given in her usual pleasing manner.

The new organ which was used yesterday for the first time was a great acquisition to the musical part of the services, and the organist, Prof. Milner, came in for great praise for his splendid handling of the instrument.

Organ Recital At St. John's

The large congregation which remained after the service of Evensong at St. John's last night were privileged to hear a charming organ recital given by Mr. Richard J. Devey, an English organist at present in this country. Mr. Devey, in the subjoined programme, which was of a concerto character, in that it gave opportunity for displaying the capacity of the organ as well as the organist, was heard to excellent effect. His treatment of the themes in this list gave evidence of executive facility and sympathetic interpretative instinct. Those who heard him were greatly pleased with Mr. Devey's performance. His numbers were:

Grand offertory in F—Batiste.
Morceau Rustique—Munro.
Aria, Heart Ever Faithful—Bach.
Hymn Varie—O Worship the King—Dick.
Overture, "Caliph." Boildeau.

Patriotic Services In St. Lukes

Next Sunday, which is the day before the anniversary of the King's Accession, a Patriotic service will be held at St. Luke's at 7 p.m. The choir is preparing special music, and Rev. E. A. Langfeldt will preach a patriotic sermon on "The Secret of Great Britain's Strength."

Sunlight Soap is better than other soaps but is best when used in the Sunlight way Buy Sunlight Soap and follow directions.

10,000 Selected S. A. Immigrants

Brought to Canada Through the Agency of Salvation Army.

The efforts of the Salvation Army on the line of immigration were so successful last year that arrangements have been made for ten thousand people to leave the shores of Great Britain through the same agency during the coming season. These immigrants will be selected from a possible one hundred thousand applicants, and when it is known that each case is thoroughly investigated, and preference given only to those who are likely to make good settlers, the efforts of General Booth's worthy movement will be throughly appreciated by every Canadian.

The entire accommodation of three steamers has been chartered for this season's business, and the first organized party of 1500 will embark on the S. S. Kensington, on March 1st, arriving in Halifax ten days later. Many of these people are from the agricultural districts of Great Britain; in fact, the majority are coming to Canada intent on engaging in farm work, and will be distributed to farms in Ontario on arrival. Farmers who have not secured their help for the coming season will do well to write immediately to Brigadier Thos. Howell, Secretary S. A., Immigration Department, James and Albert Streets, Toronto, for application forms and further particulars.

Many splendid tributes have been paid to the Salvation Army for the excellent class of men who have already been brought to this country.

The influx for 1906 is already flowing, and a few parties, avant couriers of the army to follow, when spring opens, are arriving almost daily.

A Citizen Of Prominence

The prominent citizen in Saturday's paper was the hardest of the lot to identify, only one person sending in the identification, viz., Mr. F. J. R. Mitchell, who has recognized a greater number of the pictures than anyone else. The gentleman in Saturday's paper was Mr. Robt. Laing, Water street.

WEDDING BELLS

COWIE—THOMSON

At the Bethesda manse on Monday evening, Miss Nellie Thomson and Mr. Solomon Cowie were quietly married. The contracting parties have many friends in Otonabee who wish them a long and happy married life.

Young Life Was Untimely Cut Off

A very sad death was that which occurred at 3 o'clock yesterday afternoon, when Arthur Leonard, the four-year-old son of Mr. Robert Rustech, 129 Stewart street, passed away after an illness of about a week. Death was due to bronchial troubles. The deceased was a bright little fellow, and the sympathy of the community will go out to the bereaved parents in the grief that has come upon them.

The funeral will take place on Wednesday afternoon, at 3 o'clock, from the family residence, 129 Stewart street, to Little Lake Cemetery.

Annual Re-union Will Be Held

The annual congregational re-union in connection with George street Methodist church will be held this evening, and all members and adherents are asked to be present. Refreshments will be served, and a choice musical programme has been arranged. In addition, reports will be presented, and church affairs discussed.

Entertained Some Friends

Mr. and Mrs. Larmonth entertained a number of their friends at the street railway toboggan slide and rink, at Jackson Park, on Saturday night.

The amusements at this now renowned resort have become so popular and entertaining that it is needless to say that the party enjoyed the treat, and express praise for the amiability of Mr. and Mrs. Larmonth.

Juvenile Case At County Court

A case of a juvenile pugilistic nature came up before Judge Edmison at the County Court at 3 o'clock this afternoon. The characters involved were "Jimmie" McMartin and Norman Peters, two young lads living in Otonabee, a short distance below the locks bridge.

It transpires that the latter received some facial injuries from the former as the outcome of a juvenile enmity between the two, and "Jimmie" was called upon to answer for the damage. The result will appear in to-morrow's issue.

The BEST STOVE CO.

A Newspaper Man Honoured

Mr. R. F. Choate Banqueted on Eve of His Departure.

A pleasant gathering of newspaper men was held Saturday night at Long's Palm Room, when the members of the editorial, business and reportorial staffs of the city papers met to hold a banquet in honour of Mr. R. F. Choate, who left last night for Montreal, where after a year's service on the Examiner he has gone to accept a position with the Daily Herald. A banquet prepared and served in Mr. Long's usual excellent manner was enjoyed, and afterwards a short programme of toasts was disposed of, Hon. Mr. Stratton acting as toastmaster. After "The King" had been recognized in the usual way, Mr. Stratton proposed the toast to "Our Guest," and in doing so referred to Mr. Choate's brilliant career as a newspaper man and cartoonist, and expressed his regret at his departure from the city and at the same time, pleasure that his ability had been recognized and that he was to take a position in a larger sphere of journalistic work.

Mr. Choate replied briefly, expressing his appreciation of the honour shown him, and voiced his personal regret at leaving Peterborough where he had been shown many kindnesses. He felt that he had profited by the time spent on the Examiner staff.

Congratulatory speeches were also made by Messrs. F. R. Yokome, G. B. Vanblarigan, F. H. Dobbin, F. J. Jameson, M. J. Hutchinson, C. S. Sawle, F. Craig, A. C. Yokome, B. Huston and D. DeVine, all expressing regret that Mr. Choate was leaving the city, and testifying to his gentility and ability, and congratulating him on his success.

The gathering dispersed after singing "Auld Lang Syne."

Presentation To Mr. F. H. Dixon

On Saturday night the officers and past officers of Corinthian Lodge, A. F. and A. M., met in their lodge room and presented Mr. F. H. Dixon with a good Masonic ring with the emblem of the Order, the compass and square. There was no formal address accompanying the presentation, but the officers spoke informally, expressing regret at Mr. Dixon's departure from the city, and wishing him success in his new sphere.

The gift was acknowledged by the recipient in suitable terms.

Choir Travels By Special Train

To-morrow night the choir of St. Paul's church will go to Millbrook to give a concert in the Presbyterian church. They will go by special train, which has been chartered for the occasion, and will return after the concert.

Mother's Guild Pancake Social

A meeting of the Mothers' Guild of St. Luke's, will be held on Wednesday afternoon at 2.30. A large attendance of the members is urgently requested, as preparations will begin for the annual Pancake Social and concert to be held on Shrove Tuesday, Feb. 27th.

THE BANK OF MONTREAL

Is prepared to receive Pass Book and give receipts for same on behalf of the National Trust Company's Liquidators of the York Loan and Savings Company.

Charles Gow Defendant

IN ACTION FOR DAMAGES

Issued By Thomas Hill

Who Claims Damages for Death of His Son, Thomas Edward, Killed, He States, by Charles Gow--No Amount of Damages Stated--Case Will be Tried at Spring Assizes--Some Interesting Developments in This Celebrated Case.

The celebrated Gow case has, it appears, not altogether concluded, with the liberating of Charles Gow. Mr. E. B. Edwards, K.C., solicitor for Thomas Hill, has issued a writ against Mr. Gow, claiming damages for the death of plaintiff's son, Thomas Edward who, he claims, was killed by the defendant.

An appearance has been entered by Messrs. Dennistoun, Peck and Kerr, and the case will be tried at the Spring Assizes, which will be held here on April 23rd.

In the writ the amount of damages claimed is not stated.

The defence of Gow will be that he did not fire the shot which killed the boy, and it is stated that the fact of the jury having found him guilty of manslaughter, for which offence he has just completed his term of imprisonment, will not affect thee case in which he will be the defendant at the next Assizes.

It is incumbent on the plaintiff to prove the charges under the writ.

In this connection it is of interest to recall that at the same assizes Mr. Hill's libel suit against James Dewart, jr., will also be tried. This suit also rose out of the Dummer tragedy, and Hill is suing for alleged libellous statements contained in a letter published in the press.

These cases will be watched with

CHARLES GOW,
The Defendant in Suit for Damages Entered by Thomas Hill

considerable interest by the public, who followed the Gow trial, and who are fairly familiar with the incidents.

Death's Work In Congregation In This City

Three Families of St. Andrew's Church are Bereaved—Memorial Service Held Yesterday for Late Mrs. Miliken, Master Donald Bruce Fowler and Mr. Wm. Thompson--Latter's Deep Interest in Church Work Referred To.

LESSONS DRAWN FROM THE SAD BEREAVEMENT

Most impressive services were held in St. Andrew's church yesterday. The fact that so early in the new year within a short distance of the church death had suddenly taken away three who had begun the year with hope, Mrs. Millikin, Reid street, Donald Bruce Fowler, Rubidge street, and Mr. William Thompson, Stewart street, was the occasion for reference to the work of the grim reaper. On approaching the church one could hear the organ pealing out the strains of "Home, Sweet Home" and on entering the edifice, the choir sang very effectively to the same music the words of Hymn 347 "Oh Fair the Gleams of Glory." The hymns sung during the service were "O God Our Help in Ages Past," "A Few More Years Shall Roll" and "The Sands of Time are Sinking," while during the offertory the choir sang "Jesus Lover of My Soul," to the tune "Refuge," Miss M. Rush, Miss Dalziel, Mr. Greenshade and Mr. Campbell taking the Quartette parts. After the sermon Miss Rush sang very touchingly "He Will Wipe Away the Tears From Every Eye."

The Scripture readings were in Revelation, vii; 9—17; xxi; 1—7. 22—27.

The Memorial address referred to the strange circumstances that had transpired within a week. While studying the possibilities of the coming year last Sunday night loving hearts were bidding farewell to a mother nearing her three score and ten years, in another home parents were deeply concerned over the serious illness of one of the brightest of the little boys of the congregation, while in a third a strong man was setting his house in order for to him the summons had already come. During the week these three homes had been cast in awful grief, and the pastor wanted to testify to the great value of Christian homes as he had seen them, and take advantage of the opportunity as most fitting to call the attention of this people to the importance of the home life with all its wonderful influences of character building. He deplored the way in which some men lived—a burden and care and source of worry and annoyance to women and children. It was a striking contrast in the homes of sorrow that the strength and character of the true man had been so much in evidence. In speaking of the loss sustained by the congregation by the death of Mr. Thompson, Mr. Potter referred to his untiring interest during the past year in the work of further equipment in the church buildings, and of his deep concern regarding the prosperity of the church. Reference was also made to his influence in the home, and to the high esteem in which he was held in business life.

The attention of all assembled was called to the great need of preparation for the coming days both in material but specially in spiritual affairs. Christ had said "I Am the Way, the Truth and Life no man cometh unto the Father but by Me." He urged all his hearers to follow the Christ, and then come what will there will ever be a sublime confidence in the work of Christ as Redeemer and Saviour, and all the sorrows and discipline of life would only tend to engrave on countenance and character the image of the Divine Sculptor.

The musical service which was so appropriate, and effective in its impressiveness, was carefully arranged by the organist and choir master Mr. Forsyth.

In the evening the Rev. J. J. Wright, B. A., of East City, a fellow-graduate of the Rev. J. G. Potter, preached an admirable and practical sermon from "The Gates of the Holy City." The choir sang "Now the Day is Over," and Miss Rush rendered most sweetly, "Hold Thou My Hand."

Boiler Plate Fell On Him

Thomas O'Brien Painfully Injured at C. G. E. Works This Morning.

Thomas J. O'Brien, 217 Stewart street, a young employee of the Canadian General Electric Co., met with a painful accident while at work this morning. In some manner a section of boiler plate fell on his left leg, bruising it badly from the knee down. The injury is not serious, although it will be painful for some time. Mr. O'Brien was removed to his home in the Dan Spence ambulance, and is doing as well as can be expected.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

Latest News Of Winter Sports

HOCKEY

Practice To-night.

The team will practice to-night. Every player is requested to be present as the seven picked to represent the locals in the game with Cobourg will be chosen. The team will go to Cobourg to-morrow.

• • • •

City League Notes.

It is very encouraging to note that nearly all the clubs in the City League have disposed of most of the tickets given them by the league to sell. Anybody who wishes to witness the City League games this winter should not fail to purchase one of these, as they entitle the holder to witness all games. Only 50 have been issued to each club, and when these are disposed of no more can be obtained. They are sold at the extremely reasonable rate of 50 cents each.

• • •

For a while it was rather doubtful whether the T.A.S. would enter the City League or not, but now they have organized. They are received with open hands by both the officers of the league and the clubs as well.

• • •

The sporting editor had a conversation with a couple of young men interested in the City League, and referred to the case of "Bobbie" Easton, for whom the Bankers desire to obtain a permit. One said that the constitution was clearly edfined, and should be strictly adhered to. "No precedent for other clubs to refer should be established," he said. The other was of the opinion that it was an exceptional case, and that in fairness to the Bankers, Easton should be permitted to play with them in the City League.

• • • •

Two juvenile games were played Saturday morning at the Knox Church rink when the Centrals and Separate School teams and the Junior Centrals and Knox Church seven met. The Separate School and Centrals played a tie game.

Following was the line-up:—

Separate School.		Centrals.
Hickey	Goal.	Meldrum
Conroy	Point.	Borrisdale
Morrow	Cover Point.	Fox
Heenan	Rover	Crane
Heffernan	Centre.	Laing
V. Hayes	Right Wing.	Hall
C. Hayes	Left Wing.	Long

The half-time score was 3-2 in favour of the Separate School. This game was played between 10 and 11 o'clock.

The Junior Centrals and the Knox Church game which was played between 9 and 1 resulted in a score of 2-1 in favour of the Centrals.

• • • •

The Charlotte Street team turned out in large numbers to the practice on All Saints' rink Friday night, fourteen men, just enough to choose sides being in attendance. The Charlotte Street team has a big bunch of players to pick from and have practiced faithfully this year. They will be in good condition for their City League game with the High Life's on Thursday next.

• • • •

To-night from 10 to 11 o'clock in the Brock Street Rink the office staffs of the American Cereal Company and the two railways will meet in what should prove to be an interesting game.

• • • •

The junior Northern Lights defeated the Tomahawks by a score of 5-0. The line-up of the Northern Lights was:—Goal, G. Keller; point, M. Coughlin; cover point, A. Whittaker; rover, V. Revoy; left wing, W. Clark; right wing, V. Horrigan; centre, J. Hourigan.

• • • •

An exciting game took place at the Brock street rink between the Snowflakes and Crescents of the West End. Both teams put up a good game. Amongst the winners K. Crane and H. Burritt put up an excellent game. At half-time the score was 2-1 in favour of the Snowflakes and in the second half they added another goal, making the final score 3-1. The game was clean nobody being ruled off and only one being hurt by accident. Mr. H. Sawers gave satisfaction as referee to both teams. The line-up was:—Snowflakes—Goal, R. Scott; point, H. Brown; cover point, H. Carey; rover, H. Burritt; centre, R. Laing; left wing, W. Eastwood; right wing, K. Crane.

Crescents—Goal, Patterson; point, A. MacDonald; cover point, J. MacDonald; rover, H. Wallace; centre, W. Ford; left wing, Bell; right wing, H. Munroe.

• • • •

The following is the line-up of the teams scheduled to play at the Brock street rink to-night from 10 to 11 o'clock:—

American Cereal—Goal, Carr; point, Cochran; cover point, Moore; rover, Giroux; centre, Heaslip; right wing, Todd; left wing, Searight.

Railway Clerks—Goal, Elliott; point, Bracken; cover point, Rose; rover, Morphet; centre, Curry; right wing, Dayman; left wing, Henderson.

• • • •

The Victors have added two victories to their credit, having beaten the Northern Lights twice. On Thursday they came out victorious by 14-1. They have only played two games and won both. They intend going to Keene and Lakefield in the near future.

Their line-up was:—Goal, O'Rielly; point, Fox; cover point, Clancy; rover, Pratt; centre, Wade; left wing, Harrison; right wing, Porter.

CURLING

Only three games were played at the Charlotte Street rink on Saturday night which resulted in the following scores:—

G Giroux, sk 17.		Medd, sk. 8.	
Neill, sk. 11.		J A Cameron, sk 15.	
R Kerr, sk 10.		G B Stevenson, sk 5.	

ROD AND GUN.

The January number of Rod and Gun in Canada, published at Woodstock, Ont., which is just issued makes a good beginning for the New Year. A fishing yarn, in the form of a serial, by Dr. J. M. Harper, of Quebec, is commenced, and there are a couple of exploring papers, both dealing with the north shore of Lake Huron. The exploits of a sportswoman in New Brunswick are narrated, and extracts are given from the diary of a sportsman who hunted grizzly in British Columbia. The Forest Wealth of Ontario is dealt upon by Dr. Shaw, and the question of allowing firearms to be carried in game districts in close seasons is discussed. The recent Conference in Montreal on the subject of the efficient protection of fish and game in the Province of Quebec is dealt with in a special article, and two new departments—one on automobiles and automobiling, and the other on books of particular interest to sportsmen—are added. There are also other items appealing strongly to sportsmen, and the whole number is well illustrated.

SICK HEADACHE

Many varieties of headache exist, those most prevalent being sick or bilious headache, nervous headache, headache from constipation, etc.

Headache is an effect of disease, the cry of the suffering body for relief from some oppressing disorder.

Undoubtedly the cause must be removed in order to cure the headache permanently. Wrong action of the stomach, liver or bowels is responsible for nine out of ten cases of headache.

In sick headache (a very common form) there is sometimes nausea and vomiting and usually constipation.

In nearly all forms of headache

Burdock Blood Bitters

has proved, itself a specific—a medicine that has cured where all others failed.

Keep the stomach, liver and bowels in perfect working order by the use of nature's regulator and tonic, Burdock Blood Bitters, which cures all forms of headache by removing the cause.

Miss L. Smith, Merrisburg, Ont., writes: "I desire to let you know how much good Burdock Blood Bitters has done for me. I was troubled with headaches all the time, and could get no relief, until a friend told me of your Burdock Blood Bitters. After taking two bottles of it, I can say that I am completely cured."

B.B.B. is for sale at all druggists and general stores. Do not accept something "just as good."

A COOL CUSTOMER.

Mysterious Highwayman's Method of Buying Cartridges in Winnipeg—Terrorized a District.

Winnipeg, Jan. 15.—A desperado of the Jesse James type terrorized the north end of Winnipeg Saturday night, when, in the course of an hour and a half, he held up at the point of a revolver six people and entered a similar number of small stores, in one of which, at least, he secured from the clerk $50.

He started operations about 5 o'clock, when he entered Zimmerman's pawnshop on Main street, and asked for cartridges. He returned at 6, when Zimmerman was alone and asked for a 38 calibre revolver. When he got a revolver he started to load it. Zimmerman, suspecting he intended to try and hold him up, seized it.

He then went out and repeated the plan at Weir & Co.'s hardware store, where there was only a clerk at the time. He took from him $50.

On Maple and other unfrequented streets he then held up six people. From one man he got $15, from another $5, and small amounts from others.

He entered several other stores and bought more revolvers, apparently to rob, but there were too many people in.

He then wet to a pawnshop and got rid of his revolvers, five in number. At the pawnshop he gave the name of Fred. Johnson, Albion Hotel, Winnipeg.

It is thought he got away on a freight train. The police have apparently no clue.

ROBBED QUEBEC BANKS.

O'Connell, Who Escaped Many Years Ago, Brought Back to Prison.

New York, Jan. 15.—The Hamburg-American Line steamer Amerika arrived Saturday night, bringing among her passengers as a prisoner in charge of Capt. Sauermann, Charles F. O'Connell, the famous bank robber, who escaped in 1890 from Clinton Prison, at Dannemora, N. Y., where he still has eighteen and one-half years of a sentence to serve. O'Connell is now 40 years of age. He has just been released from a German prison, where he served thirteen years for a robbery committed in that country following his escape from Dannemora. O'Connell snatched $2,500 from the paying teller of the Fifth National Bank at 23rd street and Third avenue, on Sept. 10, 1883, and escaped, but the same afternoon took $8,450 from the Commercial National Bank, in Wall street, and was captured. He escaped from Dannemora, the only prisoner who ever accomplished that feat, two weeks after his imprisonment. Re-captured, he got free again and surrounded in his flight at Plattsburg, was shot in the leg. In a hospital, convalescing, he made a rope of bed covers and escaped a third time, reaching Canada, where he robbed the Bank of Quebec of $3,000 and the Bank of Montreal of $7,000, and fled to Europe.

He stole $24,000 in his usual manner in Baden, Baden, and subsequently the banker whom he had robbed caused his arrest in Frankfort-on-the-Main, where he was living expensively and was known as "the American millionaire."

The British Royal Academy recently elected Joseph Israels, the Dutch painter, and Augustus Saint-Gaudens, the American sculptor, honorary foreign academicians.

THE CHURCH AND FRANCE.

Archbishop of Paris Won't Permit an Inventory of Church Goods.

Paris, Jan. 15.—Cardinal Richard, Archbishop of Paris, has addressed a circular letter to the priests of this city, in which he declares that he will never permit the tabernacles to be opened for the agents charged with making inventories of church goods, and instructing them to declare on their words of honor as priests the number and the value of sacred vessels, but on no account to open tabernacles.

Nearly all the bishops, including the most moderate of them, have issued letters similar to that of Cardinal Richards. The order to make an inventory of church goods is looked upon as a mistake by all except the most violent of the anti-clericals, and is believed by some persons to be the beginning of a real conflict between church and state.

MARKET REPORTS.

Sheep—Receipts, 2000; market, steady; sheep, $3.50 to $6; yearlings, $6 to $7; lambs, $6.75 to $7.85.

Stabbed Eleven Times.

St. Petersburg, Jan. 15.—The Corean War Minister, who is staying at the Hotel De France here, had a narrow escape from assassination Saturday at the hands of a young Corean, said to be the Minister's interpreter. The would-be assassin stabbed the Minister eleven times with a knife.

A DIMPLE MAKER.

Find a child with dimples and chubby arms and legs and you find a healthy child. Find one with drawn face and poor, thin body and you see one that needs Scott's Emulsion. Your doctor will no doubt tell you the child is fat-starved—its food is not nourishing it.

Nothing helps these thin, pale children like Scott's Emulsion. It contains the very element of fat they need. It supplies them with a perfect and quickly digested nourishment. Scott's Emulsion brings dimples and rounded limbs.

Horrible Death Is Reported From Manitoba

Four Persons Burned to Death Near Portage la Prairie.

MR. H. A. BRAZIL'S CHILDREN

Family Moved From Toronto a Few Years Ago—Miss Quinn, An Aunt of Mrs. Brazil, One of the Victims—The Eldest Daughter's Heroism—Baby Slipped From Its Mother's Arms.

Portage la Prairie, Jan. 15.—One of the most horrible tragedies in the history of the west occurred four and a half miles east of here yesterday morning, when three children and an aged aunt of Mr. and Mrs. H. A. Brazil lost their lives in a holocaust which destroyed their residence and other farm buildings, with all their contents, including seven horses, seed grain and farming equipment, leaving them almost destitute as well as heart-broken. The origin of the disastrous fire is quite unknown, as Mr. Brazil had been reading until midnight and had then retired. Both fires in the stoves having practically gone out then, were replenished. At 4 o'clock one of his daughters upstairs was awakened by a vivid glare which she momentarily mistook for sunlight, but immediately recognized that the house was in flames, and shrieked to arouse her parents.

Tried to Save His Stock.

Mr. Brazil, thinking all had time to escape, rushed to the stable close by, and which also was on fire, to save his horses and other stock. He got two horses out before the flames rendered the task impossible, and he ran back to the house, expecting to find the family safe, only to witness a tragedy which wrung his heart strings. He was powerless to save the lives of his dear ones, who had failed to escape the fury of the fire.

Mrs. Brazil's aunt, Miss Quinn, was an old lady, seventy years of age, and an invalid, and before she could be aroused her room was all aflame, and she may never have aroused from her last sleep. Kathleen, the eldest daughter, lost her life in a noble attempt to save her little sister, Frances, aged four, whom she attempted to dress before taking her out in the bitter cold. So rapidly did the fire spread, however, that all escape was barred by the flames in a moment, and both met their horrible fate together.

Baby Fell From Mother's Arms.

Celia, a little baby, two years old, met death under particularly sad circumstances and most distressing to the grief-stricken mother. Mrs. Brazil was carrying her in her arms, intending to force an upstairs window and leap to safety, but unfortunately in doing this she slipped and fell, and the infant dropped from her grasp into the flames, making their fourth victim. The names of the dead are—Kathleen, aged 15; Frances, aged 4, and Celia, eighteen months, and Miss Quinn.

Incendiarism Suspected.

Unless a smouldering spark in the ash barrel kindled the flames incendiarism is the only explanation of its origin. The financial loss will total over $4,000, upon which there is a thousand insurance. Members of the family who escaped suffered terribly from the cold, being clad only in the thinnest of night clothes, and the grief-stricken mother is so overcome from the shock and suffering that her mental powers are almost lost. Mr. and Mrs. Brazil came to this district from Toronto six years ago, and many relatives reside in the east.

Apron Caught on Fire.

Kingston, Jan. 15.—Miss Cora McNally, daughter of Michael McNally, North Burgess, was badly burned while working around the stove. In lifting a pot from the stove she used her apron, which caught fire, and the young lady's clothing was enveloped in flames. Alone at the time she ran out doors, and her mother hearing her cries, caught her and rolled her in the snow. She was badly burned.

Every Bone Broken.

Port Arthur, Jan. 15.—A German working for the Pigeon River Lumber Co., in the camps, met with a horrible death on Saturday. He was rolling logs on a skidway, when the logs started down an incline without warning. He was crushed into a jelly, and every bone in his body broken.

Two Went Through the Ice.

Laconia, N. H., Jan. 15.—Hand in hand, Edward La Planta, 15 years of age, and Florence Barlow, 14 years, skated into a hole in Lake Winnisequam Saturday and were drowned before the eyes of several companions.

Two Lives Lost in Storm.

New York, Jan. 15.—A tragedy of Saturday's storm, in which two lives were lost just outside New York harbor, was reported yesterday by the tugboat Eugene or Moran. The Moran was towing two scows out to sea, when outside Sandy Hook bar the hawser parted and the scows went adrift. One of the scows immediately capsized, and one of her crew was drowned. When the Moran attempted to pass a line to the other barge, a heavy sea swept a man from the deck of the scow. He also was drowned.

Sixty Taken From Wreck.

Atlantic Cnt. N.J., Jan. 15.—After spending 24 hours in terrible anxiety lest they be wrecked and swept into the sea, the passengers and crew, to in all, of the Clyde Line steamer Cherokee, bound from San Domingo for New York, which went aground on the Brigantine shoals Friday were rescued late yesterday afternoon and landed at the inlet here.

Takes Overdose of Poison.

Toronto, Jan. 15.—As the result of simply changing overcoats with a friend, Eddie Wall of 199 Seaton street is lying in the General Hospital in a critical condition from poisoning. On Saturday night Wall and a friend, W. Reeves of 295 Sherbourne street, changed overcoats for no especial reason. Wall's coat contained a bottle of whiskey. In the pocket of his friend's coat Wall also found a bottle with some sort of poison, made up of banana oil and acid. Forgetting that he did not have his own coat, he took a drink and shortly after went into violent convulsions. He was taken to the General Hospital, where he is now lying in a very low condition.

OVER TRIFLING MATTER.

Guelph Printers Strike Because They Thought 9 1-2 Hours Work Saturday Violated Their Agreement.

Guelph, Jan. 15.—A strike over a very trifling matter occurred amongst the printers of The Herald and The Mercury on Saturday afternoon. Last October a new agreement was entered into between the bosses and men, in which practically all the demands of the latter were granted. An eight-hour day was to go into effect at the first of the year, providing no abatement of the eight-hour day was entered into elsewhere in Canada (in event of which a similar modification should be conceded here), and in April a further increase in pay was to be made, in a number of places in Ontario, the same conditions applied in Guelph.

The men thought, however, that they were entitled to an eight-hour day on Saturday, and without referring the matter to the proper authorities for consideration went out on strike for the purpose, if possible, of gaining their desired end. W. S. Dingman, Stratford, representing the smaller city daily publishers' association, has had correspondence with President Lynch of the International Typographical Union, in which the latter supports the local union. The notices as to the hours of labor were posted up in the offices on Saturday afternoon, and the men quit work on the instructions of the president of the Guelph Union.

The bosses say that no demand had been made for the eight-hour day on Saturday, and that the agreement provides that in event of any differences the question of dispute should be referred to arbitration, and hence the action of the men was unwarranted.

The Hamilton Printers.

Hamilton, Jan. 15.—The printers and newspaper proprietors will meet this morning at 9 o'clock, and it will be settled then whether there is to be a strike or not. The job printers have been granted an increase from $12.50 to $14 a week, and the bosses are willing to give the "ad" men the same, but the employers have refused to give the machine operators an increase. The machine operators get $13.50 as the minimum, and want another dollar a week. The employers are firm in their refusal.

The Printers' Strike at New York.

New York, Jan. 15.—The New York Typothetae reported Saturday: That the end of the second week of the printers' strike finds the members of the Typothetae better equipped to carry on their business than at any time since the men walked out.

At the office of Typographical Union No. 6 it was stated that the situation remained unchanged.

Two Babes Burn.

Traverse City, Mich., Jan. 15.—While Mrs. Geo. Bedder of Thompsonville was busy in the ba[illegible] at her home Saturday, [illegible] hou[illegible] which she had left her [illegible]ies alone caught fire, and [illegible]nem lost their lives.

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for *1847 Rogers Bros.' Knives, Forks* or Spoons, don't accept any bogus Rogers' stamp because your dealer tells you it's just as good.

1847 TRADE MARK ROGERS BROS

The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made.

Hon. A. T. Balfour Badly Beaten In Manchester

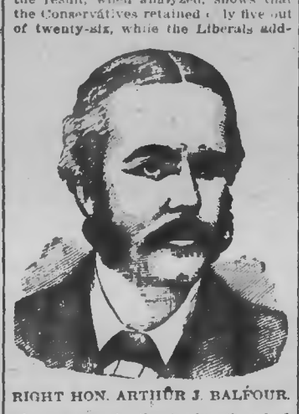
Liberal Sweep Indicated By First Contests In Britain.

TWO CANADIANS WIN OUT

Hamar Greenwood, an Old Whitby Boy, Heads the Poll In the Ancient City of York, and Sir Gilbert Parker Carries His Old Constituency for Chamberlain—"C.B." Rides to Win—Laborites Gain Four.

London, Jan 15.—(C. A. P.)—Ex-Premier Balfour is defeated, and Winston Churchill is triumphant—twenty-one out of twenty-six seats taken from the Conservatives. These are the great outstanding facts in the Liberal free trade sweep with which polling began on Saturday. The actual figures are even more astounding. Not only did the Conservatives fail to gain a single seat to offset their repeated losses, but whereas they started in twenty-one ridings with majorities aggregating 17,369 in their favor, they finished with majorities aggregating 34,090 against them.

The voting covered forty seats, and the result, when analyzed, shows that the Conservatives retained only five out of twenty-six, while the Liberals added seventeen to the twelve they had already. The Labor party had increased its holdings from two to six. The Labor vote may be included with the Liberal vote as, with on exception, where Labor won there was no Liberal in the field.



RIGHT HON. ARTHUR J. BALFOUR.

The Liberal majorities in the seats held increased from 8,043 to 23,130, the average Liberal majority being 1,635.

Prominent among the victors were two Canadians, Sir Gilbert Parker again led the Unionist cause with a success at Gravesend, his campaign having been conducted on lines of advanced tariff reform. He had a three-cornered fight, which resulted thus: Parker, 3,102; Geary, Liberal, 1,413; MacPherson, Liberal, 873. At the last election it was a straight party fight, Parker's majority being 738.

Then Hamar Greenwood joins the ranks of the Canadians in the Imperial Parliament, heading the poll as Liberal candidate for York City, with a population of 100,000. He has been campaigning in the city for about two years, and it is reported had over 1,000 canvassers working on his behalf during the last few days. York has two members, and at the last election two Unionists were returned unopposed. The result this time is: Greenwood, Liberal, 6,413; Faber, Conservative, 6,108; Butcher, Conservative, 6,904; Stuart, Liberal, 4,573.

"What Lancashire says to-day, England will say to-morrow, is an old saying, as Liberals are now fond of recalling. What a Manchester, a Lancashire city, said seems likely to be the most remarkable feature of the whole contest. In the east division, represented by Mr. Balfour since 1886, his majorities, ranging from 395 to 2,453, the Conservative leader has gone down before the lawyer, Horridge, by 1,980. In the northwest division, Conservative since 1886, by 1,471, majority Winston Churchill wins by 1,241. The northeast division changes from a majority of 706 Conservative, to 2,432 for Labor. The south division gives 4,232 for the Liberal, changing from 1,272 for the Conservatives. The southwest division, from 1,619 for the Conservatives, gives 1,226 for the Liberals. The north division increases the Liberal majority from 26 to 2,454.

The great revolution is attributed to the free trade sentiment of the cotton trade therein centered, and the work of Churchill, who has been organizing upwards of two years. The defeat of Mr. Balfour was a great surprise. Everyone expects another seat will be readily secured for him.

The fact of the woollen centre, Bradford; the cotton centre Salford, and the carpet centre, Kiddermimster, declaring solidly for the Liberals had on important bearing on tariff reform.

Mr. Wyndham, a former Minister, has increased his majority at Dover.

Returned by Acclamation.

The following are the candidates who were returned for the new British House of Commons by acclamation at Saturday's nominations:

Liberals.
Sir J. Kitson, Yorkshire.
S. M. Evans, Mid-Glamorganshire.
George Lambert, Devon.
Thomas Richards, Monmouthshire.
John Wilson, Durham.

Unionists.

How They Stand Now.

By A. P. A.—Although but sixty seats are now filled out of 670 required for the new Parliament which meets at Westminster Feb. 15, the composition of the House as shown by the results declared up to midnight is as follows:

HAMAR GREENWOOD.

Liberals, 39; Unionists, 14; Laborites, 6; Nationalists, 7. This includes twenty-four candidates who were unopposed and the two candidates elected at Ipswich Friday.

The returns for Grimsby which were polled to-day will not be declared before Monday, and the elections at Cambridge University, which commenced to-day, will continue until next Thursday.

Balfour Admits Gravity of Defeat.

Mr. Balfour Saturday night addressed a gathering at the Conservative Club. He acknowledged the gravity of the disaster, but predicted short life for the Liberal Government. He urged the Unionists to continue to work for the party and the future reversal of Saturday's results.

Mr. Thomas Gardner Horridge, who defeated Mr. Balfour in the election for the Parliamentary representation of the eastern division of Manchester, was called to the Bar in the Middle Temple in 1884 and was created a King's Counsel in 1901. He is the son of John Horridge, of Bolton, and has long identified himself with the Liberal policy in England.

To-day's Voting.

Seventy-three constituencies will vote to-day, including twenty in London, and all those in Leeds and the other important centres in which the seats of members and former members of the Cabinet, and of a number of prominent men of both parties are involved.

Hamar Greenwood.

Hamar Greenwood, who heads the poll at York, and so effects a Liberal gain, is a native of Whitby, who went to Toronto University, and afterwards taught school outside the city. He went to England to "see the country," became a temperance speaker, then a Liberal orator, and two years ago Liberal candidate in rather a remarkable way. Headquarters offered Sir Henry Cotton, an old Indian official, worthy but prosy, to the York Liberals. Sir Henry went to York to be seen and heard. Greenwood was sent with him, to enliven the meeting. It was a case of love at first sight—for Greenwood.

Mr. Greenwood is a brother of Mr. W. H. Greenwood, managing editor of the London (Ont.) Free Press.

Tariff War is Certain.

Washington, D. C., Jan. 15.—Secretary Root and Secretary Shaw frankly admit that they have been beaten in their efforts to avert a tariff war with Germany, and that unless Congress steps into the breach the country can only learn its dire experience the opportunity which it has missed.

At 65, Cuts His Throat.

Napanee, Jan. 15.—Charles Wallar, aged 65, residing at Mink's Bridge, three miles from here, committed suicide Saturday night by cutting his throat. Deceased leaves a widow and several children. He has been demented for some

The Wornout Nerves, The Weak Heart, The Tired Brain, The Wasted Strength.

What a multitude of women there are who feel that these words exactly suit their case. From early morn until late at night they have been on the go, year in and year out, attending to the daily household duties, looking after the wants of her children and spending the rest of her time attending to social and church work. Is it any wonder then that sooner or later there comes a general collapse? The action of the heart becomes weak and palpitating, the nerves become unstrung, the brain feels in a whirl half the time and the usual force of vitality is lacking.

It is at this time a woman should look after herself. If she does not, serious female disorders may set in and often cabe weary months and years of helplessness and miserable suffering. What she wants is something to build up her system. For this purpose there is nothing to equal

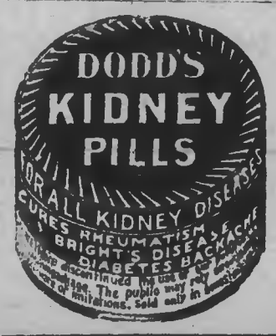
MILBURN'S HEART AND NERVE PILLS

They are the women's friend in every sense of the word.

They will strengthen the weak heart, tone up the shaky, starved nerves, make the brain clear, and restore the lost vitality.

Mrs. George Lohnes, Stanley Section, N.S., writes: "I was greatly troubled with weak and dizzy spells and was so run down I could not attend to my household duties. I bought two boxes of Milburn's Heart and Nerve Pills and after taking them I found that my trouble had all passed away. I am now strong and healthy again."

Milburn's Heart and Nerve Pills are 50 cents per box or 3 for $1.25. If your dealer does not handle them, send direct to The Milburn Co., Ltd., Toronto, Ont.



Reactionary Measures Are Again Taken

Russia Decides On Virtual Abrogation of Czar's Promises.

WITTE IS FOR AUTOCRACY

Warns Douma Not to Attempt to Transform Itself Into Constituent Assembly or It Will Be Dispersed as a Revolutionary Meeting—Independent and Financial Men Lack Confidence In Future.

London, Jan. 15.—Although the Russian situation has apparently greatly improved, the latest news from there is disquieting. There are many indications that the Government has decided on a full reactionary program with the virtual abrogation of the concessions made in the Czar's douma proclamation. Such a policy can, of course, result only in a renewal of the struggle on a scale of violence as yet unapproached.

A St. Petersburg correspondent, telegraphing Saturday evening, says the Conservative newspaper Slovo, which has close relations with the Emperor's brother-in-law, the Grand Duke Alexander Michaelovitch, announces that at the last conference of high personages of the empire at Tsarskoe-Selo, which was presided over by the Czar, Count Witte declared for the maintenance of the autocracy in full force. If the douma sought to transform itself into a constituent assembly, he said, it would cease to be a national representation convoked by the Czar and become merely a revolutionary meeting, which would be dispersed.

Count Witte declared that he is convinced that the Manchurian army will loyally enforce the restoration of order. The Emperor is reported as having been impressed by Count Witte's confident report.

The independent community, however, especially the financial section, regards the immediate future without confidence.

Gained 26 Pounds.

"I was much run down in health, could not sleep, was very nervous, and so weak that I could hardly get around. Some months ago I began using Dr. Chase's Nerve Food, and to-day I am pleased to say that I am completely restored to health. I have gained over twenty-five pounds in weight, sleep well and feel strong and healthy."—Miss Annie Evans, 39 Gottingen street, Halifax, N.S.

THE LOVERS WERE STRANDED.

But Runaway Couple From Gananoque Don't Wait For Rescue.

Kingston, Jan. 15.—To-day M. Parland telephoned from Gananoque stating that the soldier and the young woman who disappeared from the International Hotel there on Sunday night had just been discovered on Leak Island, three miles from Gananoque. They had been exposed ever since on that uninhabited island.

Some people who were going to Gananoque saw the man, who made signs for help. It seems that the man and woman started out in a boat owned by Mr. Munro. The ice was forming, and they could not get across the river, but managed to reach the island.

A message at 3.30 said: "A relief party went to Leak Island, but the birds had flown to Grindstone Island." A fire was smoldering, and the party will likely be sent on by Chief Ryan.

Lake Tie-Up Predicted.

Sault Ste. Marie, Jan. 15.—Captain Thorn, organizer for the Lake Pilots' Protective Association, which is affiliated with the Longshoremen's Association, says that every boat belonging to the Lake Carriers' Association will be tied up next summer unless the latter association recedes from the stand it took at its Detroit meeting this week not to engage mates belonging to any labor association. The longshoremen will assist the pilots by refusing to handle freight for any Carriers' Association boat.

MUSIC AND DRAMA

DOUBLE MUSICAL TREAT.

An interesting and beautiful recital programme of high class piano and vocal music, was presented at the Conservatory of Music on Saturday evening, by Mr. F. M. Field, of the Conservatory faculty, piano, and Mr. R. S. Piggott, baritone, of Toronto, vocal. The recital was given before, and for the benefit of, the senior vocal and pianoforte pupils of the Conservatory, of whom there were about one hundred present. The attendance was confined to the seniors, because the music hall would not hold all the pupils who, it is a pleasure to record, number about three hundred.

The recital occupied from eight to nine, and if the pupils present aim to reach the standard set by the two performers of the evening, their ambition will be a lofty one indeed. Some idea can be formed of the nature of the musical treat from a programme like that printed below, especially when given by two such artists as Messrs Field and Piggott:

PIANO.

(a) Condolence ..... Liszt
(b) Valse Impromptu ..... Liszt
(a) Meine Freuden ..... Chopin-Liszt
(b) Polonaise, E Major ..... Liszt
Venezia e Napoli
(Barcarolle and Tarantelle) ..... Liszt

SONGS.

(a) Wanderersnachtlied ..... Liszt
(b) Ermingard
(Mondanacht) ..... VonFaelli's
(c) Frage ..... Field
(d) Weil auf mir ..... Field
(a) When I am dead ..... Piggott
(b) Nogn Ingale and Rose ..... Piggott
(c) Mother o' mine (Kipling) Piggott

The Examiner has frequently made reference to the splendid work of Mr. Field, as a pianist, and his work on Saturday night seemed to reveal new phases. His delicate richness of tone, his perfect evenness of execution, and the infinite daintiness of the unerring smoothness and distinct accentuation of his cadenzi, even when taken at lightning tempo, are very appealing. His arpegii are charmingly perfect, the notes rippling like the drip of crystal water into a chalice of pearl. Mr. Field has a happy faculty of fortissimo execution strong without noise, and musical under the most strenuous tours de force. His work was very heartily appreciated, and he was compelled to furnish encore numbers, a Chopin album-blatt and ballade in A flat.

Mr. Piggott, a baritone of beautiful natural quality, enriched by thorough development and a good method, sang himself at once into the hearts of his hearers. As will be seen by the programme he gave ample opportunity of winning the enthusiastically favourable judgment given. He shines both as an executant and composer—three of his sweetest songs being given from his own manuscript—and it is difficult to decide which is the more a subject of congratulation. In answer to a recall he sang a coon song lullaby, which was a veritable gem, calling out the deliciously delicate quality of the pianissimo effects, over which he has so great mastery. It is well worth mention that Mr. Field is the composer of two of the sweet songs in Mr. Piggott's group.

"GIRL IMPRESSARIO."

Though the name of Mr. Spencer Jones stands as manager at the head of the cards announcing the Watkin Mill Great English Concert Company, which appears here under Oddfellows auspices on January 22nd, that company comes to Peterborough under the direction of Miss Maude Bradley, of Brockville, who has acquired Mr. Jones' dates, and who has the distinction of being the only lady concert manager in Canada. Miss Bradley has for a long time been the Canadian manager for the Harold Jarvis Company, and the city Oddfellows who have had experience with Miss Bradley, speak in the highest term of her business capacity in negotiations, and her honourable observance of the obligations entered into. She directs only first rate companies, and the public will find the great Watkin Mills concert Company, the greatest of all.

The Little Lake Cemetery Co's. Annual Meeting

Is Being Held This Afternoon in the Council Chamber--The Reports for the Year Presented Show a Satisfactory State of Affairs — Finances in Good Condition — Superintendent's Report.

SOME STATISTICS OF MUCH INTEREST

The afternoon the annual meeting of the Little Lake Cemetery Company is being held in the City Council Chamber.

The reports for 1905 were presented and were very satisfactory, indeed, showing an increase of money on deposit of $807.03, over the amount at the beginning of 1905.

The report of the Board of Directors, as presented by Mr. W. H. Moore, was as follows:

The Directors of your Company beg to report that the past year has been a quiet one, in which no large or extensive work was undertaken, because there was no great demand for extra improvement, and also that the income might as far as possible be conserved and applied to the discharge of the loan that was necessarily made to complete the Company's new office and Superintendent's residence. Nevertheless, your Board has, they believe, fully maintained the general good condition of the Cemetery, so that its attractiveness has seldom, if ever, in any former year been equalled. This desirable condition has been rendered the more easy, by the advantage derived from the large conservatory erected two years ago.

Your Directors, however, have had Block R. re-surveyed and sub-divided into plots, graded and seeded down, and the same are now open for sale to the public. This is one of the best locations in the Cemetery, and your Board expect the property will soon be in demand.

Your Board have also completed the plumbing of the residence, which finally closes the expenditure on that account and on the office and conservatory.

There is one circumstance in relation to the year's affairs which it is believed will be noted with satisfaction, namely, that the receipts from the care of plots shows a marked increase, indicating that lots owners (who are the shareholders) generally, are taking a deeper interest in the grounds, and the hopefulness that in time, not distant, the income from this source may equal the outlay for maintenance, without trenching on the produce of the sale of lots.

Your Directors would recommend that not less than $1,200, shall be paid on the principal of the borrowed money, thus leaving $750 to be discharged during the current year.

It is also expected that the Company this year will be able to add to the surplus funds invested in City Debentures, to provide for the future preservation of the grounds, and which Investment now amounts to the sum of $10,917.31.

All of which is most respectfully submitted.

Peterborough, 15 December, 1905.

W. H. MOORE,
President.

Mr. E. A. Peck, Secretary-Treasurer, submitted the report of the secretary-treasurer, as follows:—

RECEIPTS.

Sales of lots and graves	$1,762 00
General receipts	2,467 15
Interest on Debentures	431 70

	$5,076 25

We certify that we have examined the above balance sheet the Treasurer's books and vouchers, and the Superintendent's fortnightly returns, and we find the same correct. The securities held by the Company and consisting of Nine debentures of the City of Peterborough, amounting to $10,917.31, have also examined by us.

We further certify that we have examined the books of the Superintendent for the year 1905, and find them carefully and correctly kept. All moneys received by him appear to have been promptly paid over to your Treasurer.

Peterborough, 12th January, 1906.

JAS. A. HALL,
T. Q. QUARTERMAINE,
Auditors.

SUPERINTENDENT'S REPORT.

The report of the Superintendent, Mr. Frank Wise, was presented, and is as follows:—

Peterborough, Ont.,
January 12th, 1906.

To the President, Directors and Shareholders of the Little Lake Cemetery Company.

Gentlemen,—I beg to submit the following report of work performed in your Cemetery during the year 1905, but before doing so I wish to state that, owing to the difficulty of securing the proper class of labour, and the high rate of wages paid, it was decided at a meeting of the Directors in the spring not to proceed with any extensive improvements at this time.

The large stones have been removed from the hill between Section L. and K at the south side of the Cemetery, and a water table prepared for small stones, but not having a supply of the proper class of stone for the work, it had to be abandoned for the present. I hope to finish this work early next season.

The break in the bank in section L has been filled and will be graded and sodded in the spring.

Block R has been surveyed and laid out in lots, and is now in condition to be used for interment. This block, on account of its position, is one of the most desirable in the Cemetery, and should be in great demand.

Owing to blocks V and S becoming overrun with a variety of blue grass of a very unsightly and stubborn nature; it was found necessary to have them ploughed and worked up, so as to get rid of it. This can now be laid down with good seed and placed in condition for future use as lots.

I beg to call your attention to the large increase of visitors to the Cemetery on Sunday afternoons during the summer season, and while they are very welcome, I would remind them that they are within the sacred precincts of a Cemetery and not a park. I regret that I have frequently had occasion to call the attention of young men and boys, and also mothers with children, to this fact. I also regret the fact that a certain class of people when approaching a flowerbed or vase, will stoop and pluck a flower or break off a slip. They do not seem to realize that they are committing an offence of a serious nature, and subjecting themselves to prosecution. I would also ask drivers of vehicles to walk their horses when within the grounds. If the lot owners would observe the rules laid down in their copies of the rules and regulations, and kindly correct those whom they see breaking them, they would earn my sincere gratitude, and also greatly assist me in keeping order in the Cemetery. I append my financial report.

All of which is respectfully submitted.

FRANK WISE,
Superintendent.

The Superintendent's Financial Statement for the year ending December 31st, 1905, is as follows:—

To sale of lots	$1,635 00
To sale of graves	126 00
To digging graves	859 25
To sodding graves	47 00
To Removing bodies	59 50
To building foundations	243 85
To watering flowers, and extra care of lots	1,154 45
To vault fees	14 50
To Miscellaneous work and other sources	83 60
	$4,229 15

Uncollected or Still Due.

To sale of lots	$183 50
To sale of graves	1 25
To care of flowers, etc.	392 80
To building foundations	72 10
	$654 65

Expenditure for Labour at Cemetery.

By Superintendent's salary	$ 400 00
By Workmen's wages	1,502 58
By team and horse hire	82 50
	$2,195 08
Balance of income over labour expenditure	$2,034 07
	$4,229 15

Case Against Dr. J. W. Gray

Charged With Neglect To Register Deaths.

Dr. J. W. Gray has been summoned to appear before the police magistrate on Thursday morning for his alleged neglect in sending in a medical certificate after the death of one Margaret Kenealley, who died in the latter part of December, 1905.

Dr. Gray states that he has been wrongfully summoned and that the case will be made a test one.

A Conference On Power Question

Mr. Jas. Kendry returned to the city to-day and was met by Mayor Best, with whom he had a conference in reference to the proposition for the city to purchase the Auburn Power Company's property.

To-night a further conference of representatives of the city and Mr. Kendry will be held, when the details will be gone into more fully.

It is probable that there will be something ready for publication in the course of a few days in reference to the matter. At present the Mayor is not saying anything.

Mr. and Mrs. F. H. Dickson left last night for Montreal, where they will remain a few days prior to their departure for Hong Kong, China.

Mrs. George A. Rutherford, formerly Miss Maggie E. Fulton, No. 90 Westcott street, will receive Wednesday afternoon and evening, January 17th.

Mrs. W. J. Stubbs will receive at her home, 218 London street, on Wednesday and Thursday afternoons, and the first and third Thursdays thereafter.

Mr. V. Edwards of the Ontario Bank staff received word this morning of the death of his grandmother and the serious illness of his mother, and has left for his home.

Miss Reyeraft, of Ridgetown, Ont., is the guest of her sister, Mrs. (Dr.) Frank Neal, 298 King street, and will receive with Mrs. Neal on Wednesday, the 17th, and the following Wednesday.

Mrs. Jas. A. Dixon, of Syracuse, N.Y., is in the city, and will spend the next few weeks with her daughter, Mrs. W. F. Nelson. Mrs. Dixon came to visit her son, Mr. F. H. Dixon, before his departure for Hong Kong, China.

Mrs. G. F. Warde wishes, through the columns of The Examiner, to express her thanks for a beautiful palm presented to her by the members of St. Luke's Bible Class, which she taught for a short time in the absence of Mr. Taylor.

Mr. N. Beck, K. C., of Edmonton, Alta., who was married on Wednesday last in Richmond Hill, to Miss Louisa Teefy, a sister of Rev. Dr. Teefy, of St. Michael's College Toronto, with his bride, has been visiting for the last few days, his sister, Mrs. R. M. Donnistown, Water street.

The following from the Lethbridge Herald will be read with interest by Mr. Edwards' many friends here:—"Fred Edwards, who has been in the employ of J. J. Johnston, druggist, leaves to-night for Winnipeg, where he may accept a position with a wholesale house. Fred is a very estimable young man, and his friends wish him success."

Messrs. F. D. Craig and Bert Huston are two new members on the reportorial staff of the Examiner. Mr. Craig is not unknown in Peterborough newspaper circles, having been on the staff of the Review for the last fifteen months, and while Mr. Huston is breaking into newspaper life for the first time, he is known to a number of persons here, having taught school for some time in this vicinity.

Dairy Meeting At Omemee

An interesting meeting was held on Friday night at Omemee when the patrons of the Omemee cheese factory enjoyed an entertainment and oyster supper. An address was given by Mr. N. G. Somerville, on conditions in the dairying industry. A more complete report will be published to-morrow.

THE WEATHER.

We had quite a variety of weather yesterday—sleet, freezing rain and a light snowfall, and today continues mild, with a temperature above the freezing point. December's daily temperature was six to eight degrees above the average in this portion of Ontario, and January promises to exceed even those figures above the normal. Gradually colder weather is coming, but there will be no decided change for a few days yet.

President Roosevelt's report to the House of Representatives shows that there are 676 departmental employees over 70 years old drawing pay.

Fire, Water and Light Committee Decides To Purchase Greer Lot As Site For The New Fire Hall

$3000 Will be Paid for This Lot--Only Two Were Considered and Price of the Second Lot Was Prohibitory--Old Steam Engine Will be Repaired at Cost of $1000 or Less--Wm. Blackwell Will be Engaged as Architect for New Fire Hall.

The Fire, Water and Light Committee last night took the initial steps towards carrying out the expressed will of the ratepayers, who on January 1st last voted in favour of the proposal to spend $25,000 in the improvement to the fire-fighting appliances of the city, when they decided on the purchase of a site for the erection of the fire hall.

The Committee will recommend to the Council the purchase of the lot south of Dr. Greer's house, on Aylmer street, with 100 feet frontage, at a cost of $30 per foot, or $3 000 for the lot.

Only two sites were considered at all seriously, that which it was decided to buy, and the Bradburn estate lot, south of Hunter street on Aylmer street. The price asked for the latter was prohibitive, vix $35 per foot. 100 feet frontage, and if this property was secured it would mean the purchase of an additional lot at a cost of $1700, in order to secure a rear entrance to the hall.

In the case of the Greer lot there is a 12 foot lane running at the rear of the lot, so that the additional expense involved in the other site would be unnecessary. The question of the site was discussed at some length and it was finally decided, on motion of Ald. Ball and the Mayor that the chairman should arrange for the purchase of the lot from Dr. Greer.

The steam engine question was considered, and there is apparently a feeling on the part of some of the members of the Committee this year that the present engine if it was repaired would serve the purposes without going to the expense of purchasing a new engine at a cost of over $5,000.

At any rate the present engine will be repaired. The chairman was authorized to write to the Canadian Fire Engine Company, London, and and to the Waterous Engine Works, Brantford to secure prices as to the cost of the repairs necessary, and to spend up to $1000 on these repairs.

The opinion was expressed that for this sum the engine could be placed in good repair, and that it would serve the purposes of the city for years, while on the other hand it was also stated by some of the aldermen that it had always been an expense and that it was not advisable to depend on it. At any rate the motion of Ald. Duncan and Elliott that it be repaired, was carried.

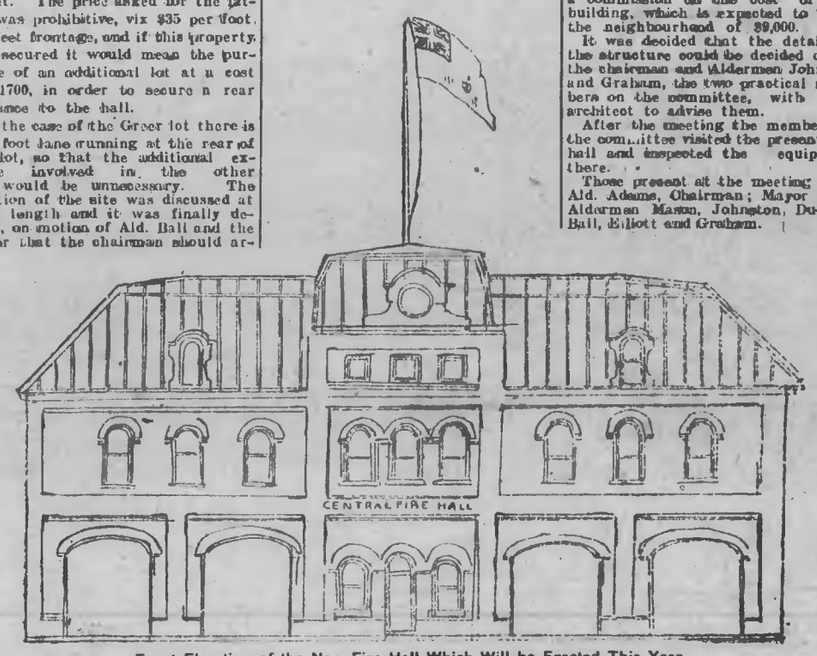
Some informal discussion took place as to the building, and it was considered that in the main, that outlined by the City Engineer in the plan submitted would prove to be about the most desirable, and the best fitted for the requirements of the city and the brigade. Ald. Johnston, who has made a study of the question stated that he believed with some minor changes it would fill the bill. It was thought that at the present time it would not be necessary to complete the whole of the second story, and that a saving could be effected by this.

Mr. Wm. Blackwell will be engaged as the architect to prepare the plans for the new hall, and he will be paid a commission on the cost of the building, which is expected to be in the neighbourhood of $9,000.

It was decided that the details of the structure could be decided on by the chairman and Aldermen Johnston and Graham, the two practical members on the committee, with the architect to advise them.

After the meeting the members of the committee visited the present fire hall and inspected the equipment there.

Those present at the meeting were Ald. Adams, Chairman; Mayor Best, Aldermen Mason, Johnston, Duncan, Ball, Elliott and Graham.



Front Elevation of the New Fire Hall Which Will be Erected This Year.

Chimney Blaze Did No Damage

The fire brigade was given a run to Murray street at 7.45 o'clock this morning, when a chimney in the rough cast house occupied by Thomas Sullivan, 264 Murray street, caught fire. The slight blaze was extinguished without trouble, and no damage was done the house or it's contents.

Old Historical Documents Wanted

Knowledge of Them Discovered by Archives Branch.

R. Laidlaw, of the Archives branch of the Department of Agriculture, Ottawa, is in the city in his official capacity. He is in search of documents of historical interest, or of information of their existence or whereabouts. Documents of this kind are of increasingly great value, and it would be in the interest of historical research if these citizens who may have possession of documents or records of the character referred to, would communicate with Mr. Laidlaw, at the Oriental Hotel, or, after to-morrow, at the Department of Agriculture, Ottawa. To facilitate this communication, it may be stated that Mr. Laidlaw does not so much wish to gain possession of documents, but it is important to have their location, possession and custody placed on record, for reference in case they are required. There are a great many historical documents deposited in the Victoria Museum, to which access is easy.

It is however very desirable that private persons having documents of historical interest should make them known to Mr. Laidlaw, so that they may be made accessible in case of need.

Capitalists Are Interested In Bancroft Mines

Mr. T. H. Crowley, the well-known prospector, leaves to-night for Toronto, where he will be in consultation with New York capitalists in reference to the development of his mining claims at Bancroft. It is expected that the work will commence in a short time, as Wall street men have been greatly impressed with the value of Mr. Crowley's property, and and are anxious to invest.

Consecration Service Held

The monthly consecration meeting in connection with the Baptist Young Peoples' Union of the Murray street church was held last evening, the service being led by the president, Mr. Jas. Ellis. There was a large attendance of members and the meeting was a most profitable and helpful one.

Who Is The Owner Of Tools Found?

Police Have so far Been Unable to Get Any Traces of Burglars.

No trace has been discovered of the men who robbed Ald. R. Hicks' office on Sunday morning, and the police have not been able to find the owner of the hand axe and cold chisel which the burglars left behind them. It was thought that they must have been stolen from some factory or workshop in the city, but careful enquiry fails to bring information of any missing tools. The hand axe found is almost a new one, No. 6 size, and made by a Brockville firm, although the fact that part of the label has been torn off makes it impossible to learn the maker's name. The cold chisel is of a very good quality.

Any person who has lost such tools would do well to communicate with the chief of police.

Muff Disappeared From Church Pew

A George Street Attendant is Mourning Loss of Property.

A lady member of the congregation of George street Methodist church is mourning the loss of a large black sable muff which disappeared from that church on Sunday evening. The owner of the muff laid it on the seat beside her; presently another woman came into the same pew, and placed her coat over the muff. At the conclusion of the service, while the rightful owner of the property was conversing with friends the other woman disappeared and with her the muff. Nothing has been seen of either since and trouble may result for the purloiner.

Expression Of Appreciation

(Copy.)

Peterborough, Dec. 21, 1905

Messrs. Davis-Thompson Co., Peterborough. (Limited.)

Dear Sir, — I beg to acknowledge receipt to-day of cheque for $110., from the Imperial Guarantee and Accident Insurance Company, in full settlement of my claim during the time that I was laid up with typhoid fever.

I must express my appreciation of, and thanks to, your company, for the exceptionally prompt and satisfactory settlement of this claim, the cheque having been returned by first mail after completion of claim paper.

It must be a pleasure to yourselves as agents, as it will be to the public, to have in your office the representation of such a company.

Yours truly,
(Signed) A. E. DIXON.

Bag These Bags Quick.

—No half-way measures now, at the Peterborough Bookstore. We can't make our bargain news too emphatic. Just now stock taking is on and, as a sample of the drastic reductions we intend to give you, you may have your choice of 150 shopping bags for 25 cents each, the regular selling price being from 50c to $1.50 each. Buy them quick. A. H. Stratton & Co.

You'll Miss Something

Unless you make it a point to visit our store during the next few days. It will be the chance for you to secure goods at fully one-fourth to one-third less than the usual price for the same goods.

HOTEL FOR SALE.

The Lease, Goodwill, License, and furniture of that large, well-known Hostelry known as the Royal Hotel, Peterborough, are hereby offered for immediate sale. Reason for sale, death of one of the proprietors.

A Valuable Property for Sale

$2,750.00 will buy one of the best brick residences in Lakefield, situate on the corner of Colbourne and Chippewa streets. The house is white brick, has eight rooms, bath room and library, coal furnace in cellar, is lighted by electricity, telephone connection, and is in the best locality in the village. There is a kitchen, woodshed, stable and barn attached. There is a cistern with force pump to force water up to bath room. Fruit and ornamental trees on the lot. Poultry house and yard 12 x 50 feet long, with wire netting 3 feet high and three divisions in yard. Part of the purchase money may remain on the property by giving a mortgage for 1, 2 or 3 years at 6 per cent. Intending purchasers will deal with Mr. Wm. Harper, Lakefield, agent for T. H. Bell, Lakefield, Ont. dwt f-6628.

Grocery Stock and Business For Sale.

To wind up the Estate of the late CARLOS S. GREENE, that well known grocery and butcher business on the corner of Charlotte and Downie streets in the City of Peterborough, including the stock in trade, fixtures, good will, etc., will be offered for sale, en bloc, as a going concern, by auction by John Haggart, auctioneer, on Wednesday, the seventeenth day of January, 1906, at 2 p. m., upon the premises.

The stock and fixtures which are said to total from $1,200 to $1,500, will be found in good merchantable condition. The stock sheets will be produced on the premises on the day before and on the day of sale.

The sale will be for cash, at a percentage on the dollar of the stock list, to be paid $200 down at time of sale and balance within thirty-six hours thereafter. Further particulars and conditions of sale will be made known at the time of sale or on application to the undersigned.

The landlord offers the purchaser the option of a 3 to 5 years' lease of the premises including dwelling at a reasonable rental.

The estate book debts amounting to about $—— will be offered for sale at the same time and place.

Dated at Peterborough the 3rd day of January A. D., 1906.

One Ingredient of

Zutoo

Is soda—just old-fashioned soda, that our grandmothers took to settle the stomach.

The principal ingredient—the one that stops the headache, is a vegetable ingredient, imported for us from Japan. It wont hurt you any more than will the soda.

The other ingredients of Zutoo are just as harmless.

If you knew what the drug cures contain, and their ultimate effect on the system, you would discard them at once and take Zutoo, which is harmless as

Soda.

FAITHFUL SERVICES Of Retiring Steward

Mr. D. W. Dumble Presented With Illuminated Address by Quarterly Official Board of George Street Church --Annual Congregational Re-union Was Held Last Night--Various Reports Were Presented and Pleasant Social Time Spent.

The spacious Sunday school room of the George street Methodist church, was scarcely commodious enough to accommodate the large crowd which gathered there last evening, for the annual re-union of the congregation. Every branch of the church was well represented, and the evening was one of pleasure and profit to all present. It was an occasion on which formality was dispensed with, and all were made to feel at home. Such meetings, which go to create a friendly and social spirit among the members of a congregation are greatly to the benefit of the church, and should, perhaps, be held more frequently.

Rev. Dr. Crothers, who acted as chairman, in a brief opening address welcomed the audience, and advised them by cultivating a social spirit, to make the evening an enjoyable one.

Mr. James Browne opened the programme with a solo, "Island of Dreams," in which his rich tenor voice was displayed to full advantage. In response to an enthusiastic and well merited encore he gave "Little Maid of Malabar," with equal effectiveness.

The reading of reports from the various branches of the church work was the next order of business. The reports presented were all of an encouraging and satisfactory nature, and were received with applause.

Church Debt Fund.

Mr. A. E. Dixon, the secretary-treasurer of the church debt fund, gave a report of that work, which showed that most satisfactory progress had been made. The work of trying to reduce the church debt by $10,000, had been undertaken five or six years ago, and since that time $10,200 had been cut off. There was a balance of $122.50 on hand, and during the past year $1000 had been paid on the debt of the church. Payments were still to be made on mortgages.

Financial Statement.

The financial statement of the Quarterly Official Board, from May 15th to December 31st, presented by Mr. F. Brown, assb., treasurer, was as follows:—

Receipts.

Bal. on hand May 31st	$ 957 45
Pew rents...	1060 40
Loose plate collections	567 60
Incidental...	5 50
Special collection...	142 64
	$2733 59

Expenditure.

Payments, George street	$2044 33
Payments, Grace church ...	23 15
	$2067 48
Bal. on hand...	$ 666 11

In connection with this report the fact should be taken into consideration that two unusual expenditures had to be made, i.e., $286.10 was devoted towards a better furnace and $95 to repairing the church sheds.

Ladies' Aid Society.

Mrs. D. [illegible] presented the report of the Ladies' Aid Society, which was indeed most gratifying. It showed that the total receipts amounted to $[illegible].13, which added $329.45 collected for the church fund. Of this amount $[illegible] had been used in purchasing [illegible] and $204.80 for sundry church necessities, which left a balance of $[illegible].10.

At the conclusion of this report, Mrs. E. F. Mason, on behalf of the Ladies' Aid, presented the trustees, through Mr. J. Jeffries with a cheque for $50. This act was greeted with a hearty round of applause.

Grace Church Sunday School.

Mr. G. W. Powell of the Grace church Sunday school, briefly referred to the conditions existing there. The officers and teachers were faithful and earnest in their efforts, and he could not wish a better staff. The school had finished the year with a sum of money on hand.

Home Department.

Mr. T. W. Robinson paid a tribute to the teachers and officers of the George street Sunday school for their faithful work. The average attendance had been over 500, and from 150 to 200 grown people were usually present. Speaking of the Home Department, Mr. Robinson emphasized the fact that every member of the church should belong to the Sunday school.

Epworth League.

Mr. G. Galley, on behalf of the Epworth League of Christian Endeavour, said that that organization had no financial statement to present. The League took a deep interest in missions, and raised $75 or $100 a year for that purpose. There were 111 names on the roll, with an average attendance of about 60. A meeting was held every Monday night, sometimes literary, sometimes consecration, and sometimes missionary.

The Young Men's Guild, Women's Missionary Auxiliary, and the Mission Band, did not present reports, but Rev. Dr. Crothers briefly referred to their success during the past year.

Presentation Made.

The most pleasing feature of the evening followed, when Mr. D. W. Dumble, who has recently resigned from the position of recording-steward of the Quarterly Board, was presented with a very handsomely illuminated address by the trustees. The presentation was made by Mr. Benj. Shortly, while the address which was as follows, was read by Mr. J. Jeffries:—

To D. W. Dumble, Esq., K.C.,

Dear Sir and Brother, — It was with much regret that the Quarterly Official Board of the George street Methodist church, received your resignation of the office of Recording Steward. This honourable and responsible position you held for more than a quarter of a century, during which time you must have witnessed many important changes, and much material progress. Throughout your long tenure of office you performed your duties in an eminently satisfactory manner. You were prompt and regular in attendance at all meetings of the Board, and painstaking and accurate in recording its minutes. In the deliberations of the Board you have brought to bear a judicial mind, supported by long and varied experience and mature scholarship.

For this church, in whose best and highest interests you have so long and faithfully laboured, your love has been strong, steadfast and judicious. Your constant endeavour has been to make it a potent moral and spiritual force in the community. You have been loyal in support of all its departments, and zealous in the promotion of all its enterprises devoting ungrudgingly to it a great deal of valuable time and labour.

We are delighted to have learned that it is your pleasure to remain a member of the Quarterly Board, and our sincere hope and prayer is that for many years to come, you may be permitted to give your counsel and practical assistance to the material and spiritual welfare of our church.

We implore the richest gifts of God's gracious bounty upon you, personally, and upon all the members of your esteemed family.

Mr. Dumble made a suitable reply, thanking the trustees for their gift, and referring to the long associations he had had with the George street church. The service he had done for the church was not one quarter as great as the service the church had done for him.

Social Time.

The Misses Chasty rendered a duet very effectively, their voices blending nicely, and the audience showed their appreciation by demanding an encore.

Delicious refreshments were then served, and and the gathering spent a profitable hour in social intercourse.

The re-union was a most successful one and should do much to promote a fraternal feeling among the members of the congregation.

Elegant Cabinet Photos Of His Excellency

The Right Honorable Sir Albert Henry George, Earl Grey, GOVERNOR-GENERAL of CANADA

For all users of the Celebrated

"DIAMOND DYES."

We have received so many letters from ladies in Canada asking us to continue the supply of the beautiful Cabinet Photos which we have been sending out for the last two months that we have decided to continue the supply until the end of February, 1906. Please note the conditions for securing a photo.

One photo will be sent free of cost to each lady who sends her full post office address and four of the inner envelopes which contained DIAMOND DYE of any colour.

Envelopes of other makes of package dyes will not be accepted.

This offer will be valid until the end of February, 1906.

Send in your address at once with the four empty envelopes, so that you may get the photo without delay.

Newcastle Lady Was Deserted

One of our young ladies was cruelly deserted at the altar by her prospective husband Saturday last. All arrangements had been made for the wedding, which was to take place in St. George's church, but when the hour arrived the groom failed to appear. Much sympathy is expressed for the young lady and her friends who were put to much expense providing presents, etc. The miscreant is a young Englishman who worked the past two seasons with D. John Hall.—Newcastle correspondence to Port Hope Times.

Bro. H. B. Hall Gave Lecture at Diamond Lodge

Visiting Orangeman Gave Instructive Address—Courteous Reception by Members of Lodge No. 80—Tribute Paid to the Late Brother E. F. Clarke, M.P.—Orange Sentinel Was Discussed—Some Duties of Members.

BRO. WM. KINDRED SPOKE BRIEFLY

At the close of the usual business at Diamond L.O.L., No. 80, last night the members present listened with appreciative interest to an able address conducted by Mr. H. B. Hall, of The Orange Sentinel, Toronto.

Bro. W. G. Bartley, W.M., was in the chair, and welcomed the speaker of the evening in a few appropriate words.

Bro. Hall, in opening, recognized the cordial greeting accorded to him from the members of Lodge No. 80, and thanked them for the many courtesies shown him during the past week while he was in Peterborough.

He congratulated the members present on being a part of this bright and prosperous city and on having such aggressive men of business, who, by their enterprise and loyalty, had made Peterborough the finest city east of Toronto that he had visited.

He also paid a feeling tribute to the memory of the late Bro. E. F. Clarke, M.P., an Orangeman, with whom he had been intimately associated for thirty years.

His object in addressing the brethren was to bring before them the necessity for, and also the edification they would receive in, reading The Orange Sentinel.

This paper, he said, was rapidly increasing in circulation throughout Canada, and at the present time has many thousands of subscribers. The paper itself had recently been enlarged to meet the demands of the expanding literature from all parts of the country. The object of every Orangeman should be to guard his daily life and conduct, to assist the poor and needy, and so gain the sympathy of those who are not in connection with the Orange Order. The reading of The Orange Sentinel, he said, would assist materially in attaining these objects, and the medium of circulation was the surest method of producing this knowledge.

During the past four months he had added over 1,100 new subscribers to the list which demonstrated the increasing popularity of the paper. He commended the fact that the clergy were now falling in line with Orangemen, and were encouraging that Order in all possible ways.

The speaker also referred to the increase in the number of boys who were commencing Orangeism as young Britons. He exhorted the men to give hearty co-operation to them and assist them actively, as they in the future would be the Orangemen of the future.

At the close of the address of the evening, Bro. Wm. Kindred briefly expressed his pleasure at being present with members of No. 80, and also expressed his gratification and appreciation of Bro. Hall's invaluable lecture.

A hearty vote of thanks was extended to Mr. Hall, who responded briefly, acknowledging the reception tendered him by the Orangemen.

Assault Charge Was Dismissed at County Court

At the County Court yesterday afternoon before His Honour County Magistrate Edmison, Jimmy McMartin, aged 13, was charged with assaulting Norman Peters, aged 10, both of whom live in Otonabee a short distance south of the Locks bridge.

A number of witnesses were called and on being questioned by the Magistrate it was found that the plaintiff and defendant in conjunction with a couple of other youths, were having a friendly sleighride together in the plaintiff's father's field. Some differences arose between the two and a boyish challenge of a pugilistic character was issued by young Peters, and readily accepted by Jimmy McMartin with the result that the elder came out victorious. The challenge, however, was contradicted by the plaintiff.

Mr. Edmison gave the boys some good advice, warning them against a continuance of such practice and after encouraging the parents to keep their children apart, dismissed the complaint, the plaintiff being assessed for one-third of the costs and the defendant two-thirds.

A Lecture on "Your Neighbours"

The first Pop in connection with a series of eight in number, now befanged, will be held in the Y.M.C.A. Hall on Saturday evening, Jan. 27, at 8.15 o'clock.

The attraction that evening will be the humorous lecture by Mr. Thomas McGillicuddy, one of Canada's most popular entertainers. His subject will be "Your Neighbours."

There will also be musical features of interest.

Citizens are asked to reserve this date, as well as the other Saturday nights during the series.

Mistook Poison For Whiskey

And as Result Edward Wall is in Precarious Condition.

Mistaking a mixture for a flask of whisky, Edward Wall, of 109 Sexton street, nearly poisoned himself while out driving with W. Reeve, 295 Sherbourne street, about 9 o'clock on Saturday night. He was overcome at King and Bay streets and was carried into the Emergency Hospital. Alarming symptoms developed last night after his removal to the General Hospital, and the doctors fear that death may yet result. Wall is 19 years old.—Toronto Globe.

The young man referred to above is well known in Peterborough, having lived here for some time. Before he left for Toronto a short time ago he was in the employ of the Oriental, as bellboy. His father, Mr. Con. Wall, received a telegram yesterday, telling him to come up to Toronto at once as his son was in a very dangerous condition.

AN INNOVATION ON GRAND TRUNK RAILWAY.

In order to facilitate the prompt delivery of baggage at Toronto, Montreal and Hamilton, and to avoid delay and annoyance often occasioned at these points, the General Baggage Department of the Grand Trunk Railway System, are arranging for the checking of baggage from all stations in Canada direct to residences, hotels, railway stations and steamboat wharves in the above cities.

Under this arrangement a passenger from any station on the Grand Trunk Railway System, upon payment of 25 cents for each piece, will be able to check his baggage direct to any residence, hotel, etc., thus avoiding the necessity of making arrangements for delivery on arrival and insuring the prompt receipt of baggage at destination.

Under this system, baggage when received from trains at destination, will be immediately delivered direct to the Transfer Company, for PROMPT DELIVERY, thus avoiding delays previously occasioned by placing same in baggage room, recording, re-assorting, etc., thus saving time and unnecessary handling.

Further announcement will be made of date this service will be put into effect. 3d11

Lands Liable For Tax Sales

The County Treasurer is busily engaged making a list of lands in the county which are liable to be sold for arrears of taxes. After the list has been completed the clerks of the different municipalities will be notified of the lots in their respective municipalities before the sale takes place.

On the Shelf

of every home in Canada there should be found a bottle of Shiloh's Consumption Cure, the Lung Tonic, for Coughs, Colds and all irritations of the throat, lungs and air passages. It is easy to take, gives instant relief and cures permanently.

Generation after Generation

have pronounced Shiloh to be the safest, surest, quickest and best family cure for Colds and Coughs. Nothing has ever been found to take its place in the home. Try Shiloh and be cured, or say you were not and get your money back. Isn't this fair? Mrs. E. James, of Hibbing, Minn., says:—"There is no cure like Shiloh for Coughs, Colds, Croup, Sore Throat, Hoarseness, Bronchitis or Whooping Cough. My children got very sick indeed. The doctors could not relieve him. I got a small trial bottle of Shiloh and was completely cured. It has no equal." 504

THE LATEST SPORTS

Great Races In Prospect This Winter

A Grand Race Meet Will be Held by Turf Club.

The winter races of the Peterborough Turf Club will in all probability be the most successful ever held under the auspices of this live organization. A large field of fast horses will be entered and the free for all promises to be particularly interesting. The horsemen in this district are very sweet on Miss Paisley and anybody who doesn't pick her to land first money in the 2.19 class has the opportunity of making a barrel of money. The Peterborough races which will follow the Lindsay races which are to be held on the 16th and 17th of this month are billed for the 23rd and 24th of January. All the horses that have raced in Lindsay and Port Perry will be entered here. The races here will doubtless attract many followers of the turf as this is a good pool selling city and the betting will certainly be lively. The track is in good condition now and by the time of the races will be in excellent shape. All literature pertaining to the races has been published and preparations for a most successful meet made.

Mr. R. J. Munro and Mr. A. Rountree, president and secretary, respectively, of The Peterborough Turf Club, assisted by the other able members of the club have laboured incessantly to make the races an unqualified success and their efforts will doubtless prove gratifying to the patrons of the Turf Club themselves as well. Two days of grand sport is promised for those fortunate enough to witness the Peterborough ice races for 1906.

Following is the programme:—

First Day.

2.50 class, trot or pace $150.00
2.23 class, trot or pace, ... 150.00

Second Day.

2.29 class, trot or pace, ... $150.00
Free for all 150.00

TURF.

This is sloppy weather for the opening of the Lindsay ice races.

• • • •

There is poor ice in Picton and if it doesn't take a decided turn for the better all the horses that were originally intended to race in that town will be here next week.

• • • •

Two men and a team are hard at work to-day on the turf club track.

• • • •

Messrs. P. J. Clunan, W. Gould, Geo. Lipsett, Martin Connors and others went to Lindsay this morning to attend the ice races in that town.

HOCKEY

The City League hours are already proving a drawback to some of the players who cannot get away from employment until eight o'clock, the hour that the first games of the evening are billed to commence, and what's more there's a fine of two dollars for teams who are not prompt.

• • • •

It was feared that perhaps there would be no ice for the game in Cobourg to-night, but this morning at 10.30, Mr. Chris. Graham received a telegram that the ice in Cobourg was fairly good. The team left on the G.T.R. this morning accompanied by Messrs. Breen and Stroud.

• • • •

The High Life's, it is reported, have secured the services of Mr. H. Rush, the veteran point player. The High Lifes will have a splendid team this winter and Mr. Rush is a decidedly valuable equisition to their playing strength.

THE RING.

Chelsea Mass., Jan. 15.—Chester Goodwin, of Chelsea, and Abe Attell, of California, fought 15 rounds to a draw here to-night.

CURLING

There were no games finished at the curling rink last night as the mild weather which has been prevailing caused the ice to be somewhat sticky and in poor condition. For this reason the contest for the Neill-Shepherd trophy is postponed until Thursday evening when it is hoped that the weatherman will be more considerate.

This is terrible weather for toboggan slides, open rink and "sich like".

BASKET-BALL.

The Arrow Basketball team hereby challenge the Alerts to a series of three games for the intermediate championship of the city. The first game to be played Thursday night, January 25th.

YACHTING

Mr. E. M. Wedd, of the Canadian Generla Electric Company, Toronto, is in the city to-day a guest at the Oriental. Mr. Wedd is skipper of the yacht Temeraire which competed in the international sailing yacht races last year.

POOL AND BILLIARDS

Mr. Jos. Guerin, informs the Examiner that last night Mr. "White" McGee, of the Oriental ran 250 points at billiards. This is a feat of which any billiardist might well be proud and probably was never before accomplished.

Oddfellows Assist In Installation

A Number of Local Members Went to Lakefield.

Last night a number of the local Oddfellows drove to Lakefield, where they participated in the installation of officers in the Lakefield Lodge, No. 356, recently organized. Among those who went to Lakefield were: D. D. G. M. Ward Patterson, Havelock, Past D. D. G. M. J. W. Miller, Peterborough; and W. Hill, P.G., W. S. Robinson, P. G., F. Wise, P. G., Dr. McKercher, W. Bradshaw, J. W. Jordan, Geo. Detcher, Jas. Fowler, George Campbell, L. Jackson.

The installation was performed by the first four mentioned, assisted by Rev. W. T. Leggott.

The new officers are:

Bro. J. E. Kelly... ... ...J.P.G.
" F. J. Burgess... ... ...N.G.
" H. Bassill... ... ...V.G.
" Geo. Spencer... ... ...R.S.
" David Charlton... ... ...F.S.
" J. H. Chant... ... ...Treas.
" Wm. Allen... ... ...War.
" Geo. Hendren... ... ...Con.
" Robt. English... ... ...R. S. S.
" C. Garbutt... ... ...L.S.S.
" Bert Davis... ... ...O.G.
" F. E. Kline... ... ...I.G.
" W. Charlton... ... ...R.S.N.G.
" E. Butler... ... ...L.S.N.G.
" Andrew Young... ... ...R.S.V.G.
" Sam Charlton... ... ...L.S.V.G.
" Rev. W. T. Leggott... ... ...Chap.

At the conclusion of the business the brethren enjoyed refreshments served by Bro. T. Z. Webster, and the visiting members of the Order left for home, and arrived here about two o'clock.

Enterprise of Mr. M. Pappas

Extensive Improvements Have Been Made to His Premises.

Mr. M. Pappas, the enterprising proprietor of the Peterborough Cigar Store, Pool Room, Shoe Shine Parlours and Shooting Gallery, has made extensive improvements to his property and now has an establishment very complete and well equipped in every detail. The partition between the cigar store and shooting gallery has been torn down and a handsome arch now takes its place. The shooting gallery has been removed to where the pool room formerly was and the two rooms on either side of the arch now form a pool room which is a very commodious one, containing six tables.

Mr. Pappas' progressiveness is much appreciated by his many patrons who find this new premises very modern and convenient.

Police Station's Regular Lodger

One Man Thinks That He Has Controlling Interest in Middle Cell.

The local police often encounter peculiar characters, and they have one on the list now who makes a topic of conversation on many occasions. He is comparatively old but not unable to work. Friends are scarce and money scarcer and so the old man this for the last three months been an almost nightly visitor at the police station. In fact he has been there so frequently that he seems to regard the centre bell as his own and recently disturbed the the serenity of the station and woke up the policeman on duty because someone else had been so fortunate or unfortunate to be placed in that cell. For a long time the old man would not allow his cell door to be barred and his chief amusement during the night was for amble out into the office every half hour to find out if it was getting near morning.

Just what to do with him the police are unable to determine. He does not want to go to gaol and charitable institutions refuse to shelter him because of his habit of wandering out each day in search of liquid refreshments. The queer part of it is that although he must have a drink at intervals during the day, he is never intoxicated. Many such people are met with by the police, and it is sometimes hard to decide where to send them.

Charge Against Young Men Was Dismissed

Young Men Were Acquitted on Charge of Using Offensive Language.

The case of two young men, charged with using offensive language towards two young ladies, Misses Westfall and McCracken, who board at William Bell's, 758 Water street, and which was enlarged from yesterday, was again heard at this morning's session of the police court, before His Worship Police Magistrate Umble. Mr. R. F. McWilliams appeared for the defendants, A. McCorry and W. Weatherstone.

Mr. William Bell was the first witness examined, and said that on last Saturday morning, the specific day on which the men were charged with using the obnoxious language, although it was alleged they repeated it on several occasions, he had heard the young men calling the girls names. He went out and cautioned them. The time was about six o'clock in the morning. He did not recognize their voices. He went out and warned them. Recognized one of them in court, he said, but was evidently mistaken, as he pointed out a young man who had no connection with the case whatever.

Mrs. Bell heard two voices call out a couple of the girls' names, at about five minutes to six o'clock on Saturday morning. They were the same voices that called the names out before, and at the same hour as the other mornings. She said she saw three men of the same height go by every morning, but she only recognized Cephas Stephens, who gave evidence yesterday.

Mr. George Davidson, foreman at the Auburn Mills, came down with the defendants on Saturday morning. He walked ten or twelve yards ahead with Mr. Stephens, and heard no bad language used.

William McKnight knew the defendants. McCorry asked him if he knew a man by the name of Anglyse. He said that he knew several of that name. McCorry had said that a fellow by the name of Anglesye had laid an information against him, but that he was not guilty of the offence.

Ernest Belleghem, who was identified as Weatherstone by Mr. Bell, went into the box and swore that as he was asleep in bed at the time he could have no possible connection with the matter.

Mr. McWilliams argued that it was a case of identification, and that the accused had not been identified.

His Worship said that there was an element of doubt in the case, and therefore dismissed it.

Crowd on Cars Broke Windows

The C. G. E. car this morning looked like a South Africa armoured train after a successful run of a blockade. Two vestibule windows and one of the glass doors were shattered as the result of the crowd on the car this morning. The disagreeable weather was the cause of the rush and the car was packed to its fullest capacity, with the above mentioned result to the windows, etc.

Fever Cause of Torpid Livers

The Surest Way to Prevent Disease is to Keep the Liver Active with

DR. CHASE'S KIDNEY-LIVER PILLS

Too frequently an external cause for fever is looked for, when the real source of trouble is from within the body itself.

To begin with the liver becomes torpid, sluggish and inactive, and poisonous bile in left in the blood to corrupt the whole system. The result is the overworking of the kidneys and the clogging up of the organs of excretion.

Food which should be digested is left to ferment and decay in the intestines, and inflammations and fevers are set up.

In such a condition the body is a regular hotbed of disease and is most susceptible to any ailment of an infectious or contagious nature.

The best insurance against disease is the use of Dr. Chase's Kidney-Liver Pills to keep the liver active. This great medicine has a direct and specific action on the liver, and is wonderfully prompt and effective in awakening and invigorating this important filtering organ.

A healthy liver means pure blood, good digestion and the proper working of the bowels. A healthy liver ensures the onward passage of the food through the intestines and excretory organs, and so removes all chance of poisonous waste matter remaining in the body to produce pain, suffering and disease.

Mrs. R. C. Webster, Glenarm, Victoria, Co., Ont., writes: —"I gladly state my experience with Dr. Chase's Kidney-Liver Pills in order that others may profit by it. About a year ago I was almost entirely used up with severe pains in my back and side the result no doubt of deranged liver and kidneys. Having tried several remedies which did not seem to do much good and hearing Dr. Chase's Kidney-Liver Pills highly recommended I sent for several boxes and can freely state that they did me a world of good. As I feel no need of further treatment, the cure seems to be thorough."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Bovril in the Chafing Dish

BOVRIL is the greatest adjunct to chafing dish cookery. It adds a piquant, delicious flavor to all vegetable, fish, game and meat dishes.

BOVRIL gives a high nutritive value to everything in which it is used, as eight pounds of prime beef is concentrated in four ounces of BOVRIL.

Here is a recipe which should appeal to all chafing dish votaries:

BOVRIL

Eight pounds of prime beef is concentrated in four ounces of BOVRIL.

SAUTE OF MUSHROOMS.—Cut the mushrooms in small pieces with a silver knife. Melt two tablespoons of butter in the blazer, put in the mushrooms and cook them ten minutes. Stir in a tablespoon of flour. Add one cup of water in which has been dissolved one teaspoon of Bovril.

Bovril is prepared only by
BOVRIL LIMITED, LONDON, ENG., and MONTREAL, CANADA
By special appointment

DRS. KENNEDY & KERGAN

The Leading Specialists of Michigan. 25 Years in Detroit. Bank Guaranty.

Miss out of every ten men have been guilty of transgression against nature in their youth. Nature never excuses, no matter how young, thoughtless or ignorant he may be. The punishment and suffering corresponds with the crime. The only escape from its ruinous results is proper scientific treatment to counteract its effects.

The DRAINS, either by nightly losses, or secretly through the urine, must be stopped—the NERVES must be built up and invigorated, the blood must be purified, the SEXUAL ORGANS must be vitalized and developed, the BRAIN must be nourished. Our New Method Treatment provides all these requirements. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and sicars disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. We invite all the afflicted to call and consult as confidentially and free of charge. Cures Guaranteed or no Pay. We treat and cure: Varicocele, Blood Diseases, Stricture, Blood, Impotency, Urinary Organs, Spermatorrhoea, Unnatural Discharges, Kidneys and Bladder Diseases.

CONSULTATION FREE. BOOKS FREE.

If unable to call, write for a QUESTION BLANK for Home Treatment.

SMALL WORK.

(Brockville Recorder.)

The Toronto News, the official organ of Mr. Flavelle, the erstwhile license commissioners of Toronto, who resigned because he could not swallow the wholesale decapitation of license inspectors by the Whitney Government, refers to the dismissal of an issuer of marriage licenses. The position only carried with it $32 a year, and still the occupant was fired. Under the heading of "Hymen and the Axe," the News thus deals with the matter:

"Mr. W. H. Bundy, of Parry Sound, has received from the Provincial Government this solemn communication: 'I have the honour to inform you that His Honour the Lieutenant-Governor has been pleased to remove your name from the list of issuers of marriage licenses. Any marriage act forms which you may have on hand should be returned at *once to the Department, when* a refund will be made you of their value.'

"The earnings have been $32 a year. Too small, one would imagine, to excite the rapidity of the smallest kind of partisan, but nothing seems to escape his microscopic eye. We are not informed that Mr. Bundy allowed partisanship to interfere with duties so closely related to the happiness of the human race; that he smoothed the path of the Liberal seeker after domestic bliss, or frowned upon the Conservative youth who, with faltering lips, expressed his desire for a license. We are not told that there are among the records of the Provincial Secretary's office any complaints from persons whose aspirations after felicity were thwarted by Bundy. We have, therefore, to conclude that Bundy's $32 a year made him a shining mark for envy. Or is it that marriage is so popular in Parry Sound that a halo of glory surrounds the man who has possession of the fateful forms. Perhaps we had better let it go at that; it does not look quite so petty. Henceforth, as Cupid wields the bow, Hymen should be depicted with an axe."

AN UNFAIR VERDICT.

The serious responsibility attachable to the publication of a daily newspaper is strongly presented by the verdict of $200 damages which has just been rendered in the libel suit of Lottridge v. The Herald Printing Company, of Hamilton. A local reporter on The Herald was led, by an error appearing in an Ottawa paper, *into stating that a man* named Isaac Lottridge had been arrested for horse stealing in Carleton County, and that the man had been tried some years ago for complicity in the Hesloj murder case. However, it was John, and not Isaac Lottridge, who was concerned in this case, and hence arose the opening for a libel suit. As soon as The Herald's attention was called to the error, it published a full explanation and retraction—one which was quite satisfactory to the solicitors who were then acting for John Lottridge. Another firm of solicitors, however, took the case up and prosecuted it. The result is that a Wentworth jury has found that Mr. Lottridge is entitled to $200, with costs, for the damage done to him through a mistake which any newspaper is liable to any day make because of the haste with which its news must necessarily be compiled, and the variety and tortuousness of its channels of getting information.

Under all the circumstances, the verdict is one which newspaper publishers will be disposed to view with alarm, and it is to be hoped our Hamilton contemporary will not be satisfied to accept it without first taking it to appeal.—Brantford Expositor.

Doesn't The Expositor itself run a little risk in thus criticising the finding of the jury? Courts these days are so sensitive, as witness the near escape the editor of The Globe had from languishing in jail simply for publishing some alleged poetry upon plumbers who were under trial for wrong-doing. If the editor had been jailed for publishing poetry of that quality, justice would have been satisfied, but, that a judge on the bench would be influenced in pre-

gossorous, or perhaps not so much, when one reflects upon the character of some of the sentences some judges impose. Therefore, The Expositor may not be safe in criticising a jury. A jury charged with the wisdom of a judge may be possibly regarded as forming a part of the court himself, and by a refinement of reasoning, contempt of the finding of a jury may be easily regarded as contempt of court.

The Expositor is just in its strictures upon the verdict of the Wentworth jury. The law makes a decided distinction between acts influenced by malice and acts innocently committed and in good faith, with unexpected injurious results. In a hundred thousand cases out of a hundred thousand and one, no respectable and responsible newspaper publishes anything it knows to be incorrect. Newspapers enter into the most strenuous rivalry for the distinction of publishing the most and the most reliable news. Its success, its circulation, and its influence depend upon its reputation. If it gains a name for furnishing "all the news every day" of a reliable character, it is the gainer. Nobody, so much as the journal itself, regrets being led innocently into giving currency or publicity to statements that are not correct. It seems impossible that The Hamilton Herald should have been in the slightest degree influenced by malice in dealing with the matter of a current news paragraph, and its regret was doubtless as keen as the man who was innocently injured. The fact that one Christian name was mistaken for another, especially when full explanation and amends as far as possible were promptly and fully made, does not seem to justify the imposition of a fine of $200, and very probably much more than another $200 in the way of costs. It is to be hoped that The Herald will live up to the newspaper way of having the last word. An appeal to Cæsar should be made. The press at large is interested in being protected in its mission, for without cant, the press has a mission. No other single power in the land has so wide and multiplied influence in promoting civic, national, moral social and material interests as the press. Subtract from any community the local press, and a greater blight than a financial crisis, a greater stagnation than hard times, would fall upon it.

EDITORIAL NOTES.

Dr. Bernard Hollander, British hair-splitter, says that vanity is greater in the woman, and conceit in the man; rather a distinction, without a difference, since both involve the possession of qualities in both cases possibly imaginary.

"Cities" in the Canadian West, "rise like an exhalation." Lethbridge, which not many moons ago, was a mere spot on the map, has, the Lethbridge Herald says, aspirations for becoming a city. It claims a population of 5,000,, which may jump to 6,000, if incorporation proceedings are not hastened. It is pleasant to note the progress of our great western "heritage."

In St. Thomas they are discussing the advisability of having city taxes paid at the banks. The bank officials are said to be willing to undertake the work for the incidental advantage they would receive therefrom, but it is not easily seen, suggests the Brantford Expositor, that municipal expenditure would be lessened by the change, seeing that some one would have to preepare and serve the tax slips, and look after the delinquents. Changes readily suggest themselves of a far more serviceable character than this one.

Don't go Stale.

Be a "regular," and join the list of well-pleased patrons at Eddie LeClaire's new barber shop, Snowdon's Block, Simcoe street. It's a handy place for busy business men to get a shave or hair cut, quick.

Took The Laudanum FOR THE PURPOSE Of Inducing Sleep

Was the Verdict Last Night of the Coroner's Jury on Death of Edward Towns--New Witnesses Disclosed No Startling Evidence--Address to Jury of Coroner Gray—Curtain Fall on Regrettable Tragedy.

We, your jurors, are of the unanimous opinion that the late Edward Towns came to his death by taking an overdose of laudanum with the intention of producing sleep.

The above was the verdict the coroner's jury, at the inquest into the cause of death of the late Edward Towns, reached last night.

The inquest into the death of Edward Towns, of Douro, which was enlarged from last Monday, was continued last night at the police court before Coroner Grey and the following jurors:

The Jury.

Wm. Henry, J. McGrath, Alex. Richardson, Elgin Chard, Martin A. McNamara, Erasmus Green, David Wallace, John Taylor, Robert Shearer, William Stockdale, Pennington Alexander, Andrew Hart, Charles Westlake, foreman.

Great interest has been taken in this case by the people of this city and the surrounding community, and at every hearing the court room has been well filled. The evidence given last night threw no additional light upon the matter. Probably the witness, whose testimony was the most interesting, was Wm. Christie, the man who, at the last session of the inquest, told of taking the bottle from Towns' hand as he was on the bed drinking the poison. Great sympathy for the family of the deceased young man has been universally expressed, and it will doubtless be a great relief to his friends to know that the verdict of the coroner's jury has exonerated him from any suspicion of suicidal intent.

The first witness called was Mrs. P. Hogan, who testified there was not much of disturbance on day of *young man's death, saw young man* with coat off in sitting-room, who seemed anxious to quarrel with Mr. Walsh, of Douro. Thought it was about five minutes to 12. Went out and returned in about five minutes. Saw her husband trying to quiet him. Tom Christie came down stairs with bottle of laudanum in his hand and showed it to Mr. Hogan. Thought it was the same bottle produced in court. Saw no more of Towns. On Thursday evening prior to the death of Towns, at 5.30, noticed him looking rather melancholy and asked him what was the matter. He replied he had his own troubles. Advised by Mrs. Hogan to consult doctors. Said he had doctored with best of doctors. Said he had some powders from Dr. McNulty. Said he had bottle of laudanum, but said nothing about taking it. Said he was feeling well. Witness asked him no further questions. Had his tea and went to work. Thought he didn't go to work Friday. Didn't go up to room after she went upstairs. Saw him in the hall and he seemed all right. Didn't notice who was in the hall with him. Seemed to be quite sober on Thursday evening.

Frederick Hamilton

Did not know much about affair. Came in house and saw Towns with coat off, calling Walsh some pretty nasty names. Hogan came in, caught Towns by the arm and said he wouldn't allow that language to be used in his house, and asked him to go to bed. Towns refused. Hogan pulled Towns out into the hall. Didn't see any more for a while. Came out through hall into bar and saw Hogan with Towns down on floor. Didn't see Hogan, but Towns heard him ask him if he let him up if he would be good and go to bed. Hogan came to hall door. Witness called Hogan into the bar. Towns followed Hogan into bar and said, "Hogan, you can't bluff me yet." Hogan said he didn't want to have anything more to do with him. Said he had always been his friend, and asked him to go to bed. Towns struck at Hogan. Hogan caught him by wrist. They went out into hall. In 10 or 15 minutes Towns came back with Christie and asked for drink. Wouldn't say whether he got one or not. Last he saw of Towns. Didn't see Towns go upstairs.

Hugh Bailey

Was not there when any row was going on. Met Christie at head of stairs, and told him to call Mr. Hogan upstairs. Didn't see him, so Christie went down himself. Didn't know where Towns was, but looked in his room and saw him lying on his bed. Just stepped inside of door and they exchange' greetings. Towns told him to tell Christie that he (Towns) wanted to see him. Went downstairs, and told Hogan to tell Christie. Towns seemed to be quite sensible. Did not see anything in Christie's hand when he first went up. Went upstairs again and Christie had bottle of laudanum in his hand. Said, "Some man has taken laudanum." Made no inquiries as to who had taken laudanum. After dinner went to see Towns. Witness spoke to him and asked what happened. Towns said, "None of your business." Witness said they were friends and not to get mad. Towns told him if they were friends to go out of room. Went into room again and doctor came in right after. Didn't speak to witness again. Helped to take him downstairs, and doctor took him away in his buggy. Was able to help himself when taken downstairs. Christie assisted him. Don't remember his saying anything going down. Towns seemed in a sleepy condition.

William McKee was next testified, but was not present.

William Warmington was at Hogan's on Saturday. Didn't see trouble at all. Was the bartender. Towns asked for drink, but was refused. Christie, who was with him, asked for glass of lager. Both went out of bar. Saw no scuffle. Hogan and Towns came to bar door once, and Hogan told him to go back. Did not see anybody with bottle of laudanum. Never saw bottle of laudanum produced in court.

Coroner Grey said that a letter had been received which he had handed to Crown Attorney Wood from Mr. Towns' friends concerning Towns' character. The character of the young man, he said, was not in question. All inquiries led to the belief that the deceased had a good character. Coroner Grey said that he was of the opinion that the young man who had had a row downstairs, *came up to his room a little angry,* and took laudanum to put him to sleep, taking too much, and the unfortunate young man died. Suicides, said the coroner, usually took the entire bottle which contained the poison. Before Dr. McNulty arrived Towns' system had absorbed the laudanum, and he was therefore beyond medical assistance.

Installation Of Telephones

Gang on Machine Telephone Installation Will be Increased.

The installation of the machine telphones is progressing as rapidly as possible under the circumstances. The company is handicapped by only having a very small gang of men at work and are able to install but two 'phones a day. In a short time, however, the size of the gang will be greatly increased and the 'phones will then be installed at the rate of about twelve a day. When the work begins in full swing it will probably be completed in about a month.

Mr. W. H. Lythe, local manager, says that the machine telephones are giving great satisfaction to the subscribers.

The Cemetery Co. Directors Were Re-elected

The Annual Meeting of Little Lake Cemetery Company Was Held Yesterday Afternoon—Reports of a Satisfactory Nature Were Presented—Superintendent Wise Gets Increase in Salary of $50 a Year—Mr. W. H. Moore Again Elected President.

SATISFACTORY STATE OF AFFAIRS REPORTED

Those present at the annual meeting of the Little Lake Cemetery Company which was held yesterday afternoon in the City Council Chambers were, Messrs. W. H. Moore, President; E. A. Peck, Secretary; F. Wise, Superintendent, and the following shareholders: Ald. Adams and Messrs. Gladman, Stapleton, T. A. S. Hay, B. Shortly, E. H. D. Hall, H. Strickland, Jas. Stevenson, and R. M. Dennistoun. The reports, as published yesterday were presented, and adopted. The Directors' report was presented by the President and was adopted on motion of Messrs. Moore and Stevenson.

The Secretary's report and Treasurer's statement submitted by Mr. E. A. Peck, and was adopted on motion of Messrs Hall and Shortly. Mr. F. Wise, Superintendent, presented his annual report with a statement of receipts and expenditures, and the report was adopted on motion of Messrs. Shortly and Hay. The former in making the motion referred to the work of the Superintendent. The report did him credit, he thought, and the suggestions which he made were good ones.

Messrs. Jas. A. Hall and T. Q. Quartermaine were appointed auditors for the ensuing year, on motion of Messrs. Shortly and Adams.

The election of Directors took place, and on motion of Mr. R. M. Dennistoun, seconded by Mr. H. Strickland, the old Board consisting of Messrs. J. J. Lundy, C. Stapleton, T. A. S. Hay, B. Shortly, E. H. D. Hall, R. M. Dennistoun, W. H. Moore and Jas. Stevenson, was re-elected.

The Shareholders' meeting then adjourned.

Directors' Meeting.

Subsequent to the meeting of the Shareholders the Board of Directors held a meeting, at which the officers for the year were elected. Mr. W. H. Moore was re-elected to the Presidency, and Mr. E. A. Peck was again made Secretary.

The question of an Advisory Committee was discussed, and Mr. Hall moved that Messrs. Hay, Shortly and Stevenson be appointed to comprise this Committee with the President. There was some objection to the principle of an Advisory Committee and Mr. Hall finally withdrew his motion, and it was decided that the whole Board should be the Committee.

Mr. Shortly in an address in which he referred in complimentary terms to the efficiency of the Superintendent, moved that his salary be increased to $650 a year, an increase of $50. Personally he would like to see it increased to $700, but thought that in the meantime he should at least have the figures he named, as he had proved himself to be a most efficient servant and could get at the present time more money than was being paid him here. Mr. Stapleton moved in amendment that the matter of an increase in salary be not dealt with until the end of the contract year, May 1st, but there was no seconder, and Mr. Shortly's motion was carried.

Legislation Committee Will Have Busy Year

Many Matters Which Will Claim the Attention of This Committee This Year—Some General Legislation Will be Looked For—The Two Year Term for Aldermen Again Advocated—Some of its Benefits.

PRIVATE BILL OF THE CITY DISCUSSED

The Legislation Committee of the City Council will have a number of important matters to deal with this year. The chairman of the Committee, Ald. McWilliams, is at present engaged in going over the draft of the city's private Bill prepared by the City Solicitor, and it is not probable that any material changes will be made in it. The principal piece of legislation which the city will ask the Legislature for is the authority to purchase the Sugar Company's property, and to give it to manufacturers as sites for factories. All the other matters asked for have been discussed in the council, and are largely ratifications of bylaws already passed.

The Committe will also this year, in all probability, ask for some general legislation. One of the things which Ald. McWilliams wants to see enacted is to extend the term for alderman for two years. He believes that this will be a material improvement on the present system, since the electors now only vote for six or seven candidates, in any case. His idea is to elect six each year, which, he believes, would result in securing a higher class of men for the Council.

What the Legislature would probably do would be to pass a bill making it optional with the cities to elect their aldermen for one or two years. Another improvement which he would like to see is the qualification for voters in cities of populations up to 25,000 reduced from $400 to $300, the figures at which it stood before Peterboough was made a city. He believed that at the last election fully 100 men found that they were not entitled to a vote because of the increase in the qualification.

J. C. TURNBULL & CO'S.

Great White Sale Commences Wednesday Morning Jan. 17th. Special Prices in Cottons, Sheetings, Quilts, Towelling, Vestings, Etc.

THE WEATHER.

The weather still continues decidedly disagreeable, with wet snow and rain. But all things must have an end, and directly the wind changes from its present southwesterly quarter colder conditions will be with us.

Barrie's Big Fur Reductions

This is a big fur opportunity and you should not miss it, as all kinds of fur skins have advanced and prices will be higher than ever next season.

OBITUARY.

MRS. W. J. NEILL.

A sad death was that which took place this morning, when Lavina Patton, daughter of the late James and Margaret Patton, and wife of Mr. W. J. Neill, 359 Sherbrooke street, passed away after a long illness. The deceased was very well and favourably known throughout the city, and the announcement of her death will come as a shock and grief to a wide circle of friends.

Her husband and two small children survive, and three sisters and one brother are also left. They are Miss Margaret Patton and Mrs. Johson, of this city; Mrs. Chambers and Mr. Albert Patton, of Fenelon Falls.

The funeral will take place on Thursday afternoon at 2.30 o'clock, from the family residence, 359 Sherbrooke street, to Little Lake Cemetery.

DANIEL DWYER.

The death occurred last night, after an illness of twelve weeks with typhoid fever and complication of diseases, of Daniel Dwyer, 507 Stewart street. The deceased, who was forty-five years of age, was born in Asphodel, and lived there until nine months ago, when he removed to the city. He was well and favourably known in Asphodel, and since coming to Peterborough gained many friends in the city. He was a prominent and popular member of St. Peter's T. A. S.

His wife survives, and three brothers are also left to mourn his death, John and Wilfrid, Peterborough, and Patrick, of Douro.

The funeral will take place at 9.30 o'clock Thursday morning, from his late residence, 507 Stewart street, to St. Peter's Cathedral, and thence to the R. C. cemetery for interment.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

Latest News Of Winter Sports

The Quaker Oats Team a Winner

The American Cereal Company office staff and the railway clerks played a game in the Brock street rink last night from 10 to 11 o'clock and it furnished some good sport to the 50 or 60 spectators who remained to witness the contest which ended in a victory for the Quaker Oats men by a score of 5-1. The ice was soft, and on the slippery rails the locomotive men found the going difficult, while to their heavier opponents the ice was better suited. In the early stages of the game the puck was almost continually in the railway men's territory, but later they gingered up and gave the Cereal bunch a hard run. Elliott in goal for the railroaders was a star and only for his good work the score would have been much larger.

The work of Carr in the Quaker's goal was made lighter by the splendid achievements of the defence, Cochrane and Moore, at point and cover point respectively, taking care of everything that came their way.

Considering the fact that they were considerably lighter the railway men put up a good game and deserve credit for the showing they made against a better team. The line-up was as follows:—

American Cereal—Goal, Carr; point, Cochrane; cover point, Moore; rover, Giroux; centre, Heaslip; right wing, Todd; left wing, Searight;

Railway Clerks—Goal, Elliott; point, Bracken; cover point, Rose; rover, Morphet; centre, Curry; right wing, Dayman; left wing, Henderson.

Team Goes To Cobourg

Goal—Wasson.
Point—Glover.
Cover Point—Moore.
Rover—Whitcroft.
Centre—Morgan.
Right Wing—Graham.
Left Wing—Cavanah.

The above team will represent Peterborough in their game with Cobourg to-night. Crowley was unable to accompany the team and Moore who has showed up well in the practices will take his place. The team left on the 11.45 G.T.R.

New Ideas Will Be Very Strong

One of the fastest7 and most scientific7 hockey games of the season will be played at Brock street rink on Thursday night, between 10 and 11 o'clock when Adamson and Dobbin's "New Ideas" will clash with Best's "Happy Thoughts". The A and D team are going to prove the fallacy of the argument that "New Ideas" seldom work, and with the following line-up should more than make things interesting for the "Happy Thoughts"..

Goal—Mitchell.
Point—Throope.
Cover Point—Dobbin.
Forwards—Miller, Thornton, Welsh, Quinn.

T. A. S. Club Have Organized

The T.A.S. hockey club have organized and the following officers have been elected:—

President—J. T. McCabe.
Vice-President—J. Gorham.
Secretary—W. Donovan.
Treasurer—W. Grady.
Executive—A. Doris, J. Deanard, W. J. O'Brien.
Manager—Geo. Lynch.
Trainer—J. McDonough.

The T.A.S. will play in the City League and from present indications will have a fast seven.

How Is Your Cold?

Every place you go you hear the same question asked.

Do you know that there is nothing so dangerous as a neglected cold?

Do you know that a neglected cold will turn into Chronic Bronchitis, Pneumonia, disgusting Catarrh and the most deadly of all, the "White Plague," Consumption.

Many a life history would read different if, on the first appearance of a cough, it had been remedied with

Dr. Wood's Norway Pine Syrup

This wonderful cough and cold medicine contains all those very pine principles which make the pine woods so valuable in the treatment of lung affections.

Combined with this are Wild Cherry Bark and the soothing, healing and expectorant properties of other pectoral herbs and barks.

For Coughs, Colds, Bronchitis, Pain in the Chest, Asthma, Croup, Whooping Cough, Hoarseness or any affection of the Throat or Lungs. You will find a sure cure in Dr. Wood's Norway Pine Syrup.

Mrs. O. N. Loomer, Berwick, N.S., writes: "I have used Dr. Wood's Norway Pine Syrup for coughs and colds, and have always found it to give instant relief. I also recommended it to one of my neighbors and she was more that pleased with the results."

Dr. Wood's Norway Pine Syrup 25 cts. per bottle at all dealers. Put up in yellow wrapper, and three pine trees the trade mark. Refuse substitutes. There is only one Norway Pine Syrup and that one is Dr. Wood's.

Separates Have Second Seven

The Junior Separate School Hockey team organized yesterday morning at an enthusiastic meeting. The officers elected were:—

President—M. J. McDonnell.
Manager—H. Clancy.

The team will be a strong one and should be able to make things interesting for the other juvenile organizations of the city. The line-up will be:—

Goal—J. Coughlin.
Point—Kelly.
Cover Point—F. O'Shea.
Rover—Jap Morrow.
Centre—J. O'Brien.
Right Wing—H Clancy.
Left Wing—R. Sheehy.

The T.A.S. Have Withdrawn From The City League

This Course Was Decided Upon at Last Night's Meeting.

A meeting of the T.A.S. hockey club was held in their rooms last night, when it was decided to withdraw the team from the city league. This will will be a great disappointment to the league and teams in it, as the T.A.S. are good sports and could certainly have put a telling seven in the league. The schedule has been arranged and will now have to be rearranged owing to the withdrawal of the T.A.S. The High Life's will probably be able to secure a number of men who originally intended to play with the T.A.S.

Cobourg's Actions Are Suspicious

This is What the Port Hope Guide Thinks.

The Port Hope Guide of yesterday says:—

Cobourg intermediates, as expected, have commenced to balk. Peterborough was scheduled to play in Cobourg to-night, but at the request of Cobourg the game was called off until Friday night. Cobourg wanted the local intermediates to visit them this evening and on their refusal to do so the Cobourg management asked Secretary Hewitt's views on the matter. The Secretary very modestly suggested to Port Hope that had this request been made a little earlier he would have ordered them to play in Cobourg to-night. Had this game been ordered for this evening it is not at all likely the locals would have gone. Because Cobourg makes a hurried request for a certain night it is not necessary that it should be granted even at the orders of the O. H. A. Secretary. The whole affair looks like a scheme of Cobourg's to pull off two home games and then default. They do not want to play here Wednesday night as scheduled but are very anxious that Port Hope should visit them at once and to have Peterborough there on Friday night. According to the schedule Port Hope is to play in Cobourg Friday night and we would like to know what authority they had to arrange a game with Peterborough on this date and thus make such a bungle of the schedule. It might be well for Secretary Hewitt to look into this matter and at the same time notify Cobourg to play according to schedule or drop out.

Suicides Have Strong Line Up

The Suicide Hockey Club have already sent in a strong list of players to the City League executive and the team should be a prominent factor in the struggle. Among the players to whom Suicide Club certificates will be issued are, Quinn, Gilman, and Campbell of last year's Karnots; E. M. Best, W. Metheral, C. Wilson, W. Weatherston and A. Weatherston, last year with Cobourg.

Fenelon Wants Some Contests

The local hockey club, owners of the Stratton cup, would rather play hockey than sit around and look at this very desirable piece of silverware, and are negotiating with Mr. Stratton for authority to give it to anyone who is big enough to come and take it from them. We may see some good games yet this winter.—Fenelon Falls Gazette.

HOCKEY

The weatherman is getting his knife into the hockey players again.

• • • •

The team had its last workout last night prior to the game with Cobourg to-night. All were out except Parnell and Currier. The ice was not in good condition by any means owing to the recent miserable weather.

• • • •

The Port Hope Guide, reporting the game here on Friday night says:—

The Ontarios played in old time form at Peterborough last evening and it was only after the hardest kind of luck and the inefficiency of the referee that they lost the game. The score was 7-6 and all through the Ontarios had the best of the play. The hard luck story may be getting old but the locals certainly had their share of it last night. Then referee Hancock, it is claimed, allowed Peterborough two goals on offside. He admitted afterwards that one was scored on an offside but refused to change his decision.

Every man on the team put up a hard game and Mercer of the juniors won much applause from the spectators. "Bobbie" Mercer in the nets was on the job all the time and turned away a number of dangerous ones. All through the team did remarkably well, and now with the double schedule they should make a strong run for the championship of this district.

• • • •

The Lindsay Post says:—

As sure as eggs are eggs, Peterborough juniors will be here Friday night next, providing, of course, there is ice. These are not Peterborough's old reliables, such as "Bill" Crowley, "Magpie" Whitcroft, "Chris" Graham, and others, but still they are a good sample of the thoroughbreds, and both teams are fully endowed with that keen instinct of rivalry which is perhaps after all an essential factor in a game of hockey, as a stimulant to do their best work.

• • • •

Forest, the brilliant Berlin point player, who made such a good impression here last winter, when the locals clashed with Berlin, has not been able to hold down a similar position on the Houghton, Mich., team.

• • • •

The South Central School hereby challenge the Central School to a game of hockey, at any convenient time.

• • • •

Port Hope defeated Belleville at Port Hope last night in a junior O.H.A. game by a score of 4-3. At half time Port Hope was leading by 3-1. The game was a good exhibition of hockey.

• • • •

There will be a meeting of the City Hockey League to-morrow night at the Oriental at 8 o'clock.

• • • •

If this weather keeps up much longer the lacrosse team will have to get busy.

• • • •

A meeting of the Charlotte Street Hockey Club will be held at 9 o'clock to-morrow night in the Guild room. The team will be chosen and the suits given out.

• • • •

The West Ends and the Aberdeens play to-night from 10 to 11 at the Brock Street rink.

• • • •

Good hockey in the ranks of the Marlboros and St. Georges is assuredly "a dream of the golden past". There was a time when these teams assisted by outsiders who drifted into Toronto could furnish a fairly good article of hockey, but the showing they have made this season marks them as lamentably poor excuses for senior hockey.

Ottawa Seconds Are Champions

Were Awarded Titles at Annual Meeting of O. R. F. U.

At the annual meeting of the Canadian Rugby Football Union held in the Russell House, Ottawa, on Saturday afternoon, the question of the intermediate championship was discussed.

Mr. F. D. Woodworth requested an explanation as to the manner in which the officials for the Peterborough-Ottawa II. game had been appointed. Mr. Clancy stated that he had attempted to secure officials for the game in Brockville, and in Ottawa, finally selecting Messrs. Macdonald, and Rice. He was personally well acquainted with Mr. Macdonald but had not such knowledge of Mr. Rice. He had been given to understand that the latter gentleman had been prominent in Western football circles and was well versed in the Ontario game. Mr. Shillington read the statement of the Peterborough Club in the matter. They had learned that Mr. Rice was coaching Ottawa II and did not think they could get a fair deal. The secretary then read the Ottawa side of the case, showing how the latter had been willing to play under any officials. Mr. Woodworth then moved that as it had been shown that the officials were legally appointed by the president, that Ottawa be awarded the intermediate championship. This motion was seconded by Mr. Sloan, of Ottawa College.

RUGBY.

Football has been banished at Harvard University, until a reform that will suit the Board of Overseers has been made. When the very place where the game was ruled most strongly takes such a step, 'tis no idle rumour that "the American game is deplorably brutal."

Mr. Woodworth Leaves Canada

Mr. F. D. Woodworth, who was universally known and respected in Ontario sporting circles, has left the employ, as assistant sporting editor of the Mail and Empire, to accept a position with the Merral Engineering Co., New York.

Liberal Sweep In Britain Is Now Recorded

Even London Has Deserted the Conservative Candidates.

40 MORE LIBERAL GAINS

Election Is a Waterloo For Protection In Britain—Liberals Hold But One of the 22 London Seats Polled on Monday and Now Hold 16 of Them—Lost But One Seat—A Clear Majority Is Assured.

London, Jan. 16—(C. A. P.)—With but two days' polling over it now seems certain the Bannerman Government will be sustained by one of the largest majorities in history. Yesterday's returns duplicate, and even surpass, the tremendous Liberal and free trade sweep of Saturday, taking forty seats from the Unionist column and giving twenty-nine to the Liberals and eleven to Labor. Against this the Government lost but one seat. The net gains, therefore, to date, total sixty-one, equivalent on a division to a majority of 122. Thus the nominal majority of seventy, with which the Unionists went to the country has been wiped out, and in addition the Government has fifty-two towards the eighty-two admittedly needed to be independent of the Irish party, while less than a quarter of the whole seats are yet filled.

Former Ministers Fall.

Among the fallen are two former Ministers, Walter Long, who was defeated by 2,692 at Bristol; while Gerald Balfour, like his brother, went down at Leeds by 1,069. Arnold Foster, survives at Croyden, but with a greatly decreased majority.

On the other hand the new Ministers are being strikingly successful. Augustine Birrell carried the former Tory seat of North Bristol by 2,942, while Herbert Gladstone and Jas. Bryce increased their majorities by over 4,000.

Big Vote Polled.

An exceptionally large vote was polled, and the Liberal majorities are abnormally large, in especial contrast to the vote of 1900, when the Unionist majorities over the war issue were likewise exceptional. The alliance between Liberalism and Labor was again effective.

Of the eleven Labor members returned, none were opposed by Liberals, but a number who opposed Liberals were defeated.

London, historically almost as Tory as Toronto, returning only eight Liberals out of sixty-one members in 1900, yesterday returned but six Conservatives in twenty-two seats. A significant feature of the contest, yesterday was the fate of the Unionist free traders. Lord Hugh Cecil, son of the late Lord Salisbury, and regarded as the most brilliant member of the Cecil family, was overwhelmed at Greenwich. He was openly attacked by Mr. Chamberlain, and was opposed by a tariff reformer. He secured 2,356 while the Chamberlain candidate secured 2,565. The split gave the Liberal an easy win.

Bowles Defeated.

Thomas Gibson Bowles, whose personal attack on Chamberlain was the feature of the campaign, was second in King's Lynn, but secured 1,154 votes, as compared with 772 for the tariff reformer, A. K. Rollitt, who ran on the same ticket, got 1,991. At Islington the tariff reformer, Hunt, got 870, and Bowles' son was elected as a free trade Conservative also, Lord Hugh Cecil's brother, Robert, not being opposed by the tariff reformers. Goschen and Seeley, free trade Unionists, were defeated at Bolton and Lincoln.

One Unionist Triumph.

The announcement yesterday afternoon of the re-election of Sir George Doughty, Unionist, for Great Grimsby, with a majority of 2,300, an increase of 550 over the result of the last contest, in 1898, proved a welcome "pick-me-up" to the Unionists, who were somewhat panicky after Saturday's landslide.

Standing of the Parties.

The parties now stand:

Liberals	96
Unionist	26
U. Free Traders	3
Laborites	16
Nationalists	18

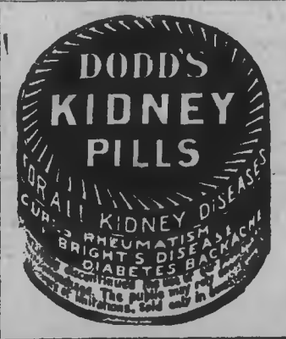
Death to Protection.

Sir Henry Campbell-Bannerman at Glasgow interpreted the returns as death to protection all the time. He promised that the Government would seek to relieve the unsatisfactory condition of the people in other ways, by reforming the social, not the fiscal system.

Balfour's Worries.

The tide is running so swiftly against the Unionists that an unexpected difficulty is being experienced in finding a safe seat for ex-Premier Balfour. Some of those whom it was expected would resign their seats to Mr. Balfour refuse point blank to do so, while in other cases it is seen that the issue is so doubtful there will be the risk of subjecting the former Premier to a second defeat. Nothing, therefore, has as yet been decided.

Mr. Balfour himself seems to be giving way to irritation. In a speech at Nottingham last night, in which he criticized the new Government in a biting manner, he said: "The language used by one member of the Cabinet would do credit to a bargee. It rather belonged to a 'slanging' match between rowdies, quarrelling over their cups, than to a Minister with great responsibility, and in the case of one of whom I am thinking, of great abilities."



Imprisonment Not Imposed But Fines Paid

But Plumbers Are Mulct In Heavy Penalties By Chancellor.

$10,600 TO THE GOVERNMENT

His Lordship Gives Advice to Men Who Would Circumvent the Law—His Method in Assessing the Fines—Followed Justice Clute In Amounts But He Erred on the Side of Clemency.

Toronto, Jan. 16.—After an important address on the issues of the now celebrated plumbers' conspiracy case, Chancellor Boyd brought the whole matter to a conclusion yesterday morning with the exception of a few scattered threads, when he inflicted fines varying from $100 to $500 on forty members of the Master Plumbers' Association individually charged with conspiracy. In all $10,600 will be paid in to Sheriff Mowat by those thus punished for their connection with the combine. Of the remainder of those charged about 100 were released on suspended sentence.

Method of Assessing Fines.

In his remarks on the method adopted by himself in assessing the fines the Chancellor explained the reason for this discrimination. From his examination of the documents he discovered those who had received sums of money from the association. As far as was possible, therefore, he had levied such fines that these amounts would be handed over to the Crown as a penalty for the breach of the law. The Chancellor was also influenced by the fact that many of the lesser tradesmen had reaped no great advantage from their connection with the monopoly, but had been forced into it by their more powerful competitors.

Erred On Side of Clemency.

However, he expressed the opinion that while he would follow the scale of fines set by Mr. Justice Clute in the first case, yet he felt that the latter had erred on the side of clemency.

In regard to those who had pleaded guilty of receiving bonuses on the contracts for work done for Warwick Bros. and Rutter, the Toronto Bedding Co., the Homewood Sanatarium, Guelph, the Toronto Isolation Hospital and others, the judge decided to allow the culprits to depart on suspended sentence. He did this on the understanding that restitution had been made and that there would be no further recourse to such methods.

Fines Imposed.

His Lordship then imposed the following fines:

W. J. McGuire, $225; G. F. McGuire, $225; G. Clapperton, $500; J. Wright, $500; Henry Hogarth, $400; Alexander Purdy, $500; W. Mashinter, $500; D. Menzies, $200; J. B. Fitzsimmons, $500; K. J. Allison, $250; C. Robertson, $200; F. R. Maxwell, $300; James Fidles, $250; F. Legrow, $250; W. J. Mason, $250; W. R. Whllis, $200; A. Allison, $200; W. Wray, $200; S. Ryding, $200; R. Patterson, $250; W. J. Street, $200; J. Elliott, $250; J. T. Aggett, $250; F. Wallis, $200; J. T. Fullerton, $250; C. E. Pickard, $250; R. W. Wright, $200; J. J. Power, $200; A. M. Bond, $200; S. Wright, $200; W. G. Adams, $250; W. H. Benson, $250; A. Welch, $300; George Wallace, $200; D. McMullen, $200; J. K. Warwick, $250; Edward Forter, $300; A. H. Stinson, $250; D. J. Morgan, $250.

Suspended Sentence.

Those who were released on suspended sentence are:—Herbert Johnson, C. H. Beavis, W. J. Stevenson, A. Malcolm, H. Mahoney, R. Mahoney, J. H. Erwood, J. T. Ingendreville, J. J. Graham, John Torpey, J. H. Berry, B. Willett, John E. Knott, C. J. Tomney, Thomas Cools, E. A. Phillips, J. H. Parkes, G. A. McDonald, E. A. James, James Furey, E. Restall, William Clewes, A. Gibson, J. T. Kilacott, J. Monahan, T. E. Hoar, B. Ryan, J. Down, H. Richards, George Moore, John Ross, G. T. Ashdown, Edward Myars, C. J. Hellier, A. A. Earl, E. Butler, W. Boddington, A. T. Passmore, R. G. Leaman, J. J. Lyndon, H. J. Pell, E. W. Aikens, W. Walker, Edward Beird, T. W. Sloane, T. H. Hutchison, E. T. Needham, R. W. Robson, G. T. Mason, W. J. Williams, W. B. Inwood, J. R. Bolan, G. T. Thompson, A. E. Cottrell, J. R. Brown, Neil McMullen, J. Gibbs, A. J. Richardson, W. G. Munns, N. Blumbeigh, Peter Jessamine, William Telford, R. T. Robinson, J. I. Mathews, J. L. Pincombe, T. E. Hoar, J. R. Seagar, and A. McPherson.

His Lordship's Hopes.

In regard to those charged with fraud under section 394 in all of which cases restitution has been made, the judge decided not to inflict any further punishment. The only possible penalty was imprisonment, there being no alternative of a fine. He, therefore, suspended sentence on the emphatic condition that there be no further transgression of the criminal law. The sentence would never be pronounced unless they brought it upon themselves by further transgressions. He did not doubt but that all would outline the blemish on their record and all behave in the future so as to warrant the extension to them of the confidence and respect of their fellow citizens.

The Tack Combine.

Toronto, Jan. 16.—Crown Attorney Curry has practically finished one of the 38 combine cases he has on hand. Yesterday he finished the case for the prosecution. Magistrate Denison stated that he would send the case on for trial.

The evidence yesterday was confined to the admission of a number of agreements dated April, 1901, signed by the Ontario Tack Co., Pillow Hersey Co. and the Montreal Rolling Mills. The trio agreed not to increase their present facilities for making tacks and gave the number of machines both working dismantled in their factories.

Magistrate Denison adjourned the case until to-day, stating that, as in the other cases, he would commit only one man for trial.

Gained 25 Pounds.

"I was much run down in health, could not sleep, was very nervous, and so weak that I could hardly get around. Some months ago I began using Dr. Chase's Nerve Food, and to-day I am pleased to say that I am completely restored to health. I have gained over twenty-five pounds in weight, sleep well and feel strong and healthy."—Miss Annie Evans, 39 Gottingen street, Halifax, N.S.

Artillery Officers Elected.

Toronto, Jan. 16.—The twenty-second annual meeting of the Canadian Artillery Association was held at the Canadian Military Institute yesterday. The following were elected officers for 1906: President, Lieut.-Col. A. H. Macdonald; vice-presidents, Lieut.-Cols. W. T. MacNachtan and J. Davidson, Majors E. Rathbun and J. W. Odell; executive committee, Lieut.-Col. the Hon. J. S. Hendrie, Majors W. O. Tidswell, F. C. Harrison, J. H. Mitchell and Capt. J. A. Bertschinger; secretary, L. H. Irving; treasurer, Major Robert Myles; auditor, Lieut.-Col. Gray.

Chewed Man's Finger Off.

Brockville, Jan. 16.—In the Police Court yesterday the magistrate committed for trial James Harper, who served with the Canadian troops in South Africa. Saturday night he was drinking in company with a moulder named McKinley. It is alleged that he waylaid McKinley, brutally assaulted him and robbed him. They engaged in a desperate struggle. McKinley had one finger partly chewed off and his face bitten and lacerated. Harper is charged with assault and highway robbery.

Venezuela Has Time Yet.

Paris, Jan. 16.—Late yesterday it was announced that the Foreign Office has sent an order to M. Taigny to break off relations with Venezuela, but M. Taigny has not yet officially notified the French Government of the receipt of his instructions. The reports that the French squadron is proceeding to Venezuelan waters are not confirmed, but, on the other hand, they are not denied, the officials here maintaining the strictest discretion relative to the measures France is likely to adopt.

Premier McBride Denies.

Victoria, B. C., Jan. 16.—Premier McBride denies positively the Ottawa despatches crediting him with having made proposals to the Dominion to buy out whatever interests British Columbia has in fisheries. Negotiations proceeding are not in any way along these lines.

Winding-Up Order Granted.

Toronto, Jan. 16.—A winding-up order for the affairs of the Henderson Roller Bearings Co. has been granted on the application of the Ontario Bank.

Begins To-Day.

Algeciras, Jan. 16.—The opening of the international conference on Moroccan reforms has definitely been fixed for 3 o'clock this afternoon.

A WOMAN'S BACK IS THE MAINSPRING OF HER PHYSICAL SYSTEM.

The Slightest Backache, if Neglected, is Liable to Cause Years of Terrible Suffering.

No woman can be strong and healthy unless the kidneys are well, and regular in their action. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to have filtered out of the blood are left in the system.

The female constitution is naturally more subject to kidney disease than a man's; and what is more, a women's work is never done—her whole life is one continuous strain.

How many women have you heard say: "My, how my back aches!" Do you know that backache is one of the first signs of kidney trouble? It is, and should be attended to immediately. Other symptoms are frequent thirst, scanty, thick, cloudy or highly colored urine, burning sensation when urinating, frequent urination, puffing under the eyes, swelling of the feet and ankles, floating specks before the eyes, etc.

These symptoms if not taken in time and cured at once, will cause years of terrible kidney suffering. All these symptoms, and in fact, these diseases may be cured by the use of

DOAN'S KIDNEY PILLS

They act directly on the kidneys, and make them strong and healthy.

Mrs. Mary Galley, Auburn, N.S., writes: "For over four months I was troubled with a lame back and was unable to turn in bed without help. I was induced by a friend to try Doan's Kidney Pills. After using two-thirds of a box my back was as well as ever."

Price 50 cents per box or three boxes for $1.25 at all dealers, or sent direct on receipt of price. The Doan Kidney Pill Co., Toronto, Ont.

A Forest Scene And Its Lessons

A Profitable Meeting at Park Street Last Night.

The revival services in the Park street Baptist church are being conducted with increasing success, the members wishing to attend are larger than the church will accommodate. Last night the overflow filled the school room, and all the available space was filled. The address was given by Rev. J. S. Leckie, whose subject was "How to Set Traps." The speaker with a number of traps which he had on the platform, gave object lessons which were appropriate, and which could not help being impressive.

Each point was printed on a card and displayed. A profitable after meeting followed. A full choir rendered valuable help in the service. Mr. Leckie's subject to-night will be "Sheltering in a Hide" and on on Thursday night "Life in a Lumber Camp." These services are much enjoyed and all should take them in. —Com.

Annual Meeting Y.W.C.A. Directors Held Yesterday

Satisfactory Reports of Year's Progress Were Presented.

The annual meeting of the Board of Directors of the Y. W. C. A. was held yesterday afternoon with the President, Mrs. (Dr.) Scott in the the chair. Reports were received from the various officers and committees which indicated that the past year has been very successful.

The annual Association meeting will be held on Jan. 23, when the reports presented yesterday will be read and the Board officers for the year elected. Refreshments will be served and a pleasant and profitable time is expected. Rev. E. A. Langfeldt will give an address. The general public is cordially invited to be present.

Court Langton's Officers for 1906

Were Installed Last Night by D.D.H.C.R. A. Martin.

Last night the officers of Court Langton, C.O.F., were installed by Bro. A. Martin, D. D. H. C. R., assisted by Bro. J. J. Hartley. The following were the officers:—

W. G. Anderson ..... P.C.R.
R. E. Layfield ..... C.R.
G. H. Grey ..... V.C.R.
W. Stevens ..... Rec. Sec.
S. Kemp ..... Fin. Sec.
R. N. Jones ..... Treas.
W. E. Peyton ..... Chaplain
G. W. Worboy ..... S.W.
W. E. Scully ..... J.W.
J. Reynolds ..... S.B.
D. Jordan ..... J.B.
Dr. McClelland ..... C.P.

Court Langton is to be congratulated upon the progress made during the past year and the Court starts out the new year with a substantial financial balance to their credit.

Wilfrid Crossley Visiting Here

Mr. Wilfrid Crossley, of Regina, Sask, has been visiting here with his sister, Mrs. Jos. Armstrong, King street, for a few days.

Mr. Crossley has a large circle of acquaintances in the city, who are pleased to see him once more.

While living here he was connected with several drug stores, and was very prominent in sports. As a hockeyist he was a renowned player in this district, being a member of the junior team for a number of seasons, and previous to his departure he played in the senior team. He also took a special interest in lacrosse and took a very active part in that sport for a number of years.

A couple of days ago he went to Montreal, returning he spent last night with friends here. To-day he will go to Toronto, from there to Guelph, and then on to Regina.

At the present time he is travelling for a drug firm, and the four western provinces constituting his territory.

His many friends here wish him a continuation of the success which he has so far achieved in his business career.

We can also furnish an excellent Scotch recipe for Marmalade, kindly loaned by Michie & Co., Toronto. S. A. OKE, 376 George street. Machine Telephone, 18; Bell Telephone, 18.

The Daisy D. Factory Was Destroyed

A Cheese Factory Burned to the Ground With $2000 Loss.

Special to The Examiner.

Norwood, Jan. 16.—At an early hour this morning the Daisy D cheese factory, situated about two miles west of this town, was totally destroyed by fire. The origin of the fire is a mystery, though it is believed to have been of an incendiary origin. The place was locked up and no one had been in the factory for some time before the fire. The farmers living in the vicinity of the factory did their best to extinguish the flames and save the building, but the fire had obtained such headway before it was discovered that it was impossible to save it.

Mr. D. Oakley, of this town, was the owner of the factory, as well as being cheese-maker at the Norwood factory. During the past summer he spent about $300 in repairs to the factory, which was considered one of the best in the Peterborough district. The loss will be in the neighbourhood of $2,000, and the building is partly insured in the Gore Mutual.

Nothing is known yet as to Mr. Oakley's intentions, whether he will rebuild or not. Mr. W. Martin, who lives here, was the maker at the factory.

CITY NEWS OF TO-DAY

Saturday "Pop."

—Don't miss the first Y.M.C.A. pop on Saturday, Jan. 27th.

JANUARY NUPTIALS.

LOWES—McDONALD.

A very quiet wedding took place last night at the Park street Baptist parsonage, when Mr. Percy H. Lowes, of this city was united in marriage to Miss Rose McDonald. The bride, who was unattended, wore a cream cashmere over navy blue, with hat to match. The ceremony was performed by Rev. A. H. Brace. Mr. and Mrs. Lowes have taken a house on Perry street where a number of their friends were waiting to extend their congratulations, after which a very pleasant evening was spent.

CORRIN—HENDERSON.

Omemee, Jan. 16.—This afternoon a pretty wedding took place at the residence of Mr. Thos. Henderson, when his daughter was united in marriage to Mr. Nelson Corrin, of Port Perry. Both the bride and groom were former residents of Peterborough. A number of friends of the contracting parties were witnesses to the pleasing event. Miss Nora Corrin, of Peterborough, sister of the groom, was one of the guests at the wedding.

Mr. and Mrs. Corrin will reside in Port Perry.

A Commission For The Control Of Fire Brigade

This is the Suggestion Which Was Made at the Meeting of the Fire, Water and Light Committee Last Night —Belief That it Could be Arranged to Better Advantage in This Way.

A proposition has now been made that when the new fire hall has been erected and the other improvements to the system effected, the management of the brigade should be vested in a commission, by whom the brigade would be conducted on a business basis. This was suggested at the meeting of the Fire, Water and Light Committee by Ald. Johnston, who said that he was convinced this system would be preferable to that employed up to the present, viz., the brigade being under the direct control of the Fire, Water and Light Committee, but the impression seems to prevail that council control is not the best method to secure the best results from the brigade and with a view of improving it, the idea of a commission, similar to that which manages the waterworks is suggested. Although the matter was discussed only informally, and nothing was done in reference to it, but the proposal seemed to meet with the approval of those to whom it was made. Whether the new council will take matter up and carry out the suggestion made, or whether they will decide to allow the brigade to be managed as it is at present, remains to be seen.

The Surveying Party Is Making Good Progress

The Lindsay Post says: — "We understand the surveying party on the C. P. R. Georgian Bay line is now working between Pigeon Creek and the boundary of Ops and Emily in locating the line from Peterborough to Lindsay; and the headquarters camp will, in a week or two, be moved to the outskirts of this town, where it will be likely to remain for some time while the survey is being made northwesterly towards Orillia. This is a location survey, and will be, it is understood, some distance north of the Midland line. Mr. J. T. Darling, the Chief Engineer of the Ontario Division of the C. P. R., and Mr. W. A. Gourlay, engineer in charge of the Georgian Bay surveys, drove over the country from Lindsay to Orillia the latter part of last week. It is understood the surveyors will be able to obtain very easy grades without difficulty all the way through.

Golden Chances For Young Men In North West

Mr. E. G. Stevenson, an Old Hastings Boy, Speaks of the Possibilities Offered There—Edmonton is Most Progressive and Advanced—Municipal Ownership System is Found to Have Very Satisfactory Results.

WATER POWER IS NOT DEVELOPED

Messrs. Ernest G. Stevenson, of Edmonton, Alta., and John Stevenson, of Frobisher, Sask., brother and cousin respectively of Mr. Geo. B. Stevenson District Manager of the North American Life Assurance Company, are in the city, visiting that gentleman. Both have lived in the west for a considerable time and have an unlimited and unshakable faith in the possibilities it offers to young men with energy and perseverance.

An Examiner representative had the pleasure of a conversation with Mr. E. G. Stevenson this morning in which that gentleman gave much interesting information about Edmonton. Mr. Stevenson hails originally from Hastings and has lived eight years in the West, the last three at Edmonton where he was engaged in the real estate business.

"There is no place in the West that has gone ahead faster than Edmonton," he said. "Land on the main street that I could have bought for $4,000 a lot when I first went there, is now selling for $30,000."

The real estate business was a profitable one, notwithstanding the fact that there are thirty-five real estate agents in Edmonton. Many big deals are being constantly put through and considerable speculation as well as commission business is being done. Residential lots have increased in value from $200 to $2,000 in the last three years. All real estate agents have to have a license before they can do business.

Edmonton has all the modern conveniences and the city is modern and progressive. Municipal ownership is the order of the day, and telephones, electric light and waterworks are all owned by the city. The system has been found very satisfactory.

The water power development is a rich opportunity for capitalists. As yet nothing has been done along this line, and the factories are operated by steam power. The Saskatchewan with its swift current, possesses a great amount of water power which awaits the energetic capitalist.

Edmonton possesses several fine places of business including the Revillon Bros. wholesale and retail dry goods, hardware and fur store. This firm which is capitalized in Paris, France, at $13,000,000 has trading posts all the way to the Arctic Ocean. Several industries are located there among them three saw mills and a large woollen mill. Extensive coal deposits exist in and around the city and mining is being done within half a mile of the station. Gold is to be found in the Saskatchewan within the city limits and boys make 60c to $2.00 a day by washing the sand. Further up the river as high as $5 a day is being made. "There is plenty enough gold there to be worth noting," said Mr. Stevenson.

Several Peterborough men are living in Edmonton, among them Mr. Kempt, who is engaged in the drug business.

Mr. Stevenson is undecided as to whether he will return to the west or not. His cousin, who has spent seventeen years there intends to return in three weeks. He is also a real estate agent.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Arch. Davidson Died in Keene At the Age of 82

The Deceased Had Celebrated Golden Wedding and Had Son in This City.

Special to The Examiner.

Keene, Jan. 16.—The death occurred at his home in Keene, after an illness of several weeks, of Mr. Archibald Davidson, one of the pioneer settlers of Otonabee. He was in his eighty-third year, having just passed his birthday a week before his death, and up till the final illness, was always in good health. He spent most of his life on his farm on the seventh concession of Otonabee, moving to Keene about four years ago. In religion he was a Presbyterian, and was a regular attendant at divine service. Last summer he celebrated the fiftieth anniversary of his marriage. His wife survives him, and five sons, Archibald, of Peterborough; Thomas, of Asphodel; James, Robert and William, of Otonabee and four daughters, Mrs. Geo. Shearer and Mrs. A. Keitle, of Lang, Mrs. A. Wood, of Villiers, and Miss Elizabeth, at home.

The funeral was held Monday, January 15, Rev. D. D. McDonald, pastor of the Presbyterian church, conducting the services. Interment took place in Keene cemetery. The pall-bearers were the five sons of the deceased and Mr. Albert Nelson, his nephew. The funeral was largely attended, testifying to the esteem in which he was held by his many friends and acquaintances.

Miss George Warner spent a few days in the village last week the guest of Miss Bessie Reid.

Mr. Albert Nelson, of Edmonton, Alta., is visiting friends in this vicinity.

Mrs. H. Howson, of Norwood, is the guest of Mrs. (Dr.) Kindred.

Mr. William Richardson, of Garnis, is the guest of his brother, Mr. Robert Richardson.

Don't forget the date of the first carnival—Wednesday, January 17.

BIRTH.

BUCK.—In Peterborough, on Saturday, January 13, 1906, the wife of Mr. G. W. Buck, of Norwood, of a son.

MARRIED

LOWES — McDONALD. — At the Baptist parsonage, Park street, Peterborough, on Monday, January 16th, 1906, by the Rev. A. H. Brace, Percy H. Lowes, to Rose E. McDonald, both of Peterborough.

Mission Band Gave Programme

The Presbyterian Guild of St. Paul's church held its first meeting for the year last night. An unusually large attendance was present. The programme was supplied by the Fraser Mission Band. Excellent and instructive papers on "The Caste System of India," "Brahminism" and "Buddhism," were read by Miss Ethel Best, Miss Hamilton and Mrs. (Dr.) Tarrance respectively.

The next meeting will be social. Rev. E. A. Langfeldt will give his lecture on "The Evolution of a Boy." Special music and refreshments will be provided.

Annual Sale Of Periodicals

The annual sale of periodicals took place last night at the Public Library. Sixty or seventy periodicals, the usual number, were disposed of by auction. The bidding was quite lively and sales were brisk. Mr. Charles Stapleton, sr., was the auctioneer.

The annual meeting of the members of the Library Board will be held on Monday next.

Fine Poultry For Napanee Show

Mr. Harry Lush Shipped Twenty-two Choice Birds To-day.

Mr. Harry Lush this morning shipped twenty-two fine birds to the poultry show at Napanee. The shipment was a choice one, comprising Brahmas, Black Minorcas and Plymouth Rocks, and should make a prominent showing and carry off not a few prizes. Mr. Lush is one of the most enthusiastic poultry-fanciers in the city, and always has a stock of fine birds on hand.

"THE DAYLIGHT STORE"

OUR

Want-Money Sale

IS NOW ON

The reason for this sale is that we want to clear out our stock at its season, and this we must do, because up-to-date store-keeping demands it.

The Reduction is Sweeping

We want to convert the remainder of our winter stock into cash. It's good, level-headed business to do so, even though it means a loss to us. Every garment bears the regular price ticket, and also the reduction ticket.

Don't Fail to Take Advantage

of this sale. There's no mistake about our reductions. No juggling with the prices. The reputation of this store precludes that, and insures your satisfaction.

Everything Cut! Cut!! Cut!!!

Just to give you an idea of the exceptional values. Take a look in our north window, and then you'll see samples of two of our lines in suits, prices $9.90 and $11.90. We have equally as good values in every department all through the house. Don't stop to look in your purse—you'll not need much money to participate in this sale.

Peterborough-Georgian Bay Short Grain Line Will Be Constructed During This Year

An Announcement is Made From Ottawa to This Effect—A Short Route from the Main Line to Victoria Harbour Will Mean Much for This City—An Important Shipping Centre Destined to be Located Here—Government to Spend Millions to Improve Lake Ports—Some of the Details of the Scheme.

The announcement that the C. P. R. will this year construct its new short grain line, from Victoria Harbour to Peterborough, which is made in a despatch from Ottawa to the Toronto Star, confirms the report already published in this paper, and it means much for Peterborough. This new line will be one of the great grain routes from the west, and there seems to be little doubt now that at Peterborough the deflection from the main line will be made.

If the scheme as outlined in the despatch below is carried into effect, and the Government improves the harbour on the Georgian Bay, at which the terminus of the short line is located, it is certain that Peterborough will become a most important shipping centre.

The despatch, which is dated from Ottawa, follows:—

"Plans are now being perfected whereby the Dominion Government will undertake a most comprehensive scheme for the improvement of the leading Canadian ports on the Upper Lakes, so that the larger type of grain carriers, drawing up to twenty feet of water, may be able to develop trade by the Canadian route between Port Arthur and Fort William and the ports of Depot Harbour and Midland, and a new deep water port to be established by the Canadian Pacific at Victoria Harbour, near Midland.

"In undertaking what cannot but involve a very large expenditure, the Federal Ministers are prompted by the conviction that nothing short of first class facilities at the chief Canadian ports on Georgian Bay and Lake Superior will avail to draw the trade that properly belongs to us, and that is now being diverted into American channels by way of Buffalo.

To be One Harbour.

"Port Arthur and Fort William will be made one harbour, and steps will be taken at once to extend the breakwater at Port Arthur for the protection of the shipping at that port and to improve the lower stretches of both the Mission River and the Kaministiquia River at Fort William. As is generally known, the Canadian Northern interests have built their terminals at Port Arthur. The Canadian Pacific on the other hand, has erected its largest elevator at Fort William, on the north side of the Kaministiquia. The Grand Trunk Pacific terminals are to be at Fort William also, and in order to give the latter deep water at their docks considerable dredging will first have to be done. The Kaministiquia has two mouths, one known by that name, and the other called the Mission. These join one another a short distance above Fort William, and it is proposed to excavate both to a depth of twenty-two feet up to the junction point, so that vessels after loading, say, at the C.P.R. docks on the Kaministiquia side, may be able to go around and come out by the Mission. Both streams are narrow, and it is considered that the plan outlined above would afford much greater satisfaction than could possibly be afforded by taking out separate turning basins in either stream.

To be Equal to the Best.

"From the consideration that has been given the matter it seems better to tackle those works in such a way that they will be completed with as little delay as possible. When they are finished the country will possess at Port Arthur and Fort William a national harbour with facilities equal to any on the lakes. But in assuming large obligations to get ready for deep draft boats at Port Arthur and Fort William, the public funds would be almost thrown away unless the Georgian Bay terminals are brought up to a high standard. The Grand Trunk has its terminals at Midland and at Depot Harbour. A certain amount of work will have to be done at both these points, and this the Government is now getting ready to do.

C.P.R. to Cut Owen Sound.

"The Canadian Pacific programme is to establish an entirely new terminal on Georgian Bay. Their chief port on Georgian Bay hitherto has been Owen Sound, but the policy of Sir Thomas Shaughnessy's company is to erect an entirely new terminal at Victoria Harbour, not far from Midland, and to connect it by a piece of new road with their Toronto-Montreal line, at Peterborough. The existing branch to Owen Sound is said to include some heavier grades than is suited to the carriage of grain at minimum rates, whereas the route from Victoria Harbour to Peterborough, aside from being much shorter is understood to have no difficult curves to round or hills to climb.

To Build to Peterborough Now.

"Your correspondent hears that the C.P.R. is laying its plans to build this coming season from Peterborough to Victoria Harbour. That being so the Government will endeavour to make at once whatever improvements are needed to open the port to the largest craft on the lakes.

"From the foregoing it will be seen that the Cabinet has an important programme in the matter of transportation to lay before Parliament at its approaching session.

Commission Favours It.

"It will be satisfactory, moreover, to the public to know that the plans in question are in accord with the views of the Transportation Commission that made a careful study of the whole matter. Government engineers are now getting together the facts and figures for the proposals that will be brought before the House."

Inmate Of Home Passed Away At Age Of 111 Years

Mrs. Badge, Who Died There Yesterday, is Said to Have Passed Century Mark by Eleven Years—Passed Declining Days Securely Fastened in Arm Chair—She Was Born in England.

HUSBAND ALSO LIVED IN HOME

Undoubtedly the oldest inhabitant of Peterborough passed away yesterday afternoon, in the person of Mrs. William Badge, whose demise occurred at the Protestant Home, at the alleged age of one hundred and eleven years.

For four years the deceased has been an inmate of the Protestant Home, where her declining days were cheered by the companionship and love of her husband, himself beyond the four score mark, and ministered to by the benevolent hands of Miss Fraser, and her careful and painstaking assistants. She sat there all the time, securely fastened in a large arm chair, unconscious of what was passing around her, without strength to hold herself erect, and with her mental faculties impaired to an equal extent. It was a pitiable ending to a life that in its earlier years was bright and happy, and surrounded by all the comforts of a joyful home.

According to the best available authority she was born in England a century and eleven years ago. There she met her happy, girlhood days, and there she also met, loved and married, her husband, who now survives her, and is also passing his last years in the Home. Mr. and Mrs. Badge resided for many years at Ida, Victoria county, after their removal to Canada, and came to the Home about four years ago. Several children reside in England.

The only data available in regard to the almost incredible age Mrs. Badge is said to have reached is the statement of her husband, which is, however, corroborated by a jug, presented to her at the age of eighteen years, and bearing the date and circumstance of the presentation.

The funeral took place this afternoon at two o'clock, to the Little Lake cemetery.

Time for a Change

"When the well is dry then we know the worth of water," said Benj. Franklin

When eyesight begins to fail or defects appear, then we know the worth of glasses Possibly you have a good pair of frames, but have outgrown the lenses. We can insert new lenses, and we guarantee satisfaction. Examination free.

Did Not Arrive In Time for Entry

Mr. Harry Lush's Birds Were Sent Back to City This Morning.

Mr. Harry Lush's poultry will not win any prizes at the Napanee show. Unfortunately, the birds did not arrive in Napanee in time to be entered, and had to be shipped back to Peterborough this morning without being shown. One fine bird was found to be dead when the crate was opened.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way Buy Sunlight Soap and follow directions.

St. Paul's Choir In Millbrook

Gave Sacred Concert in Millbrook Presbyterian Church.

The choir of St. Paul's church went to Millbrook last night and rendered a sacred concert in the Presbyterian church.

The choir was most hospitably received, and after the concert was entertained by the ladies of the church.

On account of the bad roads the country people couldn't attend in as large numbers as they would have done otherwise, but a very select audience from the village was in attendance, and spoke in glowing terms of the excellence of the programme, in which about thirty-five members of the choir took part. The choir was given a very cordial invitation to again favour Millbrook with another concert at an early date.

The members of the choir are very grateful for their hearty reception and courteous treatment at the hands of the Millbrook Presbyterians.

Acclamations In Elections In England To-day

Special to The Examiner.

London, January 17th. — Candidates were returned to-day without opposition in 39 County Divisions. They comprised thirty Nationalists, one Conservative and eight Liberals, including Sir Charles Dilke. The pollings to-day are the heaviest of the present elections. They affect 92 seats. The present indications are that former Premier Balfour will not seek another seat in Parliament until after the elections, when one of the newly elected members probably will retire in his favour so as to allow Mr. Balfour to try to enter the House by means of a bye-election.

The President Of France Is M. Fallieres

Special to The Examiner.

Paris, Jan. 17.—The National Assembly met at 1 o'clock this afternoon in the Congress Hall of the Royal Palace Versailles for the election of a president of the Republic. About 860 out of the 990 members of the Assembly were present, making 430 votes necessary to elect a new president. Although several candidates were mentioned for the office in succession to M. Loubet, the real contest was between M. Fallieres, president of the senate, and M. Doumer, president of the Chamber of Deputies. The voting resulted in the election of M. Fallieres, the vote being, M. Fallieres 446, M. Doumer 371.

The Seal of Approval

Is given by Physicians to

Dr Hugo's Health Tablets for Women.

Doctors generally prescribe their own remedies.

They haven't a good word to say for liquid preparations, and people who know what these preparations contain, don't blame the doctors.

But it is different with Dr. Hugo's remedy.

Honest physicians are obliged to admit its merits.

They themselves prescribe many of its ingredients. Some give our Tablets to their patients (see testimony below) knowing that

They Make Healthy Women

After consulting my physician and being told that I was suffering from a run-down condition which accounted for many other ills, with which I was suffering, I was presented with a box of brown tablets. I took them and in less than a week began to improve, and before two weeks had elapsed was so much better that I felt congratulations were due my physician. Upon complimenting him I was honestly informed by him that I had been taking Dr. Hugo's Health Tablets for Women. It is of little consequence how I obtained the medicine, but of one thing I am certain, I have received greater benefit from it than any other medicine I ever used. WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhœa.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Clara Beaubien, of Beauport, Quebec, writes:

Dear Mrs. Pinkham:

"For several years I have suffered with a female weakness which proved a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I tried many medicines, but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was much better and stronger, and in four months I was well; no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound, and I consider it without equal for the ills of women."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

Norwood Lodge New Officers Were Installed

Large Gathering of I. O. O. F. Brethren Attended Annual Ceremony Last Night.

The installation of the officers of Norwood Lodge, No. 262, I.O.O.F., was held last night when a large number of the brethren were present. The installing officer, D. D. P. M. Warde Patterson, of Havelock was assisted by P. G. Fairman, P. G. Campany and P.G. Long, of Havelock; P. G. Johnston, of Hastings and Bros. Watson, McIntosh, of Hastings, and Dr. McKercher, of Peterborough.

Following is the list of officers installed:—

W. E. Pakenham..... J.P.G.
G. L. Andrews..... N.G.
C. Elliott..... V.G.
J. McMullen..... Rec. Sec.
A. S. Harrison..... Fin. Sec.
F. Fry..... Treas.
fra Cummings..... Ward.
Dr. Pettigrew..... Cond.
H. Adams..... O.G.
H. F. Andrews..... I.G.
C. Blake..... R.S.N.G.
W. J. Webster..... L.S.N.G.
R. McNeely..... R.S.V.G.
Jas. McMullen..... L.S.V.G.
H. S. Nelson..... R.S.S.
Jas. Hastie..... L.S.S.
J. Finlay..... Chap.

At the conclusion of the ceremony the brethren adjourned to the Smith House, where a recherche oyster and fowl supper was served and the usual toast-grandial speeches made.

Services At Park Street

On account of the unfavourable weather last night the congregation at the Park street Baptist church was not as large as usual, yet the enthusiasm and spirit of the service was inspiring.

Rev. J. S. Leckie took for his subject for the evening's discourse, Gen. iii, 9, "Adam, where are thou?" Adam he said, had done wrong, and was in hiding. Why should we hide from God, when He is always ready to forgive?

The speaker remarked that there are many now who are hiding from behind the storm, and many hiding places were mentioned. Numerous remarkable illustrations were used to explain the assertions.

The subject for to-night will be "An Unequal Chase," but the subject about which the greatest interest is evidenced is for Thursday night, "Life in a Lumber Camp," which will be both attractive and profitable. After hearing the address "How Traps are Set," all are convinced that the man who has roamed the forest for nine years will be familiar with his subject.—Com.

Though Germany has held Metz for 35 years, she is still adding to the strength of its defences, and has just built three more great forts commanding the plateaus of Gravelotte and Amanvilliers.

Annual S. S. Entertainment Of St. John's

One of the Most Successful in History of Sunday School—A Very Large Attendance—Tea Was Served in Basement of Schoolhouse—A Good Programme Rendered—Prizes Distributed to Pupils.

THE AFFAIR WAS A GRATIFYING SUCCESS

The annual tea and entertainment of the St. John's Anglican Sunday School was held last night and was a marked success in every particular. Tea was served from 6 to 7.30 o'clock. A very large number attended this most enjoyable and successful entertainment; so large was the attendance in fact that all could not be accommodated in the basement which was used as a dining hall and the children brightened their wait by singing in the school room several patriotic songs with a fevour and earnestness that appealed strongly to the listeners. After tea a splendid programme was given, Mr. Hughes Charles acting as chairman. The first number was a very humourous and much appreciated recitation rendered in an inimitable manner by Mr. E. A. Roe. After this the prizes were distributed to the most deserving pupils. In the girls' class, No. 1, Misses Marguerite Burnett and Gladys Roy were equal; in class No. 2, Miss A. Foote obtained first prize; in class No. 3, Miss M. Hammer; in class No. 4; Miss Nellie Chambers; in class No. 5, Miss F. Edwards; in class No. 6, Miss Lillie Crowe; in class No. 7, Miss C. Foster; in class No. 8, Miss Ollie Dutton; in class No. 9, Miss Gladys Sewad; in class No. 10, Misses M. Hatton, J. Noris and Greta Rountree, equal; in class No. 11, Miss M. Emmerson and W. Thompson, equal; in class No. 12, Miss Ollie Conway; in class No. 13, Miss Ella Hillaard. In class No. 1, boys', G. Medge obtained the first prizes, in class No. 2, B. Mills; in class No. 3, Roy Hutchinson; in class No. 4, D. Hatton, E. Hatton, Earle Fredenberg, Stanley Cresswell, equal; in class No. 5, M. Brooks; in class No. 6, O. Hooper; in class No. 7, A. Horsefield; in class No. 8, W. Stratton; in class No. 9, D. Crowe and R. Stratton, equal.

After the prizes had been given out the programme, which was really one of considerable merit, was resumed. It was as follows:—

Carol—"On the Midnight Clear"—Choir Boys.

Piano solo—Miss Aylmer.

Recitations—Edna Hogan, Pearl Morgan, Ada Grallon, Bessie Roy, Ella Hogan, G. Rountree.

Maple Leaf Forever—E. Worboy, G. Hillier.

Solo—"Christmas Chimes"—N. A. Howard—Moore.

Address—"Mauals from Nursery Rhyme"—R. M. Dennistoun.

Refreshments were looked after by the Girls' Guild, assisted by Mr. Chas. Goodhere.

"God Save the King."

CRIPPLING SCIATICA

A Sure and Certain Way to Cure This Terrible Torture.

There is just one sure, scientific cure for sciatica, rheumatism, lumbago, neuralgia, headaches—you must drive the pain from your blood and nerves with Dr. Williams' Pink Pills. Liniments never cure nerve and blood diseases. Dr. Williams' Pink Pills strike straight at the cause because they actually make new blood. Through the blood they conquer the painful poison, soothe the nerves, loosen the muscles and banish every ache and pain. Mr. Thos. J. Etsell, Walkerton, Ont., says: "When I began using Dr. Williams' Pink Pills I had been off work for three months. The cords of my right leg were all drawn up and I could only limp along with the aid of a stick. The pain I suffered was terrible. Only those who have been afflicted with sciatica can understand the misery I was in both day and night. I took six boxes of Dr. Williams' Pink Pills before they helped me, but after that every day saw an improvement, and by the time I had used fifteen boxes, every vestage of the pain had disappeared. I have no hesitation in pronouncing Dr. Williams' Pink Pills the best medicine in the world for sciatica."

Every dose of Dr. Williams' Pink Pills makes rich, pure health-giving blood. That is why they cure headaches and backaches, indigestion, kidney and liver troubles, anaemia, heart palpitation, and the ills that afflict women only. But be sure you get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Imitations are worthless—often dangerous. All medicine dealers sell these pills or you can get them by mail at 50c cents a box or six boxes for $2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Lindsay Officers Will Be Installed

An interesting evening is promised at Lindsay to-night, when the annual installation of the officers of Lindsay Encampment, I.O.O.F., will take place. The installing officer will be D. D. G. P. Wringer, of Hiawatha Encampment, Peterborough, and it is expected that a number of other local Oddfellows will attend the ceremony.

Ashamed of her Skin

Now proud of the complexion "Fruit-a-tives" gave her.

Bad complexions are all too common among women. The skin becomes sallow—pimples and blotches break out. Then women try lotions and creams and "beautifiers" which really injure the Skin. They never think of constipation and bad digestion — sick kidneys or torpid liver—as the CAUSE.

"I was a martyr to that distressing complaint — chronic constipation — and had a dreadful complexion, sallow in the extreme and black under the eyes. Last May, I was advised to try "Fruit-a-tives". Before I had finished the first box, the constipation was relieved. My complexion began to clear up again, all the sallowness disappeared, and the black circles under my eyes went away. Since then, I have continued to improve and now my complexion is as clear as when I was a young girl. To all persons suffering from constipation and indigestion, and particularly those with bad complexions, I would strongly advise them to try "Fruit-a-tives"."

FLORENCE JAMISON, Masson, P.Q.

Fruit-a-tives or Fruit Liver Tablets

strike right at the root of the trouble. The skin helps to dispose of the waste of the body. When the bowels don't move regularly — when the kidneys are clogged—the blood carries the poisons, which the bowels and kidneys won't pass off, to the skin. The pores of the skin become clogged with this poison and the complexion becomes grey or sallow or irritated and inflammed—and pimples and blotches are the natural result of the poisoned blood.

"Fruit-a-tives" correct faulty digestion and make the bowels move regularly. They act directly on the kidneys—and open the millions of tiny pores of the skin by stimulating and strengthening the glands. This insures all the waste of the system being removed as nature intended. It insures pure, rich blood—and who ever heard of a bad complexion where the blood was rich and pure?

"Fruit-a-tives" cost 50c. a box—and are worth $50 to any woman who values her complexion. If your druggist has none, we will send them on receipt of price—50c. a box or 6 boxes for $2.50.

FRUIT-A-TIVES LIMITED, OTTAWA.

Sam Hunter's Observations On Winter Birds

Some Unmistakable Evidences of the Mild Winter.

Some evidences of the extremely mild winter, which is being experienced this year, is furnished by the following letters in the Toronto World. Everyone who knows Sam Hunter, and his knowledge of the feathered tribe, will be prepared to admit that he is an authority on the subject. He writes as follows:—

Editor World: In answer to W. E. M., I would mention two unusual winter residents observed by me on Christmas Day at Millbrook, Ont. There was a Great Blue Heron (a "crane") and a woodcock, both found about some open spring runs in the vicinity of a large trout stream, running for the most part through cedar swamp and open woodland, near to the village. Judging from tracks and other evidence, both birds had been there for many days at least.

The "crane" I was informed by two parties, had been seen "fishin' up and down erick" all winter. Twice I had observed frogs in open pools as lively as on April day. The "crane" and woodcock are birds that usually winter from about Virginia southward. A red-tailed hawk was seen by me on December 27th at Millbrook; a robin in South Parkdale, almost daily, since December 17th, to the present time.

S. Hunter.

Springhurst avenue.

Going out on the Tweed accommodation of the C. P. R. yesterday afternoon the winter blackbird was a matter of extreme interest, and some were trying to see him from the car window. Roadmaster Milroy, of that road east of Havelock, could not account for the phenomenon, but introduced the World's Editor of the Wild (Dept. B) to one of his accomplishmen, Jim Butterill, of Sharbot Lake, who killed a black bear near that station a few days ago. Butterill saw the tracks and with a companion located the bear in a swamp south of the railway. Next morning they followed him into a hole where he had taken refuge and shot him. He weighed 125 pounds, was only two years old, and sold for $14 an hour after his capture. Butterill has had quite a number of bears in his time and Mr. Milroy says he has seen them trying to put on the coats of section men working on the track.

"Mousie" Once More Entrapped

Well Known Character Gets Six Months in Central for Vagrancy.

Thomas McDonald, known to those who have the honour of his personal acquaintance as "Mousie," pleaded guilty to a charge of vagrancy at the police court this morning.

"Mousie" is no freshman in police circles, and it was only a short time ago that he was released from Castle Nesbitt, to which place hee was confined at his own request for ten days. He is fond of whisky, and has a very, very strong aversion to any employment that is strenuous enough to tax his physical powers in the least. So much has he been addicted to alcoholic stimulants and so little care has he taken of himself, that he is now a physical wreck, and possesses very little brilliant or magnetic intellectual powers.

"So the poor industrious people, who wouldn't take a glass of beer, will have to pay for this man's maintenance," said His Worship Police Magistrate Dumble.

"Mousie" accepted the sentence with a sad smile of resignation. He is not very ambitious, and the Central will suit him just as well as the King Edward, except that in the first place named there is considerable work, and when it comes to work of any kind "Mousie" draws the line.

Cured her Father's Drunkenness by a Simple Remedy.

Saves her father from a drunkard's grave. Free sample of Samaria Tasteless Prescription checks his drinking and leads to a complete cure.

"It seemed hopeless to keep father from drinking, and we all felt the disgrace. When things were at their worst a friend advised me to try Samaria. I saw that you offered a free sample treatment and that the remedy was tasteless and could be given secretly. I determined to try it, and, have been glad every day since. The full treatment, which I gave him in his tea, cured him, and I am pleased to say he never touches whiskey now. How glad I am that I wrote you and how happy we all are together Father says that he could never have stopped drinking of his own accord."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address THE SAMARIA REMEDY CO., 19 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by H. S. Macdonald.

Rev. Dr. Young Preaches On Church Union

Former Peterborough Pastor Believes That it Will be Difficult to Attain But Not Impossible —May be Reached in the Not Distant Future—A Montreal Divine's Opinion on This Local Question.

THREE BRANCHES OF CHRISTIAN CHURCH

The many friends and admirers in this city of Rev. Dr. W. R. Young, a former pastor of George street church, and at present pastor of St. James' Church, Montreal, will be interested in reading a report of a sermon preached by him on the question of church unity. The Herald's report is as follows:

Religious affections and prejudice, the love and loyalty of each church member for "his own church," were yesterday morning dealt with by Rev. W. R. Young, D.D., pastor of St. James Methodist church, in a very carefully prepared sermon on the recently proposed church union, in which he pointed out the many dangers and difficulties which must face the movement. He, however, considered that it was a part of God's purpose and plan, and as such should not be opposed, but that all progress should be made with great caution and prudence.

Dr. Young preached from the text, "That they all may be one," St. John 17; 21. These words formed part of Christ's High Priestly Prayer breathed as He stood amongst the gathering shadows of the cross, and they suggested a theme that should find an echo in every Christian soul, and which is engaging a great deal of attention to-day.

Broadly speaking, there are three great branches of the church to-day, the Greek, the Roman and the Protestant. There are others, but they are in some way connected with one or other of these three great bodies. The differences between these churches are sharply defined. Each is strongly entrenched, and counts its membership by millions. It is a well-known fact that the starting point of the division between the Greek and the Roman churches was purely theological or metaphysical, and yet after centuries of separation each has become so fixed in his own position as to practically exclude all possibility of organic union. The doctrinal differences between these and the Protestant church are so pronounced, that to find a common ground of union is an impossibility. I am usually considered optimistic in my views, and yet I can see no prospect of a union in any form of these three great branches, in each of which there is found much of truth.

When we speak of church union as something which has to do with the harmonizing of the various bodies included in the Protestant church, we find ourselves in a more hopeful field. As one looks at the various churches known as Protestants one finds the same Bible in all the pulpits. The same Triune God worshipped. The same hymns chanted. The same object in view, viz., The overthrowing of sin and the winning of the world for Christ. True, there are differences in doctrine, but these are largely confined to the non-essential differences in forms of government, a minor matter at best. Differences with regard to methods of work, but all working for God's glory and the salvation of men. Hence the question is natural, Can more intimate relations be formed so as to accomplish more satisfactory results? If so, to what extent?

Where the telephone wires are overland the speed of transmission is at the rate of about 16,000 miles a second; where the wires are through cables under the sea the speed is not more than 6,020 miles a second.

A POINTER WORTH HAVING.

The merits of Ozone are well known, but in buying it one must be sure to get the purest form. Also, Ozone should always be taken along with "Celery King" the famous tonic laxative. The purest form in which Ozone is put up is "Solution of Ozone" (the coupon kind) and each bottle of this brand contains a coupon entitling you to a package of "Celery King" free.

No other firm in the world can give "Celery King" with Ozone. We give because our Ozone thus brings the highest results. In addition, you get just about twice as much "Solution of Ozone" for your money as of other kinds, and you also get it in the purest and most concentrated form. You also get "Celery King" free, instead of having to buy it which you would need to do in order to have full benefit from the use of Ozone.

Your druggist should have "Solution of Ozone" (the coupon kind) If not, write to the Public Drug Co. Bridgeburg. Sold by W.B. Warne

PROMINENT CANADIAN OWES LIFE TO PE-RU-NA.

Suffered Ten Years— Lost 100 Pounds in Flesh.

Mr. J. N. Latreille, the well known grocer and liquor dealer, of Montreal, Can., has been one of the leading business men of that city for thirty years. He writes as follows:

"I had catarrh of the head, throat and stomach for about ten years, and for the past two years had been growing worse.

"I felt exhausted and weak, and coughed continually. When in health my weight was 200 pounds, but I lost 100 pounds in a year. Catarrh had made me almost blind and deaf. I felt discouraged.

"Finally I tried Peruna, took three bottles, and now I must say that my health is much improved, and have gotten rid almost entirely of the effects of that dreaded disease."

Inaugural Meeting Of Council Held

Live Budget of News From Havelock—Various Village Officers Were Appointed—Sleigh Upset With Party of Young People—Correspondent Wants Lower Opera House Prices.

PERSONAL NOTES OF MUCH INTEREST

Special to The Examiner.

Havelock, January 16th. — The members of the council for 1906, have already held their preliminary meeting, and their appointments have met with general satisfaction. The year's experience which Reeve Thompson has already had stood him for the chair. He made a good reeve last year but will make a better one this year. Being a gentleman of good business experience, managing and controlling large mercantile interests, and quiet, deliberate and courteous in his manner, the people are reposing much confidence in him. Several of the councillors have also the benefit of last year's experience in dealing with local municipal affairs, and are bringing their ripe judgment into play on the important matters presenting themselves.

The resignation of the village treasurer, Mr. Richard Phillips, who has held office for quite a number of years past, with credit to himself, gave rise to the consideration of the question of amalgamating the offices of clerk and treasurer. While there might be some question as to the advisability of combining the two offices in one in certain municipalities, it was generally conceded that it would be more convenient for Havelock to adopt this course, especially as the large majority of Ontario municipalities had already amalgamated the two offices. The vacancy was filled, therefore, by the unanimous appointment of Mr. Jas. Bryans as clerk and treasurer. Mr. Bryans has made a good record for himself as clerk for a number of years and the municipality has found him to be a capable and experienced officer, possessing a store of knowledge of municipal matters, which has frequently been used in the best interests of Havelock.

The village stores are all busily engaged in preparing for inventory, and keeping business lively by January reduction sales. The past season has been an exceptionally prosperous one, and a healthy tone prevails among the business men generally.

The big new hotel is favourably spoken of by commercial travellers and regular boarders. Mr. Armstrong looks well after the interests of his guests, and the management reflects credit on all concerned. The law is respected, and no violations are permitted that it is possible to prevent.

The accommodation and convenience of the Armstrong House is full of business. His premises have already proved to be too small for his growing trade, and he contemplates an enlargement at the earliest possible moment. Keep busy, Percy.

Mr. John Cochrane, the veteran of "Grandview Farm," Belmont, was in the village last Saturday, as hale and hearty at 78 as many are at 58 years. He had as usual a pleasant word for his many friends, and is as full of business as ever. He was looking after his wood business, as he has a large quantity delivered at the C. P. R. yards. He has a hundred cords to sell on the spot, and his teams can generally be found hauling wood as long as the roads are good.

The enlarged Weekly Examiner is attracting more than ordinary attention just now. The many excellent features which it possesses, the 16 pages of up-to-date news, the reliable market reports, the newsy Havelock correspondence, as well as the country news from all over the district, makes it the best paper by long odds in the county of Peterborough. Councillor H. B. Morrison is authorized to receive subscriptions and give receipts for same.

Very Busy Week For Oddfellows

The present week is a busy one among the Oddfellows of the district, as the installation of the officers of the various lodges is taking place. On Monday night the installation of Lakefield Lodge took place. Last night the ceremony was held at Norwood, to-night at Lindsay, to-morrow night the joint installation of the officers of the two local lodges will be installed, and Friday night the Oddfellows will gather at Pontypool.

Rev. F. E. Roy's Good Results

Rev. F. E. Roy, of London, travelling secretary of Trinity University, has been working in the city for the past week in the interests of the endowment fund of the university and has met with much success towards the fund. Among the names of the foremost Canadians of this and the preceding generation are to be found not a few who are on the roll of Trinity's graduates.

Kind Words For Mr. G. L. Main

The following reference to Mr. G. L. Main, a former resident of this city, in the Galt Reporter, will be read with interest here:

Another evidence of what close application to business means to the young man of to-day has been given in the promotion of Mr. Gladstone Main from the position of teller in the Peterborough branch of the Bank of Montreal to the accountancy of a new branch of the bank just opened at Fenelon Falls. "Glad," as he is familiarly known, is not yet 21 years of age, and yet, with an experience of little more than three years, he has worked himself up to one of the most responsible positions in the gift of one of the strongest banks in the Dominion. "Glad" is busy receiving the congratulations of his friends, who hope that the near future will see him still further advanced.

With New Blood In the Arteries

YOU WILL FEEL NEW VIGOR AND CONFIDENCE THROUGHOUT THE WHOLE BODY.

DR. CHASE'S NERVE FOOD

Do you know what it is to feel well — to feel young and hearty and vigorous—to feel full of energy and ambition—to enjoy work and to look forward hopeful and confident of the future.

This is the natural way to feel when your blood is pure and rich and your nerves are a-thrill with life and vitality.

This is the way you will feel if you revitalize your wasted and depleted nervous system by the use of Dr. Chase's Nerve Food.

Not in any miraculous way—not after the first dose or the first box, it may be, but when your system has been gradually built up — your blood enriched and new vim and vigour instilled into the nerves.

Dr. Chase's Nerve Food is a wonderful medicine, but its wonders are accomplished in nature's way, by thoroughly restoring the elements lacking in a run-down body.

No other treatment for the nerves acts in exactly this way. Some relieve by deadening the nerves — some by excessive stimulation.

Dr. Chase's Nerve Food brings about lastingly beneficial results by forming new, rich, red blood, and creating new nerve force.

Mr. George W. Lawson, a farmer living near Consecon and well and favourably nkown throughout Prince Edward County, Ont., writes:—

"About one year ago I was taken sick and felt myself failing every day. I consulted and doctored with several eminent physicians, but received no permanent benefit. In fact they told me they could do nothing for me except afford temporary relief, as it was a general breaking up of old age. My nerves were exhausted and my whole system completely broken up.

"I was just at death's door, and, thinking my time to die had come I gave up hope and resigned myself to fate. At this time my wife read in the papers about some of the wonderful cures being brought about by Dr. Chase's Nerve Food, and I began using it.

"This treatment helped me from the first, and I continued to keep it up for about six months, when I was fully restored to health. To-day I am a well man and made so by Dr. Chase's Nerve Food at a trifling cost. All this in spite of the fact that I spent a large sum of money with physicians only to be pronounced incurable. Though in my 78th year I feel as well as I did at twenty, and can walk as smartly as any of the boys."

There is lots of evidence of what this great food cure has done for others. Ask your neighbours about it. Fifty cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

THE success of pastry depends upon the flour. Bread and pastry must be more than merely appetising; they must be wholesome, digestible, nourishing.

The flour depends upon the wheat and the way it is milled.

Royal Household Flour

is made from spring wheat only. It is milled by the newest and best machinery. It is purified by electricity.

Use it and you get bread not only light, crisp and appetising, but also wholesome, digestible and nourishing.

You will better your baking by buying Ogilvie's Royal Household Flour from your grocer.

Ogilvie Flour Mills Co., Ltd.
Montreal.

"Ogilvie's Book for a Cook," contains 120 pages of excellent recipes, some never published before. Your grocer can tell you how to get it FREE.

WEDNESDAY, JANUARY 17, 1906.

RAILWAYS AND CANALS.

Mr. Charles M. Hayes, general manager of the Grand Trunk Railway and president of the Grand Trunk Pacific Railway, delivered a most interesting and, in many ways, important address before the Canadian Club, Toronto, on Monday night. While he naturally held a brief for railways, there was nothing narrow-guage in his treatment of his subject. The average citizen will very reluctantly part with the delusion that railways are owned and managed by grasping corporations, that conduct their business with the express purpose of giving the most inefficient service possible at the highest possible rates. Mr. Hayes was very reasonable in the position he took to show the unreasonableness of the attitude of the public towards railways. The people demanded the smoothest roadbed, the best equipped trains, running at the most convenient intervals on the closest possible time. They demanded that an exhaustless supply of freight cars should be on tap to meet the most exacting demands without a minute's delay. But they forgot that to supply all these things railways must have money, and to have money they must have rates, and that these rates, from a business point of view, must have an efficient relation to the transportation and travel luxuries demanded, with a rather thoughtless facility by the public.

Mr. Hayes was also broad-minded and liberal. While he insisted upon the necessity of the construction of the Grand Trunk Pacific line north of Lake Superior, he also, with an abnegation almost unique in our experience with railways, as worked out in practice, frankly admitted the utility of waterways as regulators of railway rates, and in view of the splendid system of waterways possessed by Canada, Mr. Hayes was of the opinion that the community was "amply protected in the matter of railway rates." This may be true, but in spite of Mr. Hays' assurances—perhaps, to some degree, diplomatic—it would by no means be a bad idea to have the "ample" protection still further broadened.

There are more reasons than the regulation of railway rates for the improvement and extension of our waterways. It needs no argument to demonstrate that when the development of the Northwest advances to the extent of trebling the present wheat production, we shall need every avenue of transportation possible. With this increased production, unless the transportation capacity of our waterways is increased, not only will the wheat export interest be hampered, but the effectiveness of water transportation as a regulation of railways will be diminished. With two hundred million bushels of wheat demanding movement, instead of fifty millions, the railways would receive so great a crush of traffic that they would be in a position to dictate rates. Therefore, while we are building railways we must not neglect to expand, extend and multiply, as far as natural conditions permit, our system of water communication. From this proceeds an additionally strong plea for the completion of the Trent Canal. Peterborough's deputation to wait upon the Government to urge its completion never had as strong a case to present as to-day—the Government was never so favourable as now to the project, and never better situated financially to undertake the work of completion. Wise old Shakspere said, "There's a tide in the affairs of men which, taken at the flood, leads on to fortune." The tide of the Trent Canal, is at the flood now. Let the Peterborough deputation take it at that and the "fortune" may be a successful issue of their mission.

Horticultural Society Met Last Night

President Gave the Annual Address—Reviewed Work of the Past Year—Encouraged Growing of Flowers in City Gardens—Floral Exhibition in Toronto—Officers Elected for Present Year—Receipts and Expenditures.

BOARD DIRECTORS WILL DISCUSS REFORMS

The annual meeting of the Peterborough Horticultural Society was held last night in the council chamber, with the following members present: Mr. D. W. Dumble, president; Mr. H. L. Beale, secretary; Mr. Jas. Stevenson, Mr. T. A. S. Hay, Dr. Burnham, and Mr. S. Jordan.

The president, in addressing the meeting, said that the scheme that had been adopted by the Board, in the liberal distribution of flowers in the spring and of bulbs in the fall was meeting with approval. The people had received first class bulbs, and the best periodical, Home Flowers. Therefore the work of the society should be looked upon as being educative, and there should be less trouble in getting subscriptions and members. The object in assisting the people in this way was to cultivate a taste for flowers, among as much of the population as possible, and so add to the beauty of the city. The floral exhibitions were so little patronized that the prizes were generally all taken by a few. Last fall, he said, he attended the great horticultural exhibition in Massey Hall, Toronto, and the display was a most beautiful one, being rich in fruit and flowers. It was a display that was most worthy of that city, yet the fact was most deplorable that only a small proportion of the people attended, and so the affair was not a brilliant success in some ways. Therefore, he said, our local exhibition is not unique.

Victoria Park is kept in a very satisfactory condition, and the Central park has been much improved; yet during the coming year we will have to face the fact that two new buildings will be erected on the latter — the Collegiate Institute and the armouries. There will therefore be considerable tramping over it, which will be a detriment to the grass; and he thought that it would be advisable to solicit the aid of the council and have the soil deepened, which would greatly improve the results. The president thought an interest in flowers was a matter of education on the part of the people, and that the present arrangements should be proceeded with, and he ul a would so n foll w. Education he said, comes to one by what another receives.

When people are aiming at beautifying their gardens, to add a more pleasing effect, the results will be much better than when they are looking forward to an exhibition, as the latter is always an anxious time on accouant of the uncertainty of the weather, and difficulty attached in placing the flowers ou exhibition.

After Mr. Dumble's address the following officers were elected for the present year:—

President—Mr. D. W. Dumble.
Vice-President—Mr. T. A. S. Hay.
2nd Vice-President—Mr. Jas. Stevenson.
Sec.-Treasurer—Mr. H. L. Beale.
Board of Directors — Hon. J. R. Stratton, Mr. S. Jordan, Mr. Jas. English, Mr. H. Nesbitt, Mr. Alf. Saunders, Mr. A. Hall, Mr. Joshua Giles, Mr. J. Francis, and Mr. Percy Hamilton.
Park Committee — Mr. W. H. Hill, Mr. F. Wise, Mr. H. Nesbitt, Mr. S. Jordan, and Dr. Burnham.
Council Committee — Mr. A. Hall, Mr. W. H. Hill, Mr. D. W. Dumble, Dr. George Burnham, and Mr. Jas. Stevenson.
Auditors — Mr. T. A. S. Hay and Mr. A. Stevenson.

After the election of officers a number of other matters were mentioned, but these were left over until the meeting of the Board of Directors on Friday, Jan. 26th.

The secretary presented his annual report of receipts and expenditures, which was as follows:

Receipts and Expenditures on Park account 1905.

Balance on hand	$129 08
Town Grant	550 00
County Grant	75 00
	$754 08

EXPENDITURE.

	$262 50

Members who have paid during 1905, 40.

Examined and certified to this 10th day of January, 1906.

T. A. S. HAY, Auditor.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor of Post Card Column:

Dear Sir—I notice that our Solomonic Aldermen have decided upon the expensive experiment of putting new wine into old bottles—of putting some of our new taxes—about a thousand dollars—into the venerable bunch of scrap iron known as the fire engine, which has, now stowed away in various parts of its crazy anatomy, several thousands of our good hard cash. Everybody knows that if you make a tight a leak in a weak and tottering dam it will break out in other places.

Yours etc.,
DOUBTING THOMAS.

Editor of Post Card Column:

Sir,—Has this city a truant officer? If so, who is he? Where does he live? Why is he blind? Boys, whom any one with even half an eye could see (were he intent on doing his duty) are not only under fourteen, but also very far under it, go up and down our streets daily in good numbers, unchallenged. These uneducated boys will become our future "hewers of wood and drawers of water", thanks, largely to our truant officer. Why doesn't the Board of Education get after him with a stick? Say, Mr. Editor, would it not be an excellent course for the Board to memorialize the Government to raise the school age to 16, unless it be proved to the satisfaction of the Board that such a pupil between 14 and 16 is engaged in bona fide work under contract.

PRO PUERIS.

Editor of Post Card Column:

Dear Sir,—I heartily agree with the proposition to convert the islands in the river into a park, but I have the matter so much at heart that I object entirely to the expensive idea of carrying it out. It will mean such an expense as to defeat the project. I know the bottom of the river well. It is of such a character of gravel that dredgings thrown up to form a surface for the park will act as a sort of rip-rap, consisting as they do chiefly of gravel, and prevent washing away. Some claim that we have enough parks now, but there are none in the south of the town and this one would be the most southern. By all means have the park. There are plenty of trees if they were properly distributed. The more cheaply the work can be done the better the chances for a park. If we make it as expensive with concrete retaining walls as it would be to build a lift lock, we shall never get a park in that part of the river mentioned.

Yours, etc.
JOHN BUTCHER.

A Disgrace To The City Is The Present Situation

Says Ald. McWilliams in Reference to Armory and Collegiate Sites.

There is a strong probability that in the near future the question of the Collegiate Institute and Armoury will be re-opened in the City Council. Ald. McWilliams to-day characterized the present situation as a disgrace to the city. The apparent dead-lock should be ended and the three bodies interested, the Council, School Board and Militia, should get together and decide upon the sites and get the work under way. He believed that the best interests of the city would be served by giving the School Board the south lots, thus allowing them to make use of the present Separate School building, and erect the armoury on the south side of the lots.

The action of Mr. R. R. Hall, M.P., who was the only one apparently who was pushing the matter, was commendable. The unique situation was expressed of the member urging the local authorities to tell him what they wanted.

His idea was that the City Council should appoint a special committee to confer with the Property Committee of the School Board and the officers, and decide definitely what division of the lots should be made and then get busy and see that work was commenced this year.

Art Culture Club Meeting

There will be a meeting of the Art Culture Club at the Peterborough Conservatory on Friday evening at 8 o'clock. A full attendance is earnestly requested. The programme is as follows:

The Musician will be Schumann, by Miss Clarry.
The Poet, Longfellow, by Mrs. Mowat.

Paying Investment Is The Hilliard Property

An evidence of the foresight exercised by ex-Ald. Rush, who was largely responsible for the purchase by the city of the Hilliard property, is furnished by the statement that 13,000 square yards of gravel was taken out of the gravel beds for civic purposes last year. This at 10c per yard is a good showing—$1,300, and as an additional evidence of what a good paying investment the Hilliard property is proving to be to the city.

PERSONAL MENTION

Mr. T. Dalgeish, Galt, is at the Oriental.

JANUARY NUPTIALS.

THOMPSON—McBAIN.

The beautiful residence of Mr. J. J. McBain, 304 King street, was this afternoon the scene of a very pretty event, when his only daughter, Ada May was united in marriage to Mr. George Henry Thompson, of the staff of the Toronto Savings and Loan Company.

This delightful function was attended by about fifty guests, including a number from Toronto, Montreal and Lindsay. At 3 o'clock the ceremony was performed in the drawing-room, which was decorated with palms and bride roses, by Rev. S. J. Shorey, of Oshawa, a former pastor of George street [illegible] church, the wedding march being played by Miss Eva Bradd. The bride was gowned in a princess dress of white crepe de chine over taffeta, with tulle veil. She carried white bridal roses and lillies of the valley. Miss Margaret Cox, who attended the bride as bridesmaid, was dressed in a white Brussels net princess gown trimmed with medallions and lace. The ribbon bearers were Master Percy Johnston, Campbellford, and Miss Emma Cox, of Peterborough. Mr. H. H. Edmison supported the groom.

After the ceremony the wedding party and guests partook of a dainty dejeuner, the bride and groom afterwards leaving on the 5.15 C. P. R. train for the west, the bride's going away dress being a Teuton plaid suit. She wore mink furs and a toque. On their return Mr. and Mrs. Thompson will reside on Hunter street, where Mr. Thompson has recently erected a new residence.

The gift remembrances incidental to such occasions were of an elegance and richness characteristic of the event. The groom's gift to the bride was a beautiful pearl pendant necklace, and to the bridesmaid a signet ring. To the groomsman he gave a gold fob and a pin set with pearls to Miss Bradd, while the little ribbon bearers were made the recipients of gold pins.

JACKSON—WHITE.

A pretty home wedding was that which this afternoon took place, at the residence of Mr. John M. White, 95 Aylmer street, Treasurer of the Peterborough Fuel and Cartage Company, when at 1.30 his eldest daughter, Lillian Orethia, was married to Mr. Thos. Hardy Jackson, of Hartney, Manitoba. The ceremony, which took place in the drawing room, beautifully decorated with ferns and smilax, the work of Cobb, the florist, was performed by Rev. Dr. Torrance, pastor of St. Paul's church, assisted by Rev. W. McD. Mackay.

Mendelssohn's wedding march was played by Miss Florence Butcher as the bridal party entered the room. The bride's dress was of white Japanese taffeta silk, with real lace trimmings and berthe. She carried cream bridal roses. Miss Mabel White, sister of the bride, attended as bridesmaid, and was dressed similarly to the bride. The groomsman was Mr. Magson Comstock. After the wedding the usual dejeuner was served by H. Long, at which the health of the bride was proposed. Mr. and Mrs. Jackson left on the 5.15 C.P.R. train for a trip to Wingham, Goderich and other western towns, where they will spend three weeks, and will return here before leaving for their new home in Hartney, visiting first at Winnipeg, Brandon and Souris. The bride's going away dress was brown broadcloth. She wore sable furs and an Alice blue velvet hat.

The presents were of an unusually elegant character, and were numerous. The groom's gift to the bride was a sunburst of pearls and a necklace and a pearl ring to the bridesmaid.

The guests who numbered about thirty, included many from Toronto, Goderich, Wingham, Picton and Cobourg.

FERGUSON—HEAL.

A quiet wedding took place this morning at the George street parsonage, when Mr. J. Farington Ferguson, of Toronto, was united in marriage to Miss Alice G. Heal, Heal, daughter of Mr. J. Heal, Dublin street. The ceremony was performed by the Rev. Dr. Crothers. The bride wa sattended by Miss Ethel Ferguson, Toronto, sister of the groom, and Mr. W. B. Heal, brother of the bride, assisted the groom. The happy couple will take up their residence in Toronto.

MOORE—KILLINGBECK.

A very quiet wedding took place yesterday evening at the Charlotte street Methodist parsonage, when Mr. Phillip Burt Moore, formerly of this city, now of Port Hope, was united in marriage to Miss Evelena Killingbeck, eldest daughter of Mr. Thos. Killingbeck, Romaine street. Rev. W. J. Jolliffe performed the ceremony. They were unattended. Mr. and Mrs. Moore left on the 9 o'clock train for Port Hope, where they will take up their residence.

Bright Papers Were Presented

The Presbyterian Guild of St. Paul's church held a very interesting missionary service on Monday evening. A large attendance of members was present. Bright, enjoyable papers were read by Mrs. (Dr.) Torrance, Miss Hamilton, and Miss Best, which were listened to with great pleasure by the meeting.

Bag These Bags Quick.

—No half-way measures now, at the Peterborough Bookstore. We can't make our bargain news too emphatic. Just now stock taking is on and, as a sample of the drastic reductions we intend to give you, you may have your choice of 150 shopping bags for 25 cents each, the regular selling price being from 50c to $1.50 each. Buy them quick. A. H. Stratton & Co.

Surveying Party Soon To Break Camp

Men Engaged in Locating Line for New C.P.R. Line to Victoria Harbour Will Shortly Leave for Lindsay—Work at This End is Practically Completed — Another Party at Pigeon Creek—To Cross the G. T. R.

LINE TO BE PLACED UNDER CONSTRUCTION

The surveying party which, for the last six weeks, has been located near the junction of Reid street and the Chemong road, is, it is stated, shortly to remove to another location. The party, which is surveying for the proposed route of the C. P. R. line to Victoria Harbour, will, in a short time, move to Lindsay, and work from that town towards Peterborough.

The party has done a lot of surveying in the vicinity of Jackson Park, when it looked as if they were Park, where it looked as if they were trying to get over the G. T. R. The line will probably run down the valley of the Trunk at Dummer street. The men comprising the party are naturally somewhat uncommuniative in reference to the route which the line will take.

It is reported that there is another party working in the vicinity of Pigeon Creek.

There are five tents in the camp, and their presence so close to the road is the subject for considerable speculation among the farmers, who pass, and who do not know what they are there for. By some it is believed that they harbour smallpox and consumptive patients.

The surveyors state that the line will be under construction during this year.

OBITUARY.

MARY CLEARY.

The many friends of Mr. and Mrs. William Cleary will sympathize with them in the death of their infant daughter, Mary, aged six months, who died yesterday. The funeral will take place to-morrow.

R. J. Winch Back From Montreal

Mr. R. J. Winch returned last night from a six weeks' visit to friends in Montreal. While in that city he was the guest of his son-in-law, Mr. F. W. G. Johnston, manager of the Molsons Bank, St. Catharines street, and his son, Mr. C. H. Winch, 26 McGill avenue. Mr. Winch reports that business in the Canadian metropolis is very brisk, and that he spent a very enjoyable visit.

TO CURE DANDRUFF

It Is Necessary That the Dandruff Germ Be Eradicated.

"Destroy the cause, you remove the effect." Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair will grow luxuriantly. Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair dressing is on this scientific basis of destroying the dandruff germ, and none other claims to be for the simple reason that it is only recently that a destroyer of the germ has been discovered — Newbro's Herpicide, the only hair preparation that actually kills dandruff.

Sold by leading druggists. Send ten cents in stamps for sample to the Herpicide Company, Detroit, Mich.

Is Public Library a "Public" Library?

Editor Post Card Column:

Sir,—Can you tell me the meaning of "Public Library?" The writer, who has just arrived in this city from Wales, paid his first visit to this institution, and had just started reading the papers, when he was ordered to leave the room, because he was not a member. Now if this is a private concern, why is the notice outside "Public Library?" Seeing so many unemployed young men walking the street, where are they to go for an hour's reading if not to such a place as that Public Library? I first went to the Y.M.C.A. which is a very fine institution, and I greatly appreciated the welcome and kindness shown me, and deeply regret same cannot be applied to the Public Library.

ENGLISHMAN.

"Englishman" is informed that though the name "Public Library" is applied to the above mentioned institution, it is not a "Free" Library, as some appear to be under the impression. An annual fee of $1.50 entitles the holder of a ticket to the privileges of the library and reading rooms.

CITY NEWS OF TO-DAY

Board of Works.

—To-night the Board of Works will meet at 8 o'clock in the city clerk's office.

St. Paul's Sacred Concert.

—St. Paul's choir will give a sacred concert in the church on Monday, the 5th of February.

Salvation Army.

—The League of Mercy will conduct the meeting at the Salvation Army Barracks to-night.

Smoker To-night.

—A smoker will be held this evening at 8 o'clock in the mess rooms of the N.C.O., Simcoe street.

Annual Meeting.

—The annual business meeting of the officers of the 57th Regiment will be held about February 1.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 199.

Sub-Committees Will be Appointed.

—To-night the adjourned business meeting of the Murray street Baptist church will be held, when the sub-committees will be appointed.

Peterboro' People Go West.

—A large number of Peterborough people departed yesterday for Guelph, Hamilton, Ingersoll, Durham and other western points.

St. Andrew's.

St. Andrew's prayer service will be held to-night at 8 o'clock. Subject, "Prayer for Quickening." Teachers' Training Class will meet previous to this service at 7.30 sharp.

The Travel Club.

—The Travel Club, conducted by Mrs. R. F. McWilliams, and who are studying Japan, will meet to-night at the Y.W.C.A., and all the members of the Association are invited.

The Best of Vegetables.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, onions, celery, apples of all kinds, flour, sugar by the cwt., cheap. Houses, houses, to rent, at Jas. R. Bell's, grocery, 161 Hunter street; phone 455.

Dearest Love.

—This is the third letter I've written you this week. Can't you see I'm lonely? lonely as can be, and I want you only, there's no one else for me. Dearest, do meet me at The J. M. Greene Music Co. to-night and buy me a copy. 15c all this week. 6d7

"Making a Man."

Rev. J. W. Pedley, of Toronto, will give his popular lecture, "Making a Man," in St. Paul's schoolroom on Friday evening, January 26. Mr. Pedley delighted all who heard his lecture, "Mrs. Wiggs of the Cabbage Patch," here last winter, and a delightful treat is in store for all who hear him on January 26.

Took the Ten Days at Last.

—Geo. Valois, who was fined some time ago for being drunk and disorderly, and who "skipped" out at the time, has returned to the city, and is serving a sentence of 10 days, the other alternative, besides paying the fine that he had. The distress warrant and warrant of commitment, together with the original fine and costs of the case amounted to over $10.

Gone to Montreal.

Mr. Percy Pearson, the well-known and popular Montreal horse-buyer, who has made a host of friends during the time he has been in Peterborough, left for Montreal last night, where his services are required, and will reside there in the future. Mr. Pearson's friends will regret his departure very much, for during his residence in Peterborough he has become very popular.

TO THE PETERBORO' PUBLIC.

We beg to notify the public of the City of Peterborough that we have started a baggage and express delivery under the name of Reid Bros'. Express, and we wish it understood that we have no connection with Alex. Reid's Express in any manner, and will not consider ourselves responsible for any of his work. All money owing Walter Reid for delivery since December 12th last, is payable to him and not to Alex Reid. We solicit your work and will give you prompt and reliable service.

REID BROS.

'Phone 142. 206 Smith street.

As a result of the high price of camphor, French scientists have been searching for a substitute. They claim to have been successful in converting turpentine into camphor.

Latest News Of Winter Sports

Peterborough Defeats Cobourg By Score of 3-1

The Game Was Fast, Cobourg Leading by 1-0 at Half Time.

When Peterborough played Cobourg last night it was not the same seven they met that were ridiculously easy for them in the match here, when the score was 16-1. The result at last night's game was Peterborough, 3—Cobourg, 1, and the score just about indicates the play. Floyd, Tryne and Moffatt were great acquisitions to the playing strength of Cobourg and the latter played one of the most effective games on the ice. At one time it looked as though Cobourg would win, the half time score standing 1-0 in their favour. But in the second half Peterborough braced up and had much the better of the play throughout. A feature, and a most important one, that has been lacking in games played here, was the combination play of Peterborough. The locals have at last realized that combination and not individual work is effective and they played the best game that they have this year. The other forwards passed to Morgan more than they have done before this winter with the result that he scored all of Peterborough's goals.

It is the duty of the wing men to feed the centre and Morgan is a man who has a deadly shot. No matter how good the players of a team may be individually, their work is discounted fifty per cent. if combination play is not recognized.

The ice was in good condition considering the mildness of the weather. In the first half there was a little water on it, but at half time this was scraped off and it was good for the remainder of the game. Whitcroft and Moore played a double cover point system in the first half and in the second half both played a forward game. The whole Peterborough team played remarkably well. Moore, considering it was his first intermediate game, showed up to splendid advantage and Wasson in goal covered himself with glory.

Following are the teams and summary:—

Cobourg.		Peterborough.
	Goal.	
McCollough		Wasson
	Point.	
Floyd		Glover
	Cover Point.	
Bond		Moore
	Rover	
Bentley		Whitcroft
	Centre.	
Moffatt		Morgan
	Right Wing.	
Tryne		Cavanah
	Left Wing.	
Payne		Graham
	Goal Umpires.	
Sawle		Jones
	Time Keepers.	
Hopper		Stroud

Referee—F. C. Waghorne.
Penalty Timer—Jecks.

Summary of goals scored:—

First Half.—
Cobourg, Moffat, 18 minutes.

Second Half.—
Peterborough, Morgan, 5 minutes.
Peterborough, Morgan, 9 minutes.
Peterborough, Morgan, 91-2 minutes.

Penalties.

Peterborough.—	
Graham	2
Moore	2
Glover	2
Morgan	2
Cobourg.—	
Tryne	2
Moffatt	1
Bentley	2
Floyd	2

NOTE-LETS.

Everybody kept their money in their pockets in Cobourg. Perhaps they were looking for a 16-1 "shot".

The crowd was small.

Breen and Stroud were the only ones who accompanied the team.

The next game with Port Hope should be worth a special.

Cobourg put up a surprisingly good article of hockey.

"There goes the $40 a week man," said one of the spectators when Whitcroft was illuminating the rafters with one of his brilliant rushes.

The Port Hope score was 5-4. Taking the games of Peterborough and Cobourg as a standard what will be the result in Port Hope? There's a riddle for somebody to figure out.

Waghorne was very strict and impartial. His rulings were not well received by the crowd.

For some unknown reason the Cobourg crowd kept yelling "dirty Ottawas".

How Is Your Cold?

Every place you go you hear the same question asked.

Do you know that there is nothing so dangerous as a neglected cold?

Do you know that a neglected cold will turn into Caronic Bronchitis, Pneumonia, disgusting Catarrh and the most deadly of all, the "White Plague," Consumption.

Many a life history would read different if, on the first appearance of a cough, it had been remedied with

Dr. Wood's Norway Pine Syrup

This wonderful cough and cold medicine contains all those very pine principles which make the pine woods so valuable in the treatment of lung affections.

Combined with this are Wild Cherry Bark and the soothing, healing and expectorant properties of other pectoral herbs and barks.

For Coughs, Colds, Bronchitis, Pain in the Chest, Asthma, Croup, Whooping Cough, Hoarseness or any affection of the Throat or Lungs. You will find a sure cure in Dr. Wood's Norway Pine Syrup.

Mrs. C. N. Loomer, Berwick, N.S., writes: "I have used Dr. Wood's Norway Pine Syrup for coughs and colds, and have always found it to give instant relief. I also recommended it to one of my neighbors and she was more than pleased with the results."

Dr. Wood's Norway Pine Syrup 25 cts. per bottle at all dealers. Put up in yellow wrapper, and three pine trees the trade mark. Refuse substitutes. There is only one Norway Pine Syrup and that one is Dr. Wood's.

City League Meets To-night

A most important business meeting of the City League will be held to-night at eight o'clock. Each club is urged to send a representative, as matters of the greatest importance will be discussed.

Suicides Will Play Lakefield

The Suicide Hockey Club of the City League have completed arrangements by which they will meet the Suburbs in Lakefield on the evening of January 22nd. The Suicides are in good shape and should make things interesting for the northern team. The Suicides will take the place of the T.A.S. in to-morrow night's game.

Emeralds Will Play Regals

The Regals and Emeralds will meet on Friday night at Bogue's rink in what should prove to be an interesting game. The Regals won a previous contest by 4—1. The following Regal line up is requested to be on hand for Friday night.

Goal, C. Walsh.
Point, P. Lynch.
Cover point, T. Walsh.
Rover, Marks.
Centre, Davidson.
Right wing, Hart.
Left wing, Howson.

Druggists Will Get Into Hockey

The once famous hockey team, the the Druggists, or to give them their time-honoured title, "The Pill-Pounders," have got the fever again, and will don the winged blades for another season. Other teams had better take to the woods and save trouble as the skull and cross-bones brigade will be a formidable bunch to run up against. A meeting is called for to-night at Madill's drug store for organization purposes, and all players are asked to be present.

HOCKEY

Owing to the fact that the T.A.S. have dropped out of the City League, the Suicides have been chosen to play the Bankers on Thursday night.

Lady Gothard's Second Money

The Lindsay Turf Club seem to have had a good day's racing yesterday in spite of the soft track. Lady Gothard, owned by Martin Connors, city, took second money in the 2.50 class. A Lindsay despatch says:—

Lindsay, Jan. 16.—(Special.)—In spite of a soft track and a downpour of rain last night and to-day, the weather conditions for the first day of Lindsay's winter races were not at all bad. A fairly large crowd of spectators welcomed the racers and the events were all run on good time. Summary:—

2.50 class,—

Zac Medium, D. Karn, Berlin	3	3	1	1	1
Lady Gothard, M. Connors, Peterborough	1	2	3	4	6
Nuocros, Dan McEwan, London	4	4	4	3	4
City Boy, John Yeomans, Colborne	3	1	2	2	2
Maybee, H. Laidley, Cooksville	5	5	7	5	3
Jim K., L. Ketcheson, Belleville	7	7	6	dr	
Miss Appleby, S. Passmore, Orillia	6	6	5	6	5

Time,—2.34 1-2, 2.29 1-4, 2.29 1-2, 2.34 1-2, 2.36 1-2.

2.35 class,—

Minnie Bell, George Powell, Orillia	1	1	1
Bertie Hayes, H. Laidley, Cooksville	3	3	4
Dan Finlayer, J. Aldous, Fenelon Falls	5	7	3
Joe Allen, W. H. Simpson, Lindsay	7	3	2
Conduct, Mr. Mason, Chicago	4	5	7
Miss Paisley, H. Cook, Peterborough	6	4	5
Charlie Tuttle, Perrego & Tracey, Eganville	2	7	6
Frank C., P. Barnum, Madoc	2	2	2

Time,—2.34 1-4, 2.36, 2.27.

TURF.

Mr. Hare, of Toronto, has secured the privileges for winter meet of the Peterborough Turf Club.

The cattle of Somaliland, says a recent official report, are fattened on date stones, and milch animals fed on such a diet are said to produce better and more copious milk than others.

Entertainment of Omemee Cheese Factory Patrons

An Enjoyable and Instructive Programme Was Rendered in the Factory on Friday—Addresses on Dairy Subjects by Practical Speakers—Mr. N. G. Somerville Spoke on Dairy Conditions—Growing Importance of This Industry.

INTERESTING MUSICAL PROGRAMME RENDERED

Omemee, Jan. 12, 1906.—The oyster supper and entertainment held in the Omemee cheese factory to-night, was a grand success. Mr. Weir, the proprietor, of the factory, has reason to feel proud of the interest taken in this meeting. There was in attendance about one hundred and fifty. All having heard of the large convention in Peterborough, they turned out, hoping to hear some of the valuable information that was given from the platform at those meetings. In this they were not disappointed, as Mr. Somerville, had attended the meetings and could give full information on the most important points in dairying.

The following programme was rendered:—

Chairman's address—Mr. Harvey.
Quartette—Mrs. Bryson, Miss Parson, Mr. Bryson and Mr. Wright.
Song—A. Campbell.
Address—Mr. Cameron.
Song—G. Wright.
Address—Mr. Dillon.
Instrumental—Mr. Thornton.
Address—Mr. Somerville.
Song—A. Campbell.
Address—Mr. Phillip.
Recitation—Ernest McCullough.
God Save the King.

Mr. Harvey spoke on the importance of having an honest cheese maker. He had had eight years experience as salesman of a cheese factory and knew that if a cheese-maker was competent and honest he could make the patrons more money that was realized by the average patron. In Mr. Weir they had these qualities and it should be their aim to have their factory hold this reputation if they had to pay more for making. The small extra cost was by far exceeded by the returns.

Mr. Cameron, instructor for Lindsay section, was next called on and on rising to speak assured his hearers that Omemee factory was above the average in his section, but not to be content with this but to do better next season, and make an aim to have it the best factory, turning out the best cheese in Ontario. For this purpose the instructors are working, their duty to the patrons being to see that their maker is making the most cheese of the best quality that can be made from their raw material, to help the patron to overcome any defects in the handling of the milk at home.

Mr. Somerville in his address said: Mr. Chairman, Ladies and Gentlemen, I can assure you it is a pleasure to meet the patrons of the Omemee cheese factory. The Peterborough section was noted for their suppers and entertainments at their annual meetings which is a very friendly way to end the season's business. I wish to explain to you that Mr. Publow could not be with you to-night as time would not permit him to remain any longer away from Kingston dairy school, as the class was larger than usual at this time of the year, showing a growing interest in our cheesemakers to take advantage of this valuable institution. I wish the patrons of your factories could all have attended the convention just closed at Peterborough. The dairy industry was not as much importance that the people of Peterborough did not realize that the receipts this season for butter and cheese were only $30,000,000 I wish to make it clear that the farmer of to-day has a larger field for study than any business man in Ontario, and how many farmers to-day could tell how many cows in his herd made him a profit? I have only found one. The Department of Agriculture at Ottawa is taking up the matter of forming testing associations which are to have about 20 farmers weigh their milk and keep a composite sample of same three times a week. They will furnish blank forms, do the testing and return the patron a detailed statement of each cow at the end of the season. I have gathered some figures from cheese factories of the season just closed and will give you a few of same:—

No. 1 herd of 21 cows averaged 5,649 lbs. each; cash returns, $48.33 each.

No. 2 herd, 3,565 lbs. each; cash returns $29.42 each.

No. 3 herd, 2,182 lbs. each; cash returns, $18.88 each.

No. 4 herd, 970 lbs. each; cash returns $8.47 each.

The cost of keeping the average cow is $30 per year which will show you the amount of loss some cows make and the farmer does not have the least idea but they are paying a profit. The brightest boys we have to-day are needed on the farm. The dull chaps are all very well for doctors or school teachers, but will not do for a farmer. We must all co-operate and make this national industry greater as by so doing we add strength to our purpose and country. Care for your cows, milk, milk utensils, milk stands and all connected with the business the best you know how. Cool milk down to lower temperature and make a larger gain by taking less milk to make a pound of cheese. Reduce the average of your own factory half a pound for the season's output of 1,397,000 lbs. of milk that equals difference of 6,047 lbs. of cheese at your average price of 10 1-2c.,—makes $634.93 a nice salary just gone to the whey tank. Think these problems over and see if it does not pay to figure out these important points; 45 per cent. of cuts on cheese this season was due to too much acid, showing milk is delivered over-ripe. Experiments go to show a difference of 4 lbs. of milk to make a lb. of cheese in extreme cases. Have milk stands 100 yards from barn yards and covered to prevent water getting in, as rain water does not make much cheese. Have your milk delivered to factory in clean cans and best possible condition. See that your cheese maker is giving you good service by keeping everything in and around factory in a clean, tidy condition and putting your cheese up in a uniform, tidy appearance. These cheese belong to the patron and you are the man who should guard the name of your cheese. Do not ship green as the buyer will buy them from the hoops so long as he can make any money by the transaction. As your programme is a long one I will not take up any more of your time, but wish you the most prosperous year in 1906 in the history of your business.

Mr. Dillon was also present and gave a short address on diary work, he having had a wide experience in institute work. Mr. Phillip also gave an address on apple growing which was very instructive.

The meeting closed by singing "God Save the King."

SUNLIGHT SOAP

Wash oilcloths and linoleums with warm water and Sunlight Soap, rinse clean and wipe dry. The colors will be preserved and the surface unharmed.

Common soaps fade the colors and injure the surface. Sunlight Soap cleans, freshens and preserves oilcloths and linoleums.

Sunlight Soap washes clothes white without injury to the most delicate fabrics, or to the hands, for it contains nothing that can injure either clothes or hands.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

5c. Buy it and follow directions 5c.

TORONTO CITY TICKET OFFICE

51 King St. East, King Edward Hotel Block

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Dominion Land Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

A Policy In Favour Of "Open Door" Advocated

Duke of Almodovar Opens the Moroccan Conference.

LIKEWISE AMITY AND PEACE

French and German Delegates Vie In Seconding His Remarks—Epitomizes the Reasons For the Conference and the End Professed — The Ambassadors All Foregathered at Algeciras, Spain.

Algeciras, Spain, Jan. 17.—The delegates to the Moroccan conference began assembling shortly before 3 o'clock yesterday afternoon, causing a scene of great animation. The British, French, Spanish, German and American delegations arrived almost simultaneously at the town hall, and the fact that the French and British delegations drove to the conference together was noticed and commented upon.

The conference was opened at 3 o'clock, the Duke of Almodovar, the Spanish Foreign Minister, delivering the speech of welcome. Herr von Radowitz, chief of the German mission, proposed the Duke of Almodovar as president of the conference, and the other countries represented, including the United States, seconded the proposal, with the result that the duke was unanimously elected president.

During the course of his address, the Duke of Almodovar said:

Both For the Open Door.

"The powers have clearly shown that their desire that order, peace and prosperity shall reign throughout Morocco. The Sultan, as well as the foreign Governments, desires this end, which is obtainable by introducing reforms upon the triple principle of the sovereignty of the Sultan, the integrity of his territory and equal commercial treatment, namely, the open door. Mutual respect for our reciprocal interests and a sincere desire to conciliate them must be, according to my view, our rule of conduct at this conference. Our own sentiment, as well as the expectant attitude of the entire world, dictates such a conciliatory solution."

The conference adjourned at 3.55 p. m. until to-day, after deciding to begin the next session with discussing the surveillance of contraband arms, and then take up the question of financial reforms.

When the Duke of Almodovar emphasized the necessity for the independence of Morocco and the open door he was immediately and strongly seconded by the French and German delegates.

Last Acts In Revolution.

San Domingo, Jan. 17—The Port of Monte Cristi, on the north coast, which recently was in the hands of the revolutionists, capitulated to the Government forces yesterday, the latter guaranteeing to protect the lives and property of the rebels. The Dominican gunboat Independencia surrendered after her commander had sought refuge on one of the American warships.

Brackett Votes Alone.

Albany, Jan. 17.—The State Senate yesterday afternoon defeated by a vote of 34 to 1, the 14 Democratic Senators having been excused from voting, Senator Brackett's resolution requesting the resignation of Senator Chauncey M. Depew. Senator Brackett alone supported the resolution.

A WOMAN'S BACK IS THE MAINSPRING OF HER PHYSICAL SYSTEM.

The Slightest Backache, if Neglected, is Liable to Cause Years of Terrible Suffering.

No woman can be strong and healthy unless the kidneys are well, and regular in their action. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to have filtered out of the blood are left in the system.

The female constitution is naturally more subject to kidney disease than a man's; and what is more, a women's work is never done—her whole life is one continuous strain.

How many women have you heard say: "My, how my back aches!" Do you know that backache is one of the first signs of kidney trouble? It is, and should be attended to immediately. Other symptoms are frequent thirst, scanty, thick, cloudy or highly colored urine, burning sensation when urinating, frequent urination, puffing under the eyes, swelling of the feet and ankles, floating specks before the eyes, etc.

These symptoms if not taken in time and cured at once, will cause years of terrible kidney suffering. All these symptoms, and in fact, these diseases may be cured by the use of

DOAN'S KIDNEY PILLS

They act directly on the kidneys, and make them strong and healthy.

Mrs. Mary Galley, Auburn, N.S., writes: "For over four months I was troubled with a lame back and was unable to turn in bed without help. I was induced by a friend to try Doan's Kidney Pills. After using two-thirds of a box my back was as well as ever."

Price 50 cents per box or three boxes for $1.25 at all dealers, or sent direct on receipt of price. The Doan Kidney Pill Co., Toronto, Ont.

Movement To Make Ports Of Canada Free

Transportation Commission Recommends Nationalization.

EXTEND THE INTERCOLONIAL

Commission Recommends Extending Government Railway to Georgian Bay, Which Would Stimulate the Export Trade From Ports of St. John and Halifax—The Late Mr. Bertram's Work.

Ottawa, Jan. 17.—The nationalization of the leading ports of Canada and making them free from all charges, save those for drydocks and elevators, is the most important recommendation in the report of the Transportation Commission which reached the hands of Hon. Charles Hyman a few days ago. The ports to which this applies are: Fort William, Port Arthur, and Mission River on Thunder Bay, Depot Harbor, Midland, Port Colborne, Kingston, Montreal, Quebec, St. John, Halifax, Sydney, Vancouver, Victoria, the Pacific terminus of the Grand Trunk Pacific, and the terminus of the Canadian Northern.

Extend the Intercolonial.

The commission reports in favor of extending the intercolonial to Georgian Bay, which would stimulate the export trade from the ports of St. John and Halifax.

Important improvements are suggested in the harbors of Toronto and Montreal. Many of the former have already been anticipated by the Government and are under way. The improvements in the case of Toronto depend upon ceasing to empty sewage into the bay and the contemplated diversion of the outflow of the Don into Ashbridge's Bay.

Late Mr. Bertram's Work.

The report is a voluminous one, of some 160 pages, in which the experienced hand of the late Mr. John Bertram may be traced. Mr. Robert Reford is the only original member of the commission who signs the report. Mr. Bertram was summoned away by death before he could complete the important work to which he had placed his hand, and Mr. Fry of Quebec resigned some time ago. Associated with Mr. Reford in the preparation of the report were Messrs. J. H. Ashdown and Bell, Secretary, of Winnipeg.

We take your word for it and refund money

IF GIN PILLS FAIL TO CURE

Even after you buy GIN PILLS, your money is yours until you say that GIN PILLS have done you good. Every box of this famous Kidney Cure is sold with a positive guarantee that the pills will give welcome relief from Backache, Swollen Hands and Feet, Burning Urine, constant desire to urinate, and all other kidney and bladder troubles. If you pay 50c for a box of GIN PILLS, and do not honestly believe that they have done you good, and are curing you of kidney or bladder trouble, return the empty box to your druggist and he will refund your money. And because we know that you want to be cured your simple word shall decide.

WALKERTON, Ont., Feb. 28th, 1905.

Adolph Misch, one of my customers, says of Gin pills:—"I have used all the different kinds of kidney pills and tried several doctors, but none of them did me any good. I got a sample box of Gin Pills, and since have used two boxes and am completely cured."

Peter McGarriby says:—"They are the best kidney pill I ever used, and I would recommend anyone to buy them."

C. W. CRYDERMAN, Druggist.

Buy GIN PILLS on our positive and unconditional guarantee of money back if they fail. Send us your name and address, mentioning in what paper you saw this offer, and we will send you a free sample box of these famous pills that cure. Sold by all druggists at 50c a box, or 6 boxes for $2.50

THE MINERS OF COAL

President Mitchell Thinks Workers Should Share in Present Prosperity.

Indianapolis, Jan. 17.—The seventh annual convention of the United Mine Workers of America opened yesterday. Practically all of the 1,200 delegates were on hand when President John Mitchell called the convention to order.

In the hall, besides a number of coal operators, were representatives of several railroads and other coal consuming interests. The report of the credentials committee showed 1,461 local unions represented. The paid-up membership of the union is over 300,000, 41,677 having been gained in the anthracite field.

In his address President Mitchell said: "I recognize the fact that there is little sentiment and no philanthropy in the determination of our general wage agreements; however, it appears to me that inasmuch as we gave relief to our employers by accepting a lower rate of wages at a time when there was little demand for coal, and when prices were falling below a profitable margin, they should reciprocate voluntarily and share with us their present and prospective prosperity.

"And I recommend that the scale committee take these facts into consideration in the formulation of their report."

ENGINEER'S BODY UNDER TRAIN.

C. P. R. Flyer Smashes Into Faller. Tree Near Burnaby, B. C.

Vancouver, B. C., Jan. 17.—The Great Northern Flyer, due here at 10 o'clock Monday night, struck a fallen tree two miles this side of Burnaby Lake, eight miles from here. The engine was smashed to fragments. The tender was thrown about 75 feet ahead on the track. The baggage car piled on top of the engine, and the remaining cars, with the exception of the parlor car, were thrown into the ditch. One or two passengers were bruised. Engineer Jones' body was found under the wreck

Free Traders Made Gain Of Fourteen

Liberals On Tuesday Add That Number to Big Sweep.

LABORITES CAPTURE EIGHT

Former Colonial Secretary Lyttelton Defeated—Two Canadians In the Fight—Baker Holds Finsbury, But Dr. Dawson Is Defeated In East Edinburgh—A Great Scene at Battersea—Parties' Standing.

London, Jan. 17.—(C. A. P.)—An unbroken series of twenty-two gains including the triumph of John Burns and the defeat of Alfred Lyttelton, the former Secretary of the Colonies, is yesterday's contribution to the polls.

Yesterday in the great Liberal and Labor landslide fifty-six seats were decided. At the start of the contest forty-three were held by Conservatives

JOHN BURNS, M. P.

—at the finish only twenty-one remained in the fold. Of the residue fourteen were captured by the Liberals and eight by the Labor party. Liberal seats held for twenty years by the Conservatives by large majorities changed their allegiance. Democratic Labor men displaced knights and aristocrats. Thus the varying sentiments merged into a gain to date of sixty-three to Labor, as against the loss of only one.

As less than half the total seats are yet decided, it seems not improbable that the Liberals will have a majority even over the Labor as well as the Irish.

Wednesday will decide the personal fate of Mr. Chamberlain, but even the most sanguine Liberals would be surprised at his defeat.

One Canadian Wins.

Yesterday's fight was participated in by two Canadians, one being elected and one rejected. Baker holds Finsbury, a seat gained for the Liberals in a bye-

MR. J. ALLEN BAKER, M. P.

election, but the majority has decreased from 768 to 687. In East Edinburgh Dr. Rankine Dawson carried the Unionist forlorn hope against a Liberal majority of 1,291. He advocated tariff reform and pointed to Canada as an example of the success of protection. He was defeated by 4,174.

In striking contrast to the fate of Ministers and ex-Ministers, John Burns, after a hard fight, increased his Battersea majority from 254 to 1,660. Benn, his opponent, was formerly in the lumber business in Canada. The Socialists also worked actively against Burns, alleging he had been faithless to the cause by accepting office.

Great Scene at Battersea.

There was a great scene at Battersea last night after the poll showing John Burns to be elected was announced. Mr. Burns stood on the balcony of the Town Hall on Lavender Hill, where he resides, wildly waving his hat, while fully 20,000 of his supporters were along the hill as wildly cheering. It was a long time before Mr. Burns could get a hearing to announce the figures. Then he exclaimed: "Now, go and tell my wife."

A few minutes afterwards Mr. Burns was escorted, shoulder high, through the Battersea streets by thousands of workmen.

Walter Hume Long, former Chief Secretary for Ireland, who lost his seat for South Bristol Monday, was yesterday elected to the Unionist seat for South Dublin, where the Unionist candidate had withdraw nin his favor.

Then Cherry, Attorney-General for Ireland, like his two colleagues, invaded a Tory constituency and turned a Conservative majority of 1,297 in the Exchange division of Liverpool to a Liberal majority of 221. On the other hand, Alfred Lyttelton was the fourth ex-Minister to be defeated.

Durham For Tariff Reform.

A ray of comfort for tariff reform comes from Durham, where a Conservative free trader faced a Conservative reformer. Tariff reform received 1,313 votes, and free trade 880.

Labor successes were again a notable feature. Of fourteen candidates in thirteen constituencies nine were elected. Of the nine elected eight were not opposed by Liberals. In Dundee, formerly held by two Liberals, the Labor candidate displaced a Liberal. In Middlesborough an Independent Labor candidate was opposed by a Labor-Liberal, and the latter won. In Stockport, electing two members, the Labor candidate headed the poll, with a Liberal second.

Labor candidates, though unopposed by Liberals, were defeated in two divisions of Liverpool. In Dewsbury a Labor representative opposed the old party candidates, but finished last. In Stockton the Labor candidate was also last, but is blamed for the defeating of the Liberal.

Standing of the Parties.

Liberals	131
Conservatives	49
Labor	23

RIGHT NOURISHMENT.

We think of nourishment as food—meats, soups, vegetables, etc., but that's only half. It's not the food alone that counts but the good that we get from food that furnishes nourishment. A pound of steak is of less value to a weak stomach than a crust of bread is to a strong digestion. But weak stomachs can be made strong. Begin by eating less; have regular hours for meals; avoid fancy things and about a half hour after eating take a tablespoonful of Scott's Emulsion. It's a fact of medical history that people have lived on not much else but Scott's Emulsion for a long time—not only lived but gained flesh and recovered their strength and health. From the pure Norwegian cod liver oil to the last drop of glycerine, Scott's Emulsion contains just the strength-giving and health-building elements needed for low vitality, weak digestion and poorly nourished bodies.

Annual Oyster Supper Was Held At All Saint's

Inclement Weather Interfered Considerably With Attendance Otherwise Affair Was a Success — Musical Programme Was Delightful and the Various Numbers Were Well Received by the Audience.

EVENING WAS MOST ENJOYABLE

Although the decidedly inclement weather interfered to a considerable extent with the attendance at the oyster supper and concert under the auspices of the All Saints' Women's Auxiliary last night, no climatic conditions could prevent those present from spending an enjoyable evening. It was unfortunate that the attendance was so small, as the programme was one of a high order of merit, and those who braved the raging blizzard were well repaid for their trouble in coming. Rev. Wm. Major made a most efficient chairman.

The programme opened with a piano solo by Miss Eva Heard, in which was displayed a mastery of technique and brilliancy of touch that brought forth much applause. Mr. J. E. Firth's rich sonorous voice was heard to great advantage in a solo, and his number was well received. Miss Julia Choate rendered a violin solo, "Home, Sweet Home," by Farmer, in her usual artistic manner. Her technique is remarkable for so young a performer, and she has at all times complete control over her difficult instrument. Miss Marion Elliott added considerably to the pleasure of the evening with a vocal solo, "Virginia," which was warmly received. Mr. and Mrs. J. E. Firth were most successful in their duet, the two voices blending effectively. Miss Choate was again heard in a violin solo, after which Mr. Firth rendered "The Veteran's Song," by Adams, in a very spirited manner.

At the conclusion of the musical portion of the programme the audience sat down to a delightful oyster supper. The bivalves were served in the most approved fashion, and needless to say, this feature of the evening was thoroughly appreciated. Among the ladies who assisted in this part of the programme were mesdames Bloss, Blanden, Moldin, Arnsby, Wolstenholme, Hooper and Gilbert.

Mrs. N. E. Bell and Miss Buller played the accompaniments in their usual effective manner.

Officers' Class For 57th Reg.

Was Organized Last Night at the Drill Hall.

An officers' class was organized at the mess rooms of the 57th Regiment last evening. The following were in attendance: Lieuts. T. J. Wallace, J. W. Kelly, W. Langford, E. M. Best, J. Gemmell, M. Comstock, W. R. G. Higgins, W. Fairweather, F. A. Clarke, R. P. Watt.

The class will meet hereafter at 8 p.m., on each Wednesday evening. The following orders were issued last night:

Headquarters,
Peterborough, Jan. 17th.

Orders by Lt.-Colonel J. W. Miller, commanding 57th Regiment, Peterborough Rangers.

All rifles, bayonets, pouches, belts, must be returned to the armouries for examination by the District Inspecting Officer, not later than Tuesday, Jan. 30th, 1906.

By order,
D. WALKER,
Capt. and Adjt.

"THE DAYLIGHT STORE"

OUR

Want-Money Sale

IS NOW ON

The reason for this sale is, that we want to clear out our stock in its season, and this we must do, because up-to-date store-keeping demands it.

The Reduction is Sweeping

We want to convert the remainder of our winter stock into cash. It's good, level-headed business to do so, even though it means a loss to us. Every garment bears the regular price ticket, and also the reduction ticket.

Don't Fail to Take Advantage

of this sale. There's no mistake about our reductions. No juggling with the prices. The reputation of this store precludes that, and insures your satisfaction.

Everything Cut! Cut!! Cut!!!

Just to give you an idea of the exceptional values. Take a look in our north window, and then you'll see samples of two of our lines in suits, prices $4.99 and $11.90. We have equally as good values in every department all through the house. Don't stop to look in your purse—you'll not need much money to participate in this sale.

Come On In!

Mr. H. P. Kennedy Discusses Value Of Competition

In Effecting the Price of Hogs in an Interesting Interview in the Toronto World—That Paper Says That Mr. Kennedy Has Supplied Needed Opposition on the Toronto Market—Has Confidence of Everyone.

HIS BUSINESS HAS REACHED $2,000,000

The Toronto World to-day furnishes an interesting article on the value of competition in affecting the price of hogs, illustrating it by an interview with Mr. H. P. Kennedy. The World says:—

The hog market at Toronto was for years largely in hands of one buyer. At the beginning of last year the scene was changed by the advent of an opposition in the person of H. P. Kennedy, of Peterborough. Mr. Kennedy has for several years conducted one of the largest meat markets in Peterborough. He has an intimate knowledge of the live stock business in all its ramifications, being thoroughly posted not only in the home markets, but also in the export trading. Although only one year in business in Toronto he has gained the entire confidence of all drovers, farmers and shippers with whom he has come into contact during that time. Mr. Kennedy's headquarters have been at the Union Stock Yards, Toronto Junction, where he has operated in all classes of stock, but more particularly hogs, since January, 1905. Within this period his business has reached the enormous total of $2,000,000. Upwards of 150,000 hogs have passed through his hands during the year, one-third of which, or about 50,000, came to the Junction yard, and were purchased by him. Outside of these dealings he has handled between 8,000 and 9,000, cattle, besides several thousand sheep and lambs. The larger portion of the hogs purchased were sent to the Geo. Matthews Packing House, Peterborough; the Lang Packing Co., of Montreal, and the Matthews Co., of Ottawa, but odd shipments were made to the Ingersoll Co., Montreal Packing Co. and the Hamilton Packing Co. His cattle trading was principally completed at the Toronto and Montreal markets. His lambs found a market at Buffalo, at which centre he has also built up a stocker trade connection.

Mr. Kennedy is thoroughly unassuming when discussing his business and although he does not take any credit for having benefited the farmers, facts point strongly to that conclusion. When Mr. Kennedy started buying hogs at the Junction the price was $4.80 per cwt. Within one week the price had advanced 60c. per cwt. to $5.30, and during the year of this competitive buying the price reached $7.30 per cwt., while throughout the entire period prices have seldom been below $6.60. Mr. Kennedy's presence has marked a wonderful change in the Junction hog receipts. In the year 1904 only 1534 hogs came on that market, whereas last year the total ran up to 50,462.

The above information was pleasingly accorded The World by Mr. Kennedy, who, however, was too modest to think that particular credit should be given him for what he had done.

"What do you think of the Junction market?" Mr. Kennedy was asked. "It has an exceedingly bright future," he replied, and warming up to the subject, "I think it will ultimately be the live stock distributing centre of the Dominion."

"How are you on the importation of American hogs?"

"Well that is rather a ticklish proposition. There is evidently a shortage of Canadian hogs, as is shown by the Government statistics, and although importing American hogs might prove a temporary relief, I cannot help thinking that it might prove a permanent injury to the Canadian bacon trade. Now that the privilege has been withdrawn, it is useless to discuss the matter further, and it is now up to the Canadian farmer to see that enough hogs are raised to keep the packing houses going. Had the privilege been revoked a year ago there would have been less shortage than now exists."

"How do you find the feeling among the farmers on the subject?"

"Well, there is certainly a feeling of dissatisfaction over hog prices. They have, however, no ground for complaint with the prices paid in in 1905. The packers are losing money at the present time. At to-day's old country bacon price, hogs bought at $6.60 per cwt. will show a loss of six to eight shillings per cwt."

Speaking with regard to present buying competition, Mr. Kennedy said this was very keen all over the province. He thought that if the large bulk of the hogs were marketed at a common centres such as Toronto, many of the discrepancies that now existed in regard to prices would be overcome and the farmers much better satisfied.

There was not a market day during the past year when Mr. Kennedy was not either on the market himself or represented and in a position to take all the offerings of hogs at the market prices. It was prophesied when he first commenced business at the Junction that his career on that market as a buyer would be very short-lived. The Union Stock Yards Company are certainly to be congratulated in having a man like Mr. Kennedy, who has demonstrated that he is capable of taking care of the trade at this centre, notwithstanding the competition he has been subject to. This is accounted for from the fact that Mr. Kennedy has some of the best outlets in Canada for his purchases.

Lottie Davies, a negress, has just died at Galveston, Texas, at the age of 107. Her husband, James Davies, who survives her, is 115 years old, and they have more than 300 living descendants.

SCRATCHED DAY AND NIGHT

Lady Suffered Tortures with Itching Scalp Humour—One Box Cuticura Ointment and One Cake of Cuticura Soap Cured Her.

WILL NEVER BE WITHOUT CUTICURA

"My scalp was covered with little pimples and I suffered tortures from the itching. I was scratching all day and night, and I could get no rest. I washed my head with hot water and Cuticura Soap and then applied the Cuticura Ointment as a dressing. One box of Cuticura Ointment and one cake of Cuticura Soap cured me. Now my head is entirely clear and my hair is growing splendidly. I have used Cuticura Soap ever since, and shall never be without it. (signed) Ada C. Smith, 309 Grand Street, Jersey City, N. J."

CUTICURA GROWS HAIR

Crusted Scalps Cleansed and Purified by Cuticura Soap,

Assisted by light dressings of Cuticura, the great skin cure. This treatment at once stops falling hair, removes crusts, scales, and dandruff, destroys hair parasites, soothes irritated, itching surfaces, stimulates the hair follicles, loosens the scalp skin, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Complete external and internal treatment for every humour, from pimples to scrofula, from infancy to age, consisting of Cuticura Soap, Ointment, and Pills, may now be had of all chemists. A single set is often sufficient to cure the most distressing cases of torturing, disfiguring, itching, burning, bleeding, scaly, crusted, and pimply skin and scalp humours, eczemas, rashes, irritations, and chafings, with loss of hair, when all else has failed.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, Sole Props.

Send for "How to Cure Every Humour," and "How to Have Beautiful Hair." Mailed Free.

Popular Young Man Is Leaving

Mr. Fred. McGrath Goes to Albany, N.Y., to Reside.

Mr. Fred McGrath, one of Peterborough's most prominent athletes, will leave the city to-morrow morning. Fred, as he is familiarly known, has always taken an active interest in sports and has made for himself many fast friends who will learn with regret of his early departure.

He played hockey on the Peterborough junior team some years ago, where he early received a reputation as a hockeyist. In the two successive years that the T. A. S. won the T.V.L. championship he was a prominent member of that team. He was also on the T.A.S. team last year when that aggregation won the City League championship.

As a lacrosse player he has, for a considerable time, been a reputable player. He commenced lacrosse with teh old Vaticans. He played with the Junior T.A.S. and also in the City League team and was with them when they won the T.V.L. championship and the Hall Cup.

At the Collegiate Institute sports he was a successful competitor for the junior championship and in the succeeding year won the senior championship.

He holds the amateur championship for the County of Peterborough for the 100 yds dash. He also successfully competed for trophies in Toronto and Montreal.

Mr. McGrath has been one of the staunchest members of the T.A.S. ever since it was organized.

He will be greatly missed by a wide circle of friends as he has held a high place in their estimation. He leaves for Albany, N.Y., to-morrow, where he has been successful in obtaining a good position.

No Trace Of Burglars Found

The men who robbed Ald. Hicks' seem to have made good their escape and the police have been unable to get any trace of them. Contrary to the supposition of a large number of people, nothing has been heard of similar occurrences in nearby towns, which leads some to hold to the opinion that the affair was engineered by local parties.

Clydesdale Intelligence

Clydesdale, Jan. 14.—The weather here has been favourable up until about 14th, when we had some sleet and rain followed by a heavy fall of snow for about an hour. There is about a foot and a half of snow and a crust which makes it bad for the lumbermen. Mr. Jos. Trotter has a job taking out timber for the Rathbun Co.

Miss McPherson, of Clydesdale, is now teaching school in Anstruther.

Miss Fletcher is home from Peterborough on a visit. Miss Williams is also visiting her friends of Clydesdale.

The Chandos Council held their first meeting at Caldwell's school house on January 13th.

FOR SNAPS IN TINWARE SEE OUR WINDOW THE BEST STOVE CO.

MUSIC AND DRAMA

When the life of Dora Thorne was presented at the Grand on Monday, January 8, the house was crowded to the doors, and in order to accommodate those who were turned away from the first performance, the management found it necessary to book a return engagement for the same company, and this splendid production was again given last night. Miss Marie Dale, as Dora Thorne, was superb, and received good support from Mr. Gordon Gray, as Lord Earl. Miss Edith Dembey, as Alice Earl, portrayed this character with a naturalness that was really refreshing, and she, and Gordon Gray, as Ronald Earl, created great mirth throughout the performance by their youthful antics. Geo. C. Denton gave a fine presentation of Seyton Thorne, the father of Dora. "Dora Thorne" is a good, wholesome play, one that cannot fail to do considerable good. The whole plot is true to life, the production is well staged, and the cast more than ordinarily capable. There was a good house last night.

• • • •

The coming of the ever funny farce-comedy "Peck's Bad Boy," at the Grand Opera House, will delight every small boy, for there is nothing short of a circus that will make the eyes of the small boy sparkle with delight as quickly as a sight of the flaming posters along the walls announcing that "Peck's Bad Boy" is coming. But not only does the small boy enjoy it, but adults as well, for it carries them back to days of long ago, and for the time they forget all cares and imagine themselves back to the boyhood days. The play is full of bright and sparkling specialties; catchy music, combined with the pranks of the Bad Boy, make it one of the most entertaining of plays.

Two performances will be given here next Saturday, Japuary 20th, with a special matinee for the ladies and children at 2.30; and in the evening at eight.

Watkin Mills' Great English Quintette Party

Under Auspices of the I.O.O.F., at Opera House, Monday Evening, January 22.

"Daily Colonist," Victoria, B.C. Dec. 8th, 1905.

To the English quartette party nothing but unstinted praise can be awarded. Mr. Mills, rendered an interpretation of the part of the Prophet Elijah such as never has been heard in Victoria. His pleading with the people of Israel to trust in God, his scorn of the priests of Baal, were most dramatic. He is a wonderful artist, and after hearing him last evening, it is easy to realize his hold upon English audiences — numbering frequently from twenty to twenty-five thousand people.

One of the best numbers of the evening was Miss Lonsdale's singing of "O Rest in the Lord," which held the audience spellbound. Seldom has anything like it been heard here, and it is much to be regretted that the length and magnitude of the work prevented Miss Lonsdale responding to the very enthusiastic encore she elicited.

At the close of the performance the Lieutenant-Governor congratulated Mr. Gideon Hicks upon the success of the evening and he complimented the soloists personally upon their work.

Tickets, $1.00, 75c, 50c., 35c. Plan opens Thursday at the Opera House.

Britt-Nelson Fight Pictures

With every one of the lightweights seeking a meeting with Battling Nelson or Jimmie Britt, particular interest attaches to the coming of the great motion pictures of their championship contest, held at Colma, Cal., on Sept. 9th last year, when the "native son" met defeat in eighteen rounds of the fastest struggle in the annals of fistiana. The original copyright films will be seen at the Grand opera house on Thursday, Jan. 18th, when one performance will be given. This is the first time these famous pictures will be shown in Peterborough, and in all probability the last, as they will be sent to England, via Halifax inside of two months. Prices have been fixed at 35c., 25c., gallery 15c.

Expectant Mothers

should take "Bu-Ju" during this trying time. The extra strain, weight and undue pressure on the delicate organs often irritate and inflame the kidneys. This not only increases the danger of childbirth, but places the health of the baby in jeopardy.

Bu-Ju

THE GENTLE KIDNEY PILL

keeps the kidneys strong and vigorous—acts as a mild tonic on all the female organs, and prevents constipation.

A "Bu-Ju" pill at bedtime is the best protection against Kidney Trouble during pregnancy.

At all druggists, or direct on receipt of price, 50c per box.

Board Of Works Thinks
THAT MR. BOGUE HAS NOT Completed Contract

In Regard to Fifth Ward Outfall Sewer and His Bondsmen are to be Informed of the Fact—Taylor & Co. Were Paid Balance Due Them—All Petitions for Sidewalks and Sewers Must be in Before April First—Contractor's Time Extended.

The Board of Works Committee of city council, met last night, and wrestled with several minor problems in connection with city affairs.

The claim of Taylor & Company, for $45. the balance of an account for sewer pipes, was the most difficult to settle, and held the attention of the committee for nearly an hour. Fault was found with the way in which Mr. Jas. Bogue is carrying out his sewer contracts in East City.

The members present were Ald. Hicks, chairman, Ald. Adams, Kelly, Johnston, Graham, McIntyre, and Mayor Best.

Pearl Avenue Sewer.

The first business discussed was the construction of a sewer on Pearl avenue. The ratepayers on that street were desirous of making connection at once.

Ald. Adams thought that the work could be done easier at the present time than later in the season, as the ground would not be so full of water. Other members of the Board concurred in this opinion, and after a little further discussion it was moved by Ald. Adams, seconded by Ald. Kelly, that the City Engineer be instructed to proceed with the work of construction of a sewer on Pearl avenue by day labour. — Carried.

Sewer Pipe.

A letter was read from City Engineer Hay in regard to obtaining supplies of sewer pipes.

After a short discussion the matter was left in the hands of the City Engineer, who will communicate with the two Toronto firms in reference to securing a contract for the season's supply.

Must be in Early.

Ald. Johnston thought that some arrangements should be made to have sewer work started early in the year. They should not be left until late in the season, when the contracts could not be finished, as was the case last year. He suggested that all petitions for sewers and sidewalks should be sent in before a certain date.

Ald. Kelly also expressed the same opinion in reference to sewer construction and other improvements.

It was moved by Ald. Johnston, seconded by Ald. Kelly, that the clerk advertise in the local papers that all petitions for sewers and sidewalks should be handed in sufficiently signed before April 1st.—Carried.

A letter was read from the City Engineer stating that Alex. Fitzgerald, who had taken the place of the street commissioner while the latter was engaged in other duties, had worked up until December 15th, but had only been paid up to November 30th.

In this connection it was moved by Ald. Adams, seconded by Ald. McIntyre, that Mr. Fitzgerald be paid in full.—Carried.

Taylor Co.'s Claim Settled.

The claim made by Taylor & Co., for $45.62, for the balance of an account on a contract for sewer pipe for Charlotte street, was next discussed and took nearly an hour to unravel. The committee went into the figures at some length. Mr. Wm. Taylor was present and informed the Board that his firm thought that they should be paid fifty cents per foot for eighteen inch pipe, and 27 cents a foot for 12 inch pipe, delivered on the work, but that $45.62 had been deducted from the account by the City Engineer.

Ald. Adams thought that the council was to secure the pipe at the same price on the work as the verified pipe would cost in Toronto, and that the freight and cost of delivery would thus be saved.

Mr. Taylor said that his firm was willing to accept $32, which was the cost of delivering the pipe, but Ald. Hicks thought if Mr. Taylor's claim was right no compromise should be made.

After much careful consideration of the figures it was discovered that City Engineer Hay had made a mistake in his figures, and that the balance of $45.62 was still due Taylor & Co. It was therefore moved and carried on motion of Ald. Johnston, seconded by Ald. McIntyre, that Taylor & Co. be paid the balance due them.

A communication was read from the Canadian Machione Telephone Co. stating that additional business had made more poles necessary, and asking permission to erect poles on Smith, Benson and other streets. No plans were submitted and the matter was referred to the City Engineer to report on.

Fifth Ward Sewers.

A communication was received from F. Bartlett, inspector of the Fifth Ward sewer, stating that he did not think that he should suffer because the contractor did not go on with the work; and asking that he should be paid even if work was not being done.

This letter paved the way to a discussion of the manner in which Mr. Jas. Bogue has been carrying out his contract for the construction of the outfall sewer in the Fifth Ward.

Ald. Adams said that Mr. Bogue had ignored the contract and everything else. He should have begun the work two months earlier than he did.

City Engineer Hay said that Mr. Bogue had stopped laying sewer pipe on December 22nd, leaving 600 feet to be done. In the meantime, without notifying him, or the inspector, he had proceeded with the laying of the iron pipes at the outlet, and when Inspector Bartlett visited the place yesterday he found the work had already been completed. It was impossible to say whether the work had been done right or not, as it had been carried out without any inspection.

Ald. Hicks said that Mr. Bogue had been drawing away the stone taken from the sewer and had said that the city had nothing to do with that, as it was on Grand Trunk property.

Ald. Adams said that Grand Trunk officials wished to know if Contractor Bogue was going to obstruct the track for ever.

After a little further discussion, in which fault was found with Mr. Bogue's action in connection with his contract, it was moved by Ald. Adams and seconded by Ald. Graham, that the clerk be instructed to notify Mr. Bogue's bondsmen that he has not carried out his contract, and that a copy be sent to Mr. Bogue. — Carried.

Other Business.

Contractors R. Sheehy and J. Robson, applied for extension of time for the completion of sewer work left over from last year. In this connection it was moved by Ald. Adams, seconded by Ald. Johnston, that the time be extended until July 1st, subject to the approval of their bondsmen.—Carried.

A communication was received from Mr. R. E. Wood, acting secretary of the Board of Managers of St. Paul's church asking for a reconsideration of the sewer tax paid by Knox church. The committee thought that the present rate was reasonable enough. On motion of Ald. Adams, seconded by Ald. Johnston, it was decided to take no action.

$25 For Connections.

After some discussion it was moved by Ald. Adams seconded by Ald. Johnston, that a lump sum of $25 be charged for connections to outfall and other sewers, paid by general tax, and not constructed as a local improvement when the property does not pay a frontage tax, this to apply to connections already made. — Carried.

The solicitor will be instructed to prepare a bylaw to this effect.

Aylmer Street Creek.

The Board next discussed the proposed diversion of the Aylmer street creek, along Edinburgh street to Barnardo avenue through 42 inch pipe at a cost of $3400, but no conclusion was arrived at. It is probable however that the creek will run along Edinburgh street and be paid for by general tax.

Season's Cement.

The chairman on motion of Ald. Adams, was authorized to advertise for 4000 barrels of cement for 1906.

Ald. Johnston called the attention of the Board to the fact that the citizens are complaining that no snow ploughing is done on Brown street.

Ald. Graham made a similar report in regard to Waterford street.

Street Commissioner Evans has already looked into the first complaint and will be notified of the second.

The Board then adjourned.

FIT and STYLE

Died In Midst Of the Gayety of Country Dance

Death Call Came With Tragic Swiftness to Mrs. John Guerin —"I Have Got to Quit," She Exclaimed, and Then Fell to the Floor—She Had Been Afflicted With Heart Disease for Four Years—Had Undergone Treatment in New York.

WAS A FAVOURITE WITH EVERYONE

Death's call came with tragic swiftness to Mrs. Anastasie Guerin, wife of Mr. John Guerin, 580 Rogers street, East City, last night. While in the midst of the gayety and enjoyment of a country dance, she suddenly dropped to the floor, dying almost instantly. Mrs. Guerin formed one of a large number of friends who had gathered at the residence of Mr. Jas. O'Connor, in Otonabee, about 1 1-2 miles from the city. Dancing and other amusements were being indulged in and the enjoyment was at its height, when the sudden summons came to Mrs. Guerin. In the midst of a dance Mrs. Guerin said: "I have got to quit," and at once fell to the floor. The startled merry-makers gathered round her and rendered every assistance in their power, but it was useless; she had died instantly. Dr. McNulty was telephoned for, but could, of course, do nothing.

It was a tragic ending to an evening that had been so full of pleasure and gayety, and Mrs. Guerin's death was almost crushing in its suddenness.

The deceased who was twenty-four years of age was a favourite with all whom she had come in contact. She had been afflicted with heart disease for about four years and had undergone treatment in New York by which she had been greatly benefitted.

She is survived by her husband and one child, Myrtle, aged fourr years. Three brothers and four sisters are also left to mourn her death. They are John and Matthew, of Peterborough; Michael, of Hutte, Mont., Mrs. John McMurray, Douro; Mrs. Matthew McMurray, Douro; Mrs. Pat. O'Connel, Peterborough; Mrs. Daniel Coughlin, Peterborough; Mrs. Jas. Tobin, Peterborough; Mrs. Wm. Kopeland, New York, and Miss Nora McCauley, New York. Her father, Mr. Peter McCauley also survives.

Evening Was Very Enjoyable

Grafton & Co.'s Employees Had Delightful Time at Jackson Park.

Grafton & Co.'s employees in a body visited Jackson Park last night and spent the evening in the fascinating pastime of tobogganing. The party was a jolly one and managed to get all the fun possible out of the slide. They were afterwards very pleasantly entertained by Miss M. Fonte, the bookkeeper of the establishment, at her residence, McDonel street. The evening was almost enjoyable one.

Peterborough-Georgian Bay Railway Line

Minister of Railways and Canals Has Fixed January 26th as Date for Consideration of the Plans for the C.P.R. Line to Victoria Harbour—Will Parallel the G.T.R. to Orillia—That Company Objects.

THE DEFENCE OF THE CANADIAN PACIFIC

The 26th inst., has been fixed by the Minister of Railways for the consideration of plans presented by the Canadian Pacific Railway for the proposed line from Peterborough to Victoria Harbour, the new terminal that they intend building on Georgian Bay. The Grand Trunk Railway will have at the same time an opportunity of presenting the reasons why in their judgment the plans in question should not be approved. Mr. Hay's company contends that the C.P.R. location will parallel the existing G.T.R. line through Peterborough and Lindsay to Midland. The C.P.R. admits on its part that the two rights of way will be alongside each other as far east as Orillia, but insists that this cannot be avoided, because the only available route from their new port eastward crosses the narrow neck of land that divides Lake Simcoe from Lake Couchiching. In complaining against the paralelling of its line to Midland, the Grand Trunk points also the the plans of its rival, the Canadian Pacific, in other parts of Ontario, and insists that the federal authorities are not justified in sanctioning the intended arrangements by which the C. P. R. will parallel the G. T. R. from Toronto to Hamilton, and thence around to the Niagara frontier together with other features of Sir. Thomas Shaugnessey's programme of construction in the western part of the Province. — Ottawa Free Press.

C. F. Gildersleeve Died in Kingston

Noted Steamboat Man Passes Away.

Special to The Examiner

Kingston, Jan. 18.—C. F. Gildersleeve, the well-known steamboat man of this city, died this morning at 1 o'clock. He had been ill for two weeks from bladder affection. Mr. Gildersleeve was born here in 1833. He studied law, but later succeeded his father and brother in steamboat activities, the company they originated being the oldest on the continent. His father aided in building the Frontenac, the first steamer on Lake Ontario. Mr. Gildersleeve was from 1894 to 1904 the general manager of the Richelieu and Ontario Navigation Co.

Senator Cox Interested In This Scheme

A Gigantic Woman's Store to be Erected in Montreal.

The Montreal Herald says: At the beginning of May the erection of a mammoth departmental store, which will represent an expenditure of millions of dollars, will be commenced on the Robert Simpson property, at the corner of Peel and St. Catherine streets.

The present lessees, the Hamilton dry goods firm and the Lindsay Music firm, give up possession on the first of that month, when the building will pass into the hands of the John Murphy Company, behind whom are Hon. Senator Cox and the syndicate of Toronto capitalists, who see a promising investment in the establishment of a woman's store on a colossal scale at that promising and desirable corner. The demolition of the existing structures and the rebuilding the one that will take their place will be immediately begun.

As to the kind of building that the Toronto men mean to set up and the scope of the departments which it is intended to establish, the management are at the present time extremely reticent.

They prefer that the definite announcement of the company's plans should come from the directorate. Mr. Wood, the managing director, pays frequent visits to the city, and the plans of the new building are understood to be pretty well settled.

From the fact that the company has paid no less than $400,000 for the site alone, it is inferred that the building and its equipment will be on a gigantic scale.

To Dredge The Fraser River

Mr. M. Smith, president of the Pittsburg Gold Dredging Company, left this morning for Pittsburg, Pa. This company is having a dredge placed on the Fraser River, B. C., for dredging purposes. Mr. Smith is also connected with the Star of the East Company. He expressed his regret at having to leave Peterborough, with such a favourable climate, for the smoky metropolis of Pennsylvania. Mr. Smith will remain in Pittsburg for about a month.

New Order Hits Matthews Co.'s Hull Business

The Action of Government in Prohibiting the Importation of American Hogs Compels the Geo. Matthews Company to Curtail Output of Their Hull Packing House — Canadian Hogs Not Sufficient to Supply the Demand.

FIFTY MEN ARE LAID OFF WORK

The Ottawa Citizen of yesterday contained the following reference to a local pork packing company, with a factory in Hull. The partial closing of the packing house there is one in bond, for export, but this is stop-dhibiting the importation of American hogs. The local packing house will, it is understood, also be affected by the order, though perhaps not to such an extent as that at Hull. The article in The Citizen says:

The George Matthews Company, the big pork packing establishment of Hull, announces that they are compelled to curtail the output of their factory owing to restrictions imposed by the Dominion Government regarding the importation of hogs from the United States. About forty men are thus thrown out of employment.

Owing to the prevalence of hog cholera on the other side, the Department of Agriculture issued a quarantine regulation which has the effect of barring out hogs purchased there. There is a comparative scarcity of Canadian-grown pork, and this fact, together with the restrictions referred to, necessitates operations being curtailed and the staff of employees reduced. Heretofore the firm was allowed to slaughter hogs of the first effects of the order proged, and even on paying duty importation is prohibited.

New Officers Were Installed

Peterboro' Oddfellows Assisted in Ceremony at Lindsay Last Night.

A number of local Oddfellows journeyed to Lindsay last night to attend the installation of Golding Star Encampment No. 22, I.O.O.F., and report a most enjoyable time. The installing officer was D. D. G. P. Wringer, of Hiawatha Encampment, Peterborough, assisted by P. C. P. Emmerson, P. C. P. Matchett, P. C. P. S. Sharpe, P. C. P. Dr. McKercher, of Peterborough; P. C. P. Davidson, of Lindsay, and Patriarchs George Cairns and George Maitland, of Peterborough.

The following officers were duly installed:

J.C.P.C., Geo. Crawford.
C.P.R., F. Thomas.
H.P., John Walton.
S.W., H. Hammond.
J.W., Neil McFaydyn.
Scribe, W. R. Browne.
Treasurer, J. W. Maunder.
First Watch, G. Carley.
Second Watch, C. Jones.
Third Watch, G. Miller.
Fourth Watch, John Bradshaw.
O.S., N. McLean.
O.S., Geo. Symonds.
Guide, Chas. Davidson.

A delightful supper was held afterwards and was thoroughly appreciated by the gathering of the brethren. The usual after-dinner speeches were also greatly enjoyed.

Mrs. Hutchinson, an English resident in Paris, is suing that city for $1,000, the value of jewellery stolen by a servant who had been recommended to her by the municipal registry office.

A Boon to the Bilious

Are you compelled to deny yourself many wholesome foods because you think they make you bilious? Do you know that your condition is more to blame than the foods? Your liver and stomach need attention more than the diet. When you find yourself suffering with a bilious attack, take

BEECHAM'S PILLS

and all annoying symptoms will soon disappear. They settle the stomach, regulate the liver and exercise the bowels. Their good effects are felt immediately.

Beecham's Pills mingle with the contents of the stomach and make easy work of digestion. The nourishing properties of the food are then readily assimilated and the residue carried off without irritating the intestines or clogging the bowels.

Beecham's Pills should be taken whenever there is sick headache, furred tongue, constipation, sallow skin or any symptoms that indicate an inactive liver.

Sold Everywhere. In boxes 25 cents.

A Baker's Triumph

The Mooney Baker cannot produce anything better than

Mooney's Perfection Cream Sodas

The very best of flour, butter and cream—the most modern plant, the very best baker in Canada. A biscuit superior to any other you have ever tasted. Say "Mooney's" to your grocer.

Had Reached the Century Mark

Death of Mrs. Helen Kyle at Age of 100 Years.

Port Hope, Ont., Jan. 16. — The death of Mrs. Helen Kyle, aged 100 years, occurred this morning at the residence of her daughter, Mrs. Jas. Oraick, King street. Deceased until she became ill four months ago was active in both body and mind. She was born in Dysart, Scotland, in 1806. Her father fought under Admiral Duncan at Camperdown, and after the war carried on a shipping business between London and Edinburgh. Mrs. Kyle's maiden name was Helen Buddmar, and during her girlhood she lived in Kirkaldy, and knew Sir Walter Scott, Carlyle and Irving. Her husband, Thomas Kyle, died in 1850. For the past ten years Mrs. Kyle had lived with her daughter here, and had many friends. She leaves two daughters, Mrs. James Oraick, Port Hope; Mrs William Addie, of Sherbrooke; eight grandchildren and three great-grandchildren. The remains will be taken to Sherbrooke for burial.

Beware Of The Fakir

Bogus Cattle Buyer Travelling Through the Province.

The issue of the Farmers' Advocate, of Jan. 10th, gives publicity to the actions of a clever fakir who is travelling to purchase stock, etc., and incidentally borrowing sums of money from the farmers. Under the name of R. H. Reid he went through Elgin County, saying he was a breeder from Bruce County, wanting to buy stock.

A short time ago under the name of Duncan, of Toronto, he visited Harwich, presumably purchasing Jersey cattle. He made a sale, on paper, with W. W. Everitt, but, speaking to The Planet this morning, Mr. Everitt said he promised to send a draft for the amount of the purchase, which had not been shipped. He was not successful in borrowing money, Mr. Everitt said.

The man is described as about 40 years of age, 5 ft. 6 in. in height, 140 lbs. in weight, with dark hair and moustache. He was well dressed in black and wore a stiff hat and prairie wolf overcoat. He spoke with a foreign accent, probably French, and was left-handed.—Chatham Planet.

Louisa Howell In Trouble Again

The Case of Dr. Gray Charged With Not Reporting Death Was Enlarged.

"Drunk!" said Louisa Howell, in apparent disgust, at the police station this morning.

"Do I look like it?"

The above who is very notorious for her many misdemeanours, was arrested last night by P. C. Stewart and the charge of being drunk and disorderly preferred against her. She was creating a big disturbance on George street for a long time last night. Her yelling and drunken conduct was the source of much observation on the part of the frequenters of that thoroughfare.

"I came into town to get out of it," said Mrs. Howell, who was evidently somewhat confused.

As P. C. Stewart made the arrest, and was unable to be present, the case was adjourned until four o'clock this afternoon, when he will give evidence.

J. W. Gray, M.D., was charged with neglecting to report a death that took place on December 18th. The case was enlarged until Wednesday, the 24th of January, as Dr. Gray was ill and not able to appear this morning.

Church Army Immigration Department

A New Enterprise Which the Church of England is Fathering—An Effort to Secure Employment for the Surplus Population of England—The Assistance of the Canadian Clergy Is Asked For—Common Sense Methods Employed.

DEARTH OF EMPLOYMENT IN THE BRITISH ISLES

The Church Army Emigration Department is a new enterprise in connection with the work of the Church of England, and its scheme is outlined in a circular letter sent from England to the Bishop of Toronto, and copies sent to the local clergy. The letter follows:—

My Lord Bishop:

We are desired by our Executive Committee to place before your Lordship a brief outline of an extended emigration scheme, which we earnestly pray may meet with your support and the co-operation of the Clergy throughout your Diocese.

The work of the Church Army, employing as it does plain commonsense methods for the uplifting of humanity, and carrying God's message throughout the United Kingdom, may not be altogether unknown to you. The King and Queen take a deep and practical interest in the Society and we are officially recognised by the Government. Our Patrons are the Archbishops and Bishops, and we have the support of the Clergy and great numbers of the leading laity.

In the course of our work, there is one stern reality which faces us on every hand, the dearth of employment in this country for willing workers, and we feel most keenly that much permanent good, both to the workers themselves and to the great Dominion of Canada, would result from a wise and discreet extension of our emigration system. To this end therefore, we propose to send out during next spring a number of workers, carefully selected, and in most cases tested at our own Farm Colonies and Work Depots, so as to ensure that none shall be sent out but those who are physically and morally fit. The Canadian representatives on this side have welcomed the proposal, and there is some probability that the scheme may be aided by our own Government.

It would be of the greatest possible help if we could look to the Church for aid in fathering and looking after our people on arrival, and our Committee would be most grateful if your Lordship could assure us of the co-operation of yourself and your Clergy. We are anxious to arrange at once for localities where families would be safeguarded and placed out on farm or other work under definite guidance and direction. In anticipation of your approval, we enclose copies of this letter for distribution amongst the Clergy. Any suggestions will be most welcome, and we should be grateful if the Clergy would place themselves in direct communication with us as soon as possible, stating the class of emigrants they could most easily place with God-fearing employers.

We are, my Lord,
Faithfully and obediently yours,
W. CARLILE,
Honourary Chief Secretary.
COLIN F. CAMPBELL,
Honourary Social Secretary.

How Foreign Competition May Be Offset

Mr. Chas. Slater's Advice to Canadian Manufacturers.

"You'll have to advertise. You can get relief from Printer's Ink."—Hon. W. S. Fielding, at Fredericton, N.B., January 4, 1906. "This Canadian complaint that our Yankee Shoe Men advertise too extensively sounds a bit babyish. Supposing they try advertising themselves. It will probably open their eyes."—Boston Herald editorial, December 28.

These two authorities present in a nutshell the method by which the manufacturers of Canada can keep the markets of Canada for Canadians. Mr. Fielding's observation was in reply to a shoe manufacturer who appeared before the Tariff Commission at Fredericton to ask for an increase in the duties on American shoes, and The Boston Herald commented next day upon the apt prescription of the Minister of Finance.

The whole discussion arose through the pronounced expression of Mr. Charles Slater, of the Slater Shoe Company, who emphatically asserts that the tariff on American shoes is amply sufficient to protect the Canadian shoe manufacturer.

In an interview Mr. Slater states: "I contend that we are making shoes in Canada to-day which are better value than the American shoe, and in figures submitted to the Government I have proven my contention. If we had a reasonable reduction in the duties on raw material, we could beat the American manufacturer in the foreign export markets. If our American brethren would agree to give us free access to their markets in return for a like concession on our part, I know that we could command the home market and compete with them in theirs. We have the labour—in fact, the best workmen in the shoe factories of Massachusetts are Canadian born.

"There is a duty against us of 25 per cent., and that also is the present Canadian tariff. Thus, on an American shoe selling in Canada at $6 the duty paid is over $1, and that shoe is no better than the $5 Canadian made shoe. I am content with the present tariff on the finished shoe, and our advertising is evidence of our belief."

For 33 Years

Shiloh's Consumption Cure, the Lung Tonic, has been before the public, and this, together with the fact that its sales have steadily increased year by year, is the best proof of the merit of

Shiloh

as a cure for Coughs, Colds, and all diseases of the lungs and air passages. Those who have used Shiloh would not be without it. Those who have never used it should know that every bottle is sold with a positive guarantee that, if it doesn't cure you, the dealer will refund what you paid for it. Shiloh

Has Cured

thousands of the most obstinate cases of Coughs, Colds and Lung trouble. Let it cure you.

"Last winter I coughed for three months and thought I was going into Consumption. I took all sorts of medicines, but nothing did me any good until I used Shiloh Consumption Cure. Four bottles cured me. This winter I had a very bad cold, was not able to speak, my husband drove me on the ride and back. The bottle of Shiloh cured me and well again. I have given it to several others and every one of them have been cured.—D. Leach, St. Hyacinthe, Que."

Fire Chief's Letter to Radial Railway Co.

Mr. Rutherford Says That Company in Repealing Privileges Granted to Brigade Has Not Lived up to Agreement—Fire Laddies Will Neither Ask nor Expect Any Favours in Future.

BRIGADE DOES NOT WANT FREE TICKETS

A few days ago the members of the Peterborough Fire Brigade were notified through Chief Rutherford that the Radial Railway Company would refuse to carry them free of charge except when in full uniform or when on the way to a fire. Formerly the fire-laddies had free transportation at all times and they do not relish the change. The following copy of a letter sent to the Peterborough Radial Railway Company has been handed to the Peterborough press for publication:—

To Mr. J. H. Larmonth, managing director Peterborough Radial Railway:

Dear Sir,—I beg to acknowledge receip tof your communication of the 6th inst., in which you refuse to carry members of the Peterborough Fire Brigade, on your cars, free, except, when in uniform or, on production of certain dead head tickets you so generously (?) supply; and then only when, by interpretation of such conductor as they may meet on the cars, the men are on their way to a fire.

Your letter seems to me to indicate a remarkably short memory on your part relative to the agreement you and I made shortly after your road began operations.

The understanding, then established, was that if the firemen would procure a distinguishing button, and wear the same, said button would entitle any fireman wearing it, to free transportation at all times. The members of my brigade, at considerable expense, relying on the creditability of your word, procured these buttons.

Your ingenuous remarks, over the matter of allowing "Firemen in full uniform to ride free," is beneath not only contempt but discussion. You, as are all our fellow citizens, are perfectly well aware that our local firemen do not wear uniforms, either on or off duty.

The Peterborough Fire Brigade differ somewhat from the Peterborough Radial Railway Company. We did not get a franchise worth easily $100,000, and a bonus of $10,000 to start with. The brigade, however has, practically for nothing, during the past 25 years, been at the services of this city, night or day, for the benefit of the city, and not looking for heavy dividends annually.

As regards the 150 dead-head tickets you send the firemen, when breaking your agreement with me, I, with full authority of the whole brigade, most respectfully beg to return them herewith. The firemen of this city have not yet got down to ask charity of you or your company.

As far as your remarks acknowledging that all other street railways carry firemen in uniform free; when you use the well-known fact of Peterborough's volunteer firemen not wearing regulation uniform and thereby deny them privileges given everywhere else, your generosity is very thin; it was your own suggestion regarding members of the brigade wearing the buttons we bought; you even gave me a sample, and told me where to write for them. In the face of this your conduct, or possibly that of your superiors is questionable, after my men, on your advise, spent as much on buttons, for identification purposes, as would pay for several years tickets for the men. From the date of this writing, we shall neither ask nor expect any favours from your company.

T. RUTHERFORD, Chief.
J. R. METHERAL, Assist. Chief.

The letter of Mr. Larmonth to which the above is a reply, is as follows:—

Peterborough, Jan. 6, 1906.

Thos. Rutherford, Esq.,
Chief Fire Brigade:

Dear Sir,—When we allowed members of the fire brigade the privilege of riding free on our street cars, we did so, with the idea of assisting them and affording a means of quickly reaching a fire, if they happened to be away from the centre of the city, and thus enable them to reach the hose wagon or other apparatus which is drawn up a fire. It is not our intention that all the men should ride at all times of the day, when going to their regular business; therefore, we feel it necessary to make a change in the method of carrying passengers of this class. We want to do all we possibly can to assist the members of the brigade in reaching a fire, but we feel that we cannot continue the old arrangements. In other cities firemen in "full uniform" travel free, but as the Peterborough brigade is different, and do not appear in uniform, we will have to go on a different basis.

After considering this matter carefully we have come to the conclusion that the best way to handle this is to supply sufficient tickets to the brigade to enable them to use the cars every time a fire alarm is sent in. When a permanent brigade is established we shall be pleased to carry firemen in the same way as they do in other places, but in the meantime it will be necessary for all firemen to put a fare in the box every time they ride.

We enclose with this 150 tickets for distribution among the men, and would ask you to kindly let us know when they have all been used so that we may send you a fresh supply.

This arrangement will be put into force on Monday, January 29th, after which date our conductors will have instructions to collect a fare from everybody.

Trusting this will be satisfactory, we remain,

Yours truly,
The Peterborough Radial Ry. Co.
J. H. Larmonth, Manager.

Canada Flakes in Lively Demand

Notwithstanding that the winter season is regarded by some as less active for the consumption of the prepared cereals, our own Canada Flakes, is in lively demand just now. Large shipments are being made at this date from the warehouses, and the works are kept quite busy rolling out the flakes. The new gas ovens for the perfection of the toasting process marks a new era in the success destined to be achieved by this daintiest, crispest Canadian cereal.

The Otonabee Council Meeting

Officers for the Year Appointed at First Meeting.

Special to The Examiner.

Keene, Jan. 16.—The newly-elected Council for Otonabee met on Jan. 8, 1906, as per statutory enactment.

The following officers were appointed:

Auditors, John J. Moore and J. C. Hope.
Collector, W. Drummond.
Assessor, Walter Dickson.
C. Howson, a member of Board of Health for three years.
Sanitary Inspectors, John Dinsdale and Wm. McCutlister.
Medical Health Officer, Dr. McWilliams.
Caretaker of Hall, D. H. Moore.

A. Shearen and Wm. Drummond were awarded the contract for making cement culverts at 30c for 12-inch, 35c for 18-inch, and 55c for 24-inch.

The following persons were granted the following sums monthly: John Doris, $5, Miss Sinclair $3 for rent for her house, Mrs. Mollermott, $5, Mrs. Geo. Carey $4, Wm. Bateman $3, the Cobourg Home $3 for S. Metcalf, the Peterborough Protestant Home $5, for Mr. J. Armstrong. Mrs. Geo. Carey was granted what wood was left over at the Douglas House.

D. Wallace applied for a grant for wire fence in road allowance. Councillors Howson and Cameron were appointed to investigate and report.

The following bylaws were passed: One to set aside the percentage on the unpaid 1905 taxes, but in the future the percentage to be enforced; one to confirm certain payments made by the treasurer; one appointing certain officers, and the three readings and final passing of the bylaw to prohibit the sale of liquors.

The following communications were received from the Hospital for Sick Children, Toronto, asking aid, no action was taken. From E. F. Mason for deputation to Ottawa re Trent Canal; no action taken.

On account of increased work in connection with offices of clerk and treasurer, the clerk and treasurer asked for increase in salary; granted $35 increase.

The following accounts were passed: Express and cartage, on statement of accounts, 35c; N. Doris, drawing gravel for culverts, $6.50; Jas. Duffus, $6 for clearing away fence, cutting and clearing away brush on west side of road opposite his place; J. M. Drummond, five months' interest on $450, advanced for Beaver Mead drain, balance of account, $16; R. English, coal oil, etc., $3.98; Anderson and Skinner, $1.69 for gravel; John Webster $8; H. Hunter, $4.50; John Harrison, $3.15; D. McCarthy, 16c; Thos. Eason $2; R. Evans 35c; Edgar Wood $24.57 for cedar; A. Evans $4.48, W. Wedlock, $13.87; Donnistoun, Peck & Kerr, for legal advice, $21.

The clerk certified to the Council that the local option bylaw was carried by a majority of 196.

Council adjourned to third Monday in February.

A TWO-FOR-ONE-SHOT.

When you use Ozone use "Celery King" with it. Whatever kind of Ozone you buy you will need to use "Celery King" which is a companion remedy to Ozone.

The purest form of Ozone is "Solution of Ozone (the coupon kind.)" Each bottle contains about twice as much for your money as other brands, besides which each bottle contains a coupon entitling you to a package of 'Celery King' free. This is a great advantage as you save money on the Ozone and also get the "Celery King" which you would otherwise have to buy.

No other brand of Ozone contains these coupons. 'Solution of Ozone (the coupon kind)' is fifty cents and one dollar at your drug store including the coupon for the package of "Celery King." Take no other kind and if your druggist does not carry it write to the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE. 11

Mr. Brown Is Not To Blame

Mr. Jas. Brown, the market clerk, says that he is in no way responsible for the alleged "disgraceful" condition of the market building. The water in the lavatory freezes, he claims, and makes sewage connection impossible. An article appeared in these columns a few days ago to the effect that the sanitary inspector was investigating the matter, and this is published to exonerate Mr. Brown.

HELL A CERTAINTY.

Forever and Forever Is the Ceaseless Wail From That Nether Sea of Fire, Says Dr. Torrey.

Toronto, Jan. 15.—Dr. Torrey preached the Gospel of an unmitigable and eternal hell of flaming fire for those who reject Christ during this life, to an audience that packed Massey Hall last night.

"Anyone who dares to hold out one ray of hope to the men who die impenitent, dares to do what the Word of God does not do," he said. "The future destiny of the wicked is hopeless. There is not one ray of hope for those who die without Christ."

To accept Christ is to believe in Him in the heart, and to make a public profession, as in Dr. Torrey's formula, "I accept Jesus as my Saviour, my Lord and my King."

There was an absolute certainty of hell, because Jesus said so; it was described in Scripture, and our experience, our observation and common sense affirmed it, declared Dr. Torrey. It was a place of intense bodily suffering, torturing memories and remorse.

People Grow Worse in Hell.

"In that dark world it will not take long for man or woman to sink to the level of the lowest," he declared.

"Hell is without hope. Forever and ever is the ceaseless wail from that restless sea of fire. Would to God those who think otherwise could succeed in proving it! If they could only bring one text which, taken in connection with its context, would do so, I'd be the gladdest man alive. I am familiar with every passage used for this purpose," said Dr. Torrey, "and they won't bear the interpretation put upon them."

Only One Way of Escape.

"There is only one way to escape hell: By accepting Christ as your Lord and Master, and by living each day to please Him." Dr. Torrey then appealed to penitents to stand up. Like an express train he heard the far distant rumble and thunder of the wrath of God as it came rushing on.

"Get off the track! Take Christ! Take Him to-night!"

DID HE KILL "COUNTESS."

Her Son Committed to Prison to Await Investigation Into Cause.

Philadelphia, Pa., Jan. 16.—John McMurrow, son of Anita McMurrow, known as the Countess Le Bettancourt, was yesterday committed to prison to await the coroner's inquest into the death of his mother. Mrs. McMurrow died suddenly Tuesday, and the police say that a short time previous to her death she had quarrelled with her son. McMurrow declared he was in no manner responsible for his mother's death.

Mrs. Anita DeB McMurrow was 75 years old, and was once famous because of her claim to ownership of vast estates in Spain and Cuba of the value of $32,000,000. At one of her functions in 1876 were President Grant, Dom Pedro of Brazil, and Senorf Barea, Spanish Minister to the United States. Senor Barea was a frequent visitor after that, and one night the countess induced him to let her have for a day the $20,000 that had been sent him for legation expenses. She did not repay the sum, and with disgrace staring him in the face, the Minister shot himself in the Fifth avenue Hotel, New York.

Died Aged 111 Years.

Peterboro, Jan. 18.—Early yesterday morning Ann Sara Badge, wife of William Badge, died in this city at the age of 111 years. The deceased is a native of Biddeford, Eng., but has lived in this section with her husband for many years. Mr. Badge is still living, and is over 90 years of age.

Municipal Railway Service.

Brandon, Man., Jan. 18.—Mayor Fleming has inaugurated a movement to have a municipal street railway service constructed here, and his project meets with general hearty approval.

BE READY FOR GROUP

AND INSIST ON HAVING THE TIME TESTED MEDICINES.

It is not a question of whether you will need a treatment for coughs, colds and croup in your homes, but the question is will you select the most effective medicine or simply be satisfied to take whatever proprietary druggist happens to hand out to you? Time and experience have proven that you can depend on Dr. Chase's Syrup of Linseed and Turpentine at all times.

It is only necessary to remember this when the critical time comes and to insist on getting what you ask for.

Should you have children that are subject to croup you had better keep a bottle of Dr. Chase's Syrup of Linseed and Turpentine in the house for when the choking spasm comes on there is little time to send for doctor or medicine.

It seems scarcely necessary to dwell on the merits of Dr. Chase's Syrup of Linseed and Turpentine as a cure for croup, bronchitis, whooping cough, etc. Most of us have known it from childhood up. It is almost as familiar as Dr. Chase's Receipt Book.

Mr. G. N. Morrison, 34 Fuller street, Toronto, Ont., writes:

"Gentlemen, — If it should be of satisfaction to you to know (as it certainly has been to me in the past) permit me to say that I have used Dr. Chase's Syrup of Linseed and Turpentine in my family for years, and have found it from experience to be the best cough medicine. I suppose that I have used eight bottles this past winter; my children will have nothing else, and the best of results invariably ensue. I have also recommended it strongly. If this unsolicited testimonial be of any service to you the pleasure is mine in transmitting it."

Being pleasant to the taste, it is readily taken by the children. Because it brings quick relief to the suffering from asthma, bronchitis, whooping cough, and all the more serious disease of the throat and lungs, it is invaluable as a household medicine. 25 cents a bottle at all dealers.

There is a Treat in Store for You
IF YOU HAVE NOT TASTED
"SALADA"
Ceylon Green Tea, because it is infinitely superior to the finest Japan Tea.

For Sale at W. B. WARNE'S Medicine Store, 345 George St
Free Sample given on application. Price of Flesh Food, per box, 45c.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; no matter in what way nor is it a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, blotches of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, broken stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to test. Beware of "old fogy" treatment—beware of mineral poisons—beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. CURES GUARANTEED OR NO PAY. 25 Years in Detroit. 250,000 Cured.

Consultation Free. Question Blank for Home Treatment and Books Free.

WHAT IS EXTRAVAGANT EXPENDITURE?

At the annual meeting of the North Wellington Reform Association on Tuesday, Mr. Thomas Martin, M.P., in the course of his address said that Canada was going at too fast a pace with an annual expenditure of 81 millions a year. He said that he had, with others, protested to Hon. W. S. Fielding, Finance Minister, and the answer received shows the nature of the problem which confronts our rulers. Mr. Fielding's reply to the suggestion for retrenchment was comprised in the question:—"Are you prepared to get up in the House and try to stop the development of this country?" Only one answer can be given to this question. Financiers like Mr. Byron E. Walker may hang out the storm signal and counsel, caution and warn against taking too rapid a financial pace, but in regard to the development of our country there seems to be no warrant for hindering its progress even if it takes a good deal of money, especially if we have the money and its expenditure is necessary in the country's interest. Canada has just been discovered, that is in connection with a wider and more vivid recognition of her resources and possibilities. To make these resources available and to realize our possibilities, material means must be provided represented by railways and canals. The paths of commerce must be made straight, harbours must be improved and scores of public improvements must be made and public facilities provided if the country progresses as it can be made to progress. We must people our vacant acres and provide means of transportation for the teeming fruits of the soil thus possessed. To do all this requires money and money thus used is not so much expenditure as investment—investment that will yield returns of inestimable magnitude, and be instrumental in bringing accomplishments of an importance beyond computation. We are certainly "going the pace" in the expenditure of public money; but, who that looks to the future, who that regards the absolute necessity of spending money liberally, and even lavishly, who that takes pride in his country, who that desires his country to take the place among the nations of the world which manifest destiny indicates, will cry halt? Of course, there should be a reasonable limit to national expenditures, but if we have the money, the need is so great that the temptation to use it is equally great. We have the money now; prosperity was never so great as at present, and the national revenues were never so buoyant. We have been spending largely the past few years, and, it would appear, wisely. If we can spend money for proper public purposes without adding seriously to the public debt, the expenditure, in view of the conditons, is justifiable. Since the Liberal Government came into power, nearly ten years ago, the net increase of the the public debt has been only about five millions of dollars, or half a million a year. Under the former Government the increase of the public debt was about three millions per year, so that if the same rate of increase had obtained under the Liberal Government for the ten years past, the addition to the public debt would have been thirty millions instead of five millions of dollars. The contrast becomes greater when it is remembered that the national revenue has been year by year about three times greater during the past ten years than during the preceding ten years, so that extravagant expenditure is only a relative term. The farmer who spends one hundred dollars for necessary and productive improvements and facilities is wise and economical compared with another farmer who devotes ten dollars to unnecessary and unproductive expenditure. The government that spends millions to build up the country is wiser than if it spent thousands unprofitably. The millions we have spent in acquiring the North-west, in developing its resources, and providing railway communication, will be entirely recouped by two or three harvests like that of last year, which yields a cash return of seventy-five millions — almost equal to the total revenue of Canada for a year. Expenditures giving such development results — which are but a beginning—and representing no small proportion of our immense annual expenditure, seem to be defensible.

EDITORIAL NOTES.

Leader Balfour, of Britain and Leader Borden, of Canada, can shake "hands across the seas." Both went down in a general election contest.

Canadians have had good luck in the British elections. Several have been elected, amongst them that grand old man, Edward Blake, who was returned yesterday for Longford, Ireland, by acclamation.

The British electors when they change opinion go into it with great thoroughness. Leader Balfour's defeat was followed by the slaughter of Mr. Lyttleton, Mr. Chamberlain's successor as Colonial Secretary.

The Toronto Argonauts are applying to the Ontario Government for a grant to help defray expenses of an eight blade crew for Henley. It would be a pleasure to have a Canadian crew win at Henley, but would not such a grant set up a dangerous precedent? But, why not? If the Government gives Toronto $250,000 to help build an hospital, the modest requirements of the Argonauts has warrant.

Eczema for Twenty Years.

"I was troubled with eczema for twenty years and was treated by three doctors to no avail. Dr. Chase's Ointment has cured me completely and I have not had the slightest return of this disease." — John Pratt, Blyth, Huron Co., Ont.

Peterborough May Be Made The Paying Point

In Case the C.P.R. Decides to Make it the Divisional Point for the New Line—Evidence of the Importance of This Line is Illuminating—Sir Thos. Shaughnessy's Plans to Make it the Great Grain Route.

WILL MEAN MUCH FOR PETERBOROUGH

Evidence which points to the importance of the new C. P. R. line from this city to Victoria Harbour is rapidly accumulating, and it seems to be a certainty that the company will make it the main route to the Georgian Bay, and if, as is stated, it is the intention to make this city the deflecting point, it will mean that it will be made an important railway point. A despatch from Ottawa to-day says:—

"Sir Thomas Shaughnessy, in his evidence before the Transportation Committee some months ago, forecasted the extension of the C.P.R. to Victoria Harbour. He pointed out the difficulty of hauling heavy train loads from Owen Sound, owing to the grades, and suggested that perhaps in the vicinity of Midland they might find a .04 grade which would enable them to haul 40,000 bushels of wheat to a train. It is the long train loads which make wheat-carrying on the New York Central profitable, for double tracks and easy grades permit the duplication of the ordinary hauling capacity. The C. P.R. will, of course, erect their own elevators and construct their own wharves at Victoria Harbour. To facilitate its use as a grain point, the Government will dredge a channel capable of accommodating grain-carriers of the greatest draught on the lakes."

The Examiner also understands today that if the C.P.R. places the divisional point here, which it will in all probability do, the paying will be done from this city, and it will mean a largely increased business for the Bank of Montreal, which handles the C.P.R. business.

Celebration Of Accession

On Sunday at St. Luke's church, a special patriotic service will be held, commemorative of the accession of King Edward VII to the throne of Great Britain, and the Dominions beyond the Seas. There will be special psalms and special lessons, and the forms of prayer with Thanksgiving as provided for in the Prayer Book. The sermon will be on "The Secret of Great Britain's Strength," and will be preached by the rector. The hymns will be of a patriotic character, and the service will also include the National Anthem.

VACINATION AND DANDRUFF

There is as Sure Prevention of Baldness as There is of Smallpox.

It is now accepted that vaccination renders the vaccinated person exempt from smallpox; or at worst, he never has anything but the lightest kind of a case. Now as sure a preventive and cure for dandruff, which causes falling hair and baldness, has been discovered—Newbro's Herpicide. It kills the dandruff germ. C. H. Reed, Victor, Idaho, says: "Myself and wife have been troubled with dandruff and falling hair for several years. We tried remedies without effect until we used Newbro's Herpicide, two bottles of which cured us." Hundreds of similar testimonials. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Richard Hall & Son

A Brother of D. H. Burritt Was Honoured

Mr. J. H. Burritt, K.C., the Guest at an Interesting Masonic Function--A Gathering of Past Masters of That Order—Ottawa Masons Join in Showing Honour to Grand Master Burritt—Congratulatory Speeches

A RE-UNION OF THE PAST MASTERS

The Ottawa Journal yesterday had a reference to a banquet which was tendered to Mr. Jas. H. Burritt, K.C., a brother of Mr. D. H. Burritt, of this city. The Journal says:

An event which will linger long in the memory of Masons took place last evening, when a complimentary reception and banquet was tendered Grand Master James H. Burritt, K. C., of Pembroke, by the Lodge of Fidelity in the Masonic Hall. The occasion was also marked by being a Past Masters' reunion—the different chairs of the lodge being occupied by Past Masters of the lodge.

After the regular lodge work had been concluded, an adjournment was made to Harmony Hall, where a sumptuous repast was served, after which there was a programme of toasts and song.

Stirring speeches peculiar to the craft were given by the Grand Master, the District Deputy Grand Master, A. S. Gorrell, M.D., Fred. Cook, Hon. T. B. Flint and Lieut.-Col. A. A. Stevenson.

Songs were contributed by Bros. E. L. Horwood, Geo. Kydd, A. Masson, Hoodspith, and Bro. Harry Sproule gave a recitation.

To the committee, of which V. W. Bro. H. W. Wilson was chairman, and W. Bro. Halliday secretary, W. Bro. J. G. Scott, the Master of Fidelity Lodge, and the officers and members, are to be congratulated on the success of this auspicious event.

Marmalade Oranges.

South Monaghan Will Hold Fair

The Agricultural Society Was Re-organized and Officers Elected.

South Monaghan, Jan. 16.—A meeting was held at Centreville on January 10 for the purpose of re-organizing the South Monaghan Agricultural Society. A large number were present, and took quite an interest in the meeting. It is to be hoped the farmers in the vicinity will take an interest in the society and help the officers all they can to make the show a success. South Monaghan had, at one time, a good show, but of late years it has been given to the Province, therefore the people of the vicinity lost interest in it.

The following officers were elected:

President, Mr. Wm. Rutherford.
Vice-President, Mr. Jas. Jackson, sr.
Directors—Messrs. J. W. Hall, D. N. Dodds, Andrew Huggins, W. T. A. Deyell, J. White, M. Willan, H. Harnard, Thompson Huggins, T. Eakins.
Treasurer, Mr. Jos. Clark.
Secretary, Mr. Thos. J. Nimmo.

Old Resident of Douro Dead

Michael O'Brien Passed Away Last Night After Long Illness.

An old and respected resident of Douro township passed away last night at seven o'clock in the person of Mr. Michael O'Brien. Death occurred at the residence of his sister, Mrs. D. Quinlan, Dickson street, East City. The deceased, who was 52 years of age, lived nearly all his life in Douro, coming to Peterborough about four months ago after the death of his wife. He had been ill for a long time with heart disease and his death was not unexpected. He enjoyed the respect and esteem of all who knew him.

He is survived by two sisters and two brothers. They are Mrs. Quinlan, East City, Mrs. Thos. Simpson, Lakefield; Daniel O'Brien, Douro; and John O'Brien of Alberta.

The funeral will take place on Friday morning at eight o'clock from the residence of his sister, Mrs. P. Quinlan, Dickson street, to St. Joseph's cemetery, Douro. Requiem high mass will be sung by Rev Father Keilty.

W. H. Hamilton To His Patrons

The customers of Mr. W. H. Hamilton, of the Metropolitan Grocery, Simcoe street, are being presented with the firm's New Year's greetings, accompanied by a very handsomely designed souvenir wall card. The unique design is in the form of a floral honeycomb basket, filled with violets, and as a wall ornament produces a very pleasing effect. Part of the well worded greetings, which appears on the large envelope enclosure of the wall card is here reproduced:

"We thank you for the patronage bestowed on us in the past, and hope for a continuance of your esteemed favours.

"No matter how careful a business man may be in dealing with the public, differences are likely to occur. In our case we hope they are few. Our constant aim is to supply you with the best goods at the very closest prices.

"Every article that leaves this store is guaranteed as represented."

Lively Runaway Last Evening

Last night about six o'clock, a chestnut horse belonging to Mr. Wm. Buller, carter, made a spirited dash for liberty from the Grand Trunk station.

The cause was very singular and probably not a similar one has been recorded here previously. Some tapioca had been thrown into a stove in a cellar near the station, which exploded with the result that the unaccustomed report was not considered musical by the equine steed.

No damage, however, was done, and the animal was soon captured.

The Hatchet And Chisel Are G.T.R. Property

The Tools Used at the Hicks Robbery Identified by G. T. R. Section Foreman—They Were Stolen Sometime After Saturday at 4 O'clock—Interesting Information Which is Not Officially Corroborated—Robbers Said to Have Been Seen.

IS ANY LIGHT NOW THROWN ON ROBBERY?

The hatchet and cold chisel, which which were found at the office of Mr. Robert Hicks, after the recent daring burglary, and which have been at the police station ever since the robbery, were identified last night by Mr. J. B. Naylor, the local section foreman of the G.T.R. Belleville line. The tools which were left at the section tool house, Downer's Corners, on Saturday at four o'clock in the afternoon, were missing when the section men went back at four o'clock on Monday morning, and had therefore been stolen between Saturday and Monday.

The Examiner was given still further information concerning the disappearance of the hatchet and chisel, and also in connection with the men who are supposed to have stolen them and committed the robbery.

The following was learned from an apparently reliable source, but the Chief says that in his opinion there is absolutely nothing to corroborate the account given below.

On Friday night another section house, with a stove in it, about four miles east of the tool house at Downer's Corners, a place where the section men get their dinner, was broken into, and some little cans, such as tramps use for boiling tea, etc., were left behind. No damage was done, it is reported, to the interior of the house, and its contents were not disturbed. On Friday morning when the section men were going to work they saw two men coming up the track, but they disappeared from view, before the section men were close enough to them to identify them. The same men were again seen on Saturday morning, but they left the track this time also before the section men were close enough to obtain a view of them distinct enough to be able to identify them again. They were only seen on these two mornings by the section men, and nobody else in the district seems to have any information whatever to divulge concerning them.

Circumstances seem to point to the fact that the burglars were not local characters.

More Light Upon Prince's Visit

Mr. Wason's Revival Has Jogged Many Memories.

The reference of Mr. Jas. Wason to the visit of the Prince of Wales, printed in The Examiner recently, seems to have jogged many memories. First we have Mr. Geo. Cochrane supplying more links to the chain, and yesterday Mr. Harry Winch and Mr. Charles Stapleton collaborated to supply further details. They state that there was no lumber yard near the George street lumber arch, but that the lumber was drawn from the mills of Campbell & Hughson and Hilliard & Snyder by their teams. The taxidermic zoological garden on the top of the arch was supplied by the late Capt. Wallis. Four white horses were used to draw the Prince and the Duke of Newcastle and his suite, respectively. For the Prince's carriage the pair was supplied by Campbell & Hughson (a little racer) and Mr. Charles Stapleton; for the second carriage by Louis McGregor, (Wild Deer), and Henry Heintz. The carriage for the Prince was purchased by Mr. Stapleton, from Dixon, of Toronto, for the specific purpose and sold to Mr. Louis McGregor, who at that time kept a livery stable, about on the site of the G. N. W. Telegraph office, George street. The Prince's carriage team was driven by Mr. James Welsh, who, on account of his stalwart proportions and formidable appearance in his place of prominence, divided popular attention with the royal visitor.

Installation Of Officers

Of Lady Circle, W.O.W., Took Place Last Night.

The installation of officers of Lady Circle, No. 12, Camp Firwood, W. O. W., took place last night, at the C.O.F. Hall, George street. The occasion was honoured by the presence of organizer Cameron of Lindsay, who will be here for a few days in the interests of the work.

After the installation refreshments were served and a delightful social evening indulged in.

The following officers were installed:

M. Brooks.....P.C.C.
M. Gibbs.....P.C.A.
A. Hickey.....Ad. Lieut
I. Wright.....Banker
L. Tooley.....Clerk
J. Armour.....Escort
M. Nelson.....Inner Sentinel
E. J. Wilson.....Outer Sentinel

Managers' — E. Rowe, E. Taylor, M. Stevens.

The Building Prospects For 1906 Are Good

A Prominent Local Builder Believes That This Year Will See a Large Amount of Building Done—The C. G. Co. in all Probability Will Construct Three Large Buildings This Year — Other Buildings in Prospect.

BUILDERS ARE CONFIDENT OF GOOD YEAR'S BUSINESS

The Examiner, in conversation with one of the leading builders in the city, to-day learned that the prospects for building in Peterborough this year are very bright. Already plans have been prepared for a number of large buildings, and many others are projected. Last year there were over 200 new buildings or large additions to buildings already up, erected, and while this year may not see such a large number of buildings, the present prospects are that the total value of buildings this year will exceed that of 1905. While, of course, it is impossible to speak definitely, since no large contracts have been let yet, there are enough indications to warrant the assertion that 1906 will be a good year for building.

This gentleman, who is in touch with the conditions, stated that he understood on good authority that the Canadian General Electric Company will proceed with the erection of their new buildings this year. Plans were prepared last year for these buildings by Mr. Belcher, but it was decided to defer work on them until a later date, and the opinion is strong that this year will see the large additions made to these works.

It is understood that the plans call for three large buildings, and this in itself will be a good start to the season's building operations. The gentleman referred to above also spoke of the proposed new stove works, which he believed the city was likely to secure, and which would give a considerable number of men work in construction.

From the talk which this builder has heard among other builders, and from the inquiries which he has received himself, he is strongly of the opinion that the prospects this year for the city seeing a good addition to its buildings are good.

The general industrial conditions here, the fact that all the local industries are flourishing and that the facilities offered for manufacturers are excellent, all give reason to believe that the city will, for some years, at least, enjoy a steady expansion of building activty. The brick manufacturers of the city, in anticipation of a good year's business, are preparing to turn out this product in large quantities.

Revival Services at Park Street

The Meetings are Being Well Attended.

The attendance at the revival meetings at the Park street Baptist church is being well sustained, and the interest is increasing. The sermon was preached by Rev. J. S. Leckie and the text was Luke 19:10: "The Son of Man is come to seek and to save that which was lost." The great object, said the preacher, in mission of Christ was the salvation of the lost, not to preach doctrines such as faith healing, the second coming of Christ, however important they may be. Mr. Leckie referred to the conversion of a lumberman who gave him $500 with the request that he should go to the Pacific Coast to find his son, who it was reported was going wrong. He went, found the boy in delerium tremins, nursed him and brought him home to die, but he let the Saviour find him and he died a Christian.

Many striking incidents were given in the sermon and the aftermeeting was fruitful.

The subject for to-night will be "Life in a Lumber Camp." Mr. Leckie has had nine years' experience in camp life and will be able to make his subject interesting.

Meetings are held each night at 7.30 for prayer. The men meet in the vestry and the ladies in the Sunday School.

Miss Hill, of Lancashire, England, will be the soloist.

TO THE PETERBORO' PUBLIC.

We beg to notify the public of the City of Peterborough that we have started a baggage and express delivery under the name of Reid Bros'. Express, and we wish it understood that we have no connection with Alex. Reid's Express in any manner, and will not consider ourselves responsible for any of his work. All money owing Walter Reid for delivery since December 12th last, is payable to him and not to Alex Reid. We solicit your work and will give you prompt and reliable service.

The City Property Will Be Filled In

Government Offer of Surplus Dredgings for This Purpose Will be Accepted.

At the Board of Works meeting last night His Worship Mayor Best called attention to the fact that the Dominion Government was willing to dump the surplus dredging from the river on the city property between the spur line and the west shore, after the necessary amount of filling had been done behind the wharf to be constructed from Hunter to Charlottre streets. He remarked that the water will be lowered two feet when the cuttings between the Hunter street and C. P. R. bridges were completed, which would practically leave dry all the city's property west of the spur line. He thought that the Government's proposal should be taked advantage of. Four cuttings are to be made which will leave a navigable channel in length 117 feet, and in width 10 feet.

His Worship wrote to the department to-day, asking that the property west of the spur line should be filled in with dredgings, provided that no private interests will be interfered with.

Mr. Kendry A Commissioneer

The new Board of License Commissioners for West Peterborough has been appointed, and is composed of Messrs. M. A. Morrison, H. LeBrun and Jas. Kendry, the latter taking the place of Mr. John Griffin, of Lakefield, who resigned from the Board.

GRAND OPERA HOUSE TO-NIGHT!

The Motion Pictures of the Great Nelson—Britt Fight will be shown. Don't Fail to see them.

Non-Coms. Spent Social Evening

Pleasant Card Party Was Held in Mess Rooms Last Night.

The Non-Coms. of the 57th Regiment had a pleasant social evening in their mess rooms, Simcoe street, last night. There was a large attendance of the members of the mess present, and the evening's amusements were greatly enjoyed. The affair was in the nature of a card party, and the games provided plenty of diversion. At intervals during the evening enjoyable music was provided by Sergt. Succee's gramophone. Sergt.-Major Brittain also contributed to the pleasure of the gathering with a well-rendered recitation.

The Non-Coms. will hold a stag party in the course of a few weeks.

Latest News Of Winter Sports

Important Business Transacted At Meeting Of City League

A meeting of the City League was held last night at the Oriental, every team in the league with the exception of the Suburbs of Lakefield, having a representative present. The representatives in attendance were:—H. Morgan, High Lifes; C. Wilson, Suicides; L. M. Watson, Bankers; N. McWilliams, Charlotte Street Guild. President Clark was in the chair and Vice-President Jos. Mather, and Secretary Moore were also present.

The resignation of the T.A.S. was accepted with regret. The Bankers were granted a permit to play "Bobbie" Easton. This issue was the subject of much discussion but was finally carried unanimously. It was decided to grant any player permission to play one game with the intermediate O.H.A. seven but in case he plays a second game he shall be disqualified.

Certificates to play in the league were granted to W. D. McDonald, Bank of Montreal; A. H. Mulhern, Bank of Ottawa; W. Graham Ferguson, Bank of Ottawa; T. F. Kelly, Bank of Toronto; B. E. Carmichael, Ontario Bank; H. C. Huffman, Bank of Nova Scotia; L. M. Watson, Bank of Commerce; V. Herman Edwards, Ontario Bank; Byron M. Green, Ontario Bank; Jas. H. Sawens, Ontario Bank; W. T. Cahill, Bank of Toronto; O. L. Weir, Toronto Savings and Loan Co.; R. H. Neilson, Bank of Commerce; C. G. Easton, Bank of Montreal.

The following members of the High Lifes were granted certificates,—E. A. Ford, Frank McCoy, W. H. Stroud, H. B. Vanevery, Jas. T. Squires, R. Melville Moore, J. Long, Robt. S. Hall, W. Fitzpatrick, S. W. Rose.

Suicide Club,—A. Weatherstone, W. J. Metheral, C. Curtis, C. Wilson, E. Lefave, W. Weatherstone, C. J. Gilman, A. A. Mann, Geo. A. Campbell, Ralph H. Quinn, E. M. Best, W. Flannery, Herbert McMillan.

Charlotte Street.—W. Thornton, B. Bell, E. Wilson, B. Dusty, I. D. Moore, F. Roddy, G. Nicholls, W. Miller, W. Gross, E. Taylor, B. Laing, A. S'aunton, R. Ryan, A. Williams, S. Alford.

The re-arranged schedule is as follows:—

January 18, Charlotte Street vs. High Lifes. Banker vs. Suicides.

January 25, Suburbs vs. Suicides. Charlotte Street vs. Bankers.

February 1, High Lifes vs. Suicides. Suburbs vs. Bankers.

February 8, Charlotte Street vs. Suburbs. Bankers vs. High Lifes.

February 15, Suburbs vs. High Lifes. Charlotte Street vs. Suicides.

Each team that had its representative present paid its entrance fee of two dollars.

From the list of the names of the players in the different clubs of the City League that were granted permits last night it will be seen that the a first-class article of hockey will be provided for the fans this winter. Some of the very best players in Peterborough will be found on the line-up of the different sevens. There is nothing like a City League to encourage the promotion of good athletics and to develop good athletes as well. The people of Peterborough should encourage the teams in the league this winter and should not be the least reluctant in attending the matches. This is not a mere plea for the financial support of the league as the spectators will get splendid value for their money. When it is remembered what the City League has done for rugby every one who wishes to see Peterborough in a couple of years and perhaps next winter, have a team most worthy of representing the city should support the City League from the outset. It is undisputedly the policy of newspapers to encourage local juvenile sporting aggregations, but there is nothing juvenile about the City League and is an assured fact that the product of the league will be the finished article of hockey.

The first two games will be played to-night and anybody who doesn't get ten cents' worth of real pleasure and entertainment out of the exhibitions will be truly hard to please. By all means support the City League. For it certainly merits it.

Opening Of City League

First Games Will be Played To-night.

The following are the teams that will play in the city league games at the Brock street rink to-night:—High Lifes and Charlotte Street will play first and then the Suicides and Bankers.

High Lifes.—Goal, Fitzpatrick; point, Stroud; cover point, Squires; rover, Moore; centre, Long; right wing, Rose; left wing, Hall.

Charlotte Street.—Goal, Laing; point, Roddy; cover point, Moore; rover, Nicholls; centre, Miller; right wing, Dusty; left wing, Grose.

Suicides—Goal, Wilson; point, Quinn; cover point, W. Weatherstone; rover, McMillan; centre, Campbell; right wing, A. Weatherstone; left wing, Gilman.

Bankers—Goal, Sawers; point, Green; cover point, Edwards; rover, Watson; centre, Easton; right wing, Mulhern; left wing, Kelly.

City League Is Deserving Of Support

Splendid Hockey Will be Furnished This Winter by the League.

The first games in the City League will be played to-night when the Suicides and Bankers and the High Lifes hold the boards. These games will be very interesting and the players in the City League teams are exceptionally fast. The ice will probably be good and the spectators will get the worth of their money beyond any doubt. The fact that Mr. W. Parnell will referee is an assurance that the games will be clean.

Pill Pounders Have Organized

The famous hockeyists known as the "Pill Pounders" have once more got into harness and judging from the business-like way in which they have organized they will, with continued activeness, make it most interesting for any appetite with courage enough to clash with them. With such men as "Barney" Quinn and "Art" Mann on the line up the mortar and pestle grinders will make a favourable showing.

At the organization meeting last night the following officers were elected:—

Patrons—Messrs. Wm. Madill, J. D. Tully, H. H. Edmison, A. Johnston and J. Lang.

Hon. President—Mr. John Nugent.

President—Mr. Jas. Lynch.

Vice-President—Mr. Ed. Mahon.

Secretary-Treasurer—R. E. Harrison.

Captain—Ralph Quinn.

Executive Committee—R. Quinn, H. M. Yelland, A. R. Mann.

It was decided that all players go into training immediately. To facilitate this the following diet was agreed upon:—One teaspoonful of Madill's condition powders three times a day, followed by one cup of Edmison's Nerve Brand Tea.

The Pill Pounders hereby challenge Dressman's Counter Hoppers to a friendly game of hockey at such time as is convenient to both teams.

Port Hope Won In Extra Time Score Was 6-4

There were "doings" at the Port Hope rink last night when the old time rivals, Port Hope and Cobourg, met in the most closely contested game in the district this season. At full time the score was a tie, 4 4 and twenty minutes extra time were played, with the result that the home team ran in two goals in quick succession in the last five minutes, making the final score 6-4, and giving the game to the Port Hopers. The attendance was large and the excitement is reported as being intense.

HOCKEY

Berlin Does Some Tall Thinking

The dope artists up at Berlin are figuring on their team winning the championship. It is not wise to cook the chickens before they are hatched.—Toronto News.

If our memory serves us right, we have a slight recollection of Berlin calculating much after the same manner last year, but a seven representing a hamlet known as Victoria Harbour had also given the question serious consideration and likewise took such a strong fancy to the intermediate championship that they were not content at heart until they obtained the trophy emblematic of the same.

Peterborough are just finding out that their team can stand a whole lot of practise yet. Now we would like to know where there is a team that cannot?—Lindsay Post.

No place, Lindsay, no place.

• • • •

A junior seven plays in Lindsay to-morrow night. The Post says:—"Peterborough juniors on Friday vs. Lindsay Midgets will be an exhibition game worth seeing and don't make any mistake about it.

• • • •

The Toronto Star says:—"Harold Arm strong of last year's Marlboros is putting up a great article of hockey for Smith Falls this season. He and Harry Brown, at point, are playing the western game of carrying the puck right down the ice instead of lifting it.

• • • •

The Port Hope intermediates claim they should have won the match at Peterborough and say that two of the Peter' goals were stored on offside passes. The teams will play a double schedule, and the Port Hopers have not yet given up hopes of winning the district."

• • • •

Owing to lack of ice the Aberdeens and West Ends did not play Tuesday night.

• • • •

The Shamrocks of Montreal, go to New York to-night and will play there to-morrow and Saturday.

• • • •

The Railway Clerks would like to arrange a game with the St. Andrew's Guards.

• • • •

The Victors are requested to turn out in full uniform at the Y.M.C.A. rink at 7.30 All seniors and juniors are requested to come out in full force.

Neill-Shepherd Trophy Games

Much Interest Centred in To-day's Competition.

The competition between the Orillia and Peterborough Curlers, which was postponed from Tuesday last, is taking place to-day. The Neill-Shepherd trophy which is being competed for, for the third time, hangs in the balance. It will be remembered that Peterborough won the cup two years ago, while last year Orillia carried off the honour, so that the result of the competition this afternoon is creating increased interest among the curlers.

Four rinks from the northern town arrived here this morning while four journeyed up to Orillia.

The following are the rinks that are competing here:—

Orillia.	Peterborough.
F. Hinds	J E Fitzgerald
B. Hatley	Jos. Gibson
R Wade	S T Medd
R R Cunningham, sk.	J. Connal, sk.
B Trish	J E Hayes
J Sinclair	W J Thompson
A R Harvie	W L McIlroy
G T Madden, sk.	C N Brown, sk.
Geo Moore	W E Talbot
Rev. Moyna	D Hall
Frank Toogood	R M Waddell
J B Tudhope, sk.	G Giroux, sk.
Wm. Tudhope	G B Stevenson
J Curran	J Stanger
B T Percy	R Kerr
G Thomson, sk.	S Clegg, sk.

About 20 curlers this morning went up to Orillia by private car. There, four rinks will compete against Orillia. The following are the skips for to-day's games there:—W. G. Morrow, W. G. Ferguson, T. F. Matthews, Thos. Rutherford. Among those who went this morning are:—S. Ray, A. H. Stratton, W. H. Denham, A. P. McDonald, H. Snowden, M. Tonley and C. Frost.

The Last Day At Lindsay

Lindsay, Ont., Jan. 17.—The second and last day of the Lindsay ice races was a huge success. The weather was clear and moderately cold, in marked contrast to the sleet and slush of the opening day. A large crowd assembled at the Agricultural Park to witness the events. Every race was well contested and the spectators seemed to be well satisfied with the day's sport. Starter Frank Smith, of Buffalo officiated to the entire satisfaction of all concerned. Summary:—

2.30 class,—

Gladstone, R. McGirr, Meaford	1	1	1
Harry Direct, D. McMahon, Reaboro	2	2	2
Little Jap, R Munro, Peterborough	6	3	3
Maybee, H. Laidley, Cooksville	4	4	4
Miss Appleby, S. Passmore, Orillia	3	5	5
Never Again, Dr. Karn, Berlin	5	6	4

Time,—2.37, 2.36 3-4, 2.27.

Free for all,—

Looking Glass, A. Proctor, Newmarket	0	1	1
Miss Delbars, Skinner and Foster, London	2	2	2
Cleopatra, Chas. Sayers, North Bay	4	4	3
Hal Patron, Perrygrow and Tracey, Egansville	6	3	4
Fraser, J. G. Nasmith, Buffalo	3	5	6
Helen R., P. Doran, North Bay	5	6	5

Time,—2.21 1-2, 2.20, 2.21.

TURF.

They're dancing to the Glory Song up in Toronto. At that rate will the band render sacred music at the ice races? Not yet.

SPRINTING

Mr. Dave Belland, writing to one of his friends in this city from Quebec states that he has been ill for some time, but that he is recovering. He intends to leave Quebec shortly for St. John's, where he will enter the St. James race, which he believes will be easy money for him. From his letter the impression is gained that he will not return to Peterborough to engage in any future races.

How Is Your Cold?

Every place you go you hear the same question asked.

Do you know that there is nothing so dangerous as a neglected cold?

Do you know that a neglected cold will turn into Catarrh, Bronchitis, Pneumonia, Consumption Catarrh and the most deadly of all, the "White Plague," Consumption.

Many a life history would read different if, on the first appearance of a cough, it had been remedied with

Dr. Wood's Norway Pine Syrup

This wonderful cough and cold medicine contains all those very pine principles which make the pine woods so valuable in the treatment of lung affections.

Combined with this are Wild Cherry Bark and the soothing, healing and expectorant properties of other pectoral herbs and barks.

For Coughs, Colds, Bronchitis, Pain in the Chest, Asthma, Croup, Whooping Cough, Hoarseness or any affection of the Throat or Lungs. You will find a sure cure in Dr. Wood's Norway Pine Syrup.

Mrs. C. M. Loomer, Berwick, N.S., writes: "I have used Dr. Wood's Norway Pine Syrup for coughs and colds, and have always found it to give instant relief. I also recommended it to one of my neighbor's and she was more than pleased with the results."

Dr. Wood's Norway Pine Syrup 25 cts. per bottle at all dealers. Put up in yellow wrapper, and three pine trees the trade mark. Refuse substitutes. There is only one Norway Pine Syrup and that one is Dr. Wood's.

RUGBY.

Ann Arbour, Mich., Jan. 17.—As a result of the discoveries made by the University of Michigan Secret Service, Walter Eckersall, captain-elect of the University of Chicago football team and star all-round athlete, will probably be barred from competition in all amateur sport. Witnesses have been found, so it is said, who have seen the contract which Eckersall signed to play baseball for a salary. It is also alleged that complete evidence has been found showing that Eckersall engaged in a certain "ringing" tour, in which he competed in a professional race, and also that he ran in another race under an assumed name.

• • • •

Eckersall is the most wonderful drop kick playing rugby. He paid a flying visit to Peterborough a short time ago.

MISCELL ANEOUS.

Speaking at Hamilton the other night Dr. Fisher of New York Y.M.C.A. advocated boxing, wrestling and pool playing in all Y.M.C.A's.

THE RING.

Herrer, the fast little fighter who recently defeated Young Corbett is out after big game and will not dackle anybody but Nelson or Britt, and he's certainly deserving of a chance.

• • • •

The Britt-Nelson pictures which will appear at the Grand to-night are said to be really wonderful and nearly as good as the fight itself. Anybody who admires the manly art should not miss them as they will be the treat of the season to followers and admirers of the fistic game.

The Lakehurst Weekly Budget

Special to The Examiner.

Lakehurst, Jan. 16th. — Our little hamlet still sleeps peacefully on its seven hills, with scarcely anything more exciting than choir practice or going to the post office. Even Mrs. Grundy is seldom heard — a fact in itself commendable.

The municipal elections were attended with little excitement, and the same township fathers are entrusted with office for another term. The Mayor of Cedardale was returned by acclamation for at least another year.

Miss Susie West spent last Sunday at home.

Miss Annie Smith and Bob, are spending a few days with friends in Fenelon Falls.

Mr. Harry Elliott, who has spent the last year or two in the West, is home for a few weeks.

Miss Maggie Thompson and Miss Maggie Northey were visiting with friends in Smith on Sunday last.

Miss Mabel Thompson, who was so ill with typhoid fever, is now almost recovered again. We are all much pleased to see her about.

Miss Gertie Northey, of Selwyn, is visiting with her friend, Miss Edna Shearer.

Mr. John Smith spent last Sunday at home.

Messrs. Jas. and William Weir were in Otonabee on Monday attending the funeral of Mr. Davidson, their brother-in-law.

The ice on Pigeon Lake is in good condition at present and many of the farmers are taking advantage of the short route to Bobcaygeon.

TORONTO CITY TICKET OFFICE 51 King St. East, King Edward Hotel Block

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation, of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

Chamberlain Is Beloved By Fellow Citizens

Birmingham's Seven Districts Go Solidly Conservative.

HIS MAJORITY INCREASED

Gets 5,079 More Votes Than His Opponent—Conservatives Lose Twelve Seats in London and Ten in the Boroughs — Henniker Heaton Wins at Canterbury—Laborites Not So Successful Yesterday.

London, Jan. 18.—(C. A. P.)—The following is a summary of the political situation at midnight:

Total seat ...	670
Elections held ...	324
Liberals elected ...	159
Unionists ...	74
Laborites ...	29
Nationalists ...	52
In the last House for same seats:	
Liberals ...	83
Unionists ...	183
Laborites ...	6
Nationalists ...	52

Chamberlain Still King.

Mr. Joseph Chamberlain is still king in Birmingham. Not only did he carry his own seat by an increased majority at the elections yesterday, but his candidates swept the other seven divisions as well by aggregate majorities of thirty thousand after one of the wiffest fights in history. A solid Conservative Birmingham sends forth a ray of light into the darkness which otherwise continues to enshroud the party.

Chamberlain's Increased Majority.

A strenuous campaign was prosecuted in West Birmingham by Mr. R. L. Outhwaite, an Australian, prominent in labor circles; but he succeeded in polling only 2,084 votes, against Mr. Chamberlain's 7,173. Thus the tariff reform leader has a majority of 5,079, compared with 4,275 received at the last contest in 1895.

Sir B. Stone's Decreased Lead.

In two other divisions Liberals and Laborites united. In the east the prospect was most hopeful, but the result shows the majority of Sir Benjamin Stone reduced from 2,154 to 585 by J. Holmes, Laborite. Jesse Collings retains his majority almost intact after the attack of J. B. Glasier, Laborite. In North Birmingham the Conservative majority increased over five hundred.

Tories Lose London Seats.

Otherwise the tide against the Conservatives shows little abatement. They scored one more gain, winning at Maidstone, but lost 12 seats in London and 10 in the boroughs. Several counties polled yesterday, but the returns will not be announced till to-day.

A Great Showing.

London returns are almost complete. Out of 59 seats the Liberals carry 36. In 1900 they carried eight. The Laborites carried four.

In North Camberwell Dr. MacNamara, a Canadian, was again successful, increasing his majority from 1,336 to 2,317. A curious contest was waged at North Paddington, where Sir Henry Burdett ran as an Independent Conservative because neither straight party candidate was British-born. He got 817 votes.

Buxton and Shaw Returned.

Two more Ministers were returned. Sydney Buxton doubled his majority in Poplar. Sir A. Conan Doyle failed to defeat T. L. Shaw, Lord Advocate for Scotland, in Hawick burghs. Hr. Henniker Heaton carried the tariff reform banner to success at Canterbury.

Laborites Have Off Day.

The Laborites did not do so well yesterday, although polling big vote. They held their own in two ridings and gained one aside from their defeats in Birmingham. A Labor candidate came third in Portsmouth, with 3,172 votes. In Wakefield Labor came second, with 2,086 votes, there being a Liberal in the field. In a three-cornered fight at Wigan, Labor was also second, securing 2,205 votes.

Liberal Gains 88.

Liberal gains to date aggregate 88 Conservative gains 2. Labor 23. The standing of the parties now: Liberals, 169; Laborites, 29; Conservatives, 74; Nationalists, 52

A Boom For Chamberlain.

What looks like the beginning of a boom for Mr. Chamberlain as leader of the Conservatives, is started by The Morning Post. It says Birmingham has begun the work of reconstruction

A WOMAN'S BACK IS THE MAINSPRING OF HER PHYSICAL SYSTEM. The Slightest Backache, if Neglected, is Liable to Cause Years of Terrible Suffering.

No woman can be strong and healthy unless the kidneys are well, and regular in their action. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to have filtered out of the blood are left in the system.

The female constitution is naturally more subject to kidney disease than a man's; and what is more, a women's work is never done—her whole life is one continuous strain.

How many women have you heard say: "My, how my back aches!" Do you know that backache is one of the first signs of kidney trouble? It is, and should be attended to immediately. Other symptoms are frequent thirst, scanty, thick, cloudy or highly colored urine, burning sensation when urinating, frequent urination, puffing under the eyes, swelling of the feet and ankles, floating specks before the eyes, etc.

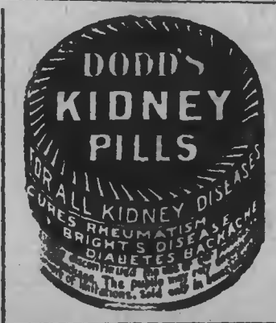
These symptoms if not taken in time and cured at once, will cause years of terrible kidney suffering. All these symptoms, and in fact, these diseases may be cured by the use of

DOAN'S KIDNEY PILLS

They act directly on the kidneys, and make them strong and healthy.

Mrs. Mary Galley, Auburn, N.S., writes: "For over four months I was troubled with a lame back and was unable to turn in bed without help. I was induced by a friend to try Doan's Kidney Pills. After using two-thirds of a box my back was as well as ever."

Price 50 cents per box or three boxes for $1.25 at all dealers, or sent direct on receipt of price. The Doan Kidney Pill Co., Toronto, Ont.



of the party and refers to Mr. Chamberlain as the "Greatest living statesman."

While no direct mention is made of Mr. Balfour, it declares that the Birmingham result will bring regret to those who have endeavored to strike a compromise between tariff reform and existing conditions. Mr. Chamberlain has proved beyond question that the British people demand a definite expression of their convictions, not a theortical exposition of the advantages of two-mindedness. The party may well ask itself whether a similar appeal might not be met with a similar response in Manchester and other towns where faint hearts have failed to win the people's favor."

Carlow—John Hammond; acclamation; no change.

Tariff Reform Not the Cause.

Everywhere the great changes are regarded as a revolution, portending big changes in the future. In England discussion as to the causes of the debacle has begun, and several of the victorious and defeated candidates have been telling how it happened. Liberals claims that free trade is swaying the question in their behalf. No Unionists have yet placed the blame on tariff reform. They affirm that Chinese labor and education, together with the opinion it was time for a change, have brought about the change. They profess to believe that tariff reform is still the winning policy.

Sir George Bartley, defeated at Islington, says: "Far from defeating me, tariff reform was one of the factors tending the other way."

BRIGHT SPOT IS CZAR.

Has Ordered Council of Ministers to Elaborate Amendment of Organic Laws of Russia.

London, Jan. 18.—The St. Petersburg correspondent of The Times cables:—Although the present Government's apparent determination to persist in a policy of reaction, taken in conjunction with the disastrous condition of the country's finances and the spectre of famine and unrelenting bitterness among all classes, does not encourage the hope of a peaceful development of the Russian crisis there, is, at least, one bright spot in the horizon. This ray of light is furnished by the persistent, unshakable determination of the Sovereign to introduce constitutional Government. It is announced to-day that the Emperor has ordered a council of Ministers to elaborate an amendment of the organic laws of the empire in conformity with the manifesto of October 30. Although the announcement is not official, I am satisfied that it certainly represents the intentions of Nicholas.

A Grain Famine.

Second reports from the famine districts are very alarming. Grain cannot be transported owing to the disorganization of the railway service. It is reported from Kieff that agrarian outrages have broken out afresh. Policemaster Rostoff on the Don has been indicted for not preventing a massacre of Jews.

Saturday Night Sold.

Toronto, Jan. 18.—E. E. Sheppard has disposed of Toronto Saturday Night to H. Gagnier, the trade journal publisher, J. T. Clark of The Star will succeed as editor. The price paid is $50,000. Mr. Sheppard retains the ownership of the building. He will leave at once for British Columbia and California for the winter and will afterwards go to Europe.

The Conspiracy Case.

Hamilton, Jan. 18.—S. H. Kent, the assistant city clerk, was examined yesterday morning at the Police Court in connection with the conspiracy charge brought against the mayor and the members of last year's Council. Mr. Kent said that the aldermen had stipulated for union labor on nearly all city work. The case was adjourned.

Made in Germany.

Berlin, Jan. 18.—It is announced that the exports of Germany to the United States during the year 1905, from all the American consular districts, amounted to $125,724,331, an increase of $14,434,096.

Alberta Election Voided.

Calgary, Jan. 18.—The election in Peace River for the Provincial Legislature has been voided owing to the method of conducting it.

The Problem Of Taxation Of The Railways

Ontario Government Is Considering the Question.

PREMIER WHITNEY'S REPLY

Deputation From Several County Municipal Associations Suggested a New Plan, by Which the Municipalities Would Get the Entire Proceeds of Levy — Provincial Revenue From Railways During 1905.

Toronto, Jan. 18.—The Municipal Associations of the Counties of Wellington, Waterloo, Halton and Perth were represented by a deputation which waited upon the Ontario Government yesterday afternoon regarding a proposed measure of railway taxation for municipal purposes.

J. P. Downey, M. P. P., introduced the deputation to Premier Whitney and the Cabinet. The visitors were Herbert Wright, reeve of Guelph Township; John A. Cockburn, reeve of Puslinch Township; J. Mahon, reeve of Nassagaweya Township and James Donaldson, warden of Perth Township.

The members of the Cabinet present were: Premier Whitney, Hon. W. J. Hanna, Hon. Nelson Monteith, Hon. Dr. Reaume, Hon. Adam Beck.

A resolution which had been passed by the association proposed that the railways should be taxed on an assessment of $5,000 per mile on single tracks and $10,000 a mile on double tracks, and that municipalities should be the sole recipients of the taxes, and further that the assessment should be exclusive of the lands and buildings at present assessed under the municipal act.

During the discussion of the matter the question was raised as to whether it would be just to have the taxes go entirely or in a large part to the municipalities through which more than one railway ran while a considerable portion of traffic might have its origin in adjoining municipalities through which no railways were running.

The Premier replied that the whole matter of railway taxation was now under consideration by the Government and in the framing of a new legislation the representations made by this deputation would be given due weight.

Hon. Col. Matheson stated that last year the province received in taxes from railways $191,825. In the previous year the amount was $187,918. Now, the provincial rate of railway taxation is a fixed levy of $30 a mile on single tracks and $10 a mile on each additional track in organised districts. The rate is $20 and $5 in organised districts and on railways not exceeding 150 miles in length $15 and $5.

The Railway Taxation Commission, in their report, recommended the imposition of a tax of 3 per cent. on the gross earnings of the railways.

WILLIE DOUGALL KILLS UNCLE.

Mr. Schryer Had Been Instructing Boy In Use of a Rifle.

Bridgeburg, Jan. 18.—Orange Schryer of Fort Erie was shot and killed by Willie C. Dougall, his 16-year-old nephew, Tuesday at the home of the lad's father, W. M. Dougall, president of the Fort Erie Board of Trade.

Mr. Schryer was showing the lad the working of a rifle in the yard, and, leaving his nephew, he went into an outhouse. In his absence the boy took aim at a target and fired. The bullet flew wild, and, piecing the wall of the outhouse, struck Schryer in the abdomen, severing an artery. He died within twenty-five minutes.

More Immigrants Coming.

Ottawa, Jan. 18.—For the year ending December last there was an increase in immigration of 10,395, as compared with the previous year. The arrivals for the year 1905 were: British, 64,863; Continental, 35,331, and the United States, 44,424, making a total of 144,618, as compared with 134,223 for 1904. The prospects are that the returns for 1906 will be greater than for the past year.

Doctors Ask For Grant.

Ottawa, Jan. 18.—Dr. Reddick, Montreal; Dr. Starr, Toronto, and Dr. Prevost, Ottawa, saw Sir Wilfrid Laurier yesterday and asked for a grant towards entertaining the British Medical Association, which meets this year in Toronto. Sir Wilfrid promised earnest consideration. The deputation also saw the customs authorities with a view to securing free entrance of exhibits.

New President Of Republic Was Elected

M. Fallieres Elected By the French Senate.

M. DOUMER WAS DEFEATED

Contest Was Confined to These Two Names, and the New President's Majority Is 78—Will Assume Duties on Feb. 18.—Germany Disclaims Interference With France's Controversy.

Paris, Jan. 18.—M. Fallieres was yesterday elected President of the republic.

The vote was: M. Fallieres, 449; M. Doumer, 371; scattered, 28.

The National Assembly met at one o'clock in the Congress Hall of the Royal Palace, Versailles. The Assembly consists nominally of 591 deputies and 300 Senators, but owing to death, illness and the passage of some of the deputies to the Senate, leaving their seats vacant, the number present was decreased to about 860, making 430 votes necessary to elect. The greatest interest was manifested in the proceedings, which were very prolonged, the members of the Assembly voting in alphabetical order.

The New President.

M. Clement Armand Fallieres, the new President of France, is the son of a magistrate's clerk and the grandson of a blacksmith. He was born in 1841 at Mezin, in the Department of Lot-et-Garonne. He studied law and was called to the Bar at Merac, of which town he was afterwards mayor for many years. In 1876 he was elected to the Chamber of Deputies as a Republican, and affiliated himself with the left group in the Chamber, and in 1880 was named as Under Secretary to the Minister of the Interior. In 1882 he was made president of the Council and ad interim Minister of Foreign Affairs. Subsequently he became successively Minister of Public Instruction, of the Interior and of Justice. He was elected Senator in 1890, and has been three times president of that body. M. Fallieres took an active part in the religious question, opposing at first the proposition for the separation of church and state, but later energetically advocated the repression of the clergy.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

Verdict Against Street Railway.

Toronto, Jan. 18.—The jury in the Civic Assize Court yesterday awarded Mrs. Mary King, $2,000 damages, and her daughter Edith King, $1,500. The defendant was the Toronto Railway Co. $10,000 had been asked for.

Falls 50 Feet Down Well.

Neepawa, Man., Jan. 18.—A young man named Garnet Clancy, fell down a fifty foot well on his father's farm, while being lowered in a bucket. The windlass broke. His leg was badly fractured.

The Officers Were Elected

Annual Meeting St. Paul's Sunday School.

The annual meeting of the Sunday School teachers and officers of St. Paul's Church was held last night when the reports of the Superintendent, Mr. W. Madill, and the Secretary, Mr. W. Pringle, were presented. They showed that the affairs of the School were in a flourishing condition. The election of officers took place and resulted as follows:

Superintendent—W. Madill.

Assistant Superintendent — W. J. Stacey.

Recording Secretary — Miss K. Drummond.

Corresponding Secretary and Treasurer—W. Pringle.

Leaders of Song—W. F. Nelson, R. Mein and H. Gillespie.

Pianists—Miss Alice Roger and Miss Gladys Crowe.

Librarians — J. H. Conmal, Jas. Carey, W. Lockhart, S. Fife, A. Sims and Harold Dodds.

During the last three months the attendance of the school has shown a large increase, particularly in the primary and kindergarten departments.

This school is a progressive one, and under the strong set of officers elected, should continue to accomplish good work.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

THE PITY OF IT.

To the Editor of the Examiner:

Sir, — The other day an old man, well known in the city, respectable, sober, clean and descent in conduct, applied at the Protestant Home for admittance. He was aged, infirm, poor and friendless; no roof to cover his head, no friend to succor. At last his need was such that pride gave place to necessity, and he was not only willing, but he was anxious, to receive the shelter of the Protestant Home. But the house was full, and he was turned, sorrowfully, from the door, that never voluntarily closes in the face of God's poor.

Then he applied to the Magistrate for a shelter in the jail, and he, who never committed a crime, save that of being old and poor, was committed as a vagrant to the county jail.

The old man took his warrant, and walked up the hill, but before going out he took from a pocket a vial of laudanum, and said that had he been refused, the little bottle would have given him his rest! Oh! the pity of it! When will our councillors, city and county, cease to resist the will of the people? When will they provide the house for the poor, that the people, the judges the grand juries, and the press demand as the obligation of a rich and prosperous people, to provide for their less fortunate brethren?

Let shame tinge the cheek of every councillor who reads this story, and let him clear himself of the condemnation that will rest upon him who prays for prosperity and yet refuses a crust and a cup of cold water to God's poor! Let him never again prate of the fatherhood of God and the brotherhood of man, until he shows by his act that he realizes the fact that he is indeed his brother's keeper.

CIVIS.

Editor of Post Card Column:

Dear Sir,—It may be the best economy to repair the old fire engine, but it is, I think, a debatable question. We have had this engine for about thirty years and it has been in the repair shop about thirty times. In this way it has paid for itself, or cost itself, many times over. Considering the age and the repair services is has given the town, I humbly submit that the old engine should be pensioned.

Yours truly,

SANDY.

Editor of Post Card Column:

It is with pleasure and satisfaction I am about to relate my experience in connection with Prof. Milner, who has been organist of the George street Methodist church.

In my dealings with him I have found him a good, reliable, educated gentleman and an expert organist and pianoforte player.

He is an associate of Royal College of Organists of London, Eng. He has a thorough knowledge of music in every way.

From a Business Friend.

Editor of Post Card Column:

Sir,—As a ratepayer, I quite approve of the decision of the aldermen to repair the old fire engine. We don't want to waste a big slice of the $25,000 to buy an expensive new steamer which may not be used more than once a year. Our corporation expenses are becoming very large, and we should economize, and the place to begin is on luxuries, like a new fire engine would be. I sign myself

RATEPAYER.

MISS EDITH KIRKWOOD,

The World Renowned Soprano, Who Appears at the Oddfellows' Concert Monday Evening, January 22nd. Plan Now Open at Opera House Office. Prices, $1.00 to 35 Cents.

Arrested For Stealing Wood

Special to The Examiner.

Warsaw, Jan. 18.—County Constable Cochrane was in the village to-day and arrested Mr. Henry Freeburn, who is charged with stealing two cords of wood from Mr. Jno. Payne, who lives about a mile north of here. Mr. Cochrane has left for Peterborough with the prisoner.

S. S. Union Begins Meetings

Officers Were Elected at a Meeting Held a Few Days Ago.

The Primary and Junior Sunday School Union of Peterborough will begin its regular Friday evening meetings to-morrow at eight o'clock in St. Paul's Endeavour Room. It is the intention of the committee to arrange that the different churches or Sunday schools of the city take full charge of the meeting of their own.

The Sunday school Union expects the hearty co-operation of the pastors of the city churches to make this undertaking in point of attendance and efficiency of work a success.

Miss A. Williamson will be in charge of the Union. At to-morrow evening's meeting St. Paul's church will be in charge. The supplemental and primary lesson will be taken by the president, and the junior lesson will be taught by Rev. Dr. Torrance.

At the executive meeting held the other day the following officers were elected:

Hon. President, Rev. E. A. Langfeldt, M.A.

President, Miss A. Williamson.

Vice-President, Mrs. J. S. Knapman.

Secretary, Miss E. Goodfellow.

Asst. Secretary, Miss May Denne.

Treasurer, Miss D. Langford.

Organist, Miss Eva Rose.

Plans For Year Were Discussed

A census meeting was held in the Salvation Army Barracks last night, at which the work for the coming year was discussed, and plans made. The various heads of the departments were present, including Junior Sergt.-Major Braund, Sergt.-Major Brooks, Treasurer Bacon, Secretary Slight, Band Master Greene, and Staff Captain and Mrs. MacAmmond. During the evening four members were added to the roll.

Special Service Will Be Held

There will be a special service in the Salvation Army Barracks to-night to which the public are cordially invited. The band will have charge, and the musical service should be enjoyable. The meeting is one of the series by which the army is conducting a special campaign.

Over A Hundred In Attendance

The attendance at the Peterborough Business College is now the largest in its history, over one hundred attending daily. This large number of students is an evidence of the efficiency of this institution's work.

PERSONAL MENTION

Mr. Thomas Boyd is in Toronto for a few days.

Mr. A. J. Cooley, of Omaha, is in the city to-day.

Mr. W. G. Fairman, Havelock, is in the city to-day.

Fuller particulars will be furnished hereafter. 1d

CITY NEWS OF TO-DAY

St. Paul's Choir.

—A practice of St. Paul's choir will be held to-night.

Choir Practice.

—Charlotte street Choir will practice this evening at 7.30 o'clock. Members will please take notice.

Joint Installation.

—The installation of the officers of the two Oddfellow Lodges will take place to-night.

A Rubber and a Whip.

—A rubber low-cut shoes and a black snake whip are articles that the Chief of Police has for the owners of them.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 199.

Keys Tied With a Shoelace.

—Three keys tied together with a shoe lace are the latest "find" that the chief will be pleased to hand over to the owner.

Parochial Guild.

—A meeting of St. John's Women's Parochial Guild will be held to-morrow afternoon from 3 to 5 o'clock in the Guild room.

Acknowledgement.

—The funds of the Children's Aid Society have been augmented by the sum of $5 donated by the Sunday school of St. Paul's church.

Annual Meeting.

—To-night the annual meeting of the Charlotte street Sunday school will be held, when the officers will be elected for the coming year and reports presented.

Agricultural Society Met.

—A meeting of the West Peterborough Agricultural Society was held in the Council Chamber last night. A full report of the proceedings will be published in to-morrow's issue.

The Best of Vegetables.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, onions, celery, apples of all kinds, flour, sugar by the cwt., cheap. Houses, houses, to rent, at Jas. R. Bell's, grocery, 161 Hunter street; phone 455.

Unseating Aldermen.

—There is a movement in Guelph to unseat several recently elected Aldermen. It is understood that the grounds of the disqualification sought are merely technical and frivolous and a fund to fight the proceedings for disqualification, is being raised by business citizens.

Gained 25 Pounds.

"I was much run down in health, could not sleep, was very nervous, and so weak that I could hardly get around. Some months ago I began using Dr. Chase's Nerve Food, and to-day I am pleased to say that I am completely restored to health. I have gained over twenty-five pounds in weight, sleep well and feel strong and healthy." Miss Annie Evans, 39 Gottingen street, Halifax, N.S.

United Counties House of Refuge

Northumberland and Durham Have Filed Plans for New Structure.

C.J. McLean, Warden of the United Counties of Northumberland and Durham, accompanied by Mr. J. Power, architect of Kingston, filed with the Prisons Department yesterday plans for the new county jail and house of refuge to be erected at Cobourg. The plans, which were examined and approved, provide for the alteration and remodelling of the present jail, which is two miles from the centre of the town and surrounded by farm lands, to fit it as a house of refuge, and for the erection of new jail premises near the Court House. The jail will be constructed on model lines, with steel cells, and will embody other up-to-date details, the result of recommendations made by a sub-committee of the United Counties Council, which in company with Architect Powers visited a number of jails in the United States.—Globe.

Don't go Stale.

—Be a "regular," and join the list of well-pleased patrons at Eddie LeClaire's new barber shop, Snowdon's Block, Simcoe street. It's a handy place for busy business men to get a shave or hair cut, quick.

More Toboggans For Jackson Park

So great has been the demand for the toboggans at the Jackson Park slide, that the thirty owned by the company were totally inadequate to accommodate the crowds that nightly throng there. The Radial Railway Company this morning received a shipment of 10 more toboggans from Montreal, and they will be ready for use to-night.

Going After Salvation Army.

Montreal, Jan. 18.—As a result of the conviction of Pierre Gauthier a short time ago for having disturbed a Salvation Army meeting, J. E. C. Bumbray, who defended the accused, said Tuesday that he would take proceedings shortly to stop the Army from holding services on the streets, on the ground that such services constitute a public nuisance.

"THE DAYLIGHT STORE"

OUR

Want-Money Sale

IS NOW ON

The reason for this sale is, that we want to clear out our stock in its season, and this we must do, because up-to-date store-keeping demands it.

The Reduction is Sweeping

We want to convert the remainder of our winter stock into cash. It's good, level-headed business to do so, even though it means a loss to us. Every garment bears the regular price ticket, and also the reduction ticket.

Don't Fail to Take Advantage

of this sale. There's no mistake about our reductions. No juggling with the prices. The reputation of this store precludes that, and insures your satisfaction.

Everything Cut! Cut!! Cut!!!

Just to give you an idea of the exceptional values. Take a look in our north window, and then you'll see samples of two of our lines in suits, prices $9.90 and $11.90. We have equally as good values in every department all through the house. Don't stop to look in your purse—you'll not need much money to participate in this sale.

Come On In!

More Gains For Liberal Party

Twelve Seats Were Gained in Yesterday's Vote.

Special to The Examiner.

London, Jan. 19.—The most interesting feature of to-day's election returns was the capture of West Belfast by an Irish Nationalist, Joseph Devlin. Belfast has been a Unionist stronghold from time immemorial with the exception of a few years when the seat now won by Mr Devlin was held by Thomas Sexton. Twelve Liberals and two Labour gains were announced to-day as the result of yesterday's elections. The totals now are: Liberals, 218; Unionists, 94; Irish Nationalists, 79; Labourites, 27. Among the candidates at to-day's elections is John Dillon, the Irish Nationalist.

A Promotion For Mr. Mowat

Is Made Manager of R. Neill's London Store.

Mr. T. J. Mowat, who for the last seven years has been on the staff of R. Neill in this shoe store here, has been promoted to the management of the London store of Mr. Neill. This store is one of the largest and most important of Mr. Neill's chain, and it is a good promotion for Mr. Mowat.

He will leave in a few days for that city to take charge of the business there, and Mrs. Mowat will follow in about a month.

This departure from the city will be regretted by their large circle of friends, who will, however, learn with pleasure of Mr. Mowat's promotion. Mrs. Mowat's superior musical abilities have made her services valuable for concerts and other social functions. She has for some time filled most acceptably the position of organist of Murray street church, where her efficiency has been recognized.

Storage Co. To Be Wound Up

An Order Was Granted by Judge Weller Yesterday.

Yesterday afternoon before His Honour Judge Weller, on the application of Mr. D. W. Dumble, K.C., on behalf of a number of shareholders, an order was granted for the winding up of the Peterborough Cold Storage and Provision Co., Limited. The judge held that the petition presented by Mr. E. B. Edwards, K.C., on behalf of the company itself, could not be acted upon as it was without the authority of the shareholders, and he refused to allow any costs of this or of a previous petition presented by Mr. Dumble, as it was also improperly launched. The petitions were opposed by a number of shareholders through Mr. D. O'Connel, Mr. Pousette acting with him.

As a result, the money in hand of the company now must be distributed among the shareholders after deducting the expenses to date.

Over $2000 Was Paid For Prizes At Fair In 1905

Annual Meeting of Peterboro' Industrial Fair Directors Was Held on Wednesday—Financial Statement Presented Showed Deficit of $23.47—The Officers Elected—Mr. D. Hughes Charles Again Elected President.

THE MANUFACTURERS' DONATION APPRECIATED

The annual meeting of the Peterborough Industrial Exhibition was held in the Council Chamber on Wednesday evening, January 17, with the president in the chair. The financial statement was presented, and is as follows:

Receipts.

Balance from 1904	$ 526 64
Balance checks not cashed	45 11
Legislative Grant	463 00
County and City Grants	500 00
Admission Fees	1726 10
Privileges	163 50
Membership Fees	157 50
Donations	176 50
Entry Fees	349 85
Rent paid by Turf Club	152 50
Bank Overdraft	23.47
Miscellaneous Receipts	52 32
Entry Fees, Races	30 00
Total—	$4366 40

Payments.

Prize Checks	$2003 75
Dragoons	338 15
Band	102 50
Howard's Ponies and Dogs	425 00
Races	230 00
Rent, Light and Buildings	507 07
Judges' Expenses	49 30
Secretary and Assistant	198 00
Working Expenses	169 43
Advertising and Printing	434 51
Total—	$4366 40

In presenting this statement, the president congratulated the members upon the good exhibition which was held last September, stating that although financially they had apparently gone behind, still in other respects the exhibition was upon a much higher level than it had ever attained before. In all departments stock exhibits were superior to anything ever shown before in Peterborough, and it was stated by the judges who came from a distance that the organization and management were better than anything they had seen. Considering that we paid out $2,002.75 in prize money, and that our expenses in getting the grounds into shape were abnormally high this year, we may congratulate ourselves that our statement only shows a deficit of $23.47. The attendance considering the attractions offered, was very disappointing; and we hope in the future that the citizens generally of the town and county, will show their appreciation of the efforts of the directors by attending in much larger numbers.

We have to thank a number of the leading manufacturers of the town for their handsome donations to our funds, otherwise our deficit would have been much larger.

I want to draw the attention of the farmers to the following figures: All prizes are paid in cash, and for horses we paid $820 in prize money; cattle, $403; sheep, $166; swine, $71; and poultry, $183. We would like them to compare these amounts with what is paid by any other county or district exhibition.

The financial statement was then received and adopted.

The election of officers was proceeded with, with the following result:

Hon. President—T. E. Bradburn, M.P.P.
President—D. Hughes Charles.
1st Vice-Pres.—Alex. Elliott.
2nd Vice-Pres.—E. M. Elliott.
Directors — J. M. Brooks, K. Eardley-Wilmot, Robt. Fair, G. W. Fitzgerald, G. H. Garbutt, R. Hicks, Wm. Irwin, R. J. Munro.
Secretary — F. J. Hall, re-elected.
Hon. Members — Senator Cox, R. R. Hall, M.P., J. Finlay, M.P., Wm. Anderson, M.P.P., Mayor of the city, Warden of the County, R. F. McWilliams, E. F. Mason, J. W. Flavelle, R. A. Morrow, H. Waddell, Robert Stuart, R. E. Wood, Frank Adams, Rev. E. A. Langfeldt, Rev. Father McColl, Rev. Father Fitzpatrick and Rev. Father Phelan.

Entertained Young Friends

Miss Beatrice Dutton pleasantly entertained a large number of friends at her home, London street, last night. The evening was a most enjoyable one. Progressive euchre and dancing were indulged in, and the time passed most pleasantly. Miss Dutton's hospitality was much appreciated.

Good Taste in Stationery.

The interest good taste of a letter writer is always appreciated. A good writing paper is essential and should appear stylish in colour and finish. It is easy to get the best without paying an excessive price. The Peterborough Bookstore can be relied upon for the most correct writing paper in vogue. Ask to see any quality and shape you like. A. H. Stratton & Co.

Freeman Is Out On Bail Of $300

Warsaw Man Charged With Stealing Wood Will Appear on Monday.

Henry Freeman, who was arrested yesterday at Warsaw, by Constable Cochrane, on a charge of stealing two cords of wood from John Payne, appeared before County Magistrate Edmison last night, and was allowed out on $300 bail, on the surety of J. Crowe of Dummer.

He will appear on Monday morning at ten o'clock. Mr. F. D. Kerr is defending the prisoner, and Mr. R. E. Wood is appearing for the Crown. The witnesses have all been subpoenaed. The case seems to have arisen over a misunderstanding between the two parties as to the ownership of some wood.

Installation Was Postponed

Pontypool Lodge I.O.O.F. Ceremony Will Not Take Place Until Friday Night.

The installation of the officers of Pontypool Lodge, I.O.O.F., which was to have taken place to-night, has been postponed until next Friday night, owing to the fact that D.D.G.M. Warde Patterson of Havelock, was unable to be present.

It has been a busy week for the Oddfellows, and the District Deputy has his work cut out for him in attending the different installations.

Former Resident Dead In Toronto

Mrs. (Rev.) Wilkinson Passed Away on Wednesday Last.

The death occurred in Toronto on Wednesday, at the residence of her son-in-law, Mr. H. A. Lash, 238 Macpherson avenue, of Mrs. (Rev.) Wilkinson, of Midland, formerly of this city.

The deceased, who was 66 years of age, resided at 543 George street, for a number of years, and was highly respected by all who knew her. The funeral will take place at Midland.

Manitoba Farmer Will Reside Here

Another instance of the prosperity attached to the farming industry in Manitoba, is represented by the success which Mr. W. H. Lee has met with at Melita, Manitoba.

Mr. Lee originally came from Bethany, Manvers Township, and left for the west about 23 years ago where he has since lived.

By his marked success and progressiveness in the financial line he has been able to retire from labour after recently selling his splendid farm in Manitoba for $8,000.

Mr. Lee is in this city now and in all probability will reside here in the future.

Annual Re-union Men's Bible Class St. John's Church

Young Men Entertained at Home of Mr. Dennistoun—Pleasing Programme of Songs and Stories—Games Were Played Rev. Canon Davidson Addressed the Company--Eulogy for the Host and Hostess,—Recitations and Readings.

MOST ENJOYABLE EVENING WAS SPENT

The annual re-union of the Men's Bible Class, and of the St. John's Chapter of the Brotherhood of St. Andrew, took place at the pleasant home of the Bible class leader, R. M. Dennistoun, Esq., last evening.

The young men who composed the above organization commenced to gather about 8 p.m., and a very pleasing programme almost immediately commenced. After several choruses by the company, Mr. N. A. Howard-Moore sang, "Sailing." Mr. Jack Hogan sang "Blue Bells," those present joining in both choruses. Mr. Tom Dawson sang "Admiral Tom." Mr. Mat. Drysdale then gave an exhibition of club-swinging. Mr. Chas. Goodacre favoured the company with a story.

Mrs. Dennistoun's "Musical Proverbs," constituted a very pleasing part of the programme, after which the party enjoyed a number of games.

Mr. Moore again sang a solo, "Jesus, Lover of My Soul."

Rev. Canon Davidson then gave a very interesting address on the need of young men to come forward and offer themselves for the church's work. He spoke of the stimulating effect of the church upon the young. He was satisfied to say that the future of the church was safe in the hands of such a class of young men as were in the present company.

The party then partook of refreshments which, as usual, were much enjoyed, after which Mr. Thos. Dawson sang "Sing Me to Sleep;" a reading, "How Jinks Joined the Oddfellows," was appreciated. Mr. A. E. Walker then sang a solo. Some interesting stories were told by a number of those present. Mr. E. Ducelt in reply to an encore, gave "A Face on the Floor." A solo, admirably sung, by Mr. Dennistoun, with chorus, followed. Chorus, "The Soldiers of the King," club-swinging, by Mr. Matt. Drysdale.

At this point Mr. W. Harold Cluxton, Mr. Chas. Goodacre and Rev. Canon Davidson, spoke in eulogistic terms of the services of Mr. Dennistoun as leader of the Bible class. He had taught the class for ten years, excepting one year, when Mr. Cluxton had relieved him. There were about 45 young men in the class.

Mrs. Dennistoun was also thanked for her kindness in entertaining the class last evening.

Mr. Dennistoun replied thanking the young men for their kind words. Then he went into the history of the class since he took charge in 1896.

Mr. H. Francis Fergusson, assistant organist of St. Paul's Cathedral, Buffalo, who is acting choirmaster at St. John's church, for January, gave a piano solo, "Menuto, et Finale from Sonata, op. 3, No. 1, Beethoven," after which the company broke up, singing "Auld Lang Syne," and "God Save the King," and "For He's a Jolly Good Fellow." Thus ended the most enjoyable of all past annuals of this large and popular Bible class.

CANADONIANS "AS WE SEE 'EM."

St. Paul's Choir Concert Much Appreciated

Millbrook Mirror Refers in Complimentary Terms to the Concert Given in That Town by Local Musical Organization—Was One of Most Delightful Events in History of Millbrook—Many Kind Words for Leader and Choir.

THEIR WORK WAS HIGHLY COMMENDED

The Millbrook Mirror, referring to the concert given in that town by the choir of St. Paul's Presbyterian Church on Tuesday, says:

The sacred concert held under the auspices of the Millbrook Presbyterian church on Tuesday evening last, was one of the most delightful events the people of this town and vicinity have ever had the privilege of attending.

The weather was anything but favourable yet a large number braved the tempest, and were well rewarded for their special effort to attend.

St. Paul's church choir of Peterborough, consisting of thirty-two magnificent and well-trained voices, had kindly offered to come and give the programme, and notwithstanding the very inclement weather they did not disappoint those who had come to hear them. The choir with their efficient leader, Mr. John Crane, and a number of friends, came by special train, and their visit to our pretty town will no doubt be long remembered by them.

The programme consisted of sacred numbers, and opened by the choir and audience singing the Doxology, which was followed by prayer by the pastor, Rev. W. Johnston, and "The Lord's Prayer," chanted by the choir, Mr. Pym playing the accompaniment. This part of the programme was most impressive and beautiful.

A copy of the programme as rendered is printed, and, commenting on it, the Mirror says:

The solos taken by Messrs. McHroy and Dawson and the Misses Davies and Moore were certainly very creditable. Especially did Miss Davies' rich and clear voice appeal to the audience in her brilliant rendering of her beautiful selection. "I'm a Pilgrim," and in the solo part in the famous "Glory Song." Miss Moore's delightful voice was perhaps heard to best advantage in her clever rendition of the solo part in that inspiring number, "The Birthday of a King."

Words fail to express the appreciation of our citizens and particularly the Presbyterian congregation and pastor feel towards St. Paul's choir, and its splendid leader, for such a delightful evening, and we hope that they will favour us with another visit at no distant date, when they would be greeted by a much larger but not a more appreciative audience, than was present on Tuesday evening.

The Reporter of that town also refers to the concert in the following terms:

The sacred concert given in the Presbyterian church on Tuesday evening last by St. Paul's choir, of Peterborough, was well attended, considering that the storm no doubt kept many of the country people from being present. The programme given was well rendered, each individual one taking their part nobly, and if they ever return to Millbrook again they will be greeted with a full house.

Successful Year Bensfort Factory

An Instructive Address by Mr. R. A. Ward.

Bensfort, Jan. 17th. — The annual meeting of the Bensfort cheese factory for the year 1905, was held on Friday, December 8th, almost all the patrons being present. That the season's business was conducted satisfactorily was proved by the fact that all the officers were re-elected.

After the usual business was disposed of a very interesting and instructive address was given by Mr. Ward, which was much enjoyed by all. After having tendered a vote of thanks to Mr. Ward, the patrons received their cheques and statements from the treasurer, Mr. J. Riddell, and the meeting adjourned.

The following is a report of the business done during 1905:

Lbs. of milk received, 1,642,497.
Lbs. cheese manufactured, 152,283.
Average per lb., 10.78.
Proceeds from sales, $16 123 54.
Interest, $66.60.
Whey, $328.48.
Total, $16,518.62.
Amount in bank, $9,305.09.
Amount of money, in interest, $66.60.
Amount of money on whey, $328.48.
Total, $9,700.77.
Balance due patrons, and officers, $9,700.51.
Surplus, 26 cents.

Was Elected Vice-President

Mr. John E. Belcher has been in Toronto attending the annual convention of the Canadian Architects, which was held in that city this week. Mr. Belcher was elected second vice-President of the organization.

Charlotte St. Sunday School Had Good Year

Annual Meeting Was Held Last Night When the Reports for the Year Were Presented and the Officers Elected—Offerings for the Year Were Satisfactory—R. J. Kidd Was Re-elected Superintendent — Attendance for Year Was Good.

A SUCCESSFUL YEAR'S RECORD

Charlotte Street Sunday School held its annual meeting last night in the schoolroom, when a large number of the members were present to hear the reports presented by secretary-treasurer, and to enter into the discussion of important matters.

The Sunday School room was remodelled last November, and presented a very bright and attractive appearance, which the superintendent was pleased to remark, had increased the attendance considerably.

After prayer was offered by Rev. W. J. Jolliffe, who acted as chairman, the minutes of the last meeting were read by the secretary, Mr. Percy Hamilton, and adopted.

Mr. R. J. Kidd, the superintendent, then addressed the meeting, remarking that since the schoolroom was enlarged there was a marked increase in attendance which justified the taking of that step. Since the activity and interest were noticeable there was a very good reason for extra expenditure, and he thought all would realize that the money was spent correctly. One thing, he said, was gratifying, and that was the increase in membership which was due to the kind help of his co-workers and friends.

The treasurer's report was then received and adopted.

Election of Officers.

The election of officers and committees took place as follows:

Superintendent, Mr. R. J. Kidd.

Assistant Superintendents, Dr. Morrison and Mr. G. J. Tovey.

Secretary-Treasurer — Mr. Percy Hamilton.

Assistant Secretary, Mr. R. Gardner.

Librarian, Mr. W. H. Hamilton.

Assistant Librarians, Mr. F. Sandy, Mr. W. Elliott.

Pianist, Miss Campbell.

Teachers—Mr. I. Richardson, Mrs. Kilgour, Dr. Morrison, Mrs. Hamilton, Miss E. Jolliffe, Mr. Tovey, Mr. Dawe, Mr. J. Goodwin, Mrs. Cunningham, Mr. Cunningham, Mr. Galbraith, Mr. Berry, Mrs. Darke, Mrs. Morrow, Miss Anderson, Miss Morrow, Mr. Prest, Mrs. Kidd, Miss F. Wilson, Mrs. Jackson, Miss M. Wilson, Mrs. Lytle, Miss A. Collins, Miss Corbman, Mr. Anderson, Miss Thomas, Miss Campbell, Mrs. H. P. Kennedy, Miss Coe, Mrs. Carver, Miss Stuart, Miss Elliot, Miss Moore, Miss Collins, Miss Lee.

Reserve Teachers—Dr. Neal, Mr. Byrd, Miss M. Emmerson.

Visitors' Registration Committee—Mr. Goodwin, chairman, Miss Collins, Miss Thomas, Mrs. H. P. Kennedy.

Lookout Committee—Mr. Prest, chairman; Miss Wilson, Miss Collins, Mrs. Cunningham, Miss Stenton, Mrs. Kidd.

Orchestra Committee—Mr. Gardner, chairman; Mr. Tovey, Mr. Goodwin, Miss Campbell.

Temperance Committee—Mr. Goodwin, chairman, Miss Collins, Miss Thomas, Mrs. H. P. Kennedy.

Missionary Committee—Mrs. Kilgour, chairman; Mrs. Carver, Mr. Dawe.

The following is the financial statement for 1905, presented by the treasurer:

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

Edward Wall Is Recovering

A letter has been received from Toronto in which some information with reference to the condition of Edward Wall, whose unfortunate mistake was recorded a few days ago. The letter states that young Wall is steadily improving, and that he will in a short time have fully recovered. It appears, too, that the Globe's account of the cause of his illness is not correct. He had been suffering from a cold and had a bottle of cough medicine in his pocket, from which he took frequent doses. A friend of his had a bottle of liniment in his pocket, and in boyish fun they changed coats. This circumstance was forgotten by young Wall, who, deciding to take some cough medicine, put his hand in the pocket of the coat he was for the time wearing, which happened to be his friend's, and took a draught of what proved to be liniment, with the result that he was severely burned. This, the letter says, is the correct version of the accident.

$2 And Costs Was The Fine

Louisa Howell Had to Pay That Amount for Her "Howell-ing."

At the police court yesterday afternoon, Louisa Howell, whose case was enlarged from the morning, was fined $2 and cost for being drunk and disorderly. She had just completed a six months' sentence a short time ago and when she was granted her liberty came to town and began to make merry at once. She did so, however, in a rather too boisterous manner and as a result was permitted to think the matter over in barred solitude.

P. C. Stewart, who made the arrest, testified that she had been conducting herself in a very unseemly manner on George street, when he first saw her, and told her she had better go home, but she refused and he was forced to arrest her on the market platform at which place she was acting in a very unladylike manner and filled the night air with a dense blue fog of profanity.

When the accused had her turn to speak she told the court some really interesting things concerning the liberties a stranger had taken to occupy the house during her absence. She also told of her many trials and tribulations she had suffered in life.

The magistrate thought that another trial and tribulation was the best thing for her and accordingly imposed a fine of $2 and costs.

Jessie Arries And Hobbins Are In Trouble

The Mail and Empire of a recent date says:

"Corp. Rogers, R.C.D., and an escort of two men, handed over to the safe keeping of Governor Van Zant of the jail, Private Jos. H. Hobbins and Jesse Airres, for the period of 42 and 28 days respectively. These two men were tried on Monday by court martial for insubordination, convicted, and sentenced for the periods named."

These two men, both of whom are known here are members of the Canadian Dragoons, Toronto, and have been apparently misbehaving themselves. It will be remembered that Jesse Airres was the man accused of attempted highway robbery, and Hobbins was arrested here as a deserter, and also for robbery.

EIGHTEEN MINERS KILLED.

Explosion in a West Virginia Coal Mine—Tons of Wreckage Hurled From Mouth of the Mine.

Charleston, W. Va., Jan. 19.—Eighteen men are believed to have been killed by a terrific explosion in one of the mines of the Detroit & Kanawha Coal Co. at Detroit, on Paint Creek, this county, twenty-five miles from here.

That more men were not in the mine at the time of the explosion was due to the fact that almost all of the day men were eating their dinners on the outside. The explosion occurred at 12.30.

Had it been either before or after the noon hour hundreds of men would have been killed. The force of the explosion was so great that the hills trembled. Tons of wreckage and debris were hurled from the mouth of the mine, blocking the entrance and making the work of rescue difficult.

The first rescue party, consisting of fifteen men, entered the mine at 5.30 o'clock. The first body reached was that of G. P. Neal, which was discovered 150 yards from the entrance.

Mothers, wives, children and friends of the entombed miners are crowded about the mouth of the pit, declaring they will not leave until they know the fate of the unfortunate men. The explosion is believed to have been caused by a blast igniting the dust which has accumulated in the mine.

Boy Killed by Trolley Car.

Toronto, Jan. 19.—Arthur Rainer, the seven-year-old son of Charles H. Rainer, a street car conductor, who lives at 27 Brookline avenue, was terribly mangled by a trolley car at Queen and Morse street, shortly after 8 o'clock yesterday morning, receiving injuries from which he died at St. Michael's Hospital about two hours later. The boy was on his way to St. Mary's Separate School, on Bolton avenue, when he was struck by the car. There will be an inquest.

His Skull Crushed.

Niagara Falls, Jan. 19.—While a number of men were at work on an elevated flooring at the transformer station of the Toronto & Niagara Power Co., George Steele fell through the scaffolding 35 feet to the concrete floor below, and had his head so badly crushed that the physicians have no hope of his recovery.

Belated News of Accident.

Winnipeg, Jan. 19.—Word has just been received here by courier that several men were badly injured by an explosion of an old cannon at the Hudson Bay fort on Cumberland Lake during the firing of a salute on New Year's Day.

Two Children Cremated.

Nelson, B. C., Jan. 19.—Fire in the residence of Henri Bourgeois at 3.15 Wednesday evening resulted in the death and burning of Bourgeois' two little boys, aged 15 and 4 months.

Feet Taken Off.

Newboro, Jan. 19.—John Pierce, a farmer near here, had his foot taken off in a horse-power machine Wednesday.

FROM THE WRONG PATH.

"God's Blockade on the Road to Hell," Subject Handled by Dr. Torrey—2,000 Excursionists.

Toronto, Jan. 15.—Commencing next Monday, Dr. Torrey will address two meetings each evening at Massey Hall. Outside throngs filled Massey Hall to overflowing at two meetings yesterday. Excursions were run from London, Barrie, Guelph, Trenton and Woodstock. Fully 2,000 came by special train.

At the afternoon service the subject was "The Influence of the Holy Spirit." The evangelist went into the great joy and richness and experience that was imparted to those who had the Spirit springing up in them like a well of water unto everlasting life.

"God's Blockade on the Road to Hell" was the subject of a very pointed address in the evening.

God placed many influences in man's way to draw him out of the wrong path. The Bible was perhaps the greatest of these. Mother's influence and teaching, and mother's prayers had brought back many a wanderer from the fold. Sermons had also a great influence in showing men their lost estate, and teaching them the way eternal.

Prudential circumstances could be cited on every hand where men would have been plunged to hell had not some slight happening interfered and brought them to themselves.

Kindly words and actions on the part of Christian people would redeem thousands of wrecked lives.

Forty persons came to the front in response to the doctor's invitation.

THE BEST IS CHEAPEST

"Solution of Ozone (the coupon kind) is the purest and best form in which Ozone is put up. Each bottle of it contains a coupon entitling you to a package of "Celery King", the well known laxative which should always be used with Ozone.

By buying "Solution of Ozone (the coupon kind)" you get Ozone in its most efficient form and you get about twice as much of it for your money as of other brands. You also get the package of "Celery King" without charge.

No other brand of Ozone offers this advantage because no other firm can give you the "Celery King." This is the only way to procure the full value of your Ozone purchase

"Solution of Ozone (the coupon kind)" is fifty cents and one dollar at your druggists, and if he hasn't it the Public Drug Co., Bridgeburg Ont., will see that you are supplied. Sold by W. B. WARNE. 12

SETTLED THE DISPUTE.

C. P. R. and G. T. R. Will Keep Wide Apart in Running Lines From Saskatoon to Edmonton.

Montreal, Jan. 19.—It transpires that, an important adjustment of difficulties, between the Canadian Pacific and Grand Trunk Pacific railways has been reached this week as the result of conferences at Ottawa between the Government and Mr. William Whyte, the second vice-president of the C. P. R., and Manager Morse of the G. T. P.

The trouble caused by the location of the G. T. P. only a few miles from the C. P. R., which became acute at the end of last summer, is over. The two companies drove stakes on practically an identical route from Saskatoon to Edmonton, which promised fruitful litigation for the lawyers.

Mr. Whyte has been in Montreal for some time, and Mr. Morse has been in the west. On Monday both went to Ottawa, and chiefly, it is said, by the tactful methods of Government Engineer Schreiber, the contentions of both sides were amicably adjusted, and the new routes will be far enough apart to ensure sufficient competition in the public interest, and plenty of business for both lines.

The C. P. R., it is understood had taken strong action inimical to the rival corporation by withdrawing from sale all their lands contiguous to the G. T. P. route so as to prejudice in Canada and in England the prosperity of the line. This retaliatory measure will now be itself withdrawn.

C. P. R. TO RESCUE.

Big Railway Moves to Protect Employes From Extortion.

Winnipeg, Jan. 19.—The campaign against the loan companies in Winnipeg took a new turn yesterday when the C. P. R. issued orders to Tolman & Co., an American loan company, which has been operating on a large scale in Winnipeg, that it will no longer honor assignments of wages of their employes in Tolman's favor, and employes who take loans from them will be in danger of dismissal.

Tolman & Co. are said to charge anywhere from 100 to 400 per cent. interest.

The move by the corporation is to protect their employes.

Money Lenders In the Toils.

Toronto, Jan. 18.—The case against Anderson & Co., money lenders, charged with demanding extortionate rates of interest, was commenced in the Police Court yesterday. Instances of high rates paid were given. One woman had borrowed $10. She paid it back in two monthly instalments of $7.10. The same party borrowed $16 and gave a chattel mortgage as security and pair $22.80, six monthly payments of $3.80 each. One man made a loan of $50. In nine months he paid back $78.75, and also gave a chattel mortgage and made an assignment of his salary. He claimed he understood he was to pay at the rate of 10 per cent. per annum. Another borrowed $25. He paid it back in six monthly instalments. The interest was $10.40. A woman needed $30. She borrowed for a year. The interest amounted to $31, although she paid it back in twelve monthly instalments. One woman made four loans, amounting to $144. She has already paid $189, and still owes $91.35. The case will be continued on Monday.

For C. N. R. Connection.

Fort Frances, Jan 19.—Notice has been received by the Town of Fort Frances that application will be made at the next session of Parliament for the right to construct a railway and passage bridge across the Rainy River above Fort Frances. This means that the Duluth, Rainy River & Winnipeg Railway is seeking legislation to enter Fort Frances from the south to connect with the Canadian Northern.

Marriage Age In Manitoba.

Winnipeg, Jan. 19.—A marriage license recently reached the Department of Agriculture from a Galician settlement, which gave the ages of both contracting parties as only twelve years, and as a result the Legislature yesterday afternoon passed a bill amending the marriage laws so that no one can marry under twelve, and up to the age of eighteen years the consent of the parents must be received.

Girl Had Taken Poison.

London, Jan. 1.—When Mrs. McCrakery, the keeper of a boarding-house at 424 Park avenue, broke open the door of a room occupied by her sister, May Field, she found the latter dead with a bottle of carbolic acid lying beside her. The girl had not been seen since Wednesday night and had evidently gone to bed and taken the poison. She was of a melancholy disposition.

Try to Free Prisoner.

Tamworth, Jan. 19.—Two unknown men broke the bars of the Tamworth lock-up and tried to free Tommy Newport, who is awaiting trial for the attempted murder of Joseph Ladd, but fled on hearing a noise. Newport has been taken to Napanee.

Building Trades For Peace.

Chicago, Jan. 19.—The first move of the Building Trades Unions in 1906 was for peace. The Steam Fitters Wednesday joined their employers in arranging a friendly basis of wages and conditions during three years.

Montcalm Runs On the Ice.

Quebec, Jan. 19.—After several hours of exciting experience with the ice just above the Chaudiere, the Government steamer Montcalm returned to Quebec early yesterday morning. The vessel had a trying time of it, but sustained no damage whatever. In ramming the ice just west of the Quebec bridge, the Montcalm ran up on the ice, so strong was it that it carried her full weight.

Police Commissioner Dismissed.

Buffalo, N. Y., Jan. 19.—Mayor Adam has requested the resignation of Police Commissioner Wm. D. Doherty.

FRANCE PREPARING.

Will Make Naval Demonstration Soon Against Venezuela.

Paris, Jan. 19.—Official confirmation of Venezuela's acrimonious treatment of M. Taigny, the retiring French charge d'affaires at Caracas, has reached the Foreign Office. The Government immediately decided to adopt the most energetic measures to obtain satisfaction. It is understood that a naval demonstration is under preparation, the division of the French warships recently assembled in the vicinity of Venezuelan waters being utilized for that purpose. A diplomat said yesterday that President Castro's action amounted to an act of hostility. Such an act could not remain unchastized, and France, the diplomat added, will have the support of the whole world in demanding and obtaining proper satisfaction, even should armed intervention prove necessary.

The cable company's officials received confirmation yesterday of the reports that their managers at Caracas and La Guaira have been expelled from Venezuela.

M. Maubouguret, the Venezuelan charge d'affaires here has received an intimation to leave French territory.

A telegram from L'Orient, the French war port in Brittany, announces that the cruisers Jean Bart and Chesselup-Loubat, are preparing to join the French division cruising in the vicinity of Venezuelan waters.

Congratulations.

Paris, Jan. 19.—President-elect Fallieres was yesterday overwhelmed with telegrams of congratulation from rulers, foreign statesmen and his colleagues.

An Alien Labor Case.

Toronto, Jan. 19.—H. Holman Evans, manager of the Union Life Insurance Co. was yesterday charged in the Police Court with having brought Albert Fockes, an industrial insurance expert from the United States in contravention of the alien labor law. T. C. Robinette, his counsel, pleaded that it did not come within the law. A week's remand was granted.

Steamboat Man Dies.

Kingston, Jan. 19.—C. F. Gildersleeve, steamboat manager, died yesterday morning at 1 o'clock. He had been ill for two weeks. Mr. Gildersleeve was born here in 1833, studied for the law, but later succeeded his father and brother in steamboat activities, the company they originated being the oldest on the continent. His father aided in building the Frontenac, the first steamer on Lake Ontario. Deceased was from 1894 to 1904 the general manager of the Richelieu & Ontario Navigation Co. He was an ex-mayor, an Anglican and a Liberal. A wife and two children survive.

Suits For Overcrowding Cars.

Chicago, Jan. 19.—Suits were filed by the City of Chicago yesterday in the circuit court against the Union Traction Co., for $1,500,000, and the Chicago City Railway Co., for $500,000, for alleged violations of city ordinances. The actions are based solely on the overcrowding of cars in December. There are 15,000 cases against the Union Traction Co. and 5,000 cases against the City Railway Co.

Against Departmental Stores.

Montreal, Jan. 19.—At the annual meeting of the Canadian Grocers' Association week after next, a determined effort will be made to get the wholesale grocers to combine to refuse sales to the department stores. The retailers state that their business has been more seriously affected than any other by the departmental competition because of the staple line of goods they have to handle. The movement is headed by the Toronto and Hamilton Grocers' Guilds and strongly supported by Montreal retailers.

To Enliven The Liver

KIDNEYS AND BOWELS—TO PREVENT DISEASE BY CLEANSING THE SYSTEM—YOU MUST USE

DR. CHASE'S KIDNEY-LIVER PILLS

There's need in every home for a medicine that will promptly cure biliousness, kidney derangements and constipation.

A medicine that by cleansing the filtering and excretory organs will remove all poisonous waste matter, and by so doing prevent fevers, colds and such deadly diseases as dropsy, diabetes and Bright's disease.

No medicine satisfies this need so well as Dr. Chase's Kidney-Liver Pills.

This is no idle boast, but an absolute fact that is backed up by the testimony of a hundred thousand homes.

The reputation of Dr. A. W. Chase as author and physician is the guarantee which first made this great medicine popular.

Now it stands on its record of cures—a record which has seldom, if ever, been paralleled in the history of medicine.

As a treatment for backaches, headaches, indigestion, aching limbs, liver derangements, kidney disorders and constipation, Dr. Chase's Kidney-Liver Pills are prompt, thorough and effective.

Once their merit is tested they are kept in the house and relied on in cases of emergency. By keeping the liver active and the bowels regular they positively prevent serious disease.

Mrs. Geo. Lawson, Consecon, Ont., writes:—

"Dr. Chase's Kidney-Liver Pills made a well woman of me, completely curing me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me and for the remarkable cure of my husband by the use of Dr. Chase's Nerve Food."

One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. Dr. Chase's Backache Plaster promptly eradicates pain and may be used on any part of the body.

VISUAL REFRACTION.

It seems to be the misfortune of Conservatives in Canada to allow their lack of enterprise, or their desire to exercise party opposition, to take the wrong view of public questions. The Conservative Opposition in Ontario placed themselves on record as opposing many proposals of the Liberal Government, which reason, at the time, not only justified, but which practical after experience has vindicated. Opposition was made to the concession which was the beginning of one of the greatest single industries in Canada, now in existence and operation, at Sault Ste. Marie. The Opposition declared their hostility to the proposal of the Ross Government to assist the re-opening of these enterprises, by guaranteeing a loan of two millions, which has had a most valuable effect, and which did not, and will not, cost the province a cent beyond the expense of the necessary legislation, which was made unnecessarily great by the carping opposition which prolonged the debate. The Succession Duties Act was opposed, a measure that bids fair to be worth a revenue of a million a year.

The Forestry Convention held at Ottawa, last week, as pointed out by the Winnipeg Free Press, which was called together by a letter sent out by Sir Wilfrid Laurier, a couple of months ago, has afforded convincing proof that the Dominion is aroused to the importance of the conservation of the Canadian national heritage of forest resources, the no less importance of systematic Government action in the matter of tree planting, and, in a word, all that is included in the carrying out of a scientific, progressive forestry policy. As the people of Western Canada do not need to be informed, it was by Hon. Clifford Sifton, as Minister of the Interior, that the initiative was taken, and an energetic policy inaugurated in regard to tree culture and forest preservation. Not only was there nothing done in this regard under the Conservative regime at Ottawa, but the Conservative Government even destroyed what the Liberals had done, by repealing the Forest Tree Culture Act, which had been passed in 1876 by the Mackenzie Government. Mr. Sifton had in 1891 to carry his forestry policy through the House in face of the bitter opposition of the leading Conservatives. Mr. Clancy of Bothwell, Mr. Wilson, of Lennox, Dr. Sproule and Mr. Monk all made speeches against it. But light has come since to Mr. Borden, leader of the Conservative Opposition, whose address at the recent Forestry Convention, if not expressing the fact specifically, was tantamount to an endorsation of Mr. Sifton's policy, in establishing a Bureau of Forestry, which is perhaps surpassed in importance by few other government activities. Effective re-forestration, and general tree-planting, will change the face of the country and tend to restore the equable climatic conditions accompanying general destribution of forest growth. The original forest constituted reservoirs in which water was partially retained, to flow out gradually, to feed the streams that once abounded in Ontario, but now are half the year dry beds, from which the water from melting snows and spring and autumn rains, flows with a wasteful rush.

It is not to be argued that Conservatives are unpatriotic, and knowingly opposed to progress, but there seems to be a tremendous deal of visual refraction when they regard the actions, or policy, of their political opponents through party glasses, as is exemplified by the partial suggestion of instances cited above, which might be considerably multiplied.

EDITORIAL NOTES.

Chamberlain's victory in the elections is the genuine thing though it is of the Brummagem variety.

Rev. Dr. Torrey, the evangelist, now filling an engagement in Toronto, preaches literal, actual hell-fire. He certainly does not lay himself open to be misunderstood. He does not, as an ambassador, employ much diplomatic reserve in his statements.

When the Toronto News reflects on the alleged influence of one small boat like the Minnie M. it utterly fails, says the Toronto Star, to see how the Balfour Government, with a strong navy at its back, and surrounded by large bodies of water, could be so badly beaten.

Sir Wilfrid Laurier is cultivating a green old age. He certainly shows no signs of mental decrepitude, and contrary to what his political enemies have to say of his failing physical strength he shows no signs of bodily decrepitude. He is going to Toronto to attend a wedding and to take part in two banquets.

The triumph of Mr. Chamberlain in his own riding and in the Birmingham district, is a striking tribute to his personal influence. The result cannot be well attributed to the favour with which his fiscal policy is regarded, for that policy in other parts of Great Britain has been submerged under a great wave of hostile ballots.

Chancellor Boyd, on Monday, imposed fines totalling $10,000 upon a big batch of Toronto plumbers, who pleaded guilty of conspiracy at the Assizes—the fines averaging about $300 each. That's not quite so severe as three months for manslaughter. Give the "soaked" Toronto plumbers a good cold snap that will smash enough water pies, and they will easily recoup themselves with interest.

To Arrange For The Excursion

A meeting of representatives from the Farmers' Institutes of East and West Peterborough, and East Durham, will be held at the Munro House on Saturday, Feb. 3rd, to arrange for the annual excursion to Guelph, in June next.

Peculiar Letter On Interesting Subject

A Correspondent Discusses Some Matrimonial Questions—Should a Young Man Getting $16 a Week Marry? The Experiences of a Man Who Says a Woman Who Cannot Get Along With That Should Go Back to the Woods—One Man Would Like to go to Jail if He Could Be Single Again.

A letter with which is connected an interesting little bit of history was handed into this office for publication to-day. The letter itself is as follows:—

Editor Examiner:—Any married woman who can't get along with $16 per week should go back to the woods. In fact, she's not worth having. I have had nearly four years of married life, and I think I would go to jail for five years and work at hard labour if I could be made single as I was four years ago. I got a fairly good salary and I could not make both ends meet. Now I am in business for myself, and it is still worse.

I have noticed often when my wife goes to buy the baby a pair of shoes, and if I give her a $5 bill I don't see anything of it. She will buy everything she lays her eyes on. I don't keep any books in my business, and in fact I don't know really how much I make every week. That is, I don't figure it down to a dollar, and I am aware a good sum of my money is spent for foolishness. In my case it would be very hard to get along on $16 per week. My wife was always considered pretty by some. I had kept her company five years before I married her, but I could not judge her, and was told that she was all right, but I have made a mistake. So, Young Bachelor, beware, as you might make the same mistake. Stay a young and an old bachelor and be happy.

"An Unfortunate."

The explanation to the letter and the reason for the request for its publication as given by the person who handed it in is that two men, one married, the other single, were discussing the question of matrimony, and in the course of the conversation the single man remarked that he could not afford to take a wife, stating as a reason the fact that his salary was only $16 per week, which, in his opinion was not enough to warrant him in entering upon the blissful state.

His friend, speaking in generalities was strongly of the opinion that a salary of $16 a week was sufficient for a young man to marry on, but it would be necessary to get a wife who would be economical. Unfortunately his wife was not so endowed, but the conversation impressed him so that he wrote the letter which appears above, and which was, as was stated, handed in for publication.

This letter leads up to a most interesting question, viz.,—"Why it is that the young people of to-day do not marry as early in life as their fathers did?" Statistics for this city show that while there was an increase in population last year, there were fewer marriages than in 1904.

The Examiner believes that this is a question to which some thought may well be given, and with this in view, invites communications, which should be brief and to the point—preferably post card length — on the matter. Some questions which might be answered in the letters are: Why do the young people of to-day not marry? Is a young man warranted in asking a young woman to marry him on a salary of $16 per week? Is it true that the young women of to-day are too particular, and that they do not care to marry a young man until he can offer her a luxurious home? These are all questions which have suggested themselves by the above letter and the conversation which inspired it and the Examiner's readers are invited to express their views on the matter. Young men and young women, whose opinions will necessarily be theoretical on some of the questions, as well as those who are able to speak from experience are asked to contribute to the discussion.
